# PREFACE

## THE CONTINUOUS REVISION PROGRAM

Florida long followed the practice of publishing the entire body of general law in force after each regular biennial legislative session. With the advent of annual sessions following the adoption of the Florida Constitution as revised in 1968, this practice was necessarily altered. Thereafter, the *Florida Statutes* has been published biennially following each odd-year regular session, and a Supplement is published following each even-year regular session. The Supplement contains the full text of each section amended or added during that session, together with the catchlines of sections repealed or transferred or otherwise affected. Despite this change in practice, the principal advantage of the Florida system remains: It provides an up-to-date, authoritative statement of the general law for use by practitioners, judges, legislators, and other interested persons. The following paragraphs identify and explain the principal attributes and consequences of the Florida program that should be of interest to all who use the *Florida Statutes*.

**Biennial adoption of the Florida Statutes.**—A vitally important part of the continuous statutory revision program is the enactment of the biennial adoption act during each odd-year regular session. This act amends ss. 11.2421, 11.2422, 11.2424, and 11.2425. It prospectively adopts as an official document the edition of the *Florida Statutes* to be published following that session. Perhaps more important, it adopts as the official statute law of the state those portions of that edition that are carried forward from the preceding regular edition.

As a result of the biennial adoption act, together with the standing provision of s. 11.242(5)(c) directing that the laws of a general and permanent nature enacted during the current session be meshed into the standing law and published as part of the *Florida Statutes*, each regular edition of the *Florida Statutes* contains matter having different evidential consequences: The portions carried forward from the preceding regular edition are the official law of the state and therefore constitute the best evidence of what the law is. The portions resulting from sessions occurring subsequent to the preceding odd-year regular session (i.e., the preceding even-year session, the current odd-year session, and any special sessions) are made prima facie evidence of the law in all courts of the state. Of course, during the period a provision is characterized as prima facie evidence, the enrolled act stands as the best evidence of the law as to the matter dealt with and would prevail in event of conflict.

**Some consequences.**—The Florida continuous statutory revision system has some significant consequences. For one, the task of the statutory researcher is greatly simplified in that he need examine only the current edition of the *Florida Statutes*, including the Supplement, if any, and the session law volumes for the period since publication of the preceding regular edition. Any law of a "general and permanent nature" enacted prior to that time which does not appear in the current edition stands repealed, both by the logic of the system and by the operation of s. 11.2422. See *National Bank of Jacksonville v. Williams*, 38 Fla. 305, 20 So. 931 (1896).

Another beneficial result of the Florida system is that the biennial adoption of the *Florida Statutes* is viewed as curing title defects that existed in the act as originally passed. See *State v. Lee*, 22 So.2d 804 (Fla. 1945). Thus, general legislation remains susceptible to attack on this ground only during the period between its original enactment and its subsequent adoption as the official law of the state two years or three years later, depending upon whether the original enactment occurred in an odd or even year.

**Construction of acts enacted during the same session.**—It occasionally happens that the Legislature enacts two or more bills that relate to the same provision of the *Florida Statutes*. In such cases, the editors must find the legislative intent from the best evidence available. When the provisions of two amendatory acts are not mutually inconsistent, the language is meshed and full effect is given to both acts. On the other hand, when the provisions of two amendatory statutes are in irreconcilable conflict, the editors apply the usual canons of statutory construction in determining which version to publish, inserting a note calling attention to the conflict and setting forth the alternative text pending resolution of the conflict by further legislative action. See also s. 1.04, F.S.

When an act purports to amend a section of the *Florida Statutes* which an earlier act has repealed, the course to be followed depends on whether the substance of the amendatory act makes sense standing alone. If it does not, it is omitted along with the repealed provision; if it does make sense standing alone, the amended or added portion of the amendatory act is published as a new enactment. Of course, if an act repeals a provision which an earlier act purported to amend, the amended provision is deleted.

## ADDITIONAL FEATURES OF THE FLORIDA STATUTES

**Arrangement of chapters and titles.**—The object of any arrangement of compiled statutes is to facilitate the finding of the law. There are two methods of arrangement in general use in the United States: The "logical," or "topical," grouping of related subjects, as used in many digests; and the "alphabetical" arrangement, as used in legal encyclopedias. Florida has followed the majority of states in adopting the former of these arrangements.

The Numerical Title and Chapter Index printed in the front part of Volumes 1, 2, and 3 provides a quick reference to the chapters grouped under the logical title system. It lists groups of related subjects in a general subject field and lists in numerical order all chapters assigned. Some chapters have been divided into parts based on logical organization or related subject matter.

**Numbering system.**—The sections of the *Florida Statutes* are identified by decimal numbers. Having first been arranged by subject matter, the chapters of the *Florida Statutes* are each assigned a whole number which appears to the left of the decimal point in each number that identifies a section. The section within the chapter is then identified by the whole decimal number, including the digits appearing to the right of the decimal point. Thus, s. 16.01 would identify a section in chapter 16 of the *Statutes*.

The principal advantage of the decimal numbering system is its infinite flexibility. A new section can always be inserted between any two existing sections. For example, a new section to be inserted between ss. 16.12 and 16.13 could be assigned any number from 16.121 through 16.129 without using more than three digits to the right of the decimal point. This is because, in the decimal numbering system, 16.12 is the same as 16.120 and 16.13 is the same as 16.130. If the zeros are added, it can easily be seen that 16.125, for example, comes in between 16.120 and 16.130.

As a corollary to this discussion of the decimal numbering system, it should be emphasized that the number of a section has no significance other than to indicate its location. In other words, a section that is identified by a number containing four digits to the right of the decimal point is of no less dignity or importance than a section having a number with only two or three digits to the right of the decimal point.

The hierarchical arrangement of textual subdivisions is indicated by various designations. Thus, chapters are indicated by whole arabic numbers; sections, by numbers containing a decimal point; subsections, by whole arabic numbers enclosed by parentheses; paragraphs, by lowercase letters enclosed by parentheses; subparagraphs, by whole arabic numbers followed by a period; and sub-subparagraphs, by lowercase letters followed by a period. Subdivisions beyond the sub-subparagraph are not ordinarily used.

**Finding the law.**—There are two general methods for finding those sections of the *Florida Statutes* that deal with a particular subject matter. The choice of which to use on any particular occasion should be determined by the preference of the searcher and the degree of his familiarity with the *Statutes* and the indexing systems contained therein. One who has considerable familiarity with the body of law being searched may save some time by simply using the chapter outline which appears at the beginning of the appropriate chapter. The proper chapter can usually be located by use of either the Numerical Title and Chapter Index or the Alphabetical Index to Chapter Titles located at the front of Volumes 1, 2, and 3. One who is less familiar with the subject matter, or who is conducting a more wide-ranging search, will probably prefer to use the general index which is located in Volume 4.

**History notes.**—Every section is followed by a history note containing citations to the section and chapter number of the act that created the section and of each subsequent amendatory act. For an explanation of citations to early compilations, see the following segment of this Preface.

**Cross-references.**—Cross-references appear in the *Florida Statutes* in two forms. Whenever it might be helpful to the users of the *Statutes*, the editors insert notes immediately following the history notes containing references to related or qualifying sections.

Cross-references, both specific and general, also appear as incorporated into the text of the *Statutes* by legislative enactment, and a word of caution concerning such specific references is in order. Florida follows the rule of construction that is applied in most other jurisdictions, that a specific reference to a statute in effect incorporates the language of that statute as it existed at the time the reference was enacted, unaffected by any subsequent amendment or repeal of the incorporated statute. *Williams v. State*, 125 So. 358 (Fla. 1930); *Overstreet v. Blum*, 227 So.2d 197 (Fla. 1969).

It is true that this rule often disappoints any popular expectation that such references are to the current text of the incorporated statute which may therefore be immediately consulted, but this is apparently unavoidable. Consequently, when users of the *Florida Statutes* encounter an internal reference to a specific statute that appears to be of critical importance to the meaning of the incorporating section, they will be well-advised to find and read the language actually incorporated.

On the other hand, the rule concerning a general reference to the body of law relating to a specified subject matter, without reference to a specific statute, is different in that a general reference is understood as including any subsequent amendment or repeal of the referenced body of law. *Williams v. State*, *ibid.*; *State ex rel. Springer v. Smith*, 189 So.2d 846 (Fla. 1966).

**Table of section changes.**—A table of changes to sections of the *Florida Statutes* is located at the front of Volumes 1, 2, and 3, printed on yellow paper. This table shows: (1) the sections, by number, that have been changed in any way and (2) whether the change consisted of an amendment, a repeal, a transfer, or an addition. It is a convenient device for pinpointing changes to a given segment of the general law.

**Tracing table.**—A table tracing all general laws enacted since 1919 into the *Florida Statutes* is located in Volume 4. The word "omitted" indicates that the act or section of an act was not of a "general and permanent nature." For the text of an omitted provision, consult the appropriate volume of the *Laws of Florida*.

Immediately following the tracing table for general laws enacted by the legislative process is a special table tracing various provisions of the Constitution of 1885, as amended, into the *Florida Statutes*. This conversion of constitutional provisions into statutory law occurred pursuant to the provisions of s. 10, Article XII of the Constitution as revised in 1968.

**Table of repealed and transferred sections.**—Immediately preceding the General Index in Volume 4 is a table showing repealed and transferred sections. Whenever a section is repealed or transferred to a new location in the *Statutes*, the former section number becomes inactive and will not be used again. Such numbers are then listed in this table, along with the chapter number of the session law which effected the repeal or transfer or the year in which the section number was changed in the course of revision. The entry for a transferred section also includes the new location of the section. For the text of the repealed or transferred section or the content of its history note, consult the edition of the *Statutes* prior to the repeal or transfer. The table is of primary utility to the researcher who is interested in the movement of the law as well as its current content.

**Miscellaneous materials.**—Section 11.242(4) authorizes the inclusion in the published edition of the *Florida Statutes*, in addition to the general laws as adopted and enacted, the Florida Constitution, and complete indexes, "such other matters, notes, data, and other material as may be deemed necessary or admissible by the joint committee for reference, convenience or interpretation." The various items published under this authority are located in Volume 4 and are identified in the table of contents at the front of each volume.

## FORMER REVISIONS AND COMPILATIONS

The laws of general application of the territory of Florida and of the State of Florida have either been compiled unofficially or revised under authority of law and adopted as official statutes in the following publications: *Duval's Compilation of Territorial Laws, 1840* (compilation); *Thompson's Digest, 1847* (compilation); *Bush's Digest, 1872* (compilation); *McClellan's Digest, 1881* (compilation); *Revised Statutes (R.S.) 1892* (revision enacted as a law); *General Statutes (G.S.) 1906* (revision enacted as a law); *Revised General Statutes (R.G.S.) 1920* (revision enacted as a law); *Compiled General Laws (C.G.L.) 1927* (compilation unofficial); revision of 1940 and the beginning of the continuous revision system; adoption of the official 1940 revision in 1941 (F.S. 1941); the *Florida Statutes* of 1949 (F.S. 1949) (consolidation of 1941 statutes and supplements printed during the war years in 1943, 1945, 1947); and *Florida Statutes* of 1951, 1953, 1955, 1957, 1959, 1961, 1963, 1965, 1967, 1969, 1971, 1973, 1975, and 1977.

## THE STATUTORY REVISION DIVISION

By chapter 22012, Laws of Florida, 1943, the Legislature created a permanent statutory revision and legislative drafting and reference department under the supervision and control of the Attorney General. The principal functions of this department were to publish the general laws of the state and to maintain a bill drafting department and legislative reference library. In 1949 the Legislature established the Legislative Council and Legislative Reference Bureau as an arm of the Legislature and completely separate from the Attorney General. By chapter 67-472, Laws of Florida, the Legislature removed the Statutory Revision Department from the office of the Attorney General and established it as a part of the Legislative Reference Bureau under the supervision of the Legislative Council. By chapter 69-52, Laws of Florida, the Legislative Reference Bureau was renamed the Legislative Service Bureau, and the Statutory Revision Department became the Statutory Revision Service within the bureau and its work was made subject to the supervision of the Joint Legislative Management Committee, which replaced the Legislative Council. In 1971, by order of the Joint Legislative Management Committee, the statutory revision and indexing functions were consolidated in a new division of the Joint Legislative Management Committee, the Division of Statutory Revision and Indexing. The division was renamed the Division of Statutory Revision in 1978.

The powers, duties, and functions of the Statutory Revision Division are set out in s. 11.242. In general, they are: (1) to conduct a systematic and continuing study of the statutes and laws of the state to reduce their number and bulk; remove inconsistencies, redundancies, and unnecessary repetitions; and otherwise improve their clarity and facilitate their correct and proper interpretation; (2) to publish the *Florida Statutes*; and (3) to index various publications of the Joint Legislative Management Committee.

Section 11.242(5) defines the limits of the editorial license that is available to the Statutory Revision Division in preparing the *Florida Statutes*. Pursuant to this section, the division has broad authority over the arrangement and grammatical structure of the *Statutes*. Although the statute provides that the product of the division's work shall constitute only prima facie evidence of the law until it has subsequently been formally adopted, the Statutory Revision Division nonetheless traditionally exercises its editorial prerogatives with self-restraint. It believes its mandate to be to produce the *Statutes* in usable and literate form, but strictly within the framework of the legislative intent.

The reviser's office is a clearinghouse where lawyers, judges, legislators, and administrators may help to improve the statutory law of the state. Persons calling attention to errors, omissions, conflicts, and other defects in the law can be a material help in administering Florida's continuous revision program.

JANE REYNOLDS HARRIS, Director  
Division of Statutory Revision

**316.001 Short title.**—This chapter may be known and cited as the "Florida Uniform Traffic Control Law."

**History.**—s. 1, ch. 71-135.

**316.002 Purpose.**—It is the legislative intent in the adoption of this chapter to make uniform traffic laws to apply throughout the state and its several counties and uniform traffic ordinances to apply in all municipalities. The legislature recognizes that there are conditions which require municipalities to pass certain other traffic ordinances in regulation of municipal traffic that are not required to regulate the movement of traffic outside of such municipalities. Section 316.008 enumerates the area within which municipalities may control certain traffic movement or parking in their respective jurisdictions. This section shall be supplemental to the other laws or ordinances of this chapter and not in conflict therewith. It is unlawful for any local authority to pass or to attempt to enforce any ordinance in conflict with the provisions of this chapter.

**History.**—s. 1, ch. 71-135.

**316.003 Definitions.**—The following words and phrases, when used in this chapter, shall have the meanings respectively ascribed to them in this section, except where the context otherwise requires:

(1) **AUTHORIZED EMERGENCY VEHICLES.**—Vehicles of the fire department (fire patrol), police vehicles and such ambulances and emergency vehicles of municipal departments, public service corporations operated by private corporations, and the Department of Transportation as are designated or authorized by the department or the chief of police of an incorporated city or any sheriff of any of the various counties.

(2) **BICYCLE.**—Any device propelled by human power, or any "moped" propelled by a pedal-activated helper motor with a manufacturer's certified maximum rating of 1½ brake horsepower, upon which any person may ride, having 2 tandem wheels, either of which is 20 inches or more in diameter, and including any device generally recognized as a bicycle though equipped with 2 front or 2 rear wheels.

(3) **BUS.**—Any motor vehicle designed for carrying more than 10 passengers and used for the transportation of persons and any motor vehicle, other than a taxicab, designed and used for the transportation of persons for compensation.

(4) **BUSINESS DISTRICT.**—The territory contiguous to, and including, a highway when 50 percent or more of the frontage thereon, for a distance of 300 feet or more, is occupied by buildings in use for business.

(5) **CANCELLATION.**—Cancellation means that a license which was issued through error or fraud is declared void and terminated. A new license may be obtained only as permitted in this chapter.

(6) **CROSSWALK.**—

(a) That part of a roadway at an intersection included within the connections of the lateral lines of

the sidewalks on opposite sides of the highway, measured from the curbs or, in the absence of curbs, from the edges of the traversable roadway;

(b) Any portion of a roadway at an intersection or elsewhere distinctly indicated for pedestrian crossing by lines or other markings on the surface.

(7) **DAYTIME.**—The period from a half hour before sunrise to a half hour after sunset. Nighttime means at any other hour.

(8) **DEPARTMENT.**—The Department of Highway Safety and Motor Vehicles as defined in s. 20.24. Any reference herein to Department of Transportation shall be construed as referring to the Department of Transportation, defined in s. 20.23, or the appropriate division thereof.

(9) **DIRECTOR.**—Director of the Division of the Florida Highway Patrol of the Department of Highway Safety and Motor Vehicles.

(10) **DRIVER.**—Any person who drives or is in actual physical control of a vehicle on a highway or who is exercising control of a vehicle or steering a vehicle being towed by a motor vehicle.

(11) **EXPLOSIVE.**—Any chemical compound or mechanical mixture that is commonly used or intended for the purpose of producing an explosion and which contains any oxidizing and combustible units or other ingredients in such proportions, quantities, or packing that an ignition by fire, friction, concussion, percussion, or detonator of any part of the compound or mixture may cause such a sudden generation of highly heated gases that the resultant gaseous pressures are capable of producing destructive effect on contiguous objects or of destroying life or limb.

(12) **FARM TRACTOR.**—Any motor vehicle designed and used primarily as a farm implement for drawing plows, mowing machines, and other implements of husbandry.

(13) **FLAMMABLE LIQUID.**—Any liquid which has a flash point of 70° Fahrenheit or less, as determined by a Tagliabue or equivalent closed-cup test device.

(14) **GROSS WEIGHT.**—The weight of a vehicle without load plus the weight of any load thereon.

(15) **HOUSE TRAILER.**—

(a) A trailer or semitrailer which is designed, constructed, and equipped as a dwelling place, living abode, or sleeping place (either permanently or temporarily) and is equipped for use as a conveyance on streets and highways, or

(b) A trailer or a semitrailer the chassis and exterior shell of which is designed and constructed for use as a house trailer, as defined in paragraph (a), but which is used instead, permanently or temporarily, for the advertising, sales, display, or promotion of merchandise or services or for any other commercial purpose except the transportation of property for hire or the transportation of property for distribution by a private carrier.

(16) **IMPLEMENT OF HUSBANDRY.**—Any vehicle designed and adapted exclusively for agricultural, horticultural, or livestock-raising operations or for lifting or carrying an implement of husbandry and in either case not subject to registration if used upon the highways.

(17) **INTERSECTION.**—

(a) The area embraced within the prolongation or connection of the lateral curblines; or, if none, then the lateral boundary lines of the roadways of two highways which join one another at, or approximately at, right angles; or the area within which vehicles traveling upon different highways joining at any other angle may come in conflict.

(b) Where a highway includes two roadways 30 feet or more apart, then every crossing of each roadway of such divided highway by an intersecting highway shall be regarded as a separate intersection. In the event such intersecting highway also includes two roadways 30 feet or more apart, then every crossing of two roadways of such highways shall be regarded as a separate intersection.

(18) **LANED HIGHWAY.**—A highway the roadway of which is divided into two or more clearly marked lanes for vehicular traffic.

(19) **LIMITED ACCESS FACILITY.**—A street or highway especially designed for through traffic and over, from, or to which owners or occupants of abutting land or other persons have no right or easement, or only a limited right or easement, of access, light, air, or view by reason of the fact that their property abuts upon such limited access facility or for any other reason. Such highways or streets may be parkways from which trucks, buses, and other commercial vehicles are excluded; or they may be freeways open to use by all customary forms of street and highway traffic.

(20) **LOCAL AUTHORITIES.**—Includes all officers and public officials of the several counties and municipalities of this state.

(21) **MOTOR VEHICLE.**—Any vehicle which is self-propelled and every vehicle which is propelled by electric power obtained from overhead trolley wires, but not operated upon rails, but not including any bicycle or "moped" as defined in subsection (2).

(22) **MOTORCYCLE.**—Any motor vehicle with a motor rated in excess of 1½ brake horsepower having a seat or saddle for the use of the rider and designed to travel on not more than three wheels in contact with the ground, but excluding a tractor.

(23) **MOTOR-DRIVEN CYCLES.**—Every motorcycle and every motor scooter with a motor which produces not to exceed five brake horsepower, including every bicycle propelled by a helper motor rated in excess of 1½ brake horsepower.

(24) **OFFICIAL TRAFFIC CONTROL SIGNAL.**—Any device, whether manually, electrically, or mechanically operated, by which traffic is alternately directed to stop and permitted to proceed.

(25) **OFFICIAL TRAFFIC CONTROL DEVICES.**—All signs, signals, markings, and devices, not inconsistent with this chapter, placed or erected by authority of a public body or official having jurisdiction for the purpose of regulating, warning, or guiding traffic.

(26) **OPERATOR.**—Any person who is in actual physical control of a motor vehicle upon the highway, or who is exercising control over or steering a vehicle being towed by a motor vehicle.

(27) **OWNER.**—A person who holds the legal title of a vehicle, or, in the event a vehicle is the subject of an agreement for the conditional sale or lease thereof with the right of purchase upon performance

of the conditions stated in the agreement and with an immediate right of possession vested in the conditional vendee or lessee, or in the event a mortgagor of a vehicle is entitled to possession, then such conditional vendee, or lessee, or mortgagor shall be deemed the owner, for the purposes of this chapter.

(28) **PARK OR PARKING.**—The standing of a vehicle, whether occupied or not, otherwise than temporarily for the purpose of and while actually engaged in loading or unloading merchandise or passengers as may be permitted by law under this chapter.

(29) **PEDESTRIAN.**—Any person afoot.

(30) **PERSON.**—Any natural person, firm, co-partnership, association, or corporation.

(31) **PNEUMATIC TIRE.**—Any tire in which compressed air is designed to support the load.

(32) **POLE TRAILER.**—Any vehicle without motive power designed to be drawn by another vehicle and attached to the towing vehicle by means of a reach or pole, or by being boomed or otherwise secured to the towing vehicle, and ordinarily used for transporting long or irregularly shaped loads such as poles, pipes, or structural members capable, generally, of sustaining themselves as beams between the supporting connections.

(33) **POLICE OFFICER.**—Any officer authorized to direct or regulate traffic or to make arrests for violations of traffic regulations, including Florida highway patrolmen, sheriffs, deputy sheriffs, and municipal police officers.

(34) **PRIVATE ROAD OR DRIVEWAY.**—Any privately owned way or place used for vehicular travel by the owner and those having express or implied permission from the owner, but not by other persons.

(35) **RADIOACTIVE MATERIALS.**—Any materials or combination of materials which emit ionizing radiation spontaneously in which the radioactivity per gram of material, in any form, is greater than 0.002 microcuries.

(36) **RAILROAD.**—A carrier of persons or property upon cars operated upon stationary rails.

(37) **RAILROAD SIGN OR SIGNAL.**—Any sign, signal, or device erected by authority of a public body or official, or by a railroad, and intended to give notice of the presence of railroad tracks or the approach of a railroad train.

(38) **RAILROAD TRAIN.**—A steam engine, electric or other motor, with or without cars coupled thereto, operated upon rails, except a streetcar.

(39) **RESIDENCE DISTRICT.**—The territory contiguous to, and including, a highway, not comprising a business district, when the property on such highway, for a distance of 300 feet or more, is, in the main, improved with residences or residences and buildings in use for business.

(40) **REVOCATION.**—Revocation means that a licensee's privilege to drive a motor vehicle is terminated. A new license may be obtained only as permitted by law.

(41) **RIGHT-OF-WAY.**—The right of one vehicle or pedestrian to proceed in a lawful manner in preference to another vehicle or pedestrian approaching under such circumstances of direction, speed, and proximity as to give rise to danger of collision unless

one grants precedence to the other.

(42) **ROAD TRACTOR.**—Any motor vehicle designed and used for drawing other vehicles and not so constructed as to carry any load thereon, either independently or as any part of the weight of a vehicle or load so drawn.

(43) **ROADWAY.**—That portion of a highway improved, designed, or ordinarily used for vehicular travel, exclusive of the berm or shoulder. In the event a highway includes two or more separate roadways, the term "roadway" as used herein shall refer to any such roadway separately, but not to all such roadways collectively.

(44) **SADDLE MOUNT.**—An arrangement whereby the front wheels of one vehicle rest in a secured position upon another vehicle. All of the wheels of the towing vehicle are upon the ground and only the rear wheels of the towed vehicle rest upon the ground.

(45) **SAFETY ZONE.**—The area or space officially set apart within a roadway for the exclusive use of pedestrians and protected or so marked by adequate signs or authorized pavement markings as to be plainly visible at all times while set apart as a safety zone.

(46) **SCHOOL BUS.**—Any motor vehicle that complies with the color and identification requirements of chapter 234 and is used to transport children to or from school or in connection with school activities, but not including buses operated by common carriers in urban transportation of school children.

(47) **SEMITRAILER.**—Any vehicle with or without motive power, other than a pole trailer, designed for carrying persons or property and for being drawn by a motor vehicle and so constructed that some part of its weight and that of its load rests upon, or is carried by, another vehicle.

(48) **SIDEWALK.**—That portion of a street between the curblin, or the lateral line, of a roadway and the adjacent property lines, intended for use by pedestrians.

(49) **SPECIAL MOBILE EQUIPMENT.**—Any vehicle not designed or used primarily for the transportation of persons or property and only incidentally operated or moved over a highway, including, but not limited to, ditchdigging apparatus, well-boring apparatus, and road construction and maintenance machinery, such as asphalt spreaders, bituminous mixers, bucket loaders, tractors other than truck tractors, ditchers, leveling graders, finishing machines, motor graders, road rollers, scarifiers, earth-moving carryalls and scrapers, power shovels and draglines, and self-propelled cranes and earth-moving equipment. The term does not include house trailers, dump trucks, truck-mounted transit mixers, cranes or shovels, or other vehicles designed for the transportation of persons or property to which machinery has been attached.

(50) **STAND OR STANDING.**—The halting of a vehicle, whether occupied or not, otherwise than temporarily, for the purpose of, and while actually engaged in, receiving or discharging passengers, as may be permitted by law under this chapter.

(51) **STATE ROAD.**—Any highway designated

as a state maintained road by the Department of Transportation.

(52) **STOP.**—When required, complete cessation from movement.

(53) **STOP OR STOPPING.**—When prohibited, any halting, even momentarily, of a vehicle, whether occupied or not, except when necessary to avoid conflict with other traffic or to comply with the directions of a law enforcement officer or traffic control sign or signal.

(54) **STREET OR HIGHWAY.**—The entire width between the boundary lines of every way or place of whatever nature when any part thereof is open to the use of the public for purposes of vehicular traffic.

(55) **SUSPENSION.**—Temporary withdrawal of a licensee's privilege to drive a motor vehicle.

(56) **THROUGH HIGHWAY.**—Any highway or portion thereof on which vehicular traffic is given the right-of-way and at the entrances to which vehicular traffic from intersecting highways is required to yield right-of-way to vehicles on such through highway in obedience to either a stop sign or yield sign, or otherwise in obedience to law.

(57) **TIRE WIDTH.**—Tire width is that width stated on the surface of the tire by the manufacturer of the tire, if the width stated does not exceed 2 inches more than the width of the tire contacting the surface.

(58) **TRAFFIC.**—Pedestrians, ridden or herded animals, and vehicles, streetcars, and other conveyances either singly or together while using any street or highway for purposes of travel.

(59) **TRAILER.**—Any vehicle with or without motive power, other than a pole trailer, designed for carrying persons or property and for being drawn by a motor vehicle.

(60) **TRUCK.**—Any motor vehicle designed, used, or maintained primarily for the transportation of property.

(61) **TRUCK TRACTOR.**—Any motor vehicle designed and used primarily for drawing other vehicles and not so constructed as to carry a load other than a part of the weight of the vehicle and load so drawn.

(62) **MIGRANT FARM WORKER.**—Any person employed in the planting, cultivation, or harvesting of agricultural crops who is not indigenous to, or domiciled in, the locale where so employed.

(63) **MIGRANT FARM WORKER CARRIER.**—Any person who transports, or who contracts or arranges for the transportation of, nine or more migrant farm workers to or from their employment by motor vehicle other than a passenger automobile or station wagon, except a migrant farm worker transporting himself or his immediate family.

(64) **VEHICLE.**—Any device, in, upon, or by which any person or property is or may be transported or drawn upon a highway, except bicycles or "mopeds" as defined in subsection (2) or devices used exclusively upon stationary rails or tracks.

(65) **CHILD.**—A child as defined in s. 39.01.

(66) **COURT.**—The court having jurisdiction over traffic offenses.

**History.**—s. 1, ch. 71-135; s. 1, ch. 72-179; s. 1, ch. 74-213; s. 1, ch. 76-286; s. 1, ch. 77-174.

**316.006 Jurisdiction.**—Jurisdiction to control traffic is vested as follows:

(1) **STATE.**—The Department of Transportation shall have all original jurisdiction over all state roads throughout this state, including those within the grounds of all state institutions and the boundaries of all dedicated state parks, and may place and maintain such traffic control devices which conform to its manual and specifications upon all such highways as it shall deem necessary to indicate and to carry out the provisions of this chapter or to regulate, warn, or guide traffic.

(2) **MUNICIPALITIES.**—Chartered municipalities shall have original jurisdiction over all streets and highways located within their boundaries, except state roads, and may place and maintain such traffic control devices which conform to the manual and specifications of the Department of Transportation upon all streets and highways under their original jurisdiction as they shall deem necessary to indicate and to carry out the provisions of this chapter or to regulate, warn, or guide traffic. This subsection shall not limit those counties which have the charter powers to provide and regulate arterial, toll, and other roads, bridges, tunnels, and related facilities from the proper exercise of those powers by the placement and maintenance of traffic control devices which conform to the manual and specifications of the Department of Transportation on streets and highways located within municipal boundaries.

(3) **COUNTIES.**—Counties shall have original jurisdiction over all streets and highways located within their boundaries, except all state roads and those streets and highways specified in subsection (2), and may place and maintain such traffic control devices which conform to the manual and specifications of the Department of Transportation upon all streets and highways under their original jurisdiction as they shall deem necessary to indicate and to carry out the provisions of this chapter or to regulate, warn, or guide traffic. Notwithstanding the provisions of subsection (2), each county shall have original jurisdiction to regulate parking, by resolution of the board of county commissioners and the erection of signs conforming to the manual and specifications of the Department of Transportation, in parking areas located on property owned or leased by the county, whether or not such areas are located within the boundaries of chartered municipalities.

**History.**—s. 1, ch. 71-135; s. 1, ch. 71-982; s. 2, ch. 79-246.

**316.007 Provisions uniform throughout state.**—The provisions of this chapter shall be applicable and uniform throughout this state and in all political subdivisions and municipalities therein, and no local authority shall enact or enforce any ordinance on a matter covered by this chapter unless expressly authorized. However, this section shall not prevent any local authority from enacting an ordinance when such enactment is necessary to vest jurisdiction of violation of this chapter in the local court.

**History.**—s. 1, ch. 71-135; s. 2, ch. 71-982.

**316.008 Powers of local authorities.—**

(1) The provisions of this chapter shall not be deemed to prevent local authorities, with respect to streets and highways under their jurisdiction and within the reasonable exercise of the police power, from:

(a) Regulating or prohibiting stopping, standing, or parking;

(b) Regulating traffic by means of police officers or official traffic control devices;

(c) Regulating or prohibiting processions or assemblages on the streets or highways, including all state or federal highways lying within their boundaries;

(d) Designating particular highways or roadways for use by traffic moving in one direction;

(e) Establishing speed limits for vehicles in public parks;

(f) Designating any street as a through street or designating any intersection as a stop or yield intersection;

(g) Restricting the use of streets;

(h) Regulating the operation of bicycles;

(i) Regulating or prohibiting the turning of vehicles or specified types of vehicles;

(j) Altering or establishing speed limits within the provisions of this chapter;

(k) Requiring written accident reports;

(l) Designating no-passing zones;

(m) Prohibiting or regulating the use of controlled access roadways by any class or kind of traffic;

(n) Prohibiting or regulating the use of heavily traveled streets by any class or kind of traffic found to be incompatible with the normal and safe movement of traffic;

(o) Designating hazardous railroad grade crossings in conformity to criteria promulgated by the Department of Transportation;

(p) Designating and regulating traffic on play streets;

(q) Prohibiting pedestrians from crossing a roadway in a business district or any designated highway except on a crosswalk;

(r) Regulating pedestrian crossings at unmarked crosswalks;

(s) Regulating persons upon skates, coasters, and other toy vehicles;

(t) Adopting and enforcing such temporary or experimental regulations as may be necessary to cover emergencies or special conditions.

(u) Enacting ordinances or erecting signs in the rights-of-way to control, regulate, or prohibit hitchhiking on streets or highways, including all state or federal highways lying within their boundaries.

(2) The municipality, through its duly authorized officers, shall have nonexclusive jurisdiction over the prosecution, trial, adjudication, and punishment of violations of this chapter when a violation occurs within the municipality and the person so charged is charged by a municipal police officer. The disposition of such matters in the municipality shall be in accordance with that municipality's charter. This subsection shall not limit those counties which have the charter power to provide and regulate arterial, toll, and other roads, bridges, tunnels, and related

facilities from the proper exercise of those powers pertaining to the consolidation and unification of a traffic court system within said counties.

(3) No local authority shall erect or maintain any official traffic control device at any location so as to regulate the traffic on any state road unless approval in writing has first been obtained from the Department of Transportation.

**History.**—s. 1, ch. 71-135; s. 3, ch. 71-982; s. 1, ch. 76-72.

**316.027 Accidents involving death or personal injuries.—**

(1) The driver of any vehicle involved in an accident resulting in injury or death of any person shall immediately stop such vehicle at the scene of the accident, or as close thereto as possible, and shall forthwith return to, and in every event shall remain at the scene of, the accident until he has fulfilled the requirements of s. 316.062.

(2) Any person willfully failing to stop or to comply with the requirements of subsection (1) under such circumstances is guilty of a felony and, upon conviction, shall be punished by imprisonment in the state penitentiary for not more than 1 year or by fine of not more than \$5,000 or by both such fine and imprisonment.

(3) The department shall revoke the operator's or chauffeur's license of the person so convicted.

(4) Every stop shall be made without obstructing traffic more than is necessary, and, if a damaged vehicle is obstructing traffic, the driver of such vehicle shall make every reasonable effort to move the vehicle or have it moved so as not to obstruct the regular flow of traffic. Any person failing to comply with the provisions of this subsection shall be punished as provided in s. 316.655.

**History.**—s. 1, ch. 71-135; s. 1, ch. 75-72; s. 5, ch. 76-31.

**316.061 Accidents involving damage to vehicle or property.—**

(1) The driver of any vehicle involved in an accident resulting only in damage to a vehicle or other property which is driven or attended by any person shall immediately stop such vehicle at the scene of such accident or as close thereto as possible, and shall forthwith return to, and in every event shall remain at, the scene of the accident until he has fulfilled the requirements of s. 316.062. Any person failing to stop or comply with said requirements shall, upon conviction, be punished by a fine of not more than \$500 or by imprisonment for not more than 60 days or by both such fine and imprisonment.

(2) Every stop shall be made without obstructing traffic more than is necessary, and, if a damaged vehicle is obstructing traffic, the driver of such vehicle shall make every reasonable effort to move the vehicle or have it moved so as not to block the regular flow of traffic. Any person failing to comply with the provisions of this subsection shall be punished as provided in s. 316.655.

**History.**—s. 1, ch. 71-135; s. 3, ch. 74-377; s. 2, ch. 75-72; s. 9, ch. 76-31.

**316.062 Duty to give information and render aid.—**

(1) The driver of any vehicle involved in an accident resulting in injury to or death of any person or damage to any vehicle or other property which is

driven or attended by any person shall give his name, address, and the registration number of the vehicle he is driving, and shall upon request and if available exhibit his license or permit to drive, to any person injured in such accident or to the driver or occupant of or person attending any vehicle or other property damaged in the accident and shall give such information and, upon request, exhibit such license or permit to any police officer at the scene of the accident or who is investigating the accident and shall render to any person injured in the accident reasonable assistance, including the carrying, or the making of arrangements for the carrying, of such person to a physician, surgeon, or hospital for medical or surgical treatment if it is apparent that treatment is necessary, or if such carrying is requested by the injured person.

(2) In the event none of the persons specified are in condition to receive the information to which they otherwise would be entitled under subsection (1), and no police officer is present, the driver of any vehicle involved in such accident, after fulfilling all other requirements of s. 316.027 and subsection (1), insofar as possible on his part to be performed, shall forthwith report the accident to the nearest office of a duly authorized police authority and submit thereto the information specified in subsection (1).

*History.*—s. 1, ch. 71-135.

#### **316.063 Duty upon damaging unattended vehicle or other property.—**

(1) The driver of any vehicle which collides with, or is involved in an accident with, any vehicle or other property which is unattended, resulting in any damage to such other vehicle or property, shall immediately stop and shall then and there either locate and notify the operator or owner of the vehicle or other property of his name and address and the registration number of the vehicle he is driving, or shall attach securely in a conspicuous place in or on the vehicle or other property a written notice giving his name and address and the registration number of the vehicle he is driving, and shall without unnecessary delay notify the nearest office of a duly authorized police authority. Every such stop shall be made without obstructing traffic more than is necessary. If a damaged vehicle is obstructing traffic, the driver shall make every reasonable effort to move the vehicle or have it moved so as not to obstruct the regular flow of traffic. Any person failing to comply with the provisions of this section shall be punished as provided in s. 316.655.

(2) The law enforcement officer at the scene of an accident required to be reported in accordance with the provisions of subsection (1) or the law enforcement officer receiving a report by a driver as required by subsection (1) shall, if part or any of the property damaged is a fence or other structure used to house or contain livestock, promptly make a reasonable effort to notify the owner, occupant, or agent of this damage.

*History.*—s. 1, ch. 71-135; s. 3, ch. 75-72; s. 10, ch. 76-31; s. 1, ch. 77-265.

#### **316.064 When driver unable to report.—**

(1) An accident report is not required under this chapter from any person who is physically incapable

of making a report during the period of such incapacity.

(2) Whenever the driver of a vehicle is physically incapable of making an immediate or a written report of an accident, as required in ss. 316.065 and 316.066, and there was another occupant in the vehicle at the time of the accident capable of making a report, such occupant shall make or cause to be made the report not made by the driver.

(3) Whenever the driver is physically incapable of making a written report of an accident as required in this chapter, then the owner of the vehicle involved in the accident shall, within 5 days after the accident, make such report not made by the driver.

*History.*—s. 1, ch. 71-135.

#### **316.065 Accidents; reports; penalties.—**

(1) The driver of a vehicle involved in an accident resulting in injury to or death of any persons or property damage shall immediately by the quickest means of communication give notice of the accident to the local police department, if such accident occurs within a municipality; otherwise, to the office of the county sheriff or the nearest office or station of the Florida Highway Patrol.

(2) Every coroner or other official performing like functions, upon learning of the death of a person in his jurisdiction as the result of a traffic accident, shall immediately notify the nearest office or station of the department.

(3) Any person in charge of any garage or repair shop to which is brought any motor vehicle which shows evidence of having been struck by a bullet, or any other person to whom is brought for the purpose of repair a motor vehicle showing such evidence, shall make a report, or cause a report to be made, to the nearest local police station or Florida Highway Patrol office within 24 hours after the motor vehicle is received and before any repairs are made to the vehicle. The report shall contain the year, license number, make, model, and color of the vehicle and the name and address of the owner or person in possession of the vehicle.

(4) Any person who knowingly repairs a motor vehicle without having made a report as required by subsection (3) shall be punished as provided in s. 316.655. The owner and driver of a vehicle involved in an accident who makes a report thereof in accordance with subsection (1) or s. 316.066(1) shall not be liable hereunder.

*History.*—s. 1, ch. 71-135; s. 1, ch. 72-164; s. 1, ch. 73-25; s. 11, ch. 76-31.

#### **316.066 Written reports of accidents.—**

(1) The driver of a vehicle which is in any manner involved in an accident resulting in bodily injury to or death of any person or total damage to all property to an apparent extent of \$100 or more shall, within 5 days after the accident, forward a written report of such accident to the department. However, when the investigating officer has made a written report of the accident, no written report need be forwarded to the department by the driver.

(2) The department may require any driver of a vehicle involved in an accident of which written report must be made as provided in this section to file supplemental written reports whenever the original report is insufficient in the opinion of the depart-

ment, and may require witnesses of accidents to render reports to the department.

(3) Every law enforcement officer who in the regular course of duty investigates a motor vehicle accident in which damage to property exceeds the amount of \$100, or bodily injury, or death occurs, either at the time of and at the scene of the accident, or thereafter by interviewing participants or witnesses, shall, within 24 hours after completing the investigation, forward a written report of the accident to the department.

(4) All accident reports made by persons involved in accidents shall be without prejudice to the individual so reporting and shall be for the confidential use of the department or other state agencies having use of the records for accident prevention purposes, except that the department may disclose the identity of a person involved in an accident when such identity is not otherwise known or when such person denies his presence at such accident, and except that the department shall disclose the final judicial disposition of the case indicating which if any of the parties were found guilty. No such report shall be used as evidence in any trial, civil or criminal, arising out of an accident, except that the department shall furnish upon demand of any person who has, or claims to have, made such a report or upon demand of any court a certificate showing that a specified accident report has or has not been made to the department solely to prove a compliance or a failure to comply with the requirements that such a report be made to the department.

History.—s. 1, ch. 71-135.

**316.067 False reports.**—Any person who gives information in oral or written reports as required in this chapter, knowing or having reason to believe that such information is false, shall be punished by a fine of not more than \$500 or by imprisonment for not more than 60 days or by both such fine and imprisonment.

History.—s. 1, ch. 71-135; s. 4, ch. 74-377.

**316.068 Accident report forms.**—

(1) The department shall prepare and, upon request, supply to police departments, sheriffs, and other appropriate agencies or individuals forms for written accident reports as required in this chapter, suitable with respect to the persons required to make such reports and the purposes to be served. The written reports shall call for sufficiently detailed information to disclose, with reference to a vehicle accident, the cause and conditions then existing and the persons and vehicles involved. Every accident report form shall call for the policy numbers of liability insurance and the names of carriers covering any vehicle involved in an accident required to be reported in writing by this chapter.

(2) Every accident report required to be made in writing shall be made on the appropriate form approved by the department and shall contain all the information required therein unless not available.

History.—s. 1, ch. 71-135; s. 2, ch. 74-201; s. 1, ch. 77-174.

**316.069 Department to tabulate and analyze accident reports.**—The department shall tabulate and may analyze all accident reports and shall publish, annually, or at more frequent intervals, statistical information based thereon as to the number and circumstances of traffic accidents.

History.—s. 1, ch. 71-135.

**316.070 Exchange of information at scene of accident.**—The law enforcement officer at the scene of an accident required to be reported in accordance with the provisions of s. 316.066 shall instruct the driver of each vehicle involved in the accident to report the following to all other parties suffering injury or property damage as an apparent result of the accident:

(1) The name and address of the owner and the driver of the vehicle.

(2) The license number of the vehicle.

(3) The name of the liability carrier for the vehicle.

History.—s. 1, ch. 74-201.

**316.071 Disabled vehicles obstructing traffic.**—Whenever a vehicle is disabled on any street or highway within the state or for any reason obstructs the regular flow of traffic, the driver shall move the vehicle so as not to obstruct the regular flow of traffic or, if he cannot move the vehicle alone, solicit help and move the vehicle so as not to obstruct the regular flow of traffic. Any person failing to comply with the provisions of this section shall be punished as provided in s. 316.655.

History.—s. 4, ch. 75-72; ss. 1, 33, ch. 76-31.

Note.—Former s. 316.1031.

**316.072 Obedience to and effect of traffic laws.**—

(1) **PROVISIONS OF CHAPTER REFERRING TO VEHICLES UPON THE HIGHWAYS.**—The provisions of this chapter shall apply to the operation of vehicles and bicycles and the movement of pedestrians upon all state-maintained highways, county-maintained highways, and municipal streets and alleys and wherever vehicles have the right to travel.

(2) **REQUIRED OBEDIENCE TO TRAFFIC LAWS.**—It is unlawful for any person to do any act forbidden, or to fail to perform any act required, in this chapter. It is unlawful for the owner, or any other person employing or otherwise directing the driver of any vehicle, to require or knowingly permit the operation of such vehicle upon a highway in any manner contrary to law.

(3) **OBEDIENCE TO POLICE AND FIRE DEPARTMENT OFFICIALS.**—It is unlawful and a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083, for any person willfully to fail or refuse to comply with any lawful order or direction of any police officer, or member of the fire department at the scene of a fire, who is invested by law or ordinance with authority to direct, control, or regulate traffic.

(4) **PUBLIC OFFICERS AND EMPLOYEES TO OBEY CHAPTER; EXCEPTIONS.**—

(a) The provisions of this chapter applicable to the drivers of vehicles upon the highways shall apply

to the drivers of all vehicles owned or operated by the United States, this state, or any county, city, town, district, or any other political subdivision of the state, subject to such specific exceptions as are set forth in this chapter.

(b) Unless specifically made applicable, the provisions of this chapter, except those contained in ss. 316.192, 316.1925, and 316.193, shall not apply to persons, teams, or motor vehicles and other equipment while actually engaged in work upon the surface of a highway, but shall apply to such persons and vehicles when traveling to or from such work.

**(5) AUTHORIZED EMERGENCY VEHICLES.—**

(a) The driver of an authorized emergency vehicle, when responding to an emergency call, when in the pursuit of an actual or suspected violator of the law, or when responding to a fire alarm, but not upon returning from a fire, may exercise the privileges set forth in this section, but subject to the conditions herein stated.

(b) The driver of an authorized emergency vehicle, except when otherwise directed by a police officer, may:

1. Park or stand, irrespective of the provisions of this chapter;
2. Proceed past a red or stop signal or stop sign, but only after slowing down as may be necessary for safe operation;
3. Exceed the maximum speed limits so long as he does not endanger life or property;
4. Disregard regulations governing direction or movement or turning in specified directions, so long as he does not endanger life or property.

(c) The foregoing provisions shall not relieve the driver of an authorized emergency vehicle from the duty to drive with due regard for the safety of all persons, nor shall such provisions protect the driver from the consequences of his reckless disregard for the safety of others.

**History.**—s. 1, ch. 71-135; ss. 1, 7, ch. 76-31; s. 2, ch. 77-456.  
**Note.**—Former s. 316.051.

**316.073 Applicability to animals and animal-drawn vehicles.**—Every person riding an animal or driving an animal-drawn vehicle upon a roadway shall be subject to the provisions of this chapter applicable to the driver of a vehicle, except those provisions of this chapter which by their nature can have no application.

**History.**—s. 1, ch. 71-135; s. 1, ch. 76-31.  
**Note.**—Former s. 316.052.

**316.074 Obedience to and required traffic control devices.—**

(1) The driver of any vehicle shall obey the instructions of any official traffic control device applicable thereto, placed in accordance with the provisions of this chapter, unless otherwise directed by a police officer, subject to the exceptions granted the driver of an authorized emergency vehicle in this chapter.

(2) No person shall drive any vehicle from a roadway to another roadway to avoid obeying the indicated traffic control indicated by such traffic control device.

(3) No provision of this chapter for which official

traffic control devices are required shall be enforced against an alleged violator if at the time and place of the alleged violation an official device is not in proper position and sufficiently legible to be seen by an ordinarily observant person. Whenever a particular section does not state that official traffic control devices are required, such section shall be effective even though no devices are erected or in place.

(4) Whenever official traffic control devices are placed in position approximately conforming to the requirements of this chapter, such devices shall be presumed to have been so placed by the official act or direction of lawful authority unless the contrary shall be established by competent evidence.

(5) Any official traffic control device placed pursuant to the provisions of this chapter and purporting to conform to the lawful requirements pertaining to such devices shall be presumed to comply with the requirements of this chapter unless the contrary shall be established by competent evidence.

**History.**—s. 1, ch. 71-135; s. 1, ch. 76-31.  
**Note.**—Former s. 316.053.

**316.0745 Uniform signals and devices.—**

(1) The Department of Transportation shall adopt a uniform system of traffic control devices for use on the streets and highways of the state. The uniform system shall, insofar as is practicable, conform to the system adopted by the American Association of State Highway Officials and shall be revised from time to time to include changes necessary to conform to a uniform national system or to meet local and state needs. The Department of Transportation may call upon representatives of local authorities to assist in the preparation or revision of the uniform system of traffic control devices.

(2) The Department of Transportation shall compile and publish a manual of uniform traffic control devices which defines the uniform system adopted pursuant to subsection (1), and shall compile and publish minimum specifications for traffic control signals and devices certified by it as conforming with the uniform system and shall make copies of such manual and specifications available to all counties, municipalities and other public bodies having jurisdiction of streets or highways open to the public in this state.

(3) All official traffic control signals or official traffic control devices purchased and installed in this state by any public body or official shall conform with the manual and specifications published by the Department of Transportation pursuant to subsection (2). All traffic control devices other than traffic control signals purchased prior to July 1, 1972, not conforming to said system may continue in use until January 1, 1975, after which time such devices must comply with the uniform system. All traffic control signals purchased prior to January 1, 1972 not conforming to said system may continue in use until January 1, 1980, after which time such signals must comply with the uniform system.

(4) It shall be unlawful for any public body or official to purchase, or for anyone to sell any traffic control signal or device unless it conforms with the manual and specifications published by the Department of Transportation and is certified to be of such conformance prior to sale. Any manufacturer or ven-

dor who sells any traffic control signal, guide, or directional sign or device without such certification shall be ineligible to bid or furnish traffic control devices to any public body or official for such period of time as may be established by the Department of Transportation; however, such period of time shall be for not less than 1 year from the date of notification of such ineligibility.

(5) Any system of traffic control devices controlled and operated from a remote location by electronic computers or similar devices shall meet all requirements established for the uniform system and where such systems affect the movement of traffic on state roads the design of the system shall be reviewed and approved by the Department of Transportation.

(6) The Department of Transportation is authorized, after hearing pursuant to 14 days' notice, to direct the removal of any purported traffic control device wherever located which fails to meet the requirements of this section. The public agency erecting or installing the same shall immediately remove said device or signal upon the direction of the Department of Transportation and may not, for a period of 5 years, install any replacement or new traffic control devices paid for in part or in full with revenues raised by the state unless written prior approval is received from the Department of Transportation. Any additional violation by a public body or official shall be cause for the withholding of state funds for traffic control purposes until such public body or official demonstrates to the Department of Transportation that it is complying with this section.

(7) The Department of Transportation is authorized to permit traffic control devices not in conformity with the uniform system upon showing of good cause.

**History.**—s. 1, ch. 71-135; s. 1, ch. 72-189; s. 1, ch. 73-310; s. 1, ch. 76-31; s. 1, ch. 77-146.

**Note.**—Former s. 316.131.

**316.0747 Sale or purchase of traffic control devices by nongovernmental entities; prohibitions.—**

(1) It is unlawful for any nongovernmental entity to use any traffic control device at any place where the general public is invited, unless such device conforms to the uniform system of traffic control devices adopted by the Department of Transportation pursuant to this chapter.

(2) Any nonconforming traffic control device in use by a nongovernmental entity prior to January 1, 1980, may be used for the remainder of its useful life, after which any replacement device shall conform to the uniform system of traffic control devices adopted by the Department of Transportation.

**History.**—s. 1, ch. 79-376.

**Note.**—Effective January 1, 1980.

**316.075 Traffic control signal devices.—**Except for automatic warning signal lights installed or to be installed at railroad crossings, whenever traffic, including municipal traffic, is controlled by traffic control signals exhibiting different colored lights, or colored lighted arrows, successively one at a time or in combination, only the colors green, red and yellow shall be used, except for special pedestrian signals carrying a word legend, and the lights shall

indicate and apply to drivers of vehicles and pedestrians as follows:

**(1) GREEN INDICATION.—**

(a) Vehicular traffic facing a circular green signal may proceed cautiously straight through or turn right or left unless a sign at such place prohibits either such turn. But vehicular traffic, including vehicles turning right or left, shall yield the right-of-way to other vehicles and to pedestrians lawfully within the intersection or an adjacent crosswalk at the time such signal is exhibited.

(b) Vehicular traffic facing a green arrow signal, shown alone or in combination with another indication, as directed by the manual, may cautiously enter the intersection only to make the movement indicated by such arrow, or such other movement as is permitted by other indications shown at the same time. Such vehicular traffic shall yield the right-of-way to pedestrians lawfully within an adjacent crosswalk and to other traffic lawfully using the intersection.

(c) Unless otherwise directed by a pedestrian control signal as provided in s. 316.0755, pedestrians facing any green signal, except when the sole green signal is a turn arrow, may proceed across the roadway within any marked or unmarked crosswalk.

**(2) STEADY YELLOW INDICATION.—**

(a) Vehicular traffic facing a steady yellow signal is thereby warned that the related green movement is being terminated or that a red indication will be exhibited immediately thereafter when vehicular traffic shall not enter the intersection.

(b) Pedestrians facing a steady yellow signal, unless otherwise directed by a pedestrian control signal as provided in s. 316.0755, are thereby advised that there is insufficient time to cross the roadway before a red indication is shown and no pedestrian shall start to cross the roadway.

**(3) STEADY RED INDICATION.—**

(a) Vehicular traffic facing a steady red signal shall stop before entering the crosswalk on the near side of the intersection or, if none, then before entering the intersection and shall remain standing until a green indication is shown; however:

1. The driver of a vehicle which is stopped at a clearly marked stop line, but if none, before entering the crosswalk on the near side of the intersection, or, if none then at the point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersecting roadway before entering the intersection in obedience to a steady red signal may make a right turn, but shall yield the right-of-way to pedestrians and other traffic proceeding as directed by the signal at said intersection, except that municipal and county authorities may prohibit any such right turn against a steady red signal at any intersection, which prohibition shall be effective when a sign giving notice thereof is attached to the traffic control signal device at said intersection.

2. The driver of a vehicle on a one-way street which intersects another one-way street on which traffic moves to the left shall stop in obedience to a steady red signal, but may then make a left turn into the one-way street, but shall yield the right-of-way to pedestrians and other traffic proceeding as directed by the signal at the intersection, except that municipi-

pal and county authorities may prohibit any such left turn as described, which prohibition shall be effective when a sign giving notice thereof is attached to the traffic control signal device at the intersection.

(b) Unless otherwise directed by a pedestrian control signal as provided in s. 316.0755, pedestrians facing a steady red signal shall not enter the roadway.

(4) In the event an official traffic control signal is erected and maintained at a place other than an intersection, the provisions of this section shall be applicable except as to those provisions which by their nature can have no application. Any stop required shall be made at a sign or marking on the pavement indicating where the stop shall be made, but in the absence of any such sign or marking the stop shall be made at the signal.

(5)(a) No traffic control signal device shall be used which does not exhibit a yellow or "caution" light between the green or "go" signal and the red or "stop" signal.

(b) No traffic control signal device shall display other than the color red at the top of the vertical signal, nor shall it display other than the color red at the extreme left of the horizontal signal.

**History.**—s. 1, ch. 71-135; s. 1, ch. 71-376; ss. 1, 15, ch. 76-31.  
**Note.**—Former s. 316.138.

**316.0755 Pedestrian control signals.**—Whenever special pedestrian control signals exhibiting the words "walk" or "don't walk" are in place, such signals shall indicate as follows:

(1) **WALK.**—Pedestrians facing such signal may proceed across the roadway in the direction of the signal and shall be given the right-of-way by the driver of any vehicle except an emergency vehicle.

(2) **DON'T WALK.**—No pedestrian shall start to cross the roadway in the direction of such signal, but any pedestrian who has partially completed his crossing on the "walk" signal may proceed to a sidewalk or safety zone while the "don't walk" signal is showing.

**History.**—s. 1, ch. 71-135; s. 1, ch. 76-31.  
**Note.**—Former s. 316.132.

**316.076 Flashing signals.**—Whenever an illuminated flashing red or yellow signal is used in a traffic sign or signal it shall require obedience by vehicular traffic as follows:

(1) **FLASHING RED (STOP SIGNAL).**—When a red lens is illuminated with rapid intermittent flashes, drivers of vehicles shall stop at a clearly marked stop line, but if none, before entering the crosswalk on the near side of the intersection, or if none, then at the point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersecting roadway before entering the intersection, and the right to proceed shall be subject to the rules applicable after making a stop at a stop sign.

(2) **FLASHING YELLOW (CAUTION SIGNAL).**—When a yellow lens is illuminated with rapid intermittent flashes, drivers of vehicles may proceed through the intersection or past such signal only with caution.

(3) This section shall not apply at railroad grade crossings. Conduct of drivers of vehicles approaching

railroad grade crossings shall be governed by the rules as set forth in ss. 316.158 and 316.159.

**History.**—s. 1, ch. 71-135; s. 1, ch. 76-31.  
**Note.**—Former s. 316.133.

**316.0765 Lane direction control signals.**—When lane direction control signals are placed over the individual lanes of a street or highway, vehicular traffic may travel in any lane or lanes over which a green signal is shown, but shall not enter or travel in any lane or lanes over which a red signal is shown.

**History.**—s. 1, ch. 71-135; s. 1, ch. 76-31.  
**Note.**—Former s. 316.134.

**316.077 Display of unauthorized signs, signals or markings.**—

(1) No person shall place, maintain or display upon or in view of any highway any unauthorized sign, signal, marking or device which purports to be or is an imitation of or resembles an official traffic control device or railroad sign or signal, or which attempts to direct the movement of traffic, or which hides from view or interferes with the effectiveness of any official traffic control device or any railroad sign or signal.

(2) No person shall place or maintain nor shall any public authority permit upon any highway any traffic sign or signal bearing thereon any commercial advertising.

(3) This section shall not be deemed to prohibit the erection upon private property adjacent to highways of signs giving useful directional information and of a type that cannot be mistaken for official signs.

(4) Every such prohibited sign, signal or marking is declared to be a public nuisance and the authority having jurisdiction over the highway is empowered to remove the same or cause it to be removed without notice.

**History.**—s. 1, ch. 71-135; s. 1, ch. 76-31.  
**Note.**—Former s. 316.135.

**316.0775 Interference with official traffic control devices or railroad signs or signals.**—No person shall, without lawful authority, attempt to or in fact alter, deface, injure, knock down or remove any official traffic control device or any railroad sign or signal or any inscription, shield or insignia thereon, or any other part thereof.

**History.**—s. 1, ch. 71-135; s. 1, ch. 76-31.  
**Note.**—Former s. 316.136.

**316.078 Detour signs to be respected.**—It is unlawful to tear down or deface any detour sign or to break down or drive around any barricade erected for the purpose of closing any section of a public street or highway to traffic during the construction or repair thereof or to drive over such section of public street or highway until again thrown open to public traffic. However, such restriction shall not apply to the person in charge of the construction or repairs.

**History.**—s. 1, ch. 71-135; s. 1, ch. 76-31.  
**Note.**—Former s. 316.056.

**316.079 Duty to yield to highway construction workers.**—Every driver of a vehicle shall yield the right-of-way to a pedestrian worker and flagman engaged in maintenance or construction work on a

highway whenever the driver is reasonably and lawfully notified of the presence of such worker by a flagman and a warning sign or device.

**History.**—s. 1, ch. 75-132; s. 1, ch. 76-31.

**Note.**—Former s. 316.0565.

**316.081 Driving on right side of roadway; exceptions.—**

(1) Upon all roadways of sufficient width, a vehicle shall be driven upon the right half of the roadway, except as follows:

(a) When overtaking and passing another vehicle proceeding in the same direction under the rules governing such movement;

(b) When an obstruction exists making it necessary to drive to the left of the center of the highway; provided any person so doing shall yield the right-of-way to all vehicles traveling in the proper direction upon the unobstructed portion of the highway within such distance as to constitute an immediate hazard;

(c) Upon a roadway divided into three marked lanes for traffic under the rules applicable thereon; or

(d) Upon a roadway designated and signposted for one-way traffic.

(2) Upon all roadways, any vehicle proceeding at less than the normal speed of traffic at the time and place and under the conditions then existing shall be driven in the right-hand lane then available for traffic or as close as practicable to the right-hand curb or edge of the roadway except when overtaking and passing another vehicle proceeding in the same direction or when preparing for a left turn at an intersection or into a private road or driveway.

(3) Upon any roadway having four or more lanes for moving traffic and providing for two-way movement of traffic, no vehicle shall be driven to the left of the centerline of the roadway, except when authorized by official traffic control devices designating certain lanes to the left side of the center of the roadway for use by traffic not otherwise permitted to use such lanes, or except as permitted under paragraph (b) of subsection (1). However, this subsection shall not be construed as prohibiting the crossing of the centerline in making a left turn into or from an alley, private road, or driveway.

**History.**—s. 1, ch. 71-135.

**316.082 Passing vehicles proceeding in opposite directions.**—Drivers of vehicles proceeding in opposite directions shall pass each other to the right; and upon roadways having width for not more than one line of traffic in each direction, each driver shall give to the other at least one-half of the main-traveled portion of the roadway, as nearly as possible.

**History.**—s. 1, ch. 71-135.

**316.083 Overtaking and passing a vehicle.**—The following rules shall govern the overtaking and passing of vehicles proceeding in the same direction, subject to those limitations, exceptions, and special rules hereinafter stated:

(1) The driver of a vehicle overtaking another vehicle proceeding in the same direction shall pass to the left thereof at a safe distance and shall not again drive to the right side of the roadway until

safely clear of the overtaken vehicle.

(2) Except when overtaking and passing on the right is permitted, the driver of an overtaken vehicle shall give way to the right in favor of the overtaking vehicle, on audible signal or upon the visible blinking of the headlamps of the overtaking vehicle if such overtaking is being attempted at nighttime, and shall not increase the speed of his vehicle until completely passed by the overtaking vehicle.

**History.**—s. 1, ch. 71-135.

**316.084 When overtaking on the right is permitted.—**

(1) The driver of a vehicle may overtake and pass on the right of another vehicle only under the following conditions:

(a) When the vehicle overtaken is making or about to make a left turn;

(b) Upon a street or highway with unobstructed pavement not occupied by parked vehicles of sufficient width for two or more lines of moving traffic in each direction;

(c) Upon a one-way street, or upon any roadway on which traffic is restricted to one direction of movement, where the roadway is free from obstructions and of sufficient width for two or more lines of moving vehicles.

(2) The driver of a vehicle may overtake and pass another vehicle on the right only under conditions permitting such movement in safety. In no event shall such movement be made by driving off the pavement or main-traveled portion of the roadway.

**History.**—s. 1, ch. 71-135.

**316.085 Limitations on overtaking, passing, changing lanes and changing course.—**

(1) No vehicle shall be driven to the left side of the center of the roadway in overtaking and passing another vehicle proceeding in the same direction unless authorized by the provisions of this chapter and unless such left side is clearly visible and is free of oncoming traffic for a sufficient distance ahead to permit such overtaking and passing to be completely made without interfering with the operation of any vehicle approaching from the opposite direction of any vehicle overtaken. In every event the overtaking vehicle must return to an authorized lane of travel as soon as practicable and, in the event the passing movement involves the use of a lane authorized for vehicles approaching from the opposite direction, before coming within 200 feet of any approaching vehicle.

(2) No vehicle shall be driven from a direct course in any lane on any highway until the driver has determined that the vehicle is not being approached or passed by any other vehicle in the lane or on the side to which the driver desires to move and that the move can be completely made with safety and without interfering with the safe operation of any vehicle approaching from the same direction.

**History.**—s. 1, ch. 71-135.

**316.087 Further limitations on driving to left of center of roadway.—**

(1) No vehicle shall at any time be driven to the left side of the roadway under the following conditions:

(a) When approaching or upon the crest of a grade or upon a curve in the highway where the driver's view is obstructed within such distance as to create a hazard in the event another vehicle might approach from the opposite direction;

(b) When approaching within 100 feet of or traversing any intersection or railroad grade crossing, except that this section shall not apply to any intersection on a state or county-maintained highway located outside city limits unless such intersection is marked by an official Department of Transportation or county road department traffic control device indicating an intersection either by symbol or by words and such marking is placed at least 100 feet before the intersection;

(c) When the view is obstructed upon approaching within 100 feet of any bridge, viaduct, or tunnel.

(2) The foregoing limitations shall not apply upon a one-way roadway, nor when an obstruction exists making it necessary to drive to the left of the center of the highway, nor to the driver of a vehicle turning left into or from an alley, private road or driveway.

History.—s. 1, ch. 71-135.

### 316.0875 No-passing zones.—

(1) The Department of Transportation and local authorities are authorized to determine those portions of any highway under their respective jurisdiction where overtaking and passing or driving to the left of the roadway would be especially hazardous and may, by appropriate signs or markings on the roadway, indicate the beginning and end of such zones, and when such signs or markings are in place and clearly visible to an ordinarily observant person, every driver of a vehicle shall obey the directions thereof.

(2) Where signs or markings are in place to define a no-passing zone as set forth in subsection (1), no driver shall at any time drive on the left side of the roadway with such no-passing zone or on the left side of any pavement striping designed to mark such no-passing zone throughout its length.

(3) This section does not apply when an obstruction exists making it necessary to drive to the left of the center of the highway, nor to the driver of a vehicle turning left into or from an alley, private road or driveway.

History.—s. 1, ch. 71-135; s. 1, ch. 76-31.

Note.—Former s. 316.086.

### 316.088 One-way roadways and rotary traffic islands.—

(1) The Department of Transportation and local authorities, with respect to highways under their respective jurisdictions, may designate any highway, roadway, part of a roadway, or specific lanes upon which vehicular traffic shall proceed in one direction at such times as shall be indicated by official traffic control devices.

(2) Upon a roadway so designated for one-way traffic, a vehicle shall be driven only in the direction designated at such times as shall be indicated by official traffic control devices.

(3) A vehicle passing around a rotary traffic island shall be driven only to the right of such island.

History.—s. 1, ch. 71-135.

**316.089 Driving on roadways laned for traffic.**—Whenever any roadway has been divided into two or more clearly marked lanes for traffic, the following rules, in addition to all others consistent herewith, shall apply:

(1) A vehicle shall be driven as nearly as practicable entirely within a single lane and shall not be moved from such lane until the driver has first ascertained that such movement can be made with safety.

(2) Upon a roadway which is divided into three lanes and provides for two-way movement of traffic, a vehicle shall not be driven in the center lane except when overtaking and passing another vehicle traveling in the same direction when such center lane is clear of traffic within a safe distance, when in preparation for making a left turn, or where such center lane is at the time allocated exclusively to traffic moving in the same direction that the vehicle is proceeding and such allocation is designated by official traffic control devices.

(3) Official traffic control devices may be erected directing specified traffic to use a designated lane or designating those lanes to be used by traffic moving in a particular direction regardless of the center of the roadway; and drivers of vehicles shall obey the directions of every such device.

(4) Official traffic control devices may be installed prohibiting the changing of lanes on sections of roadway, and drivers of vehicles shall obey the directions of every such device.

History.—s. 1, ch. 71-135.

### 316.0895 Following too closely.—

(1) The driver of a motor vehicle shall not follow another vehicle more closely than is reasonable and prudent, having due regard for the speed of such vehicles and the traffic upon, and the condition of, the highway.

(2) It is unlawful for the driver of any motor truck, motor truck drawing another vehicle, or vehicle towing another vehicle or trailer, when traveling upon a roadway outside of a business or residence district, to follow within 300 feet of another motor truck, motor truck drawing another vehicle, or vehicle towing another vehicle or trailer. The provisions of this subsection shall not be construed to prevent overtaking and passing nor shall the same apply upon any lane specially designated for use by motor trucks or other slow-moving vehicles.

(3) Motor vehicles being driven upon any roadway outside of a business or residence district in a caravan or motorcade, whether or not towing other vehicles, shall be so operated as to allow sufficient space between each such vehicle or combination of vehicles as to enable any other vehicle to enter and occupy such space without danger. This provision shall not apply to funeral processions.

History.—s. 1, ch. 71-135; s. 1, ch. 76-31.

Note.—Former s. 316.092.

**316.090 Driving on divided highways.—**

Whenever any highway has been divided into two or more roadways by leaving an intervening space or by a physical barrier or clearly indicated dividing section so constructed as to impede vehicular traffic, every vehicle shall be driven only upon the right-hand roadway unless directed or permitted to use another roadway by official traffic control devices or police officers. No vehicle shall be driven over, across or within any such dividing space, barrier or section, except through an opening in such physical barrier or dividing section or space or at a crossover or intersection as established, unless specifically authorized by public authority.

History.—s. 1, ch. 71-135.

**316.091 Limited access.**—No person shall drive a vehicle onto or from any limited access roadway except at such entrances and exits as are established by public authority.

History.—s. 1, ch. 71-135.

**316.121 Vehicles approaching or entering intersections.—**

(1) The driver of a vehicle approaching an intersection shall yield the right-of-way to a vehicle which has entered the intersection from a different highway.

(2) When two vehicles enter an intersection from different highways at the same time the driver of the vehicle on the left shall yield the right-of-way to the vehicle on the right.

(3) The driver of a vehicle about to enter or cross a state-maintained road or highway from a paved or unpaved road and not subject to control by an official traffic control device shall yield the right-of-way to all vehicles approaching on the state-maintained road or highway.

(4) The driver of a vehicle about to enter or cross a paved county- or city-maintained road or highway from an unpaved road or highway and not subject to control by an official traffic control device shall yield the right-of-way to all vehicles approaching on said paved road or highway.

(5) The foregoing rules are modified at through highways and otherwise, as hereinafter stated.

History.—s. 1, ch. 71-135.

**316.122 Vehicle turning left.**—The driver of a vehicle intending to turn to the left within an intersection or into an alley, private road, or driveway shall yield the right-of-way to any vehicle approaching from the opposite direction which is within the intersection or so close thereto as to constitute an immediate hazard.

History.—s. 1, ch. 71-135.

**316.123 Vehicle entering stop or yield intersection.—**

(1) The right-of-way at an intersection may be indicated by stop signs or yield signs as authorized in s. 316.006.

(2)(a) Except when directed to proceed by a police officer or traffic control signal, every driver of a vehicle approaching a stop intersection indicated by a stop sign shall stop at a clearly marked stop line, but if none, before entering the crosswalk on the near

side of the intersection or, if none, then at the point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersecting roadway before entering the intersection. After having stopped, the driver shall yield the right-of-way to any vehicle which has entered the intersection from another highway or which is approaching so closely on said highway as to constitute an immediate hazard during the time when the driver is moving across or within the intersection.

(b) At a four-way stop intersection, the driver of the first vehicle to stop at the intersection shall be the first to proceed. If two or more vehicles reach the four-way stop intersection at the same time, the driver of the vehicle on the left shall yield the right-of-way to the vehicle on the right.

(3) The driver of a vehicle approaching a yield sign shall, in obedience to such sign, slow down to a speed reasonable for the existing conditions and, if required for safety to stop, shall stop before entering the crosswalk on the near side of the intersection, or, if none, then at the point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersecting roadway. After slowing or stopping, the driver shall yield the right-of-way to any vehicle in the intersection or approaching on another highway so closely as to constitute an immediate hazard during the time the driver is moving across or within the intersection. If such a driver is involved in a collision with a pedestrian in a crosswalk or a vehicle in the intersection, after driving past a yield sign without stopping, the collision shall be deemed prima facie evidence of his failure to yield the right-of-way.

History.—s. 1, ch. 71-135; s. 1, ch. 77-229.

**316.1235 Vehicle approaching intersection in which traffic lights are inoperative.—**

The driver of a vehicle approaching an intersection in which the traffic lights are inoperative shall stop in the manner indicated in s. 316.123(2) for approaching a stop intersection. In the event that only some of the traffic lights within an intersection are inoperative, the driver of a vehicle approaching an inoperative light shall stop in the above-prescribed manner.

History.—s. 2, ch. 77-229.

**316.125 Vehicle entering highway from private road or driveway or emerging from alley, driveway or building.—**

(1) The driver of a vehicle about to enter or cross a highway from an alley, building, private road or driveway shall yield the right-of-way to all vehicles approaching on the highway to be entered which are so close thereto as to constitute an immediate hazard.

(2) The driver of a vehicle emerging from an alley, building, private road or driveway within a business or residence district shall stop the vehicle immediately prior to driving onto a sidewalk or onto the sidewalk area extending across the alley, building entrance, road or driveway, or in the event there is no sidewalk area, shall stop at the point nearest the street to be entered where the driver has a view of approaching traffic thereon and shall yield to all

vehicles and pedestrians which are so close thereto as to constitute an immediate hazard.

History.—s. 1, ch. 71-135.

**316.126 Operation of vehicles and actions of pedestrians on approach of authorized emergency vehicle.—**

(1) Upon the immediate approach of an authorized emergency vehicle, while en route to meet an existing emergency, the driver of every other vehicle shall, when such emergency vehicle is giving audible signals by siren, exhaust whistle, or other adequate device, yield the right-of-way to the emergency vehicle and shall immediately proceed to a position parallel to, and as close as reasonable to the closest edge of the curb of the roadway, clear of any intersection and shall stop and remain in position until the authorized emergency vehicle has passed, unless otherwise directed by any law enforcement officer.

(2) Every pedestrian using the road right-of-way shall yield the right-of-way until the authorized emergency vehicle has passed, unless otherwise directed by any police officer.

(3) Any authorized emergency vehicle, when en route to meet an existing emergency, shall warn all other vehicular traffic along the emergency route by an audible signal, siren, exhaust whistle, or other adequate device. While en route to such emergency, the emergency vehicle shall otherwise proceed in a manner consistent with the laws regulating vehicular traffic upon the highways of this state.

(4) Nothing herein contained shall diminish or enlarge any rules of evidence or liability in any case involving the operation of an emergency vehicle.

(5) This section shall not operate to relieve the driver of an authorized emergency vehicle from the duty to drive with due regard for the safety of all persons using the highway.

History.—s. 1, ch. 71-135.

**316.130 Pedestrian obedience to traffic control devices and traffic regulations.—**

(1) A pedestrian shall obey the instructions of any official traffic control device specifically applicable to him unless otherwise directed by a police officer.

(2) Pedestrians shall be subject to traffic control signals at intersections as provided in s. 316.075, but at all other places pedestrians shall be accorded the privileges and be subject to the restrictions stated in this chapter.

(3) Where sidewalks are provided, no pedestrian shall, unless required by other circumstances, walk along and upon the portion of a roadway paved for vehicular traffic.

(4) Where sidewalks are not provided, any pedestrian walking along and upon a highway shall, when practicable, walk only on the shoulder on the left side of the roadway in relation to the pedestrian's direction of travel, facing traffic which may approach from the opposite direction.

(5) No person shall stand in the portion of a roadway paved for vehicular traffic for the purpose of soliciting a ride, employment, or business from the occupant of any vehicle.

(6) No person shall stand on or in proximity to a street or highway for the purpose of soliciting the

watching or guarding of any vehicle while parked or about to be parked on a street or highway.

(7) When traffic control signals are not in place or in operation, the driver of a vehicle shall yield the right-of-way, slowing down or stopping if need be to so yield, to a pedestrian crossing the roadway within a crosswalk when the pedestrian is upon the half of the roadway upon which the vehicle is traveling or when the pedestrian is approaching so closely from the opposite half of the roadway as to be in danger. Any pedestrian crossing a roadway at a point where a pedestrian tunnel or overhead pedestrian crossing has been provided shall yield the right-of-way to all vehicles upon the roadway.

(8) No pedestrian shall suddenly leave a curb or other place of safety and walk or run into the path of a vehicle which is so close that it is impossible for the driver to yield.

(9) Whenever any vehicle is stopped at a marked crosswalk or at any unmarked crosswalk at an intersection to permit a pedestrian to cross the roadway, the driver of any other vehicle approaching from the rear shall not overtake and pass such stopped vehicle.

(10) Every pedestrian crossing a roadway at any point other than within a marked crosswalk or within an unmarked crosswalk at an intersection shall yield the right-of-way to all vehicles upon the roadway.

(11) Between adjacent intersections at which traffic control signals are in operation, pedestrians shall not cross at any place except in a marked crosswalk.

(12) No pedestrian shall, except in a marked crosswalk, cross a roadway at any other place than by a route at right angles to the curb or by the shortest route to the opposite curb.

(13) Pedestrians shall move, whenever practicable, upon the right half of crosswalks.

(14) No pedestrian shall cross a roadway intersection diagonally unless authorized by official traffic control devices, and, when authorized to cross diagonally, pedestrians shall cross only in accordance with the official traffic control devices pertaining to such crossing movements.

(15) Notwithstanding the foregoing provisions of this section, every driver of a vehicle shall exercise due care to avoid colliding with any pedestrian upon any roadway and shall give warning by sounding the horn when necessary and exercise proper precaution upon observing any child or any obviously confused or incapacitated person upon a roadway.

(16) No pedestrian shall enter or remain upon any bridge or approach thereto beyond the bridge signal, gate, or barrier after a bridge operation signal indication has been given. No pedestrian shall pass through, around, over, or under any crossing gate or barrier at a railroad grade crossing or bridge while such gate or barrier is closed or is being opened or closed.

History.—s. 1, ch. 71-135; ss. 1, 8, ch. 76-31.

Note.—Former s. 316.057.

**316.1355 Driving through safety zone prohib-**

ited.—No vehicle shall at any time be driven through or within a safety zone.

History.—s. 1, ch. 71-135; s. 1, ch. 76-31.  
Note.—Former s. 316.113.

**316.151 Required position and method of turning at intersections.**—The driver of a vehicle intending to turn at an intersection shall do so as follows:

(1) Both the approach for a right turn and a right turn shall be made as close as practicable to the right-hand curb or edge of the roadway.

(2) The driver of a vehicle intending to turn left at any intersection shall approach the intersection in the extreme left-hand lane lawfully available to traffic moving in the direction of travel of such vehicle, and, after entering the intersection, the left turn shall be made so as to leave the intersection in a lane lawfully available to traffic moving in such direction upon the roadway being entered. Whenever practicable the left turn shall be made in that portion of the intersection to the left of the center of the intersection.

(3) The state, county, and local authorities in their respective jurisdictions may cause official traffic control devices to be placed within or adjacent to intersections and thereby require and direct that a different course from that specified in this section be traveled by vehicles turning at an intersection. When such devices are so placed, no driver of a vehicle shall turn a vehicle at an intersection other than as directed and required by such devices.

History.—s. 1, ch. 71-135.

**316.1515 Limitations on turning around.**—The driver of any vehicle shall not turn the vehicle so as to proceed in the opposite direction upon any street in a business district and shall not upon any other street so turn a vehicle unless such movement can be made in safety and without interfering with other traffic.

History.—s. 1, ch. 71-135; s. 1, ch. 76-31.  
Note.—Former s. 316.153.

**316.152 Turning on curve or crest of grade prohibited.**—No vehicle shall be turned so as to proceed in the opposite direction upon any curve, or upon the approach to, or near, the crest of a grade, where such vehicle cannot be seen by the driver of any other vehicle approaching from either direction within 500 feet.

History.—s. 1, ch. 71-135.

**316.154 Starting parked vehicle.**—No person shall start a vehicle which is stopped, standing, or parked, unless and until such movement can be made with reasonable safety.

History.—s. 1, ch. 71-135.

**316.155 When signal required.**—

(1) No person shall turn a vehicle from a direct course upon a highway unless and until such movement can be made with reasonable safety, and then only after giving an appropriate signal in the manner hereinafter provided, in the event any other vehicle may be affected by the movement.

(2) A signal of intention to turn right or left shall be given continuously during not less than the last

100 feet traveled by the vehicle before turning.

(3) No person shall stop or suddenly decrease the speed of a vehicle without first giving an appropriate signal in the manner provided herein to the driver of any vehicle immediately to the rear, when there is opportunity to give such signal.

(4) The signals provided for in s. 316.156 shall be used to indicate an intention to turn and shall not, except as provided in s. 316.2397, be flashed on one side only on a parked or disabled vehicle or flashed as a courtesy or "do pass" signal to operators of other vehicles approaching from the rear.

History.—s. 1, ch. 71-135; s. 16, ch. 76-31.

**316.156 Signals by hand and arm or signal lamps.**—

(1) Any stop or turn signal when required herein shall be given either by means of the hand and arm or by signal lamps, except as otherwise provided in subsection (2).

(2) Any motor vehicle in use on a highway shall be equipped with, and required signal shall be given by, signal lamps when the distance from the center of the top of the steering post to the left outside limit of the body, cab or load of such motor vehicle exceeds 24 inches, or when the distance from the center of the top of the steering post to the rear limit of the body or load thereof exceeds 14 feet. The latter measurement shall apply to any single vehicle and also to any combination of vehicles.

History.—s. 1, ch. 71-135.

**316.157 Method of giving hand and arm signals.**—All signals herein required to be given by hand and arm shall be given from the left side of the vehicle in the following manner and such signals shall indicate as follows:

(1) **LEFT TURN.**—Hand and arm extended horizontally.

(2) **RIGHT TURN.**—Hand and arm extended upward.

(3) **STOP OR DECREASE SPEED.**—Hand and arm extended downward.

History.—s. 1, ch. 71-135.

**316.1575 Obedience to signal indicating approach of train.**—

(1) Whenever any person driving a vehicle approaches a railroad grade crossing under any of the circumstances stated in this section, he shall stop within 50 feet but not less than 15 feet from the nearest rail of such railroad, and shall not proceed until he can do so safely. The foregoing requirements shall apply when:

(a) A clearly visible electric or mechanical signal device gives warning of the immediate approach of a railroad train;

(b) A crossing gate is lowered or a human flagman gives or continues to give a signal of the approach or passage of a railroad train;

(c) A railroad train approaching within approximately 1,500 feet of the highway crossing emits a signal audible from such distance, and the railroad train, by reason of its speed or nearness to the crossing, is an immediate hazard;

(d) An approaching railroad train is plainly visible and is in hazardous proximity to the crossing.

(2) No person shall drive any vehicle through, around, or under any crossing gate or barrier at a railroad crossing while the gate or barrier is closed or is being opened or closed.

History.—s. 1, ch. 71-135; s. 1, ch. 76-31.  
Note.—Former s. 316.054.

**316.158 All vehicles to stop at certain railroad grade crossings.**—The Department of Transportation and local authorities, in conformity to criteria promulgated by the Department of Transportation, are authorized to designate particularly dangerous highway grade crossings of railroads for the purpose of erecting traffic control devices. When such devices are erected, the driver of any vehicle, when directed to stop, shall stop within 50 feet but not less than 15 feet from the nearest rail of the railroad and shall proceed only upon exercising due care.

History.—s. 1, ch. 71-135.

**316.159 Certain vehicles to stop at all railroad grade crossings.**—

(1) The driver of any motor vehicle carrying passengers for hire, excluding taxicabs, of any school bus carrying any school child, or of any vehicle carrying explosive substances or flammable liquids as a cargo or part of a cargo, before crossing at grade any track or tracks of a railroad, shall stop such vehicle within 50 feet but not less than 15 feet from the nearest rail of the railroad and, while so stopped, shall listen and look in both directions along the track for any approaching train, and for signals indicating the approach of a train, except as hereinafter provided, and shall not proceed until he can do so safely. After stopping as required herein and upon proceeding when it is safe to do so, the driver of any such vehicle shall cross only in a gear of the vehicle so that there will be no necessity for changing gears while traversing the crossing, and the driver shall not shift gears while crossing the track or tracks.

(2) No stop need be made at any such crossing where a police officer, a traffic control signal, or a sign directs traffic to proceed. However, any school bus carrying any school child shall be required to stop unless directed to proceed by a police officer.

History.—s. 1, ch. 71-135; s. 1, ch. 78-52.

**316.170 Moving heavy equipment at railroad grade crossings.**—

(1) No person shall operate or move any crawler-type tractor, steam shovel, derrick, or roller, or any equipment or structure having a normal operating speed of 10 or less miles per hour or a vertical body or load clearance of less than  $\frac{1}{2}$  inch per foot of the distance between any two adjacent axles or in any event of less than 9 inches, measured above the level surface of a roadway, upon or across any tracks at a railroad grade crossing without first complying with this section.

(2) Notice of any such intended crossing shall be given to a station agent or other proper authority of the railroad, and a reasonable time shall be given to the railroad to provide proper protection at the crossing.

(3) Before making any such crossing the person operating or moving any such vehicle or equipment

shall first stop the same not less than 15 feet nor more than 50 feet from the nearest rail of the railroad and while so stopped shall listen and look in both directions along the track for any approaching train and for signals indicating the approach of a train, and shall not proceed until the crossing can be made safely.

(4) No such crossing shall be made when warning is being given by automatic signal or crossing gates or a flagman or otherwise of the immediate approach of a railroad train or car. If a flagman is provided by the railroad, movement over the crossing shall be under his direction.

History.—s. 1, ch. 71-135; s. 1, ch. 76-31.

Note.—Former s. 316.055.

**316.171 Signs at dangerous crossings.**—Every railroad company operating or leasing any track intersecting a public road at grade and falling within the purview of ss. 316.158 and 316.159 shall place and maintain a suitable signboard on each side of the track or tracks on the right side of the highway not less than 10 feet from the ground and 40 inches by 50 inches, 200 feet from the crossing, which said board shall be painted with black lettering and white background with the following inscription thereon: STOP—RAILROAD CROSSING—FLORIDA LAW. For use at night the signboard shall be equipped with a suitable mirror reflector of such size, color, and description as may be approved by the Department of Transportation for use at railroad crossings, so designated that same will reflect the rays of a motor vehicle headlight. Where railroad warning signs have already been placed, or shall hereafter be placed, at any railroad crossing by the Department of Transportation, the railroad companies shall not be required to erect or maintain additional signs or reflectors at such crossings.

History.—s. 1, ch. 71-135; s. 1, ch. 76-31.

Note.—Former s. 316.137.

**316.172 Traffic to stop for school bus.**—

(1) Any person using, operating, or driving a motor vehicle on or over the roads or highways of this state shall, upon approaching any school bus used in transporting school pupils to or from school which is properly identified in substantial accordance with the provisions of s. 234.051, and which displays a stop signal, bring such motor vehicle to a full stop while the bus is stopped, and the motor vehicle shall not pass the school bus until the signal has been withdrawn.

(2) The driver of a vehicle upon a divided highway where the one-way roadways are separated by an intervening unpaved space of at least 5 feet or physical barrier need not stop upon meeting or passing a school bus which is on a different roadway.

(3) Every school bus shall stop as far to the right of the street as possible before discharging or loading passengers and, when possible, shall not stop where the visibility is obscured for a distance of 200 feet either way from the bus.

History.—s. 1, ch. 71-135; s. 1, ch. 76-31; s. 89, ch. 77-104.

Note.—Former s. 316.139.

### 316.183 Unlawful speed.—

(1) No person shall drive a vehicle on a highway at a speed greater than is reasonable and prudent under the conditions, and having regard to the actual and potential hazards, then existing. In every event, speed shall be controlled as may be necessary to avoid colliding with any person, vehicle, or other conveyance or object on or entering the highway in compliance with legal requirements and the duty of all persons to use due care.

(2) On all streets or highways, the maximum speed limits for all vehicles shall be 30 miles per hour in business or residential districts, and 55 miles per hour at any time at all other locations. The minimum speed limit on all highways which comprise a part of the national system of interstate and defense highways and have not less than four lanes shall be 40 miles per hour.

(3) No school bus shall exceed the maximum speed limits provided in subsection (2).

(4) The driver of every vehicle shall, consistent with the requirements of subsection (1), drive at an appropriately reduced speed when:

- (a) Approaching and crossing an intersection or railway grade crossing;
- (b) Approaching and going around a curve;
- (c) Approaching a hill crest;
- (d) Traveling upon any narrow or winding roadway; and

(e) Any special hazard exists with respect to pedestrians or other traffic, or by reason of weather or highway conditions.

(5) No person shall drive a motor vehicle at such a slow speed as to impede or block the normal and reasonable movement of traffic, except when reduced speed is necessary for safe operation or in compliance with law.

(6) No person shall operate any motor-driven cycle at nighttime at a speed greater than 35 miles per hour unless such motor-driven cycle is equipped with a headlamp or lamps which are adequate to reveal a person or vehicle at a distance of 300 feet ahead.

(7) No person shall operate a "moped," as defined in subsection 316.003(2), at a speed greater than 25 miles per hour.

History.—s. 1, ch. 71-135; s. 1, ch. 76-159; s. 3, ch. 76-218; s. 3, ch. 76-286; s. 1, ch. 77-174.

**316.185 Special hazards.**—The fact that the speed of a vehicle is lower than the prescribed limits shall not relieve the driver from the duty to decrease speed when approaching and crossing an intersection, when approaching and going around a curve, when approaching a hill crest, when traveling upon any narrow or winding roadway, or when special hazards exist or may exist with respect to pedestrians or other traffic or by reason of weather or other roadway conditions, and speed shall be decreased as may be necessary to avoid colliding with any person, vehicle, or other conveyance on or entering the street in compliance with legal requirements and the duty of all persons to use due care.

History.—s. 1, ch. 71-135.

### 316.187 Establishment of state speed zones.—

(1) Whenever the Department of Transportation determines, upon the basis of an engineering and traffic investigation, that any speed hereinafter set forth in s. 316.183(2) or (3), is greater or less than is reasonable or safe under the conditions found to exist at any intersection or other place, or upon any part of a highway outside of a municipality or upon any state roads, connecting links or extensions thereof within a municipality, the Department of Transportation may determine and declare a reasonable and safe speed limit thereat which shall be effective when appropriate signs giving notice thereof are erected at the intersection or other place or part of the highway.

(2) The Department of Transportation is authorized to set such maximum and minimum speed limits for travel over those roadways under its authority as it deems safe and advisable, not to exceed as a maximum limit 55 miles per hour, but the maximum limit shall be increased to not more than 70 m.p.h., in the event the Federal Congress approves such limits on limited access highways.

(3) Violation of the speed limits established pursuant to this section shall be punished as set forth in s. 316.655.

History.—s. 1, ch. 71-135; ss. 1, 18, ch. 76-31; s. 1, ch. 76-218; s. 1, ch. 77-174.  
Note.—Former s. 316.181.

### 316.189 Establishment of municipal and county speed zones.—

(1) **MUNICIPAL SPEED.**—The maximum speed within any municipality is 30 miles per hour in the daytime or nighttime. However, a municipality may set speed zones altering such speed, both as to maximum, not to exceed 55 miles per hour, and minimum, after investigation determines such a change is reasonable and in conformity to criteria promulgated by the Department of Transportation, except that no changes shall be made on state highways or connecting links or extensions thereof, which shall be changed only by the Department of Transportation.

(2) **SPEED ON COUNTY ROADS.**—The maximum speed on any county-maintained road is:

- (a) In any business or residence district, 30 miles per hour in the daytime or nighttime;
- (b) On any other part of a county road not a business or residence district, as set forth in s. 316.183.

However, the board of county commissioners may set speed zones altering such speeds, both as to maximum and minimum, after investigation determines such a change is reasonable and in conformity to criteria promulgated by the Department of Transportation, except that no such speed zone shall permit a speed of more than 55 miles per hour.

(3) **POSTING OF SPEED LIMITS.**—All speed zones shall be posted with clearly legible signs. No change in speeds from 30 miles per hour or from those established in s. 316.183 shall take effect until the zone is posted by the authority changing the speed pursuant to this section and s. 316.187. All signs which limit or establish speed limits, maximum and minimum, shall be so placed and so painted as to be plainly visible and legible in daylight or in darkness when illuminated by headlights.

(4) **PENALTY.**—Violation of the speed limits established pursuant to this section shall be punished as set forth in s. 316.655.

**History.**—s. 1, ch. 71-135; ss. 1, 19, ch. 76-31; s. 2, ch. 76-218.  
**Note.**—Former s. 316.182.

**316.1895 Establishment of school speed zones, enforcement; designation.—**

(1)(a) The Department of Transportation, pursuant to the authority granted under s. 316.0745, shall adopt a uniform system of traffic control devices and pedestrian control devices for use on the streets and highways in the state surrounding all schools, public and private.

(b) The Department of Transportation shall compile, publish, and transmit a manual containing all specifications and requirements with respect to the system of devices established pursuant to paragraph (a) to the governing body of each county and municipality in the state, and the Department of Transportation and each county and municipality in the state shall install and maintain such traffic and pedestrian control devices in conformity with such uniform system.

(2)(a) A school zone located on a state-maintained primary or secondary road shall be maintained by the Department of Transportation. However, nothing herein shall prohibit the Department of Transportation from entering into agreements with counties or municipalities whereby the local governmental entities would maintain specified school zones on state-maintained primary or secondary roads.

(b) The county shall have the responsibility to maintain a school zone located outside of any municipality and on a county road.

(c) A municipality shall have the responsibility to maintain a school zone located in a municipality.

(d) For the purposes of this section, the term "maintained" with respect to any school zone means the care and maintenance of all school zone signs, markers, traffic control devices, and pedestrian control devices.

(3)(a) A school zone maintained by a county shall be periodically inspected by the county sheriff's office or any other qualified agent to determine whether or not the school zone is being properly maintained.

(b) A school zone maintained by a municipality shall be periodically inspected by the municipal police department or any other qualified agent to determine whether or not the school zone is being properly maintained.

(4) No school zone speed limit shall be less than 15 miles per hour except by local regulation. Such speed limit shall be in force only during those times 30 minutes before and 30 minutes after the times necessary and corresponding to the periods of time when pupils are arriving at and leaving regularly scheduled school sessions.

(5) Permanent signs designating school zones and school zone speed limits shall be uniform in size and color, and shall have the times during which the restrictive speed limit is enforced clearly designated thereon. The Department of Transportation shall establish adequate standards for the signs.

(6) Portable signs designating school zones and

school zone speed limits shall be uniform in size and color. Such signs shall be erected on the roadway only during those hours when pupils are arriving at and leaving regularly scheduled school sessions. The Department of Transportation shall establish adequate standards for the signs.

(7) Nothing herein shall prohibit the use of automatic traffic control devices for the control of vehicular and pedestrian traffic at school crossings in lieu of permanent or portable school zone signs. The Department of Transportation shall establish standards for automatic flashing signals.

(8) All flags, belts, apparel, and devices issued, supplied, or furnished to pupils or persons acting in the capacity of school safety patrols, special school police, or special police appointed to control and direct traffic at or near schools, when used during periods of darkness, shall be made at least in part with retroreflective materials so as to be visible at night at 300 feet to approaching motorists when viewed under lawful low-beam headlights.

(9) No person shall drive a vehicle on a roadway designated as a school zone at a speed greater than posted in the school zone in accordance with this section. Violation of the speed limits established pursuant to this section shall be punishable as provided in s. 316.655.

**History.**—s. 1, ch. 71-135; s. 1, ch. 73-161; s. 1, ch. 74-63; s. 1, ch. 74-366; ss. 1, 19, ch. 76-31; s. 2, ch. 76-159.  
**Note.**—Former s. 316.184.

**316.1905 Electrical, mechanical, or other speed calculating devices; power of arrest; evidence.—**

(1) Whenever any peace officer engaged in the enforcement of the motor vehicle laws of this state uses an electronic, electrical, mechanical, or other device used to determine the speed of a motor vehicle on any highway, road, street, or other public way, such device shall be of a type approved by the department and shall have been tested to determine that it is operating accurately. Tests for this purpose shall be made not less than once each 6 months, according to procedures and at regular intervals of time prescribed by the department.

(2) Any police officer, upon receiving information relayed to him from a fellow officer stationed on the ground or in the air operating such a device that a driver of a vehicle has violated the speed laws of this state, may arrest the driver for violation of said laws where reasonable and proper identification of the vehicle and the speed of same has been communicated to the arresting officer.

(3)(a) A witness otherwise qualified to testify shall be competent to give testimony against an accused violator of the motor vehicle laws of this state when such testimony is derived from the use of such an electronic, electrical, mechanical, or other device used in the calculation of speed, upon showing that the speed calculating device which was used had been tested. However, the operator of any visual average speed computer device shall first be certified as a competent operator of such device by the department.

(b) Upon the production of a certificate, signed and witnessed, showing that such device was tested within the time period specified and that such device

was working properly, a presumption is established to that effect unless the contrary shall be established by competent evidence.

(c) Any person accused pursuant to the provisions of this section shall be entitled to have the officer actually operating the device appear in court and testify upon oral or written motion.

**History.**—s. 1, ch. 71-135; s. 1, ch. 76-31.

**Note.**—Former s. 316.058.

### 316.191 Racing on highways.—

(1) No person shall drive any vehicle in any race, speed competition or contest, drag race or acceleration contest, test of physical endurance, exhibition of speed or acceleration, or for the purpose of making a speed record, and no person shall in any manner participate in any such race, competition, contest, test, or exhibition.

(2) "Drag race" is defined as the operation of two or more vehicles from a point side by side at accelerating speeds in a competitive attempt to outdistance each other, or the operation of one or more vehicles over a common selected course, from the same point to the same point, for the purpose of comparing the relative speeds or power of acceleration of such vehicle or vehicles within a certain distance or time limit.

(3) "Racing" is defined as the use of one or more vehicles in an attempt to outgain, outdistance, or prevent another vehicle from passing, to arrive at a given destination ahead of another vehicle or vehicles, or to test the physical stamina or endurance of drivers over long-distance driving routes.

(4) This section does not apply to licensed or duly authorized racetracks, drag strips or other designated areas set aside by proper authorities for such purposes.

**History.**—s. 1, ch. 71-135; s. 1, ch. 76-31.

**Note.**—Former s. 316.186.

### 316.192 Reckless driving.—

(1) Any person who drives any vehicle in willful or wanton disregard for the safety of persons or property is guilty of reckless driving.

(2) Any person convicted of reckless driving shall be punished:

(a) Upon a first conviction, by imprisonment for a period of not more than 90 days or by fine of not less than \$25 nor more than \$500, or by both such fine and imprisonment.

(b) On a second or subsequent conviction, by imprisonment for not more than 6 months or by a fine of not less than \$50 nor more than \$1,000, or by both such fine and imprisonment.

**History.**—s. 1, ch. 71-135; s. 1, ch. 76-31.

**Note.**—Former s. 316.029.

### 316.1925 Careless driving.—

(1) Any person operating a vehicle upon the streets or highways within the state shall drive the same in a careful and prudent manner, having regard for the width, grade, curves, corners, traffic, and all other attendant circumstances, so as not to endanger the life, limb, or property of any person. Failure to drive in such manner shall constitute careless driving and a violation of this section.

(2) Any person found guilty of careless driving shall be punished as provided in s. 316.655.

**History.**—s. 1, ch. 71-135; ss. 1, 6, ch. 76-31.

**Note.**—Former s. 316.030.

### 316.193 Driving while under the influence of alcoholic beverages, model glue, or controlled substances.—

(1) It is unlawful and punishable as provided in subsection (2) for any person who is under the influence of alcoholic beverages, model glue, or any substance controlled under chapter 893, when affected to the extent that his normal faculties are impaired, to drive or be in the actual physical control of any vehicle within this state.

(2) Any person who is convicted of a violation of subsection (1) shall be punished:

(a) For first conviction thereof, by imprisonment for not more than 6 months or by a fine of not less than \$25 or more than \$500, or by both such fine and imprisonment.

(b) For a second conviction within a period of 3 years from the date of a prior conviction for violation of this section, by imprisonment for not less than 10 days nor more than 6 months and, in the discretion of the court, a fine of not more than \$500.

(c) For a third or subsequent conviction within a period of 5 years from the date of conviction of the first of three or more convictions for violations of this section, by imprisonment for not less than 30 days nor more than 12 months and, in the discretion of the court, a fine of not more than \$1,000.

(3) It is unlawful and punishable as provided in subsection (4) for any person with a blood alcohol level of 0.10 percent, or above, to drive or be in actual physical control of any vehicle within this state.

(4) Any person who is convicted of a violation of subsection (3) shall be punished:

(a) For first conviction thereof, by imprisonment for not more than 90 days or by a fine of not more than \$250, or by both such fine and imprisonment.

(b) For a second conviction within a period of 3 years from the date of a prior conviction for violation of this section, by imprisonment for not less than 10 days nor more than 6 months and, in the discretion of the court, a fine of not more than \$500.

(c) For a third or subsequent conviction within a period of 5 years from the date of conviction of the first of three or more convictions for violations of this section, by imprisonment for not less than 30 days nor more than 12 months and, in the discretion of the court, a fine of not more than \$500.

(5) At the discretion of the court, any person convicted of violating subsection (1) or subsection (3) may be required to attend an alcohol education course specified by the court and may be referred to an authorized agency for alcoholism evaluation and treatment in addition to any fine imposed under this section and shall be expected to assume reasonable costs for such evaluation and treatment; however, in no case shall the authorized agency for alcoholism treatment be the same agency which conducts the alcohol evaluation and education.

### 316.1935 Fleeing or attempting to elude a police officer.—

(1) It is unlawful for the operator of any motor vehicle upon a street or highway, having knowledge that he has been directed to stop such vehicle by a duly authorized police officer, willfully to refuse or fail to stop such vehicle in compliance with such directive or, having stopped in knowing compliance with such a directive, willfully to flee in an attempt to elude such officer, and any person violating this subsection shall, upon conviction, be punished by imprisonment in the county jail for a period not to exceed 1 year, or by fine not to exceed \$1,000, or by both such fine and imprisonment.

(2) The court may revoke the operator's or chauffeur's license of any person convicted of a violation of subsection (1) for a period not to exceed 1 year.

History.—s. 1, ch. 71-135; s. 1, ch. 76-31.

Note.—Former s. 316.019.

### 316.194 Stopping, standing or parking outside of municipalities.—

(1) Upon any highway outside of a municipality, no person shall stop, park, or leave standing any vehicle, whether attended or unattended, upon the paved or main-traveled part of the highway when it is practicable to stop, park, or so leave the vehicle off such part of the highway; but in every event an unobstructed width of the highway opposite a standing vehicle shall be left for the free passage of other vehicles, and a clear view of the stopped vehicle shall be available from a distance of 200 feet in each direction upon the highway.

(2) This section shall not apply to the driver or owner of any vehicle which is disabled while on the paved or main-traveled portion of a highway in such manner and to such extent that it is impossible to avoid stopping and temporarily leaving the disabled vehicle in such position, or to passenger-carrying buses temporarily parked while loading or discharging passengers, where highway conditions render such parking off the paved portion of the highway hazardous or impractical.

(3)(a) Whenever any police officer finds a vehicle standing upon a highway in violation of any of the foregoing provisions of this section, the officer is authorized to move the vehicle, or require the driver or other persons in charge of the vehicle to move the same, to a position off the paved or main-traveled part of the highway.

(b) Officers are hereby authorized to provide for the removal of any abandoned vehicle to the nearest garage or other place of safety, cost of such removal to be a lien against motor vehicle, when said abandoned vehicle is found unattended upon a bridge or causeway or in any tunnel, or on any public highway in the following instances:

1. Where such vehicle constitutes an obstruction of traffic;
2. Where such vehicle has been parked or stored on the public right-of-way for a period exceeding 48 hours, in other than designated parking areas, and is within 30 feet of the pavement edge; and
3. Where an operative vehicle has been parked or stored on the public right-of-way for a period ex-

ceeding 10 days, in other than designated parking areas, and is more than 30 feet from the pavement edge. However, the agency removing such vehicle shall be required to report same to the Department of Highway Safety and Motor Vehicles within 24 hours of such removal.

(c) Any vehicle moved under the provisions of this chapter which is a stolen vehicle shall not be subject to the provisions hereof unless the moving authority has reported to the Florida Highway Patrol the taking into possession of the vehicle within 24 hours of the moving of the vehicle.

History.—s. 1, ch. 71-135; s. 1, ch. 71-352; s. 1, ch. 76-31.

Note.—Former s. 316.124.

### 316.1945 Stopping, standing or parking prohibited in specified places.—

(1) Except when necessary to avoid conflict with other traffic, or in compliance with law or the directions of a police officer or official traffic control device, no person shall:

- (a) Stop, stand or park a vehicle:
  1. On the roadway side of any vehicle stopped or parked at the edge or curb of a street;
  2. On a sidewalk;
  3. Within an intersection;
  4. On a crosswalk;
  5. Between a safety zone and the adjacent curb or within 30 feet of points on the curb immediately opposite the ends of a safety zone, unless the Division of Road Operations of the Department of Transportation indicates a different length by signs or markings;
  6. Alongside or opposite any street excavation or obstruction when stopping, standing, or parking would obstruct traffic;
  7. Upon any bridge or other elevated structure upon a highway or within a highway tunnel;
  8. On any railroad tracks;
  9. At any place where official signs prohibit stopping.
- (b) Stand or park a vehicle, whether occupied or not, except momentarily to pick up or discharge a passenger or passengers:
  1. In front of a public or private driveway;
  2. Within 15 feet of a fire hydrant;
  3. Within 20 feet of a crosswalk at an intersection;
  4. Within 30 feet upon the approach to any flashing signal, stop sign or traffic control signal located at the side of a roadway;
  5. Within 20 feet of the driveway entrance to any fire station and on the side of a street opposite the entrance to any fire station within 75 feet of said entrance (when property signposted);
  6. At any place where official signs prohibit standing.
- (c) Park a vehicle, whether occupied or not, except temporarily for the purpose of, and while actually engaged in, loading or unloading merchandise or passengers:
  1. Within 50 feet of the nearest rail of a railroad crossing unless the Department of Transportation establishes a different distance due to unusual circumstances;
  2. At any place where official signs prohibit parking.

(2) No person shall move a vehicle not lawfully under his control into any such prohibited area or away from a curb such a distance as is unlawful.

(3) A law enforcement officer or parking enforcement specialist who discovers a vehicle parked in violation of this section or a municipal or county ordinance may:

(a) Issue a ticket form as may be used by a political subdivision or municipality to the driver; or

(b) If the vehicle is unattended, attach such ticket to the vehicle in a conspicuous place.

**Note.**—Former s. 316.160.

### 316.195 Additional parking regulations.—

(1) Except as otherwise provided in this section, every vehicle stopped or parked upon a two-way roadway shall be so stopped or parked with the right-hand wheels parallel to and within 12 inches of the right-hand curb or edge of the roadway.

(2) Except when otherwise provided by local ordinance, every vehicle stopped or parked upon a one-way roadway shall be so stopped or parked parallel to the curb or edge of the roadway, in the direction of authorized traffic movement, with its right-hand wheels within 12 inches of the right-hand curb or edge of the roadway, or its left wheels within 12 inches of the left-hand curb or edge of the roadway.

(3) Local authorities may, by ordinance, permit angle parking on any roadway, except that angle parking shall not be permitted on any state road unless the Department of Transportation has determined by resolution or order entered in its minutes that the roadway is of sufficient width to permit angle parking without interfering with the free movement of traffic.

**History.**—s. 1, ch. 71-135; s. 1, ch. 76-31.

**Note.**—Former s. 316.161.

### 316.1955 Parking spaces provided by governmental agencies for certain disabled persons.—

<sup>1</sup>(1) Each state agency and political subdivision having jurisdiction over street parking or publicly owned and operated parking facilities shall provide a minimum number of specially designed and marked motor vehicle parking spaces for the exclusive use of those severely physically disabled individuals with permanent mobility problems which substantially impair their ability to ambulate who have been issued an exemption entitlement parking permit pursuant to s. 320.0848.

<sup>1</sup>(2) The following minimum number of such parking spaces shall be provided:

(a) One space in the immediate vicinity of a building which houses a governmental entity or a political subdivision, including, but not limited to, state office buildings and courthouses, if no parking for the public is provided on the premises of such building;

(b) One space for each 150 metered on-street parking spaces; and

(c) For publicly maintained and operated parking facilities intended for public use and not subject to paragraph (a), 1 parking space for disabled persons for the first 20 parking spaces or fraction thereof, 1 additional parking space for disabled persons for the next 80 parking spaces or fraction thereof, 1

additional parking space for disabled persons for each 100 parking spaces or fraction thereof after the first 100 parking spaces, up to a total of 1,000 parking spaces, and 1 additional parking space for disabled persons for each 500 parking spaces or fraction thereof after the first 1,000 parking spaces. A minimum of four parking spaces for disabled persons shall be provided at physical restoration rehabilitation centers and hospitals.

(3) Such parking spaces shall be designed and located as follows:

(a) All spaces shall have accessible thereto a curb-ramp or curb-cut, when necessary to allow access to the building served, and shall be located so that users will not be compelled to wheel behind parked vehicles.

(b) Diagonal or perpendicular parking spaces shall be a minimum of 12 feet wide.

(c) Parallel parking spaces shall be located either at the beginning or end of a block or adjacent to alley entrances. Curbs adjacent to such spaces shall be of a height which will not interfere with the opening and closing of motor vehicle doors.

<sup>1</sup>(4) Each such parking space shall be prominently outlined with paint and posted with a fixed, non-movable sign of a color and design approved by the Department of Transportation, bearing the internationally accepted wheelchair symbol and the caption "PARKING BY DISABLED PERMIT ONLY."

<sup>2</sup>(5) The state building code and each county or municipal building code shall be construed to include the provisions for parking spaces as specified herein.

<sup>1</sup>(6) It is unlawful for any person to stop, stand, or park a vehicle within any such specially designated and marked parking space provided in accordance with this section, unless such vehicle displays a parking permit issued pursuant to s. 320.0848 and such vehicle is transporting a person eligible for the parking permit. Whenever a law enforcement officer or a parking enforcement specialist finds a vehicle in violation of this subsection, that officer shall:

(a) Have the vehicle in violation removed to any lawful parking space or facility or require the operator or other person in charge of the vehicle immediately to remove the unauthorized vehicle from the parking space. Whenever any vehicle is removed by a law enforcement officer, parking enforcement specialist, or agency to a storage lot, garage, or other safe parking space, the cost of such removal and parking shall be a lien against the vehicle.

(b) Charge the operator or other person in charge of the vehicle in violation with a noncriminal traffic infraction, punishable as provided in s. 318.18(2). However, any person who is chauffeuring a disabled person shall be allowed, without need for an identification parking permit, momentary parking in any such parking space, for the purpose of loading or unloading such disabled person. No penalty shall be imposed upon the driver for such momentary parking.

**§316.1956 Parking spaces provided by non-governmental entities for certain disabled persons.—**

(1) Any business, firm, or other person licensed to do business with the public may provide specially designed and marked motor vehicle parking spaces for the exclusive use of physically disabled persons who have been issued parking permits pursuant to s. 320.0848. The minimum number of such parking spaces shall be as provided in s. 316.1955(2)(c).

(2) Each such parking space shall conform to the requirements of s. 316.1955(3) and shall be posted with a sign bearing the internationally accepted wheelchair symbol and the caption "PARKING BY DISABLED PERMIT ONLY".

(3) Any person who parks a vehicle in any parking space designated with the internationally accepted wheelchair symbol and the caption "PARKING BY DISABLED PERMIT ONLY" is guilty of a traffic infraction, punishable as provided in s. 318.18(2), unless such vehicle displays a parking permit issued pursuant to s. 320.0848 and such vehicle is transporting a person eligible for such parking permit. However, any person who is chauffeuring a disabled person shall be allowed, without need for an identification parking permit, momentary parking in any such parking space for the purpose of loading or unloading a disabled person. No penalty shall be imposed upon the driver for such momentary parking.

(4) Any law enforcement officer or parking enforcement specialist shall enforce the provisions of subsection (3).

**History.**—s. 3, ch. 77-83; s. 2, ch. 77-444; s. 2, ch. 79-82.

**Note.**—As amended, effective January 1, 1980.

**§316.1964 Exemption of vehicles transporting certain disabled persons from payment of parking fees and penalties.**—No state agency, county, municipality, or any agency thereof, shall exact any fee for parking on the public streets or highways or in any metered parking space from the driver of a vehicle which displays a parking permit issued pursuant to s. 320.0848 or a license plate issued pursuant to s. 320.084 or s. 320.0842 if such vehicle is transporting a person eligible for such parking permit or license plate; nor shall the driver of such a vehicle transporting such a person be penalized for parking, except in clearly defined bus loading zones, fire zones, or in areas posted as "No Parking" zones.

**Note.**—Former s. 316.163.

**§316.1965 Parking near rural mailbox during certain hours; penalties.**—Whoever parks any vehicle within 30 feet of any rural mailbox upon any state highway in this state between 8 a.m. and 6 p.m. shall be punished as provided in s. 316.655.

**History.**—s. 1, ch. 71-135; s. 6, ch. 74-377; ss. 1, 17, ch. 76-31.

**Note.**—Former s. 316.164.

**§316.1967 Liability for payment of parking ticket violations.—**

(1) The owner of a vehicle is responsible and liable for payment of any parking ticket violation un-

less the owner can furnish evidence that the vehicle was, at the time of the parking violation, in the care, custody, or control of another person. In such instances, the owner of the vehicle is required, within a reasonable time after notification of the parking violation, to furnish to the appropriate law enforcement authorities the name and address of the person or company who leased, rented, or otherwise had the care, custody, or control of the vehicle. The owner of a vehicle is not responsible for a parking ticket violation if the vehicle involved was, at the time, stolen or in the care, custody, or control of some person who did not have permission of the owner to use the vehicle.

(2) Any person issued a county or municipal parking ticket by a parking enforcement specialist or officer shall be deemed to be charged with a non-criminal violation and shall comply with the directions on the ticket. In the event that payment is not received, or a response to the ticket is not made within the time period specified thereon, the county court, or its traffic violations bureau, shall notify the registered owner of the vehicle which was cited, by certified mail, of the ticket. Upon receipt of the notification, the registered owner shall comply with the court's directive.

(3) Any person who fails to satisfy the court's directive and any person who elects to appear before a designated official to present evidence shall be deemed to have waived his right to the civil penalty provisions of the ticket. The official, after a hearing, shall make a determination as to whether a parking violation has been committed and may impose a fine not to exceed \$100 plus court costs.

**History.**—s. 1, ch. 77-456; s. 2, ch. 79-403.

**§316.1974 Funeral or other processions.—**

(1) As used in this chapter, "funeral procession" means four or more motor vehicles accompanying a body of a deceased person in the daytime, when each of such vehicles has its headlights lighted.

(2) Pedestrians and the operators of all vehicles, except emergency vehicles, shall yield the right-of-way to each vehicle which is a part of a funeral procession. Whenever the lead vehicle in a funeral procession lawfully enters an intersection, the remainder of the vehicles in such procession may continue to follow the lead vehicle through the intersection, notwithstanding any traffic control device or right-of-way provisions prescribed by statute or local ordinance, provided the operator of each vehicle exercises due care to avoid colliding with any other vehicle or pedestrian upon the roadway.

(3) No person shall operate any vehicle as a part of a funeral procession without having the headlights of such vehicle lighted.

(4) No operator of a vehicle shall drive between vehicles in a funeral or other procession which are properly identified while the procession is in motion except when directed to do so by a police officer.

**History.**—s. 1, ch. 71-135; s. 1, ch. 76-31.

**Note.**—Former s. 316.162.

**§316.1975 Unattended motor vehicle.**—No person driving or in charge of any motor vehicle except a licensed delivery truck or other delivery vehicle while making deliveries, shall permit it to stand un-

attended without first stopping the engine, locking the ignition, and removing the key. No vehicle shall be permitted to stand unattended upon any perceptible grade without stopping the engine and effectively setting the brake thereon and turning the front wheels to the curb or side of the street.

History.—s. 1, ch. 71-135; s. 1, ch. 76-31.

Note.—Former s. 316.097.

### **316.1985 Limitations on backing.—**

(1) The driver of a vehicle shall not back the same unless such movement can be made with safety and without interfering with other traffic.

(2) The driver of a vehicle shall not back the same upon any shoulder or roadway of any limited access facility.

History.—s. 1, ch. 71-135; s. 1, ch. 76-31.

Note.—Former s. 316.098.

**316.1995 Driving upon sidewalk.—**No person shall drive any vehicle upon a sidewalk or sidewalk area except upon a permanent or duly authorized temporary driveway.

History.—s. 1, ch. 71-135; s. 1, ch. 76-31.

Note.—Former s. 316.110.

### **316.2004 Obstruction to driver's view or driving mechanism.—**

(1) No person shall drive a vehicle when it is so loaded, or when there are in the front seat such a number of persons, as to obstruct the view of the driver to the front or sides of the vehicle or as to interfere with the driver's control over the driving mechanism of the vehicle.

(2)(a) No passenger in a vehicle shall ride in such position as to interfere with the driver's view ahead or to the sides or with his control over the driving mechanism of the vehicle.

(b) No person shall drive any motor vehicle with any sign, poster, or other nontransparent material upon the front windshield, side wings, or side or rear windows of such vehicle which materially obstructs, obscures, or impairs the driver's clear view of the highway or any intersecting highway.

History.—s. 1, ch. 71-135; s. 1, ch. 76-31.

Note.—Former s. 316.093.

**316.2005 Opening and closing vehicle doors.—**No person shall open the door of a motor vehicle on the side available to moving traffic unless and until it is reasonably safe to do so, nor shall any person leave a door open on the side of a vehicle available to moving traffic for a period of time longer than necessary to load or unload passengers.

History.—s. 1, ch. 71-135; s. 1, ch. 76-31.

Note.—Former s. 316.099.

**316.2014 Riding in house trailers.—**No person or persons shall occupy a house trailer while it is being moved upon a public street or highway.

History.—s. 1, ch. 71-135; s. 1, ch. 76-31.

Note.—Former s. 316.101.

### **316.2015 Unlawful for person to ride on exterior of vehicle.—**

(1) It is unlawful for any operator of a passenger vehicle to permit any person to ride on the bumper, radiator, fender, hood, top, trunk, or running board of such vehicle when operated upon any street or

highway which is maintained by the state, county or municipality. However, the operator of any vehicle shall not be in violation of this section when such operator permits any person to occupy seats securely affixed to the exterior of such vehicle.

(2) No person shall ride on any vehicle upon any portion thereof not designed or intended for the use of passengers. This provision shall not apply to an employee engaged in the necessary discharge of a duty or to a person or persons riding within truck bodies in space intended for merchandise.

(3) This section shall not apply to a performer engaged in a professional exhibition or person participating in an exhibition or parade, or any such person preparing to participate in such exhibitions or parades.

(4) Any person violating the provisions of this section, upon conviction, shall be punished as provided in s. 316.655.

History.—s. 1, ch. 71-135; ss. 1, 12, ch. 76-31.

Note.—Former s. 316.100.

**316.2024 Coasting prohibited.—**The driver of any motor vehicle, when traveling upon a down-grade, shall not coast with the gears or transmission of such vehicle in neutral or the clutch disengaged.

History.—s. 1, ch. 71-135; s. 1, ch. 76-31.

Note.—Former s. 316.094.

**316.2025 Following fire apparatus prohibited.—**No driver of any vehicle other than an authorized emergency vehicle on official business shall follow any fire apparatus traveling in response to a fire alarm closer than 500 feet or drive into or park such vehicle within the block where fire apparatus has stopped in answer to a fire alarm.

History.—s. 1, ch. 71-135; s. 1, ch. 76-31.

Note.—Former s. 316.095.

**316.2034 Crossing fire hose.—**No vehicle shall be driven over any unprotected hose of a fire department when laid down on any street or highway, or private road or driveway, to be used at any fire or alarm of fire, without the consent of the fire department official in command.

History.—s. 1, ch. 71-135; s. 1, ch. 76-31.

Note.—Former s. 316.096.

### **316.2035 Injurious substances prohibited; dragging vehicle or load; obstructing, digging, etc.—**

(1) It is unlawful to place or allow to be placed upon any street or highway any tacks, wire, scrap metal, glass, crockery, or other substance which may be injurious to the feet of persons or animals or to the tires of vehicles or in any way injurious to the road.

(2) It is unlawful to allow any vehicle or contrivance or any part of same, or any load or portion of a load carried on the same, to drag upon any street or highway.

(3) It is unlawful to obstruct, dig up, or in any way disturb any street or highway. However, this subsection shall not be construed so as to hinder or prevent the installation or replacement of any utilities in accordance with the provisions of law now existing or that may hereafter be enacted.

(4) It is unlawful for any vehicle to be equipped

with any solid tires or any airless-type tire on any motor-driven vehicle when operated upon a highway.

**History.**—s. 1, ch. 71-135; s. 1, ch. 76-31.  
**Note.**—Former s. 316.104.

#### **316.2044 Removal of injurious substances.—**

(1) Any person who drops, or permits to be dropped or thrown, upon any street or highway any destructive or injurious material shall immediately remove the same or cause it to be removed.

(2) Any person removing a wrecked or damaged vehicle from a street or highway shall remove any glass or other injurious substance dropped upon the highway from such vehicle.

**History.**—s. 1, ch. 71-135; s. 1, ch. 76-31.  
**Note.**—Former s. 316.105.

#### **316.2045 Obstruction of public streets, highways, etc.—**

(1) It is unlawful for any person or persons willfully to obstruct the free, convenient, and normal use of any public street, highway or road, by impeding, hindering, stifling, retarding or restraining traffic or passage thereon, or by endangering the safe movement of vehicles or pedestrians traveling thereon, and any person or persons violating the provisions of this chapter, upon conviction, shall be punished as set forth in s. 316.655.

(2) The provisions of this chapter are supplementary to the provisions of any other statute of the state.

**History.**—s. 1, ch. 71-135; ss. 1, 13, ch. 76-31.  
**Note.**—Former s. 316.103.

**316.2051 Certain vehicles prohibited on hard-surfaced roads.**—It is unlawful to operate upon any hard-surfaced road in this state any log cart, tractor, or well machine; any steel-tired vehicle other than the ordinary farm wagon or buggy; or any other vehicle or machine that is likely to damage a hard-surfaced road except to cause ordinary wear and tear on the same.

**History.**—s. 1, ch. 71-135; s. 1, ch. 76-31.  
**Note.**—Former s. 316.102.

**316.2055 Motor vehicles, throwing advertising materials in.**—It is unlawful for any person on a public street, highway, or sidewalk in the state to throw into, or attempt to throw into, any motor vehicle, or offer, or attempt to offer, to any occupant of any motor vehicle, whether standing or moving, or to place or throw into any motor vehicle any advertising or soliciting materials or to cause or secure any person or persons to do any one of such unlawful acts.

**History.**—s. 1, ch. 71-135; s. 1, ch. 76-31.  
**Note.**—Former s. 316.106.

**316.2061 Stop when traffic obstructed.**—No driver shall enter an intersection or a marked crosswalk unless there is sufficient space on the other side of the intersection or crosswalk to accommodate the vehicle he is operating without obstructing the passage of other vehicles or pedestrians, notwith-

standing any traffic control signal indication to proceed.

**History.**—s. 1, ch. 71-135; s. 1, ch. 76-31.  
**Note.**—Former s. 316.107.

#### **316.2065 Bicycle regulations.—**

(1) Every person riding a bicycle upon a roadway shall be granted all of the rights and be subject to all of the duties applicable to the driver of a vehicle by this chapter, except as to special regulations in this chapter, and except as to provisions of this chapter which by their nature can have no application.

(2) A person propelling a bicycle shall not ride other than upon or astride a permanent and regular seat attached thereto.

(3) No bicycle shall be used to carry more persons at one time than the number for which it is designed and equipped.

(4) No person riding upon any bicycle, coaster, roller skates, sled, or toy vehicle shall attach the same or himself to any vehicle upon a roadway.

(5) Every person operating a bicycle upon a roadway shall ride with the flow of traffic as near to the right side of the roadway as practicable, exercising due care when passing a standing vehicle or one proceeding in the same direction.

(6) Persons riding bicycles upon a roadway shall not ride more than two abreast except on paths or parts of roadways set aside for the exclusive use of bicycles.

(7) Wherever a usable path for bicycles has been provided adjacent to a roadway, bicycle riders shall use such path and shall not use the roadway.

(8) Any person operating a bicycle shall keep at least one hand upon the handlebars.

(9) After sundown, every bicycle shall be equipped with a lamp on the front exhibiting a white light visible from a distance of at least 500 feet to the front and a lamp on the rear exhibiting a red light visible from a distance of 500 feet to the rear, except that a red reflector meeting the requirements of this section may be used in lieu of the red light. All such lamps and reflectors shall be in place and in operation whenever a bicycle is operated after sundown.

(10) No parent of any minor child and no guardian of any minor ward shall authorize or knowingly permit any such minor child or ward to violate any of the provisions of this section.

(11) This section shall apply whenever a bicycle is operated upon any street, or upon any public path set aside for exclusive use of bicycles, subject to those exceptions stated herein.

(12) No person upon roller skates, or riding in or by means of any coaster, toy vehicle, or similar device, shall go upon any roadway except while crossing a street on a crosswalk, and when so crossing such person shall be granted all rights and shall be subject to all of the duties applicable to pedestrians.

(13) This section shall not apply upon any street while set aside as a play street authorized herein or as designated by state, county, or municipal authority.

(14) No person under 15 years of age shall operate a "moped" as defined in subsection 316.003(2).

(15) No person shall operate a "moped" as defined in s. 316.003(2) that does not conform to all applicable federal motor vehicle safety standards re-

lating to lights and safety and other equipment contained in s. 49, Code of Federal Regulations.

History.—s. 1, ch. 71-135; s. 1, ch. 76-31; s. 2, ch. 76-286; s. 1, ch. 78-353.  
Note.—Former s. 316.111.

**316.207 Penalties for violation of bicycle regulations.**—Any person not a juvenile, as such is defined by the laws of this state, found guilty of a violation of any provisions found in s. 316.2065 shall be punished by a civil penalty in accordance with s. 318.18 or by impounding of such person's bicycle for a period not to exceed 90 days. Upon the recommendation of a judge of a juvenile court or a competent court having jurisdiction over the person of a minor, the state, county, or municipal authority may impound such minor's bicycle for such period as the court may determine.

History.—s. 1, ch. 71-135; s. 5, ch. 74-377; ss. 1, 14, ch. 76-31.  
Note.—Former s. 316.112.

**316.2075 Driving upon bicycle trails and footpaths.**—No person shall operate any motor vehicle or moped upon a bicycle trail or footpath established under s. 335.065, except upon a permanent or duly authorized temporary driveway.

History.—s. 1, ch. 75-79; s. 1, ch. 76-31; s. 6, ch. 78-353.  
Note.—Former s. 316.1105.

**316.208 Motorcycles.**—Any person operating a motorcycle shall be granted all of the rights and shall be subject to all of the duties applicable to the driver of any other vehicle under this chapter, except as to special regulations in this chapter and except as to those provisions of this chapter which by their nature can have no application.

History.—s. 1, ch. 71-135; s. 1, ch. 76-31.  
Note.—Former s. 316.127.

**316.2085 Riding on motorcycles.**

(1) A person operating a motorcycle shall ride only upon the permanent and regular seat attached thereto, and such operator shall not carry any other person, nor shall any other person ride on a motorcycle, unless such motorcycle is designed to carry more than one person, in which event a passenger may ride upon the permanent and regular seat if designed for two persons or upon another seat firmly attached to the motorcycle at the rear or side of the operator.

(2) A person shall ride upon a motorcycle only while sitting astride the seat, facing forward, with one leg on each side of the motorcycle.

(3) No person shall operate a motorcycle while carrying any package, bundle, or other article which prevents him from keeping both hands on the handlebars.

(4) No operator shall carry any person, nor shall any person ride, in a position that will interfere with the operation or control of the motorcycle or the view of the operator.

History.—s. 1, ch. 71-135; s. 1, ch. 76-31.  
Note.—Former s. 316.108.

**316.209 Operating motorcycles on roadways laned for traffic.**

(1) All motorcycles are entitled to full use of a lane and no motor vehicle shall be driven in such manner as to deprive any motorcycle of the full use of a lane. This subsection shall not apply to motorcy-

cles operated two abreast in a single lane.

(2) The operator of a motorcycle shall not overtake and pass in the same lane occupied by the vehicle being overtaken.

(3) No person shall operate a motorcycle between lanes of traffic or between adjacent lines or rows of vehicles.

(4) Motorcycles shall not be operated more than two abreast in a single lane.

(5) Subsections (2) and (3) shall not apply to police officers in the performance of their official duties.

History.—s. 1, ch. 71-135; s. 1, ch. 76-31.  
Note.—Former s. 316.109.

**316.2095 Footrests and handlebars.**

(1) Any motorcycle carrying a passenger, other than in a sidecar or enclosed cab, shall be equipped with footrests for such passenger.

(2) No person shall operate any motorcycle with handlebars more than 15 inches in height above that portion of the seat occupied by the operator.

History.—s. 1, ch. 71-135; s. 1, ch. 76-31.  
Note.—Former s. 316.278.

**316.211 Equipment for motorcycle riders.**

(1) No person shall operate or ride upon a motorcycle unless he is properly wearing protective headgear securely fastened upon his head which complies with standards established by the department.

(2) No person shall operate a motorcycle unless he is wearing an eye-protective device over his eyes of a type approved by the department.

(3) This section shall not apply to persons riding within an enclosed cab.

(4) The department is authorized to approve or disapprove protective headgear and eye-protective devices required herein and to issue and enforce regulations establishing standards and specifications for the approval thereof. The department shall publish lists of all protective headgear and eye-protective devices by name and type which have been approved by it.

History.—s. 1, ch. 71-135; s. 1, ch. 76-31.  
Note.—Former s. 316.287.

**316.215 Scope and effect of regulations.**

(1) It is a violation of this chapter for any person to drive or move, or for the owner to cause or knowingly permit to be driven or moved, on any highway any vehicle, or combination of vehicles, which is in such unsafe condition as to endanger any person, which does not contain those parts or is not at all times equipped with such lamps and other equipment in proper condition and adjustment as required in this chapter, or which is equipped in any manner in violation of this chapter, or for any person to do any act forbidden, or fail to perform any act required, under this chapter.

(2) Nothing contained in this chapter shall be construed to prohibit the use of additional parts and accessories on any vehicle not inconsistent with the provisions of this chapter.

(3) The provisions of this chapter with respect to equipment required on vehicles shall not apply to implements of husbandry, road machinery, road rollers, or farm tractors except as herein made applicable.

(4) The provisions of this chapter with respect to equipment required on vehicles shall not apply to motorcycles or motor-driven cycles, except as herein made applicable.

**History.**—s. 1, ch. 71-135; s. 1, ch. 76-31.

**Note.**—Former s. 316.059.

### **316.216 Authority of department with reference to lighting devices.—**

(1) The department is authorized to approve or disapprove lighting devices and to issue and enforce regulations establishing standards and specifications for the approval of such lighting devices, their installation, adjustment, and aiming, and adjustment when in use on motor vehicles. Such regulations shall correlate with standards and specifications of the society of automotive engineers applicable to such equipment.

(2) The department is required to approve or disapprove any lighting device of a type on which approval is specifically required in this chapter within a reasonable time after such device has been submitted.

(3) The department is further authorized to set up the procedure which shall be followed when any device is submitted for approval.

(4) The department, upon approving any such lamp or device, shall issue to the applicant a certificate of approval together with any instructions determined by it.

(5) The department shall publish lists of all lamps and devices by name and type which have been approved by it.

**History.**—s. 1, ch. 71-135.

### **316.217 When lighted lamps are required.—**

(1) Every vehicle operated upon a highway within this state shall display lighted lamps and illuminating devices as herein respectively required for different classes of vehicles, subject to exceptions with respect to parked vehicles, under the following conditions;

(a) At any time from sunset to sunrise;

(b) During any time when, due to rain, smoke, fog, insufficient light, or unfavorable atmospheric conditions, the visibility is reduced to a degree whereby persons or vehicles are not clearly discernible at a distance of 1,000 feet ahead;

(c) Stop lights, turn signals, and other signaling devices shall be lighted as prescribed for use of such devices.

(2) Whenever requirement is hereinafter declared as to the distance from which certain lamps and devices shall render objects visible, said provisions shall apply during the times stated in subsection (1) in respect to a vehicle without load when upon a straight, level, unlighted highway under normal atmospheric conditions, unless a different time or condition is expressly stated.

(3) Whenever requirement is hereinafter declared as to the mounted height of lamps or devices, it shall mean from the center of such lamp or device to the level ground upon which the vehicle stands when the vehicle is without a load.

**History.**—s. 1, ch. 71-135; s. 4, ch. 76-218.

### **316.220 Headlamps on motor vehicles.—**

(1) Every motor vehicle shall be equipped with at least two headlamps with at least one on each side of the front of the motor vehicle, which headlamps shall comply with the requirements and limitations set forth in this chapter, and shall show a white light.

(2) Every headlamp upon every motor vehicle shall be located at a height of not more than 54 inches nor less than 24 inches to be measured as set forth in s. 316.217.

**History.**—s. 1, ch. 71-135.

### **316.221 Taillamps.—**

(1) Every motor vehicle, trailer, semitrailer, and pole trailer, and any other vehicle which is being drawn at the end of a combination of vehicles, shall be equipped with at least two taillamps mounted on the rear, which, when lighted as required in s. 316.217, shall emit a red light plainly visible from a distance of 1,000 feet to the rear, except that passenger cars and pickup trucks manufactured or assembled prior to January 1, 1972, which were originally equipped with only one taillamp shall have at least one taillamp. On a combination of vehicles, only the taillamps on the rearmost vehicle need actually be seen from the distance specified. On vehicles equipped with more than one taillamp, the lamps shall be mounted on the same level and as widely spaced laterally as practicable.

(2) Either a taillamp or a separate lamp shall be so constructed and placed as to illuminate with a white light the rear registration plate and render it clearly legible from a distance of 50 feet to the rear. Any taillamp or taillamps, together with any separate lamp or lamps for illuminating the rear registration plate, shall be so wired as to be lighted whenever the headlamps or auxiliary driving lamps are lighted.

**History.**—s. 1, ch. 71-135; s. 1, ch. 79-97.

### **316.222 Stop lamps and turn signals.—**

(1) Every motor vehicle, trailer, semitrailer, and pole trailer shall be equipped with two or more stop lamps meeting the requirements of s. 316.234(1). Motor vehicles, trailers, semitrailers and pole trailers manufactured or assembled prior to January 1, 1972 shall be equipped with at least one stop lamp. On a combination of vehicles, only the stop lamps on the rearmost vehicle need actually be seen from the distance specified in s. 316.234(1).

(2) Every motor vehicle, trailer, semitrailer, and pole trailer shall be equipped with electric turn signal lamps meeting the requirements of s. 316.234(2).

(3) Passenger cars and trucks less than 80 inches in width, manufactured or assembled prior to January 1, 1972 need not be equipped with electric turn signal lamps.

**History.**—s. 1, ch. 71-135.

**316.2225 Additional equipment required on certain vehicles.—**In addition to other equipment required in this chapter, the following vehicles shall be equipped as herein stated under the conditions stated in s. 316.217.

(1) On every bus or truck, whatever its size, there shall be the following: On the rear, two reflectors,

one at each side, and one stop light.

(2) On every bus or truck 80 inches or more in overall width, in addition to the requirements in subsection (1):

(a) On the front, two clearance lamps, one at each side.

(b) On the rear, two clearance lamps, one at each side.

(c) On each side, two side marker lamps, one at or near the front and one at or near the rear.

(d) On each side, two reflectors, one at or near the front and one at or near the rear.

(3) On every truck tractor:

(a) On the front, two clearance lamps, one at each side.

(b) On the rear, one stop light.

(4) On every trailer or semitrailer having a gross weight in excess of 3,000 pounds:

(a) On the front, two clearance lamps, one at each side.

(b) On each side, two side marker lamps, one at or near the front and one at or near the rear.

(c) On each side, two reflectors, one at or near the front and one at or near the rear.

(d) On the rear, two clearance lamps, one at each side, also two reflectors, one at each side, and one stop light.

(5) On every pole trailer in excess of 3,000 pounds gross weight:

(a) On each side, one side marker lamp and one clearance lamp which may be in combination, to show to the front, side and rear.

(b) On the rear of the pole trailer or load, two reflectors, one at each side.

(6) On every trailer, semitrailer, and pole trailer weighing 3,000 pounds gross, or less: On the rear, two reflectors, one on each side. If any trailer or semitrailer is so loaded, or is of such dimensions as to obscure the stop light on the towing vehicle, then such vehicle shall also be equipped with one stop light.

(7) On every slow-moving vehicle or equipment, animal-drawn vehicle, or other machinery designed for use and speeds less than 25 miles per hour, including all road construction and maintenance machinery except when engaged in actual construction or maintenance work either guarded by a flagman or a clearly visible warning sign, which normally travels or is normally used at a speed of less than 25 miles per hour and which is operated on a public highway:

(a) A triangular slow-moving vehicle emblem SMV as described in, and displayed as provided in paragraph (b). The requirement of the emblem shall be in addition to any other equipment required by law. The emblem shall not be displayed on objects which are customarily stationary in use except while being transported on the roadway of any public highway of this state.

(b) The Department of Highway Safety and Motor Vehicles shall adopt such rules and regulations as are required to carry out the purpose of this section. The requirements of such rules and regulations shall incorporate the current specifications for SMV

emblems of the American Society of Agricultural Engineers.

History.—s. 1, ch. 71-135; s. 1, ch. 76-31.

Note.—Former s. 316.276.

### **316.224 Color of clearance lamps, identification lamps, side marker lamps, backup lamps and reflectors.—**

(1) Front clearance lamps, identification lamps, and those marker lamps and reflectors mounted on the front or on the side near the front of a vehicle shall display or reflect an amber color.

(2) Rear clearance lamps, identification lamps, and those marker lamps and reflectors mounted on the rear or on the sides near the rear of a vehicle shall display or reflect a red color.

(3) All lighting devices and reflectors mounted on the rear of any vehicle shall display or reflect a red color, except the stop light or other signal device, which may be red, amber or yellow, and except that the light illuminating the license plate shall be white, and the light emitted by a backup lamp shall be white or amber.

History.—s. 1, ch. 71-135.

### **316.225 Mounting of reflectors, clearance lamps and side marker lamps.—**

(1) Reflectors, when required by s. 316.2225, shall be mounted at a height not less than 24 inches and not more than 60 inches above the ground on which the vehicle stands, except that if the highest part of the permanent structure of the vehicle is less than 24 inches, the reflector at such point shall be mounted as high as that part of the permanent structure will permit.

(a) The rear reflectors on a pole trailer may be mounted on each side of the bolster or load.

(b) Any required red reflector on the rear of a vehicle may be incorporated with the taillamp, but such reflector shall meet all the other reflector requirements of this chapter.

(2) Clearance lamps shall, so far as is practicable, be mounted on the permanent structure of the vehicle in such a manner as to indicate the extreme height and width of the vehicle. When rear identification lamps are required and are mounted as high as is practicable, rear clearance lamps may be mounted at optional height, and when the mounting of front clearance lamps results in such lamps failing to indicate the extreme width of the trailer, such lamps may be mounted at optional height but must indicate, as nearly as practicable, the extreme width of the trailer. Clearance lamps on truck tractors shall be located so as to indicate the extreme width of the truck tractor cab. Clearance lamps and side marker lamps may be mounted in combination provided illumination is given as required herein with reference to both.

History.—s. 1, ch. 71-135; s. 24, ch. 76-31.

### **316.226 Visibility requirements for reflectors, clearance lamps, identification lamps and marker lamps.—**

(1) Every reflector upon any vehicle referred to in s. 316.2225 shall be of such size and characteristics and so maintained as to be readily visible at nighttime from all distances within 600 feet to 100 feet

from the vehicle when directly in front of lawful lower beams of headlamps, except that the visibility for reflectors on vehicles manufactured or assembled prior to January 1, 1972, shall be measured in front of lawful upper beams of headlamps. Reflectors required to be mounted on the sides of the vehicle shall reflect the required color of light to the sides and those mounted on the rear shall reflect a red color to the rear.

(2) Front and rear clearance lamps and identification lamps shall be capable of being seen and distinguished under normal atmospheric conditions at the times lights are required at all distances between 550 feet from the front and rear, respectively, of the vehicle.

(3) Side marker lamps shall be capable of being seen and distinguished under normal atmospheric conditions at the times lights are required at all distances between 550 feet from the side of the vehicle on which mounted.

History.—s. 1, ch. 71-135; s. 25, ch. 76-31.

#### **316.227 Obstructed lights not required.—**

Whenever motor and other vehicles are operated in combination during the time that lights are required, any lamp (except taillamps) need not be lighted which, by reason of its location on a vehicle of the combination, would be obscured by another vehicle of the combination, but this shall not affect the requirement that lighted clearance lamps be displayed on the front of the foremost vehicle required to have clearance lamps, nor that all lights required on the rear of the rearmost vehicle of any combination shall be lighted.

History.—s. 1, ch. 71-135.

#### **316.228 Lamps or flags on projecting load.—**

Whenever the load upon any vehicle extends to the rear 4 feet or more beyond the bed or body of such vehicle, there shall be displayed at the extreme rear end of the load, at the times specified in s. 316.217, two red lamps visible from a distance of at least 500 feet to the rear, two red reflectors visible at night from all distances within 600 feet to 100 feet to the rear when directly in front of lawful lower beams of headlamps and located so as to indicate maximum width, and on each side one red lamp visible from a distance of at least 500 feet to the side and located so as to indicate maximum overhang. There shall be displayed at all other times on any vehicle having a load which extends beyond its sides or more than 4 feet beyond its rear, red flags, not less than 12 inches square, marking the extremities of such load, at each point where a lamp would otherwise be required by this section.

History.—s. 1, ch. 71-135.

#### **316.229 Lamps on parked vehicles.—**

(1) Every vehicle shall be equipped with one or more lamps which, when lighted, shall display a white or amber light visible from a distance of 1,000 feet to the front of the vehicle and a red light visible from a distance of 1,000 feet to the rear of the vehicle. The location of the lamp or lamps shall always be such that at least one lamp or combination of lamps meeting the requirements of this section is installed as near as practicable to the side of the

vehicle which is closest to passing traffic.

(2) Whenever a vehicle is lawfully parked upon a street or highway during the hours between sunset and sunrise and in the event there is sufficient light to reveal persons and vehicles within a distance of 1,000 feet upon such street or highway, no lights need be displayed upon such parked vehicle.

(3) Whenever a vehicle is parked or stopped upon a roadway or shoulder adjacent thereto outside of a municipality, whether attended or unattended, during the hours between sunset and sunrise and there is insufficient light to reveal any person or object within a distance of 1,000 feet upon such highway, the vehicle so parked or stopped shall be equipped with and shall display lamps meeting the requirements of subsection (1).

(4) Any lighted headlamps upon a parked vehicle shall be depressed or dimmed.

History.—s. 1, ch. 71-135.

#### **316.2295 Lamps, reflectors and emblems on farm tractors, farm equipment and implements of husbandry.—**

(1) Every farm tractor and every self-propelled unit of farm equipment or implement of husbandry manufactured or assembled after January 1, 1972, shall be equipped with vehicular hazard-warning lights visible from a distance of not less than 1,000 feet to the front and rear in normal sunlight, which shall be displayed whenever any such vehicle is operated upon a highway.

(2) Every farm tractor and every self-propelled unit of farm equipment or implement of husbandry manufactured or assembled after January 1, 1972, shall at all times, and every other such motor vehicle shall at all times mentioned in s. 316.217, be equipped with lamps and reflectors as follows:

(a) At least two headlamps meeting the requirements of ss. 316.237 and 316.239.

(b) At least one red lamp visible when lighted from a distance of not less than 1,000 feet to the rear mounted as far to the left of the center of the vehicle as practicable.

(c) At least two red reflectors visible from all distances within 600 feet to 100 feet to the rear when directly in front of lawful lower beams of headlamps.

(3) Every combination of farm tractor and towed farm equipment or towed implement of husbandry shall at all times mentioned in s. 316.217 be equipped with lamps and reflectors as follows:

(a) The farm tractor shall be equipped as required in subsections (1) and (2).

(b) If the towed unit or its load extends more than 4 feet to the rear of the tractor or obscures any light thereon, the unit shall be equipped on the rear with at least two red reflectors visible from all distances within 600 feet to 100 feet to the rear when directly in front of lawful lower beams of headlamps.

(c) If the towed unit of such combination extends more than 4 feet to the left of the centerline of the tractor, the unit shall be equipped on the front with an amber reflector visible from all distances within 600 feet to 100 feet to the front when directly in front of lawful lower beams of headlamps. This reflector shall be so positioned to indicate, as nearly as practicable, the extreme left projection of the towed unit.

(4) The two red reflectors required in the forego-

ing subsections shall be so positioned as to show from the rear, as nearly as practicable, the extreme width of the vehicle or combination carrying them. If all other requirements are met, reflective tape or paint may be used in lieu of the reflectors required by subsection (3).

(5) Every farm tractor and every self-propelled unit of farm equipment or implement of husbandry designed for operation at speeds not in excess of 25 miles per hour shall at all times be equipped with a slow moving vehicle emblem mounted on the rear except as provided in subsection (6).

(6) Every combination of farm tractor and towed farm equipment or towed implement of husbandry normally operating at speeds not in excess of 25 miles per hour shall at all times be equipped with a slow moving vehicle emblem as follows:

(a) When the towed unit or any load thereon obscures the slow moving vehicle emblem on the farm tractor, the towed unit shall be equipped with a slow moving vehicle emblem. In such cases, the towing vehicle need not display the emblem.

(b) When the slow moving vehicle emblem on the farm tractor unit is not obscured by the towed unit or its load, then either or both may be equipped with the required emblem, but it shall be sufficient if either has it.

(c) The emblem required by subsections (5) and (6) shall comply with current standards and specifications of the American Society of Agricultural Engineers approved by the department.

*History.*—s. 1, ch. 71-135; s. 1, ch. 76-31.  
*Note.*—Former s. 316.232.

**316.231 Lamps on other vehicles and equipment.**—Every vehicle, including animal-drawn vehicles and vehicles referred to in s. 316.215(3), not specifically required by the provisions of this section to be equipped with lamps or other lighting devices shall at all times specified in s. 316.217 be equipped with at least one lamp displaying a white light visible from a distance of not less than 1,000 feet to the front of said vehicle, and shall also be equipped with two lamps displaying red light visible from a distance of not less than 1,000 feet to the rear of the vehicle, or, as an alternative, one lamp displaying a red light visible from a distance of not less than 1,000 feet to the rear and two red reflectors visible from all distances of 600 to 100 feet to the rear when illuminated by the lawful lower beams of headlamps.

*History.*—s. 1, ch. 71-135; s. 26, ch. 76-31.

#### **316.233 Spot lamps and auxiliary lamps.—**

(1) **SPOT LAMPS.**—Any motor vehicle may be equipped with not to exceed two spot lamps and every lighted spot lamp shall be so aimed and used that no part of the high intensity portion of the beam will strike the windshield, or any windows, mirror, or occupant of another vehicle in use.

(2) **FOG LAMPS.**—Any motor vehicle may be equipped with not to exceed two fog lamps mounted on the front at a height not less than 12 inches nor more than 30 inches above the level surface upon which the vehicle stands and so aimed that when the vehicle is not loaded none of the high intensity portion of the light to the left of the center of the vehicle shall at a distance of 25 feet ahead project higher

than a level of 4 inches below the level of the center of the lamp from which it comes. Lighted fog lamps meeting the above requirements may be used with lower headlamp beams as specified in s. 316.237(1)(b).

(3) **AUXILIARY PASSING LAMPS.**—Any motor vehicle may be equipped with not to exceed two auxiliary passing lamps mounted on the front at a height not less than 24 inches nor more than 42 inches above the level surface upon which the vehicle stands. The provisions of s. 316.237 shall apply to any combination of headlamps and auxiliary passing lamps.

(4) **AUXILIARY DRIVING LAMPS.**—Any motor vehicle may be equipped with not to exceed two auxiliary driving lamps mounted on the front at a height not less than 16 inches nor more than 42 inches above the level surface upon which the vehicle stands. The provisions of s. 316.237 shall apply to any combination of headlamps and auxiliary driving lamps.

*History.*—s. 1, ch. 71-135.

#### **316.234 Signal lamps and signal devices.—**

(1) Any vehicle may be equipped and, when required under this chapter, shall be equipped with a stop lamp or lamps on the rear of the vehicle which shall display a red or amber light, visible from a distance of not less than 300 feet to the rear in normal sunlight, and which shall be actuated upon application of the service (foot) brake, and which may but need not be incorporated with one or more other rear lamps.

(2) Any vehicle may be equipped and, when required under s. 316.222(2), shall be equipped with electric turn signals which shall indicate an intention to turn by flashing lights showing to the front and rear of a vehicle or on a combination of vehicles on the side of the vehicle or combination toward which the turn is to be made. The lamps showing to the front shall be mounted on the same level and as widely spaced laterally as practicable and, when signaling, shall emit white or amber light. The lamps showing to the rear shall be mounted on the same level and as widely spaced laterally as practicable, and, when signaling, shall emit a red or amber light. Turn signal lamps on vehicles 80 inches or more in overall width shall be visible from a distance of not less than 500 feet to the front and rear in normal sunlight. Turn signal lamps on vehicles less than 80 inches wide shall be visible at a distance of not less than 300 feet to the front and rear in normal sunlight. Turn signal lamps may, but need not be, incorporated in other lamps on the vehicle.

*History.*—s. 1, ch. 71-135.

#### **316.235 Additional lighting equipment.—**

(1) Any motor vehicle may be equipped with not more than two side cowl or fender lamps which shall emit an amber or white light without glare.

(2) Any motor vehicle may be equipped with not more than one running board courtesy lamp on each side thereof which shall emit a white or amber light without glare.

(3) Any motor vehicle may be equipped with one or more backup lamps either separately or in combination with other lamps, but any such backup lamp

or lamps shall not be lighted when the motor vehicle is in forward motion.

(4) Any vehicle 80 inches or more in overall width, if not otherwise required by s. 316.2225, may be equipped with not more than three identification lamps showing to the front which shall emit an amber light without glare and not more than three identification lamps showing to the rear which shall emit a red light without glare. Such lamps shall be mounted as specified in this chapter.

**History.**—s. 1, ch. 71-135; s. 27, ch. 76-31.

### **316.237 Multiple beam road lighting equipment.—**

(1) Except as hereinafter provided, the headlamps or the auxiliary driving lamp or the auxiliary passing lamp or combination thereof on motor vehicles shall be so arranged that the driver may select at will between distributions of light projected to different elevations and such lamps may, in addition, be so arranged that such selection can be made automatically, subject to the following limitations:

(a) There shall be an uppermost distribution of light, or composite beam, so aimed and of such intensity as to reveal persons and vehicles at a distance of at least 450 feet ahead for all conditions of loading.

(b) There shall be a lowermost distribution of light, or composite beam, so aimed and of sufficient intensity to reveal persons and vehicles at a distance of at least 150 feet ahead; and on a straight level road under any condition of loading none of the high intensity portion of the beam shall be directed to strike the eyes of an approaching driver.

(2) Every new motor vehicle registered in this state shall be equipped with a beam indicator, which shall be lighted whenever the uppermost distribution of light from the headlamps is in use, and shall not otherwise be lighted. Said indicator shall be so designed and located that when lighted it will be readily visible without glare to the driver of the vehicle so equipped.

**History.**—s. 1, ch. 71-135.

**316.238 Use of multiple-beam road-lighting equipment.**—Whenever a motor vehicle is being operated on a roadway or shoulder adjacent thereto during the times specified in s. 316.217, the driver shall use a distribution of light, or composite beam, directed high enough and of sufficient intensity to reveal persons and vehicles at a safe distance in advance of the vehicle, subject to the following requirements and limitations:

(1) Whenever the driver of a vehicle approaches an oncoming vehicle within 500 feet, such driver shall use a distribution of light, or composite beam, so aimed that the glaring rays are not projected into the eyes of the oncoming driver. The lowermost distribution of light, or composite beam, specified in ss. 316.237(1)(b) and 316.430(2)(b) shall be deemed to avoid glare at all times, regardless of road contour and loading.

(2) Whenever the driver of a vehicle approaches another vehicle from the rear within 300 feet, such driver shall use a distribution of light permissible under this chapter other than the uppermost distri-

bution of light specified in ss. 316.237(1)(a) and 316.430(2)(a).

**History.**—s. 1, ch. 71-135; s. 28, ch. 76-31.

**316.2385 Requirements for use of lower beam.**—The lower or passing beam shall be used at all times during the twilight hours in the morning and the twilight hours in the evening, and during fog, smoke and rain. Twilight shall mean the time between sunset and full night or between full night and sunrise.

**History.**—s. 1, ch. 71-135; s. 91, ch. 73-333; s. 1, ch. 76-31.

**Note.**—Former s. 316.236.

**316.239 Single-beam road-lighting equipment.**—Headlamp systems which provide only a single distribution of light shall be permitted on all farm tractors regardless of date of manufacture, and on other motor vehicles manufactured and sold prior to January 1, 1972, in lieu of multiple-beam road-lighting equipment herein specified if the single distribution of light complies with the following requirements and limitations:

(1) The headlamps shall be so aimed that when the vehicle is not loaded none of the high intensity portion of the light shall, at a distance of 25 feet ahead, project higher than a level of five inches below the level of the center of the lamp from which it comes, and in no case higher than 42 inches above the level on which the vehicle stands at a distance of 75 feet ahead.

(2) The intensity shall be sufficient to reveal persons and vehicles at a distance of at least 200 feet.

**History.**—s. 1, ch. 71-135.

**316.2395 Motor vehicles; minimum headlamp requirement.**—Any motor vehicle may be operated at nighttime under the conditions specified in ss. 316.237 and 316.239, when equipped with two lighted lamps upon the front thereof capable of revealing persons and objects 100 feet ahead in lieu of lamps required in ss. 316.237 and 316.239. However, at no time when lighted lamps are required shall such motor vehicle be operated in excess of 20 miles per hour.

**History.**—s. 71-135; s. 1, ch. 76-31.

**Note.**—Former s. 316.219.

### **316.2396 Number of driving lamps required or permitted.—**

(1) At all times specified in s. 316.217, at least two lighted lamps shall be displayed, one on each side at the front of every motor vehicle, except when such vehicle is parked subject to the regulations governing lights on parked vehicles.

(2) Whenever a motor vehicle equipped with headlamps, as herein required, is also equipped with any auxiliary lamps or a spot lamp or any other lamp on the front thereof projecting a beam of intensity greater than 300 candlepower, not more than a total of 4 of any such lamps on the front of a vehicle shall be lighted at any one time when upon a highway.

**History.**—s. 1, ch. 71-135; s. 1, ch. 76-31.

**Note.**—Former s. 316.218.

### **316.2397 Certain lights prohibited; exceptions.—**

(1) No person shall drive or move or cause to be

moved any vehicle or equipment upon any highway within this state with any lamp or device thereon showing or displaying a red or blue light visible from directly in front thereof except for certain vehicles hereinafter provided.

(2) It is expressly prohibited for any vehicle or equipment, except police vehicles, to show or display blue lights.

(3) Vehicles of the fire department and fire patrol, including vehicles of volunteer firemen as permitted under s. 316.2398, and ambulances as authorized under this chapter are permitted to show or display red lights. Wreckers, mosquito control fog and spray vehicles, and emergency vehicles of governmental departments or public service corporations may show or display amber lights when in actual operation or a hazard exists provided they are not used going to and from the scene of operation or hazard without specific authorization of a law enforcement officer or law enforcement agency. Further, escort vehicles will be permitted to show or display amber lights when in actual process of escorting over-dimensioned equipment, material, or buildings as authorized by law. School buses may show and display lights as provided in chapter 234.

(4) Road or street maintenance equipment, road or street maintenance vehicles, road service vehicles, and mail carrier vehicles may show or display amber lights when in operation or a hazard exists.

(5) All lighting equipment heretofore referred to shall meet all requirements as set forth in s. 316.241.

(6) Flashing lights are prohibited on vehicles except as a means of indicating a right or left turn, or to change lanes, or to indicate the vehicle is lawfully stopped or disabled upon the highway, or except that the lamps authorized in subsections (1), (2), (3) and (4) shall be permitted to flash.

(7) Subsection (1) shall not apply to police, fire, or authorized emergency vehicles while in performance of their necessary duties.

**History.**—s. 1, ch. 71-135; ss. 1, 23, ch. 76-31.  
**Note.**—Former s. 316.223.

#### **316.2398 Display or use of red lights; motor vehicles or volunteer firemen.—**

(1) Privately owned vehicles belonging to the active firemen members of regularly organized volunteer firefighting companies or associations, while en route to the fire station for the purpose of proceeding to scenes of fires or other emergencies or while en route to scenes of fires or other emergencies in the line of duty as active firemen members of regularly organized firefighting companies or associations, may display or use red lights visible from the front and from the rear of such vehicles, subject to the following restrictions and conditions:

(a) The light may not have a light source greater than 50 candlepower for each light displayed.

(b) Two such red lights may be displayed on each end of the vehicle, and such lights shall be of the flasher or revolving type.

(c) The red lights shall consist of a lamp with a red lens, but shall not consist of an uncolored lens with a red bulb.

(d) The red lights shall not be a part of the regular headlamps, taillights, or turn signal lights displayed on such vehicles.

(e) No inscription of any kind shall appear across the face of the lenses of the red lights.

(f) The lenses of the red lights shall not be less than 3 inches or more than 8 inches in diameter.

(g) In order for an active volunteer fireman to display such red lights on his vehicle, he must first secure a written permit from the chief executive officers of the firefighting organization to use the red lights, and this permit shall be carried by him at all times while the red lights are displayed.

(2) It is unlawful for any person who is not an active fireman member of a regularly organized volunteer firefighting company or association to display on any motor vehicle owned by him, at any time, red lights as described above.

(3) It is unlawful for any active volunteer fireman to use or display red lights as provided for herein, except while en route to the fire station for the purpose of proceeding to scenes of fires or other emergencies, or while en route to scenes of fires or other emergencies, in the line of duty.

(4) Any active volunteer fireman, or any other person who violates any of the provisions of this section, is guilty of a misdemeanor and, upon conviction, shall be fined in any sum not less than \$5 and no more than \$25, and shall be dismissed from membership of the firefighting organization by the chief executive officers thereof.

**History.**—s. 1, ch. 71-135; s. 1, ch. 76-31; s. 1, ch. 77-454.  
**Note.**—Former s. 316.292.

#### **316.240 Standards for lights on highway maintenance and service equipment.—**

(1) The Department of Transportation shall adopt standards and specifications applicable to headlamps, clearance lamps, and identification and other lamps on highway maintenance and service equipment when operated on state roads and county road system of this state in lieu of the lamps otherwise required on motor vehicles by this chapter. Such standards and specifications may permit the use of flashing lights for purposes of identification on highway maintenance and service equipment when in service upon the highways. The standards and specifications for lamps referred to in this section shall correlate with, and as far as possible conform with, those approved by the American Association of State Highway Officials.

(2) It is unlawful to operate any highway maintenance and service equipment on any highway as described heretofore unless the lamps thereon comply with and are lighted when and as required by the standards and specifications adopted as provided in this section.

**History.**—s. 1, ch. 71-135.

#### **316.241 Selling or using lamps or equipment.—**

(1) No person shall have for sale, sell or offer for sale for use upon or as a part of the equipment of a motor vehicle, trailer, semitrailer, or pole trailer or use upon any such vehicle any headlamp, auxiliary or fog lamp, rear lamp, signal lamp, or reflector, which reflector is required hereunder, or parts of any of the foregoing, which tend to change the original design or performance, unless of a type which has been submitted to the department and approved.

The foregoing provisions of this section shall not apply to equipment in actual use when this section is adopted or replacement parts therefor.

(2) No person shall have for sale, sell, or offer for sale for use upon or as a part of the equipment of a motor vehicle, trailer, semitrailer, or pole trailer any lamp or device mentioned in this section which has been approved by the department unless such lamp or device bears thereon the trademark or name under which it is approved so as to be legible when installed.

(3) No person shall use upon any motor vehicle, trailer, semitrailer, or pole trailer any lamps mentioned in this section unless said lamps are mounted, adjusted, and aimed in accordance with instructions of the department.

History.—s. 1, ch. 71-135.

#### **316.242 Revocation of certificate of approval on lighting devices.—**

(1) When the department has reason to believe that an approved lighting device as being sold commercially does not comply with the requirements of this chapter, it may, after giving 30 days' previous notice to the person holding the certificate of approval for such device in this state, conduct a hearing upon the question of compliance of the approved device. After the hearing the department shall determine whether the approved device meets the requirements of this chapter. If the device does not meet the requirements of this chapter it shall give notice to the person holding the certificate of approval for such device in this state.

(2) If at the expiration of 90 days after such notice the person holding the certificate of approval for the device has failed to satisfy the department that the approved device as thereafter to be sold meets the requirements of this chapter, the department shall suspend or revoke the approval issued therefor until or unless such device is resubmitted to and retested by an authorized testing agency and is found to meet the requirements of this chapter, and may require that all said devices sold since the notification following the hearing be replaced with devices that do comply with the requirements of this chapter. The department may at the time of the retest purchase in the open market and submit to the testing agency one or more sets of such approved devices, and if the device upon retest fails to meet the requirements of this chapter, the department may refuse to renew the certificate of approval of such device.

History.—s. 1, ch. 71-135.

**316.261 Brake equipment required.**—Every motor vehicle, trailer, semitrailer, and pole trailer, and any combination of such vehicles, operating upon a highway within this state shall be equipped with brakes in compliance with the requirements of this chapter.

(1) **SERVICE BRAKES; ADEQUACY.**—Every such vehicle and combination of vehicles, except special mobile equipment not designed to carry persons, shall be equipped with service brakes adequate to control the movement of and to stop and hold such vehicle under all conditions of loading, and on any grade incident to its operation.

(2) **PARKING BRAKES; ADEQUACY.**—Every such vehicle and combination of vehicles shall be equipped with parking brakes adequate to hold the vehicle on any grade on which it is operated, under all conditions of loading, on a surface free of loose material. The parking brakes shall be capable of being applied in conformance with the foregoing requirements by the driver's muscular effort or by spring action or by equivalent means. Their operation may be assisted by the service brakes or other source of power provided that failure of the service brake actuation system or other power assisting mechanism will not prevent the parking brakes from being applied in conformance with the foregoing requirements. The parking brakes shall be so designed that when once applied they shall remain applied with the required effectiveness despite exhaustion of any source of energy or leakage of any kind. The same brakedrums, brakeshoes and lining assemblies, brakeshoe anchors, and mechanical brakeshoe actuation mechanism normally associated with the wheel-brake assemblies may be used for both the service brakes and the parking brakes. If the means of applying the parking brakes and the service brakes are connected in any way, they shall be so constructed that failure of any one part shall not leave the vehicle without operative brakes.

(3) **BRAKES ON ALL WHEELS.**—Every vehicle shall be equipped with brakes acting on all wheels except:

(a) Trailers, semitrailers, or pole trailers of a gross weight not exceeding 3,000 pounds, provided that:

1. The total weight on and including the wheels of the trailer or trailers shall not exceed 40 percent of the gross weight of the towing vehicle when connected to the trailer or trailers; and

2. The combination of vehicles, consisting of the towing vehicle and its total towed load, is capable of complying with the performance requirements of s. 316.262.

(b) Pole trailers with a gross weight in excess of 3,000 pounds manufactured prior to January 1, 1972, need not be equipped with brakes.

(c) Any vehicle being towed in driveaway or towaway operations, provided the combination of vehicles is capable of complying with the performance requirements of s. 316.262.

(d) Trucks and truck-tractors having three or more axles need not have brakes on the front wheels, except that when such vehicles are equipped with at least two steerable axles, the wheels of one steerable axle need not have brakes. However, such trucks and truck-tractors must be capable of complying with the performance requirements of s. 316.262.

(e) Special mobile equipment not designed to carry persons.

(f) "Antique cars" as defined in s. 320.08, and "horseless carriages" as defined in s. 320.086.

(4) **AUTOMATIC TRAILER BRAKE APPLICATION UPON BREAKAWAY.**—Every trailer, semitrailer, and pole trailer with air or vacuum-actuated brakes, every trailer and semitrailer with a gross weight in excess of 3,000 pounds, and every pole trailer with a gross weight in excess of 3,000 pounds manufactured or assembled after January 1, 1972,

shall be equipped with brakes acting on all wheels and of such character as to be applied automatically and promptly, and remain applied for at least 15 minutes, upon breakaway from the towing vehicle.

(5) **TRACTOR BRAKES PROTECTED.**—Every motor vehicle manufactured or assembled after January 1, 1972, and used to tow a trailer, semitrailer, or pole trailer equipped with brakes, shall be equipped with means for providing that in case of breakaway of the towed vehicle, the towing vehicle will be capable of being stopped by the use of its service brakes.

(6) **TRAILER AIR RESERVOIRS SAFEGUARDED.**—Air brake systems installed on trailers manufactured or assembled after January 1, 1972, shall be so designed that the supply reservoir used to provide air for the brakes shall be safeguarded against backflow of air from the reservoir through the supply line.

(7) **TWO MEANS OF EMERGENCY BRAKE OPERATION.**—

(a) Every towing vehicle, when used to tow another vehicle equipped with air-controlled brakes, in other than driveaway or towaway operations, shall be equipped with two means for emergency application of the trailer brakes. One of these means shall apply the brakes automatically in the event of a reduction of the towing vehicle air supply to a fixed pressure which shall not be lower than 20 pounds per square inch nor higher than 45 pounds per square inch. The other means shall be a manually controlled device for applying and releasing the brakes, readily operable by a person seated in the driving seat, and its emergency position or method of operation shall be clearly indicated. In no instance may the manual means be so arranged as to permit its use to prevent operation of the automatic means. The automatic and the manual means required by this section may be, but are not required to be, separate.

(b) Every towing vehicle used to tow other vehicles equipped with vacuum brakes, in operations other than driveaway or towaway operations, shall have, in addition to the single-control device required by subsection (8), a second-control device which can be used to operate the brakes on towed vehicles in emergencies. The second control shall be independent of brake air, hydraulic, and other pressure, and independent of other controls, unless the braking system is so arranged that failure of the pressure upon which the second control depends will cause the towed vehicle brakes to be applied automatically. The second control is not required to provide modulated braking.

(8) **SINGLE CONTROL TO OPERATE ALL BRAKES.**—Every motor vehicle, trailer, semitrailer and pole trailer, and every combination of such vehicles, equipped with brakes shall have the braking system so arranged that one control device can be used to operate all service brakes. This requirement does not prohibit vehicles from being equipped with an additional control device to be used to operate brakes on the towed vehicles. This regulation does not apply to driveaway or towaway operations unless the brakes on the individual vehicles are de-

signed to be operated by a single control on the towing vehicle.

(9) **RESERVOIR CAPACITY AND CHECK VALVE.**—

(a) *Air brakes.*—Every bus, truck or truck-tractor with air-operated brakes shall be equipped with at least one reservoir sufficient to insure that, when fully charged to the maximum pressure as regulated by the air compressor governor cutout setting, a full service-brake application may be made without lowering such reservoir pressure by more than 20 percent. Each reservoir shall be provided with means for readily draining accumulated oil or water.

(b) *Vacuum brakes.*—Every truck with three or more axles equipped with vacuum assist-type brakes and every truck-tractor and truck used for towing a vehicle equipped with vacuum brakes shall be equipped with a reserve capacity or a vacuum reservoir sufficient to insure that, with the reserve capacity or reservoir fully charged and with the engine stopped, a full service-brake application may be made without depleting the vacuum supply by more than 40 percent.

(c) *Reservoir safeguarded.*—All motor vehicles, trailers, semitrailers, and pole trailers, when equipped with air or vacuum reservoirs or reserve capacity as required by this section, shall have such reservoirs or reserve capacity so safeguarded by a check valve or equivalent device that in the event of failure or leakage in its connection to the source of compressed air or vacuum, the stored air or vacuum shall not be depleted by the leak or failure.

(10) **WARNING DEVICES.**—

(a) *Air brakes.*—Every bus, truck or truck-tractor using compressed air for the operation of its own brakes or the brakes on any towed vehicle shall be provided with a warning signal, other than a pressure gauge, readily audible or visible to the driver, which will operate at any time the air reservoir pressure of the vehicle is below 50 percent of the air compressor governor cutout pressure. In addition, each such vehicle shall be equipped with a pressure gauge visible to the driver, which indicates in pounds per square inch the pressure available for braking.

(b) *Vacuum brakes.*—Every truck-tractor and truck used for towing a vehicle equipped with vacuum operated brakes and every truck with three or more axles using vacuum in the operation of its brakes, except those in driveaway or towaway operations, shall be equipped with a warning signal, other than a gauge indicating vacuum, readily audible or visible to the driver, which will operate at any time the vacuum in the vehicle's supply reservoir or reserve capacity is less than 8 inches of mercury.

(c) *Combination of warning devices.*—When a vehicle required to be equipped with a warning device is equipped with both air and vacuum power for the operation of its own brakes or the brakes on a towed vehicle, the warning devices may be, but are not required to be, combined into a single device which will serve both purposes. A gauge or gauges indicating pressure or vacuum shall not be deemed to be an adequate means of satisfying this requirement.

*History.*—s. 1, ch. 71-135.

**316.262 Performance ability of motor vehicle brakes.—**

(1) Every motor vehicle and combination of vehicles, at all times and under all conditions of loading, upon application of the service brake, shall be capable of:

(a) Developing a braking force that is not less than the percentage of its gross weight tabulated herein for its classification;

(b) Decelerating to a stop from not more than 20 miles per hour at not less than the feet per second per second tabulated herein for its classification; and

(c) Stopping from a speed of 20 miles per hour in not more than the distance tabulated herein for its classification, such distance to be measured from the point at which movement of the service brake pedal or control begins.

(2) Tests for deceleration and stopping distance shall be made on a substantially level (not to exceed plus or minus 1 percent grade), dry, smooth, hard surface that is free from loose material.

Classification of vehicles	Braking force as a percentage of gross vehicle or combination weight	Deceleration in feet per second per second	Brake system application and braking distance in feet from an initial speed of 20 m.p.h.
A Passenger vehicles with a seating capacity of 10 people or less including driver, not having a manufacturer's gross vehicle weight rating.....	52.8%	17	25
B Single unit vehicles with a manufacturer's gross vehicle weight rating of 10,000 pounds or less.....	43.5%	14	30
C-1 Single unit vehicles with a manufacturer's gross weight rating of more than 10,000 pounds.....	43.5%	14	40
C-2 Combination of a two-axle towing vehicle and a trailer with a gross trailer weight of 3,000 pounds or less.....	43.5%	14	40

C-3 Buses, regardless of the number of axles, not having a manufacturer's gross weight rating.....	43.5%	14	40
C-4 All combinations of vehicles in drive-away-towaway operations.....	43.5%	14	40
D All other vehicles and combinations of vehicles.....	43.5%	14	50

History.—s. 1, ch. 71-135.

**316.263 Maintenance of brakes.**—All brakes shall be maintained in good working order and shall be so adjusted as to operate as equally as practicable with respect to the wheels on opposite sides of the vehicle.

History.—s. 1, ch. 71-135.

**316.267 Brakes on electric-powered vehicles.**

—When operated on the public streets and roads, every electric-powered vehicle with a rating of 3 to 6 horsepower shall be equipped with hydraulic brakes on the two rear wheels and at all times and under all conditions of loading, upon application of the service brake, shall be capable of:

(1) Developing a braking force that is not less than 43.5 percent of its gross weight.

(2) Decelerating to a stop from not more than 20 miles per hour at not less than 17 feet per second.

(3) Stopping from a speed of 20 miles per hour in not more than 25 feet, such distance to be measured from the point at which movement of the service brake pedal or control begins.

History.—s. 2, ch. 76-34.

**316.271 Horns and warning devices.—**

(1) Every motor vehicle when operated upon a highway shall be equipped with a horn in good working order and capable of emitting sound audible under normal conditions from a distance of not less than 200 feet, but no horn or other warning device shall emit an unreasonably loud or harsh sound or a whistle. The driver of a motor vehicle shall, when reasonably necessary to insure safe operation, give audible warning with his horn, but shall not otherwise use such horn when upon a highway.

(2) No vehicle shall be equipped with, nor shall any person use upon a vehicle, any siren, whistle or bell, except as otherwise permitted in this section.

(3) It is permissible but not required that any vehicle be equipped with a theft alarm signal device which is so arranged that it cannot be used by the driver as an ordinary warning signal.

(4) Every authorized emergency vehicle shall be equipped with a siren, whistle, or bell, capable of emitting sound audible under normal conditions from a distance of not less than 500 feet and of a type

approved by the department, but such siren shall not be used except when the vehicle is operated in response to an emergency call or in the immediate pursuit of an actual or suspected violator of the law, in which event the driver of the vehicle shall sound the siren when reasonably necessary to warn pedestrians and other drivers of the approach thereof.

History.—s. 1, ch. 71-135.

### 316.272 Exhaust systems, prevention of noise.—

(1) Every motor vehicle shall at all times be equipped with an exhaust system in good working order and in constant operation, including muffler, manifold pipe, and tailpiping to prevent excessive or unusual noise. In no event shall an exhaust system allow noise at a level which exceeds a maximum decibel level to be established by regulation of the Department of Environmental Regulation as provided in s. 403.061(13) in cooperation with the Department of Highway Safety and Motor Vehicles. No person shall use a muffler cutout, bypass or similar device upon a vehicle on a highway.

(2) The engine and power mechanism of every motor vehicle shall be so equipped and adjusted as to prevent the escape of excessive fumes or smoke.

History.—s. 1, ch. 71-135; s. 1, ch. 72-39; s. 1, ch. 73-89; s. 27, ch. 79-65.

### 316.293 Motor vehicle noise.—

(1) DEFINITIONS.—The following words and phrases, when used in this section, shall have the meanings respectively assigned to them in this subsection, except where the context otherwise requires:

(a) "dB A" means the composite abbreviation for the A-weighted sound level and the unit of sound level, the decibel.

(b) "Gross combination weight-rating" or "GCWR" means the value specified by the manufacturer as the loaded weight of a combination vehicle.

(c) "Gross vehicle weight-rating" or "GVWR" means the value specified by the manufacturer as the loaded weight of a single vehicle.

(d) "Sound level" means the A-weighted sound pressure level measured with fast response using an instrument complying with the specification for sound level meters of the American National Standards Institute, Inc., or its successor bodies, except that only A-weighting and fast dynamic response need be provided.

(e) "Department" means the Department of Highway Safety and Motor Vehicles.

(2) OPERATING NOISE LIMITS.—No person shall operate or be permitted to operate a vehicle at any time or under any condition of roadway grade, load, acceleration, or deceleration in such a manner as to generate a sound level in excess of the following limit for the category of motor vehicle and applicable speed limit at a distance of 50 feet from the center of the lane of travel under measurement procedures established under subsection (3).

(a) For motorcycles other than motor-driven cycles:

Sound level limit	
Speed limit 35 mph or less	Speed limit over 35 mph

Before January 1, 1979	82 dB A	86 dB A
On or after January 1, 1979	78 dB A	82 dB A

(b) For any motor vehicle with a GVWR or GCWR of 10,000 pounds or more:

	Sound level limit	
	Speed limit 35 mph or less	Speed limit over 35 mph
On or after January 1, 1975	86 dB A	90 dB A

(c) For motor-driven cycles and any other motor vehicle not included in paragraph (a) or paragraph (b):

	Sound level limit	
	Speed limit 35 mph or less	Speed limit over 35 mph
Before January 1, 1979	76 dB A	82 dB A
On or after January 1, 1979	72 dB A	79 dB A

(3) MEASUREMENT PROCEDURES.—The measurement procedures for determining compliance with this section shall be established by regulation of the Department of Environmental Regulation as provided in s. 403.415(9), in cooperation with the department. Such regulations shall include the selection of measurement sites and measurement procedures and shall take into consideration accepted scientific and professional methods for the measurement of vehicular sound levels. The measurement procedures may include adjustment factors to be applied to the noise limit for measurement distances of other than 50 feet from the center of the lane of travel.

(4) APPLICABILITY.—This section applies to the total noise from a vehicle and shall not be construed as limiting or precluding the enforcement of any other provisions of this chapter relating to motor vehicle mufflers for noise control.

(5) NOISE ABATEMENT EQUIPMENT MODIFICATIONS.—

(a) No person shall modify the exhaust system of a motor vehicle or any other noise-abatement device of a motor vehicle operated or to be operated upon the highways of this state in such a manner that the noise emitted by the motor vehicle is above that emitted by the vehicle as originally manufactured.

(b) No person shall operate a motor vehicle upon the highways of the state with an exhaust system or noise-abatement device so modified.

(6) EXEMPT VEHICLES.—The following are exempt from the operation of this act:

(a) Emergency vehicles operating as specified in s. 316.072(5)(a).

(b) Any motor vehicle engaged in a professional or amateur sanctioned, competitive sports event for which admission or entry fee is charged, or practice or time trials for such event.

(c) Any motor vehicle engaged in a manufacturer's engineering, design, or equipment test.

(d) Construction or agricultural equipment either on a job site or traveling on the highways.

**History.**—s. 4, ch. 74-110; s. 32, ch. 76-31; s. 2, ch. 78-280; s. 28, ch. 79-65.

**316.294 Mirrors.**—Every vehicle, operated singly or when towing any other vehicle, shall be equipped with a mirror so located as to reflect to the driver a view of the highway for a distance of at least 200 feet to the rear of the motor vehicle.

**History.**—s. 1, ch. 71-135; s. 1, ch. 76-31.

**Note.**—Former s. 316.273.

**316.295 Windshields required to be unobstructed, fixed upright and equipped with safety glass and wipers.**—

(1) Front windshields in a fixed and upright position equipped with safety glass as defined in and required by s. 320.062 are required on all motor vehicles which are driven on public highways, roads, or streets except motorcycles and implements of husbandry, and no person shall drive any motor vehicle with any sign or other nontransparent material upon the front windshield, sidewings, or side or rear windows of such vehicle, other than a certificate or other paper required to be so displayed by law.

(2)(a) No person shall operate any motor vehicle upon any public highway, road, or street, on which the front windshield is composed of, covered by, or treated with, any material which has the effect of making the windshield reflective or in any other way nontransparent.

(b) No person shall operate any motor vehicle upon any public highway, road, or street, on which the rear window is composed of, covered by, or treated with, any material which has a highly reflective or mirrored appearance and which has a total solar reflectance, when applied to automotive glass, greater than 35 percent in the visible light range.

(c) No person shall operate any motor vehicle upon any public highway, road, or street, on which the rear window is composed of, covered by, or treated with, any material which has the effect of making the rear window nontransparent unless the vehicle is equipped with side mirrors on both sides that meet the requirement of s. 316.294.

(d) No person shall operate any motor vehicle upon any public highway, road, or street, on which the sidewings and side windows on either side forward of or adjacent to the operator's seat are composed of, covered by, or treated with, any material which has the effect of making these glass areas nontransparent in any way or which has a highly reflective or mirrored appearance and a total solar reflectance, when applied to automotive glass, greater than 35 percent in the visible light range.

(e) Any person required for medical reasons to be shielded from the direct rays of the sun, and any person operating a motor vehicle belonging to such person or in which such person is a habitual passen-

ger, shall be exempt from the provisions of paragraphs (b) and (d). Such requirement must be attested to by a physician licensed to practice in this state. Before placing any such shielding material upon any window, a person desiring the exemption shall submit an application to the Florida Highway Patrol which shall record such exemption and which, upon granting such exemption, shall distribute a sufficiently noticeable sticker which shall be adhered to each exempted window.

(3) The windshield on every motor vehicle shall be equipped with a device for cleaning rain, snow, or other moisture from the windshield, which device shall be so constructed as to be controlled or operated by the driver of the vehicle.

(4) Every windshield wiper upon a motor vehicle shall be maintained in good working order.

(5) Grove equipment, including "goats," "high-lift-goats," grove chemical supply tanks, fertilizer distributors, fruit-loading equipment, and electric-powered vehicles regulated under the provisions of s. 316.267, shall be exempt from the requirements of this section. However, such electric-powered vehicles shall have a windscreen approved by the department sufficient to give protection from wind, rain, or insects, and such windscreen shall be in place whenever the vehicle is operated on the public roads and highways.

**Note.**—Former s. 316.210.

**316.296 Selling motor vehicle equipped with windows which are reflective or nontransparent; penalty.**—

(1) No person shall have for sale, sell, or offer for sale any motor vehicle with windows that are in violation of the provisions of subsection 316.295(2).

(2) Any person violating the provisions of this section is guilty of a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083.

**History.**—s. 2, ch. 75-249; ss. 1, 34, ch. 76-31.

**Note.**—Former s. 316.2105.

**316.297 Selling reflective or nontransparent material for motor vehicle windows; penalty.**—

(1) On and after July 1, 1975, no person shall knowingly sell any material for the purpose of installation on, or as a replacement for, the windows of a motor vehicle when such installation would bring the vehicle into noncompliance with s. 316.295.

(2) Any person violating the provisions of this section is guilty of a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083.

**History.**—s. 3, ch. 75-249; ss. 1, 35, ch. 76-31.

**Note.**—Former s. 316.2106.

**316.298 Motor vehicle windows; exemptions for manufacturers.**—The provisions of ss. 316.295, 316.296, and 316.297 shall not apply to the manufacturer's tinting of motor vehicle windows or to certificates or other papers required to be so displayed by law; however, no motor vehicle window described in paragraph 316.295(2)(b) or paragraph 316.295(2)(c) shall have a total solar reflectance, when applied to

automotive glass, greater than 35 percent in the visible light range.

History.—s. 4, ch. 75-249; ss. 1, 36, ch. 76-31.  
Note.—Former s. 316.2107.

### 316.299 Rough surfaced wheels prohibited.—

No person shall drive, propel, operate, or cause to be driven, propelled or operated over any paved or graded public road of this state any tractor engine, tractor or other vehicle or contrivance having wheels provided with sharpened or roughened surfaces, other than roughened pneumatic rubber tires having studs designed to improve traction without materially injuring the surface of the highway, unless the rims or tires of the wheels of such tractor engines, tractors, or other vehicles or contrivances are provided with suitable filler blocks between the cleats so as to form a smooth surface. This requirement shall not apply to tractor engines, tractors, or other vehicles or contrivances if the rims or tires of their wheels are constructed in such manner as to prevent injury to such roads. This restriction shall not apply to tractor engines, tractors, and other vehicles or implements used by any county or the Department of Transportation in the construction or maintenance of roads or to farm implements weighing less than 1,000 pounds when provided with wheel surfaces of more than  $\frac{1}{2}$  inch in width.

History.—s. 1, ch. 71-135; s. 1, ch. 76-31.  
Note.—Former s. 316.290.

### 316.300 Certain vehicles to carry flares or other devices.—

(1) No person shall operate any truck, bus, or truck-tractor, or any motor vehicle towing a house trailer, upon any highway outside an urban district or upon any divided highway at any time between sunset and sunrise unless there is carried in such vehicles the following equipment, except as provided in subsection (2):

(a) At least three flares, three red electric lanterns, or three portable red emergency reflectors, each of which shall be capable of being seen and distinguished at a distance of not less than 600 feet under normal atmospheric conditions at nighttime. No flare, fusee, electric lantern, or warning flag shall be used for the purpose of compliance with the requirements of this section unless such equipment is of a type which has been submitted to the department and approved by it. No portable reflector unit shall be used for the purpose of compliance with the requirements of this section unless it is so designed and constructed as to be capable of reflecting red light clearly visible from all distances within 600 feet to 100 feet under normal atmospheric conditions at night when directly in front of lawful lower beams of headlamps, and unless it is of a type which has been submitted to the department and approved by it.

(b) At least three red-burning fusees, unless red electric lanterns or red portable emergency reflectors are carried.

(2) No person shall operate at the time and under conditions stated in subsection (1) any motor vehicle used for the transportation of explosives, any cargo tank truck used for the transportation of flammable liquids or compressed gases, or any motor vehicle

using compressed gas as a fuel unless there is carried in such vehicle three red electric lanterns or three portable red emergency reflectors meeting the requirements of subsection (1), and there shall not be carried in any such vehicle any flares, fusees, or signal produced by flame.

(3) No person shall operate any vehicle described in subsections (1) or (2) upon any highway outside of an urban district or upon a divided highway at any time when lighted lamps are not required by s. 316.217 unless there is carried in such vehicle at least two red flags, not less than 12 inches square, with standards to support such flags.

History.—s. 1, ch. 71-135; s. 1, ch. 76-31.  
Note.—Former s. 316.274.

### 316.301 Display of warning lights and devices when vehicle is stopped or disabled.—

(1) Whenever any truck, bus, truck tractor, trailer, semitrailer, or pole trailer 80 inches or more in overall width or 30 feet or more in overall length is stopped upon a roadway or adjacent shoulder, the driver shall immediately actuate vehicular hazard-warning signal lamps meeting the requirements of this chapter. Such lights need not be displayed by a vehicle parked lawfully in an urban district, or stopped lawfully to receive or discharge passengers, or stopped to avoid conflict with other traffic or to comply with the directions of a police officer or an official traffic control device, or while the devices specified in subsection (2)-(8) are in place.

(2) Whenever any vehicle of a type referred to in subsection (1) is disabled, or stopped for more than 10 minutes, upon a roadway outside of an urban district at any time when lighted lamps are required, the driver of such vehicle shall display the following warning devices except as provided in subsection (3):

(a) A lighted fusee, a lighted red electric lantern or a portable red emergency reflector shall immediately be placed at the traffic side of the vehicle in the direction of the nearest approaching traffic.

(b) As soon thereafter as possible but in any event within the burning period of the fusee (15 minutes), the driver shall place 3 liquid-burning flares (pot torches), or 3 lighted red electric lanterns, or 3 portable red emergency reflectors on the roadway in the following order:

1. One approximately 100 feet from the disabled vehicle in the center of the lane occupied by such vehicle and toward traffic approaching in that lane;

2. One approximately 100 feet in the opposite direction from the disabled vehicle and in the center of the traffic lane occupied by such vehicle; and

3. One at the traffic side of the disabled vehicle not less than 10 feet rearward or forward thereof in the direction of the nearest approaching traffic. If a lighted red electric lantern or a red portable emergency reflector has been placed at the traffic side of the vehicle in accordance with paragraph (a) of this subsection, it may be used for this purpose.

(3) Whenever any vehicle referred to in this section is disabled, or stopped for more than 10 minutes, within 500 feet of a curve, hill crest or other obstruction to view, the warning device in that direction shall be so placed as to afford ample warning to other users of the highway, but in no case less than 100

feet nor more than 500 feet from the disabled vehicle.

(4) Whenever any vehicle of a type referred to in this section is disabled, or stopped for more than 10 minutes, upon any roadway of a divided highway during the time lighted lamps are required, the appropriate warning devices prescribed in subsections (2) and (5) shall be placed as follows:

(a) One at a distance of approximately 200 feet from the vehicle in the center of the lane occupied by the stopped vehicle and in the direction of traffic approaching in that lane.

(b) One at a distance of approximately 100 feet from the vehicle, in the center of the lane occupied by the vehicle and in the direction of traffic approaching in that lane.

(c) One at the traffic side of the vehicle and approximately 10 feet from the vehicle in the direction of the nearest approaching traffic.

(5) Whenever any motor vehicle used in the transportation of explosives or any cargo tank truck used for the transportation of any flammable liquid or compressed flammable gas, or any motor vehicle using compressed gas as a fuel, is disabled, or stopped for more than 10 minutes, at any time and place mentioned in subsections (2), (3) or (4), the driver of such vehicle shall immediately display red electric lanterns or portable red emergency reflectors in the same number and manner specified therein. Flares, fusees or signals produced by flame shall not be used as warning devices for disabled vehicles of the type mentioned in this subsection.

(6) The warning devices described in subsections (2)-(5) need not be displayed where there is sufficient light to reveal persons and vehicles within a distance of 1,000 feet.

(7) Whenever any vehicle described in this section is disabled, or stopped for more than 10 minutes, upon a roadway outside of an urban district or upon the roadway of a divided highway at any time when lighted lamps are not required by s. 316.217, the driver of the vehicle shall display two red flags as follows:

(a) If traffic on the roadway moves in two directions, one flag shall be placed approximately 100 feet to the rear and one flag approximately 100 feet in advance of the vehicle in the center of the lane occupied by such vehicle.

(b) Upon a one-way roadway, one flag shall be placed approximately 100 feet and one flag approximately 200 feet to the rear of the vehicle in the center of the lane occupied by such vehicle.

(8) When any vehicle described in this section is stopped entirely off the roadway and on an adjacent shoulder at any time and place hereinbefore mentioned, the warning devices shall be placed, as nearly as practicable, on the shoulder near the edge of the roadway.

(9) The flares, fusees, red electric lanterns, portable red emergency reflectors and flags to be displayed as required in this section shall conform with the requirements of this chapter applicable thereto.

**History.**—s. 1, ch. 71-135; s. 1, ch. 76-31.

**Note.**—Former s. 316.230.

### 316.302 Transportation of hazardous materials, explosives, flammable liquids, radioactive materials, etc.—

(1)(a) Any vehicle used for transporting any hazardous material as defined in subpart B, part 172, 49 C.F.R., shall be placarded in accordance with the rules and regulations of 49 C.F.R. s. 172.504. Any person transporting any hazardous material that has not been placarded as provided in this paragraph is guilty of a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

(b) Any vehicle used for transporting any explosives as a cargo or part of a cargo upon the highways, roads, or streets of this state shall be marked or placarded on the front, both sides, and the rear with the word "EXPLOSIVES" in letters not less than 6 inches high, or in lieu thereof shall conspicuously display upon an erect pole a red flag, not less than 540 square inches in area with the word "EXPLOSIVES" thereon in white letters not less than 6 inches high. Any vehicle used for transporting any flammable liquids as a cargo or part of a cargo upon the highways, roads, or streets of this state shall be marked or placarded on each side and the rear with the word "GASOLINE," other name of fuel or flammable liquid carried or other applicable wording in letters of such height as required by rules and regulations made and promulgated by the Department of Insurance. Every such vehicle shall be equipped with not less than two fire extinguishers, filled and ready for immediate use, and placed at a convenient point on the vehicle so used. Any vehicle used for transporting any radioactive material as a cargo or part of a cargo upon the highways, roads, or streets of this state but not regulated as to such transportation by federal authority shall be marked or placarded with such words and symbols of identification as may be prescribed by the regulations of the Department of Insurance. The Department of Insurance is authorized in accordance with chapter 633 to make and promulgate such additional rules and regulations governing the transportation of explosives, flammable liquids, and other dangerous articles, including radioactive materials, by vehicles upon the highways, roads, and streets as it shall deem advisable for the protection of the public, and all such rules and regulations shall have the full force and effect of law. As to radioactive materials, it shall promulgate rules and regulations no less restrictive than those imposed by federal authority for similar interstate transportation.

(2) The provisions of subsection (1) shall not be applicable to the transporting of liquefied petroleum gas. The rules and regulations applicable to the transporting of liquefied petroleum gas on the highways, roads, or streets of this state shall be only those made and promulgated by the Department of Insurance under chapter 527.

**History.**—s. 1, ch. 71-135; s. 1, ch. 76-31; s. 1, ch. 79-254.

**Note.**—Former s. 316.286.

cf.—s. 381.512 Transportation of radioactive materials.

### 316.303 Television receivers.—

(1) No motor vehicle operated on the highways of this state shall be equipped with television-type receiving equipment so located that the viewer or screen is visible from the driver's seat.

(2) This section does not prohibit the use of television-type receiving equipment used exclusively for safety or law enforcement purposes, provided such use is approved by the department.

**History.**—s. 1, ch. 71-135; s. 1, ch. 76-31.

**Note.**—Former s. 316.275.

**316.304 Wearing of headsets.**—No person shall operate a motor vehicle while wearing a headset, headphone, or other listening device, other than a hearing aid or instrument for the improvement of defective human hearing. However, this section shall not apply to any law enforcement officer equipped with any communication device necessary in performing his assigned duties.

**History.**—s. 1, ch. 73-4; s. 1, ch. 76-31.

**Note.**—Former s. 316.0285.

#### **316.400 Headlamps.—**

(1) Every motorcycle and every motor-driven cycle shall be equipped with at least one and not more than two headlamps which shall comply with the requirements and limitations of this chapter.

(2) Every headlamp upon every motorcycle and motor-driven cycle shall be located at a height of not more than 54 inches nor less than 24 inches to be measured as set forth in s. 316.217(3).

**History.**—s. 1, ch. 71-135; s. 1, ch. 76-31.

**Note.**—Former s. 316.243.

#### **316.405 Motorcycle headlights to be turned on.—**

(1) Any person who operates a motorcycle or motor-driven cycle on the public streets or highways shall, while so engaged, have the headlight or headlights of such motorcycle or motor-driven cycle turned on. Failure to comply with this section during the hours from sunrise to sunset, unless compliance is otherwise required by law, shall not be admissible as evidence of negligence in a civil action.

(2) Failure to comply with the provisions of this section shall not be deemed negligence per se in any civil action, but the violation of this section may be considered on the issue of negligence if the violation of this section is a proximate cause of an accident.

**History.**—ss. 1, 2, ch. 71-351; s. 1, ch. 76-31.

**Note.**—Former s. 316.2431.

#### **316.410 Taillamps.—**

(1) Every motorcycle and motor-driven cycle shall have at least one taillamp which shall be located at a height of not more than 72 nor less than 20 inches.

(2) Either a taillamp or a separate lamp shall be so constructed and placed as to illuminate with a white light the rear registration plate and render it clearly legible from a distance of 50 feet to the rear. Any taillamp or taillamps, together with any separate lamp or lamps for illuminating the rear registration plate, shall be so wired as to be lighted whenever the headlamps or auxiliary driving lamps are lighted.

**History.**—s. 1, ch. 71-135; s. 1, ch. 76-31.

**Note.**—Former s. 316.244.

**316.415 Reflectors.**—Every motorcycle and motor-driven cycle shall carry on the rear, either as

part of the taillamp or separately, at least one red reflector.

**History.**—s. 1, ch. 71-135; s. 1, ch. 76-31.

**Note.**—Former s. 316.245.

**316.420 Stop lamps.**—Every motorcycle and motor-driven cycle shall be equipped with at least one stop lamp meeting the requirements of s. 316.234(1).

**History.**—s. 1, ch. 71-135; s. 1, ch. 76-31.

**Note.**—Former s. 316.246.

#### **316.425 Lamps on parked motorcycles.—**

(1) Every motorcycle must comply with the provisions of s. 316.229 regarding lamps on parked vehicles and the use thereof.

(2) Motor-driven cycles need not be equipped with parking lamps or otherwise comply with the provisions of s. 316.229.

**History.**—s. 1, ch. 71-135; s. 1, ch. 76-31.

**Note.**—Former s. 316.247.

#### **316.430 Multiple-beam road-lighting equipment.—**

(1) Every motorcycle other than a motor-driven cycle shall be equipped with multiple-beam road-lighting equipment.

(2) Such equipment shall:

(a) Reveal persons and vehicles at a distance of at least 300 feet ahead when the uppermost distribution of light is selected;

(b) Reveal persons and vehicles at a distance of at least 150 feet ahead when the lowermost distribution of light is selected.

On a straight, level road under any condition of loading none of the high intensity portion of the beam shall be directed to strike the eyes of an approaching driver.

**History.**—s. 1, ch. 71-135; s. 1, ch. 76-31.

**Note.**—Former s. 316.248.

**316.435 Lighting equipment for motor-driven cycles.**—The headlamp or headlamps upon every motor-driven cycle may be of the single-beam or multiple-beam type, but in either event shall comply with the requirements and limitations as follows:

(1) Every such headlamp or headlamps on a motor-driven cycle shall be of sufficient intensity to reveal persons and vehicles at a distance of not less than 100 feet when the motor-driven cycle is operated at any speed less than 25 miles per hour; at a distance of not less than 200 feet when the motor-driven cycle is operated at a speed of 25 or more miles per hour; and at a distance of not less than 300 feet when the motor-driven cycle is operated at a speed of 35 or more miles per hour.

(2) In the event the motor-driven cycle is equipped with a multiple-beam headlamp or headlamps, such equipment shall comply with the requirements of s. 316.430(2).

**History.**—s. 1, ch. 71-135; ss. 1, 29, ch. 76-31.

**Note.**—Former s. 316.249.

**316.440 Brake equipment required.**—Every motor-driven cycle must comply with the provisions of s. 316.261, except that:

(1) Motorcycles and motor-driven cycles need not be equipped with parking brakes.

(2) The wheel of a sidecar attached to a motorcycle or to a motor-driven cycle, and the front wheel of a motor-driven cycle, need not be equipped with brakes, provided that such motorcycle or motor-driven cycle is capable of complying with the performance requirements of this chapter.

**History.**—s. 1, ch. 71-135; s. 1, ch. 76-31.  
**Note.**—Former s. 316.264.

#### **316.445 Performance ability of motorcycle brakes.—**

(1) Every motorcycle and motor-driven cycle, at all times and under all conditions of loading, upon application of the service brake, shall be capable of:

(a) Developing a braking force that is not less than 43.5 percent of its gross weight;

(b) Decelerating to a stop from not more than 20 miles per hour at not less than 14 feet per second per second; and

(c) Stopping from a speed of 20 miles per hour in not more than 30 feet, such distance to be measured from the point at which movement of the service brake pedal or control begins.

(2) Tests for deceleration and stopping distance shall be made on a substantially level (not to exceed plus or minus 1 percent grade), dry, smooth, hard surface that is free from loose material.

**History.**—s. 1, ch. 71-135; s. 1, ch. 76-31.  
**Note.**—Former s. 316.265.

#### **316.450 Brakes on motor-driven cycles.—**

(1) The department is authorized to require an inspection of the braking system on any motor-driven cycle and to disapprove any such braking system on a vehicle which it finds will not comply with the performance ability standard set forth in s. 316.445 or which in its opinion is equipped with a braking system that is not so designed or constructed as to insure reasonable and reliable performance in actual use.

(2) The department may refuse to register or may suspend or revoke the registration of any vehicle referred to in this section when it determines that the braking system thereon does not comply with the provisions of this section.

(3) No person shall operate on any highway any vehicle referred to in this section in the event the department has disapproved the braking system upon such vehicle.

**History.**—s. 1, ch. 71-135; ss. 1, 30, ch. 76-31.  
**Note.**—Former s. 316.266.

**316.455 Other equipment.**—Every motorcycle and every motor-driven cycle shall comply with the requirements and limitations of s. 316.271 on horns and warning devices, s. 316.272 on mufflers and prevention of noise, and s. 316.294 on mirrors.

**History.**—s. 1, ch. 71-135; ss. 1, 31, ch. 76-31.  
**Note.**—Former s. 316.277.

**316.500 Exceeding weight and length; penalties.**—It is a violation of this chapter for any person to drive or move, or for the owner to cause or knowingly permit to be driven or moved, on any highway any vehicle or vehicles of a size or weight exceeding the limitations stated in this chapter or otherwise in violation of this chapter, and the maximum size and weight of vehicles herein specified shall be lawful

throughout this state. Local authorities shall have no power or authority to alter said limitations except as express authority may be granted in this chapter.

**History.**—s. 1, ch. 71-135; s. 1, ch. 76-31.  
**Note.**—Former s. 316.206.

**316.510 Projecting loads on passenger vehicles.**—No passenger type vehicle shall be operated on any highway with any load carried thereon extending beyond the fenders on the left side of the vehicle or extending more than 6 inches beyond the line of the fenders on the right side thereof.

**History.**—s. 1, ch. 71-135; s. 1, ch. 76-31.  
**Note.**—Former s. 316.197.

#### **316.515 Maximum width, height, length.—**

(1) The total outside width of any vehicle or the load thereon shall not exceed 96 inches, except as otherwise provided in this chapter.

(2) No vehicle shall exceed a height of 13 feet 6 inches, inclusive of load carried thereon.

(3)(a) No vehicle shall exceed a length of 40 feet extreme overall dimension, inclusive of front and rear bumpers, and load carried thereon but exclusive of detachable wind-deflection devices which have been approved by the department. Any vehicle in excess of 35 feet, except buses, shall have not less than three axles. No combination of vehicles coupled together shall consist of more than two units, and no such combination of vehicles shall exceed a total length of 55 feet, inclusive of load carried thereon but exclusive of detachable wind-deflection devices which have been approved by the department. Automobile towaway or driveaway operations, transporting new or used trucks, may use what is known to the trade as saddle mounts, provided the overall length shall not exceed 55 feet and in no instance may more than two saddle mounts be towed. Combinations of vehicles up to five in number will be authorized for the sole purpose of collecting refuse and transporting same to the dump by vehicles and combinations of vehicles provided that such vehicles or combinations of vehicles shall be covered in such manner that refuse transported therein shall not spill from the vehicles, if they otherwise comply with the provisions of this law and only use the state roads to the extent necessary to collect and dispose of refuse.

(b) Tour trains and similar operations which have been continuously conducted for 120 days prior to the date this chapter becomes law shall also be authorized hereunder, subject to the length and other restrictions imposed by law, not in conflict with the provisions of this chapter.

(4) The load upon any vehicle operated alone, or the load upon the front vehicle of a combination of vehicles, shall not extend more than 3 feet beyond the front wheels of the vehicle or the front bumper of the vehicle if it is equipped with a bumper.

(5) The length limitation imposed by this section shall not apply to fire apparatus, to vehicles operated in the daytime when transporting poles, pipes, machinery or other objects of a structural nature which cannot readily be dismembered, or to such vehicles transporting such objects operated at night by a public utility when required for emergency repair of public service facilities or properties, when operated under special permit as hereinafter provided.

ed for, but in respect to such night transportation every such vehicle and the load thereon shall be equipped with a sufficient number of clearance lamps on both sides and marker lamps upon the extreme ends of any projecting load to clearly mark the dimensions of the load.

(6) The limitations imposed by this section shall not apply to a combination of vehicles consisting of a wrecker licensed in accordance with s. 320.08(6)(c) and a disabled motor vehicle, trailer, semitrailer, or tractor-trailer combination which is under tow by the wrecker to a nearby authorized repair service.

History.—s. 1, ch. 71-135; s. 1, ch. 74-117; s. 1, ch. 76-31; s. 4, ch. 79-99.  
Note.—Former s. 316.196.

### 316.520 Loads on vehicles.—

(1) No vehicle shall be driven or moved on any highway unless the vehicle is so constructed or loaded as to prevent any of its load from dropping, shifting, leaking, blowing, or otherwise escaping therefrom, except that sand may be dropped only for the purpose of securing traction or water or other substance may be sprinkled on a roadway in cleaning or maintaining the roadway.

(2) It is the duty of every owner and driver, severally, of any vehicle hauling, upon any public road or highway open to the public, dirt, sand, lime rock, gravel, silica, or other similar aggregate or trash, garbage, or any similar material which could fall or blow from such vehicle, to prevent such materials from falling, blowing, or in any way escaping from such vehicle. Covering and securing the load with a close-fitting tarpaulin or other appropriate cover is required.

History.—s. 1, ch. 71-135; s. 1, ch. 73-174; s. 1, ch. 74-111; s. 1, ch. 76-31.  
Note.—Former s. 316.198.

**316.525 Requirements for vehicles hauling load.**—It is the duty of every owner, licensee, and driver, severally, of any truck, trailer, semitrailer, and pole trailer to use such stanchions, standards, stays, supports or other equipment, appliances, or contrivances, together with one or more lock chains, so as to fasten the load securely to the vehicle.

History.—s. 1, ch. 71-135; s. 1, ch. 76-31.  
Note.—Former s. 316.280.

### 316.530 Towing requirements.—

(1) When one vehicle is towing another vehicle the drawbar or other connection shall be of sufficient strength to pull all weight towed thereby, and said drawbar or other connection shall not exceed 15 feet from one vehicle to the other except the connection between any two vehicles transporting poles, pipe, machinery or other objects of structural nature which cannot readily be dismembered. When one vehicle is towing another vehicle and the connection consists of a chain, rope, or cable, there shall be displayed upon such connection a white flag or cloth not less than 12 inches square.

(2) When a vehicle is towing a trailer or semitrailer on a public road or highway by means of a trailer hitch to the rear of the vehicle, there shall be attached in addition thereto safety chains from the trailer or semitrailer to the vehicle. These safety chains shall be of sufficient strength to maintain connection of the trailer or semitrailer to the pulling vehicle under all conditions while the trailer or

semitrailer is being towed by the vehicle. The provisions of this subsection shall not apply to trailers or semitrailers using a hitch known as a 5th wheel nor to farm equipment traveling less than 20 miles per hour.

(3) Whenever a motor vehicle becomes disabled upon the highways of this state and a wrecker or tow truck is required to remove it to a repair shop or other appropriate location, if the combined weights of those two vehicles and the loads thereon exceed the maximum allowable weights as established by s. 316.535, no penalty shall be assessed either vehicle or driver. However, this exception shall not apply to the load limits for bridges and culverts established by the department as provided in s. 316.555.

### 316.535 Maximum weights.—

(1) The gross weight imposed on the highway by the wheels of any one axle of a vehicle shall not exceed 20,000 pounds.

(2) For the purposes of this chapter, an axle load shall be defined as the total load transmitted to the road by all wheels whose centers are included between 2 parallel transverse vertical planes 40 inches apart, extending across the full width of the vehicle.

(3) Subject to the limit upon the weight imposed upon the highways through any one axle as set forth herein, the total weight with load imposed upon the highway by all the axles of a vehicle or combination of vehicles shall not exceed the gross weight given for the respective distance between the first and last axle of the vehicle or combination of vehicles, measured longitudinally to the nearest foot as set forth in the following table:

(4) With respect to the Interstate Highway System, in all cases in which it exceeds state law in effect on January 4, 1975, the overall gross weight on a group of two or more consecutive axles of a vehicle or combination of vehicles, including all enforcement tolerances, shall be as determined by the following formula:

$$W = 500 \left( \frac{LN}{N-1} + 12N + 36 \right)$$

where W = the overall gross weight on any group of two or more consecutive axles to the nearest 500 pounds; L = the distance in feet between the extremes of any group of two or more consecutive axles; and N = the number of axles in the group under consideration. Such overall gross weight of any vehicle or combination of vehicles may not exceed 80,000 pounds, including all enforcement tolerances.

(5) With respect to those highways not in the Interstate Highway System, in all cases in which it exceeds state law in effect on January 4, 1975, the overall gross weight on the vehicle or combination of vehicles, including all enforcement tolerances, shall be as determined by the following formula:

$$W = 500 \left( \frac{LN}{N-1} + 12N + 36 \right)$$

where W = overall gross weight of the vehicle to the nearest 500 pounds, L = distance in feet between the extreme of the external axles, and N = number of axles on the vehicle. However, such overall gross weight of any vehicle or combination of vehicles may not exceed 80,000 pounds including all enforcement tolerances.

(6) The Department of Transportation shall adopt rules to implement this section. The Department of Highway Safety and Motor Vehicles shall enforce this section and the rules adopted hereunder and shall publish and distribute tables and other publications as deemed necessary to inform the public.

(7) Except as hereinafter provided, no vehicle or combination of vehicles exceeding the gross weights specified in subsections (3), (4), and (5) shall be permitted to travel on the public highways within the state.

(8) The provisions of s. 316.515 to the contrary notwithstanding, no combination of vehicles coupled together shall consist of more than three units, and

no such combination of vehicles shall exceed a total length of 65 feet, inclusive of load carried thereon. The provisions of this subsection shall apply only to four-lane divided highways.

**Note.**—Former s. 316.199.

**316.540 Reregistration of certain motor vehicles not conforming with s. 316.535.**—Any motor vehicles or combination of vehicles which conformed to the requirements of motor vehicle laws relative to weights and sizes prior to the enactment of chapter 25342, Laws of Florida, 1949, which are now registered and continue to reregister yearly for operation in this state, and due to their peculiar construction and design may not, in the opinion of the department, be made to conform to the axle spacing requirements of s. 316.535 without excessive expenses, may be continued in operation for the life of the vehicle, subject to all safety and operational requirements of law, without being made to conform to the axle spacing requirements of s. 316.535 provided that such vehicles or combination of vehicles shall be limited to a total gross load, including weight of vehicle, of 20,000 pounds per axle plus scale tolerances and shall not exceed 550 pounds per inch width tire surface. Such vehicles equipped with more than 3 axles shall not exceed a gross weight, including the weight of the vehicle and scale tolerances, of 70,000 pounds, provided such gross weight shall not exceed 20,000 pounds per axle and 550 pounds per inch width of tire surface plus scale tolerances. Such reregistration may be made only by the department and shall show that the license is a specially issued one. Dump trucks, concrete mixing trucks, trucks engaged in waste collection and disposal, and fuel oil and gasoline trucks designed and constructed for special type work or use need not be registered as required herein, but shall meet the requirements of this section as to load limits. Any vehicle violating the weight provisions of this section shall be penalized as provided in s. 316.545.

**History.**—s. 1, ch. 71-135; ss. 1, 20, ch. 76-31; s. 3, ch. 76-171.

**Note.**—Former s. 316.201.

#### **316.545 Weight and load unlawful; inspection; penalty; review.**—

(1) Any officer or agent of the Department of Highway Safety and Motor Vehicles or the Florida Public Service Commission having reason to believe that the weight of a vehicle and load is unlawful is authorized to require the driver to stop and submit to a weighing of the same either by means of portable or stationary scales and may require that such vehicle be driven to the nearest public scales, provided such public scales are within 2 miles.

(2) Whenever an officer, upon weighing a vehicle or combination of vehicles with load, determines that the axle weight or gross weight is unlawful, the officer may require the driver to stop the vehicle in a suitable place and remain standing until a determination can be made as to the amount of weight thereon and, if overloaded, the amount of penalty to be assessed as provided herein. However, any gross weight over and beyond 6,000 pounds beyond the maximum herein set shall be unloaded and all material so unloaded shall be cared for by the owner or

operator of the vehicle at the risk of such owner or operator. For enforcement purposes, all scaled weights of the gross or axle weight of vehicles and combinations of vehicles shall be deemed to be not closer than 10 percent to the true gross weight. However, if the driver of any vehicle can comply with the requirements of this chapter by shifting or equalizing the load on all wheels or axles and does so when requested by the proper authority, the driver shall not be held to be operating in violation of this chapter.

(3) Any person who violates the overloading provisions of this chapter shall be conclusively presumed to have damaged the highways of this state by reason of such overloading, which damage is hereby fixed as follows:

(a) When the excess weight is 100 pounds or less than the maximum herein provided, the penalty shall be \$5;

(b) Five cents per pound for each pound of weight in excess of the maximum herein provided when the excess weight exceeds 100 pounds. However, whenever the gross weight of the vehicle or combination of vehicles does not exceed the maximum allowable gross weight, the maximum fine for the first 1,000 pounds of unlawful axle weight shall be \$10.

(4) Whenever any person violates the provisions of this chapter and becomes indebted to the state because of such violation in the amounts aforesaid and refuses to pay said penalty, such penalty shall become a lien upon the overloaded motor vehicle, and the same may be foreclosed by the state in a court of equity. It shall be presumed that the owner of the overloaded motor vehicle is liable for the sum. Any person, firm, or corporation claiming an interest in the seized motor vehicle may, at any time after the state's lien attaches to the motor vehicle, obtain possession of the seized vehicle by filing a good and sufficient forthcoming bond with the officer having possession of the vehicle, payable to the governor of the state in twice the amount of the state's lien, with a corporate surety duly authorized to transact business in this state as surety, conditioned to have the motor vehicle or combination of vehicles forthcoming to abide the result of any suit for the foreclosure of said lien. It shall be presumed that the owner of the overloaded motor vehicle is liable for the penalty imposed under this section. Upon the posting of such bond with the officer making the seizure, the vehicle shall be released and the bond shall be forwarded to the Department of Transportation for safekeeping. The lien of the state against the motor vehicle aforesaid shall be foreclosed in equity, and the ordinary rules of court relative to proceedings in equity shall control. If it appears that the seized vehicle has been released to the defendant upon his forthcoming bond, the state shall take judgment of foreclosure against the property itself, and judgment against the defendant and the sureties on the bond for the amount of the lien, including cost of proceedings. After the rendition of the decree, the state may, at its option, proceed to sue out execution against the defendant and his sureties for the amount recovered as aforesaid or direct the sale of the vehicle under foreclosure.

(5) Any officer collecting the penalty herein im-

posed shall give to the owner or driver of the overloaded vehicle an official receipt for all penalties collected. Such officers or agents of the state departments shall cooperate with the owners or drivers of motor vehicles so as not to delay unduly the vehicles. All penalties imposed and collected under this section by any state agency having jurisdiction shall be paid to the treasurer of the state, who shall credit the total amount thereof to the state transportation trust fund, which shall be used to repair and maintain the roads of this state and to enforce this chapter relating to weights of vehicles.

(6) There is hereby created a board of review, consisting of the secretary of the Department of Transportation, the chairman of the Public Service Commission, the director of the Division of Motor Vehicles, and the director of the Division of Highway Patrol, or their authorized representatives, which may review any penalty imposed upon any vehicle or person under the provisions of this chapter relating to weights imposed on the highways by the axles and wheels of motor vehicles.

(7) Any person aggrieved by the imposition of a civil penalty pursuant to this section may apply to the review board for a modification, cancellation, or revocation of the penalty, and the review board is authorized to modify, cancel, revoke, or sustain such penalty.

(8) Any agent of the Department of Highway Safety and Motor Vehicles employed for the purpose of being a weight inspector shall have the same arrest powers as are granted under s. 570.151 for road-guard inspection special officers for the purpose of enforcing the provisions of weight and load laws.

**History.**—s. 1, ch. 71-135; ss. 2, 3, ch. 73-57; s. 1, ch. 76-31; s. 1, ch. 79-390.  
**Note.**—Former s. 316.200.

**316.550 Operations not in conformity with law; special permits.**—The Department of Transportation, with respect to highways under its jurisdiction, and local authorities, with respect to highways under their jurisdiction, may, in their discretion and upon application and good cause shown therefor that the same is not contrary to the public interest, issue special permits in writing authorizing the applicant to operate or move a vehicle or combination of vehicles of a size or weight of vehicle or load exceeding the maximum specified in this chapter, or otherwise not in conformity with the provisions of this chapter, upon any highway under the jurisdiction of the authority issuing such permit and for the maintenance of which said authority is responsible. The permit shall describe the vehicle or vehicles and load to be operated or moved and the highways for which the permit is requested. The Department of Transportation or local authority is authorized to issue or withhold such permit at its discretion or, if such permit is issued, to limit or prescribe conditions of operation of such vehicle or vehicles, and may require such undertaking or other security as may be deemed necessary to compensate for any injury to any roadway or road structure. The Department of Transportation or such local authority is authorized to promulgate rules and regulations concerning the issuance of such permits, and to charge a fee for the issuance thereof, which rules, regulations, and fees shall have the force and effect

of law. The minimum fee for issuing any such permit shall be \$5. The Department of Transportation may issue blanket permits for not more than 12 months, the fee for which shall not exceed \$50. Every such permit shall be carried in the vehicle or combination of vehicles to which it refers, and shall be open to inspection by any police officer or authorized agent of any authority granting such permit. No person shall violate any of the terms or conditions of such special permit.

**History.**—s. 1, ch. 71-135; s. 1, ch. 76-31.

**Note.**—Former s. 316.009.

**316.555 Weight, load, speed limits may be lowered; condition precedent.**—Anything in this chapter to the contrary notwithstanding, the Department of Transportation with respect to state roads, and local authorities with respect to highways under their jurisdiction, may prescribe, by notice hereinafter provided for, loads and weights and speed limits lower than the limits prescribed in this chapter and other laws, whenever in its or their judgment any road or part thereof or any bridge or culvert shall, by reason of its design, deterioration, rain, or other climatic or natural causes be liable to be damaged or destroyed by motor vehicles, trailers, or semitrailers, if the gross weight or speed limit thereof shall exceed the limits prescribed in said notice. The Department of Transportation or local authority may, by like notice, regulate or prohibit, in whole or in part, the operation of any specified class or size of motor vehicles, trailers, or semitrailers on any highways or specified parts thereof under its or their jurisdiction, whenever in its or their judgment, such regulation or prohibition is necessary to provide for the public safety and convenience on the highways, or parts thereof, by reason of traffic density, intensive use thereof by the traveling public, or other reasons of public safety and convenience. The notice or the substance thereof shall be posted at conspicuous places at terminals of all intermediate crossroads and road junctions with the section of highway to which the notice shall apply. After any such notice has been posted, the operation of any motor vehicle or combination contrary to its provisions shall constitute a violation of this chapter. However, no limitation shall be established by any county, municipal, or other local authorities pursuant to the provisions of this section that would interfere with or interrupt traffic as authorized hereunder over state roads, including officially established detours for such highways, including cases where such traffic passes over roads, streets or thoroughfares within the sole jurisdiction of the county, municipal or other local authorities unless such limitations and further restrictions have first been approved by the Department of Transportation. With respect to county roads, except such as are in use as state road detours, the respective county road authorities shall have full power and authority to further limit the weights of vehicles upon bridges and culverts upon such public notice as they deem sufficient, and existing laws applicable thereto shall not be affected by the terms of this chapter.

**Note.**—Former s. 316.202.

**316.560 Damage to highways; liability of driver and owner.**—Any person driving or moving any vehicle, object, or contrivance upon any highway or highway structure shall be liable for all damages which the highway or structure may sustain as a result of any illegal operating, driving, or moving of such vehicles, object, or contrivance, whether or not such damage is a result of operating, driving, or moving any vehicle, object or contrivance weighing in excess of the maximum weights as provided in this chapter but authorized by special permit issued pursuant to s. 316.550. Whenever the driver is not the owner of the vehicle, object, or contrivance but is so operating, driving, or moving the same with the express or implied permission of the owner, then the owner and driver shall be jointly and severally liable for any such damage. Such damage may be recovered in any civil action brought by the authorities in control of the highway or highway structure.

**History.**—s. 1, ch. 71-135; ss. 1, 21, ch. 76-31.

**Note.**—Former s. 316.203.

**316.565 Emergency transportation, perishable food; establishment of weight loads, etc.**—

(1) The Governor may declare an emergency to exist when there is a breakdown in the normal public transportation facilities necessary in moving perishable food crops grown in the state. The Department of Transportation is authorized during such emergency to establish such weight loads for hauling over the highways from the fields or packinghouses to the nearest available public transportation facility as circumstances demand. The Department of Transportation shall designate special highway routes, excluding the interstate highway system, to facilitate the trucking and render any other assistance needed to expedite moving the perishables.

(2) It is the intent of the Legislature in this chapter to supersede any existing laws when necessary to protect and save any perishable food crops grown in the state and give authority for agencies to provide necessary temporary assistance requested during any such emergency.

**History.**—s. 1, ch. 71-135; s. 1, ch. 76-31.

**Note.**—Former s. 316.204.

**316.600 Health and sanitation hazards.**—No motor vehicle, trailer or semitrailer shall be equipped with an open toilet or other device that may be a hazard from a health and sanitation standpoint.

**History.**—s. 1, ch. 71-135; s. 1, ch. 76-31.

**Note.**—Former s. 316.279.

**316.605 Licensing of vehicles.**—Every vehicle, at all times while driven, stopped, or parked upon any highways, roads, or streets of this state, shall be licensed in the name of the owner thereof in accordance with the laws of this state unless such vehicle is not required by the laws of Florida to be licensed in this state, and shall, unless otherwise provided by statute, display the license plate or both of the license plates assigned to it by the state, one on the rear and, if two, the other on the front of the vehicle, each to be securely fastened to the vehicle outside the main body of the vehicle, in such manner as to prevent the plates from swinging, with all letters, numerals, printing, writing, and other identification

marks upon the plates clear and distinct and free from defacement, mutilation, grease, and other obscuring matter, so that they shall be plainly visible and legible at all times 100 feet from the rear or front. Nothing shall be placed upon the face of a Florida plate except as permitted by law or by rule or regulation of a governmental agency. No license plates other than those furnished by the state shall be used. However, if the vehicle is not required to be licensed in this state, the license plates on such vehicle issued by another state, or by a territory, possession, or district of the United States, or by a foreign country, substantially complying with the provisions hereof, shall be considered as complying with this chapter.

**History.**—s. 1, ch. 71-135; s. 1, ch. 76-31; s. 1, ch. 78-55.  
**Note.**—Former s. 316.284.

**316.610 Safety of vehicle; inspection.**—It is a violation of this chapter for any person to drive or move, or for the owner or his duly authorized representative to cause or knowingly permit to be driven or moved, on any highway any vehicle or combination of vehicles which is in such unsafe condition as to endanger any person or property, or which does not contain those parts or is not at all times equipped with such lamps and other equipment in proper condition and adjustment as required in this chapter, or which is equipped in any manner in violation of this chapter, or for any person to do any act forbidden or fail to perform any act required under this chapter.

(1) Any police officer may at any time, upon reasonable cause to believe that a vehicle is unsafe or not equipped as required by law, or that its equipment is not in proper adjustment or repair, require the driver of the vehicle to stop and submit the vehicle to an inspection and such test with reference thereto as may be appropriate.

(2) In the event the vehicle is found to be in unsafe condition or any required part or equipment is not present or is not in proper repair and adjustment, and the continued operation would probably present an unduly hazardous operating condition, the officer may require the vehicle to be immediately repaired or removed from use. However, if continuous operation would not present unduly hazardous operating conditions, that is, in the case of equipment defects such as tailpipes, mufflers, windshield wipers, marginally worn tires, the officer shall give written notice to require proper repair and adjustment of same within 48 hours, excluding Sunday.

(3) It is unlawful to operate any vehicle on any of the streets or highways which is required under the laws of this state or any political subdivision thereof to be inspected, unless the vehicle has been inspected and has attached thereto, in proper position, a valid and unexpired certificate of inspection as required.

**History.**—s. 1, ch. 71-135; s. 1, ch. 76-31; s. 1, ch. 78-112.  
**Note.**—Former s. 316.285.

**316.615 Inspection of school buses; physical requirements of drivers.**—

(1)(a) All motor vehicles, other than private passenger automobiles and school buses with a seating capacity of less than 24 pupils, which are used primarily for the transportation of pupils to school, but which are not operated by or under the purview of

the state or a political subdivision thereof or under a franchise issued by a municipality or the Public Service Commission, shall comply with the requirements for school buses of chapter 234.

(b) For the purposes of this section the term "school" includes all public and private nursery, pre-elementary, elementary, secondary, and college level schools.

(2)(a) Every bus with a seating capacity of less than 24 pupils shall be equipped with the following:

1. Nonleaking exhaust system;
2. First-aid kit;
3. Fire extinguisher;
4. Unbroken safety glass on all windows;
5. Inside rear view mirror capable of giving the driver a clear view of motor vehicles approaching from the rear; and
6. Seats securely anchored.

(b) Such vehicles shall be covered by liability insurance to protect pupils being transported.

(c) Such vehicles shall transport no more passengers than they are equipped to seat.

(3)(a) No person shall operate or cause to be operated a motor vehicle covered by subsection (1) unless the operator has met the physical examination requirements of s. 234.16.

(b) All school bus drivers shall pass an annual physical examination, and have posted in the bus a certificate to drive same.

(4) All school buses and all motor vehicles covered by subsection (1) shall be inspected annually by the department, and when found satisfactory for safe operation shall display on the vehicle a current certificate of inspection.

(5) The department shall promulgate such rules and regulations as are necessary to effect the purposes of this section.

**History.**—s. 1, ch. 71-135; s. 1, ch. 76-31.  
**Note.**—Former s. 316.288.  
**cf.**—s. 234.091 School bus driver; qualifications.

**316.620 Transportation of migrant farm workers.**—Every carrier of migrant farm workers shall systematically inspect and maintain, or cause to be systematically maintained, all motor vehicles and their accessories subject to its control to insure that such motor vehicles and accessories are in safe and proper operating condition in accordance with the provisions of this chapter.

(1) **COMPLIANCE.**—Every carrier of migrant farm workers, and its officers, agents, drivers, representatives and employees directly concerned with the installation and maintenance of equipment and accessories, shall comply and be conversant with the requirements and specifications of this section, and no carrier of migrant farm workers shall operate any motor vehicle over the public highways of this state, or cause or permit it to be operated, unless it is equipped in accordance with said requirements and specifications.

(2) **COUPLING DEVICES; FIFTH WHEEL MOUNTING AND LOCKING.**—The lower half of every fifth wheel mounted on any truck-tractor or dolly shall be securely affixed to the frame thereof by U-bolts of adequate size, securely tightened, or by other means providing at least equivalent security. Such U-bolts shall not be of welded construction. The

installation shall be such as not to cause cracking, warping, or deformation of the frames. Adequate means shall be provided positively to prevent the shifting of the lower half of a fifth wheel on the frame to which it is attached. The upper half of every fifth wheel shall be fastened to the motor vehicle with at least the security required for the securing of the lower half to a truck-tractor or dolly. Locking means shall be provided in every fifth wheel mechanism including adaptors when used, so that the upper and lower halves may not be separated without the operation of a positive manual release. A release mechanism operated by the driver from the cab shall be deemed to meet this requirement. On fifth wheels designed and constructed as to be readily separable, the fifth wheel locking devices shall apply automatically on coupling for any motor vehicle the date of manufacture of which is subsequent to December 31, 1952.

(3) **TIRES.**—Every motor vehicle shall be equipped with tires of adequate capacity to support its gross weight. No motor vehicle shall be operated on tires which have been worn so smooth as to expose any tread fabric or which have any other defect likely to cause failure. No vehicle shall be operated while transporting passengers while using any tire which does not have tread configurations on that part of the tire which is in contact with the road surface. No vehicle transporting passengers shall be operated with regrooved, recapped, or retreaded tires on front wheels.

(4) **PASSENGER COMPARTMENT.**—Every motor vehicle transporting passengers, other than a bus, shall have a passenger compartment meeting the following requirements:

(a) **Floors.**—There shall be a substantially smooth floor, without protruding obstructions more than 2 inches high, except as are necessary for securing seats or other devices to the floor, and without cracks or holes.

(b) **Sides.**—Sidewalls and ends shall be above the floor at least 60 inches high, by attachment of sideboards to the permanent body construction if necessary. Stake body construction shall be construed to comply with this requirement only if all 6-inch or larger spaces between stakes are suitably closed to prevent passengers from falling off the vehicle.

(c) **Nails, screws, splinters.**—The floor and the interior of the sides and ends of the passenger-carrying space shall be free of inwardly protruding nails, screws, splinters, or other projecting objects, likely to be injurious to passengers or their apparel.

(d) **Seats.**—A seat shall be provided for each worker transported. The seats shall be securely attached to the vehicle during the course of transportation; not less than 16 inches nor more than 19 inches above the floor; at least 13 inches deep; equipped with back rests extending to a height of at least 36 inches above the floor, with at least 24 inches of space between the back rests or between the edges of the opposite seats when face-to-face; designed to provide at least 18 inches of seat for each passenger; without cracks more than  $\frac{1}{4}$ -inch wide, and the back rest, if slatted, without cracks more than 2 inches wide; and the exposed surfaces, if made

of wood, planed or sanded smooth and free of splinters.

(e) **Protection from the weather.**—Whenever necessary to protect the passengers from inclement weather conditions, the passenger compartment shall be equipped with a top at least 80 inches high above the floor and facilities for closing the sides and ends of the passenger-carrying compartment. Tarpaulins or other such removable devices for protection from the weather shall be secured in place.

(f) **Exit.**—Adequate means of ingress and egress to and from the passenger space shall be provided on the rear or at the right side. Such means of ingress and egress shall be at least 18 inches wide. The top and the clear opening shall be at least 60 inches high, or as high as the sidewall of the passenger space if less than 60 inches. The bottom shall be at the floor of the passenger space.

(g) **Gates or doors.**—Gates or doors shall be provided to close the means of ingress and egress, and each such gate or door shall be equipped with at least one latch or other fastening device of such construction as to keep the gate or door securely closed during the course of transportation and readily operative without the use of tools.

(h) **Ladders or steps.**—Ladders or steps for the purpose of ingress or egress shall be used when necessary. The maximum vertical spacing of footholes shall not exceed 12 inches, except that the lowest step may be not more than 18 inches above the ground when the vehicle is empty.

(i) **Handholds.**—Handholds or devices for similar purpose shall be provided to permit ingress and egress without hazard to passengers.

(j) **Emergency exit.**—Vehicles with permanently affixed roofs shall be equipped with at least one emergency exit having a gate or door, latch, and handhold as prescribed in paragraphs (g) and (i) and located on a side or rear not equipped with the exit prescribed in paragraph (f).

(k) **Communication with driver.**—Means shall be provided to enable the passengers to communicate with the driver. Such means may include telephone, speaker tubes, buzzers, pull cords, or other mechanical or electrical means.

(5) **PROTECTION FROM COLD.**—Every motor vehicle shall be provided with a safe means of protecting passengers from cold or undue exposure, but in no event shall heaters of the following types be used:

(a) **Exhaust heaters.**—Any type of exhaust heater in which the engine exhaust gases are conducted into or through any space occupied by persons or any heater which conducts engine compartment air into such space.

(b) **Unenclosed flame heaters.**—Any type of heater employing a flame which is not fully enclosed.

(c) **Heaters permitting fuel leakage.**—Any type of heater from the burner of which there could be spillage or leakage of fuel from the tilting or overturning of the vehicle in which it is mounted.

(d) **Heaters permitting air contamination.**—Any heater taking air, heated or to be heated, from the engine compartment or from direct contact with any portion of the exhaust system; or any heater taking air in ducts from the outside atmosphere to be con-

veyed through the engine compartment, unless said ducts are so constructed and installed as to prevent contamination of the air so conveyed by exhaust or engine compartment gases.

(e) *Heaters not attached.*—Any heater not securely fastened to the vehicle.

(6) **NOT APPLICABLE TO COMMON CARRIERS.**—This section shall not apply to common carriers of passengers.

**History.**—s. 1, ch. 71-135; s. 1, ch. 76-31.

**Note.**—Former s. 316.289.

**316.630 Juvenile traffic offenses; jurisdiction; penalties; transfer and waiver provisions.**—

(1) "Juvenile traffic offense" means a violation by a child of a state law or local ordinance pertaining to the operation of a motor vehicle; however, the following offenses shall not be considered juvenile traffic offenses, but shall be considered delinquent acts for the purposes of this chapter:

(a) Fleeing or attempting to elude a law enforcement officer or failing or refusing to comply with any lawful order or direction of any police officer or member of the fire department, in violation of s. 316.072(3).

(b) Leaving the scene of a collision or an accident involving death or personal injuries or with an untended vehicle.

(c) Driving while under the influence of alcoholic beverages, narcotic drugs, barbiturates, or other stimulants in violation of s. 316.193.

(d) Driving without a restricted operator's license if under the age of 16 years.

(e) Driving without a valid operator's license or while the license is suspended or revoked.

(2) The court having jurisdiction over traffic offenses shall have jurisdiction in the case of any juvenile who does not hold a driver's license and who is charged with a noncriminal infraction under this section. The court shall have the appropriate remedies available, as provided for in this section, if it finds that the juvenile committed the offense as charged.

(3) A juvenile traffic offense is not an act of delinquency unless the case is transferred to the circuit court as provided in subsection (5) hereof.

(4) If the court having jurisdiction over traffic offenses finds, on the admission of the child or upon the evidence, that he committed the offense charged it may make one or more of the following orders:

(a) Reprimand or counsel with the child and his parents or guardians;

(b) Suspend the child's privilege to drive under stated conditions and limitations for a period not to exceed that authorized for a like suspension of an adult's license for a like offense;

(c) Require the child to attend a traffic school conducted by public authority for a reasonable period of time; or

(d) Order the child to remit to the general fund of the local governmental body a sum not exceeding the maximum applicable to an adult for a like offense.

(5) The court having jurisdiction over traffic offenses may waive jurisdiction and transfer the case to the circuit court only if the offense is considered

an act of delinquency or if the child has previously been found guilty of two or more traffic offenses within 6 months and the evidence indicates the advisability of circuit court jurisdiction.

**Note.**—Former s. 316.045.

**316.635 Courts having jurisdiction over traffic offenses; powers relating to custody and detention.**—The child shall not under any circumstances be placed in any police or other vehicle which at the same time contains an adult under arrest, or in a jail, police station, or other place of detention, except upon general or special order of the circuit judge. However, when the child is involved in the same offense or transaction with adults, then such child may be transported in the same vehicle with the adults so involved.

**History.**—s. 3, ch. 72-179; s. 24, ch. 73-334; s. 1, ch. 76-31.

**Note.**—Former s. 316.047.

**316.640 Enforcement.**—The enforcement of the traffic laws of this state is vested as follows:

(1) **STATE.**—

(a) The Division of Florida Highway Patrol of the Department of Highway Safety and Motor Vehicles has authority to enforce all of the traffic laws of this state on all the streets and highways thereof and elsewhere throughout the state wherever the public has a right to travel by motor vehicle.

(b) The Florida Public Service Commission has authority to enforce on all the streets and highways of this state all laws applicable within its authority.

(2) **COUNTIES.**—

(a) The sheriff's office of each of the several counties of this state shall enforce all of the traffic laws of this state on all the streets and highways thereof and elsewhere throughout the county wherever the public has the right to travel by motor vehicle.

(b) The sheriff's office of each of the several counties of this state may employ as a parking enforcement specialist any individual who successfully completes a training program established and approved by the Police Standards and Training Commission for parking enforcement specialists, but who does not otherwise meet the uniform minimum standards established by the Police Standards and Training Commission for police officers or auxiliary or part-time officers under s. 943.12.

1. A parking enforcement specialist employed by the sheriff's office of each of the several counties of this state is authorized to enforce all state and county laws, ordinances, regulations, and official signs governing parking within the unincorporated areas of the county by appropriate state or county citation and may issue such citations for parking in violation of signs erected pursuant to s. 316.006(3), at parking areas located on property owned or leased by a county, whether or not such areas are within the boundaries of a chartered municipality.

2. A parking enforcement specialist employed pursuant to this subsection shall not carry firearms or other weapons nor have arrest authority.

(3) **MUNICIPALITIES.**—

(a) The police department of each chartered municipality shall enforce the traffic laws of this state on all the streets and highways thereof and else-

where throughout the municipality wherever the public has the right to travel by motor vehicle. However, nothing in this chapter shall affect any law, general, special, or otherwise, in effect on January 1, 1972, relating to "hot pursuit" without the boundaries of the municipality.

(b) The police department of a chartered municipality may employ as a traffic accident investigation officer any individual who successfully completes at least 200 hours of instruction in traffic accident investigation and court presentation through the Selective Traffic Enforcement Program (STEP) as approved by the Police Standards and Training Commission and funded through the National Highway Traffic Safety Administration (NHTSA) or a similar program approved by the Police Standards and Training Commission, but who does not otherwise meet the uniform minimum standards established by the Police Standards and Training Commission for police officers or auxiliary police officers under chapter 943. Any such traffic accident investigation officer who makes an investigation at the scene of a traffic accident is hereby authorized to issue traffic citations when, based upon personal investigation, he has reasonable and probable grounds to believe that a person involved has committed an offense under the provisions of this chapter in connection with the accident. Nothing in this paragraph shall be construed to permit the carrying of firearms or other weapons, nor shall such officers have arrest authority other than for the issuance of a traffic citation as authorized above.

(c)1. A chartered municipality or its authorized agency or instrumentality may employ as a parking enforcement specialist any individual who successfully completes a training program established and approved by the Police Standards and Training Commission for parking enforcement specialists, but who does not otherwise meet the uniform minimum standards established by the Police Standards and Training Commission for police officers or auxiliary or part-time officers under s. 943.12.

2. A parking enforcement specialist employed by a chartered municipality or its authorized agency or instrumentality is authorized to enforce all state, county, and municipal laws and ordinances governing parking within the boundaries of the municipality employing the specialist, by appropriate state, county, or municipal traffic citation. Nothing in this paragraph shall be construed to permit the carrying of firearms or other weapons, nor shall such a parking enforcement specialist have arrest authority.

**Note.**—Former s. 316.016.

**316.645 Arrest authority of officer at scene of an accident.**—A police officer who makes an investigation at the scene of a traffic accident may arrest any driver of a vehicle involved in the accident when, based upon personal investigation, the officer has reasonable and probable grounds to believe that the person has committed any offense under the provisions of this chapter in connection with the accident.

**History.**—s. 1, ch. 71-135; s. 1, ch. 76-31.

**Note.**—Former s. 316.017.

### 316.650 Traffic citations.—

(1) The department shall prepare, and supply to every traffic enforcement agency in this state, an appropriate form traffic ticket containing a notice to appear which shall be issued in prenumbered books with citations in quadruplicate and meeting the requirements of this chapter.

(2) Every traffic enforcement officer, upon issuing a traffic citation to an alleged violator of any provision of the motor vehicle laws of this state or of any traffic ordinance of any city or town, shall deposit the original and one copy of such traffic citation with a court having jurisdiction over the alleged offense or with its traffic violations bureau.

(3) Upon the deposit of the original and one copy of such traffic citation with a court having jurisdiction over the alleged offense or with its traffic violations bureau as aforesaid, the original or copy of such traffic citation may be disposed of only by trial in the court or other official action by a judge of the court, including forfeiture of the bail, or by the deposit of sufficient bail with or payment of a fine to the traffic violations bureau by the person to whom such traffic citation has been issued by the traffic enforcement officer.

(4) It is unlawful and official misconduct for any traffic enforcement officer or other officer or public employee to dispose of a traffic citation or copies thereof or of the record of the issuance of the same in a manner other than as required herein.

(5) The chief administrative officer of every traffic enforcement agency shall require the return to him of a copy of every traffic citation issued by an officer under his supervision to an alleged violator of any traffic law or ordinance and of all copies of every traffic citation which has been spoiled or upon which any entry has been made and not issued to an alleged violator.

(6) The chief administrative officer shall also maintain or cause to be maintained in connection with every traffic citation issued by an officer under his supervision a record of the disposition of the charge by the court or its traffic violations bureau in which the original or copy of the traffic citation was deposited.

(7) Every chief administrative officer shall submit on or before the first day of each month a copy of the traffic citations to the Department of Highway Safety and Motor Vehicles.

(8) Such citations shall not be admissible evidence in any trial.

**History.**—s. 1, ch. 71-135; s. 1, ch. 71-321; s. 1, ch. 76-31.

**Note.**—Former s. 316.018.

### 316.655 Penalties.—

(1) A violation of any of the provisions of this chapter, except criminal offenses enumerated in subsection (4), shall be deemed an infraction, as defined in s. 318.13(3).

(2) Infractions of this chapter which do not result in a hearing shall be subject to the civil penalties provided in s. 318.18.

(3) Infractions of this chapter which do result in a hearing shall be subject to a civil penalty not to exceed \$500. For an infraction resulting in a hearing, a person may be required to attend a driver

improvement school in lieu of, or in addition to, the civil penalty imposed.

(4) Any person convicted of a violation of s. 316.027, s. 316.061, s. 316.067, s. 316.072, s. 316.192, s. 316.193, or s. 316.1935 shall be punished as specifically provided in such sections.

**History.**—s. 1, ch. 71-135; s. 2, ch. 74-377; ss. 1, 4, ch. 76-31; s. 1, ch. 77-174; s. 3, ch. 77-456.

**Note.**—Former s. 316.026.

**316.660 Disposition of fines and forfeitures collected for violations.**—Except as otherwise provided herein, all fines and forfeitures received by any county court from violations of any of the provisions of this chapter, or from violations of any ordinances adopting matter covered by this chapter, committed within a municipality shall be paid monthly to that municipality. It is the intent of the Legislature that such fines and forfeitures shall be paid monthly to that municipality in addition to any

other fines and forfeitures received by a county court that are required to be paid to that municipality as otherwise provided by law. If any chartered county court having countywide jurisdiction was trying traffic offenses committed within a municipality on February 1, 1972, then in that county two-thirds of the fines and forfeitures from violations of this chapter, or from violations of any ordinances adopting matter covered by this chapter, committed within a municipality shall be paid and distributed to the municipality, and the remainder shall be paid to the county. All fines and forfeitures received by any county court as the result of citations issued pursuant to s. 316.640(2)(b)1. shall be paid to the county whether or not such citations are issued for parking violations occurring within a municipality.

**History.**—s. 1, ch. 72-69; s. 1, ch. 76-31; s. 4, ch. 79-246.

- 318.22 Good Drivers' Incentive Fund.

**318.11 Short title.**—This chapter may be known and cited as the "Florida Uniform Disposition of Traffic Infractions Act."

**History.**—s. 1, ch. 74-377.

**318.12 Purpose.**—It is the legislative intent in the adoption of this chapter to decriminalize certain violations of chapter 316, the Florida Uniform Traffic Control Law; chapter 320, Motor Vehicle Licenses; chapter 325, part II, Safety Equipment Inspection of Motor Vehicles; chapter 339, Florida Transportation Code, Sixth Part; chapter 239, Universities; Scholarships, etc.; and chapter 340, Turnpike Projects, thereby facilitating the implementation of a more uniform and expeditious system for the disposition of traffic infractions.

**History.**—s. 1, ch. 74-377; s. 1, ch. 79-27.

**318.13 Definitions.**—The following words and phrases, when used in this chapter, shall have the meanings respectively ascribed to them in this section, except where the context otherwise requires:

(1) "Department" means Department of Highway Safety and Motor Vehicles, defined in s. 20.24, or the appropriate division thereof.

(2) "Suspension" means that a licensee's privilege to drive a motor vehicle is temporarily withdrawn.

(3) "Infraction" means a noncriminal violation which is not punishable by incarceration and for which there is no right to a trial by jury or a right to court appointed counsel.

(4) "Official" means any judge authorized by law to preside over a court or hearing adjudicating traffic infractions.

(5) "Officer" means any law enforcement officer charged with and acting under his authority to arrest persons suspected of, or known to be, violating statutes or ordinances regulating traffic or the operation or equipment of vehicles. "Officer" includes any individual employed by a sheriff's department or the police department of a chartered municipality

who is acting as a traffic infraction enforcement officer as provided in s. 318.141.

**History.**—s. 1, ch. 74-377; s. 1, ch. 76-183; s. 1, ch. 77-119.

#### **318.14 Noncriminal traffic infractions; exception; procedures.**—

(1) Except as provided in s. 318.17, any person cited for a violation of chapter 316, chapter 325, part II, or s. 320.07(3), s. 320.35, s. 339.30, s. 340.23, or s. 239.55 shall be deemed to be charged with a noncriminal infraction and shall be cited for such an infraction and cited to appear before an official.

(2) Any person cited for an infraction under this section may:

(a) Post a bond, which shall be equal in amount to the applicable civil penalty established in s. 318.18; or

(b) Sign and accept a citation indicating a promise to appear.

The officer may indicate on the traffic citation the time and location of the scheduled hearing and shall indicate the applicable civil penalty established in s. 318.18.

(3) Any person who willfully refuses to post a bond or accept and sign a summons shall be guilty of a misdemeanor of the second degree.

(4) Any person charged with a noncriminal infraction under this section may:

(a) Pay the civil penalty, either by mail or in person, within 10 days of the date of receiving the citation and, in the case of a violation of s. 320.07(3), submit proof of reregistration along with such payment; or,

(b) If he has posted bond, forfeit bond by not appearing at the designated time and location.

If the person cited follows either of the above procedures, he shall be deemed to have admitted the infraction and to have waived his right to a hearing on the issue of commission of the infraction. Such admission shall not be used as evidence in any other proceedings.

(5) Any person electing to appear before the designated official or who is required so to appear shall be deemed to have waived his right to the civil penalty provisions of s. 318.18. The official, after a hearing, shall make a determination as to whether an infraction has been committed. If the commission of an infraction has been proven, the official may impose a civil penalty not to exceed \$500 or require attendance at a driver improvement school, or both.

(6) The commission of a charged infraction at a hearing under this chapter must be proved beyond a reasonable doubt.

(7) The official having jurisdiction over the infraction shall certify to the department within 10 days after payment of the civil penalty or forfeiture of bond that the defendant has admitted to the infraction. If the charge results in a hearing, the official having jurisdiction shall certify to the department the final disposition within 10 days of the hearing.

(8) When a report of a determination or admission of an infraction is received by the department, it shall proceed to enter the proper number of points on the licensee's driving record in accordance with s. 322.27.

History.—s. 1, ch. 74-377; s. 2, ch. 79-27.

#### **318.141 Enforcement; traffic infraction enforcement officer.—**

(1) Any sheriff's department or police department of a chartered municipality may employ, as a traffic infraction enforcement officer, any individual who successfully completes at least 200 hours of instruction in traffic enforcement procedures and court presentation through the Selective Traffic Enforcement Program as approved by the Division of Standards and Training of the Department of Law Enforcement, or through a similar program, but who does not necessarily otherwise meet the uniform minimum standards established by the Police Standards and Training Commission for police officers or auxiliary police officers under s. 943.13. Any such traffic infraction enforcement officer who observes the commission of a traffic infraction or, in the case of a parking infraction, who observes an illegally parked vehicle may issue a traffic citation for such infraction when, based upon personal investigation, he has reasonable and probable grounds to believe that an offense has been committed in violation of noncriminal traffic infractions as defined in s. 318.14.

(2) Such traffic enforcement officer shall be employed in relationship to a selective traffic enforcement program at a fixed location or as part of an accident investigation team at the scene of a vehicle accident or in other types of traffic infraction enforcement under the direct and immediate supervision of a fully qualified law enforcement officer.

(3) Nothing in this section shall be construed to permit the carrying of firearms or other weapons, nor shall traffic infraction enforcement officers have arrest authority other than the authority to issue a traffic citation as provided herein.

History.—s. 2, ch. 76-183; s. 14, ch. 79-8; s. 4, ch. 79-82.

<sup>1</sup>Note.—As amended by ch. 79-82, effective January 1, 1980.

**318.15 Failure to comply with the civil penalty; to appear; to post bond; penalty.—**If a person fails to post bond and to appear at the hearing without having paid the civil penalty, fails to attend driver improvement school if imposed, or fails to pay the civil penalty imposed, his driver's license and privilege shall be deemed suspended. The suspension shall be effective on the date the person fails to appear at the hearing as set forth above or fails to comply with the civil penalty imposed.

History.—s. 1, ch. 74-377.

#### **318.16 Appeals; stay orders; procedures.—**

(1) If a person is found to have committed an infraction by the hearing official, he may appeal that finding to the circuit court. An appeal under this subsection shall not operate to stay the reporting requirements of s. 318.14(7) or to stay appropriate action by the department upon receipt of that report.

(2) The circuit court, upon application by the appellant, may:

(a) Order a stay of any action by the department during pendency of the appeal, but not to exceed a period of 60 days. A copy of the order shall be forwarded to the department.

(b) Deny the application.

History.—s. 1, ch. 74-377.

**318.17 Offenses excepted.—**No provision of this chapter shall be available to persons charged with the following offenses:

(1) Fleeing or attempting to elude a police officer, in violation of s. 316.1935;

(2) Leaving the scene of an accident, in violation of ss. 316.027 and 316.061;

(3) Driving, or being in actual physical control of, any vehicle while under the influence of alcoholic beverages, model glue, or any substance controlled under chapter 893, in violation of s. 316.193 or s. 860.01, or driving with an unlawful blood alcohol level;

(4) Reckless driving, in violation of s. 316.192;

(5) Making false accident reports, in violation of s. 316.067; or

(6) Willfully failing or refusing to comply with any lawful order or direction of any police officer or member of the fire department, in violation of s. 316.072(3).

History.—s. 1, ch. 74-377; s. 37, ch. 76-31; s. 4, ch. 77-456.

**318.18 Amount of civil penalties.—**The penalties required for a noncriminal disposition pursuant to s. 318.14(1), (2), and (4) shall be as follows:

(1) Five dollars for all infractions of bicycle regulations under s. 316.2065 and infractions of pedestrian regulations under s. 316.130.

(2) Fifteen dollars for all nonmoving traffic violations and for all violations of s. 320.07(3) <sup>1</sup>or s. 320.35.

(3) Twenty-five dollars for all moving violations not requiring a mandatory appearance.

(4) The penalty imposed under s. 316.545 shall be determined by the officer in accordance with the provisions of ss. 316.535 and 316.545.

History.—s. 1, ch. 74-377; s. 38, ch. 76-31; s. 3, ch. 79-27.

<sup>1</sup>Note.—The word "or" was substituted for "and" by the editors.

**318.19 Infractions requiring a mandatory hearing.—**Any person cited for the infractions listed in this section shall not have the provisions of s. 318.14(2) and (4) available to him but must appear before the designated official at the time and location of the scheduled hearing:

(1) Any infraction which results in an accident that causes the death or personal injury of another or property damage in excess of \$250;

(2) Any infraction which would, if the person is convicted, result in the suspension or revocation of his driver's license or privilege under s. 322.27; or

(3) Speeding in excess of 25 miles per hour over the lawful speed limit.

History.—s. 1, ch. 74-377; s. 91, ch. 77-104.

**318.20 Notification; duties of department.—**The department shall prepare a notification form to be appended to, or incorporated as a part of, the Florida uniform traffic citation issued in accordance with s. 316.650. The notification form shall contain language informing persons charged with infrac-

tions to which this chapter applies of the procedures available to them under this chapter. Such notification shall contain a schedule of points to be assessed against a person's driving record in accordance with s. 322.27 and a schedule of civil penalties applicable to infractions under this chapter in accordance with s. 318.18.

**History.**—s. 1, ch. 74-377; s. 39, ch. 76-31.

**318.21 Disposition of civil penalties and forfeitures by county courts.**—All civil penalties and forfeitures received by a county court pursuant to the provisions of this chapter shall be distributed and paid monthly to the municipalities and counties, respectively, in the same manner, upon the same bases, and upon the same terms and conditions that fines and forfeitures are distributed and paid to municipalities and counties under the provisions of s. 316.660.

**History.**—s. 1, ch. 74-377; s. 39, ch. 76-31.

**318.22 Good Drivers' Incentive Fund.**—

(1) There is hereby created a Florida Good Drivers' Incentive Fund, hereinafter referred to as the "fund."

(2) The fund shall be administered by the Department of Highway Safety and Motor Vehicles, hereinafter referred to as the "department," and the costs of administration shall be borne by the fund.

(3) The department shall draft a plan for the operation of the fund to implement the purposes of this section.

(4) On and after the effective date of this act:

(a) Any driver convicted of a moving traffic violation shall be assessed a civil penalty or fine of \$30 in addition to the amount normally levied for such conviction. For purposes of this section the term "moving traffic violation" means an infraction of s. 316.061, s. 316.074, s. 316.075, s. 316.076, s. 316.0765, s. 316.078, s. 316.079, s. 316.081, s. 316.082, s. 316.083, s. 316.084, s. 316.085, s. 316.087, s. 316.0875, s. 316.088, s. 316.089, s. 316.0895, s. 316.090, s. 316.091, s. 316.121, s. 316.122, s. 316.123, s. 316.125, s. 316.126(1) or (3), s. 316.130, s. 316.1355, s. 316.151, s. 316.1515, s. 316.152, s. 316.154, s. 316.155, s. 316.157, s. 316.1575, s. 316.158, s. 316.159, s. 316.170, s. 316.172, s. 316.183, s. 316.185, s. 316.187, s. 316.189, s. 316.1895, s. 316.191, s. 316.192, s. 316.1925, s. 316.1974, s. 316.1985, s. 316.1995, s. 316.2015(1), s. 316.2024, s. 316.2025, s. 316.2034, s. 316.2035(2) or (4), s. 316.2051, s. 316.2061, s. 316.2075, s. 316.2085, s. 316.209, s. 316.217, s.

316.238, s. 316.2385, s. 316.405, s. 316.500, s. 316.510, s. 316.515, s. 316.520, s. 316.530, s. 316.625, or s. 339.30(1)(a), (b), (c), (d), (g), or (h).

(b) Any driver convicted of a violation of s. 316.193 shall be assessed an additional civil penalty or fine of \$200 per conviction.

It is the intent of the Legislature that any civil penalty or fine normally levied be increased by the amounts specified in paragraphs (a) and (b), and such additional civil penalty or fine shall be considered a part of the total civil penalty or fine. Such additional civil penalty or fine shall be collected by the clerk of the appropriate court and remitted on a monthly basis to the department, which shall place such additional civil penalty or fine in the fund. The purpose of this section is to provide an incentive for those persons operating motor vehicles in this state to utilize the privilege of operating such motor vehicles in a safe and financially responsible fashion and at the same time to provide a disincentive to those who would abuse such privilege.

(5) Beginning July 1, 1978, and at the beginning of each fiscal year thereafter, all money in the fund after deduction of the costs of administration of the fund shall be distributed to persons who have:

(a) Been licensed to drive in Florida;

(b) Received no convictions as specified in subsection (4), or convictions arising out of a motor vehicle accident, during the preceding 12 months; and

(c)1. Purchased and maintained continuously for 12 months on a voluntary basis bodily injury liability insurance of at least \$10,000 because of bodily injury to, or death of, one person in any one accident and, subject to said limits for one person, in the amount of \$20,000 because of bodily injury to, or death of, two or more persons in any one accident; or

2. Established voluntarily with the department financial responsibility by one of the alternative methods set forth in s. 324.031(2), (3), or (4).

(6) The moneys collected by each county shall be returned pro rata to those persons who are residents of that county and who meet the requirements of subsection (5). In the event the warrant forwarded by the department to any such person is returned as undeliverable, such warrant shall be voided and the entitlement to the proceeds of such warrant shall cease to exist unless such person files a claim of entitlement with the department within 90 days of the date of return.

**History.**—s. 42, ch. 77-468; s. 64, ch. 79-164.

**319.08 Additional personnel; funds collected; indexes.—**

(1) The Department of Highway Safety and Motor Vehicles, with the approval in writing of the Governor, may employ all necessary personnel, in addition to the present officers of the law, to carry out the provisions of this chapter, and incur such additional necessary expenses in the enforcement of this chapter, as may be provided in the General Appropriations Act, and the department, together with such employees and the existing officers of the law, is required to enforce all provisions of law pertaining to registration, certification, sale and distribution of motor vehicles as set forth in chapters 319, 320, and 330, by criminal prosecution for violations thereof.

(2) All moneys received by the department under the provisions of this chapter shall be deposited in the General Revenue Fund. The department shall maintain indexes by name of owner or vendor and vendee, and of cars, by make and by manufacturer's motor number and chassis number.

**History.**—s. 12, ch. 9157, 1923; CGL 3984, 3985; s. 40, ch. 26869, 1951; s. 1, ch. 57-769; s. 6, ch. 65-190; ss. 24, 35, ch. 69-106.

**319.14 Sale of motor vehicles registered or used as taxicabs, for-hire vehicles, u-drive-its, long-term lease vehicles, police cars, or rebuilt vehicles, etc.—**

(1) No person, firm, or corporation shall knowingly offer for sale, sell, or exchange any motor vehicle as now or as may hereafter be defined by law, which was previously licensed, registered, or used as a taxicab, u-drive-it, police car, long-term lease, for-hire, or rebuilt vehicle until the certificate of title for such motor vehicle, or its duplicate, in the event a duplicate has been issued, shall have been surrendered to the Department of Highway Safety and Motor Vehicles and until the department has stamped in a conspicuous place on such certificate of title, or its duplicate, the words: "This motor vehicle has previously been used as a 'taxicab' or 'for-hire,' " or "This motor vehicle has previously been used as a 'u-drive-it,' " or "This motor vehicle has previously been used as a 'police car,' " or "This motor vehicle has previously been used under 'long-term lease,' " or "This motor vehicle is a 'rebuilt vehicle,' " as the case may be. "Police car" is defined to mean a vehicle previously owned or leased by the state, a county, or a municipality and used in the enforcement of the law. "Long-term lease" is defined to mean under a written lease, for use without driver, to one lessee, for 12 months or longer duration. A "u-drive-it" vehicle is a vehicle which is rented or leased, without a driver, under a written agreement for less than 12 months, from time to time and to one or more persons. A "rebuilt vehicle" is defined to mean a vehicle built from salvage and for which a title has been issued.

(2) The owner of such vehicle, before offering the same for sale or exchange, shall affix, as may be prescribed by the department, a notice on the lower right-hand corner of the windshield, not less than 6 inches square, stating that said motor vehicle has been previously titled, registered, or used as a taxicab or for-hire or as a u-drive-it, or police car, or long-term lease, or rebuilt vehicle, as the case may be.

(3) Any person, firm, or corporation who, with intent to offer for sale or exchange any motor vehicle described in subsection (1), knowingly or intentionally, advertises, publishes, disseminates, circulates, or places before the public or causes the same to be done, in any newspaper, publication, or other written form, or by radio or television, any such offer for sale or exchange of such vehicle or vehicles as current model vehicles, during the time said vehicles are then current model vehicles, shall in every instance state clearly and precisely in such advertise-

ment or publication that such motor vehicle which is so advertised, has been previously titled, registered, or used as a taxicab, u-drive-it, police car, long-term leased vehicle, for-hire vehicle, or rebuilt vehicle, as the case may be as to such use. A current model vehicle is one which has been formally introduced by its manufacturer in a national announcement and continues as such until such time as the same manufacturer announces a subsequent model. Publication of any such advertisement without including such statement shall constitute a violation of this law, and the person, firm, or corporation causing such advertisement or publication to be made shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be subject to the penalties provided in subsection (5). Each such publication shall be deemed a separate offense and subject to such penalties.

(4) The provision of subsections (1) and (2) providing for the certificate of title to be stamped to show the use to which said vehicle has previously been used and the notice required to be affixed to the windshield stating the use to which said vehicle has previously been used shall not apply to u-drive-it or long-term leased vehicles after such vehicles have ceased to be current model vehicles as defined in this section. At any time after any u-drive-it or long-term leased vehicle shall cease to be a current model, each year after the manufacturer's national announcement and introduction of a subsequent model, the department on request of the owner of the vehicle as shown in said certificate shall issue a new corrected certificate of title and remove from the certificate the notation as to its previous use. Nothing in this subsection shall apply to taxicabs or police cars or other for-hire vehicles or rebuilt vehicles and all of the provisions of subsections (1) and (2) shall continue to apply to such motor vehicles.

(5) Any person, firm or corporation who knowingly sells or exchanges or offers to sell or exchange a motor vehicle contrary to the provisions of this section, and every officer, agent or employee of any person, firm or corporation and every person who shall authorize, direct, aid in, or consent to the sale or exchange or offer for sale or exchange a motor vehicle contrary to the provisions of this section or who violates the provisions of subsection (3) of this section shall be guilty of a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083.

**History.**—ss. 1-3, ch. 20226, 1941; s. 1, ch. 28185, 1953; s. 1, ch. 29850, 1955; s. 1, ch. 57-390; s. 1, ch. 59-174; s. 1, ch. 59-452; s. 6, ch. 65-190; s. 1, ch. 69-379; ss. 24, 35, ch. 69-106; s. 187, ch. 71-136; s. 1, ch. 78-412.

**319.151 Title certificate to accompany notice of lien.**—The Department of Highway Safety and Motor Vehicles shall not enter any lien upon its lien records, whether it be a first lien or a subordinate lien, unless the official certificate of title issued for the vehicle is furnished with the notice of lien, so that the record of lien, whether original or subordinate, may be noted upon the face thereof.

**History.**—s. 9, ch. 28184, 1953; s. 6, ch. 65-190; ss. 24, 35, ch. 69-106.

**319.16 Satisfaction of lien.**—Upon the payment of any such lien the debtor, or the registered owner of such motor vehicle, shall be entitled to de-

mand and receive from the lienholder a satisfaction of such lien which shall likewise be filed in the department.

**History.**—s. 2, ch. 20917, 1941; s. 6, ch. 65-190; ss. 24, 35, ch. 69-106.

**319.161 Methods of proof.**—Said department under precautionary rules and regulations to be promulgated by it may permit the use, in substitution of the formal satisfaction of lien, of other methods of satisfaction, such as perforation, appropriate stamp, or otherwise, as it deems reasonable and adequate.

**History.**—s. 10, ch. 28184, 1953; s. 6, ch. 65-190; ss. 24, 35, ch. 69-106.

**319.17 Rules and regulations; public record.**—The Department of Highway Safety and Motor Vehicles shall make such rules and regulations as it deems necessary or proper for the effective administration of this law and shall prepare the forms of such notice of lien and satisfactions thereof, to be supplied, at not to exceed 50 percent more than cost to any applicant, for recording such liens or satisfactions and shall keep a permanent record of such notice of liens and satisfactions in a book in its office open to the inspection of the public at all reasonable times. The said department is hereby authorized to furnish certified copies of such notices or satisfactions for a fee of \$1; which certified copies shall be admissible in evidence in all courts of this state under same conditions and to same effect as certified copies of other public records.

**History.**—s. 3, ch. 20917, 1941; s. 6, ch. 65-190; ss. 24, 35, ch. 69-106.

**319.18 Fees for recording.**—The Department of Highway Safety and Motor Vehicles shall be entitled to a fee of \$1 for the recording of each notice of lien and each satisfaction thereof, to be paid at the time of the recording thereof. All of the fees collected shall be paid into the general revenue fund.

**History.**—s. 4, ch. 20917, 1941; s. 41, ch. 26869, 1951; s. 6, ch. 65-190; s. 1, ch. 67-215; ss. 24, 35, ch. 69-106.

**319.19 Failure to furnish satisfaction.**—Should any person, firm or corporation holding such lien, which has been recorded in the Department of Highway Safety and Motor Vehicles, upon payment of such lien and on demand, fail or refuse, within 30 days after such payment and demand, to furnish the debtor or the registered owner of such motor vehicle a satisfaction thereof, then, in that event, he, it or they, shall be held liable for all costs, damages, and expenses, including reasonable attorney's fees, lawfully incurred by the debtor or the registered owner of such vehicle in any suit which may be brought in the courts of this state for the cancellation of such lien.

**History.**—s. 5, ch. 20917, 1941; s. 6, ch. 65-190; ss. 24, 35, ch. 69-106.

**319.20 Application of law; definitions.**—The provisions of this law shall apply exclusively, except as otherwise specifically provided, to motor vehicles required to be registered and licensed under the provisions of chapter 320. For the purposes of this law the term "motor vehicle" shall also include a commercial trailer of 1 ton or more and a tractor-trailer combination and trailer-coach. For the purposes of this law, "trailer-coach" means any trailer or semi-trailer so designed and equipped as to provide living

or sleeping facilities or housing accommodations. All provisions of this chapter relating to titles and title certificates shall apply to such trailers and trailer-coaches to the same extent as to other motor vehicles whether the same be classified as subject to or exempt from tangible personal property tax and no title, lien, or other interest in such vehicles shall be valid unless evidenced in accordance with this chapter.

**History.**—s. 1, ch. 23658, 1947; s. 6, ch. 65-190; s. 1, ch. 65-447.

### **319.21 Necessity of manufacturer's statement of origin and certificate of title.—**

(1) No manufacturer, distributor, dealer or other person shall sell or otherwise dispose of a new motor vehicle to a distributor, dealer or other person without delivering to such distributor, dealer or other person a manufacturer's statement of origin duly executed and with such assignments thereon as may be necessary to show title in the purchaser thereof, on forms approved by the Department of Highway Safety and Motor Vehicles; nor shall any distributor, dealer or other person purchase, acquire or bring into the state, except for temporary use and not for sale, a new motor vehicle without obtaining from the seller thereof such manufacturer's statement of origin. Such statement of origin shall be in the English language. In addition to the assignments stated herein, such manufacturer's statement of origin shall contain thereon a certification of the identification and description of the motor vehicle delivered and the name and address of the distributor, dealer or other person to whom said motor vehicle was originally sold, over the signature of an authorized official of the manufacturer who made the original delivery; provided however, that no statement of origin shall be required as to any new motor vehicle purchased from a person other than a manufacturer or a representative of a manufacturer in a state which does not require such statement of origin. Prior to the issuance of a certificate of title for any such new motor vehicle, the holder of any security interest therein may demand and receive from the owner thereof the manufacturer's statement of origin and may hold the same so long as he holds such security interest.

(2) No person hereafter shall sell or otherwise dispose of a motor vehicle without delivering to the purchaser or transferee thereof a certificate of title with such assignment thereon as may be necessary to show title in the purchaser, or purchase or otherwise acquire or bring into the state a motor vehicle, except for temporary use, unless such person shall obtain a certificate of title for same in his, her, or its name in accordance with the provisions of this law. However, any dealer holding current dealer license plates issued by this state may, in lieu of having a certificate of title issued in the name of such dealer, reassign any existing certificate of title issued in this state or, if no certificate of title exists on such motor vehicle in this state and if the motor vehicle is not a new motor vehicle requiring a manufacturer's statement of origin under the provisions of this section, such dealer shall, over his signature, briefly note such fact of nonexistence and show the name and address of the party from whom the vehicle was obtained, on the face of the separate application for

initial certificate of title which is made by the purchaser or transferee. It shall not be necessary for any licensed automobile dealer in Florida to obtain a certificate of title on any new motor vehicle which he is selling or which he acquires for sale if he obtains a manufacturer's statement of origin as provided in subsection (1) hereof, but such dealer shall attach the manufacturer's statement of origin to, and certify on the face of, the separate application for initial certificate of title which is made by the purchaser that said motor vehicle is a new motor vehicle, and shall also disclose the name and address of the manufacturer, distributor, or other person from whom he acquired said new motor vehicle. In no event shall the aforesaid manufacturer's statement of origin be issued or reissued to any distributor, dealer, or person for the purpose of updating any motor vehicle for sale. Updating means:

(a) Modifying the motor vehicle in such a manner that it resembles in appearance the current year model as defined in s. 319.14(3);

(b) Replacing the original identification number and chassis number, which replacement reflects a change in the year manufactured, or any other modification which misrepresents the actual year manufactured; or

(c) Issuing another manufacturer's statement of origin changing the model year of manufacture.

(3) Notwithstanding the provisions of other laws of this state, no motor vehicle shall be eligible for initial registration in this state on and after August 1, 1961, unless the provisions of this section have been complied with insofar as said motor vehicle is concerned.

**History.**—s. 2, ch. 23658, 1947; s. 1, ch. 25150, 1949; s. 1, ch. 61-296; s. 6, ch. 65-190; ss. 24, 35, ch. 69-106; s. 1, ch. 77-11.

### **319.22 Transfer of title.—**

(1) Except as provided in ss. 319.21 and 319.28, no person acquiring a motor vehicle from the owner thereof, whether such owner be a dealer or otherwise, hereafter shall acquire a marketable title in or to said motor vehicle until he, she, or it shall have had issued to him, her or it a certificate of title to said motor vehicle; nor shall any waiver or estoppel operate in favor of such person against a person having possession of such certificate of title or an assignment of such certificate for said motor vehicle for a valuable consideration. Except as otherwise provided herein, no court in any case at law or in equity shall recognize the right, title, claim or interest of any person in or to any such motor vehicle, hereafter sold or disposed of, or mortgaged or encumbered, unless evidenced by and on a certificate of title duly issued, in accordance with the provisions of this law.

<sup>1</sup>(2) An owner or co-owner who has made a bona fide sale or transfer of a motor vehicle and has delivered possession thereof to a purchaser shall not, by reason of any of the provisions of this law, be deemed the owner or co-owner of such vehicle so as to be subject to civil liability for the operation of such vehicle thereafter by another when such owner or co-owner has fulfilled either of the following requirements:

(a) When such owner or co-owner has made proper endorsement and delivery of the certificate of title

as provided by this law. Proper endorsement shall be:

1. When a vehicle is registered in the names of two or more persons as co-owners in the alternative by the use of the word "or," such vehicle shall be held in joint tenancy. Each co-owner shall be deemed to have granted to the other co-owner the absolute right to dispose of the title and interest in the vehicle, and the signature of any co-owner shall constitute proper endorsement. Upon the death of a co-owner, the interest of the decedent shall pass to the survivor as though title or interest in the vehicle was held in joint tenancy. This provision shall apply even if the co-owners are husband and wife.

2. When a vehicle is registered in the names of two or more persons as co-owners in the conjunctive by the use of the word "and," the signature of each co-owner or his personal representative shall be required to transfer title to the vehicle.

The department shall adopt suitable language to appear upon the certificate of title to effectuate the manner in which the interest in or title to the vehicle is held.

<sup>2</sup>(b) When such owner has delivered to the department, or placed in the United States mail, addressed to the department, either certificate of title properly endorsed, or the following notice:

<sup>1</sup>**Note.**—As amended, effective January 1, 1980.

<sup>2</sup>**Note.**—Section 1, ch. 79-333, purported to amend all of subsection (2), but did not republish paragraph (b). Paragraph (b) is republished here, however, as the apparent legislative intent was not to repeal it.

### 319.23 Application for, and issuance of, certificate.—

(1) Application for a certificate of title shall be made upon a form to be prescribed by the Department of Highway Safety and Motor Vehicles and shall be sworn to before a notary public or other officer empowered to administer oaths; and shall be filed with said department and shall be accompanied by the fee prescribed in this law; and if a certificate of title has previously been issued for such motor vehicle in this state, shall be accompanied by said certificate of title duly assigned, or assigned and re-assigned, unless otherwise provided for in this law; and if the motor vehicle for which application for a certificate of title is made is a new motor vehicle for which a manufacturer's statement of origin is required by the provisions of s. 319.21(1), the application for a certificate of title shall be accompanied by such manufacturer's statement of origin.

(2) If a certificate of title has not previously been issued for such motor vehicle in this state, the application, unless otherwise provided for in this law,

shall be accompanied by a proper bill of sale or sworn statement of ownership, or a duly certified copy thereof, or by a certificate of title, bill of sale, or other evidence of ownership required by the law of another state from which the motor vehicle was brought into this state. The application shall also be accompanied by either a sworn affidavit from the seller and purchaser verifying that the vehicle identification number shown on the affidavit is identical to the vehicle identification number shown on the motor vehicle or an appropriate motor vehicle inspection or departmental form evidencing that a physical examination has been made of the motor vehicle by the owner and by a motor vehicle inspection station inspector, a duly constituted police department in any state, or a licensed motor vehicle dealer and that the vehicle identification number shown on such form is identical with the vehicle identification number shown on the motor vehicle. Vehicle identification number verification shall not be required <sup>1</sup>for any new vehicle sold in this state by a licensed motor vehicle dealer, any mobile home, any trailer-type recreational vehicle, or any other trailer with a weight of less than 1 ton.

(3) Upon application for certificate of title of a vehicle previously titled or registered outside of this state, the application shall show on its face such fact and the time and place of the last issuance of certificate of title, or registration, of such vehicle outside this state, and the name and address of the governmental officer, agency, or authority making such registration, together with such further information relative to its previous registration, as may reasonably be required by said department, including the time and place of original registration, if known, and if different from such last foreign registration. The applicant shall surrender to said department all certificates, registration cards, or other evidence of foreign registration as may be in his possession or under his control.

(4) The certificate of title issued by said department for a vehicle previously registered outside this state shall give the name of the state or country in which such vehicle was last previously registered outside this state. Said department shall retain the evidence of title presented by the applicant and on which the certificate of title is issued. Said department shall use reasonable diligence in ascertaining whether or not the facts in said application are true by checking the application and documents accompanying same with the records of motor vehicles maintained by it, or otherwise as it may decide; and, if satisfied that the applicant is the owner of such motor vehicle and that the application is in the proper form, it shall issue a certificate of title, but not otherwise.

(5) In the case of the sale of a motor vehicle by a dealer to a general purchaser or user, the certificate of title shall be obtained in the name of the purchaser by the dealer upon application signed by the purchaser, and in all other cases such certificate shall be obtained by the purchaser. In all cases of transfers of motor vehicles, the application for certificate of title, or corrected certificate, or assignment or reassignment, shall be filed within 20 days from the delivery of such motor vehicle. If the certificate of title

is lost or unavailable at the time of sale to a retail purchaser, application for duplicate title shall be made within 20 days, and application for transfer of title shall be filed within 20 days of receipt of the original or duplicate certificate of title. An applicant shall be required to pay an extra fee of \$10, in addition to all other fees and penalties required by law, for failing to file such application within said specified time. Licensed dealers need not apply for certificates of title for such motor vehicles in stock or where such are acquired for stock purposes, but upon transfer of same shall either give transferee a reassignment of the certificate of title on such motor vehicle or shall make notation on the face of the application by transferee as provided in s. 319.21.

(6) The department shall in no event issue a certificate of title for any motor vehicle to any applicant until the applicant has shown that:

(a) All sales or use taxes due on the transfer of the motor vehicle are paid.

(b) A current motor vehicle registration as required by s. 320.02, except for those vehicles not required to have such registration by law, has been obtained.

(c) In those cases in which a mobile home is classified as real property and a license plate has been issued, the applicant has informed the property appraiser of the county wherein the mobile home is to be located the intended site of the mobile home.

(7) The title certificate or application for title shall contain the applicant's first name, middle initial, and last name, date of birth, sex, and license plate number or in lieu thereof an affidavit certifying that the motor vehicle to be titled shall not be operated upon the public highways of this state.

(8) The Department of Highway Safety and Motor Vehicles, upon the issuance of a certificate of title for a mobile home upon which no identification or serial number is affixed or ascertainable, may assign and require the permanent affixation upon such mobile home of an identification number. Prior to the assignment of any identification number, the department shall require satisfactory assurances that the application for a certificate of title and identification number is not being made for any unlawful purpose.

(9) The department shall use security procedures, processes, and materials in the preparation and issuance of each certificate of title to prohibit to the extent possible a person's ability to alter, counterfeit, duplicate, or modify the certificate of title.

#### **319.24 Issuance in duplicate; delivery; liens and encumbrances.—**

(1) The Department of Highway Safety and Motor Vehicles shall issue the certificate of title and all corrected certificates in duplicate. One copy shall be retained and filed by it.

(2) A duly authorized person shall sign the original certificate of title and all corrected certificates, and, if there are no liens or encumbrances on said motor vehicle, as shown in the department's records or as shown in the application, shall deliver said

certificate to the applicant, or as directed by the applicant, or person, agent or attorney submitting such application. If there are one or more liens or encumbrances on said motor vehicle, said certificate and a form to be subsequently used by the lienholder as a satisfaction shall be delivered or mailed to the holder of the first lien as shown by the records in the department as soon as possible. If the application for certificate shows the name of a first lienholder different from the name of the first lienholder as shown by the records of said department, the certificate shall not be issued to any person until after all parties who appear to hold a lien or liens and the applicant for the certificate have been notified in writing by said department of the conflict. If the parties do not amicably clear up the conflict within 10 days from the date of the sending of such notice, then said department shall serve notice in writing by registered mail on all persons appearing to hold liens on that particular vehicle, including the applicant for the certificate, to show cause within 10 days from the date the notice is mailed why it should not issue and deliver the certificate to the lienholder whose name appears in the application as the first lienholder without showing any lien or liens as outstanding other than those appearing in the application, or which may have been filed subsequent to the filing of the application for the certificate. If any person other than the lienholder shown in the application or a party filing a subsequent lien should in answer to said notice to show cause appear in person, or by a representative, or in writing, and file a statement in writing under oath that his lien or liens on that particular vehicle is still outstanding with the amount unpaid, then the department shall not issue the certificate to anyone until after such conflict has been settled by the lien claimants involved or by a court of competent jurisdiction. If not settled amicably, the complaining party shall have 10 days to obtain a ruling, or a stay order, from a court of competent jurisdiction, and if no ruling or stay order is issued and served on said department within said 10 days, it shall issue the certificate to the original applicant showing no liens except those shown in the application and thereafter. All duplicate certificates and corrected certificates shall only show such lien or liens as were shown in said application and subsequently filed liens that may be outstanding.

(3) The certificate of title shall be retained by the first lienholder until the entire amount of such first lien is fully paid.

(4) If the owner of the motor vehicle desires to place a second or subsequent lien or encumbrance against said motor vehicle, upon written request of the owner as shown by the certificate of title, to the first lienholder by registered mail, such first lienholder shall forward the certificate to said department for such endorsement or endorsements, and said department shall return the certificate to the first lienholder after endorsing such lien on the certificate and on the duplicate. The department shall make the same notation on the memorandum certificate, if one accompanied the notice of lien, and return same to the owner. If the first lienholder should fail, neglect or refuse to forward the certificate of title to said department at the request of the owner

within 10 days from the date of such request, then said department, on the written request of the subsequent lienholder or an assignee thereof, shall demand of the first lienholder the return of said certificate for the notation of the second or subsequent lien or encumbrance.

(5) If there is a subsequent lien or encumbrance on said motor vehicle, the certificate shall be delivered to the person holding the next lien or encumbrance upon said motor vehicle and be retained by such person until the entire amount of such lien or encumbrance is fully paid.

(6)(a) Upon final payment of any first lien or encumbrance, a satisfaction thereof shall be endorsed in the space provided on the face of the certificate of title and if there are no subsequent liens shown thereon said certificate shall be delivered to the owner, person, firm or corporation paying off said lien or encumbrance and an executed satisfaction on a form to be provided by said department shall be forwarded within 10 days to said department by the lienholder who has received payment.

(b) In the event the certificate of title shows a subsequent lien or liens not then being discharged, an executed satisfaction of the first lien shall be delivered to the person, firm or corporation paying off said lien and the certificate of title showing satisfaction of the first lien shall be forwarded to said department within 10 days.

(c) If there are no subsequent liens or encumbrances upon said motor vehicle, the department shall, upon receipt of certificate of title showing satisfaction of the first lien, forward to the owner a corrected certificate showing no liens or encumbrances. If there is a subsequent lien not being discharged, the certificate of title shall be delivered to the subsequent lienholder as provided in subsection (5).

(7) When the original certificate of title cannot be returned and evidence satisfactory to the department is produced that all liens or encumbrances have been satisfied, upon application by the owner for a duplicate copy of the certificate upon the form prescribed by the department, accompanied by the fee prescribed in this law, a duplicate copy of the certificate of title, without statement of liens or encumbrances, shall be issued by the department and delivered to the owner.

(8) Any person failing to forward to the department upon its written demand such satisfaction of lien and the certificate of title, as required by this section, shall be guilty of a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083.

(9) Any person failing to return to the department a certificate of title, when there are subsequent liens or encumbrances to be noted, or for correction and delivery of corrected certificate as provided by this law, shall be guilty of a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083. No person shall be guilty of a violation of this section if he shall forward the certificate of title to the department within 10 days of the demand by the department together with the satisfaction of any lien or encumbrance paid to said person.

(10) The department shall assign a number for

each certificate of title and shall maintain in its office indices for such certificate of title. The department shall not be required to retain on file any bill of sale or duplicate thereof, or notice of lien, or satisfaction of lien, covering any motor vehicle for a period longer than 7 years after the date of the filing thereof and thereafter the same may be destroyed.

(11) The department shall in the sending of any notice only be required to use the last known address as shown by the records in his office.

cf.—s. 1.01 Defines registered mail to include certified mail with return receipt requested.

**319.241 Removal of lien from records.**—If the owner of a motor vehicle upon which a lien has been filed with the department or noted upon a certificate of title for a period of 5 years, applies to the department in writing for such lien to be removed from the department's files or from the certificate of title and accompanies said application with evidence satisfactory to the department that the applicant has notified the lienholder by registered mail, not less than 20 days prior to the date of said application, of his intention to apply to the department for removal of said lien, 10 days after receipt of the said application, the department may remove said lien from its office files or from the certificate of title, as the case may be, provided, no statement in writing protesting removal of said lien is received by the department from the lienholder within the said 10-day period. If however, the lienholder should file with the department within the said 10-day period, a written statement that the said lien is still outstanding with the amount unpaid, the department shall not remove said lien until such time as the lienholder presents a satisfaction thereof to the department.

**History.**—s. 1, ch. 59-479; s. 6, ch. 65-190; ss. 24, 35, ch. 69-106.

### **319.25 Rules and regulations; forms; cancellation of certificates; lists and searches; fees.**

(1) The Department of Highway Safety and Motor Vehicles may adopt such reasonable rules and regulations as it may deem necessary to insure uniform and orderly operation of this law. Said department shall provide and furnish the forms required by this law.

(2) If it appears that a certificate of title has been improperly issued, said department shall have the power and it shall be its duty to cancel same. Upon cancellation of any certificate of title said department shall notify the person to whom such certificate of title was issued as well as any lienholders appearing thereon of said cancellation and shall demand the surrender of such certificate of title, but said cancellation shall not affect the validity of any lien noted thereon. The holder of such certificate of title shall return same to the department forthwith. If a certificate of registration has been issued to the holder of a certificate of title so canceled, the department shall immediately cancel same and demand the return of such certificate of registration and license plates or tags, and the holder of such certificate of registration and license plates or tags shall return the same to the department forthwith.

(3) The department shall keep on hand a suffi-

cient supply of blank forms, which, except certificate of title and memorandum certificate forms, shall be furnished and distributed without charge to all persons residing within the state.

(4) The department is authorized, upon application of any person and payment of the proper fees, to prepare and furnish lists containing title information in such form and subject to such territorial division and/or other classification as the department may authorize; to search the records of the department and make reports thereof, and to make photographic copies of the department records and attestations thereof.

(5) Fees therefor shall be charged and collected as follows:

(a) For lists of title for the entire state, or any part or parts thereof, divided according to counties, a sum computed at the rate of not over 5 cents per item.

(b) For photographic copies of records and attestations thereof, under the seal of the department, \$1 a copy. Such copy or copies shall be taken as prima facie evidence of the fact therein stated, in any court of the state.

(c) For information relating to the registration and title of a motor vehicle, 50 cents, provided, licensed dealers or individuals, firms or corporations who own or represent a person having an interest in or who hold a recorded lien may obtain without charge oral or written information upon such vehicles up to and including 5 vehicles in any 1 day and not more than 50 in any 1 month.

(d) The department, upon being satisfied that the investigation is for a proper purpose, shall furnish, without charge or limitation as to number, to state attorneys, the state highway patrol, sheriffs, chiefs of police, or any licensed dealer or his authorized representative, information or photographic copies of records and certifications thereof, under seal of the department, on any title or tag.

**History.**—s. 6, ch. 23658, 1947; s. 5, ch. 25150, 1949; s. 6, ch. 28184, 1953; 1, ch. 59-157; s. 6, ch. 65-190; ss. 24, 35, ch. 69-106; s. 4, ch. 79-344.

### **319.26 Theft or conversion of motor vehicles.—**

(1) It shall be the duty of every sheriff or chief of police having knowledge of a stolen motor vehicle immediately to furnish the Department of Highway Safety and Motor Vehicles with full information in connection therewith.

(2) It shall be the duty of the department whenever it may receive a report of the theft or conversion of a motor vehicle, whether the same has been registered or not, and whether owned in this or any other state, together with the make and manufacturer's serial number or motor number thereof, to make a distinctive record thereof and file same in the numerical order of the manufacturer's serial number or motor number with the index records of the vehicles of such make. Such index shall be known as the "Stolen and Recovered Motor Vehicle Index." The department shall prepare a report listing motor vehicles stolen and recovered as disclosed by the reports submitted to it, to be distributed as it may deem advisable.

(3) The department shall publish once a month a list of all motor vehicles stolen or recovered during

the previous month and forward a copy of the same to every sheriff and all police departments in Florida. The published list shall not include the converted cars. Such list shall also be forwarded to the Secretary of State, or other proper official, in each state of the United States. Before issuing a certificate of title, or corrected certificate, or duplicate, or memorandum certificate, as heretofore provided, the said department shall check the motor, chassis and serial number on the motor vehicle to be registered against the stolen and recovered motor vehicle index.

(4) In the event of the recovery of a stolen or converted motor vehicle it shall be the duty of the owner immediately to notify the department which shall cause the record of the theft or conversion to be removed from its index.

**History.**—s. 7, ch. 23658, 1947; s. 6, ch. 65-190; ss. 24, 35, ch. 69-106; s. 92, ch. 77-104.

### **319.27 Notice of lien on motor vehicles; notation on certificate; recording of lien.—**

(1) All liens, mortgages and encumbrances on motor vehicles titled in Florida shall be noted upon the face of the certificate of title as and when issued in Florida or on a duplicate or corrected copy thereof, as is now provided by law; provided, however, that this section shall not apply to any retain title contract, conditional bill of sale, chattel mortgage or other like instrument covering any motor vehicle floor plan stock of any motor vehicle dealer. Except for the recording of liens upon motor vehicles for which no certificate of title has been issued in this state as provided in subsection (3), the Department of Highway Safety and Motor Vehicles shall not be a recording office for liens on motor vehicles.

(2) No liens for purchase money or as security for a debt in the form of retain title contract, conditional bill of sale, chattel mortgage, or other similar instrument, upon a motor vehicle, as now or may hereafter be defined by law, upon which a certificate of title has been issued in this state shall be enforceable in any of the courts of this state, against creditors or subsequent purchasers for a valuable consideration and without notice, unless a sworn notice of such lien showing the following information:

- (a) Date and amount of lien;
- (b) Kind of lien;
- (c) Name and address of registered owner;
- (d) Description of motor vehicle, showing make, type, and serial number; and
- (e) Name and address of lienholder;

has been filed in the department and such lien has been noted upon the certificate of title covering such motor vehicle, and shall be effective as constructive notice when filed.

(3)(a) Notwithstanding the provisions of subsection (2) any person, firm or corporation holding a lien for purchase money or as security for a debt in the form of a retain title contract, conditional bill of sale, chattel mortgage or other similar instrument covering a motor vehicle previously titled or registered outside of this state upon which no certificate of title has been issued in this state, may use the facilities of the department for the recording of such lien as constructive notice of such lien to creditors and purchasers of such motor vehicle in Florida provided

such lienholder files a sworn notice of such lien in the department, showing the following information:

1. Date and amount of lien;
2. Kind of lien;
3. Name and address of registered owner;
4. Description of motor vehicle, showing make, type, and serial number; and
5. Name and address of lienholder.

Upon the filing of such notice of lien and payment of a fee of \$1 for the recording of each notice of lien and a fee of \$1 for the satisfaction thereof, both to be paid at the time of the filing of the lien, it shall be recorded in the Department of Highway Safety and Motor Vehicles.

(b) When a Florida certificate of title is first issued on a motor vehicle previously titled or registered outside this state, the department shall note on the Florida certificate of title, the following liens:

1. Any lien shown on the application for Florida certificate of title;
2. Any lien filed in the department in accordance with paragraph (a) of this subsection; and
3. Any lien shown on the existing certificate of title issued by another state.

(c) When a certificate of title on a motor vehicle has been issued in this state on a motor vehicle previously titled or registered outside this state, liens valid in and registered under the law of the state wherein such liens were created are not valid in this state unless filed and noted upon the certificate of title under the provisions of this section.

(4) All liens, mortgages and encumbrances noted upon a certificate of title shall take priority according to the order of time in which the same are noted thereon by the department. Provided, however, that the lien shown on the application for original certificate of title shall take priority over all liens or encumbrances filed subsequent to the date shown on such application. Exposure for sale of any motor vehicle by the owner thereof, with the knowledge or with the knowledge and consent of the holder of any duly noted lien, mortgage, or encumbrance thereon, shall not render the same void or ineffective as against the creditors of such owner, or holder of subsequent liens, mortgages or encumbrances upon such motor vehicle.

(5) The holder of a retain title contract, conditional bill of sale, chattel mortgage or other similar instrument covering a motor vehicle, upon presentation of the certificate of title issued in this state, together with a sworn notice of lien on a form to be provided by the department and showing the following information:

- (a) Date and amount of lien;
- (b) Kind of lien;
- (c) Name and address of registered owner;
- (d) Description of motor vehicle, showing make, type, and serial number; and
- (e) Name and address of the lienholder;

may have notation of such lien made on the face of such certificate of title. Should the original lienholder sell and assign his lien to some other person and such assignee desires to have his name substituted on the certificate of title as the holder of such lien,

he may on delivering the original certificate of title to the department and a sworn statement of such assignment, have his name substituted as such lienholder.

### 319.28 Transfer of ownership by operation of law.—

(1)(a) In the event of the transfer of ownership of a motor vehicle by operation of law as upon inheritance, devise or bequest, order in bankruptcy, insolvency, replevin, attachment, execution or other judicial sale or whenever the engine of a motor vehicle is replaced by another engine, or whenever a motor vehicle is sold to satisfy storage or repair charges, or repossession is had upon default in performance of the terms of a chattel mortgage, conditional sales contract, trust receipt or other like agreement, the department, upon the surrender of the prior certificate of title, or when that is not possible, upon presentation of satisfactory proof to the said department of ownership and right of possession to such motor vehicle, and upon payment of the fee prescribed by law, and presentation of an application for certificate of title, may issue to the applicant a certificate of title thereto. If the application is predicated upon a chattel mortgage, conditional sales contract, trust receipt or other like agreement, the original or a certified copy of the original of such instrument shall accompany the application provided that if the owner under a chattel mortgage voluntarily surrenders possession of such motor vehicle the original of the chattel mortgage shall accompany the application for a certificate of title and it shall not be necessary to institute proceedings in any court to foreclose such mortgage.

(b) When the application for a certificate of title is made by an heir or heirs of a previous owner who died intestate it shall not be necessary to accompany the application with an order of a probate court, provided the applicant files with the department an affidavit that the estate is not indebted and the surviving spouse, if any, and the heirs, if any, have amicably agreed among themselves upon a division of the estate. If the previous owner died testate the application shall be accompanied by a certified copy of the will, if probated and an affidavit that the estate is solvent with sufficient assets to pay all just claims, and if the will is not being probated then by sworn copy of the will and an affidavit that the estate is not indebted.

(2) Only an affidavit by the person, or agent of the person to whom possession of such motor vehicle has so passed, setting forth facts entitling him to such possession and ownership, together with a copy of the journal entry, court order or instrument upon which such claim of possession and ownership is founded, shall be considered satisfactory proof of ownership and right of possession. If the applicant cannot produce such proof of ownership he may submit such evidence as he may have, and the department may thereupon, if it finds the evidence sufficient, issue a certificate of title.

(3) If, from the records of said department, there appears to be any other lien or liens on said motor

vehicle, such certificate of title shall contain a statement of said liens, unless such application is either accompanied by proper evidence of their satisfaction or extinction, or contains a statement reciting that at least 5 days' registered mail notice of intention to seek repossessed certificate of title has been given each lien or encumbrance holder noted as subsequent on the last issued certificate of title. If such notice is given and no written protest to the department is presented within 10 days from the date of the giving of the registered notice by any subsequent lienholder, then the certificate of title shall be issued showing no liens. If the former owner or any subsequent lienholder should file within the said 10 days a written protest, under oath, then the department shall not issue the repossessed certificate for 10 days thereafter. If within said 10 days no injunction or other order of a court of competent jurisdiction has been served on the department commanding it not to deliver the certificate, then it shall deliver the repossessed certificate to the applicant or as may otherwise be directed in the application showing no other liens than those shown in the application.

**History.**—s. 9, ch. 23658, 1947; ss. 1, 2, ch. 23723, 1947; s. 7, ch. 25150, 1949; s. 8, ch. 28184, 1953; s. 1, ch. 61-446; s. 6, ch. 65-190; ss. 24, 35, ch. 69-106. cf.—s. 1.01 Defines registered mail to include certified mail with return receipt requested.

### 319.29 Lost or destroyed certificates; memorandum certificates.—

(1) In the event of a lost or destroyed certificate of title, application shall be made to the Department of Highway Safety and Motor Vehicles by the owner of said motor vehicle or the holder of a lien thereon for a duplicate copy of same upon a prescribed form and under regulations issued by the department and accompanied by a fee prescribed by this law. Such application shall be signed and sworn to by the person making the same. Thereupon the department shall issue a duplicate copy of said certificate of title to the person entitled to receive the certificate of title under the provisions of this law. Said duplicate copy and all subsequent certificates of title issued in the chain of title originated by said duplicate copy shall be plainly marked across their faces "duplicate copy," and any subsequent purchaser of said motor vehicle in the chain of title originating through such duplicate copy shall acquire only such rights in such motor vehicle as the original holder of said duplicate copy himself had.

(2) Any purchaser of such motor vehicle may at the time of such purchase require the seller of same to indemnify him and all subsequent purchasers of said motor vehicle against any loss which he or they may suffer by reason of any claim or claims presented upon the original certificate. In the event of the recovery of the original certificate of title by said owner he shall forthwith surrender same to the department for cancellation.

(3) The owner of a motor vehicle shown by the certificate of title may at any time make application to the department for a memorandum certificate, which application shall be made upon a form to be prescribed by the department and signed and sworn to by such applicant. Upon receipt of such application, if the same appears to be regular, together with the fee prescribed by this law, the department shall issue to such applicant a memorandum certificate

for said motor vehicle. Whenever the original certificate is delivered to a lienholder, the department shall furnish to the owner a memorandum certificate without application and without any further fees. If the application is made at the time of application for a certificate of title no fee shall be required for the memorandum certificate. In the event such memorandum certificate is lost or destroyed, the holder thereof may obtain a duplicate copy of the same upon the filing of an application therefor with said department on a prescribed form and accompanied by the fee prescribed in this law. In the event of the recovery of the original memorandum certificate by said owner he shall forthwith surrender same to the department for cancellation. Such memorandum certificate shall be effective only for the purpose of obtaining a certificate of registration, is not assignable, and constitutes no evidence of title or of right to transfer or encumber the motor vehicle described therein.

**History.**—s. 10, ch. 23658, 1947; s. 8, ch. 25150, 1949; s. 11, ch. 25035, 1949; s. 6, ch. 65-190; ss. 24, 35, ch. 69-106.

### 319.30 Dismantling, destruction, change of identity of vehicle; motor vehicle declared salvage.—

(1) Each owner of a motor vehicle and each person mentioned as owner in the last certificate of title, when such motor vehicle is dismantled, destroyed, or changed in such manner that it is not the motor vehicle described in the certificate of title, shall surrender his certificate of title to the Department of Highway Safety and Motor Vehicles and thereupon said department shall, with the consent of any holders of any liens noted thereon, enter a cancellation upon its records. Upon cancellation of a certificate of title in the manner prescribed by this section, the department may cancel and destroy all certificates and all memorandum certificates in that chain of title.

(2) When the frame or engine is removed from a motor vehicle and not immediately replaced by another frame or engine, or when an insurance company has paid money as compensation for a total loss of any motor vehicle, such motor vehicle shall be considered to be salvage. The owner of every motor vehicle, 5 model years old or less, which is considered to be a total loss or salvage shall, within 72 hours after such total loss or salvage occurs, forward to the department the title to the motor vehicle, whereupon the department shall process the title in a manner prescribed by law or regulation. An insurance company which pays money as compensation for total loss of a motor vehicle shall obtain such vehicle's certificate of title and, within 72 hours after receiving such vehicle's certificate of title, shall forward such title to the department for processing. In the event that payment was made because of the theft of the vehicle, which shall be considered a total loss as defined in this section, the insurance company shall forward the certificate of title as provided herein to the department within 72 hours after receiving such title. However, nothing in this subsection shall be applicable when a stolen motor vehicle is recovered in substantially intact condition and is readily resalable without extensive repairs to or replacement of the frame or engine.

(3) It shall be unlawful for the owner of any junkyard, scrap metal processing plant which meets the criteria of a resource recovery and management facility as defined in s. 403.703(7), or salvage yard or his agent or employee to have in his possession any motor vehicle which is junk or salvage or a total loss as defined in subsection (5), when the manufacturer's identification number plate(s) or serial plate(s) have been removed therefrom. However, nothing in this subsection shall be applicable when a vehicle defined in this section as a junk or total loss was purchased or acquired from a foreign state requiring such vehicle's identification number plate(s) and license plate(s) to be surrendered to such state; provided, however, the owner of the junkyard or salvage yard or his agent or employee shall have a notarized bill of sale describing such salvage by manufacturer's serial number and the state to which such vehicle's identification number plate(s) were surrendered. Any person who violates this subsection is guilty of a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(4) It shall be unlawful for any person, firm, or corporation to knowingly possess, sell, or exchange, offer to sell or exchange, or to give away any certificate of title or manufacturer's identification number plate(s) or serial plate(s) of any motor vehicle which has been sold as junk or salvage or as a total loss contrary to the provisions of this section, and every officer, agent, or employee of any person, firm, or corporation and every person who shall authorize, direct, aid in, or consent to the possession, sale, or exchange or offer to sell, exchange, or give away such certificate of title or manufacturer's identification number plate(s) or serial plate(s) shall be guilty of a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(5) For the purposes of compliance with this section, a total loss shall occur when any insurance company pays to the owner of the vehicle 80 percent or more of the cost, at the time of loss, of replacing the wrecked or damaged vehicle with one of like kind and quality. A motor vehicle wrecked or damaged that is uninsured shall likewise be declared a total loss when the cost is 80 percent or more, at the time of loss, of replacing the wrecked or damaged vehicle with one of like kind or quality by the owner.

(6) The owner of any junkyard or salvage yard or his agent or employee who purchases or otherwise acquires a motor vehicle, or any part thereof, defined as junk or salvage or a total loss shall keep an accurate and complete record of all such motor vehicles, or any major component part thereof, purchased or received in the course of his business. As used in this subsection, the term "major component part" means the front end assembly (fenders, hood, grill, and bumper); rear body section (both quarter panels, decklid, bumper, and floor pan); door assemblies; engine; and transmission. These records shall contain the name and address of each person from whom a motor vehicle defined as junk or salvage or a total loss was purchased or acquired, including the signature of the person selling or disposing of same together with said person's driver's license number if available. These records shall indicate when such purchases or receipts occurred. For the purposes of enforcement of this section, the department or its agents and employees shall have the same right of inspection as law enforcement officers as provided in s. 812.055. Any person who violates this subsection is guilty of a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(7) The department shall make, promulgate, and enforce regulations as are reasonably necessary to carry out the intent of this section in accordance with the provisions of chapter 120.

**History.**—s. 11, ch. 23658, 1947; s. 9, ch. 25150, 1949; s. 1, ch. 59-341; s. 6, ch. 65-190; ss. 24, 35, ch. 69-106; s. 1, ch. 69-373; s. 189, ch. 71-136; s. 1, ch. 72-94; s. 3, ch. 78-412; s. 2, ch. 79-32; s. 1, ch. 79-56.

**319.31 Requisites of certificates; forms.**—A certificate of title shall be printed upon a special watermarked paper to be selected by the Department of Highway Safety and Motor Vehicles. The department may by regulation require additional information and may alter, change or modify the following forms shown in this section. It may prescribe such additional forms as may be needed in the administration of this law.

### 319.32 Fees.—

(1) The Department of Highway Safety and Motor Vehicles shall charge a fee of \$2 for each duplicate copy of a certificate of title; \$2 for each assignment by a lienholder; and \$2 for each original certificate of title. It shall also charge a fee of \$2 for noting a lien on a certificate, which fee shall include the services for the subsequent issuance of a corrected certificate or cancellation of lien when that particular lien is satisfied. In addition to all other fees charged, a sum of \$1 shall be paid for the issuance of an original or duplicate certificate of title to cover the cost of materials used for security purposes.

(2) All fees collected under this law shall be paid into the General Revenue Fund.

### 319.323 Expedited service; applications; fees.

—The Department of Highway Safety and Motor Vehicles shall establish a separate title office which may be utilized by private citizens and licensed motor vehicle dealers to receive expedited service on title transfers, title issuances, duplicate titles, and recordation of liens. A fee of \$5 shall be charged for this service, which fee is in addition to the fees imposed by s. 319.32. Applications for such expedited service may be made by mail or in person. The department shall issue each title applied for pursuant

to this section within 72 hours of receipt of the application.

**History.**—s. 1, ch. 79-399.

### 319.33 Offenses involving vehicle serial numbers, applications, certificates, papers; penalty.—

(1) It is unlawful:

(a) To alter or forge any certificate of title to a motor vehicle or any assignment thereof or any cancellation of any liens on a motor vehicle;

(b) To hold or use such certificate, assignment, or cancellation knowing the same to have been altered or forged;

(c) To procure or attempt to procure a certificate of title to a motor vehicle, or pass or attempt to pass a certificate of title or any assignment thereof to a motor vehicle, knowing or having reason to believe that such motor vehicle has been stolen;

(d) To sell or offer for sale in this state a motor vehicle on which the motor number or manufacturer's serial number has been destroyed, removed, covered, altered, or defaced with knowledge of such destruction, removal, covering, alteration, or defacement of said motor number or manufacturer's serial number;

(e) To use a false or fictitious name, give a false or fictitious address, or make any false statement in any application or affidavit required under the provisions of this law or in a bill of sale or sworn statement of ownership or otherwise commit a fraud in any application.

(2) It is unlawful for any person knowingly to obtain goods, services, credit, or money by means of an invalid, duplicate, fictitious, forged, counterfeit, stolen, or unlawfully obtained certificate of title, registration, bill of sale, or other indicia of ownership of a motor vehicle.

(3) It is unlawful for any person knowingly to obtain goods, services, credit, or money by means of a certificate of title to a motor vehicle, which certificate is required by law to be surrendered to the Department of Highway Safety and Motor Vehicles.

(4) It is unlawful for any person knowingly and with intent to defraud to have in his possession, sell, offer to sell, counterfeit, or supply a blank, forged, fictitious, counterfeit, stolen, or fraudulently or unlawfully obtained certificate of title, registration, bill of sale, or other indicia of ownership of a motor vehicle, or to conspire to do any of the foregoing.

(5) Any person who violates any provision of this section shall be guilty of a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084. This section shall not be exclusive of any other penalties prescribed by any existing or future laws for the larceny or unauthorized taking of motor vehicles, but shall be deemed supplementary thereto.

**History.**—s. 14, ch. 23658, 1947; s. 1, ch. 69-9; ss. 24, 35, ch. 69-106; s. 190, ch. 71-136.

**319.34 Transfer without delivery of certificate; operation without certificate; failure to surrender; other violations.**—Whoever shall, except as otherwise provided for in this law, purport to sell or transfer a motor vehicle without delivery to the purchaser or transferee thereof a certificate of

title thereto duly assigned to such purchaser as provided in this law or shall operate in this state a motor vehicle for which a certificate of title is required without such certificate having been obtained in accordance with the provisions of this law, or upon which the certificate of title has been canceled; or whoever shall fail to surrender any certificate of title or memorandum certificate or any certificate of registration or license plates or tags upon cancellation of the same by the Department of Highway Safety and Motor Vehicles and notice thereof as prescribed in this law; or whoever fails to surrender the certificate of title to the department as provided in this law in case of the destruction or dismantling or change of a motor vehicle in such respect that it is not the motor vehicle described in the certificate of title; or whoever shall violate any of the other provisions of the law, or any lawful rule or regulation promulgated pursuant to the provisions of this law, shall be fined not more than \$500 or imprisoned for not more than 6 months, or both, for each offense.

**History.**—s. 15, ch. 23658, 1947; s. 12, ch. 25150, 1949; s. 6, ch. 65-190; ss. 24, 35, ch. 69-106.

### **319.35 Unlawful acts in connection with motor vehicle odometer readings; penalties.—**

(1) It is unlawful for any person knowingly to tamper with, adjust, alter, change, set back, disconnect, or fail to connect an odometer of a motor vehicle, or to cause any of the foregoing to occur to an odometer of a motor vehicle, so as to reflect a lower mileage than the motor vehicle has actually been driven, or to supply any written odometer statement knowing such statement to be false or based on mileage figures reflected by an odometer that has been so tampered with or altered, except as hereinafter provided. It shall be unlawful for any person to knowingly bring into this state a motor vehicle which has an odometer that has been illegally altered.

(2) The provisions of subsection (1) shall not apply to the following:

(a) The disconnection of the odometer used for registering the mileage or use of new motor vehicles being tested by the manufacturer prior to delivery to a franchised dealer;

(b) The disconnection of an odometer used for registering mileage or use of new motor vehicles occasioned by exchanges of new motor vehicles between licensed franchised dealers, or delivery to licensed franchised dealers from assembly points;

(c) Passenger car vehicles having a capacity exceeding 15 persons; or

(d) Trucks having a net weight in excess of 3,000 pounds.

(3) Any person who intentionally violates the provisions of this section shall be guilty of a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

**History.**—ss. 1-6, ch. 70-233; s. 2, ch. 71-242; s. 191, ch. 71-136; s. 1, ch. 78-183.

### **319.36 Definitions; shipment of motor vehicles; proof of right of possession; penalties.—**

(1) In construing this section, where the context permits, the word, term or phrase:

(a) "Department" means Department of Highway Safety and Motor Vehicles.

(b) "Motor vehicle" means and includes all vehicles as defined in s. 320.01(1).

(c) "Aircraft" means and includes all aircraft as defined in s. 330.01.

(d) "Vessel" means and includes all watercraft as defined in s. 371.021(1).

(e) "Person" includes individuals, firms, partnerships, corporations, associations, or other artificial bodies, trustees, receivers and officers, employees, agents, and others acting for or on behalf of any person.

(2) No master or captain of any vessel, captain of any aircraft, or person who owns any vessel or aircraft in whole or in part shall take on board, or allow to be taken on board, said vessel or aircraft at any port in this state any motor vehicle to be transported to any destination outside of the continental United States without:

(a) Having received a right of possession certificate issued by the department in the name of the person offering such motor vehicle for transportation; and

(b) Having examined said motor vehicle and having verified that the description and serial number are identical with the description and serial number shown in said certificate of right of possession.

(3) No person shall transport, or cause to be transported, from any port or airport facility in this state, any motor vehicle, by watercraft or aircraft, outside of the continental United States without first having obtained a certificate of right of possession of such vehicle issued by the department.

(4) Any owner of a motor vehicle may file an application for a certificate of right of possession with the department, upon a form prescribed by the department, which shall be sworn to before a notary public or other officers empowered to administer oaths. Such application shall be accompanied by a fee of \$2, together with evidence of the applicant's right of possession of such vehicle satisfactory to the department, which may consist of:

(a) A certificate of title issued in the name of the applicant by this state or a foreign state wherein such vehicle is currently registered; or

(b) A registration certificate issued in the name of the applicant by a foreign state wherein such vehicle is currently registered, which state does not require issuance of a certificate of title.

Upon receipt of such application, the fee prescribed by this section, and said evidence of right of possession, the department shall issue to such applicant a certificate of right of possession. Such certificate shall not be negotiable or transferable.

(5) This section shall not apply to:

(a) New motor vehicles shipped from ports in this state consigned by the manufacturers thereof to consignees outside of the continental United States;

(b) Persons transporting motor vehicles owned by the federal government or its departments or agencies; or

(c) Federal officers or employees transporting motor vehicles in the performance of their duties of employment.

(6) No person shall counterfeit, copy, forge, or otherwise falsify a right of possession certificate.

(7) The department shall adopt and promulgate such rules and regulations as are deemed necessary to administer the provisions of this section. The department shall provide and furnish all forms required by this section.

(8)(a) Any person violating subsection (2) or subsection (6) of this section is guilty of a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(b) Any person violating the provisions of subsection (3) of this section, who has not previously been convicted of violating said subsection and was the lawful owner of the vehicle at the time of the viola-

tion, shall be guilty of a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

(c) Any person violating the provisions of subsection (3) of this section who has previously been convicted of violating said subsection or who was not the lawful owner of the vehicle at the time of the violation shall be guilty of a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

**320.01 Definitions, general.**—In construing these statutes, when applied to motor vehicles, and when the context permits, the word, phrase, or term:

(1) "Motor vehicle" includes:

(a) Automobiles, motorcycles, motor trucks, trailers, semitrailers, tractor trailer combinations, and all other vehicles operated over the public streets and highways of this state and used as a means of transporting persons or property over the public streets and highways and propelled by power other than muscular power, but does not include

traction engines, road rollers, such vehicles as run only upon a track, bicycles, or "mopeds," as defined in subsection 316.003(2).

(b) Recreational vehicle-type units primarily designed as temporary living quarters for recreational, camping, or travel use, which either have their own motive power or are mounted on or drawn by another vehicle. As defined below, the basic entities are:

1. "Travel trailer": A vehicular portable unit, mounted on wheels, of such a size or weight as not to require special highway movement permits when drawn by a motorized vehicle. It is primarily designed and constructed to provide temporary living quarters for recreational, camping, or travel use. It is of a body width of no more than 8 feet and a body length of no more than 35 feet when factory-equipped for the road.

2. "Camping trailer": A vehicular portable unit mounted on wheels and constructed with collapsible partial sidewalls which fold for towing by another vehicle and unfold at the campsite to provide temporary living quarters for recreational, camping, or travel use.

3. "Truck camper": A portable unit, designed to be loaded onto, or affixed to, the bed or chassis of a truck, constructed to provide temporary living quarters for recreational, camping, or travel use. Truck campers are portable units designed to be affixed to a truck chassis and constructed to provide temporary living quarters for recreational, travel, or camping use.

4. "Motor home": A vehicular unit, not exceeding length and width limitations provided in s. 316.515, built on a self-propelled motor vehicle chassis, primarily designed to provide temporary living quarters for recreational, camping, or travel use.

5. "Fifth wheel recreation trailer": A vehicular portable unit mounted on wheels of such size or weight as not to require special highway movement permits. It is primarily designed and constructed to provide temporary living quarters for recreation, camping, or travel use and designed to be connected for towing through the use of a fifth wheel device. It is of a length and width not exceeding the limitations provided in s. 316.515, as the same may be hereafter amended.

(2) "Mobile home" means a structure, transportable in one or more sections, which is 8 body feet or more in width and which is built on an integral chassis, and designed to be used as a dwelling when connected to the required utilities, and includes the plumbing, heating, air-conditioning, and electrical systems contained therein.

(3) "Local authorities" includes all officers and public officials of the several counties and municipalities of this state.

(4) "Owner" includes any person, firm, corporation, or association controlling any motor vehicle by right of purchase, gift, lease, or otherwise.

(5) "Chauffeur" includes any person operating any motor vehicle as an employee of the owner thereof; however, the term "chauffeur" does not apply to a person using a motor-driven vehicle as an incident to his employment in some other capacity.

(6) "Trailer" includes all four-wheel vehicles coupled to, or drawn by, a motor vehicle.

(7) "Semitrailer" includes any two-wheel vehicle coupled to, or drawn by, any motor vehicle.

(8) "Solid tires" includes all tires of any material or substance which do not depend upon confined air for the support of the load, except airless cushion tires.

(9) "Pneumatic tires" includes all tires made of rubber and fabric which are inflated with air.

(10) "Net weight" shall be construed to be the actual scale weight with complete catalog equipment.

(11) "Gross weight" shall be construed to be the net weight of a motor vehicle, plus the weight of the load carried by such vehicle.

(12) "Cwt" shall be understood to refer to the weight per hundred pounds, or major fraction thereof, of a motor vehicle.

(13) "Trucks" includes any motor vehicle designed or used principally for carrying things other than passengers and includes a motor vehicle to which has been added a cabinet box, platform, rack, or other equipment for the purpose of carrying merchandise other than the person or effects of the passengers.

(14) "Truck-tractor" means a motor vehicle having four or more wheels designed and equipped with a fifth wheel for the primary purpose of drawing a semitrailer, which shall be attached or coupled thereto by means of such fifth wheel and having no provision for carrying loads independently.

(15) "GVW" means the gross vehicle weight of a truck-tractor and semitrailer combination, which shall be calculated by adding to the net weight of the truck-tractor the gross weight of the semitrailer, which shall be the maximum gross weight as declared by the owner or person applying for registration, such vehicles being coupled together by means of a fifth-wheel arrangement whereby part of the weight of the semitrailer and load rests upon the truck-tractor.

(16) The word "passenger," or any abbreviation thereof, shall not include the driver.

(17) "Private use" shall be construed to mean the use of all vehicles which are not properly classified as "for-hire" vehicles.

(18)(a) "For-hire" vehicles include all motor vehicles, or trailers drawn by motor vehicles, when used for transporting persons, commodities, or materials for compensation; let or rented to another for a consideration; offered for rent or hire as a means of transportation for compensation; advertised in a newspaper or generally held out as being for rent or hire; or used in connection with a travel bureau or when offered or used to provide transportation for persons solicited through personal contact or advertised on a "share-expense" basis. When freight or passengers are transported for compensation in a motor vehicle outside of a municipal corporation of this state, or when freight is transported in a motor vehicle not owned by the same person owning the said freight, so that there is identity of ownership between the said freight and motor vehicle, such transportation shall be deemed "for hire." The carrying of goods, wares, merchandise, and other personal property in motor vehicles by corporations or associations for their stockholders, shareholders,

and members, cooperative or otherwise, shall be deemed transportation "for hire."

(b) The following shall not be deemed as operating "for hire," to wit: Motor vehicles used for transporting school children to and from school under contract with school officials; hearses and ambulances when operated by licensed embalmers or morticians or their agents or employees in this state; motor vehicles used in the transportation of agricultural or horticultural products or in transporting agricultural or horticultural supplies direct to growers or the consumers of said supplies or to associations of said growers or consumers; and motor vehicles temporarily used by farmers for the transportation of agricultural or horticultural products from farms or groves to packinghouses or to points of shipment by transportation companies; motor vehicles not exceeding 1½ tons under contract with the Government of the United States to carry United States mail, provided such vehicle is not used for commercial purposes.

(19) "State road" shall be construed to mean any part of any road, including the bridges thereon, heretofore or hereafter designated by the Legislature or by the Department of Transportation, in accordance with law, as a state road, which has been, or may hereafter be, constructed, maintained, or otherwise improved by said department or which is now, or may hereafter be, in course of construction, maintenance, or improvement by such department.

(20) "Station wagons," also known as "suburbans," not used for hire are hereby declared to be "automobiles for private use" so far as the same relates to the laws of this state fixing and prescribing fees and taxes on automobiles, and shall hereafter pay the same fees and taxes as are prescribed by the laws of Florida for "automobiles for private use."

(21) A "farm tractor" is hereby defined to be a motor vehicle operated principally upon a farm, grove, or orchard in agricultural or horticultural pursuits and which is operated upon the highways of this state incidentally in going from the owner's or operator's headquarters to such farms, groves, or orchards and returning therefrom, or in going from one farm, grove, or orchard to another. A "farm trailer" is defined as a vehicle without motive power which is used principally for the purpose of transporting plows, harrows, fertilizer distributors, spray machines, and other farm or grove implements, and which uses the highways of this state only incidentally.

(22) "Motor-driven cycle" shall be construed to mean every motorcycle, including every motor scooter, with a motor which produces not to exceed five brake horsepower, and every bicycle propelled by a helper motor rated in excess of 1½ brake horsepower.

(23) "Brake horsepower" shall be construed to mean the actual unit of torque developed per unit of time at the output shaft of an engine, as measured by a dynamometer.

(24) "Department" means the Department of Highway Safety and Motor Vehicles.

(25) A "registration period" shall be a period of 12 months, to be determined as follows:

(a) For vehicles subject to registration under s.

320.08(1), (2), (3)(a)-(c), (e), (f), (5)(b)-(e), (6)(a), and (7)-(9) and owned by a natural person, the period begins the first day of the birth month of the owner and ends the last day of the month immediately preceding the owner's birth month of the succeeding year. If such vehicle is registered in the name of more than one person, the birth date of the person whose name first appears on the registration shall be used to determine the registration period.

(b) For vehicles subject to registration under s. 320.08(10), the period begins January 1 and ends December 31.

(c) For all other vehicles subject to registration for which a registration period is not otherwise prescribed, the period begins June 1 and ends May 31.

(26) "Renewal period" shall be a period of 30 days, to be determined as follows:

(a) For vehicles owned by a natural person and subject to registration under s. 320.08(1), (2), (3)(a)-(c), (e), (f), (5)(b)-(e), (6)(a), and (7)-(9), renewal shall occur during the 30-day period ending at midnight of the vehicle owner's birthday.

(b) For vehicles subject to the registration period beginning January 1 and ending December 31, renewal shall occur during the 30-day period beginning January 1.

(c) For vehicles subject to the registration period beginning June 1 and ending May 31, renewal shall occur during the 30-day period beginning June 1.

(27) "Marine boat trailer dealer" is defined as any person engaged in:

(a) The business of buying, selling, manufacturing, or dealing in trailers specifically designed to be drawn by another vehicle and used for the transportation on land of vessels, as defined in s. 371.021; or

(b) The offering or displaying of such trailers for sale.

(28) "Director" means the Director of the Division of Motor Vehicles of the Department of Highway Safety and Motor Vehicles.

### **320.0105 Legislative intent; chapter 75-66, Laws of Florida.—**

(1) It is the intent of the Legislature that the provisions contained herein shall be implemented in such a manner that the convenience of the applicant is the first consideration.

(2) It is further the intent of the Legislature that:

(a) The tag shall remain with the owner of the vehicle.

(b) Each motor vehicle privately owned by a natural person, except those vehicles taxed under the provisions of s. 320.08(3)(d), (4), (5)(a), (6)(b), (10), or (13), shall be registered and reregistered based on the owner's birth month during the renewal period.

(c) License plates shall be transferable between certain weight classes without the necessity of replacing the original plate until the alphanumeric system is totally effected.

(d) The department shall accomplish an accurate

data file on each owner of a motor vehicle and that the data file shall have a common base with each of the other two files (driver file and title certificate file) maintained by the department on that same owner. As soon as the department has accomplished an accurate data file on motor vehicle registrations, the time for the completion of which shall not exceed 3 years, the three separate files (motor vehicle registration, driver's license, and title certificate) shall be combined, updated, and maintained in a single file.

**History.**—s. 1, ch. 75-66; s. 1, ch. 77-174; s. 2, ch. 77-357.

**320.011 Department, powers and duties.—**  
The powers and duties of the Department of Highway Safety and Motor Vehicles shall include the following. The department shall:

(1) Have charge of all affairs of administering and enforcing the laws of the state relative to motor vehicles, as hereinafter provided, and employ such clerical assistants and appoint such enforcement personnel as may be necessary to enable it to completely and efficiently perform its duties.

(2) Issue and cancel motor vehicle certificates of title.

(3) Collect all sums of money required to be collected as provided by law.

(4) Issue all licenses, permits and certificates required to be issued, being strictly accountable therefor.

(5) Adopt and promulgate such reasonable rules and regulations as are deemed necessary to administer the provisions of chapters 319, 320, 324, and 330, which shall have the force and effect of law.

(6) Administer and enforce all provisions of law pertaining to financial responsibility, licensing, registration, certification, sale, and distribution of motor vehicles, as set forth in chapters 319, 320, 324, and 330 and the rules and regulations promulgated thereunder.

(7) Wherever in chapter 320 the Department of Highway Safety and Motor Vehicles is authorized or directed to conduct hearings, the Director of the Division of Motor Vehicles in the department shall conduct said hearings and shall be the hearing officer.

**Note.**—Former s. 318.031.

**320.015 Taxation of mobile homes.—**A mobile home, as defined in s. 320.01(2), regardless of its actual use, shall be subject only to a license tax unless classified and taxed as real property. A mobile home is to be considered real property only when the owner of the mobile home is also the owner of the land on which the mobile home is situated and said mobile home is permanently affixed thereto. Any prefabricated or modular housing unit or portion thereof not manufactured upon an integral chassis or undercarriage for travel over the highways shall be taxed as real property even though transported over the highways to a site for erection or use.

**History.**—Formerly s. 13, Art IX of the Constitution of 1885, as amended; converted to statutory law by s. 10, Art. XII of the Constitution as revised in

1968; s. 2, ch. 70-391; s. 2, ch. 72-339.

### 320.02 Application for registration; forms.—

(1) Every owner, or person in charge, of a motor vehicle which shall be operated or driven upon the highways of the state, or which shall be maintained in this state, shall, for each such vehicle so owned, cause to be filed by mail or otherwise, in the office of the department, a certified application for registration of same on a blank to be furnished for that purpose, containing:

(a) A description of each motor vehicle to be registered, including: the purpose for which it is to be used; the name of the manufacturer; the style, type, engine number, or permanent vehicle identification number (VIN); the horsepower; the net weight in pounds; in case of motor trucks, trailers, and semi-trailers, the factory-rated load capacity; the maximum gross weight as stated by the person requesting registration; and, in case of motor vehicles for carrying passengers, the seating capacity. However, if the application is for the registration of an antique automobile, antique truck, or vehicle which qualifies for a horseless carriage license plate, the application shall contain the engine number and the year and model of the engine.

(b) The full first name, middle or maiden name, last name, date of birth, sex, and mailing address of the registered owner of such vehicle; if the mailing address is a post-office box or if the mailing address is different from the street address of the owner's permanent residence or street address of the permanent place of business, the street address of the owner's permanent residence or the street address of the permanent place of business; and also the county and state or place, if outside of the state, in which he resides. In cases of joint ownership, the birthday of the first person listed on the registration form shall be used for the purpose of determining the registration period.

(2) If the owner does not have a permanent residence, the owner's permanent residence cannot be identified by a street address, the business does not have a permanent place of business, or the permanent place of business cannot be identified by a street address, the application shall include:

(a) If the vehicle is registered to a business, the name and street address of the permanent residence of an owner of the business, an officer of the corporation, or an employee who is in a supervisory position.

(b) If the vehicle is registered to an individual, the name and street address of the permanent residence of a close relative or friend who is a resident of this state.

(3) Prior to the registration in this state of any vehicle registered outside the State of Florida, the application shall be accompanied by either a sworn affidavit from the seller and purchaser verifying that the vehicle identification number shown on the affidavit is identical to the vehicle identification number shown on the motor vehicle or a copy of the appropriate motor vehicle inspection or departmental form evidencing that a physical examination has been made of the motor vehicle by the owner and by a motor vehicle inspection station inspector, a duly constituted police department in any state, or a licensed motor vehicle dealer and that the vehicle

identification number shown on the applicable form and the application is identical with the vehicle identification number shown on the motor vehicle. Vehicle identification number verification shall not be required for any new vehicle sold in this state by a licensed motor vehicle dealer, any mobile home, any trailer-type recreational vehicle, or any other trailer with a weight of less than 1 ton.

(4) The owner of any motor vehicle registered in the state shall notify the department, in writing, of any change of address within 20 days of such change. The notification shall include the vehicle identification number (VIN) or title certificate number, year of vehicle make, and the owner's name as described in subsection (1)(b).

(5)(a) Proof that personal injury protection benefits have been purchased when required under s. 627.733 shall be made by the applicant at the time of application for registration of any motor vehicle owned as defined in s. 627.732. The issuing agent shall refuse to issue registration if such proof of purchase is not made. Insurers shall furnish uniform proof of purchase cards in such form as prescribed by the Department of Highway Safety and Motor Vehicles, and such card, or an insurance policy, an insurance policy binder, a certificate of insurance, a notarized affidavit in substantially the following form:

I, (Name of Insured), do hereby certify that

I have (Personal Injury Protection or Liability)

Insurance currently in effect. (Signature of Insured)

or such proof as may be prescribed by the Department of Highway Safety and Motor Vehicles shall be accepted as such proof. When applications are made through a licensed motor vehicle dealer as required in s. 319.23, the original or a photostatic copy of such card, insurance policy, insurance policy binder, certificate of insurance, or the original notarized affidavit from the insured shall be forwarded by the dealer to the tax collector of the county or the Department of Highway Safety and Motor Vehicles for processing. By executing and notarizing aforesaid affidavit, no licensed motor vehicle dealer shall be liable in damages for any inadequacy, insufficiency, or falsification of any statement contained therein. Such cards shall also indicate the existence of any bodily injury liability insurance voluntarily purchased. The Department of Insurance shall require that such uniform cards as specified by the Department of Highway Safety and Motor Vehicles be furnished by insurers providing such benefits. Any person altering such card or duplicating or counterfeiting such card or making a false affidavit in order to furnish such false proof or to knowingly permit another person to furnish such false proof shall be guilty of a misdemeanor of the first degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(b) When an operator owning a motor vehicle or motor vehicles comes under the operation of the financial responsibility requirements of chapter 324, such operator shall provide proof of compliance with such financial responsibility requirements at the time of registration of any such motor vehicle, through the use of a uniform proof of purchase of insurance card specifying such coverage, an insurance policy, an insurance policy binder, a certificate of insurance, a notarized affidavit as provided in this

section, or by such other method of furnishing such proof as may be required by the Department of Highway Safety and Motor Vehicles. The issuing agent shall refuse to issue registration of a motor vehicle if such proof of purchase is not made. The Department of Insurance shall require that such uniform cards as specified by the Department of Highway Safety and Motor Vehicles be furnished by insurers writing motor vehicle liability insurance in this state. Any person altering such card or counterfeiting such card in order to furnish such false proof or to knowingly permit another person to furnish such false proof shall be guilty of a misdemeanor of the first degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(c) The verifying of proof of personal injury protection insurance or proof of financial responsibility insurance and the issuance or failure to issue the motor vehicle registration under the provisions of this chapter shall not be construed in any court as a warranty of the reliability or accuracy of the evidence of such proof. In verifying the proof of personal injury protection insurance or financial responsibility insurance under the provisions of this chapter, no tax collector shall be liable in damages for any inadequacy, insufficiency, falsification, or unauthorized modification of any item of the proof of personal injury protection insurance or financial responsibility insurance either prior to, during, or subsequent to the verification of the proof. The issuance of a motor vehicle registration shall not constitute prima facie evidence or a presumption of insurance coverage.

(6) Mopeds, as defined in s. 316.003(2), shall be subject, solely for the purposes of registration and the payment of license taxes, to those portions of this chapter which relate to registration and payment of license taxes of motor-driven cycles; however, any other provisions of law to the contrary notwithstanding, including, without limitation, any provisions relating to motor vehicle dealer licensing and bonding, titling, and vehicle inspection, registration and payment of license taxes of mopeds in accordance with these requirements and for the purposes stated herein shall in no way be construed as placing any requirements upon mopeds beyond registration and payment of license taxes.

**Note.**—The word "for" was substituted for "of" by the editors.  
cf.—s. 48.171 Service on nonresident motor vehicle owners, etc.

### **320.025 Confidential motor vehicle license; application for registration.—**

(1) Confidential motor vehicle licenses shall be issued only for motor vehicles of law enforcement agencies of the state, county, municipal, and federal governments. The requesting agency shall file a written application with the department on forms furnished by the department, which application shall include a statement that the license plate will be used for law enforcement activities requiring concealment of publicly leased or owned motor vehicles and a statement of the position classifications of the

individuals who are authorized to use the license plate.

(2) Except as provided in subsection (1), all motor vehicles owned and operated by the state shall at all times display a license number plate of the type prescribed in s. 320.07(2).

**History.**—s. 1, ch. 73-37.

### **320.03 License plates; duties of tax collectors.—**

(1) The tax collectors in the several counties of the state shall deliver license plates and mobile home stickers to applicants, subject to the requirements of law, in accordance with rules and regulations to be prescribed with reference thereto by the department.

(2) Each tax collector shall be required to give a good and sufficient surety bond, payable to the department, conditioned that he will faithfully and truly perform the duties imposed upon him according to the requirements of law and the rules and regulations of the department, and that he will well and truly pay over and account for all license plates, records and other property and money which may come into his possession or control by reason of such service. The amount of such bond shall be fixed by the department and shall be in proportion to the amount of accountability which is likely to arise in such capacity, the said amount to be fixed by the department.

(3) Each tax collector shall keep a full and complete record and account of all license plates, mobile home stickers, or other properties received by him from the department, or from any other source, and shall make prompt remittance of moneys collected by him at such times and in such manner as rules and regulations promulgated in that behalf may prescribe.

(4) Each tax collector or license tag agent who has on-line computer access to the department's data center or other reasonable access thereto shall, except where the department has issued a registration renewal notice, upon receipt of an application for the registration of any vehicle other than a mobile home, determine from the driver file of the applicant whether his driver's license has been canceled, suspended, or revoked and, if so, whether the applicant has surrendered his license to the department as required by s. 322.251. If the applicant has not surrendered his license in accordance with the provisions of said section, the tax collector shall refuse to register the vehicle until such time as the applicant surrenders his driver's license to the department.

**History.**—s. 2, ch. 7275, 1917; RGS 1007; s. 3, ch. 8410, 1921; s. 2, ch. 10182, 1925; CGL 1281; s. 1, ch. 15625, 1931; s. 1, ch. 16085, 1933; s. 6, ch. 65-190; ss. 24, 35, ch. 69-106; s. 2, ch. 78-37; s. 1, ch. 78-207.

### **320.031 Mailing of license plates, registration, and revalidation stickers.—**

(1) The department and the tax collectors of the several counties of the state may at the request of the applicant use United States mail service to deliver motor vehicle registrations and renewals thereof, license plates, mobile home stickers, and revalidation stickers to applicants.

(2) A mail service charge shall be collected for registrations, license plates, mobile home stickers,

and revalidation stickers mailed by the department or any tax collector. All registrations, license plates, mobile home stickers, and revalidation stickers shall be mailed by first-class mail unless otherwise requested by the purchaser. The amount of said mail service charge shall be the actual postage required, rounded to the nearest 5 cents, plus 25 cents handling charge. Said service charge shall be in addition to the service charge provided by s. 320.04 and shall be used and accounted for in accordance with law.

**History.**—ss. 1, 2, ch. 29956, 1955; s. 1, ch. 59-190; s. 6, ch. 65-190; ss. 24, 35, ch. 69-106; s. 5, ch. 75-66; s. 2, ch. 78-207.

#### **320.04 License plates; service charge.—**

(1) There shall be a service charge of \$1 for each application which is handled in connection with the issuance of any license plate, mobile home sticker, revalidation sticker, aircraft license, certificate of title, duplicate, transfer, or transfer or duplicate registration certificate, which service charge shall be collected from the applicant as compensation for all services rendered in connection with the handling of the application. Said fees shall be retained by the department or by the tax collector, as the case may be, as other fees accruing to the said offices.

(2) The same service fees herein provided for shall be collected by the department on all applications handled direct from its office, and the proceeds thereof, together with any fees returned to it by the tax collector shall be paid into the general revenue fund. No tax collector, deputy tax collector or employee of the state or any county shall charge, collect or receive any fee or compensation as notary public in connection with or incidental to the issuance of license tags or titles.

**History.**—s. 2, ch. 7275, 1917; RGS 1007; s. 3, ch. 8410, 1921; s. 2, ch. 10182, 1925; CGL 1281; s. 1, ch. 15625, 1931; ss. 1, 5, ch. 16085, 1933; ss. 1, 2, ch. 23149, 1945; s. 10, ch. 26484, 1951; s. 43, ch. 26869, 1951; s. 1, ch. 61-403; s. 1, ch. 63-143; s. 6, ch. 65-190; ss. 24, 35, ch. 69-106; s. 1, ch. 72-79; s. 1, ch. 74-338; s. 6, ch. 75-66; s. 3, ch. 78-207.

#### **320.05 Registration; open to inspection.—**

Upon receipt of an application for the registration of a motor vehicle, as herein provided for, the department shall file such application and register such motor vehicle with the name, residence, and business address of the owner, manufacturer, or dealer, as the case may be, together with the facts stated in such application, under the distinctive number assigned to such motor vehicle by the department, which record shall be open to the inspection of the public during business hours.

**History.**—s. 3, ch. 7275, 1917; RGS 1008; CGL 1282; s. 6, ch. 65-190; ss. 24, 35, ch. 69-106; s. 1, ch. 69-178; s. 5, ch. 77-357.

#### **320.06 Registration; validation stickers, license plates transferable; duplicate certificates; replacement plates; transfer fee.—**

(1) Upon the filing of such application, the department shall assign to such motor vehicle a registration license number consisting of letters and numerals or numerals and issue and deliver to the owner a certificate of registration and one registration license plate for each vehicle so registered.

(a) Registration license plates and certificates of registration shall be issued to, and remain in the name of, the owner of each vehicle registered and may be transferred by the owner from the vehicle for which the registration license plate was issued to

any vehicle which the owner may acquire within the same classification; or, subject to the procedures set forth in subsection (2), such plate may be surrendered to the department in exchange for a license plate of the appropriate classification, if the replacement vehicle is of a different classification. However, the registration license plate issued in 1974 for a period of 3 years shall be revalidated, upon application, for a period not to extend beyond December 1978. The aforesaid license plate shall be transferable from any class of motor vehicle taxed under the provisions of s. 320.08(2), (3)(a), (b), (c), and (9) to any other motor vehicle so classified and taxed under these provisions, regardless of weight, without the necessity of exchanging the original plate for one of the appropriate weight class, so long as the owner thereof makes application for and accomplishes the transfer with the department. At such time as the aforesaid license plate expires and the alphanumeric system of license plate is issued, no such transfer shall be permitted unless otherwise provided by law. Any other provisions of the law to the contrary shall not apply to these transfers, except that any violation incurred by not accomplishing the proper transfer with the department shall subject the owner of the license plate and the driver of the vehicle to which it is attached, severally, to the penalty for operating a motor vehicle without proper registration, as provided in s. 320.57.

(b) Registration license plates bearing a graphic symbol and the alphanumeric system of identification shall be issued for an indefinite period beginning July 1, 1977, only to owners of new or used motor vehicles who are not in possession of valid license plates and for the replacement license plates provided for in ss. 320.06(5)(a), 320.06(7), and 325.19. Beginning July 1, 1979, alphanumeric license plates shall be issued to every owner of a motor vehicle not possessing an alphanumeric license plate, according to the schedule provided in paragraph (c). Full implementation of the alphanumeric system shall be completed by June 30, 1980. With each license plate, a validation sticker reflecting the owner's birth month, or appropriate renewal period if a nonnatural person is the owner, and a serially numbered validation sticker reflecting the year of expiration shall be issued in accordance with the following schedule. Such license plate and validation sticker shall be issued, based on the applicant's appropriate renewal period. The registration period shall be for a period of not more than 12 months, except for those applicants desiring advance registration, in which cases the registration period shall not exceed 15 months, and all expirations shall occur, based on the applicant's appropriate registration renewal period. The sticker reflecting the owner's month of birth shall be placed on the upper left corner of the license plate and shall be issued one time during the life of the license plate, or upon request when it has been damaged or destroyed.

(c) Registration license plates equipped with validation stickers shall be valid for not more than 12 months and shall expire at midnight on the last day of the registration period. Upon expiration of the license plate, as stated above, a revalidation sticker shall be issued upon payment of the proper fee and

shall be valid for not less than 12 months. Whenever license plates equipped with validation stickers are issued in any month other than the owner's birth month or the designated registration period for any other motor vehicle, the effective date shall reflect the birth month or month and the year of renewal. However, in accordance with the provisions of s. 320.08, when a license plate, validation sticker, or revalidation sticker is issued for a period of less than 12 months, the applicant shall pay the applicable fee under the provisions of s. 320.14 in addition to all other fees and charges.

(d) Each mobile home shall be registered or reregistered during the month of January for a period of 12 months. All other motor vehicles required to be registered under the provisions of s. 320.02, including those motor vehicles registered to natural persons, which vehicles are taxed under the provisions of s. 320.08(3)(d), (4), (5)(a), (6)(b), or (13), shall be registered and reregistered during the month of June.

(2) Upon a sale, trade, transfer, or other disposition of a motor vehicle, the owner shall remove the registration license plate therefrom and either return it for a pro rata refund on the unused registration period, if the remaining portion exceeds \$3, or transfer it to a replacement motor vehicle. No registration license plate shall be temporarily or permanently attached to any new or used replacement or substitute vehicle without filing an application for transfer of such registration license plate and paying the transfer fee of \$4.50 to the department. However, the transfer fee shall not apply to those vehicles taxed under the provisions of s. 320.08(2)(b), (c), or (d) or s. 320.08(3)(a), (b), or (c).

(a) Registration license plates assigned to vehicles shall be transferable to any other vehicle within the same classification. If such license plate is not so transferable, the owner may surrender such license plate to the department in exchange for a license plate of the appropriate classification for use on the newly acquired vehicle.

(b) A surviving spouse of a registered owner of any motor vehicle may, upon presenting the death certificate, request a registration certificate and transfer of the registration license plate.

(c) It is unlawful for any person authorized to make an application for transfer of registration to fail to forward or cause to be forwarded to the department such application before transferring a registration license plate from any motor vehicle to any other vehicle owned by the same person. Any person violating the provisions of this section shall be subject to the penalties provided in s. 320.57.

(d) If a new or used replacement motor vehicle is classified in s. 320.08, other than those classified under s. 320.08(2)(b), (c), or (d) or s. 320.08(3)(a), (b), or (c), as requiring the same registration license tax as the original vehicle to be replaced, no additional tax other than the transfer fee of \$4.50, accompanied by an application for transfer on a form supplied by the department, shall be required to transfer or exchange a registration license plate to a replacement vehicle for the duration of a current registration period and to issue a new certificate of registration.

(e) If the new or used replacement motor vehicle

is within a classification, other than those classified under s. 320.08(2)(b), (c), or (d) or s. 320.08(3)(a), (b), or (c), requiring a greater registration tax than that of the original vehicle to be replaced, then the original license plate shall be surrendered in exchange for a plate within the appropriate classification, and an amount representing the pro rata difference in the tax required shall be paid for the remaining months of the registration period. Such payment shall be in addition to the transfer fee as authorized in this section. The minimum charge for issuance of license plates provided in s. 320.14 shall not apply to exchange of license plates under this section.

(f) If the new or used replacement motor vehicle is within a classification, other than those classified under s. 320.08(2)(b), (c), or (d) or s. 320.08(3)(a), (b), or (c), requiring a lesser registration tax than the original vehicle to be replaced, then an amount representing the pro rata difference, less a transfer fee of \$4.50, shall be refunded only if the remaining portion exceeds \$3.

(g) Upon a sale, trade, transfer, or other disposition of a mobile home, the owner shall remove the sticker therefrom and may exchange it for another sticker to be applied to a replacement mobile home. Such exchange shall be without cost to the owner. No credit shall be given toward the purchase of a license plate for any other type vehicle. The department shall insure that adequate internal control is maintained in the receipt of mobile home stickers that have been removed for exchange or refund.

(h) The transfer of a license plate from a vehicle disposed of to a newly acquired vehicle shall not constitute a new registration. The application for transfer shall be made without the necessity of requiring proof of personal injury protection or liability insurance.

(3) The registration certificate, or an official copy thereof, or a true copy of a rental or lease agreement issued for a motor vehicle or issued for a replacement vehicle in the same registration period, shall, at all times while the vehicle is being used or operated upon the highways or streets of Florida, be in the possession of the operator thereof or be carried in the vehicle for which issued and shall be exhibited upon demand of any authorized law enforcement officer or any agent of the department. The provisions of this subsection shall not apply during the first 10-day period after purchase of a replacement vehicle. No person charged with violating this subsection shall be convicted or fined if, prior to or at the time of his court or hearing appearance, the operator produces in court or to the clerk of the court in which the charge is pending a copy of such registration certificate valid at the time of his or her arrest. The clerk of the court is authorized to dismiss such cases at any time prior to the defendant's appearance in court.

(4)(a) Registration license plates shall be of metal specially treated with a retroreflective material, as specified by the department. Such registration license plate is designed to increase nighttime visibility and legibility and shall be at least 6 inches wide and not less than 12 inches in length. Validation stickers shall be treated with a retroreflective material, shall be of such size as specified by the depart-

ment, and shall adhere to the license plate. The registration license plate shall be imprinted with combinations of bold letters and numerals or numerals, not to exceed six digits, to identify the registration license plate number. The license plate shall also be imprinted with the word "Florida" at the top and the name of the county in which it is sold at the bottom.

(b) The department shall provide the several county tax collectors and tag agents the necessary number of validation stickers to be attached to the license plates.

(c) Registration stickers for mobile homes shall be 2 inches by 2½ inches in size, specially colored, serially numbered, and issued annually.

(5)(a) Revalidation stickers shall be issued in lieu of metal registration license plates for each registration period following the registration period in which the metal registration license plate is issued. Owners of motor vehicles submitting the required tax and fees and requesting registration license plates for motor vehicles not previously registered when metal registration plates were issued shall be issued a registration license plate and current validation stickers.

(b) For each registration period after the one in which the alphanumeric metal license plate is issued, and until the metal plate is required to be replaced, revalidation stickers shall be issued. Each year at the time of motor vehicle inspection, the metal plate shall be inspected for proper display, damage, legibility, and retroreflectivity. The inspector or any law enforcement officer may require the plate to be replaced. Such license plate shall be replaced at no charge upon application and presentation at the tax collector or tag agency office of the motor vehicle inspection form or a law enforcement citation requiring the replacement. Upon receipt of the replacement tag bearing proper validation stickers, the old tag shall be turned in to the tax collector or tag agency office, and such agent shall send it to the department to be destroyed. The department is hereby authorized, only after giving 6 months' public notice and no more frequently than at 8-year intervals, if found to be necessary, to require every owner of a motor vehicle registered in the state to reregister during the appropriate renewal period and be issued a metal license plate with a validation sticker and birth month sticker attached thereto. Authority provided herein for mass reissuance of metal license plates to all registered vehicles shall be used only if it is found to be essential to public safety.

(6) An additional sum of 50 cents shall be added and collected on each motor vehicle license plate and revalidation sticker sold in this state, whether individually or as a single unit, in order that all Florida license plates shall be fully treated with retroreflective material.

(7) Any owner of a registered motor vehicle, upon filing in the office of the department an application accompanied by a fee of \$2, may obtain:

(a) A replacement registration license plate, upon surrender of the old plate for cancellation.

(b) A replacement registration license plate with current applicable validation stickers attached, plus a certificate of registration, upon surrender of the old license plate and validation stickers required to

be attached for the current validation period, plus the certificate of registration or official copy thereof.

(8) In order to enable the Department of Corrections to manufacture the plates authorized herein, the Department of Highway Safety and Motor Vehicles is hereby authorized to prepay to the Department of Corrections the amount required to purchase the materials needed for the manufacture of reflectorized license plates. The amount prepaid shall not exceed the amount of the appropriation made to the Department of Highway Safety and Motor Vehicles, but shall be sufficient to enable the Department of Corrections to meet the responsibilities required by the Legislature through enactment of this legislation.

**320.0611 Lost, stolen or damaged plates or stickers.**—

(1) In the event any registration plate or revalidation sticker is lost, stolen, defaced, or destroyed, the owner of the vehicle for which the same was issued shall make application to the department for a replacement registration plate or revalidation sticker. However, if a registration plate sought to be replaced has been lost or stolen the owner thereof shall, prior to making application for replacement, notify the police department or the sheriff's office of the city or county in which he lives of such fact and recite the same in his application.

(2) Upon the filing of any such application, accompanied by a fee of \$2, the department shall issue a replacement registration plate or a revalidation sticker, as the case may be, if it is satisfied that the information reported in the application is true.

(3) Any damaged or defaced registration plate or revalidation sticker replaced pursuant to this section shall be surrendered to the department upon the issuance of the replacement.

**320.062 Safety glass prerequisite to registration; penalty.**—

(1) On and after January 1, 1954, no school bus, passenger bus, taxicab, private passenger car, or other passenger motor vehicle, sold as a new motor vehicle on or after that date shall be registered in this state unless it is equipped with safety glass of a type approved by the department with respect to glass used in partitions, doors, windows, and windshields.

No truck or truck tractor sold as a new motor vehicle after said date shall be registered unless it is equipped with safety glass approved by the said department in all doors, windows, and windshields of the driver's compartment. The windscreen as required for electric powered vehicles with a rating of 3 to 6 horsepower shall not be required to have a front windshield equipped with safety glass as a prerequisite to registration.

(2) The term "safety glass" shall mean any product composed of glass, so manufactured, fabricated or treated as substantially to prevent shattering and flying of the glass when struck or broken or such other or similar product as may be approved by the said department.

(3) The department shall publish a list of types of glass by name approved by it as meeting the requirements of this section and the department shall not register after January 1, 1954, any new motor vehicle unless it is equipped with an approved type of safety glass and it shall thereafter suspend the registration of any motor vehicle subject to the provisions of this section which it finds to be not so equipped, said suspension of registration to remain in effect until the motor vehicle is made to conform to the requirements of this section.

(4) It shall be a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083, for any person to replace any glass or glazing material used in partitions, doors, windows or windshields in any motor vehicle with any material other than safety glass of a type approved by the department, except that with respect to trucks this section shall be applicable only to glass used in doors, windows and windshields of the driver's compartments.

#### **320.065 Registration of certain rental trailers.—**

(1) Notwithstanding any of the provisions of this chapter, special indefinite registration license plates and special indefinite vehicle registration certificates shall be issued to the owner of 500 or more trailers for hire who submits an application meeting the following requirements:

(a) The application shall certify the average number of trailers operated within or through the state for the 12 months immediately preceding the year for which the application is made. If the number of trailers taxed in subsequent years decreases, the applicant shall surrender to the department a number of license plates equal to such decrease. If the number of trailers taxed in subsequent years increases, the applicant shall, in addition to the registration tax and fees levied, pay an amount to the department equal to the cost of manufacture of such additional special license plates.

(b) Proper bond, in a form and amount to be approved by the department, shall be posted by the applicant, guaranteeing the payment of the registration license tax and fees for each succeeding year.

(2) Payment of registration license tax and fees shall be made annually commencing June 1, 1978, and be evidenced only by the issuance of a single

receipt by the department. No annual validation sticker is required.

(3) The special license plates issued hereunder shall conform in all respects to the provisions of this chapter, except that no county name shall be imprinted.

(4) The department is authorized to adopt rules to effectuate the purposes of this section.

**History.**—s. 1, ch. 76-152; s. 1, ch. 77-174; s. 8, ch. 77-357.

#### **320.07 Registration renewed annually.—**

(1) Registration shall be renewed annually during the applicable renewal period, upon payment of the applicable fee as provided in s. 320.08. Preregistration shall be allowed upon application and payment of the applicable fees. However, persons owning motor vehicles licensed under s. 320.08(4), (6)(b), and (13) may register semiannually the motor vehicles used by them in their businesses, and no registration or license fee shall be required to be paid during such semiannual period, as the same may not be registered and in use, if the annual registration rate for the aforesaid motor vehicles is in excess of \$100, fee not included. All other motor vehicles not covered herein shall be required to be registered, and such registration shall be renewed annually in accordance with a schedule to be promulgated by the department.

(2)(a) The registration of vehicles owned or exclusively operated by this state or any county, municipality, or other governmental agency shall not be renewed annually, but permanent license number plates of a distinctive coloring shall be issued for such vehicles. All such license number plates shall be of the same distinctive coloring which shall differ from that used on plates issued as provided in s. 320.06. Such permanent plates shall be displayed as required by 's. 320.35, and shall be removed upon the sale of the vehicle or when it becomes no longer eligible for a tax-exempt plate, and may be replaced when lost, mutilated, or destroyed, as provided in s. 320.06 and s. 320.0611. The use of any such plate on any vehicle other than those owned or exclusively operated by a state, county, municipal, or other governmental agency is hereby expressly prohibited, except as approved by the department.

(b) The registration of vehicles owned and exclusively operated by a volunteer fire department shall not be renewed annually, but permanent license number plates of a distinctive coloring shall be issued for such vehicles. All such license number plates shall be of the same distinctive coloring, which shall differ from that used on plates issued as provided in s. 320.06. Such permanent plates shall be displayed as required by 's. 320.35 and shall be removed upon the sale of the vehicle or when such vehicle is no longer eligible for a tax-exempt plate. Such plates may be replaced when lost, mutilated, or destroyed, as provided in ss. 320.06 and 320.0611. The use of any such plate on any vehicle other than those owned and exclusively operated by a volunteer fire department is hereby expressly prohibited, except as approved by the department.

(3) The registration of a vehicle shall expire at midnight on the last day of the registration period, and the vehicle shall not thereafter be operated upon the highways of this state, except during the

appropriate renewal period, until it has been reregistered according to law. The operation of any motor vehicle without having attached thereto a registration license plate and validation stickers for the current registration period shall subject the operator thereof to the penalty provided in s. 318.18.

**Note.**—Section 320.35 was repealed by s. 2, ch. 79-97, effective October 1, 1979.

### 320.071 Advance registration renewal; procedures.—

(1) The owner of any motor vehicle currently registered in this state may file an application for renewal of registration with the department, or its authorized agent in the county wherein the owner resides, any time during the 3 months preceding the expiration of the registration period.

(2) Upon the filing of the application and payment of a service charge of \$1, together with the fee and registration tax as provided for in the original registration, the department or its agent shall issue to the owner of such motor vehicle a revalidation sticker which, when affixed to the license plate, shall revalidate the plate for the appropriate registration period.

(3) The department is empowered to prescribe and enforce rules and regulations for the administration of this section.

(4) Any person who shall use a revalidation sticker without lawful authority or who shall willfully violate any rule or regulation prescribed by the department pursuant to this section shall be guilty of a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083.

**History.**—s. 1, ch. 70-6; s. 1, ch. 70-439; s. 194, ch. 71-136; s. 10, ch. 77-357.

**320.08 License taxes.**—Except as otherwise provided herein, there are hereby levied and imposed annual license taxes for the operation of motor vehicles and mobile homes, as defined in s. 320.01, and mopeds, as defined in s. 316.003(2), which shall be paid to and collected by the department upon the registration or reregistration of the following:

#### (1) MOTORCYCLES.—

(a) All motorcycles: \$10 flat.

(b) All motor-driven cycles which are certified by the manufacturer not to exceed 5 brake horsepower: \$10 flat.

(c) All mopeds as defined in s. 316.003(2): \$5 flat; however, annual reregistration shall not be required.

#### (2) AUTOMOBILES FOR PRIVATE USE.—

(a) Antique automobiles: \$7.50 flat. An "antique automobile" is defined as any passenger automobile manufactured more than 20 years prior to the current date and equipped with an engine manufactured more than 20 years prior to the current date or an engine manufactured to the specifications of the original engine.

(b) Net weight of less than 2,500 pounds: \$12.50 flat.

(c) Net weight of 2,500 pounds or more, but less than 3,500 pounds: \$20.50 flat.

(d) Net weight of 3,500 pounds or more: \$30.50 flat.

#### (3) TRUCKS.—

(a) Net weight of less than 2,000 pounds: \$12.50 flat.

(b) Net weight of 2,000 pounds or more, but not more than 3,000 pounds: \$20.50 flat.

(c) Net weight more than 3,000 pounds, but not more than 5,000 pounds: \$30.50 flat.

(d) Net weight more than 5,000 pounds: \$10 flat plus \$1.10 per cwt.

(e) Trucks used in citrus groves, known as "goats," and any other vehicles when used in the field by farmers or in the woods for the purpose of harvesting a crop, including naval stores, during such harvesting operations, and which shall not be operated principally upon the highways of the state: \$7.50 flat. A "goat" is defined as being a motor vehicle designed, constructed, and used principally for the transportation of citrus fruit within citrus groves.

(f) Antique trucks: \$7.50 flat. An "antique truck" is defined as any truck with a net weight of not more than 3,000 pounds manufactured more than 20 years prior to the current date and equipped with an engine manufactured more than 20 years prior to the current date or an engine manufactured to the specifications of the original engine.

#### (4) TRUCK-TRACTORS, FEES ACCORDING TO GROSS VEHICLE WEIGHT.—

(a) Gross weight less than 35,000 pounds: \$240 flat.

(b) Gross weight of 35,000 pounds or more, but less than 44,000 pounds: \$300 flat.

(c) Gross weight of 44,000 pounds or more, but less than 53,000 pounds: \$360 flat.

(d) Gross weight of 53,000 pounds or more, but less than 62,000 pounds: \$420 flat.

(e) Gross weight of 62,000 pounds or more: \$460 flat.

However, a truck-tractor used exclusively for hauling forestry products shall, notwithstanding the GVW declared weights, be eligible for a license plate and operation within a 150-mile radius of its home address with the rate of \$240 flat.

(f) License plates issued under s. 320.08(4), (6)(b), and (13) may be issued for semiannual periods, and no registration or license fee shall be required to be paid for a semiannual period during which a vehicle is not registered and is not used. During the first 3 months of semiannual registration period beginning June 1, the semiannual fee shall be \$2.50 more than one-half of the respective annual amount set forth in this section. The fee for registration during the fourth month or thereafter of the said semiannual period shall be at the rate of one-sixth of the semiannual amount for the month of registration and one-sixth of the semiannual amount for each month of the said semiannual registration period succeeding the month of such registration. The fee for registration during the first month of a semiannual registration period beginning December 1 shall be one-half of the respective annual amount set forth in this section. The fee for registration during the second month thereafter of the said semiannual period shall

be at the rate of one-sixth the semiannual amount for the month of registration and one-sixth of the semiannual amount for each succeeding month of registration. However, any such vehicle not registered in this state during the last semiannual period or subject to such registration may be registered in any month of the semiannual registration period beginning June 1 at the rate of one-sixth the semiannual amount for the month of registration and one-sixth of the semiannual amount for each month of the said semiannual period succeeding the month of registration. The provisions of s. 320.14 shall not apply to such vehicles.

(g) The owner of a truck-tractor and semitrailer combination found to be loaded with more weight than declared shall be required to pay the difference between actual tag fees paid and the required tag fee for the proper GVW plus a civil penalty of \$50.

**(5) SEMITRAILERS, FEES ACCORDING TO GROSS VEHICLE WEIGHT.—**

(a) Semitrailers drawn by GVW truck-tractors by means of a fifth-wheel arrangement, regardless of weight: \$10 flat per registration year or any part thereof. There shall be no reduction for half-year or quarter-year licenses for trailers in this special class. The minimum charge law for issuing license tags shall be inapplicable to the aforesaid special class.

(b) Motor vehicles, trailers, and semitrailers equipped with machinery and designed for an exclusive use in the nature of well drilling, excavation, construction, spraying, and like purposes: \$32.50 flat.

(c) School buses used exclusively for the purpose of transporting pupils to and from school or church activities or functions within their own counties: \$30 flat. The operators of any motor vehicle used exclusively for the transportation of pupils to and from school or church activities or functions shall not be charged any sum greater than that paid by the operators or owners of ambulances, hearses, or automobile wreckers owned and operated by a garage in connection with its regular business.

(d) Motor vehicles operated solely as wreckers, owned and operated by a garage in connection with its regular business: \$30 flat.

(e) Hearses or ambulances: \$30 flat.

**320.0803 Moped tags.—**

(1) Beginning on January 1, 1979, the Department of Highway Safety and Motor Vehicles shall issue a moped tag to each owner of a moped as defined in s. 316.003(2).

(2) Each request for a moped tag shall be submitted to the department on an application form supplied by the department, accompanied by the license tax required in s. 320.08.

(3) The moped tag shall be 4 inches wide by 7 inches long and shall have the word "MOPED" in large letters.

(4) Moped tags shall be of the same material as standard license plates issued by the state for any registration year; however, the word "Florida" shall

be stamped across the top of the plate in small letters.

(5) The department shall make all rules necessary to carry out the provisions of this section.

History.—s. 4, ch. 78-353.

**320.0805 Personalized prestige license plates.—**

(1) The department shall issue personalized prestige license plates to owners of automobiles for private use, trucks weighing not more than 5,000 pounds, recreational vehicles as specified in s. 320.08(9)(c) or (d), or motorcycles, which vehicles are not used for hire or commercial use, upon requests received from such owners who submit applications and fees.

(2) Each request for specific numbers or letters or combinations thereof shall be submitted annually to the department on an application form supplied by the department, accompanied by the following tax and fees:

(a) The license tax required for such vehicle, as set forth in s. 320.08(1), (2), (3)(a)-(c), or (9)(c) or (d);

(b) A special fee of 50 cents to provide for reflection of the prestige license plate and validation stickers;

(c) A prestige plate annual use fee of \$10; and

(d) A processing fee of \$2.

Applications and fees shall be received by the department no later than 60 days prior to the first day of the applicant's registration period.

(3) The department shall review each application requesting a personalized prestige license plate and, if requested numerals or letters or combinations thereof have not been previously assigned or issued to any other applicant, and if all the required fees have been submitted, the department shall issue and deliver such requested numbered or lettered personalized prestige license plate to the applicant.

(4) The department is authorized to reject requests for specific letters or numerals or combinations thereof deemed by it to be objectionable, and the department is further authorized to recall, during a registration year, any issued personalized license plate containing letters, numerals, or combinations thereof discovered, after issuance to an applicant, to be obscene or otherwise objectionable.

(5) Any application rejected by the department shall be returned to the applicant, in addition to the fees submitted, within 15 days after the receipt of the application. If any personalized license plate is recalled within a current registration period, the department shall refund the prestige plate use fee of \$10, the special fee of 50 cents, and the portion of the license tax, computed on a monthly basis, for the unused balance of the remaining months of the registration period.

(6) A personalized prestige license plate shall be issued for the exclusive continuing use of the applicant. An exact duplication of letters or numbers or combinations thereof shall not be issued to any other individual during the same registration period. An exact duplicate shall not be issued for any succeeding year unless the previous owner of a specific numbered or lettered plate relinquishes said combination by failure to apply for renewal or reissuance for

three consecutive annual registration periods following the original year of issuance.

(7) If a vehicle owner who has been issued a personalized prestige license plate acquires a new or used replacement vehicle within a registration period, the department shall authorize a transfer of a prestige license plate to the replacement vehicle upon receipt of a request for transfer plus payment of a transfer fee of \$4.50. When the replacement vehicle is of a classification requiring a greater registration tax than the vehicle previously owned for which the prestige plate was issued, the pro rata difference in the license tax required shall be paid for the remaining portion of the registration period. When the replacement vehicle is of a classification requiring a lesser registration tax than the vehicle previously owned for which the prestige plate was issued, a pro rata difference shall be refunded, provided that the difference exceeds \$3. There shall be no refund of the annual use or processing fee. No transfer fee or refund shall apply to those vehicles taxed under the provisions of s. 320.08(2)(b), (c), or (d), or s. 320.08(3)(a), (b), or (c).

(8)(a) Personalized prestige license plates shall consist of three types of plates as follows:

1. A plate imprinted with numerals only. Such plates shall consist of numerals from 1 to 999, inclusive.

2. A plate imprinted with capital letters only. Such plates shall consist of capital letters "A" through "Z" and shall be limited to a total of seven of the same or different capital letters. A hyphen may be added in addition to the seven letters.

3. A plate imprinted with both capital letters and numerals. Such plates shall consist of no more than a total of seven characters, including both numerals and capital letters, in any combination, except those plates issued to, and bearing the names of, organizations, in which case the letters and numerals shall be of such size, if necessary, as to accommodate a maximum of 18 digits for automobiles, trucks, and recreational vehicles, and 7 digits for motorcycles. A hyphen may be added in addition to the seven characters if desired or needed. However, plates consisting of the four capital letters "PRES" preceded or followed by a hyphen and numerals of 1 to 999 shall be reserved for issuance only to applicants who qualify as members of the press and who are associated with, or are employees of, the reporting media.

(b) Personalized prestige plates shall be of the same material, size, and distinctive color as standard license plates issued by the state for any registration period; however, the imprinting of personalized prestige license plates shall be limited solely to the following:

1. The letters or numerals or combination of both requested by the applicant shall be stamped in large bold letters and numerals across the center of the plate.

2. The word "Florida" shall be stamped across the bottom of the plate in small letters.

(9)(a) Upon application under this section by any member of Congress, the department is authorized to issue to such Congressman an automobile license plate stamped "MC," these letters to be followed by the number of the appropriate congressional dis-

trict. When the applicant is a United States Senator, the department is authorized to issue a license plate stamped "USS," followed by the numeral II in the case of a junior senator.

(b) Upon application under this section by any member of the state House of Representatives, the department is authorized to issue such state representative two automobile license plates stamped in bold letters "State Legislator," followed by the number of the appropriate House district on one plate, the other plate number to be that assigned by the department. When the applicant is a State Senator, the department is authorized to issue two license plates stamped in bold letters "State Senator," followed by the number of the appropriate Senate district on one plate, the other plate number to be that assigned by the department.

(c) License plates purchased under paragraphs (a) or (b) shall be replaced by the department at no cost, other than the fees required by ss. 320.04 and 320.06(6), when the person to whom such plates have been issued leaves the elective office with respect to which such license plates were issued. Within 30 days after leaving office, the person to whom such license plates have been issued shall make application to the department for a replacement license plate. Such person may return the prestige license plates to the department or may retain such plates as souvenirs. Upon receipt of the replacement license plate, such person shall not continue to display on any vehicle the prestige license plate or plates issued with respect to his former office.

(d) Any person who does not make application for a replacement license plate as required by paragraph (c), or who, after receipt of the replacement license plate, continues to display on any vehicle the prestige license plate or plates issued with respect to his former office, is guilty of a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083.

(10) This section is supplementary to the motor vehicle registration laws of Florida, and nothing contained herein shall be construed as abridging or invalidating such laws.

#### **§320.0806 Handicapped persons; license plates.—**

(1) Beginning with the October 1, 1974 motor vehicle license plate registration year, and annually thereafter, the Department of Highway Safety and Motor Vehicles shall, upon application, issue license plates to persons eligible to receive a certificate under the provisions of s. 316.1964, which shall bear the letters "HP."

(2) Each request for an "HP" license plate shall be submitted annually to the department on an application form supplied by the department, accompanied by the license tax required for private use automobiles, trucks weighing not more than 5,000 pounds, and recreational vehicles as specified in s. 320.08(9)(c) or (d), which are not used for hire or commercial use.

(3) No county, city or town, or any agency thereof, shall exact any fee for parking on the public streets or highways or in any metered parking space

from any person who is issued an "HP" license plate and who is licensed to operate a motor vehicle in this state.

(4) No penalty shall be imposed upon any person who is issued an "HP" license plate for parking on the streets or highways or in a metered space for a longer period of time than other persons are permitted to park on such streets or highways or in such metered space. However, persons not so disabled using a vehicle with an "HP" license plate for their own use shall not have the privileges of this section.

(5) The department shall make all rules and regulations necessary to carry out the provisions of this section.

**History.**—s. 1, ch. 74-202; s. 1, ch. 77-68; s. 15, ch. 77-357; s. 8, ch. 79-82; s. 127, ch. 79-400.

**Note.**—Repealed by s. 8, ch. 79-82, effective January 1, 1980.

#### **§320.081 Collection and distribution of fees imposed pursuant to s. 320.08(9) and (10).—**

(1) The annual license fees prescribed in s. 320.08(9) and (10) shall be in lieu of ad valorem taxes, and a suitable RV license plate or mobile home sticker shall be issued to evidence payment thereof. It shall be permissible in this state to operate a mobile home, licensed hereunder, without a corresponding state license on the vehicle towing same.

(2) The owner or operator of a mobile home shall make application for such license in the manner provided in s. 320.02, and the tax collectors in the several counties of the state shall collect the license taxes imposed by s. 320.08(9) and (10) in the same manner and under the same conditions and requirements as provided in s. 320.03.

(3) Each tax collector shall make prompt remittance of all moneys collected by him to the department at such times and in such manner as the rules and regulations promulgated by the department may prescribe. Upon the receipt of the license taxes collected on mobile homes from the tax collectors of the several counties, the department shall pay the sum of \$1.50 on each such license issued into the State Treasury for deposit in the general revenue fund for the use of the state, and the balance remaining shall be paid into a trust fund in the state treasury designated "License Tax Collection Trust Fund," and the moneys deposited in said trust fund shall be paid to the respective counties and cities wherein such mobile homes are located, regardless of where the mobile home license taxes are collected, in the manner hereinafter provided.

(4) The department shall keep records showing the total number of mobile home licenses issued, the total amount of license taxes collected, and the county or city wherein each such mobile home is located and shall from month to month certify to the Comptroller the amount derived from mobile home license taxes in each county and each city within the county, and such amount, less the amount of \$1.50 collected on each license, shall be paid to the counties and cities within the counties wherein the mobile homes are located as follows: one-half to the district school board and the remainder either to the board of county commissioners, for the mobile homes which are located within the unincorporated areas of the county, or to any city within such county, for the mobile homes which are located within its corporate limits.

Payment shall be by warrant drawn by the Comptroller upon the treasury, which amount is hereby appropriated monthly out of the License Tax Collection Trust Fund.

**History.**—ss. 1-3, ch. 23969, 1947; s. 2, ch. 63-528; s. 6, ch. 65-190; s. 2, ch. 65-446; ss. 24, 35, ch. 69-106; s. 1, ch. 69-300; s. 4, ch. 72-339; s. 17, ch. 72-360; ss. 1, 2, ch. 73-342; s. 93, ch. 77-104; s. 12, ch. 77-357; s. 5, ch. 78-207.

**320.0815 Mobile home and recreational vehicle required to have appropriate plate or sticker issued.—**

(1) Recreational vehicles licensed under s. 320.08(9) shall be issued appropriate plates, in the manner and at the fees therein prescribed. Each license plate shall be securely attached to the rear of the recreational vehicle for which issued and shall be conspicuously displayed in a horizontal position, with the front of the license plate out and the top up when the recreational vehicle is being moved over the highway.

(2) Mobile homes or recreational vehicles which are permanently affixed to the land shall be issued mobile home stickers at the fees prescribed in s. 320.08(10) unless the mobile home or recreational vehicle is qualified and taxed as real property, in which case the mobile home or recreational vehicle shall be issued an "RP" series sticker. Series "RP" stickers shall be provided by the department to the tax collector and issued by the tax collector to the registered owners of such mobile homes or recreational vehicles upon the production of a certificate of the respective property appraiser that such mobile home or recreational vehicle is included in an assessment of the property of such registered owner for ad valorem taxation. The stickers shall be issued by the tax collector for an aggregate fee of \$1.50 each, to be distributed as follows: \$1 shall be retained by the tax collector as a service charge; 25 cents shall be remitted to the property appraiser; and 25 cents shall be remitted to the department to defray the cost of manufacture and handling. Mobile home stickers and "RP" series stickers shall be affixed to the lower left corner of the window closest to the street or road providing access to such residence.

**History.**—s. 3, ch. 70-391; s. 5, ch. 72-339; s. 1, ch. 77-102; s. 94, ch. 77-104; s. 13, ch. 77-357; s. 6, ch. 78-207.

**320.083 Amateur radio operators; special tags; fee.—**

(1) An owner of an automobile for private use, a truck weighing not more than 5,000 pounds, or a recreational vehicle as specified in s. 320.08(9)(c) or (d), which is not used for hire or commercial use, who is a resident of the state, and who holds an unrevoked and unexpired official amateur radio station license issued by the Federal Communications Commission, upon application, accompanied by proof of ownership of such amateur radio station license, complying with the state laws relating to registration and licensing of motor vehicles shall, upon the payment of the regular license fee for tags, as prescribed under s. 320.08(2), (3)(a), (b), or (c), or (9), and the payment of an additional fee of \$5, be issued a license plate, as prescribed by s. 320.06, upon which, in lieu of the numbers as prescribed by said s. 320.06, shall be inscribed the official amateur radio call letters of such applicant, as assigned by the Federal Communications Commission, including as a prefix,

when applicable, those call letters assigned by the armed services of the United States of America, not to exceed 8 characters.

(2) The department shall make such rules as necessary to ascertain compliance with all state license laws relating to use and operation of such private use vehicles before issuing these tags in lieu of the regular Florida license plate, and all applications for such tags shall be made to the department.

(3) The department shall, on or before January 1 of each year, furnish to the sheriff of each county in the state an alphabetically arranged list of the names, addresses and license tag letters of each person to whom a license tag is issued under the provisions of this section, and it shall be the duty of the sheriffs of the state to maintain and to keep current such lists for public information and inquiry.

(4) An owner of an automobile for private use, a truck weighing not more than 5,000 pounds, or a recreational vehicle as specified in s. 320.08(9)(c) or (d), which is not used for hire or commercial use, who is a resident of the state and who holds an unrevoked and unexpired official citizens' band radio station license issued by the Federal Communications Commission, upon application, accompanied by proof of ownership of such radio station license and of compliance with the state laws relating to registration and licensing of motor vehicles shall, upon the payment of the regular license fee for tags, as prescribed under s. 320.08, and an additional fee of \$5, be issued a license plate, as prescribed by s. 320.06, upon which plate, in lieu of the numbers as prescribed by said s. 320.06, shall be inscribed the official citizens' band radio call letters of such applicant, as assigned by the Federal Communications Commission.

(5) This section is supplemental to the motor vehicle licensing laws of Florida and nothing herein shall be construed as abridging or amending such laws.

**History.**—ss. 1-4, ch. 25049, 1949; s. 6, ch. 65-190; ss. 24, 35, ch. 69-106; s. 1, ch. 72-379; s. 2, ch. 77-68; s. 14, ch. 77-357.

**320.084 Free motor vehicle license plate to certain disabled veterans.—**

(1) One free motor vehicle license number plate shall be issued by the department for use on any motor vehicle owned by any disabled veteran who has been a resident of Florida continuously for the preceding 5 years or has established a domicile in this state as provided by s. 222.17(1), (2), or (3), and who has been honorably discharged from the armed forces, upon application, accompanied by proof that:

(a) Said vehicle was acquired through financial assistance by the Veterans' Administration of the Federal Government specifically for the purchase of an automobile.

(b) The applicant has been determined by the Veterans' Administration of the Federal Government to have a service-connected 100 percent disability rating for compensation.

(c) The applicant has been determined to have a service-connected disability rating of 100 percent and is in receipt of disability retirement pay from any branch of the uniformed armed services.

(2) Beginning July 1, 1980, and at 8-year intervals thereafter, the department shall require each person to whom a motor vehicle license plate has

been issued pursuant to subsection (1) to apply to the department for renewal of his registration. Upon receipt of such renewal application and validation of the applicant's continued eligibility, the department shall issue a new permanent "DV" numerical motor vehicle license plate which shall be of the colors red, white, and blue similar to the colors of the United States flag. The operation of a motor vehicle displaying an old "DV" license plate or a noncurrent validation sticker after October 1, 1980, and after each 8-year interval thereafter, shall subject the operator to the penalty provided in s. 318.18(2). Such permanent license plate shall be removed upon sale of the vehicle, but may be transferred to another vehicle owned by such veteran in accordance with necessary rules made by the department. The license number of all plates issued under this section shall be identified by the letter designation "DV." Upon request of any such veteran, the department is authorized to issue a designation plate containing only the letters "DV," to be displayed on the front of the vehicle.

(3)(a) With each issuance of a new permanent "DV" numerical motor vehicle license plate, the department shall initially issue, without cost to the applicant, a validation sticker reflecting the owner's birth month and a serially numbered validation sticker reflecting the year of expiration. The initial sticker reflecting the year of expiration shall not exceed 15 months. Validation stickers shall be treated with a retroreflective material, shall be of such size as specified by the department, and shall adhere to the license plate.

(b) The sticker reflecting the owner's month of birth shall be placed on the upper left corner of the license plate and shall be issued one time during the life of the license plate, or upon request when it has been damaged or destroyed. The sticker reflecting the year of expiration shall be placed on the upper right corner of the license plate and shall be revalidated annually by the department for a period not to exceed 12 months based on the birth month of the applicant. There shall be a service charge in accordance with the provisions of s. 320.04 for each application or revalidation sticker and an additional sum of 50 cents on each license plate and revalidation sticker as provided in s. 320.06(6).

(c) The annual revalidation of the sticker reflecting the year of expiration shall be on forms prescribed by the department, which shall include, in addition to any other information required by the department, a certified statement as to the continued eligibility of the applicant to receive a revalidation sticker. Any applicant who falsely or fraudulently submits to the department the certified statement required by this paragraph is guilty of a non-criminal violation and shall be punished by a fine of \$50.

(4) The department shall make such rules as are necessary to carry out the provisions of this section.

**History.**—s. 1, ch. 26839, 1951; s. 7, ch. 28186, 1953; s. 3, ch. 57-266; s. 1, ch. 59-104; s. 1, ch. 63-277; s. 6, ch. 65-190; ss. 1, 2, ch. 67-47; s. 1, ch. 67-420; ss. 24, 35, ch. 69-106; s. 1, ch. 69-269; s. 92, ch. 71-355; s. 3, ch. 77-68; s. 16, ch. 77-357; s. 1, ch. 79-208.

#### **320.0841 Free motor vehicle license plates to members of Seminole and Miccosukee Indian Tribes.—**

(1) The department shall issue each year, free of

charge to any state agency or individual, 1,250 motor vehicle license plates for use on vehicles owned and operated by members of the Seminole and Miccosukee Indian Tribes. The allocation for any year may be increased by an amount equal to up to 10 percent of the allocation for the previous year. Any request for such increase shall be accompanied by formal certification of the need therefor by the Seminole and Miccosukee Tribal Councils.

(2) The Department of Highway Safety and Motor Vehicles shall provide an appropriate application form and procedures for requesting the license plates.

**History.**—ss. 1, 2, ch. 71-302; s. 17, ch. 77-357; s. 1, ch. 78-232.

#### **320.0842 Free motor vehicle license plates to veterans confined to wheelchairs.—**

(1) The Department of Highway Safety and Motor Vehicles shall issue a free motor vehicle license plate, similar in all respects to the plate issued under s. 320.084, with the exception that the letter and series designation "DV" shall be replaced by a series designation which shall be the internationally accepted wheelchair symbol. The internationally accepted wheelchair symbol is to be as follows:

(2) The only persons to whom the motor vehicle license plate described in subsection (1) shall be issued are those persons who are eligible for a free motor vehicle license number plate under s. 320.084 and who comply with the following provisions:

(a) The veteran must apply for such license plate in lieu of or in exchange for the motor vehicle license number plate authorized by s. 320.084; and

(b) Such veteran must offer, in addition to the proof required by s. 320.084(1), proof that due to a service-connected disability he is a paraplegic.

(3) The department shall issue, to persons who have received a motor vehicle license number plate under subsection (2), a designation plate containing only the internationally accepted wheelchair symbol, to be displayed on the front of a vehicle.

(4) Nothing contained in this section shall be interpreted to require a veteran who is eligible for a license plate as described in subsection (1) to apply for such license plate.

<sup>1</sup>(5) No county, city or town, or any agency thereof, shall exact any fee for parking on the public streets or highways or in any metered parking space from any person who is issued a designated "DV" license plate or the internationally accepted wheelchair symbol license plate.

<sup>1</sup>(6) No penalty for parking on the streets or highways or in a metered space, except in clearly defined bus loading zones or areas posted as "NO PARK-

ING" zones, shall be imposed upon any person who is issued a designated "DV" license plate or the internationally accepted wheelchair symbol license plate.

(7) The provisions of subsections (2), (3), and (4) of s. 320.084 shall apply to this section in their entirety.

**History.**—s. 1, ch. 72-31; s. 2, ch. 74-202; s. 5, ch. 79-82; s. 2, ch. 79-208.

**Note.**—As amended by ch. 79-82, effective January 1, 1980.

#### **320.0843 License plates for wheelchair users.**

<sup>1</sup>(1) Any owner or lessee of a motor vehicle who resides in this state and is permanently confined to a wheelchair, upon application to the department accompanied by competent and appropriate proof of disability, and upon payment of the registration fee for motor vehicles registered under s. 320.08(2), (3)(a), (b), (c), or (f), (6)(a), or (9)(c) or (d), shall be issued a license plate as provided by s. 320.06 which, in lieu of the serial number prescribed by s. 320.06, shall be stamped with the international wheelchair user symbol after the serial number of the license plate.

<sup>1</sup>(2) The department shall make such rules and regulations as necessary to ascertain compliance with all state license laws relating to use and operation of a motor vehicle before issuing tags pursuant to this section in lieu of the regular Florida license plate, and all applications for such tags shall be made to the department.

(3) This section is supplementary to the motor vehicle licensing laws of Florida, and nothing herein shall be construed as abridging or amending such laws.

**History.**—s. 1, ch. 74-30; s. 4, ch. 77-68; s. 4, ch. 77-83; s. 6, ch. 79-82; s. 66, ch. 79-164.

**Note.**—As amended by ch. 79-82, effective January 1, 1980.

#### **320.0848 Handicapped persons; issuance of exemption entitlement parking permits.**

(1) The Department of Highway Safety and Motor Vehicles shall, upon application, issue an exemption entitlement parking permit indicating that the bearer has met the requirements of this section to any handicapped Florida resident who is currently certified, by a physician licensed under chapter 458 or chapter 459, the Social Security Administration, or the Veterans Administration, as being severely physically disabled and having permanent mobility problems which substantially impair his ability to ambulate or who is certified as legally blind. The metal parking permit shall have the two words "PARKING PERMIT" across the upper portion and a sequential audit number across the lower portion. The parking permit shall be affixed to the lower left corner of the Florida license plate of any vehicle used to transport the applicant and may be transferred from one vehicle to another. The department may issue one additional exemption entitlement parking permit to any applicant who demonstrates that an additional permit is needed.

(2) The department may adopt rules necessary to carry out this section and to provide the procedures for assuring that all applicants meet the qualifications prescribed in this section.

(3) The department shall prescribe the form of the application and supply it to all authorized license plate agencies.

(4) The department shall prescribe the fee to be

paid by the applicant for the parking permit not to exceed 50 cents. All such fees shall be used by the department to defray the expenses of administering this section.

(5) Any person who fraudulently obtains or unlawfully uses such parking permit or who uses an unauthorized replica of such parking permit with the intent to deceive is guilty of a nonmoving traffic violation, punishable as provided in s. 318.18(2).

**History.**—s. 7, ch. 79-82.

**Note.**—Effective January 1, 1980.

**320.086 Ancient motor vehicles; "horseless carriage" license plates.**—Notwithstanding any other provision of law, any owner of a motor vehicle of the age of 35 years or more from the date of manufacture, equipped with an engine of the age of 35 years or more from the date of manufacture, and operated or moved over the highway primarily for the purpose of historical exhibition or other similar purpose, shall, upon application in the manner and at the time prescribed by the department, be issued a special license plate for such motor vehicle at a fee of \$7.50 for each such plate, which shall be permanent and valid for use thereon without renewal so long as the vehicle is in existence in lieu of the regular license plate. In addition to the payment of all other fees required by law, the applicant shall pay such fee for the issuance of the special license plate as may be prescribed by the department commensurate with the cost of manufacture. The registration numbers and special license plates assigned to such motor vehicles shall run in a separate numerical series, commencing with "Horseless Carriage No. 1" and the plates shall be of a distinguishing color.

**History.**—s. 1, ch. 57-326; s. 1, ch. 59-206; s. 6, ch. 65-190; ss. 24, 35, ch. 69-106; s. 6, ch. 78-363.

**320.087 Intercity buses operated in interstate commerce; tax.**—All intercity motor buses owned or operated by residents or nonresidents of Florida in interstate commerce or combined interstate and intrastate commerce as a result of which operation such motor buses operate both within and without Florida under the authority of the Interstate Commerce Commission, shall be subject to motor vehicle license and registration taxes on a basis commensurate with the use of Florida highways. The department shall require the registration in Florida of that percentage of intercity motor buses operating in interstate commerce or combined interstate-intrastate commerce, into or through Florida, which the mileage of those intercity buses actually operated in Florida bears to the total mileage all such intercity motor buses are operated both within and without Florida. Such percentage figure, so determined, shall be the Florida mileage factor. In determining the Florida license and registration tax to be paid on the buses actually operated in Florida, under the foregoing method, the department shall first compute the amount that the Florida license tax would be if all of such buses were in fact subject to Florida tax, and then apply to said amount the Florida mileage factor above referred to. The department shall prescribe rules and regulations as it

deems necessary for the proper carrying out of the provisions of this section.

**History.**—ss. 1, 2, ch. 59-194; s. 6, ch. 65-190; ss. 24, 35, ch. 69-106.

**320.088 Manufacturers of motor-driven cycles; certification with department.**—It shall be the responsibility of each manufacturer of motor-driven cycles offered for sale in Florida to certify to the department, by model designation, all models which they have manufactured since January 1, 1949, which produce not to exceed 5-brake horsepower. Said certification shall be in such form as prescribed by the department.

**History.**—s. 3, ch. 59-351; s. 6, ch. 65-190; ss. 24, 35, ch. 69-106.

**320.089 Members of National Guard; special tags; fee.**—

(1) Each owner of an automobile for private use, truck weighing not more than 5,000 pounds, or recreational vehicle as specified in s. 320.08(9)(c) or (d), which is not used for hire or commercial use, who is a resident of the state and an active member of the Florida National Guard shall, upon application to the department, accompanied by proof of active membership in the Florida National Guard and upon payment of the license fee for the vehicle as provided in s. 320.08, be issued a license plate as provided by s. 320.06, upon which, in lieu of the serial numbers prescribed by s. 320.06, shall be stamped the words "National Guard," followed by the serial number of the license plate.

(2) The department shall make such rules as necessary to ascertain compliance with all state license laws relating to use and operation of a private use vehicle before issuing these tags in lieu of the regular Florida license plate, and all applications for such tags shall be made to the department.

(3) This section is supplementary to the motor vehicle licensing laws of Florida and nothing herein shall be construed as abridging or amending such laws.

**History.**—ss. 1-3, ch. 65-132; s. 6, ch. 65-190; ss. 24, 35, ch. 69-106; s. 1, ch. 74-52; s. 5, ch. 77-68; s. 18, ch. 77-357.

**320.09 Additional fee for certain vehicles.**—Buses, trailers and semitrailers, of seven-passenger capacity or more, shall pay in addition to the fee charged per hundred pounds provided in s. 320.08, the same fee per passenger capacity, as is provided to be paid by "for hire" buses.

**History.**—s. 6, ch. 7275, 1917; s. 1, ch. 7737, 1918; RGS 1011; s. 5, ch. 8410, 1921; s. 3, ch. 10182, 1925; CGL 1285; s. 3, ch. 15625, 1931; s. 3, ch. 16085, 1933; s. 1, ch. 20411, 1941; s. 1, ch. 20912, 1941; s. 1, ch. 28314, 1953; s. 1, ch. 29980, 1955; s. 1, ch. 57-804; s. 6, ch. 65-190; ss. 24, 35, ch. 69-106; s. 1, ch. 72-105; s. 1, ch. 73-198; s. 95, ch. 77-104; s. 19, ch. 77-357; s. 3, ch. 77-454; s. 2, ch. 79-79.

**320.10 Exemptions.**—

(1) The provisions of ss. 320.08 and 320.09 shall not apply to:

(a) Any motor vehicle, trailer, or semitrailer owned or exclusively operated by the Federal Government;

(b) Any local transit system motor bus, either privately or publicly owned;

(c) Any motor truck, trailer, or semitrailer owned or exclusively operated by this state or any county or any municipality of this state, including public school authorities owning vehicles used in transporting school children to and from school in the state and churches owning vehicles used in transporting passengers without compensation solely for church and Sunday school purposes in the state;

ly for church and Sunday school purposes in the state;

(d) Any motor truck, trailer, or semitrailer owned and operated exclusively by the Boy Scouts of America or any subsidiary organization thereof;

(e) Motor vehicles or station wagons owned and operated exclusively for the benefit of Boys' Clubs, the National Audubon Society, the National Children's Cardiac Hospital, Humane Societies, the Civil Air Patrol, the American Legion, the Children's Bible Mission, Girl Scouts of America, the Salvation Army, the Red Cross of America or any of its official vehicles operated by local chapters, the United Service Organization, the Young Men's Christian Association, Camp Fire Girls' Council, the Young Women's Christian Association, the Twenty-Niners, Inc., the Children's Home Society of Florida, and the Goodwill Industries, while used exclusively for carrying out the purposes of said organizations and motor vehicles owned and operated by the Seventh-day Adventist Church for exclusive use as community service vans;

(f) Mobile blood bank units when operated as a nonprofit service by organizations;

(g) Mobile X-ray units or trucks or buses used exclusively for public health purposes; and

(h) School buses owned and operated by a nonprofit educational or religious corporation.

(2) All such vehicles, except those owned or exclusively operated by the Federal Government, shall be furnished a license plate, upon the proper application to the department and upon the payment of \$3 to cover the cost of same; and there shall be issued therefor a license plate under series "X." Vehicles exempt under this provision must be equipped with proper plates showing such exempt status.

**History.**—s. 6, ch. 7275, 1917; s. 1, ch. 7737, 1918; RGS 1011; s. 5, ch. 8410, 1921; s. 3, ch. 10182, 1925; CGL 1285; s. 3, ch. 15625, 1931; s. 3, ch. 16085, 1933; s. 1, ch. 20411, 1941; s. 1, ch. 20912, 1941; s. 1, ch. 28314, 1953; s. 1, ch. 29980, 1955; s. 1, ch. 57-804; s. 6, ch. 65-190; ss. 24, 35, ch. 69-106; s. 1, ch. 72-105; s. 1, ch. 73-198; s. 95, ch. 77-104; s. 19, ch. 77-357; s. 3, ch. 77-454; s. 2, ch. 79-79.

**320.13 Dealer tags and alternative method of registration.**—

(1)(a) Any motor vehicle dealer and any trailer coach dealer licensed by the department may, upon payment of the license taxes levied and imposed by subsection 320.08(11), secure one or more dealer tags, which shall be valid for use on motor vehicles owned by the dealer to whom such tags are issued while the motor vehicles are in inventory and for sale, or while being operated in connection with such dealer's business, but shall not be valid for use for hire.

(b)1. Marine boat trailer dealers and manufacturers may, upon payment of the license taxes levied and imposed by subsection 320.08(11), secure one or more dealer tags which shall be valid for use on boat trailers owned by the dealer to whom such tags are issued while being used in connection with such dealer's business, but shall not be valid for use for hire.

2. It is the intent of the Legislature that the method currently used to license marine boat trailer dealers to do business in the state, that is, by an occupational license issued by the city or county, not be changed. The Department of Highway Safety and Motor Vehicles shall not interpret this act to mean that it is empowered to license such dealers to do

business. An occupational license tax certificate shall be sufficient proof upon which the department may issue dealer tags.

(2) A dealer tag may be duplicated by the department upon an affidavit that the original has been actually destroyed or lost. Duplicates when issued shall be paid for at \$2 each.

(3)(a) When a licensed dealer chooses to register any motor vehicle, trailer, or semitrailer he owns and has for sale and secure a regular motor vehicle license plate therefor, the dealer may, upon sale thereof, submit to the department an application for transfer of the license plate to a comparable motor vehicle, trailer, or semitrailer, of the same weight series as set forth under s. 320.08, owned by the dealer, with payment of the transfer fee of \$4.50.

(b) When a marine boat trailer dealer chooses to register any boat trailer he owns and has for sale and secure a regular motor vehicle license plate therefor, the dealer may, upon the sale thereof, submit to the department an application for the transfer of the license plate to a comparable boat trailer of the same weight series as set forth under s. 320.08, owned by the dealer, with payment of transfer fee of \$4.50.

**History.**—ss. 1, 3, ch. 9159, 1923; CGL 1313, 1315; s. 1, ch. 24186, 1947; s. 1, ch. 63-173; s. 6, ch. 65-190; s. 1, ch. 65-461; ss. 24, 35, ch. 69-106; s. 5, ch. 72-79; ss. 1, 3, ch. 76-135; s. 1, ch. 76-137; s. 3, ch. 77-125; s. 1, ch. 77-174; s. 20, ch. 77-357; s. 128, ch. 79-400.

### 320.131 Temporary tags.—

(1) The department is hereby authorized and empowered to design, issue, and regulate the use of temporary tags to be designated "temporary tags," for use in cases in which dealer tags may not be lawfully used and in cases in which the sale of a motor vehicle constitutes a casual or private sale. A casual or private sale shall be construed to mean any sale other than that by a licensed dealer. No such temporary tag shall be valid for more than 20 days after it is affixed to a motor vehicle.

(2) The department is hereby authorized and empowered to sell to any franchised dealer, licensed used car dealer, trailer coach dealer, certificated common carrier, or county tax collector "temporary tags" for \$1 each, and the proceeds shall be deposited in the General Revenue Fund. The county tax collector is authorized to sell the temporary tag for \$1 plus a \$1 service charge.

(3) For the purpose of requiring proof of personal injury protection or liability insurance, the issuance of a temporary tag by a licensed motor vehicle dealer shall not constitute registration of the vehicle. However, upon expiration of the temporary tag, application for registration shall be accomplished and at that time proof of personal injury protection or liability shall be made.

(4) The department is hereby empowered to issue and enforce rules and regulations for the administration of this section.

(5) The department shall issue a temporary tag to any owner of a motor vehicle which is not currently registered or operated, for the purpose of allowing such owner to demonstrate the vehicle to a prospective buyer in contemplation of a casual sale. The department shall include in the application form for such a temporary tag an affidavit attesting to the owner's intention to demonstrate the vehicle for purposes of casual sale only. Temporary tags issued pur-

suant to this subsection shall be sold for \$1 each, and the proceeds shall be deposited in the General Revenue Fund. The county tax collector may purchase such tags from the department and sell them to qualifying applicants for \$1 each plus a \$1 service charge. No such temporary tag shall be valid for more than 20 days after it is affixed to a motor vehicle.

(6) Any person unlawfully using any such "temporary tag" or violating any rule or regulation issued by the department pursuant to this section shall be guilty of a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083.

**History.**—ss. 1-4, ch. 59-348; s. 1, ch. 61-150; s. 6, ch. 65-190; ss. 24, 35, ch. 69-106; s. 195, ch. 71-136; s. 1, ch. 72-46; s. 10, ch. 75-66; s. 1, ch. 77-174; s. 1, ch. 78-217; s. 4, ch. 78-225.

### 320.132 In-transit tags; cost; regulation of sale; penalty for violation.—

(1) The department is authorized and empowered to design, issue and regulate the use of tags to be designated "in-transit tags" for use only on a motor vehicle sold in this state to a resident of another state for registration in a state other than this state and not required to be registered under s. 320.38. Such in-transit tag shall be valid for 30 days after it is affixed to a motor vehicle.

(2) The department is authorized and empowered to sell to any licensed motor vehicle dealer, trailer coach dealer or certificated common carrier such in-transit tags for \$5 each and the proceeds shall be deposited in the General Revenue Fund.

(3) The department is empowered to issue and enforce rules and regulations for the administration of this law.

(4) Any person unlawfully using any such in-transit tag or violating any rule or regulation issued by the department pursuant to this act shall be guilty of a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083.

**History.**—ss. 1-4, ch. 65-191; s. 6, ch. 65-190; ss. 24, 35, ch. 69-106; s. 196, ch. 71-136.

### 320.14 Fractional registration fee.—

(1)(a) Any truck, tractor, bus, trailer or semitrailer registered during the first 3 months of any registration period, that has been registered in this state during the previous registration period, shall be charged the full fee for such registration period, as provided in ss. 320.07 and 320.08.

(b) Any such truck, tractor, bus, trailer or semitrailer registered during the fourth month or thereafter of such registration period, that has not been subject to registration for such period prior to that time, shall be charged for such registration one-twelfth of the annual registration rate for the month of registration and one-twelfth of such annual rate for each month of the registration period succeeding the month of registration; provided, however, that no license plate shall be issued for less than \$5, except where otherwise expressly provided.

(2)(a) Any truck, tractor, bus, trailer or semitrailer registered during the first month of any registration period, that has not been registered nor subject to registration in this state during the previous registration period, shall be charged the full fee for such registration period as provided in ss. 320.07 and 320.08.

(b) Any such truck, tractor, bus, trailer or semitrailer registered during the second month or thereafter of such registration period, that has not been subject to registration for such period prior to that time, shall be charged for such registration at the rate of one-twelfth of the annual registration rate for the month of registration and one-twelfth of the annual fee for each month of the registration period succeeding the month of registration, as provided in ss. 320.07 and 320.08; provided, however, that no license plate shall be issued for less than \$5, except where otherwise expressly provided.

(3) Any motor vehicle other than a truck, tractor, bus, trailer, or semitrailer, as hereinbefore specified, registered during the seventh, eighth, or ninth month of the registration period and not subject to registration prior to that time, as provided in s. 320.07, shall be charged for such registration one-half of the annual rate, as provided in s. 320.08. However, no license plate shall be issued for less than \$5, except when otherwise expressly provided.

(4) Any motor vehicle other than a truck, tractor, bus, trailer, or semitrailer, as hereinbefore specified, registered during the tenth month or thereafter of the registration period and not subject to registration prior to that time, as provided in s. 320.07, shall be charged for such registration one-fourth of the annual rate as provided in s. 320.08. However, no license plate shall be issued for less than \$5, except when otherwise expressly provided.

**History.**—s. 7, ch. 7275, 1917; s. 1, ch. 7276, 1917; RGS 1011; s. 5, ch. 8410, 1921; s. 4, ch. 10182, 1925; CGL 1285; s. 4, ch. 16085, 1933; s. 1, ch. 25139, 1949; s. 8, ch. 28186, 1953; s. 1, ch. 57-373; s. 6, ch. 65-190; s. 1, ch. 67-553; s. 11, ch. 78-66; s. 46, ch. 77-357.

### 320.15 Deductions from registration tax.—

Any resident owner of a motor vehicle that has been destroyed or permanently removed from the state shall, upon application to the department and surrender of the license plate issued to such vehicle, be entitled to either a credit to apply upon the registration of any other vehicle in the name of such owner or a refund in the amount of the pro rata of the annual registration fee or tax, if the amount is \$3 or more, for the unexpired period of such license; provided, that if the license surrendered be a "for-hire" automobile license the amount of credit or refund shall not be more than one-half of such license period. Such credit shall not be valid after the date operation of motor vehicles becomes illegal with license plates current on date of credit, as provided in s. 320.07.

**History.**—s. 6, ch. 7275, 1917; s. 1, ch. 7737, 1918; RGS 1011; s. 5, ch. 8410, 1921; s. 3, ch. 10182, 1925; CGL 1285; s. 3, ch. 15625, 1931; s. 3, ch. 16085, 1933; s. 1, ch. 59-266; s. 6, ch. 65-190; s. 1, ch. 65-465; ss. 24, 35, ch. 69-106; s. 3, ch. 78-186.

**320.16 Interstate commerce; advance payment and refund.**—Where any automobile is used for hire, whether for carrying passengers or freight either singly or in combinations, over the highways of the state, in interstate commerce, a charge shall be collected in the form of a registration fee initially computed and assessed on the basis of the foregoing schedule, and the same shall be collected upon the registration of the vehicle as an advance payment on the compensation entitled to be received by the state for the use of the state's highway system, but the person so registering or reregistering said vehicle

shall be entitled to a refund of the entire amount collected with legal interest thereon upon making payment to the state for the mileage actually traveled by the vehicle in its use of the state's highway system, to be paid for at the rate of 4 cents per mile each way, which rate of 4 cents per mile each way is determined and declared to be a reasonable and just compensation to be charged and collected for the use of the improved highway system provided by the state and its several counties, districts and municipalities for the use of motor vehicles. Proof of the mileage traveled shall be made to the department, which shall ascertain and determine the number of miles actually traveled by the vehicle, which mileage would be subject to the charge of a road tax under this chapter, and the findings of said department when made shall be deemed and held to be prima facie just and correct.

**History.**—s. 6, ch. 7275, 1917; s. 1, ch. 7737, 1918; RGS 1011; s. 5, ch. 8410, 1921; s. 3, ch. 10182, 1925; CGL 1285; s. 3, ch. 15625, 1931; s. 3, ch. 16085, 1933; s. 6, ch. 65-190; s. 4, ch. 65-337; ss. 24, 35, ch. 69-106; s. 20, ch. 78-95.

### 320.17 Classification and assessment by department.—

The department may determine the classification of, and the amount of tax due on, any motor vehicle required to be registered under the laws of Florida, and may fix, determine and assess the amount of registration or reregistration fees and taxes to be paid for registration, reregistration and license thereof, and its determination when made and certified to in writing shall be prima facie evidence of the validity, regularity and propriety thereof and of the liability of the motor vehicles involved therein to classification and tax so determined, fixed and assessed. No such determination when made by the department shall be disregarded or set aside in any court, except when clearly shown to be unwarranted in law or in fact.

**History.**—s. 6, ch. 7275, 1917; s. 1, ch. 7737, 1918; RGS 1011; s. 5, ch. 8410, 1921; s. 3, ch. 10182, 1925; CGL 1285; s. 3, ch. 15625, 1931; s. 3, ch. 16085, 1933; s. 6, ch. 65-190; ss. 24, 35, ch. 69-106.

### 320.18 Withholding registration.—

(1) The department may withhold the registration of any motor vehicle, the owner of which shall have failed to register the same under the provisions of law for any previous period or periods for which it appears registration should have been made, in this state, until the fee for such period or periods shall be paid.

(2) An owner of a motor vehicle, except a mobile home with MH or RP tags, shall be exempted from the payment of a registration fee for any previous period or periods for which registration should have been made upon the presentation to the department by him of a notarized or certified affidavit to the effect that such motor vehicle was continuously maintained in dead storage and was not operated at any time during the registration period or periods for which the exemption is being claimed.

**History.**—s. 6, ch. 7275, 1917; s. 1, ch. 7737, 1918; RGS 1011; s. 5, ch. 8410, 1921; s. 3, ch. 10182, 1925; CGL 1285; s. 3, ch. 15625, 1931; s. 3, ch. 16085, 1933; s. 6, ch. 65-190; ss. 24, 35, ch. 69-106; s. 6, ch. 69-178; s. 1, ch. 78-216.

**320.19 Lien of tax and enforcement.**—The registration tax required under this chapter, when not paid, shall constitute a first lien upon the motor vehicles against which the same is chargeable, which lien shall be superior to all other liens upon

such motor vehicle, and may be enforced and collected, if delinquent more than 30 days, by levy and sale in the same manner as under an execution of law on the amount of the tax due, which enforcement may be under a tax warrant issued for that purpose by the department and enforced in like manner as is provided by law for the enforcement of tax warrants by the Department of Revenue.

**History.**—s. 6, ch. 7275, 1917; s. 1, ch. 7737, 1918; RGS 1011; s. 5, ch. 8410, 1921; s. 3, ch. 10182, 1925; CGL 1285; s. 3, ch. 15625, 1931; s. 3, ch. 16085, 1933; s. 6, ch. 65-190; ss. 21, 24, 35, ch. 69-106.  
cf.—s. 56.061 Levy and sale under executions.

**320.20 Disposition of license moneys.**—The revenues derived from the licensing of motor vehicles, excluding those collected and distributed under the provisions of s. 320.081, shall be distributed monthly, as collected, to the following funds:

(1) The first proceeds, to the extent necessary to comply with the provisions of s. 18 of Art. XII of the State Constitution of 1885, as adopted by s. 9(d), Art. XII, 1968 Revised Constitution, and the additional provisions of s. 9(d) and s. 236.602, shall be deposited in the district Capital Outlay and Debt Service School Trust Fund.

(2) Thirty-six and five-tenths percent of such revenues shall be deposited in the State Transportation Trust Fund.

(3) The remainder of such revenues shall be deposited in the General Revenue Fund.

**History.**—s. 27, ch. 7275, 1917; RGS 1031; s. 12, ch. 8410, 1921; CGL 1304; s. 4, ch. 15625, 1931; s. 44, ch. 26869, 1951; s. 1, ch. 65-514; s. 31, ch. 69-216; s. 1, ch. 69-300; s. 1, ch. 77-416.

**320.23 Taxes deemed compensatory.**—All taxes prescribed by this chapter shall be deemed to be compensatory for the use of the public highways of this state by operators of motor vehicles and motor carriers taxed under the provisions of this chapter and as a fair contribution to the cost of constructing and maintaining the public highways of this state; and the administration and enforcement of this chapter and all regulations and restrictions imposed hereby and authorized to be imposed by this chapter are declared to be for the purpose of conservation of the state's property and in the interest of safety in the use of its highways.

**History.**—s. 5, ch. 15625, 1931; CGL 1936 Supp. 1304(1); s. 2, ch. 63-496.

**320.24 Counties and municipalities may not impose licenses on motor vehicles, etc.**—It is unlawful for any county or municipality to collect any license or registration fee on any motor-driven vehicle, trailer, semitrailer or motorcycle sidecar in this state.

**History.**—s. 8, ch. 7275, 1917; RGS 1013; s. 6, ch. 8410, 1921; CGL 1287.

**320.25 Obtaining license by false statements; penalty.**—Any person who shall apply for and obtain from the department a license plate by means of false or fraudulent representations made in any application therefor shall be guilty of a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083. The department may take up and cancel any such license which has been so obtained by false and fraudulent representation.

**320.26 Counterfeiting plates or revalidation stickers, etc., prohibited; penalty.**—

(1) No person shall counterfeit, manufacture, sell, or dispose of registration license plates or revalidation stickers in the state, without first having obtained the permission and authority of the department in writing.

(2) Any person violating the terms of this section shall be guilty of a felony of the third degree, and if the violator be a natural person, he shall be punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(3) If the violator of this section is an association or corporation, it shall be punishable as provided in s. 775.083, and the official of the association or corporation under whose direction or with whose knowledge, consent or acquiescence such violation occurred may be punished as provided in s. 775.082, in addition to the fine which may be imposed upon such association or corporation.

**320.27 Motor vehicle dealers.**—

(1) **DEFINITIONS.**—The following words, terms and phrases when used in this section shall have the meanings respectively ascribed to them in this subsection, except where the context clearly indicates a different meaning:

(a) "Department" means the Department of Highway Safety and Motor Vehicles.

(b) "Motor vehicle" means any motor vehicle of the type and kind required to be registered and titled under chapters 319 and 320, except recreational vehicles and mobile homes.

(c) "Motor vehicle dealer" means any person engaged in the business of buying, selling, or dealing in motor vehicles or offering or displaying motor vehicles for sale. Any person who buys, sells, or deals in three or more motor vehicles in any 12-month period or who offers or displays for sale three or more motor vehicles in any 12-month period shall be prima facie presumed to be engaged in such business. The terms "selling" and "sale" include lease-purchase transactions. The term "motor vehicle dealer" does not include: Public officers while performing their official duties; receivers; trustees, administrators, executors, guardians, or other persons appointed by, or acting under the judgment or order of, any court; banks, finance companies, or other loan agencies that acquire motor vehicles as an incident to their regular business; and motor vehicle rental and leasing companies that sell motor vehicles to motor vehicle dealers licensed under this section.

(2) **LICENSE REQUIRED.**—No person shall engage in business as, serve in the capacity of or act as a motor vehicle dealer in this state without first

obtaining a license therefor as provided in this section.

(3) **APPLICATION AND FEE.**—The application for said license shall be in such form as may be prescribed by the department and subject to such rules and regulations with respect thereto as may be so prescribed by it. Such application shall be verified by oath or affirmation and shall contain a full statement of the name and birth date of the person or persons applying therefor; the name of the firm or copartnership, with the names and places of residence of all members thereof, if such applicant is a firm or copartnership; the names and places of residence of the principal officers, if the applicant is a body corporate or other artificial body; the name of the state under whose laws the corporation is organized; the present and former place or places of residence of said applicant; and prior business or businesses in which said applicant has been engaged and the location thereof. Such application shall describe the exact location of the place of business and shall state whether the place of business is owned in fee simple by the applicant and when acquired or, if leased, a true copy of the lease shall be attached to the application. The applicant shall certify that the location is a permanent one, is not the residence of the applicant, is not a tent or a temporary stand or other temporary quarters, that the location affords sufficient unoccupied space upon and within which adequately to store all motor vehicles offered and displayed for sale, and is a suitable place where the applicant can in good faith carry on such business and keep and maintain books, records, and files necessary to conduct such business, which will be available at all reasonable hours to inspection by the department or any of its inspectors or other employees. The applicant shall certify that the business of a motor vehicle dealer is the principal business which shall be conducted at the said location. Such certification shall not apply to any applicant who held a current license as a motor vehicle dealer on January 1, 1964. Such application shall contain a statement that the applicant is either franchised by a manufacturer of motor vehicles, in which case the name of each motor vehicle that the applicant is franchised to sell shall be included, or an independent (nonfranchised) motor vehicle dealer. Such application shall contain such other relevant information as may be required by the department. The application shall be accompanied by an official credit report and a sworn statement of two reputable persons of the community in which the principal place of business is to be located certifying to the good moral character of the applicant and that the facts set forth in the application are true. Upon making such initial application, the person applying therefor shall pay to the department a fee of \$100 in addition to any other fees now required by law; upon making subsequent renewal applications, the person applying therefor shall pay to the department a fee of \$25 in addition to any other fees now required by law. Upon making an application for a change of location, the person shall pay a fee of \$25 in addition to any other fees now required by law. The department shall, if it deems it necessary, cause an investigation to be made to ascertain if the facts set forth in such application are

true and shall not issue a license to the applicant until it is satisfied that the facts set forth in said application are true.

(4) **LICENSE CERTIFICATE.**—A license certificate shall be issued by the department in accordance with such application when the same shall be regular in form and in compliance with the provisions of this section. Such license, when so issued, shall entitle the licensee to carry on and conduct the business of a motor vehicle dealer for a period of 1 year from January 1 of the current year only at the location set forth in said license.

(5) **SUPPLEMENTAL LICENSE.**—Any person licensed hereunder shall obtain a supplemental license for each additional place or places of business not contiguous to the premises for which the original license is issued, on a form to be furnished by the department, and upon payment of a fee of \$10 for each such additional location. Upon making renewal applications for such supplemental licenses, such applicant shall pay \$10 for each additional location.

(6) **RECORDS TO BE KEPT BY LICENSEE.**—Every licensee shall keep a book or record in such form as may be prescribed or approved by the department, in which it shall keep a record of the purchase, sale or exchange, or receipt for the purpose of sale, of any motor vehicle, a description of such motor vehicle, together with the name and address of the seller, the purchaser and the alleged owner or other person from whom such motor vehicle was purchased or received or to whom it was sold or delivered, as the case may be. Such description shall include the identification or engine number, maker's number, if any, chassis number, if any, and such other numbers or identification marks as may be thereon and shall also include a statement that a number has been obliterated, defaced or changed, if such is the fact.

(7) **CERTIFICATE OF TITLE REQUIRED.**—Every licensee shall have in his possession a duly assigned certificate of title from the owner of each motor vehicle in accordance with the provisions of chapter 319, or any other law or parts of laws providing for the issuance of certificates of title, from the time when the motor vehicle is delivered to him until it has been disposed of by him.

(8) **PENALTY.**—Any person found guilty of violating any of the provisions of this section shall be guilty of a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083.

(9) **DENIAL, SUSPENSION, OR REVOCATION.**—The department may deny, suspend, or revoke any license issued hereunder for the violation by the licensee of any of the provisions of this section or on any of the following grounds:

(a) Willful violation of any other law of this state having to do with dealing in motor vehicles or willful failure to comply with any administrative rules promulgated by the department.

(b) Perpetration of a fraud upon any person as a result of dealing in motor vehicles.

(c) Representation that a "demonstrator" is a new motor vehicle or the attempt to sell or the sale of a demonstrator as a new motor vehicle without written notice to the purchaser that the vehicle is a demonstrator. For the purposes of this section, a

"demonstrator," a "new motor vehicle," and a "used motor vehicle" shall be defined as under s. 320.60.

(d) Unjustifiable refusal to comply with a licensee's responsibility under the terms of the new motor vehicle warranty issued by its respective manufacturer, distributor, or importer. However, if such refusal is at the direction of said manufacturer, distributor, or importer, such refusal shall not be a ground under this section.

(e) Misrepresentation or false, deceptive, or misleading statements with regard to the sale or financing of motor vehicles which any motor vehicle dealer has, or causes to have, advertised, printed, displayed, published, distributed, broadcast, televised, or made in any manner with regard to the sale or financing of motor vehicles.

(f) Requirement by any motor vehicle dealer that a customer or purchaser accept equipment on his motor vehicle which was not ordered by the customer or purchaser.

(g) Requirement by any motor vehicle dealer that any customer or purchaser finance a motor vehicle with a specific financial institution or company.

(h) Failure by any motor vehicle dealer to provide a customer or purchaser with an odometer disclosure statement and a copy of any bona fide written, executed sales contract or agreement of purchase connected with the purchase of the motor vehicle purchased by said customer or purchaser.

(i) Failure of any motor vehicle dealer to comply with the terms of any bona fide written, executed agreement, pursuant to the sale of a motor vehicle.

(j) Requirement by the motor vehicle dealer that the purchaser of a motor vehicle contract with the dealer for physical damage insurance.

(k) Violation of any of the provisions of s. 319.35 by any motor vehicle dealer.

(10) **BOND.**—Annually, before any license shall be issued to a motor vehicle dealer, the applicant-dealer of new or used motor vehicles shall deliver to the department a good and sufficient surety bond, executed by the applicant-dealer as principal and by a surety company qualified to do business in the state as surety, in the sum of \$5,000. Such bond shall be in a form to be approved by the department and shall be conditioned that the motor vehicle dealer shall comply with the conditions of any written contract made by such dealer in connection with the sale or exchange of any motor vehicle and shall not violate any of the provisions of chapters 319 and 320 in the conduct of the business for which he is licensed. Such bond shall be to the department and in favor of any retail customer who shall suffer any loss as a result of any violation of the conditions hereinabove contained. Such bond shall be for the license period, and a new bond or a proper continuation certificate shall be delivered to the department at the beginning of each license period. However, the aggregate liability of the surety in any one year shall, in no event, exceed the sum of such bond.

(11) **INJUNCTION.**—In addition to the remedies provided in this chapter and notwithstanding the existence of any adequate remedy at law, the department is authorized to make application to any circuit court of the state, and such circuit court shall have

jurisdiction, upon a hearing and for cause shown, to grant a temporary or permanent injunction, or both, restraining any person from acting as a motor vehicle dealer under the terms of this section without being properly licensed hereunder, from violating or continuing to violate any of the provisions of chapters 319 and 320 or for failing or refusing to comply with the requirements of chapters 319 and 320 or any rule or regulation adopted thereunder, such injunction to be issued without bond. A single act in violation of the provisions of chapter 319 or chapter 320 shall be sufficient to authorize the issuance of an injunction.

**§320.274 Hearing procedure, dealers' licenses.**—In the event that the department shall conduct any hearing pursuant to the provisions of ss. 320.27-320.274, the hearing or hearings shall be conducted pursuant to chapter 120, the Administrative Procedure Act, and the Director of the Division of Motor Vehicles of the Department of Highway Safety and Motor Vehicles shall have the power to conduct such hearings, notwithstanding the provisions of s. 120.57(1)(a), and the director shall thereupon make his rulings and orders, which shall constitute final agency action. The Director of the Division of Motor Vehicles shall have further power in hearings arising under this law to determine the place in the state where the hearings shall be held. Any information obtained from a hearing may not be used against a

licensee as a basis for criminal prosecution under the laws of this state.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

**§320.33 Unlawful to possess motor vehicles from which serial number has been removed.**—It is unlawful for any person to knowingly buy, sell, receive, dispose of, conceal or have in his possession any motor vehicle from which the manufacturer's serial number or any other distinguishing number or identification mark has been removed, defaced, covered, altered, or destroyed for the purpose of concealment or misrepresenting the identity of the said motor vehicle.

**History.**—s. 25, ch. 7275, 1917; RGS 1030; CGL 1303.

**§320.351 Motor vehicle noise limit compliance prerequisite to registration.**—On and after January 1, 1975, no new motor vehicle subject to the requirements of s. 403.415 shall be registered in this state if a certificate of compliance with new motor vehicle noise limits has not been filed for that make and model as required in s. 403.415(6).

**History.**—s. 5, ch. 74-110.

**§320.36 Registration of "for hire" vehicles; marking of certificate of title by department.**—

(1) Every person, firm or corporation who shall apply to the department or its legally authorized agent for registration of a "for hire" motor vehicle as defined in s. 320.01(19), shall accompany such application for registration also with a certificate of title for said motor vehicle or an application for a certificate of title, as provided by law, and upon payment of the lawful issuing fees, the department or such agent shall issue an appropriate "for hire" registration license plate. The department shall also issue and deliver to the applicant a certificate of title for such vehicle and shall impress upon such certificate the words, "Taxicab" or "For Hire," or "Police Car" or "U-Drive-It," or "Long Term Lease," as the case may be, as is shown in the application for registration.

(2) If such motor vehicle has been previously registered for private use in this state and a "private use" registration license plate and a certificate of title have been issued for such vehicle by the department said application shall be accompanied by the "private use" registration license plate theretofore issued together with the official certificate of title issued for such vehicle, and the written consent of lienholders, if any, holding a lien upon said vehicle, for the transfer of the vehicle from private use to for hire use, and upon payment of the lawful issuing fees, less the unused value of the "private use" license plate, the department or its agent shall issue an appropriate registration "for hire" license plate and shall impress upon the original certificate of title the words, "For Hire."

**320.38 When nonresident exemption not allowed.**—

(1) The provisions of law authorizing the operation of motor vehicles over the highways of the state by nonresidents of this state, when such vehicles are duly registered or licensed under the laws of some other state or foreign country, shall not apply to any nonresident who accepts employment, or engages in any trade, profession or occupation in this state, except a nonresident migrant farm worker as defined in s. 316.003(62). In every case where a nonresident, except a nonresident migrant farm worker as defined in s. 316.003(62), accepts employment or engages in any trade, profession, or occupation in the state or enters his children to be educated in the public schools of the state, such nonresident shall within 10 days after the commencement of such employment or education be required to register his motor vehicles in this state if such motor vehicles are proposed to be operated on the highways of the state.

(2) The provisions of law authorizing the operation in the state of motor vehicles under nonresident or foreign registration shall not apply to any motor vehicle equipped with auxiliary fuel tanks or carrying an auxiliary fuel supply to be used in avoidance of the purchase of fuel in the state.

**History.**—s. 6, ch. 7275, 1917; s. 1, ch. 7737, 1918; RGS 1011; s. 5, ch. 8410, 1921; s. 3, ch. 10182, 1925; CGL 1285; s. 3, ch. 15625, 1931; s. 3, ch. 16085, 1933; s. 1, ch. 19252, 1939; s. 1, ch. 69-153; s. 1, ch. 69-156.

**320.39 Reciprocal agreements for nonresident exemption.**—

(1) The Department of Highway Safety and Motor Vehicles, the Department of Transportation, and the Public Service Commission may negotiate and consummate with the proper authorities of the several states of the United States, reciprocal agreements whereby residents of such other states operating motor vehicles properly licensed and registered in their respective states may have such privileges and exemption in the operation of their said motor vehicles in this state, as residents of this state may have and enjoy in the operation of motor vehicles, duly licensed and registered in this state, in such other states. However, nothing herein shall be construed to relieve any motor vehicle owner or opera-

tor from complying with and abiding by all other applicable laws, rules, and regulations relating to safety of operation of motor vehicles and the preservation of the highways of this state. In the making of such reciprocal agreements, such departments and said Public Service Commission shall have due regard to the advantage and convenience of motor vehicle owners and the citizens of this state.

(2) Any and all such reciprocal agreements consummated by said Department of Highway Safety and Motor Vehicles, the said Division of Planning and Programming, and the Public Service Commission shall not become effective until approved by the Governor of the state; provided, all such reciprocal agreements are made subject to cancellation at any time by the Legislature. However, nothing herein contained shall apply to rates, rules or regulations now or hereafter applicable to common or contract carriers by motor carriers over the highways of the state.

(3) The Department of Highway Safety and Motor Vehicles, the Department of Transportation, and the Public Service Commission shall give proper publicity to the terms of every such reciprocal agreement entered into by them, or by any one of them.

**320.51 Farm tractors and trailers exempt.**—Farm tractors and farm trailers as defined in s. 320.01(22) shall be exempt from the provisions of the motor vehicle laws of this state which require the registration of such vehicles, and shall be exempt from the payment of any fee of any kind and shall be exempt from the requirement that such vehicle display a registration tag as is required on other vehicles. Provided, however, that nothing herein contained shall be construed as exempting such farm tractors and farm trailers from the requirements of the motor vehicle laws of this state, and rules and regulations issued thereunder, relating to the tires to be used upon such tractors and trailers when using the highways of this state.

**History.**—s. 2, ch. 20911, 1941.

**320.57 Penalties for violations of this chapter.**—Any person convicted of violating any of the provisions of this chapter shall, unless otherwise provided herein, be guilty of a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083.

**320.58 License inspectors; powers, appointment.**—The department shall appoint as many license inspectors and supervisors as it deems necessary to enforce the provisions of chapters 319, 320, 322, 324, and 330. In order to enforce the provisions of the aforesaid laws of the state, the inspectors are empowered to issue uniform traffic citations to persons found in violation thereof. The department is further empowered to delegate such authority to persons acting as its agents for the purpose of enforcing the registration provisions of chapter 320. Any person failing or refusing to surrender his driver's license, registration certificate, and license plate

upon lawful demand of an inspector or investigator shall be guilty of a misdemeanor of the second degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084. The aforesaid persons appointed by the department shall not be considered for membership in the state's high risk retirement program.

### **§320.60 Definitions for ss. 320.61-320.70.—**

Whenever used in ss. 320.61-320.70, unless the context otherwise requires, the following words and terms have the following meanings:

(1) "Manufacturer" means any person, whether a resident or nonresident of this state, who manufactures or assembles motor vehicles or who manufactures or installs on previously assembled truck chassis special bodies or equipment which, when installed, form an integral part of the motor vehicle and which constitute a major manufacturing alteration. The term "manufacturer" includes, in the case of a corporation or copartnership, its central or principal sales corporation or other agency through which it distributes its products.

(2) "Distributor" means a person, resident or nonresident, who, in whole or in part, sells or distributes motor vehicles to motor vehicle dealers or who maintains distributor representatives.

(3) "Factory branch" means a branch office maintained by a manufacturer, distributor, or importer for the sale of motor vehicles to distributors or to motor vehicle dealers, or for directing or supervising, in whole or in part, its representatives in this state.

(4) "Factory representative" means a representative employed by a manufacturer, distributor, importer, or factory branch for the purpose of making or promoting the sale of its motor vehicles or for supervising or contacting its dealers or prospective dealers.

(5) "Importer" means any person who imports vehicles from a foreign country into the United States or into this state for the purpose of sale or lease.

(6) "Person" means a person, firm, corporation, or association.

(7) "Department" means the Department of Highway Safety and Motor Vehicles.

(8) "Licensee" means any person licensed or required to be licensed under s. 320.61.

(9) "Motor vehicle" means any new automobile, motorcycle, or truck the equitable or legal title to which has never been transferred by a manufacturer, distributor, importer, or dealer to an ultimate purchaser.

(10) "Used motor vehicle" means any motor vehicle title to or possession of which has been transferred from the person who first acquired it from the manufacturer, distributor, importer, or dealer and which is commonly known as "secondhand" within the ordinary meaning thereof.

(11) "Demonstrator" means any new motor vehicle which is carried on the records of the dealer as a demonstrator and is used by, being inspected or driven by the dealer or his employees or prospective customers for the purpose of demonstrating vehicle

characteristics in the sale or display of motor vehicles sold by the dealer.

(12)(a) "Motor vehicle dealer" means any person, firm, or corporation who, for commission, money or other things of value, sells, exchanges, buys, or rents, or offers, or attempts to negotiate a sale or exchange of any interest in, motor vehicles or who is engaged wholly or in part in the business of selling motor vehicles, whether or not such motor vehicles are owned by such person, firm, or corporation.

(b) Any person who buys, sells, or deals in three or more motor vehicles in any 12-month period or who offers or displays for sale three or more motor vehicles in any 12-month period shall be prima facie presumed to be a motor vehicle dealer. The terms "selling" and "sale" include lease-purchase transactions.

(c) The term "motor vehicle dealer" does not include:

1. Public officers while performing their official duties;

2. Receivers, trustees, administrators, executors, guardians, or other persons appointed by, or acting under the judgment or order of, any court;

3. Banks, finance companies, or other loan agencies that acquire motor vehicles as an incident to their regular business; or

4. Motor vehicle rental and leasing companies that sell motor vehicles to motor vehicle dealers licensed under s. 320.27.

(13) "Agreement" means contract, franchise, new motor vehicle franchise, selling agreement, or any other terminology used to describe the contractual relationship between manufacturers, distributors, importers, and dealers.

**History.**—s. 1, ch. 20236, 1941; s. 7, ch. 22858, 1945; s. 6, ch. 65-190; ss. 24, 35, ch. 69-106; s. 4, ch. 70-424; s. 1, ch. 70-439; s. 95, ch. 71-377; s. 1, ch. 72-112; s. 3, ch. 76-168; s. 28, ch. 77-357; s. 1, ch. 77-457; s. 129, ch. 79-400.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

### **§320.61 Licenses required of motor vehicle manufacturers, factory branches, factory representatives, distributors, importers, etc.—**

(1) No manufacturer, factory branch, factory representative, distributor, or importer (all sometimes referred to hereinafter as "licensee") shall engage in business as such in this state without a license therefor as provided in ss. 320.60-320.70. No such licensee's vehicles shall be sold in this state unless either the manufacturer or factory branch, on direct dealerships of domestic vehicles, the importer of foreign manufactured vehicles, on direct dealerships, or the distributor, on indirect dealerships of either domestic or foreign vehicles, is licensed under ss. 320.60-320.70.

(2) The department may prescribe an abbreviated application for renewal of a license if said licensee had previously filed an initial application pursuant to s. 320.63. The application for renewal shall include any information necessary to bring current the information required in the initial application.

(3) All licenses shall be granted or refused within 30 days after application.

(4) When a complaint of unfair cancellation of a dealer agreement is made by a motor vehicle dealer against a licensee and is in the process of being heard

pursuant to ss. 320.60-320.70, by the department, no replacement application for such agreement shall be granted until a final decision is rendered by the department on the complaint of unfair cancellation.

(5) The obtaining of a license under ss. 320.60-320.70 shall conclusively establish that the licensee is doing business in this state and shall subject the licensee to all provisions of Florida law.

**History.**—s. 2, ch. 20236, 1941; s. 5, ch. 70-424; s. 1, ch. 70-439; s. 3, ch. 76-168; s. 1, ch. 77-457; s. 20, ch. 78-95.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

**§320.615 Agent for service of process.**—The acceptance by any person of a license under ss. 320.60-320.70 shall be deemed equivalent to an appointment by such person of the Secretary of State as the agent of such person upon whom may be served all lawful process in any action, suit, or proceeding against such person arising out of any transaction or operation connected with or incidental to any activities of such person carried on under such license, and the acceptance of such license shall be signification of the agreement of such person that any process against him which is so served shall be of the same legal force and validity as if served personally on him. Service of such process shall be in accordance with and in the same manner as now provided for service of process upon nonresidents under the provisions of chapter 48.

**History.**—s. 6, ch. 70-424; s. 3, ch. 76-168; s. 1, ch. 77-457.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

**§320.62 Licenses; amount; disposition of proceeds.**—The annual license for each manufacturer, factory branch, factory representative, distributor, or importer shall be \$10 and shall be in addition to all other licenses or taxes now or hereafter levied, assessed, or required of the applicant. The proceeds from all licenses under ss. 320.60-320.70 shall be paid into the State Treasury to the credit of the General Revenue Fund. All licenses shall be payable on or before October 1 of each year and shall expire, unless sooner revoked or suspended, on the following September 30.

**History.**—s. 3, ch. 20236, 1941; s. 47, ch. 26869, 1951; s. 7, ch. 70-424; s. 3, ch. 76-168; s. 1, ch. 77-457.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

**§320.63 Application for license; contents.**—Any person desiring to be licensed pursuant to ss. 320.60-320.70 shall make application therefor to the department upon a form containing such information as the department shall require. The department may require, with such application or otherwise and from time to time, all of the following, which may be considered by the department in determining the fitness of said applicant to engage in the business for which the applicant desires to be licensed:

(1) Information relating to the applicant's solvency and his financial standing.

(2) A certified copy of applicant's new motor vehicle warranty or warranties in any way connected with a motor vehicle or any component thereof, ac-

companied by a detailed explanation thereof.

(3) From each manufacturer on direct dealerships, distributor on indirect dealerships, or importer on direct dealerships which utilizes an identical blanket basic agreement for its dealers or distributors in Florida, which agreement comprises all or any part of applicant's agreements with motor vehicle dealers in Florida, a copy of the written agreement and all supplements thereto, together with a list of applicant's authorized dealers or distributors and their addresses. The applicant shall further notify the department immediately of the appointment of any additional dealers or distributors, of any revisions of or additions to the basic agreement on file, or of any individual dealer or distributor supplements to such agreements.

(4) A certified copy of the delivery and preparation obligations of its motor vehicle dealers, which obligations shall constitute the motor vehicle dealers' only responsibility for product liability as between the dealer and manufacturer.

(5) An affidavit stating the rates which the applicant pays or agrees to pay any authorized motor vehicle dealer for parts and labor by the authorized motor vehicle dealer for the manufacturer under delivery and preparation obligations or the new vehicle warranty.

(6) The fee for the annual license.

(7) Any other pertinent matter commensurate with the safeguarding of the public interest.

**History.**—s. 4, ch. 20236, 1941; s. 6, ch. 65-190; ss. 24, 35, ch. 69-106; s. 8, ch. 70-424; s. 1, ch. 70-439; s. 3, ch. 76-168; s. 1, ch. 77-457.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

**§320.64 Denial, suspension, or revocation of license; grounds.**—A license may be denied, suspended, or revoked within the entire state or at any specific location or locations at which a licensee engages in business and at which a violation of ss. 320.60-320.70 has occurred, on the following grounds:

(1) The department has proof of unfitness of applicant.

(2) The applicant has made a material misstatement in his application for a license.

(3) The applicant or licensee has failed willfully to comply with any provision of ss. 320.60-320.70 or with any lawful rule or regulation adopted or promulgated by the department.

(4) The applicant or licensee has indulged in any illegal act relating to his business.

(5) The applicant or licensee has coerced or attempted to coerce any motor vehicle dealer into accepting delivery of any motor vehicle or vehicles, parts or accessories therefor, or any other commodities which have not been ordered by the dealer.

(6) The applicant or licensee has coerced or attempted to coerce any motor vehicle dealer to enter into any agreement with the licensee.

(7) The applicant or licensee has unfairly or without due regard to the equities of a motor vehicle dealer, or without just provocation, threatened to cancel or not to renew the franchise agreement of such motor vehicle dealer.

(8) The applicant or licensee has unfairly or without due regard to the equities of a motor vehicle dealer, or without just provocation, canceled, or

failed to renew, the franchise agreement of such motor vehicle dealer.

(9) The applicant or licensee has attempted to enter, or entered, into a franchise agreement with a motor vehicle dealer who does not, at the time of the franchise agreement, have proper facilities to provide the services to his purchasers of new motor vehicles which are covered by the new motor vehicle warranty issued by the applicant or licensee.

(10) The applicant or licensee has coerced a motor vehicle dealer to provide installment financing for the motor vehicle dealers' purchasers with a specified financial institution.

(11) The applicant or licensee has advertised, printed, displayed, published, distributed, broadcast, or televised, or caused or permitted to be advertised, printed, displayed, published, distributed, broadcast, or televised, in any manner whatsoever, any statement or representation with regard to the sale or financing of motor vehicles which is false, deceptive, or misleading.

(12) The applicant or licensee has refused to deliver, in reasonable quantities and within a reasonable time after receipt of an order, to any duly licensed motor vehicle dealer who has an agreement with such applicant or licensee for the retail sale of new motor vehicles and parts for motor vehicles sold or distributed by applicant or licensee, any such motor vehicles or parts as are covered by such agreement specifically publicly advertised by such applicant or licensee to be available for immediate delivery. However, the failure to deliver any motor vehicle or part shall not be considered a violation of this section if the failure is due to acts of God, work stoppages, or delays due to strikes or labor difficulties, freight embargoes, or other causes over which the applicant or licensee has no control. Failure to deliver parts or components for the current, and 5 preceding year, models within 60 days from date of order shall be deemed prima facie unreasonable.

(13) The applicant or licensee has sold, exchanged, or rented a motorcycle or motor scooter which produces in excess of five brake horsepower, knowing the use thereof to be by, or intended for, the holder of a restricted Florida driver's license.

(14) The applicant or licensee has engaged in previous conduct which would have been a ground for revocation or suspension of a license if the applicant had been licensed.

**History.**—s. 5, ch. 20236, 1941; s. 4, ch. 59-351; s. 9, ch. 70-424; s. 1, ch. 70-439; s. 3, ch. 76-168; s. 1, ch. 77-457.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

#### **§320.641 Unfair cancellation of franchise agreements.—**

(1)(a) An applicant or licensee shall notify the motor vehicle dealer and forward a copy of such notice to the department of the licensee's intention to discontinue, cancel, or fail to renew the franchise agreement of any of its motor vehicle dealers at least 90 days before the effective date thereof, together with the specific grounds for discontinuation, cancellation, or failure to renew of said agreement, if discontinued, canceled, or not renewed.

(b) The failure by licensee to comply with the 90-day notice period and procedure prescribed here-

in shall render voidable, at the option of the motor vehicle dealer, any discontinuation, cancellation or nonrenewal of any franchise agreement. Designation of a franchise agreement at a specific location as a "nondesignated point" shall be deemed an evasion of this section and shall constitute an unfair cancellation.

(2) Franchise agreements are deemed to be continuing unless the applicant or licensee has notified the department of the discontinuation of, cancellation of, or failure to renew the agreement of any of its motor vehicle dealers, and annual renewal of the license provided for under ss. 320.60-320.70 is not necessary for any cause of action against licensee.

(3) Any motor vehicle dealer whose franchise agreement is discontinued, canceled, or not renewed may, within such 90-day notice period, file with the department a verified complaint in triplicate for a determination of unfair discontinuation or cancellation. Agreements and certificates of appointment shall continue in effect until final determination by the department of the issues raised in such complaint by the motor vehicle dealer, and no replacement motor vehicle dealer shall be named for this point or location to engage in business prior to the final adjudication by the department on the discontinuation, cancellation, or failure to renew.

(4) If said complainant motor vehicle dealer prevails, he shall have a cause of action against the defendant for reasonable attorneys' fees and costs incurred by him in such proceeding for unfair discontinuation, cancellation or failure to renew, pursuant to this section.

**History.**—s. 9, ch. 70-424; s. 1, ch. 70-439; s. 3, ch. 76-168; s. 1, ch. 77-457.  
**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

**§320.642 Dealer licenses in areas previously served.**—The department shall deny an application for a motor vehicle dealer license in any community or territory where the licensee's presently licensed franchised motor vehicle dealer or dealers have complied with licensee's agreements and are providing adequate representation in the community or territory for such licensee. The burden of proof in showing inadequate representation shall be on the licensee.

**History.**—s. 9, ch. 70-424; s. 1, ch. 70-439; s. 3, ch. 76-168; s. 1, ch. 77-457.  
**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

**§320.664 Reinstatement of license.**—When any license has been revoked or suspended by the department pursuant to the provisions of ss. 320.60-320.70, the department may for good cause reinstate the license of any former licensee under ss. 320.60-320.70, if it determines that the former licensee is rehabilitated, meets the requirements of ss. 320.60-320.70, files an application for license pursuant to s. 320.63, and complies with ss. 320.60-320.70.

**History.**—s. 10, ch. 70-424; s. 1, ch. 70-439; s. 3, ch. 76-168; s. 1, ch. 77-457; s. 20, ch. 78-95.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

to that date.

**1320.665 Hearing procedures relating to licensing of manufacturers, distributors, etc.**—In the event the department shall conduct any hearing pursuant to the provisions of ss. 320.60-320.70, the hearing shall be conducted pursuant to chapter 120, and the Director of the Division of Motor Vehicles of the Department of Highway Safety and Motor Vehicles shall have the power to conduct such hearings, notwithstanding the provisions of s. 120.57(1)(a), and the director shall thereupon make his rulings and orders, which shall constitute final agency action. The director shall have the further power in hearings arising under ss. 320.60-320.70 to determine the place in the state where they shall be held. Any information obtained from a hearing may not be used against such licensee as the basis for a criminal prosecution under the laws of this state.

**History.**—s. 11, ch. 70-424; s. 1, ch. 70-439; s. 3, ch. 76-168; s. 29, ch. 77-357; s. 1, ch. 77-457; s. 20, ch. 78-95.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

**1320.67 Inspection of books, etc., of licensee.**—

(1) The department may inspect the pertinent books, records, letters, and contracts of a licensee relating to any written complaint made to it against such licensee.

(2) In the exercise of its duties under this section, the department is granted and authorized to exercise the power of subpoena for the attendance of witnesses and the production of any documentary evidence necessary to the disposition by it of any written complaint under this section. Any information obtained may not be used against the licensee as the basis for a criminal prosecution under the laws of this state.

**History.**—s. 8, ch. 20236, 1941; s. 6, ch. 65-190; ss. 24, 35, ch. 69-106; s. 12, ch. 70-424; s. 1, ch. 70-439; s. 3, ch. 76-168; s. 1, ch. 77-457.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

**1320.68 Revocation of license held by firms or corporations.**—If an applicant or licensee is a firm or corporation, it shall be sufficient cause for the denial, suspension, or revocation of a license that any officer, director, or trustee of the firm or corporation, or any member in case of a partnership, has been guilty of an act or omission which would be cause for refusing, suspending, or revoking a license to such party as an individual. Each licensee shall be responsible for the acts of any of its employees while acting as its agent if the licensee approved of or had knowledge of the acts or other similar acts and after such approval or knowledge retained the benefits, proceeds, profits, or advantages accruing from the acts or otherwise ratified the acts.

**History.**—s. 9, ch. 20236, 1941; s. 13, ch. 70-424; s. 3, ch. 76-168; s. 1, ch. 77-457.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

**1320.69 Rules and regulations.**—The department may make such rules and regulations as it

shall deem necessary or proper for the effective administration and enforcement of this law.

**History.**—s. 10, ch. 20236, 1941; s. 6, ch. 65-190; ss. 24, 35, ch. 69-106; s. 3, ch. 76-168; s. 1, ch. 77-457.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

**1320.694 Advisory council.**—The department shall appoint an advisory council, consisting of not more than seven members. The council shall be composed as follows: Three franchised motor vehicle dealers, licensed under s. 320.27; one manufacturer, distributor, or importer, licensed under ss. 320.60-320.70; and two members of the public, who shall represent the consumers of this state. The director of the Division of Motor Vehicles shall be chairman of the council. The council upon request of the department shall advise and assist the department in the administration of ss. 320.60-320.70. The members of the council shall receive no compensation for their services, except that per diem may be paid upon authorization of the department, pursuant to s. 112.061.

**History.**—s. 14, ch. 70-424; s. 1, ch. 70-439; s. 3, ch. 76-168; s. 1, ch. 77-457; s. 4, ch. 78-323.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date. Repealed by s. 4, ch. 78-323, effective October 1, 1981, except for the possible effect of laws affecting this section prior to that date.

**1320.695 Injunction.**—In addition to the remedies provided in this chapter, and notwithstanding the existence of any adequate remedy at law, the department, or any motor vehicle dealer in the name of the department and state and for the use and benefit of the motor vehicle dealer, is authorized to make application to any circuit court of the state for the grant, upon a hearing and for cause shown, of a temporary or permanent injunction, or both, restraining any person from acting as a licensee under the terms of ss. 320.60-320.70 without being properly licensed hereunder, or from violating or continuing to violate any of the provisions of ss. 320.60-320.70, or from failing or refusing to comply with the requirements of this law or any rule or regulation adopted hereunder. Such injunction shall be issued without bond. A single act in violation of the provisions of ss. 320.60-320.70 shall be sufficient to authorize the issuance of an injunction. However, this statutory remedy shall not be applicable to any motor vehicle dealer after final determination by the department under s. 320.641(3).

**History.**—s. 15, ch. 70-424; s. 1, ch. 70-439; s. 3, ch. 76-168; s. 1, ch. 77-457.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

**1320.696 Warranty responsibility.**—The licensee shall reasonably compensate any authorized motor vehicle dealer who performs work to rectify the licensee's product or warranty defects or fulfills delivery and preparation obligations. In the determination of what constitutes reasonable compensation under this section, the factors to be given consideration shall include, among others, the compensation being paid by other licensees to their dealers, the prevailing wage rate being paid by the dealers, and the prevailing labor rate being charged by the deal-

ers, in the city or community in which the dealer is doing business.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

**320.697 Civil damages.**—Any person suffering pecuniary loss because of a violation by a licensee of ss. 320.60-320.70, notwithstanding the existence of any other remedies under ss. 320.60-320.70, shall have a cause of action against the licensee for damages, and may recover damages therefor in any court of competent jurisdiction in an amount equal to three times the pecuniary loss, together with costs and a reasonable attorney's fee to be assessed by the court. Upon a prima facie showing by the person bringing the action that such a violation by the licensee occurred, the burden of proof shall then be upon the licensee to prove that such violation or unfair practice did not occur.

**History.**—s. 17, ch. 70-424; s. 3, ch. 76-168; s. 96, ch. 77-104; s. 1, ch. 77-457.

**320.698 Civil fines; procedure.**—In addition to the exercise of other powers under ss. 320.60-320.70, the department is authorized to assess, impose, levy, and collect by legal process civil fines against licensees as follows:

(1) The department may fine any licensee who refuses to furnish all information required under s. 320.63, furnishes erroneous information, or fails to notify the department of any revisions or changes in information as they occur a sum not exceeding \$1,000, and such fine may be levied for each and every such violation.

(2) The department may fine any licensee a sum not exceeding \$5,000 when such licensee, or an agent or employee thereof, is adjudged by the department to be guilty of a violation of s. 320.64, and the fine may be levied for each and every such violation.

(3) Any licensee shall be entitled to a hearing pursuant to chapter 120 should said licensee wish to contest the fine levied, or about to be levied, upon the licensee.

(4) The department may waive or suspend any fine authorized hereunder upon a showing of good cause by the licensee for failure to comply with ss. 320.60-320.70.

**History.**—s. 18, ch. 70-424; s. 1, ch. 70-439; s. 3, ch. 76-168; s. 1, ch. 77-457; s. 20, ch. 78-95.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

**320.70 Penalties for violation.**—Any person being a manufacturer, factory branch, or factory representative, who violates any provision of ss. 320.61-320.70, or who does any act enumerated in s. 320.64 as a ground for the denial, suspension or revocation of a license, shall be guilty of a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective

July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

### **320.71 Nonresident motor vehicle, mobile home, or recreational vehicle dealer's license.**—

Any person who is a nonresident of the state, who does not have a dealer's contract from the manufacturer or manufacturer's distributor of motor vehicles, mobile homes, or recreational vehicles authorizing the sale thereof in definite Florida territory, and who sells or engages in the business of selling said vehicles at retail within the state shall pay a license tax of \$750 per annum in each county where such sales are made; \$500 of said tax shall be transmitted to the Department of Banking and Finance to be deposited in the General Revenue Fund of the state, and \$250 thereof shall be returned to the county. The license tax shall cover the period from January 1 to the following December 31, and no such license shall be issued for any fractional part of a year.

**History.**—s. 1, ch. 20851, 1941; s. 2, ch. 57-388; ss. 12, 35, ch. 69-106; s. 30, ch. 77-357.

### **320.77 License required of mobile home dealers.**—

(1) **DEFINITIONS.**—The following words, terms, and phrases, when used in this section, shall have the meanings respectively ascribed to them in this subsection, except where the context clearly indicates a different meaning:

(a) "Director" means the director of the Division of Motor Vehicles of the Department of Highway Safety and Motor Vehicles.

(b) "Mobile home dealer" means any person engaged in the business of buying, selling, or dealing in mobile homes or recreational vehicles or offering or displaying mobile homes or recreational vehicles for sale. Any person who buys, sells, or deals in three or more mobile homes or recreational vehicles in any 12-month period or who offers or displays for sale three or more mobile homes or recreational vehicles in any 12-month period shall be prima facie presumed to be engaged in the business of mobile home dealer. The terms "selling" and "sale" include lease-purchase transactions. The term "mobile home dealer" does not include banks and finance companies that acquire mobile homes or recreational vehicles as an incident to their regular business and does not include mobile home rental and leasing companies that sell mobile homes or recreational vehicles to mobile home dealers licensed under this section.

(c) For the purposes of this section, the term "recreational vehicle" shall not include camping trailers as defined in subparagraph 320.01(1)(b)2.

(2) **LICENSE REQUIRED.**—No person shall engage in business as, or serve in the capacity of, a mobile home dealer in this state without first obtaining a license as provided in this section. Motor vehicle dealers licensed under s. 320.27 shall not be required to obtain the license provided in this section to sell motor homes as defined in subparagraph 320.01(1)(b)4.

(3) **APPLICATION AND FEE.**—The application for said license shall be in the form prescribed by the department and subject to such rules and regulations as may be so prescribed by it. The application

shall be verified by oath or affirmation and shall contain:

(a) A full statement of the name and the date of birth of the person or persons applying therefor.

(b) The name of the firm or copartnership with the names and places of residence of all its members, if the applicant is a firm or copartnership.

(c) The names and places of residence of the principal officers, if the applicant is a body corporate or other artificial body.

(d) The name of the state under whose laws the corporation is organized.

(e) The former place or places of residence of the applicant.

(f) The prior business or businesses in which the applicant has been engaged and the location thereof.

The application shall describe the exact location of the place of business, when it was acquired, and whether it is owned in fee simple by the applicant. If leased, a true copy of the lease shall be attached to the application. The applicant shall certify that the location is a permanent one, not a tent or a temporary stand or other temporary quarters, and that the location affords sufficient unoccupied space upon and within which adequately to store all mobile homes and recreational vehicles offered and displayed for sale and is a suitable place in which the applicant can in good faith carry on business and keep and maintain books, records, and files necessary to conduct such business, which will be available at all reasonable hours to inspection by the department or any of its inspectors or other employees. The applicant shall certify that the business of a mobile home dealer is the principal business which shall be conducted at the said location; however, this provision shall not apply to mobile home park operators licensed as mobile home dealers. The application shall contain a statement that the applicant is either franchised by a manufacturer of mobile homes or recreational vehicles, in which case the name of each mobile home or recreational vehicle that the applicant is franchised to sell shall be included, or an independent (nonfranchised) mobile home dealer. The application shall contain such other relevant information as may be required by the department. The application shall be accompanied by a sworn statement of two reputable persons from the community in which the applicant's principal place of business is to be located, certifying to the good moral character of the person or persons applying for the license and certifying that the facts set forth in the application are true. Upon making such application, the applicant shall pay to the department a fee of \$100 in addition to any other fees now required by law. The department shall, if it deems it necessary, cause an investigation to be made to ascertain if the facts set forth in the application are true and shall not issue a license to the applicant until it is satisfied that the facts set forth in the application are true. Upon making an application for a change of location, the applicant shall pay a fee of \$25 in addition to any other fees required by law.

(4) LICENSE CERTIFICATE.—A license certificate shall be issued by the department in accordance with the application when the same shall be regular

in form and in compliance with the provisions of this section. The license, when so issued, shall entitle the licensee to carry on and conduct the business of a mobile home dealer at the location set forth in the license for a period of 1 year from October 1, preceding the date of issuance.

(5) SUPPLEMENTAL LICENSE.—Any person licensed pursuant to this section shall be entitled to operate one or more additional places of business under a supplemental license for each such business, if the ownership of each business is identical to that of the principal business for which the original license is issued. Each supplemental license shall run concurrently with the original license and shall be issued upon application by the licensee on a form to be furnished by the department and payment of a fee of \$25 for each such license. Only one licensed dealer shall operate at the same place of business.

(6) RECORDS TO BE KEPT BY LICENSEE.—Every licensee shall keep a book or record in such form as may be prescribed or approved by the department, in which he shall keep a record of the purchase, sale or exchange, or receipt for the purpose of sale, of any mobile home or recreational vehicle, and a description thereof, together with the name and address of the seller, the purchaser, and the alleged owner or other person from whom the mobile home or recreational vehicle was purchased or received or to whom it was sold or delivered, as the case may be. The description shall include the identification or serial number and such other numbers or identification marks as may be thereon. The description shall also include a statement that a number has been obliterated, defaced, or changed, if such is the fact.

(7) EVIDENCE OF TITLE REQUIRED.—The licensee shall also have in his possession for each new mobile home or recreational vehicle a manufacturer's invoice or statement of origin, and for each used mobile home or recreational vehicle, a properly assigned certificate of title or registration certificate, if the used mobile home or recreational vehicle was previously registered in a nontitle state, from the time the mobile home or recreational vehicle is delivered to him until it has been disposed of by him.

(8) PENALTY.—Any person found guilty of violating any of the provisions of this section shall be deemed guilty of a misdemeanor and shall be punished by a fine of not less than \$250 or more than \$1,000 or by imprisonment in the county jail for not less than 30 or more than 90 days, or both, as the court may decree.

(9) INJUNCTION.—In addition to the remedies provided in this chapter, and notwithstanding the existence of any adequate remedy at law, the department is authorized to make application to any Circuit Court of the state, and the circuit court shall have jurisdiction, upon a hearing and for cause shown, to grant a temporary or permanent injunction, or both, restraining any person from acting as a mobile home dealer under the terms of this section who is not properly licensed or who violates or fails or refuses to comply with any of the provisions of chapters 319 and 320, or any rule or regulation adopted thereunder. Such injunction shall be issued without bond. A single act in violation of the provi-

sions of chapter 319 or chapter 320 shall be sufficient to authorize the issuance of an injunction.

(10) **SUSPENSION OR REVOCATION.**—The department may suspend or revoke any license issued hereunder for a violation of any provision of this section or of any other law of this state having to do with dealing in mobile homes or recreational vehicles or for perpetrating a fraud upon any person as a result of said dealing in mobile homes or recreational vehicles.

(11) **BOND.**—Annually, before any license shall be issued to a mobile home or recreational vehicle dealer, the applicant shall deliver to the department a good and sufficient surety bond, executed by the applicant as principal and by a surety company qualified to do business in the state as surety, in an amount as provided in this section. The bond shall be in a form to be approved by the department and shall be conditioned upon the mobile home dealer's complying with the conditions of any written contract made by him in connection with the sale or exchange of any mobile home or recreational vehicle and his not violating any of the provisions of chapters 319 or 320 in the conduct of the business for which he is licensed. The bond shall be to the department and in favor of any retail customer who shall suffer any loss as a result of any violation of the conditions hereinabove contained. The bond shall be for the license period, and a new bond or a proper continuation certificate shall be delivered to the department at the beginning of each license period. However, the aggregate liability of the surety in any one year shall, in no event, exceed the sum of such bond. The amount of the bond required shall be determined as follows:

(a) A single dealer who buys, sells, or deals in mobile homes and who has four or less supplemental licenses shall provide a surety bond in the amount of \$25,000.

(b) A single dealer who buys, sells, or deals in mobile homes and who has more than four supplemental licenses shall provide a surety bond in the amount of \$50,000.

(c) A single dealer who buys, sells, or deals in recreational vehicles and has four or less supplemental licenses shall provide a surety bond in the amount of \$10,000.

(d) A single dealer who buys, sells, or deals in recreational vehicles and who has more than four supplemental licenses shall provide a surety bond in the amount of \$20,000.

For the purposes of this subsection, any person who buys, sells, or deals in both mobile homes and recreational vehicles shall provide the same surety bond required of dealers who buy, sell, or deal only in mobile homes.

**320.822 Definitions.**—In construing ss. 320.8225-320.864, unless the context otherwise requires, the following words or phrases have the following meaning:

(1) "Mobile home manufacturer" means any person, resident or nonresident, who, as a trade or commerce, manufactures or assembles mobile homes or recreational vehicles or converts van type vehicles in such manner that they then qualify as a recreational vehicle, for sale in Florida.

(2) "Mobile home dealer" means any person engaged in the business of buying, selling, or dealing in mobile homes or recreational vehicles or offering or displaying mobile homes or recreational vehicles for sale. Any person who buys, sells, or deals in three or more mobile homes or recreational vehicles in any 12-month period or who offers or displays for sale three or more mobile homes or recreational vehicles in any 12-month period shall be prima facie presumed to be engaged in the business of a mobile home dealer. The terms "selling" and "sale" include lease-purchase transactions. The term "mobile home dealer" does not include banks and finance companies that acquire mobile homes or recreational vehicles as an incident to their regular business and does not include mobile home rental and leasing companies that sell mobile homes or recreational vehicles to mobile home dealers licensed under s. 320.77.

(3) "Code" means the appropriate standards found in:

(a) The Federal Mobile Home Construction and Safety Standards for single family mobile homes, promulgated by the Department of Housing and Urban Development;

(b) The Uniform Standards Code approved by the United States of America Standards Institute, ANSI A-119.1 for duplex mobile homes;

(c) The Uniform Standards Code approved by the United States of America Standards Institute, ANSI A-119.2 for recreational vehicles; or

(d) The Used Mobile Home or Recreational Vehicle Code.

(4) "Seal" or "label" means a device issued by the department certifying that a mobile home or recreational vehicle meets the appropriate code, which device is to be displayed on the exterior of the mobile home or recreational vehicle.

(5) "Construction" means the minimum requirements for materials, products, equipment, and workmanship needed to assure that the mobile home or recreational vehicle will provide structural strength and rigidity, protection against corrosion, decay, and other similar destructive forces, resistance to the elements, and durability and economy of maintenance.

(6) "Buyer" means a person who purchases at retail from a dealer or manufacturer a mobile home or recreational vehicle for his own use as a residence, or other related use.

(7) "Setup" means the operations performed at the occupancy site which render a mobile home fit for habitation. Such operations include, but are not limited to, transporting, positioning, blocking, leveling, supporting, tying down, connecting utility systems, making minor adjustments, or assembling multiple or expandable units.

(8) "Supplier" means the original producer of completed components, including refrigerators, stoves, hot water heaters, dishwashers, cabinets, air-conditioners, heating units, and similar components,

which are furnished to a manufacturer or dealer for installation in the mobile home or recreational vehicle prior to sale to a buyer.

(9) "Substantial defect" means:

(a) Any substantial deficiency or defect in materials or workmanship occurring to a mobile home or recreational vehicle which has been reasonably maintained and cared for in normal use.

(b) Any structural element, utility system, or component of the mobile home or recreational vehicle, which fails to comply with the code.

(10) "Licensee" means any person licensed or required to be licensed under s. 320.8225.

(11) "Institute" means the United States of America Standards Institute.

(12) "Responsible party" means a manufacturer, dealer, or supplier.

(13) "Length," for purposes of transportation only, means the distance from the extreme front of the mobile home to the extreme rear, including the drawbar and coupling mechanism, but not including expandable features that do not project from the body during transportation.

(14) "Length of a mobile home" means the distance from the exterior of the front wall (nearest to the drawbar and coupling mechanism) to the exterior of the rear wall (at the opposite end of the home) where such walls enclose living or other interior space and such distance includes expandable rooms but not bay windows, porches, drawbars, couplings, hitches, wall and roof extensions, or other attachments.

(15) "Width of a mobile home" means the distance from the exterior of one side wall to the exterior of the opposite side wall where such walls enclose living or other interior space and such distance includes expandable rooms but not bay windows, porches, wall and roof extensions, or other attachments.

**History.**—s. 3, ch. 67-350; ss. 24, 35, ch. 69-106; s. 96, ch. 71-377; s. 2, ch. 74-169; s. 3, ch. 75-203; s. 1, ch. 76-195; s. 1, ch. 77-174; s. 33, ch. 77-357; s. 2, ch. 78-221.

cf.—s. 320.01 Mobile home defined.

### **320.8225 Mobile home and recreational vehicle manufacturer's license.—**

(1) **LICENSE REQUIRED.**—Any person who engages in the business of a mobile home or recreational vehicle manufacturer in this state, or who manufactures mobile homes or recreational vehicles out-of-state which are ultimately offered for sale in this state, shall obtain annually a license for each factory location in this state and for each factory location out of state which manufactures mobile homes or recreational vehicles for sale in this state, prior to distributing mobile homes or recreational vehicles for sale in this state.

(2) **APPLICATION.**—The application for a license shall be in the form prescribed by the department and shall contain sufficient information to disclose the identity, location, and responsibility of the applicant. The application shall also include a copy of the warranty and a complete statement of any service agreement or policy to be utilized by the applicant, any information relating to the applicant's solvency and financial standing, and any other pertinent matter commensurate with safeguarding the public. The department may prescribe an abbreviated application for renewal of a license if the licensee

has previously filed an initial application pursuant to this section. The application for renewal shall include any information necessary to bring current the information required in the initial application.

(3) **FEE.**—The applicant or licensee, upon applying for or renewing a license under this section, shall submit a nonrefundable fee of \$100. All fees shall be deposited in the General Revenue Fund.

(4) **NONRESIDENT.**—Any person applying for a license who is not a resident of this state shall have designated an agent for service of process pursuant to s. 48.181.

### **(5) REQUIREMENT OF ASSURANCE.—**

(a) Annually, prior to the receipt of a license to manufacture mobile homes, the applicant or licensee shall submit a surety bond, or evidence of an insurance program, sufficient to assure satisfaction of claims against the licensee for failure to comply with appropriate code standards, failure to provide warranty service, or violation of any provisions of this section. The amount of the surety bond or program of insurance shall be \$2,000 per mobile home manufactured in the prior license year, up to a maximum of \$50,000. When no mobile homes were produced in the prior year, the amount of bond or insurance program required shall be based on the estimated number of mobile homes to be produced during the current year. The surety bond or insurance program shall be to the department, in favor of any retail customer who shall suffer loss arising out of noncompliance with code standards or failure to honor or provide warranty service. The department shall have the right to disapprove any bond or insurance program which does not provide assurance as provided in this section. The department is authorized to promulgate rules and regulations pursuant to chapter 120 consistent with this section in providing assurance of satisfaction of claims.

(b) Annually, prior to the receipt of a license to manufacture recreational vehicles, the applicant or licensee shall submit a surety bond, or evidence of an insurance program, sufficient to assure satisfaction of claims against the licensee for failure to comply with appropriate code standards, failure to provide warranty service, or violation of any provisions of this section. The amount of the surety bond or program of insurance shall be \$10,000 per year. The surety bond or insurance program shall be to the department, in favor of any retail customer who shall suffer loss arising out of noncompliance with code standards or failure to honor or provide warranty service. The department shall have the right to disapprove any bond or insurance program which does not provide assurance as provided in this section. The department is authorized to promulgate rules and regulations pursuant to chapter 120 consistent with this section in providing assurance of satisfaction of claims.

(6) **LICENSE YEAR.**—A license issued to a mobile home manufacturer entitles the licensee to conduct the business of a mobile home manufacturer for a period of 1 year from October 1 preceding the date of issuance.

(7) **DENIAL OF LICENSE.**—The department may deny a mobile home manufacturer's license on the ground that:

(a) The applicant has made a material misstatement in his application for a license.

(b) The applicant has failed to comply with any applicable provision of this chapter.

(c) The applicant has failed to provide warranty service.

(d) The applicant or one or more of his principals or agents has violated any law, rule, or regulation relating to the manufacture or sale of mobile homes or recreational vehicles.

(e) The department has proof of unfitness of the applicant.

(f) The applicant or licensee has engaged in previous conduct in any state which would have been a ground for revocation or suspension of a license in this state.

Upon denial of a license, the department shall notify the applicant within 10 days, stating in writing its grounds for denial. The applicant is entitled to a public hearing and may request that such hearing be held within 45 days of denial of the license. All proceedings shall be pursuant to chapter 120.

**(8) REVOCATION OR SUSPENSION OF LICENSE.**—The department may revoke or suspend any license for a violation of this chapter or any other law of this state regarding the manufacturing, warranty, or sale of mobile homes or recreational vehicles. When any license has been revoked or suspended by the department, it may be reinstated if the department finds that the former licensee has complied with all applicable requirements of this chapter and an application for a license is refiled pursuant to this section.

**History.**—s. 3, ch. 74-169; s. 4, ch. 75-203; s. 34, ch. 77-357; s. 20, ch. 78-95. cf.—s. 320.861 Inspection of books, etc., of licensee.

s. 320.862 Revocation of license held by firms or corporations.

**320.823 Establishment of uniform mobile home standards.**—Each single-family mobile home manufactured in this state or manufactured outside this state but sold or offered for sale in this state shall meet the Federal Mobile Home Construction and Safety Standards, promulgated by the Department of Housing and Urban Development. Each duplex mobile home manufactured in this state or manufactured outside this state but sold or offered for sale in this state shall meet the Uniform Standards Code ANSI book A-119.1 approved by the institute. Such standards shall include, but not be limited to, standards for body and frame construction and the installation of plumbing, heating, and electrical systems.

**History.**—s. 4, ch. 67-350; s. 5, ch. 75-203; s. 35, ch. 77-357.

**320.8231 Establishment of uniform standards for recreational vehicle-type units.**—Each recreational vehicle-type unit, as defined in paragraph 320.01(1)(b), manufactured in this state or manufactured outside this state but sold or offered for sale in this state shall meet the Uniform Standards Code ANSI book A-119.2, approved by the American National Standards Institute. Such standards shall include, but not be limited to, standards for the installation of plumbing, heating, electrical

systems, and fire and life safety in recreational vehicle-type units.

**History.**—s. 6, ch. 75-203; s. 35, ch. 77-357.

**320.8232 Establishment of uniform standards for used mobile homes or recreational vehicles.**—Each used mobile home or recreational vehicle manufactured after January 1, 1968, and sold or offered for sale in this state by a mobile home dealer or manufacturer shall meet the standards of the Used Mobile Home or Recreational Vehicle Code. The provisions of said code shall insure safe and livable housing and shall not be more stringent than those standards required to be met in the manufacture of mobile homes and recreational vehicles. Such provisions shall include, but not be limited to, standards for structural adequacy, plumbing, heating, electrical systems, and fire and life safety.

**History.**—s. 36, ch. 77-357.

**320.824 Rules and regulations, changes and modifications of standards.**—

(1) The department may make such rules and regulations as it shall deem necessary or proper for the effective administration and enforcement of ss. 320.822-320.864 and may adopt and promulgate any changes in, or additions to, the standards adopted in s. 320.823 or s. 320.8231, which are approved and officially published by the institute or promulgated by the Department of Housing and Urban Development subsequent to the effective date of this act.

(2) The department or its authorized agent may enter any place or establishment where mobile homes or recreational vehicles are manufactured, sold, or offered for sale, for the purpose of ascertaining whether the requirements of the code and the regulations adopted by the department have been met.

**History.**—s. 5, ch. 67-350; ss. 24, 35, ch. 69-106; s. 37, ch. 77-357; s. 67, ch. 79-164.

**320.8245 Limitation of alteration or modification to mobile homes or recreational vehicles.**—

(1) **LIMITATION OF ALTERATIONS OR MODIFICATIONS.**—No alteration or modification shall be made to a mobile home or recreational vehicle by a licensed dealer after shipment from the manufacturer's plant unless such alteration or modification is authorized in this section.

(2) **EFFECT ON MOBILE HOME WARRANTY.**—Unless an alteration or modification is performed by a qualified person as defined in subsection (4), the warranty responsibility of the manufacturer as to the altered or modified item shall be void.

(a) An alteration or modification performed by a mobile home or recreational vehicle dealer or his agent or employee shall place warranty responsibility for the altered or modified item upon the dealer. If the manufacturer fulfills, or is required to fulfill, the warranty on the altered or modified item, he shall be entitled to recover damages in the amount of his costs and attorneys' fees from the dealer.

(b) An alteration or modification performed by a mobile home or recreational vehicle owner or his agent shall render the manufacturer's warranty as to that item void. A statement shall be displayed

clearly and conspicuously on the face of the warranty that the warranty is void as to the altered or modified item if the alteration or modification is performed by other than a qualified person. Failure to display such statement shall result in warranty responsibility on the manufacturer.

(3) **AUTHORITY OF THE DEPARTMENT.**—The department is authorized to promulgate rules and regulations pursuant to chapter 120 which define the alterations or modifications which must be made by qualified personnel. The department may regulate only those alterations and modifications which substantially impair the structural integrity or safety of the mobile home.

(4) **DESIGNATION AS A QUALIFIED PERSON.**—

(a) In order to be designated as a person qualified to alter or modify a mobile home or recreational vehicle, a person must comply with local or county licensing or competency requirements in skills relevant to performing alterations or modifications on mobile homes or recreational vehicles.

(b) When no local or county licensing or competency requirements exist, the department may certify persons to perform mobile home alterations or modifications. The department shall by rule or regulation determine what skills and competency requirements are requisite to the issuance of a certification. A fee sufficient to cover the costs of issuing certifications may be charged by the department. The certification shall be valid for a period which terminates when the county or other local governmental unit enacts relevant competency or licensing requirements. The certification shall be valid only in counties or localities without licensing or competency requirements.

(c) The department shall determine which counties and localities have licensing or competency requirements adequate to eliminate the requirement of certification. This determination shall be based on a review of the relevant county or local standards for adequacy in regulating persons who perform alterations or modifications to mobile homes. The department shall find local or county standards adequate when minimal licensing or competency standards are provided.

**History.**—s. 4, ch. 74-169; s. 38, ch. 77-357.

**320.8255 Mobile home and recreational vehicle inspection.**—

(1) In order to insure the highest degree of quality control in the construction of mobile homes and recreational vehicles, each new or used mobile home or recreational vehicle sold in the state shall be inspected by the department pursuant to procedures developed by the department which assure compliance with code provisions. The department may make reasonable rules and regulations pursuant to chapter 120 for the implementation and enforcement of this inspection.

(2) Department inspectors shall make unannounced visits to manufacturing plants or take any other appropriate action which assures compliance with the code.

(3) The department shall determine a fee for the seal authorized under s. 320.827 which is sufficient to cover the cost of inspection and administration

under this section. Fees collected for the seals shall be deposited in the General Revenue Fund.

(4) In order to carry out the inspection requirements of this section, there is appropriated from the General Revenue Fund \$1,807,856 for the purpose of providing one department employee for every 750 seals issued by the department in 1973.

**History.**—s. 5, ch. 74-169; s. 39, ch. 77-357.

**320.827 Seal or label; procedures for issuance; certification; requirements.**—No dealer shall sell or offer for sale in this state any new mobile home or recreational vehicle, or used mobile home or recreational vehicle, manufactured after January 1, 1968, unless the mobile home or recreational vehicle bears a seal or label and the certification by the manufacturer, or by the dealer in the case of a used mobile home or recreational vehicle, that the mobile home or recreational vehicle to which the seal is attached meets or exceeds the appropriate code. Seals or labels may be issued by the department when applied for with an affidavit certifying that the dealer or manufacturer applying will not attach a seal or label to any new or used mobile home or recreational vehicle that does not meet or exceed the appropriate code. No mobile home or recreational vehicle may be manufactured in this state unless it bears a seal or label and certification that the mobile home or recreational vehicle meets or exceeds the code. The seal or label for each mobile home or recreational vehicle shall be displayed in a manner to be prescribed by the department.

**History.**—s. 8, ch. 67-350; s. 7, ch. 75-203; s. 40, ch. 77-357.

**320.8285 Onsite inspection.**—

(1) On or before January 1, 1975, each county in this state shall prepare and adopt a plan providing for an onsite inspection of each new mobile home located within such county. The onsite inspection shall insure compliance with state and local building codes, ordinances, and regulations regarding such functions as blocking and leveling, tie-downs, utility connections, conversions of appliances, and external improvements on the mobile home. If a mobile home is manufactured in conformity with the code, as established in s. 320.823, a county may not require modification of the mobile home in order to comply with local tie-down regulations.

(2) When a county has not prepared and adopted a plan providing for onsite inspection by January 1, 1975, the department shall prepare a minimum onsite inspection plan for such county. The department may promulgate reasonable rules and regulations pursuant to chapter 120 in preparing and enforcing such a minimum onsite inspection plan.

(3) Each county may designate the persons who are to perform the onsite inspection. If a county does not so designate, the department shall designate the persons who are to perform the onsite inspection. No person shall be designated to perform onsite inspections unless such person is competent in the areas of mobile home blocking and leveling, tie-downs, utility connections, conversions of appliances, and external improvements. Pursuant to the onsite inspection, each mobile home shall be issued a certificate of occupancy if the mobile home complies with state and local building codes, ordinances, and regulations

regarding such functions as blocking and leveling, tie-downs, utility connections, conversion of appliances, and external improvements to the mobile home.

(4) Fees for onsite inspections and certificates of occupancy of mobile homes shall be reasonable for the services performed. A guideline for fee schedules shall be issued by the department.

(5) The Department of Highway Safety and Motor Vehicles shall enforce every provision of this section and the regulations adopted pursuant thereto, except that local land use and zoning requirements, fire zones, building set back and side and rear yard requirements, site development and property line requirements, subdivision control, and onsite installation requirements, as well as review and regulation of architectural and aesthetic requirements, are hereby specifically and entirely reserved to local jurisdictions. Such local requirements and regulations and others must be reasonable, uniformly applied, and enforced without distinctions as to whether such housing is manufactured, located in a mobile home park or a mobile home subdivision, or built in a conventional manner.

**History.**—s. 6, ch. 74-169; s. 10, ch. 75-203; s. 1, ch. 77-174.

**320.830 Reciprocity.**—If any other state has codes for mobile homes or recreational vehicles at least equal to those established by this chapter, the department, upon determining that such standards are being enforced by an independent inspection agency, shall place the other state on a reciprocity list, which list shall be available to any interested person. Any mobile home or recreational vehicle which bears a seal of any state which has been placed on the reciprocity list may not be required to bear the seal of this state. A mobile home or recreational vehicle which does not bear the seal herein provided shall not be permitted to be manufactured or offered for sale by a manufacturer or dealer anywhere within the geographical limits of this state unless the mobile home or recreational vehicle is designated for delivery into another state which has not adopted a code entitling such state to be placed on the reciprocity list.

**History.**—s. 11, ch. 67-350; ss. 24, 35, ch. 69-106; s. 8, ch. 74-169; s. 8, ch. 75-203.

**320.831 Penalties.**—Any manufacturer, dealer, or inspector who violates or fails to comply with any of the provisions of ss. 320.822-320.864 or any of the rules and regulations promulgated by the department shall be guilty of a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083, or if applicable, penalized as provided in Title VI of the National Mobile Home Construction Safety Standard Act.

**History.**—s. 12, ch. 67-350; ss. 24, 35, ch. 69-106; s. 1, ch. 74-99; s. 41, ch. 77-357; s. 5, ch. 78-221.

**320.832 Legislative intent.**—Nothing herein shall act to nullify or supersede the provisions of chapter 527.

**History.**—s. 13, ch. 67-350; s. 3, ch. 76-168; s. 1, ch. 77-457.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior

to that date.

**320.8325 Mobile home tie-down requirements; minimum installation standards; injunctions, penalty.**—

(1) The owner of a mobile home shall secure the mobile home to the ground by the use of anchors and tie-downs so as to resist wind overturning and sliding. However, nothing herein shall be construed as requiring that anchors and tie-downs be installed to secure mobile homes which are permanently attached to a permanent structure. A permanent structure shall have a foundation and such other structural elements as are required pursuant to rules and regulations promulgated by the department which assure the rigidity and stability of the mobile home.

(a) A mobile home manufactured in accordance with the code standards and labeled "hurricane and windstorm resistive" shall be anchored to each anchor point provided on the mobile home. A mobile home not meeting these standards must be anchored with anchor points spaced as required by the department starting at each end of the mobile home.

(b) In addition, each mobile home shall be tied down by one of the following means:

1. A mobile home having built-in, over-the-roof ties shall be secured by the tie-down points, provided such built-in ties and points meet the standards promulgated by the department.

2. A mobile home not having built-in, over-the-roof ties and tie-down points meeting department standards shall be secured in accordance with standards promulgated by the department.

(2) The department shall promulgate rules and regulations setting forth minimum standards for the manufacture or installation of anchors, tie-downs, over-the-roof ties, or other reliable methods of securing mobile homes when over-the-roof ties are not suitable due to factors such as unreasonable cost, design of the mobile home, or potential damage to the mobile home. Such devices as required under this section, when properly installed, shall cause the mobile home to resist wind overturning and sliding. In promulgating such rules and regulations the department may make such discriminations regarding mobile home tie-down requirements as are reasonable when factors such as age, location, and practicality of tying down a mobile home are considered.

(3)(a) Persons licensed in this state to engage in the business of insuring mobile homes that are subject to the provisions of this section against damage from windstorm shall issue such insurance only if the mobile home has been anchored and tied down in accordance with the provisions of this section.

(b) In the event that a mobile home is insured against damage caused by windstorm and subsequently sustains windstorm damage of a nature that indicates that the mobile home was not anchored or tied down in the manner required by this section, the person issuing the policy shall not be relieved from meeting the obligations specified in the insurance policy with respect to such damage on the basis that the mobile home was not properly anchored or tied down.

(4) Whenever a person who engages in the business of installing anchors, tie-downs, or over-the-roof

ties or who engages in the business of manufacturing such devices for use in this state does so in a manner not in accordance with the minimum standards set forth by the department, a person aggrieved thereby may bring an action in the appropriate court for actual damages. In addition, the court may provide appropriate equitable relief including the enjoining of a violator from engaging in the business or from engaging in further violations. Whenever it is established to the satisfaction of the court that a willful violation has occurred, the court shall award punitive damages to the aggrieved party. The losing party may be liable for court costs and reasonable attorney's fees incurred by the prevailing party.

(5) In addition to other penalties provided in this section, the department or the state attorneys and their assistants are authorized to apply to the circuit courts within their respective jurisdictions, and such courts shall have jurisdiction, upon hearing and for cause shown, to grant a temporary or permanent injunction restraining any person engaging in the business of manufacturing anchors, tie-downs, or over-the-roof ties from manufacturing such devices in a manner not in accordance with the minimum standards set forth by the department or any person in the business of installing anchors, tie-downs, or over-the-roof ties from utilizing devices that do not meet the minimum standards set forth by the department or from installing such devices in a manner not in accordance with the minimum standards set forth by the department, whether or not there exists an adequate remedy at law, and such injunction shall issue without bond.

(6) This section shall only apply to mobile homes that are being used as dwelling places and that are located on a particular location for a period of time exceeding 14 days.

(7) For the purposes of this section, the definitions set forth in s. 320.822 apply.

**History.**—s. 6, ch. 73-182; s. 2, ch. 74-9.

**320.833 Retention, destruction, and reproduction of records.**—Records and documents of the Department of Highway Safety and Motor Vehicles, created in compliance with, and in the implementation of, chapters 319 and 320, shall be retained by the department as specified in record retention schedules established under the general provisions of chapter 119. Further, the department is hereby authorized:

(1) To destroy, or otherwise dispose of, those records and documents, in conformity with the approved retention schedules.

(2) To photograph, microphotograph, or reproduce on film, as authorized and directed by the approved retention schedules, whereby each page will be exposed in exact conformity with the original records and documents retained in compliance with the provisions of this section. Photographs or microphotographs in the form of film or print of any records, made in compliance with the provisions of this section, shall have the same force and effect as the originals thereof would have and shall be treated as originals for the purpose of their admissibility in

evidence. Duly certified or authenticated reproductions of such photographs or microphotographs shall be admitted in evidence equally with the original photographs or microphotographs.

**History.**—s. 5, ch. 65-190; ss. 24, 35, ch. 69-106; s. 1, ch. 77-443.  
**Note.**—Former s. 318.051.

**320.8335 Disclosure of manner used in determining length of mobile homes.**—When the length of the coupling mechanism is included in the overall length of a mobile home, any person who engages in the trade or commerce of selling mobile homes must disclose in writing to the buyer, before the buyer signs a contract for sale, that the length of the coupling mechanism has been included in the length of the mobile home. Any advertisement or other communication which describes a mobile home in terms of its length or width shall conform to the requirements of this section.

**History.**—s. 1, ch. 75-27; s. 3, ch. 78-221.

**320.834 Purpose.**—It is the legislature's intent to improve the general welfare and safety of mobile home residents in this state. The legislature finds that mobile homes have become a primary housing resource of many of the citizens of the state; that a growing awareness exists of problems in the quality of mobile homes which diminish their safety and value as housing units; that existing warranties offered by the mobile home industry to buyers are inadequate and do not provide a viable means of remedying quality and safety defects in mobile homes; and that it is the responsibility of the mobile home industry to provide mobile homes which are of reasonable quality and safety. Consistent with these findings, the legislature deems it necessary to further public interests of safety and welfare that the mobile home industry be responsible for mobile homes and that it assures the safety and quality of mobile homes. The legislature finds that the most efficient and economical way to assure quality and responsibility is to require all segments of the mobile home industry to warrant the quality of mobile homes.

**History.**—s. 16, ch. 74-68; s. 9, ch. 74-169.

**320.835 Mobile home and recreational vehicle warranties.**—Each manufacturer, dealer, and supplier of mobile homes or recreational vehicles shall warrant each new mobile home or recreational vehicle sold in this state and the setup of each such mobile home, in accordance with the warranty requirements prescribed by this section, for a period of at least 12 months, measured from the date of delivery of the mobile home to the buyer or the date of sale of the recreational vehicle. The warranty requirements of each manufacturer, dealer, and supplier of mobile homes or recreational vehicles are as follows:

(1) The manufacturer warrants:

(a) For a mobile home or recreational vehicle, that all structural elements; plumbing systems; heating, cooling, and fuel-burning systems; electrical systems; fire prevention systems; and any other components or conditions included by the manufacturer are free from substantial defect.

(b) That 100 amp electrical service exists in the mobile home.

(2) The dealer warrants:

(a) That any modifications or alterations made to the mobile home or recreational vehicle by the dealer or authorized by the dealer shall be free from substantial defect. Alterations or modifications made by a dealer shall relieve the manufacturer of warranty responsibility only as to the item altered or modified.

(b) That setup operations performed on the mobile home are performed in compliance with s. 320.8325.

(c) That substantial defects do not occur to the mobile home during setup or by transporting it to the occupancy site.

When the setup of a mobile home is performed by a person who is not an employee or agent of the mobile home manufacturer or dealer and is not compensated or authorized by, or connected with, such manufacturer or dealer, then the warranty responsibility of the manufacturer or dealer as to setup shall be limited to transporting the mobile home to the occupancy site free from substantial defect.

(3) The supplier warrants that any warranties generally offered in the ordinary sale of his product to consumers shall be extended to buyers of mobile homes and recreational vehicles. When no warranty is extended by suppliers, the manufacturer shall assume warranty responsibility for that component.

History.—s. 16, ch. 74-68; s. 9, ch. 74-169; s. 42, ch. 77-357.

**320.836 Presenting warranty claim.**—The claim in writing, stating the substance of the warranty defect, may be presented to the manufacturer, dealer, or supplier. When the person notified is not the responsible party he shall inform the claimant and shall notify the responsible party of the warranty claim immediately.

History.—s. 16, ch. 74-68; s. 9, ch. 74-169.

**320.837 Warranty service.**—

(1) When a service agreement exists between manufacturers, dealers, and suppliers to provide warranty service, the agreement may specify which party is to remedy warranty defects. However, when a warranty defect is not properly remedied, the responsible party as determined pursuant to s. 320.835 shall be responsible for providing warranty service.

(2) When no service agreement exists for warranty service, the responsible party as designated by s. 320.835 is responsible for remedying the warranty defect.

(3) The defect shall be remedied within 30 days of receipt of the written notification of the warranty claim unless the claim is unreasonable or bona fide reasons exist for not remedying the defect. When sufficient reasons exist for not remedying the defect or the claim is unreasonable, the responsible party shall respond to the claimant in writing with its reasons for not promptly remedying the defect and what further action is contemplated by the responsible party.

(4) When the person remedying the defect is not the responsible party as designated by s. 320.835 he shall be entitled to reasonable compensation paid to

him by the responsible party. Conduct which coerces or requires a nonresponsible party to perform warranty service is a violation of this section.

(5) Warranty service shall be performed at the site at which the mobile home is initially delivered to the buyer, except for components which can be removed for service without substantial expense or inconvenience to the buyer.

History.—s. 16, ch. 74-68; s. 9, ch. 74-169; s. 1, ch. 77-174.

**320.838 Civil action.**—Notwithstanding the existence of other remedies, a buyer may bring a civil suit for damages against a responsible party who fails to satisfactorily resolve a warranty claim. Damages shall be the actual costs of remedying the defect. Court costs and reasonable attorney fees may be awarded to the prevailing party. When the court finds that failure to honor warranty claims is a consistent pattern of conduct of the responsible party, or that the defect is so severe as to significantly impair the safety of the mobile home, it may assess punitive damages against the responsible party.

History.—s. 16, ch. 74-68; s. 9, ch. 74-169; s. 1, ch. 77-174.

**320.839 Cumulative remedies.**—The warranty provided for in this act shall be in addition to, and not in derogation of, any other rights and privileges which the buyer may have under any other law or instrument. The manufacturer, dealer or supplier shall not require the buyer to waive his rights under this act or any other rights under law. Any such waiver shall be deemed contrary to public policy and unenforceable and void.

History.—s. 16, ch. 74-68; s. 9, ch. 74-169.

**320.840 Liquidated damages.**—The retail seller of a mobile home may, in the absence of an express provision in the sales contract stipulating reasonable liquidated damages or retention of down payment or deposit if the buyer fails to accept delivery of a mobile home, retain maximum damages according to the following terms:

(1) If the mobile home is in the seller's stock and not specially ordered from the manufacturer for the buyer, the maximum retention shall be \$50.

(2) If the mobile home is a single-wide and specially ordered from the manufacturer for the buyer, the maximum retention shall be \$350.

(3) If the mobile home is larger than a single-wide and specially ordered for the buyer from the manufacturer, the maximum retention shall be \$700.

History.—s. 10, ch. 74-169.

**320.861 Inspection of books, etc., of licensee.**—

(1) The department may inspect the pertinent books, records, letters, and contracts of a licensee relating to any written complaint made to it against such licensee.

(2) In the exercise of its duties under this section, the department is granted and authorized to exercise the power of subpoena for the attendance of witnesses and the production of any documentary evidence necessary to the disposition by it of any written complaint under this section. Information obtained may not be used against the licensee as the

basis for a criminal prosecution under the laws of this state.

**History.**—s. 12, ch. 74-68; s. 3, ch. 76-168; s. 1, ch. 77-457.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

cf.—s. 320.8225 Mobile home manufacturer's license.

**§320.862 Revocation of license held by firms or corporations.**—If any applicant or licensee is a firm or corporation, it shall be sufficient cause for the denial, suspension, or revocation of a license that any officer, director, or trustee of the firm or corporation, or any member in case of a partnership, has been guilty of an act or omission which would be cause for refusing, suspending, or revoking a license to such party as an individual. Each licensee shall be responsible for the acts of any of its employees while acting as its agent if the licensee approved of, or had knowledge of, the acts or other similar acts and, after such approval or knowledge, retained the benefits, proceeds, profits, or advantages accruing from, or otherwise ratified, the acts.

**History.**—s. 13, ch. 74-68; s. 3, ch. 76-168; s. 1, ch. 77-457.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

cf.—s. 320.8225 Mobile home manufacturer's license.

**§320.864 Advisory council.**—The department shall appoint an advisory council consisting of not more than seven members. The council shall be composed as follows:

(1) Two manufacturers licensed under ss. 320.822-320.864;

(2) Two mobile home or recreational vehicle dealers licensed under s. 320.77; and

(3) Two members of the public, who shall represent the consumers of this state.

The director of the Division of Motor Vehicles shall be chairman of the council. The council, upon request of the department, shall advise and assist the department in the administration of ss. 320.822-320.864. The members of the council shall receive no compensation for their services, except that per diem and travel expenses may be paid upon authorization of the department pursuant to s. 112.061.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date. Repealed by s. 4, ch. 78-323, effective October 1, 1981, except for the possible effect of laws affecting this section prior to that date.

**321.001 Governor to cooperate with federal and state agencies to effectuate purposes of National Safety Act of 1966.**—The Governor is hereby empowered to contract and to do all things necessary in behalf of the state to obtain the full benefits of the Federal Highway Safety Act of 1966, and in so doing, to cooperate with federal and state agencies, public and private agencies, interested organizations and individuals to effectuate the purposes of that act, and any and all subsequent amendments thereto. The Governor shall have the ultimate state responsibility

for dealing with the Federal Government in respect to programs and activities initiated pursuant to the National Highway Safety Act of 1966 and any amendments thereto. To that end, he shall coordinate the activities of any and all departments, agencies and subdivisions of the state relating thereto.

**History.**—s. 1, ch. 67-121.

**321.02 Powers and duties of department, highway patrol.**—The director of the Division of Highway Patrol of the Department of Highway Safety and Motor Vehicles shall also be the commander of the Florida Highway Patrol. The said department shall set up and promulgate rules and regulations by which the personnel of the Florida Highway Patrol officers shall be examined, employed, trained, located, suspended, reduced in rank, discharged, recruited, paid and pensioned, subject to civil service provisions hereafter set out. The department is further specifically authorized to purchase, sell, trade, rent, lease and maintain all necessary equipment, uniforms, motor vehicles, communication systems, housing facilities, office space, and perform any other acts necessary for the proper administration and enforcement of this chapter. Provided, however, that all supplies and equipment consisting of single items or in lots, shall be purchased under the requirements of s. 287.062. Purchases shall be made by accepting the bid of the lowest responsible bidder; the right being reserved to reject all bids. The department shall prescribe a distinctive uniform and distinctive emblem to be worn by all officers of the Florida Highway Patrol. It shall be unlawful for any other person or persons to wear a similar uniform or emblem, or any part or parts thereof. The department shall also prescribe a distinctive color or colors for all motor vehicles and motorcycles to be used by the Florida Highway Patrol.

**History.**—s. 3, ch. 19551, 1939; CGL 1940 Supp. 4151(617); s. 3, ch. 20451, 1941; s. 1, ch. 29756, 1955; s. 1, ch. 57-754; ss. 24, 35, ch. 69-106. cf.—s. 340.23 Traffic control FHP charged with enforcement.

**321.03 Imitations prohibited; penalty.**—It shall be unlawful for any person or persons in the state to color or cause to be colored any motor vehicle or motorcycle the same or similar color as the color or colors so prescribed for the Florida Highway Patrol. Any person violating any of the provisions of this section or s. 321.02 with respect to uniforms, emblems, motor vehicles and motorcycles shall be guilty of a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083. The Department of Highway Safety and Motor Vehicles shall employ such clerical help and mechanics as may be necessary for the economical and efficient operation of such department.

**History.**—s. 3, ch. 19551, 1939; CGL 1940 Supp. 4151(617); s. 3, ch. 20451, 1941; ss. 24, 35, ch. 69-106; s. 206, ch. 71-136.

**321.04 Personnel of the Highway Patrol; rank classifications; probationary status of new patrol officers; subsistence; special assignments.**—

(1) The Department of Highway Safety and Mo-

tor Vehicles shall employ patrol officers, as authorized by the Legislature in appropriating funds for their salaries exclusive of those members of the patrol who are assigned to and paid by special departments; and shall establish the necessary supervisory ranks within the Florida Highway Patrol to efficiently supervise and carry out the designated functions of the patrol and the department in accordance with the regulations established by the Department of Administration.

(2) Each person who is employed as a patrol officer shall be carried on a probationary status for the period of 1 year from date of employment, during which period he may be dismissed without recourse. Patrol officers when sent on special detail or missions out of their regular assigned territories or headquarters shall be reimbursed for traveling expenses as provided in s. 112.061.

(3) The Department of Highway Safety and Motor Vehicles shall assign one patrolman to the office of the Governor; said patrolman so assigned shall be selected by the Governor and shall have rank and pay not less than that of a lieutenant of the Florida Highway Patrol, and said patrolman so assigned shall be paid by said department from the appropriation made to said department; said patrolman shall have and receive all other benefits provided for in this chapter or any other statute now in existence or hereinafter enacted.

(4) No patrol officer of the Florida Highway Patrol shall serve beyond the age of 62, any provision of the laws of this state to the contrary notwithstanding.

**321.05 Duties, functions, and powers of patrol officers.**—The members of the Florida Highway Patrol are hereby declared to be conservators of the peace and law enforcement officers of the state, with the common law right to arrest a person who, in the presence of the arresting officer, commits a felony or commits an affray or breach of the peace constituting a misdemeanor, with full power to bear arms and they shall apprehend, without warrant, any person in the unlawful commission of any of the acts over which the members of the Florida Highway Patrol are given jurisdiction as hereinafter set out and deliver him to the sheriff of the county that further proceedings may be had against him according to law. In the performance of any of the powers, duties and functions authorized by law, members of the Florida Highway Patrol shall have the same protections and immunities afforded other peace officers which shall be recognized by all courts having jurisdiction over offenses against the laws of this state, and shall have authority to apply for, serve, and execute search warrants, arrest warrants, capias and other process of the court in those matters in which patrol officers have primary responsibility as set forth in subsection (1) below. The patrol officers under the direction and supervision of the Department of Highway Safety and Motor Vehicles shall perform and exercise throughout the state the following duties, functions and powers:

(1) To patrol the state highways and regulate, control and direct the movement of traffic thereon; to maintain the public peace by preventing violence on highways; to apprehend fugitives from justice; to enforce all laws now in effect regulating and governing traffic, travel, and public safety upon the public highways and providing for the protection of the public highways and public property thereon; to make arrests without warrant for the violation of any state law committed in their presence in accordance with the laws of this state; providing that no search shall be made unless it is incident to a lawful arrest, to regulate and direct traffic concentrations and congestions; to enforce laws governing the operation, licensing and taxing, and limiting the size, weight, width, length and speed of vehicles and licensing and controlling the operations of drivers and operators of vehicles; to cooperate with officials designated by law to collect all state fees and revenues levied as an incident to the use or right to use the highways for any purpose; to require the drivers of vehicles to stop and exhibit their driver's licenses, registration cards or documents required by law to be carried by such vehicles; to investigate traffic accidents, secure testimony of witnesses and of persons involved and make report thereof with copy, when requested in writing, to any person in interest or his or her attorney; to investigate reported thefts of vehicles and to seize contraband or stolen property on or being transported on the highways.

(2) To assist other constituted law enforcement officers of the state to quell mobs and riots, guard prisoners and police disaster areas.

(3)(a) To make arrests while in fresh pursuit of a person believed to have violated the traffic and other laws;

(b) To make arrest of a person wanted for a felony or against whom a warrant has been issued on any charge in violation of federal, state or county laws or municipal ordinances.

(4)(a) All fines and costs and the proceeds of the forfeiture of bail bonds and recognizances resulting from the enforcement of this chapter by patrol officers shall be paid into the fine and forfeiture fund of the county where the offense is committed. In all cases of arrest by patrol officers the person arrested shall be delivered forthwith by said officer to the sheriff of the county or he shall obtain from such person arrested a recognizance or, if deemed necessary, a cash bond or other sufficient security conditioned for his appearance before the proper tribunal of such county to answer the charge for which he has been arrested, and all fees accruing shall be taxed against the party arrested, which fees are hereby declared to be part of the compensation of said sheriffs authorized to be fixed by the Legislature under s. 5(c), Art. II of the State Constitution, to be paid such sheriffs in the same manner as fees are paid for like services in other criminal cases. All patrol officers are hereby directed to deliver all bonds accepted and approved by them to the sheriff of the county in which the offense is alleged to have been committed. However, no sheriff shall be paid any arrest fee for the arrest of a person for violation of any section of chapter 316 when the arresting officer was transported in a Florida Highway Patrol car to the vicinity

ty where the arrest was made; and no sheriff shall be paid any fee for mileage for himself or a prisoner for miles traveled in a Florida Highway Patrol car. No patrol officer shall be entitled to any fee or mileage cost except when responding to a subpoena in a civil cause or except when such patrol officer is appearing as an official witness to testify at any hearing or law action in any court of this state as a direct result of his employment as a patrol officer during time not compensated as a part of his normal duties. Nothing herein shall be construed as limiting the power to locate and to take from any person under arrest or about to be arrested deadly weapons. Nothing contained in this section shall be construed as a limitation upon existing powers and duties of sheriffs or police officers.

(b) Any person so arrested and released on his own recognizance by an officer and who shall fail to appear or respond to a notice to appear shall, in addition to the traffic violation charge, be guilty of a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083.

(5) The department may employ or assign some fit and suitable person with experience in the field of public relations who shall have the duty to promote, coordinate and to publicize the traffic safety activities in the state and assign such person to the office of the Governor at a salary to be fixed by the department. The person so assigned or employed shall be a member of the uniform division of the Florida Highway Patrol and he shall have the pay and rank of lieutenant while on such assignment.

**321.06 Civil service.**—The Department of Highway Safety and Motor Vehicles is hereby empowered and directed to make civil service rules governing the employment and tenure of the members of the highway patrol. All persons employed as said patrol officers shall be subject to said civil service rules and regulations, and any amendment thereto which may thereafter from time to time be adopted. The department may, for cause, discharge, suspend or reduce in rank or pay, any member of said highway patrol by presenting to such employee the reason or reasons therefor in writing, subject to the civil service rules and regulations of the department, and subject to the review of the Governor and cabinet, as head of the department who shall serve as a court of inquiry in such cases and shall hear all complaints and defenses, if requested by such employee. Their decision shall be final and conclusive. Such civil service rules or regulations shall be subject to the revision of the Legislature in the event civil service rules adopted by the department are declared unlawful or unreasonable.

### **321.07 Compensation of employees and officers.**—

(1) The Department of Highway Safety and Mo-

tor Vehicles is authorized to promulgate such rules and regulations as may be necessary to properly effectuate an orderly schedule of salaries and compensation for the employees and officers of the department.

(2) Any salary plan so adopted and approved by the department shall be in accordance with the available funds appropriated by the Legislature and may contain recognition for longevity of service, promotional advancement, special service details and such other steps as may be provided elsewhere in this chapter or deemed advisable by the department.

### **321.071 Special service officers.**—

(1) The Department of Highway Safety and Motor Vehicles is authorized to assign patrol officers as special service officers to:

(a) Supervise driver's license examining personnel, and

(b) Perform duties of the safety education section of the department.

(2) Said special service officers shall, while on such assignments only, be entitled to the rank and pay of sergeant in the Florida Highway Patrol. There shall at no time be more than 20 of such assignments for the purpose of supervising driver's licensing personnel. There shall at no time be more than 20 of such assignments to the safety education section.

(3) The department may designate certain officers as flight officers to perform actual flight duties as authorized pilots of the aircraft of the department.

(4) Said flight officers shall be entitled, in addition to their maximum salary as permitted under this chapter, to additional compensation in the amount of \$35 each month while on such assignment.

**History.**—s. 2, ch. 57-285; s. 2, ch. 59-114; s. 1, ch. 61-283; ss. 24, 35, ch. 69-106.

### **321.08 Bonds required of certain employees and officers.**—

(1) The following officers and employees of said department shall give bond with good and sufficient surety in the following amounts, the form of which shall together with the sufficiency of the surety be approved by the Department of Banking and Finance, conditioned for the faithful performance of their respective duties and for the proper accounting and prompt payment over to the department, or the person lawfully entitled thereto, of any and all moneys received by them in the performance of their duties. Such bonds shall further be conditioned to save the department or any person harmless from any and all damage, claims or liability which may occur as a result of any act of such officer or employee done in the scope of his employment or under color of his authority or office:

(a) Director, Division of Florida Highway Patrol .....	\$25,000
(b) Deputy Director, Division of Florida Highway Patrol .....	25,000
(c) Major .....	10,000

- (d) Captains ..... 5,000
- (e) Lieutenants ..... 3,000
- (f) All sergeants ..... 2,000
- (g) Corporals and patrolmen ..... 1,000
- (2) The bond premiums required under the provisions of this chapter shall be paid out of the funds of the department.

(3) In lieu of individual bonds, the department is authorized, with the approval of the Department of Banking and Finance, to purchase a schedule position bond to cover all employees specified in subsection (1).

**History.**—s. 8, ch. 19551, 1939; CGL 1940 Supp. 4151(622); s. 8, ch. 20451, 1941; s. 3, ch. 24151, 1947; ss. 12, 35, ch. 69-106; s. 97, ch. 77-104; s. 1, ch. 78-144. cf.—s. 113.07 Bonds of officials.

**321.09 Salaries and expenses to be paid from General Revenue Fund.**—The salaries and expenses of said Florida Highway Patrol shall be paid from the General Revenue Fund, and the necessary and regular expenses incident to carrying out the provisions of this chapter shall be appropriated from said fund, and the same shall be disbursed from the State Treasury in the manner and according to the same provisions of law as similar funds in the State Treasury are disbursed and expended.

**321.15 Highway patrol; pensions and pension trust fund.**—There is hereby created and established a continuing fund to be known as the "Highway Patrol Pension Trust Fund." Such fund shall be made up from contributions from members (employees) of the Department of Highway Safety and Motor Vehicles who have subscribed to the constitutional oath of office, and from a yearly sum to be paid into such fund from the appropriation of the department in such an amount as shall be sufficient to carry out the provisions of this law. Such state funds shall not be less than the yearly contribution paid by all members.

**History.**—s. 1, ch. 22863, 1945; s. 4, ch. 26800, 1951; s. 2, ch. 61-119; ss. 24, 35, ch. 69-106.

**321.17 Contributions; leaving patrol; leave of absence; transferees.**—  
(1) Every member of the Department of Highway Safety and Motor Vehicles who has subscribed to the constitutional oath of office shall come under the provisions of this law and, beginning July 1, 1965, shall contribute every month 7 percent of his monthly salary, to be deducted by the State Comptroller and paid into the State Treasury to the credit of the Highway Patrol Pension Trust Fund. A member who ceases to be an employee after completing 10 or more years of service may elect to leave his contributions on deposit and be eligible to receive retirement benefits upon attaining normal retirement age.  
(2) Such members as are eligible for service credit as set forth under s. 321.19(1) may pay to the State Treasurer to the credit of the Highway Patrol Pension Trust Fund, the sum of \$5 for each month of such service credit. Satisfactory proof of former service must be furnished the Division of Retirement of the Department of Administration in the form of a sworn, written statement from member's former employer or other reliable person, or other documents of proof as may be required by them. Such money as becomes due by reason of this clause shall be paid by said employee in equal monthly payments over a period not to exceed 60 months after October 1, 1945. Employees who fail to take advantage of the benefits offered under s. 321.19(1) within 90 days after October 1, 1945, shall forfeit such service credits forever. New members who may hereafter enter the service of division of the Florida Highway Patrol who fail to take advantage of the benefits offered under s. 321.19(1) within 90 days after time of employment shall forfeit such service credits forever.

**History.**—s. 1, ch. 22863, 1945; s. 4, ch. 26800, 1951; s. 2, ch. 61-119; ss. 24, 35, ch. 69-106.

**321.17 Contributions; leaving patrol; leave of absence; transferees.**—

(1) Every member of the Department of Highway Safety and Motor Vehicles who has subscribed to the constitutional oath of office shall come under the provisions of this law and, beginning July 1, 1965, shall contribute every month 7 percent of his monthly salary, to be deducted by the State Comptroller and paid into the State Treasury to the credit of the Highway Patrol Pension Trust Fund. A member who ceases to be an employee after completing 10 or more years of service may elect to leave his contributions on deposit and be eligible to receive retirement benefits upon attaining normal retirement age.  
(2) Such members as are eligible for service credit as set forth under s. 321.19(1) may pay to the State Treasurer to the credit of the Highway Patrol Pension Trust Fund, the sum of \$5 for each month of such service credit. Satisfactory proof of former service must be furnished the Division of Retirement of the Department of Administration in the form of a sworn, written statement from member's former employer or other reliable person, or other documents of proof as may be required by them. Such money as becomes due by reason of this clause shall be paid by said employee in equal monthly payments over a period not to exceed 60 months after October 1, 1945. Employees who fail to take advantage of the benefits offered under s. 321.19(1) within 90 days after October 1, 1945, shall forfeit such service credits forever. New members who may hereafter enter the service of division of the Florida Highway Patrol who fail to take advantage of the benefits offered under s. 321.19(1) within 90 days after time of employment shall forfeit such service credits forever.

(3) Should a member cease to be an employee of the Department of Highway Safety and Motor Vehicles because of death or by any other reason before attaining retirement or before becoming eligible for benefits for other reasons, the Comptroller shall pay to him or a designated beneficiary all of the contributions made by him standing to his credit in the Highway Patrol Pension Trust Fund. Such request for refund shall be made by written requisition signed

by the executive director of the department. Any member may file in writing a designation of beneficiary. The member shall, at any time, have the privilege of changing the designated beneficiary provided such change shall be in writing. If no such written designation has been made or if the designated beneficiary predeceases the member, the beneficiary shall be the estate of the member.

(4) Members who have served in the nation's armed services and return to service with the Florida Highway Patrol shall be given full service credit for such time provided a contribution is made for a period not to exceed 5 years into the Highway Patrol Pension Trust Fund in an amount equal to that which would have been contributed had such member remained in the service of the patrol.

(5) Any Florida highway patrolman who prior to becoming a Florida highway patrolman was a member of the high hazard section of the State and County Retirement System as a law enforcement officer, and who is not receiving retirement benefits under said fund, may become a member of the highway patrol retirement plan. If such patrolman has not received a refund from the State and County Retirement System, the amount he has paid into said fund, exclusive of amounts paid for social security coverage, plus the amount the state has paid into said fund to match the employee's payments shall be transferred from the State and County Retirement System to the Highway Patrol Pension Trust Fund. If such person has received a refund from the State and County Retirement System, he shall, within 2 years from the time of becoming a member of the Florida Highway Patrol, pay an amount equal to the amount refunded into the Florida Highway Patrol Pension Trust Fund. In either event, the Highway Patrol Pension Trust Fund shall give credit for time accrued and other benefits equivalent to the amount transferred or paid in.

### 321.18 Age for retirement.—

(1) Every member of the Department of Highway Safety and Motor Vehicles who has subscribed, prior to July 1, 1953, to the constitutional oath of office and who has served 20 years, or has served both 10 years and attained age 60 years; and every member of said department who has subscribed, on or after July 1, 1953, but before July 1, 1963, to the constitutional oath of office and who has served both 20 years and has attained age 55; and every member of said department who has subscribed, on or after July 1, 1963, to the constitutional oath of office whose highest rank at any time during employment is first sergeant or higher who has served both 10 years and has attained age 60; and every member of said department who has subscribed, on or after July 1, 1963, to the constitutional oath of office whose highest rank at any time during employment is trooper, corporal or sergeant who has served both 10 years and has attained age 55; and every member of said department who has subscribed, at any time, to the constitutional oath of office who has been totally or partially disabled in line of duty, shall be entitled to be retired and to receive a pension as hereinafter

provided. Every member who has reached the age of 65 shall, at the discretion of the Governor and cabinet, as head of the department, be required to retire.

(2) Such retirement shall be on order of the Governor and Cabinet, as head of the department, and upon request of the member to be retired, or at the discretion of the executive director. In the event the Governor and Cabinet or the executive director orders the retirement of any member eligible to retirement, and such member shall consider himself aggrieved by such order, the member so affected shall be entitled to a hearing pursuant to chapter 120. Any request for such hearing shall be in writing and filed with the Secretary of State within 30 days after receipt of such order of retirement. The Governor and Cabinet shall constitute the agency head for purposes of such hearing and shall issue a final order either continuing or revoking the order of retirement.

**History.**—s. 4, ch. 22863, 1945; s. 7, ch. 26800, 1951; s. 3, ch. 28121, 1953; s. 1, ch. 65-550; ss. 24, 35, ch. 69-106; s. 20, ch. 78-95.

### 321.19 Computing length of service; definitions; examining committee.—

(1)(a) The computation of the length of service under this law shall include the total time spent with the Department of Public Safety since its creation in chapter 19551, Laws of Florida, 1939, and previous law enforcement service, not to exceed 10 years credit, for members employed by the department prior to January 1, 1945, and previous law enforcement service shall mean service in the state on a regular monthly or annual salary basis.

(b) Members employed on or after January 1, 1945, may claim credit for 50 percent of the total time served by the individual as a law enforcement officer prior to becoming a member of the highway patrol.

(c) Members, claiming credit under subsection (1)(a) shall, within 90 days of the effective date of this law, pay to the department pension fund the sum of \$5 for each month of such previous law enforcement service credit claimed, and members employed after July 1, 1953, shall receive no credit for law enforcement service prior to becoming a member of the highway patrol.

(d) The surviving spouse or other dependent of any member whose employment is terminated by death shall, upon application to the director of the Division of Retirement of the Department of Administration, be permitted to pay the required contributions for any service performed by the member which could have been claimed by the member at the time of his death. Such service shall be added to the creditable service of the member and used in the calculation of any benefits which may be payable to the surviving spouse or other surviving dependent.

(2) The term "total disability" shall be construed to mean the loss of eyesight, speech, right arm, both legs, or other injury, as a result of occupation while in the performance of duty, which shall totally disable such person for the performance of manual labor.

(3) The term "partial disability" shall be construed to mean the loss of hearing, nose, one eye, one leg, left arm, fingers on either hand, or any other member of the body which comes within the common law of mayhem, or any other injury which shall par-

tially disable such person for the performance of manual labor, as the result of occupation while in the performance of duty, which shall render such member temporarily incapable of performing his duties.

(4) The 'director of the Division of Health of the Department of Health and Rehabilitative Services and two other reputable physicians, one to be appointed by the Department of Highway Safety and Motor Vehicles and one by the applicant, shall examine every applicant for a pension on the grounds of disability, and shall determine whether or not total or partial disability exists, and if partial, the extent thereof, and shall certify the results of their findings to the executive director of the department and to the Governor and cabinet, as head of the department, which findings shall be binding upon the department.

(5) A member of the retirement system created by this chapter who has been eligible or becomes eligible to receive workers' compensation payments for an injury or illness occurring during his employment while a member of any state retirement system shall be subject to the following provisions:

(a) If the member receives no salary payments for the period of time he receives workers' compensation payments, upon his return to active employment, he shall receive full retirement credit for the period for which workers' compensation payments were received. No employee or employer contributions shall be required in order for the member to receive retirement credit for such period. Such credit shall be based on the member's rate of monthly compensation immediately prior to his receiving workers' compensation payments; or

(b) If the member receives partial salary for the period of time he receives workers' compensation payments, the required employee contributions shall be deducted from his partial salary each pay period, and, upon his return to active employment, he shall receive full retirement credit for the period for which workers' compensation payments were received. Such credit shall be based on the member's rate of monthly compensation immediately prior to his receiving workers' compensation payments; or

(c) If the member is retained in full-pay status in lieu of receiving workers' compensation payments, the required employee contributions shall be deducted from his salary each pay period, and he shall receive retirement credit for such period in the same manner he would have received credit had he not been injured or incapacitated.

**Note.**—See s. 3, ch. 75-48, which abolished the Division of Health and assigned its functions to the Department of Health and Rehabilitative Services.

### **321.191 Nonservice-connected disability retirement.—**

(1) A member who becomes totally and permanently disabled after completing 10 years of service shall be entitled to a disability benefit. The disability retirement date for such member shall be the first day of the month following the month during which the Division of Retirement of the Department of Administration approved payment of disability retirement benefits.

(2) A member shall be considered totally and permanently disabled if, in the opinion of the Division of Retirement, he is prevented by physical or mental impairment from engaging in any gainful activity for which he is, or may reasonably become, fitted by education, training, or experience. The decision of the division shall be final and binding.

(3) A member shall not be entitled to receive any disability retirement income if his disability is a result of any of the following:

(a) Excessive and habitual use by the member of drugs, intoxicating liquors, or narcotics;

(b) Injury or disease sustained by the member while willfully participating in acts of violence, riot, or civil insurrections, or while committing a felony or serious misdemeanor;

(c) Injury or disease sustained by the member while serving in any armed forces or as the result of warfare;

(d) Injury or disease sustained by the member after his employment has terminated;

(e) Injury or disease sustained by the member while working for anyone other than the employer and arising out of such other employment, or;

(f) Intentional, self-inflicted injury.

(4) The division, before approving payment of any disability retirement benefit, may require proof, in such form as it may decide, that the member is disabled as defined herein.

(5) Upon disability retirement, a member shall receive a monthly benefit which shall commence on his disability retirement date and be payable on the first day of each month thereafter during his lifetime and continued disability. The amount of each monthly retirement benefit shall be computed as prescribed by s. 321.20, but based on the average compensation and service as of the member's disability retirement date, subject to the following conditions:

(a) If the member's disability occurred in line of duty, his monthly benefit shall be in accordance with s. 321.20(2), with no period of completed service required.

(b) If the member's disability occurred other than in line of duty and he had completed 10 years of service as of the time of his disability, his monthly benefit shall not be less than 22½ percent of average monthly compensation.

(c) If the member's disability occurred other than in line of duty and he had not completed 10 years of service as of the date of disability, he shall be entitled to a return of his contributions without interest.

(6)(a) If the Division of Retirement finds that a member who is receiving disability benefits is, at any time prior to his normal retirement date, no longer disabled, it shall direct that the benefits be discontinued. The decision of the division on this question shall be final and binding.

(b) If the member described in paragraph (a) of this subsection does not reenter the employ of the Florida Highway Patrol and had not completed 10 years of service as of his disability retirement date, he shall be entitled to the excess, if any, of his own contributions, without interest, over the total disability benefits received up to his date of recovery.

(c) If the member described in paragraph (a) of

this subsection does not reenter the employ of the Florida Highway Patrol but has completed 10 or more years of service as of his disability retirement date, he may elect to receive:

1. The excess, if any, of his own contributions without interest over the total disability benefits received up to his date of recovery; or

2. A deferred benefit commencing on his normal retirement date which shall be payable on the first day of the month thereafter during his lifetime. The amount of each monthly benefit shall be computed in the same manner as for a normal retirement benefit, but based on average monthly compensation and service as of the member's disability retirement date.

(7) If the member recovers from disability and reenters the Florida Highway Patrol within 6 months after his recovery, his service will be deemed to have been continuous, but the period beginning with the first month for which he received a disability benefit payment and ending with the date he reentered the patrol will not be considered as service for the purpose of computing benefits.

### **321.20 Retirement pay; basis.—**

(1) Every member who has subscribed, prior to July 1, 1953, to the constitutional oath of office and who has been retired following 20 years of service shall receive an annual pension payable monthly, equal to 50 percent of the average annual salary for the last 5 years such member was in service; provided however, that such member may continue in service more than 20 years, and shall then receive an annual pension payable monthly, equal to 50 percent for 20 years of service plus 2 percent for each additional year of service based upon the average annual salary for the last 5 years such member was in service. Every member who has subscribed, on or after July 1, 1953, to the constitutional oath of office and who has been retired following the attainment of age 55 shall receive an annual pension payable monthly equal to 2 percent for each year of service based upon the average annual salary for the last 5 years such member was in service. Every member who has subscribed, prior to July 1, 1953, to the constitutional oath of office and who has been retired following the attainment of age 60 shall receive an annual pension payable monthly, equal to 25 percent of his average annual salary for the last 5 years such member was in service, plus 2½ percent of such average annual salary for each year of service in excess of 10 years. Provided however, that each such member to be eligible to receive a pension shall have accumulated a minimum of 10 years of service within the contemplation of this law. The average annual salary of any member who has subscribed on or after July 1, 1959, to the constitutional oath of office, shall be the average annual salary received by such member during the last 10 years such member was in service.

(2) Any member who has been retired because of total disability shall receive, in addition to the award made to him under the Workers' Compensation Law, an annual pension, payable monthly, of 45 percent of the annual salary of said member at the time of his disability or 45 percent of \$6,000, whichever is

greater, and he shall continue to receive the said pension payment so long as such total disability exists. Any member who has been retired because of partial disability shall receive, in addition to the award made to him under the Workers' Compensation Law, an annual pension, payable monthly, of 35 percent of the annual salary of said member at the time of his disability, and he shall continue to receive the said pension payment so long as such partial disability exists. The department may require such member to submit to a medical examination from time to time by a doctor selected by the department, and, if the examination discloses that such member is no longer disabled, such member may be ordered by the department to return to active duty with the same rank and salary that he had at the time of disability. Any such retired member who shall fail to return to duty following such order shall forfeit all rights and claims under this law.

(3) Every member who shall be entitled to retirement under the provisions of this law shall receive credit in computing his 20 years of service by taking into consideration his service in the Army, Navy, Marine Corps, Air Force, Coast Guard, or National Guard, (Federal Service) of the United States, provided said member of the Department of Highway Safety and Motor Vehicles was an employee of said department prior to entering the armed forces and received an honorable discharge from such forces and has become reemployed by the department since termination of active service with the armed forces.

(4) Every member shall have the right at any time prior to receipt of his first monthly pension payment to elect to receive a reduced pension with the provision that if such member dies after pension payments have commenced the excess, if any, of his total contributions made to the pension fund, without interest, over the total pension payments received by him shall be paid in accordance with the beneficiary designation of s. 321.17(3). The amount of such reduced pension shall be the actuarial equivalent of the amount of such pension otherwise payable to him in accordance with subsection (1).

(5) Every member shall have the right at any time prior to receipt of his first monthly pension payment to elect to receive a reduced pension during his lifetime with the provision that such reduced pension, (or one-half thereof if so designated) shall be continued after his death to his spouse during her lifetime. The amount of such reduced pension shall be the actuarial equivalent of the amount of such pension otherwise payable to the member in accordance with subsection (1).

**History.**—s. 6, ch. 22863, 1945; s. 9, ch. 26800, 1951; ss. 4, 5, ch. 28121, 1953; s. 1, ch. 59-307; ss. 24, 35, ch. 69-106; s. 1, ch. 71-181; s. 71, ch. 79-40.

**321.201 Early retirement benefit.**—Effective July 1, 1969, any member employed subsequent to July 1, 1953 may elect to retire on an early retirement date which shall be not more than 5 years prior to his normal retirement date. Such date shall be his early retirement date. Upon early retirement, the member shall receive an immediate monthly benefit which shall commence on his early retirement date and be payable on the first day of each month thereafter during his lifetime. The amount of each monthly payment shall be computed as prescribed by s.

321.20, but based on average compensation and service as of the member's early retirement date, and the benefits so computed shall be reduced by five-twelfths of 1 percent for each complete month by which the early retirement date precedes his normal retirement date.

History.—s. 3, ch. 69-120.

**321.202 Termination by death subsequent to normal retirement date but prior to actual retirement.**—If the employment of a member is terminated by reason of his death subsequent to his normal retirement date but prior to his actual retirement, it shall be assumed that the member retired as of his date of death and that he had elected the optional form of payment most favorable to his legal spouse as determined by the Division of Retirement of the Department of Administration. The benefits so determined shall be payable monthly to the spouse until the death of the spouse.

History.—s. 3, ch. 69-120; ss. 31, 35, ch. 69-106; s. 1, ch. 73-326.

**321.21 Funeral expenses.**—Whenever an active or retired member of the Department of Highway Safety and Motor Vehicles shall be killed, or dies, from injuries, disease, or illness, contracted by reason of his occupation as a member of the department, there shall be provided a sum not to exceed \$500 from the Highway Patrol Pension Trust Fund for his funeral expenses. Such payment shall be in addition to return of contributions set forth in s. 321.17(3), and shall be in addition to pension payments set forth in s. 321.18.

History.—s. 7, ch. 22863, 1945; s. 10, ch. 26800, 1951; s. 6, ch. 28121, 1953; s. 2, ch. 61-119; ss. 24, 35, ch. 69-106.

**321.22 Pensions exempt from process.**—No pension under the provisions of this law, either before or after its order of distribution, shall be held, seized, taken, retained, or levied on by virtue of any legal process issued out of any court against the beneficiary, but the same shall be paid directly to the beneficiary thereof. The Highway Patrol Pension Trust Fund shall be expended only for the benefits as set forth in this law, and shall not be otherwise disposed. Should the name and/or duties of the Department of Public Safety be changed, and/or the name and/or duties of the Drivers' License Division of the State Department of Public Safety be changed, such change or changes shall in no way affect the validity of this law; such names shall be automatically substituted for the name or names now in effect, and such superseding agencies shall assume full responsibilities as provided by this law and continue benefits to eligible members. Necessary funds for the continuance of benefits to such members as may be eligible shall be provided, if necessary, from other revenue than heretofore set forth, which shall come from the State General Revenue Fund; the legislative intent being to establish a permanent fund for eligible members so long as it may be required.

History.—s. 8, ch. 22863, 1945; s. 11, ch. 26800, 1951; s. 2, ch. 61-119.

**321.2205 Widows' benefit options.**—Notwithstanding any other provision in this chapter to the contrary, the following provisions shall apply to any

member who has accumulated at least 10 years of service and dies:

(1) If the deceased member's surviving spouse has previously received a refund of the member's contributions made to the Highway Patrol Pension Trust Fund, such spouse may pay to the Division of Retirement of the Department of Administration an amount equal to the sum of the amount of the deceased member's contributions previously refunded and interest at 3 percent compounded annually on the amount of such refunded contributions from the date of refund to the date of payment to the Division of Retirement, and receive the monthly retirement benefit provided in subsection (3).

(2) If the deceased member's surviving spouse has not received a refund of the deceased member's contribution, such spouse shall, upon application to the Division of Retirement, receive the monthly retirement benefit provided in subsection (3).

(3) The monthly benefit payable to the spouse described in subsection (1) or subsection (2) shall be the amount which would have been payable to the deceased member's spouse, assuming that the member had retired on the date of his death and had selected the option in s. 321.20 which would afford the surviving spouse the greatest amount of benefits, such benefit to be based on the ages of the spouse and member as of the date of death of the member. Such benefit shall commence on the first day of the month following the payment of the aforesaid amount to the Division of Retirement, if subsection (1) is applicable, or on the first day of the month following the receipt of the spouse's application by the Division of Retirement, if subsection (2) is applicable.

History.—s. 1, ch. 69-130; ss. 31, 35, ch. 69-106; s. 1, ch. 72-336; s. 3, ch. 72-345.

**321.221 Pensions, wives of deceased patrolmen.**—

(1) The widow of any highway patrolman heretofore or hereafter killed in the line of duty shall receive a monthly pension equal to one-half the monthly salary drawn by the deceased patrolman at the time of his death for the rest of her life, unless she remarries, in which case the pension shall terminate at the date of her remarriage. In the event of the remarriage of the widow of a patrolman killed in line of duty, who has legal children of the deceased patrolman under 18 years of age that have not been formally adopted by the present husband, any sums of money which would have accrued to the widow had she not remarried shall accrue to the children in the same manner as if the widow had died, as provided in subsection (2). These payments will cease as of the date of legal adoption of the children or upon their reaching the age of 18.

(2) In the event of the death of the widow, any sums of money which would have accrued to her had she lived until the 18th birthday of such patrolman's youngest child shall accrue, share and share alike, for the use and benefit of such patrolman's child or children under 18 years of age and unmarried during such minority. Such sums, as the same would have accrued to such widow, shall be paid to the legal guardian of the estate of such child or children, or either of them, during such minority to age 18 years.

(3) Any widow or children not now receiving a pension under this section shall be entitled to this

pension retroactive to January 1, 1954.

(4) In determining the amount of pension to be received under this section, the benefits received in the form of workers' compensation and/or social security shall be considered, and the total monthly compensation shall not exceed one-half of the salary received by the deceased patrolman at the time of his death. Should such total compensation exceed one-half of the monthly salary drawn by the deceased patrolman at the time of his death, the pension herein provided for shall be reduced by the amount of such excess.

(5) The payments of this pension shall be made from any unappropriated funds of the General Revenue Fund.

**321.222 Provisions for modification.**—Notwithstanding any provision contained herein to the contrary, the provisions relating to age for retirement under s. 321.18 shall be subject to amendment or modification by subsequent legislation at any time and all other provisions of this chapter relating to the administration of the system or to the duties, rights, privileges, requirements, and benefits of employees of the Department of Highway Safety and Motor Vehicles who become members of the Highway Patrol Pension System on or after July 1, 1963, shall be subject to amendment, modification, deletion, or substitution by act of the 1965 Legislature of the state and such legislation shall apply retroactively to July 1, 1963 with regard to such members; provided, however, that such legislation shall not set the age for retirement, as specified in s. 321.18, to exceed the age of 60 years, nor shall such legislation affect any benefit which becomes payable to, or with respect to, such members prior to July 1, 1965.

**History.**—s. 1, ch. 63-390; ss. 24, 35, ch. 69-106.

**321.223 Statements of purpose and intent and other provisions required for qualification under the Internal Revenue Code of the United States.**—Any other provisions in this chapter to the contrary notwithstanding, it is specifically provided that:

(1) The purpose of ss. 321.15 through 321.222 is to provide pension benefits for the exclusive benefit of the member employees or their beneficiaries.

(2) No part of the principal or income of the trust fund created hereunder shall be used or diverted for purposes other than for the exclusive benefit of the member employees or their beneficiaries and for the payment of administrative cost.

(3) Forfeitures, if any, shall not be applied to increase the benefits any member employee would otherwise receive under ss. 321.15 through 321.222.

(4) Upon termination or partial termination, upon discontinuance of contributions, abandonment, or merger, or upon consolidation or amendment of ss. 321.15 through 321.222, the rights of all affected employees to benefits accrued as of the date of any of the foregoing events, or the amounts credited to the account of any member employee, shall be and continue thereafter to be nonforfeitable except as otherwise provided by law.

(5) No benefit hereunder shall exceed the maxi-

mum amount allowable by law for qualified pension plans under existing or hereafter-enacted provisions of the Internal Revenue Code of the United States.

(6) The provisions of this section are declaratory of the legislative intent upon the original enactment of ss. 321.15 through 321.222 and are hereby deemed to have been in effect from such date.

**History.**—s. 1, ch. 78-108.

**321.23 Photographing records; destruction of obsolete reports, etc.; effect as evidence.**—

(1) The purpose of this section is to make available for the use of the Department of Highway Safety and Motor Vehicles sufficient floor space to enable it to efficiently administer the affairs of the department.

(2) The department is hereby authorized to destroy reports, records, documents, papers and correspondence which are considered obsolete.

(3) The department is authorized to photograph, microphotograph, or reproduce on film such documents, records, reports as it may select. The photographs or microphotographs in the form of film or print of any records made in compliance with the provisions of this section shall have the same force and effect as the originals thereof would have and shall be treated as originals for the purpose of their admissibility in evidence. Duly certified or authenticated reproductions of such photographs or microphotographs shall be admitted in evidence equally with the original photographs or microphotographs.

**History.**—ss. 1-3, ch. 26978, 1951; s. 1, ch. 63-371; ss. 24, 35, ch. 69-106.

**321.24 Auxiliaries to Florida Highway Patrol.**—

(1) The director of the Florida Highway Patrol is hereby authorized to establish an auxiliary to the Florida Highway Patrol to be composed of such persons who may volunteer to serve as auxiliaries to the Florida Highway Patrol. Such service to be without compensation to the individual so volunteering.

(2) Auxiliaries serving with the Florida Highway Patrol shall at all times serve under the direction and supervision of the director and members of the Florida Highway Patrol. After approval by the director on an individual basis and after completion of a firearms course approved by the director, auxiliaries, while serving under the supervision and direction of the director, or a member of the Florida Highway Patrol, shall have the power to bear arms. Auxiliaries shall have the same protection and immunities afforded regularly employed highway patrolmen, which shall be recognized by all courts having jurisdiction over offenses against the laws of this state.

(3) The director of the Florida Highway Patrol shall determine the fitness of persons to serve as auxiliaries, shall require their completion of a regularly prescribed course of study for auxiliaries as established and conducted by the Florida Highway Patrol. The total number of members of the auxiliary to the Florida Highway Patrol shall be limited to five times the total number of regularly employed highway patrolmen authorized by law.

(4) No member of the auxiliary shall be required to serve on any duty of and for said auxiliary without his consent thereto. The duties of the auxiliary shall

be limited to assisting the Florida Highway Patrol in the performance of its regularly constituted duties. Nothing herein shall be construed to authorize any member of the auxiliary to make arrests.

**History.**—ss. 1-4, ch. 57-96; s. 1, ch. 71-15.

**321.25 Training of local officers in patrol schools.**—The Department of Highway Safety and Motor Vehicles is authorized to provide for the training of local law enforcement officials in matters relating to traffic in the schools established by the department for the training of highway patrol candi-

dates and officers. This training may be offered to municipal police, sheriffs and deputy sheriffs, and county traffic officers. The cost of training such local enforcement officers shall be determined by the director and shall be paid for by their respective offices, counties or municipalities, as the case may be. Such cost shall be deemed a proper county or municipal expense or a proper expenditure of the office of sheriff.

- 322.01 Definitions.**—The following words and phrases have the meanings respectively ascribed to them in this chapter:
- (1) "Vehicle": Every device in, upon, or by which any person or property is or may be transported or drawn upon a public highway, excepting bicycles but including "mopeds" as defined in subsection 316.003(2), or used exclusively upon stationary rails or tracks.
- (2) "Motor vehicle": Every vehicle which is self-propelled and every vehicle which is propelled by electric power obtained from overhead trolley wires, but not operated upon rails, excluding any bicycle

but including any "moped" as defined in subsection 316.003(2).

(3) "Farm tractor": Every motor vehicle designed and used primarily as a farm implement for drawing plows, mowing machines, and other implements of husbandry.

(4) "School bus": Every motor vehicle owned by a public or governmental agency and operated for the transportation of children to or from school or privately owned and operated for compensation for the transportation of children to or from school.

(5) "Person": Every natural person, firm, copartnership, association or corporation.

(6) "Operator": Every person who is in actual physical control of a motor vehicle upon the highway, or who is exercising control over or steering a vehicle being towed by a motor vehicle.

(7) "Chauffeur": Any person who operates a motor truck or truck tractor with a gross weight in excess of 8,000 pounds or width in excess of 80 inches, except the registered owner or lessee of any motor truck or truck tractor shall be exempted when transporting his own products or personal property, and except persons operating an authorized emergency vehicle as defined in s. 316.003(1). Any person who operates any motor vehicle transporting passengers for hire, or operates a bus transporting school children shall be required to hold a chauffeur's license.

(8) "Owner": A person who holds the legal title of a vehicle or, in the event a vehicle is the subject of an agreement for the conditional sale or lease thereof with the right of purchase upon performance of the conditions stated in the agreement and with an immediate right of possession vested in the conditional vendee or lessee, or in the event a mortgagor of a vehicle is entitled to possession, then such conditional vendee or lessee or mortgagor shall be deemed the owner for the purpose of this chapter.

(9) "Nonresident": Every person who is not a resident of this state.

(10) "Street or highway": The entire width between the boundary lines of every way publicly maintained when any part thereof is open to the use of the public for purposes of vehicular travel.

(11) "Department": The Department of Highway Safety and Motor Vehicles.

(12) "Suspension," "revocation," and "cancellation":

(a) "Suspension" means that the licensee's privilege to drive a motor vehicle is temporarily withdrawn;

(b) "Revocation" means that a licensee's privilege to drive a motor vehicle is terminated. A new license may be obtained only as permitted in this chapter;

(c) "Cancellation" means that a license which was issued through error or fraud is declared void and terminated. A new license may be obtained only as permitted in this chapter.

(13) "Narcotic drugs": Coca leaves, opium, isonipocaine, cannabis, and every substance neither chemically nor physically distinguishable from them, and any and all derivatives of same, and any other drug to which the narcotics laws of the United States shall apply, and shall include all drugs and derivatives thereof known as barbiturates.

(14) "Certificate of eligibility": A statement issued by the Department of Highway Safety and Motor Vehicles declaring that an applicant for an original or renewal license is eligible for issuance of an operator's, chauffeur's, or restricted operator's license by reason that said applicant's or licensee's privilege is not under suspension, revocation, or cancellation by law of Florida or any other state or country.

(15) "Color photographic driver's license": A color photograph of a completed driver's license form meeting the requirements prescribed in s. 322.14.

(16) "Driver's license": A certificate authorizing an individual to operate a motor vehicle upon the streets and highways of this state, without which such operation would be a violation. "Driver's license" includes any license to drive which is issued by the department.

(17) "Resident": A person who has his principal place of domicile within the state for a period of more than 6 consecutive months, has registered to vote, has made a statement of domicile, or has filed for homestead tax exemption on property in this state.

### 322.02 Administration.—

(1) The Department of Highway Safety and Motor Vehicles is charged with the administration and function of enforcement of the provisions of this chapter.

(2) The department shall employ a director, who is charged with the duty of serving as the executive officer of the Division of Driver Licenses of the department insofar as the administration of this chapter is concerned. He shall be subject to the supervision and direction of the department, and his official actions and decisions as executive officer shall be conclusive unless the same are superseded or reversed by the department or by a court of competent jurisdiction.

(3) The department shall make and adopt rules and regulations for the orderly administration of this chapter.

**History.**—s. 14, ch. 19551, 1939; CGL 1940 Supp. 4151(628); s. 14, ch. 20451, 1941; s. 7, ch. 22858, 1945; s. 1, ch. 63-34; ss. 24, 35, ch. 69-106; s. 2, ch. 78-394.

### 322.03 Operators and chauffeurs must be licensed.—

(1) No person, except those hereinafter expressly exempted, shall drive any motor vehicle upon a highway in this state unless such person has a valid license as an operator or chauffeur under the provisions of this chapter. No person shall receive an operator's license unless and until he surrenders to the department all valid operator's licenses in his possession issued to him by any other jurisdiction, except that no surrender is required upon a showing to the department that such license or licenses from other jurisdictions are necessary because of employment or part-time residence. All surrendered licenses shall be returned by the department to the issuing department together with information that licensee is now licensed in a new jurisdiction. No person shall be permitted to have more than one valid Florida driver's license at any time.

(2) No person shall drive a motor vehicle as a chauffeur unless he holds a chauffeur's license. The driver of any motor truck or truck-tractor with a gross weight in excess of 8,000 pounds or in excess of 80 inches in width shall be required to hold a chauffeur's license, except the registered owner or lessee of any motor truck or motor truck-tractor shall be exempted when transporting his own products or his own personal property, and except persons operating an authorized emergency vehicle as defined in s. 316.003(1).

(3) Any person who operates a motor vehicle transporting passengers for hire, or the driver of any bus transporting school children shall be required to hold a chauffeur's license, provided, however, that any temporary emergency movement of a motor vehicle shall not necessarily require a chauffeur's license as defined.

(4) No person shall receive a chauffeur's license unless and until he surrenders to the department any operator's or chauffeur's license issued to him by any other jurisdiction or an affidavit that he does not possess an operator's or chauffeur's license.

**History.**—s. 15, ch. 19551, 1939; CGL 1940 Supp. 4151(629); s. 15, ch. 20451, 1941; s. 2, ch. 29721, 1955; s. 2, ch. 61-457; s. 1, ch. 63-156; s. 2, ch. 65-496; s. 24, ch. 73-334; s. 3, ch. 78-394.  
cf.—s. 322.32 Unlawful use of license.

### **322.031 Nonresident; when license required.—**

(1) In every case in which a nonresident, except a nonresident migrant farm worker as defined in s. 316.003(62), accepts employment or engages in any trade, profession, or occupation in this state or enters his children to be educated in the public schools of this state, such nonresident shall, within 30 days after the commencement of such employment or education, be required to obtain a Florida driver's license if such nonresident operates a motor vehicle on the highways of this state. The spouse or dependent child of such nonresident shall also be required to obtain a Florida driver's license within that 30-day period prior to operating a motor vehicle on the highways of this state.

(2) A member of the United States Armed Forces on active duty in this state shall not be required to obtain a Florida driver's license under this section solely because he enters his children to be educated in the public schools of this state if he has a valid military driving permit or a valid driver's license issued by another state.

(3) A nonresident who is domiciled in another state and who commutes into this state in order to work shall not be required to obtain a Florida driver's license under this section solely because he has accepted employment or engages in any trade, profession, or occupation in this state if he has a valid driver's license issued by another state.

**History.**—s. 1, ch. 73-238; s. 6, ch. 75-228; s. 4, ch. 78-394; s. 1, ch. 79-117.

### **322.04 Persons exempt.—**

(1) The following persons are exempt from obtaining a driver's license:

(a) Any employee of the United States Government, while operating a motor vehicle owned by or leased to the United States Government and being operated on official business.

(b) Any person while driving or operating any

road machine, farm tractor, or implement of husbandry temporarily operated or moved on a highway.

(c) A nonresident who is at least 16 years of age and who has in his immediate possession a valid operator's license issued to him in his home state or country, may operate a motor vehicle in this state only as an operator.

(d) A nonresident who is at least 18 years of age and who has in his immediate possession a valid chauffeur's license issued to him in his home state or country may operate a motor vehicle in this state either as an operator or chauffeur; except, any such person must be licensed as a chauffeur hereunder before accepting employment as a chauffeur from a resident of this state.

(2) The provisions of this section shall not apply to any person to whom s. 322.031 applies.

(3) Any person working for firms under contract to the United States Government, whose residence is without this state and whose main point of employment is without this state may drive a vehicle on the public roads of Florida for periods up to 60 days while in this state on temporary duty, provided that such person has a valid driver's license from the state of such person's residence.

**History.**—s. 16, ch. 19551, 1939; CGL 1940 Supp. 4151(630); s. 16, ch. 20451, 1941; s. 1, ch. 21949, 1943; s. 3, ch. 29721, 1955; s. 1, ch. 59-315; s. 1, ch. 61-124; s. 1, ch. 69-186; s. 5, ch. 78-394.

### **322.05 Persons not to be licensed.—**The department shall not issue any license:

(1) To any person, as an operator, who is under the age of 16 years, except that the department may issue a restricted license as hereinafter provided to any person who is at least 15 years of age.

(2) To any person, as a chauffeur, who is under the age of 16 years. Persons between the ages of 16 years and 18 years who make application for a chauffeur's license shall be subject to all the requirements and provisions of s. 322.09. Any person who applies for a chauffeur's license between the ages of 16 and 18 years shall have had a restricted operator's license, a temporary instruction permit as required in s. 322.07, or an operator's license for at least 90 days prior to the time he shall be eligible to receive a chauffeur's license. The department may require of any applicant for a chauffeur's license such examination of the qualifications of the applicant as the department shall deem proper, and the department may limit the use of any license granted as it may deem proper.

(3) To any person, as operator or chauffeur, whose license has been suspended, during such suspension, nor to any person whose license has been revoked, until the expiration of the period of revocation imposed under the provisions of this chapter.

(4) To any person, as an operator or chauffeur, who is an habitual drunkard, or is an habitual user of narcotic drugs, or is an habitual user of any other drug to a degree which renders him incapable of safely driving a motor vehicle.

(5) To any person, as an operator or chauffeur, who has been adjudged to be afflicted with, or suffering from any mental disability or disease and who has not at the time of application been restored to competency by the methods provided by law.

(6) To any person, as an operator or chauffeur, who is required by this chapter to take an examination, unless such person shall have successfully passed such examination.

(7) To any person, when the department has good cause to believe that the operation of a motor vehicle on the highways by such person would be detrimental to public safety or welfare. Deafness alone shall not prevent the person afflicted from being issued an operator's license.

**History.**—s. 17, ch. 19551, 1939; CGL 1940 Supp. 4151(631); s. 17, ch. 20451, 1941; s. 2, ch. 21949, 1943; s. 4, ch. 29721, 1955; s. 1, ch. 67-174; ss. 24, 35, ch. 69-106; s. 6, ch. 78-394.

### **322.051 Identification cards for persons not licensed.—**

(1) Any person 12 years of age or older who does not have a valid Florida driver's license may be issued an identification card by the department upon completion of an application and payment of an application fee. The application shall include the full name (first, middle or maiden, and last), sex, race, residence address, proof of birth as provided in s. 232.03, and other data the department may require. Applications for identification cards shall be signed and verified by the applicant before a person authorized to administer oaths. The fee for an identification card shall be \$3, including payment for the color photograph of the applicant.

(2) Every identification card shall expire, unless canceled earlier, on the fourth birthday of the applicant following the date of original issue. Renewal of any identification card shall be made for a term which shall expire on the fourth birthday of the applicant following expiration of the identification card renewed, unless surrendered earlier. Any application for renewal received later than 90 days after expiration of the identification card shall be considered the same as an application for an original identification card. The renewal fee for an identification card shall be \$3. The department shall, at the end of 4 years and 6 months after the issuance or renewal of an identification card, destroy any record of the card if it has expired and has not been renewed.

(3) In the event an identification card issued under this section is lost, destroyed, or mutilated or a new name is acquired, the person to whom it was issued may obtain a duplicate upon furnishing satisfactory proof of such fact to the department and upon payment of a fee of \$2.50 for such duplicate, which shall include payment for the color photograph of the applicant. Any person who loses an identification card and who, after obtaining a duplicate, finds the original card shall immediately surrender the original card to the department. The same documentary evidence shall be furnished for a duplicate as for an original identification card.

(4) Upon the issuance of a Florida driver's license, any identification card issued hereunder shall be surrendered by the licensee to the department. There shall be no refund of any fees paid for the issuance of such identification card.

(5) When used with reference to identification cards, "cancellation" means that an identification card is terminated without prejudice and must be surrendered. Cancellation of the card may be made when a card has been issued through error or when

voluntarily surrendered to the department.

(6) No public entity shall be liable for any loss or injury resulting directly or indirectly from false or inaccurate information contained in identification cards provided for in this section.

(7) It is unlawful for any person:

(a) To display, cause or permit to be displayed, or have in his possession any fictitious, fraudulently altered, or fraudulently obtained identification card.

(b) To lend his identification card to any other person or knowingly permit the use thereof by another.

(c) To display or represent any identification card not issued to him as being his card.

(d) To permit any unlawful use of an identification card issued to him.

(e) To do any act forbidden, or fail to perform any act required, by this section.

(f) To photograph, photostat, duplicate, or in any way reproduce any identification card or facsimile thereof in such a manner that it could be mistaken for a valid identification card, or to display or have in his possession any such photograph, photostat, duplicate, reproduction, or facsimile unless authorized by the provisions of this section.

**History.**—s. 1, ch. 73-236; s. 1, ch. 77-14; s. 1, ch. 78-105; ss. 7, 27, ch. 78-394.

### **322.07 Instruction permits and temporary licenses.—**

(1) Any person who, except for his lack of instruction in operating a motor vehicle, would otherwise be qualified to obtain an operator's license under this chapter, may apply for a temporary instruction permit, and the department shall issue such permit entitling the applicant, while having such permit in his immediate possession, to drive a motor vehicle upon the highways for a period of 90 days, but, except when operating a motorcycle, such person must be accompanied by a licensed operator or chauffeur who is actually occupying a seat beside the driver.

(2) The department may, in its discretion, issue a temporary driver's permit to an applicant for an operator's license permitting him to operate a motor vehicle while the department is completing its investigation and determination of all facts relative to such applicant's right to receive an operator's license. Such permit must be in his immediate possession while operating a motor vehicle, and it shall be invalid when the applicant's license has been issued or for good cause has been refused.

**History.**—s. 19, ch. 19551, 1939; CGL 1940 Supp. 4151(633); s. 19, ch. 20451, 1941.

### **322.08 Application for license or instruction permit.—**

(1) Each application for an instruction permit, a restricted operator's license, or a chauffeur's license shall be made upon a form to be furnished by the department and sworn to or affirmed by the applicant as to the truth of the statements made in the application.

(2) Each such application shall reflect the full name (first, middle or maiden, and last), proof of birth date, as provided in s. 232.03, sex, and residence address of the applicant, and briefly describe the applicant, and shall state whether the applicant has previously been licensed as an operator or chauffeur.

feur, and if so, when and by what state, and whether any such license or driving privilege has ever been revoked or suspended, or whether an application has ever been refused, and if so, the date of and reason for such suspension, revocation, or refusal.

**History.**—s. 20, ch. 19551, 1939; CGL 1940 Supp. 4151(634); s. 20, ch. 20451, 1941; s. 1, ch. 71-74; s. 8, ch. 78-394.

### 322.09 Application of minors.—

(1)(a) The application of any person under the age of 18 years for an instruction permit or driver's license shall be signed and verified before a person authorized to administer oaths by the father, mother, or guardian or, in the event there is no parent or guardian, by another responsible adult who is willing to assume the obligation imposed under this chapter upon a person signing the application of a minor. This section shall not apply to a person under the age of 18 years who is emancipated by marriage.

(b) There shall be submitted with each application a certified copy of the birth certificate of the applicant. If the applicant is unable to furnish such certified copy, a certificate from the public school authorities as to the age of the applicant upon entering school as required by s. 232.03, or the school authorities of the state where applicant enrolled in school, shall be submitted. Upon inability of applicant to establish a birth date as above provided, then the same may be established in the order of preference as provided by s. 232.03. However, uncertified copies of such documents shall not be accepted.

(2) Any negligence or willful misconduct of a minor under the age of 18 years when driving a motor vehicle upon a highway shall be imputed to the person who has signed the application of such minor for a permit or license, which person shall be jointly and severally liable with such minor for any damages caused by such negligence or willful misconduct.

**History.**—s. 21, ch. 19551, 1939; CGL 1940 Supp. 4151(635); s. 21, ch. 20451, 1941; s. 1, ch. 29671, 1955; s. 1, ch. 77-373; s. 9, ch. 78-394.

**322.10 Release from liability.**—Any person who has signed the application of a minor for a driver's license may thereafter file with the department a verified written request that the license of said minor so granted be canceled. Thereupon, the department shall cancel the license of that minor, and the person who signed the application of such minor shall be relieved from liability imposed under this chapter by reason of having signed that minor's application for any subsequent negligence or willful misconduct of such minor in operating a motor vehicle.

**History.**—s. 22, ch. 19551, 1939; CGL 1940 Supp. 4151(636); s. 22, ch. 20451, 1941; s. 10, ch. 78-394.

**322.11 Revocation of license upon death of person signing minor's application.**—The department, upon receipt of satisfactory evidence of the death of the person who signed the application of a minor for a license, shall cancel such license and shall not issue a new license until such time as the new application, duly signed and verified, is made as required by this chapter. This provision shall not

apply in the event the minor has attained the age of 18 years.

**History.**—s. 23, ch. 19551, 1939; CGL 1940 Supp. 4151(637); s. 23, ch. 20451, 1941.

### 322.12 Examination of applicants.—

(1) The department shall examine every applicant for a restricted operator's, operator's or chauffeur's license, except as otherwise provided in this chapter. Every applicant shall be required to pay a fee of \$3 for each such examination; provided, however, that any person required to submit to an examination following the suspension or revocation of his driver's license shall be required to pay a fee of \$15 following a suspension and \$35 following a revocation for such additional examination. All such examination fees shall be collected by the department at the time of said examination. The department shall issue proper receipts for said examination fees and shall promptly transmit all funds received by it to the State Treasurer for deposit in the General Revenue Fund.

(2) Such examination shall be held in the county where the applicant resides. It shall include a test of the applicant's eyesight, his ability to read and understand highway signs regulating, warning, and directing traffic, and his knowledge of the traffic laws of this state, and shall include an actual demonstration of ability to exercise ordinary and reasonable control in the operation of a motor vehicle.

**History.**—s. 24, ch. 19551, 1939; CGL 1940 Supp. 4151(638); s. 24, ch. 20451, 1941; s. 2, ch. 61-232; s. 1, ch. 67-197; s. 3, ch. 75-113; s. 11, ch. 78-394.

### 322.121 Periodic reexamination of all drivers.—

(1) Each licensee shall pass a reexamination at the time he applies for renewal. The reexamination shall include a test of the licensee's eyesight, hearing, and ability to read and understand highway signs regulating, warning, and directing traffic.

(2) The fee for reexamination is \$3. All reexamination fees shall be collected by the department at the time of reexamination. The department shall issue proper receipts for reexamination fees and promptly transmit all funds received by it to the State Treasurer for deposit in the General Revenue Fund.

(3) The department is authorized, upon recommendation of the Department of Administration, to employ additional examiners as it deems necessary.

(4) The provisions of this section shall not apply to members of the armed forces, or their dependents residing with them, while serving on active duty outside of the State of Florida.

**History.**—s. 1, ch. 67-464; ss. 2, 3, ch. 67-371; ss. 24, 31, 35, ch. 69-106; s. 1, ch. 75-228; s. 12, ch. 78-394.

### 322.125 Medical Advisory Board.—

(1) There shall be a Medical Advisory Board composed of not fewer than 12 or more than 18 members, whose medical and other specialties relate to driving abilities, which number shall include a medical doctor who is employed by the Department of Health and Rehabilitative Services in Tallahassee, who shall serve as administrative officer for the committee. The Executive Director of the Department of Highway Safety and Motor Vehicles shall recommend persons to serve as board members. All but two

of the members shall be selected from a list of qualified physicians submitted by the Florida Medical Association. One of the remaining two members shall be employed by the Department of Health and Rehabilitative Services in Tallahassee, and one member shall be selected from a list submitted by the Florida Optometric Association. Members shall be approved by the Cabinet and shall serve 4-year staggered terms. The board membership shall, to the maximum extent possible, consist of equal representation of the disciplines of the medical community treating the mental or physical disabilities that could affect the safe operation of motor vehicles.

(2) Upon request, the board shall advise the department on medical criteria and vision standards relating to the licensing of drivers and shall report to the department on the individual physical and mental qualifications of a licensed driver or applicant.

(3) Reports received or made by the board or its members for the purpose of assisting the department in determining whether a person is qualified to be licensed are for the confidential use of the board or the department and may not be divulged to any person except the licensed driver or applicant or used as evidence in any trial, except that the reports may be admitted in proceedings under s. 322.271 or s. 322.31. Any person conducting an examination pursuant to this section may be compelled to testify concerning his observations and findings in such proceedings.

(4) Members of the board and other persons making examinations shall not be held liable for their opinions and recommendations.

**History.**—s. 1, ch. 75-289; s. 1, ch. 77-174; s. 4, ch. 78-323; ss. 1, 2, ch. 79-64.

**Note.**—Repealed by s. 4, ch. 78-323, effective October 1, 1981, except for the possible effect of laws affecting this section prior to that date. Section 2 of ch. 79-64 provides that if this section "is repealed in accordance with the intent expressed in the Sundown Act, it is the intent of the Legislature that this act shall also be repealed on the same date as is therein provided."

### **322.126 Report of disability to department; content; use.—**

(1) For the purpose of the reports authorized by this section, the Department of Highway Safety and Motor Vehicles, assisted by the Medical Advisory Board, shall define mental or physical disabilities affecting the ability of a person to safely operate a motor vehicle.

(2) Any physician, person, or agency having knowledge of any licensed driver's or applicant's mental or physical disability to drive is authorized to report such knowledge to the Department of Highway Safety and Motor Vehicles. The report should be made in writing giving the full name, date of birth, and address of any person over 15 years of age having mental or physical disorders that could affect his driving ability.

(3) The reports authorized by this section shall be confidential and shall be used solely for the purpose of determining the qualifications of any person to operate a motor vehicle on the highways of this state. No civil or criminal action may be brought against any physician, person, or agency who provides the information required herein.

(4) No report forwarded under the provisions of

this section shall be used as evidence in any civil or criminal trial or in any court proceeding.

**History.**—s. 2, ch. 75-289; s. 1, ch. 77-174.

### **322.13 Driver's license examiners.—**

(1) The department shall designate persons to serve as driver's license examiners who, upon accepting such designation, shall conduct examinations hereunder, perform other assigned duties, and make factual reports of findings and recommendations to the department as it may require. In the course of his duties, an examiner is authorized to administer oaths or have persons affirm as to the truth of statements filed before him.

(2) The department shall further designate persons to serve as driver's license examiners to enforce all driver's license laws; suspension, revocation, and cancellation orders; and laws relating to the registration of motor vehicles entered in compliance with the provisions of this chapter and chapters 320, 324, and 488. Upon designation, certain examiners shall be empowered to issue uniform traffic citations to persons found in violation of such chapters. Any person who fails or refuses to surrender his driver's license, registration certificate, and license plate upon lawful demand of an examiner is guilty of a misdemeanor of the second degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084. Persons designated as examiners by the department shall not be considered for membership in the state high risk retirement program.

**History.**—s. 25, ch. 19551, 1939; CGL 1940 Supp. 4151(639); s. 25, ch. 20451, 1941; s. 1, ch. 57-767; s. 13, ch. 78-394.

**322.14 Licenses issued to operators and chauffeurs.**—The department shall, upon payment of the required fee, issue to every applicant qualifying therefor, an operator's or chauffeur's license as applied for, which license shall bear thereon a distinguishing number assigned to the licensee and the full name, date of birth, residence address, and brief description of the licensee. A space shall be provided upon which the licensee shall affix his usual signature. No license shall be valid until it has been so signed by the licensee except that the signature of said licensee shall not be required if it appears thereon in facsimile or if the licensee is not present within the state at the time of issuance.

**History.**—s. 26, ch. 19551, 1939; CGL 1940 Supp. 4151(640); s. 26, ch. 20451, 1941; s. 1, ch. 29735, 1955; s. 14, ch. 78-394.

### **322.141 Color of licenses issued to minors.—**

All licenses issued by the department to persons under the age of eighteen years for the operation of motor vehicles shall have markings or color, including photographic backdrop, which shall be an obviously separate and distinct color backdrop from all other licenses issued by the department for the operation of motor vehicles.

**History.**—s. 1, ch. 65-344; ss. 24, 35, ch. 69-106; s. 1, ch. 73-237.

### **322.142 Color photographic licenses.—**

(1) The department shall, upon receipt of the required fee, issue to each qualified applicant for an original driver's license a color photographic driver's license bearing a fullface photograph of the licensee. A space shall be provided upon which the licensee shall affix his usual signature, as required in s.

322.14, in the presence of an authorized agent of the department so as to insure that such signature becomes a part of the license.

(2) The department shall, upon receipt of the required fee, issue to each qualified licensee applying for a renewal license in accordance with s. 322.18 a color photographic license as provided for in subsection (1).

(3) A fee of 50 cents will be charged in addition to the fees required in ss. 322.21 and 233.063 to cover the additional cost of the color photographic license.

(4) The department may conduct negotiations and enter into contracts with qualified firms possessing the requisite qualifications for the development and production of photographic identification documents to assure efficient and economical processing of such licenses in sufficient quantity and of acceptable quality to meet the requirements and intent of this section, and to insure adequate service at a sufficient number of convenient locations in each county, at the lowest competitive bid price. The terms of such contract may provide for return of the original copy of each application, a photographic duplicate thereof or the original negative.

(5) The department shall maintain a film negative or print file. Prints from the file shall be made and issued only for departmental administrative purposes, for the issuance of duplicate licenses, or in response to law enforcement agency requests approved by the department. Each request from a law enforcement agency shall be submitted in writing by the head of the agency or his designated representative. It shall contain a brief explanation of the case and a statement that the case involves an active felony investigation and that a photograph of the licensee is not otherwise available.

*History.*—s. 2, ch. 67-346; ss. 1, 2, ch. 72-279; s. 15, ch. 78-394.

### **322.15 License to be carried and exhibited on demand.—**

(1) Every licensee shall have his operator's or chauffeur's license in his immediate possession at all times when operating a motor vehicle and shall display the same upon demand of a patrol officer, peace officer, or field deputy or inspector of the department.

(2) No person charged with violating this section shall be convicted if, prior to or at the time of his court or hearing appearance, he produces in court or to the clerk of the court in which the charge is pending a driver's license theretofore issued to him and valid at the time of his arrest. The clerk of the court is authorized to dismiss such cases at any time prior to the defendant's appearance in court.

### **322.16 Restricted licenses.—**

(1)(a) The department, upon issuing an operator's or chauffeur's license, shall have authority whenever good cause appears, to impose restrictions suitable to the licensee's driving ability with respect to the type or special mechanical control devices required on a motor vehicle which the licensee may operate, or such other restrictions applicable to the licensee as the department may determine to be ap-

propriate to assure the safe operation of a motor vehicle by the licensee.

(b) The department may further impose other suitable restrictions on use of the license with respect to time and purpose of use or impose any other condition or restriction deemed necessary towards driver improvement, safety or control of operators and chauffeurs of motor vehicles in this state.

(c) The department may further, at any time, impose other restrictions on the use of the license with respect to time and purpose of use or impose any other condition or restriction upon recommendation of any court, the Florida Parole and Probation Commission, or the Department of Corrections with respect to any individual under their jurisdiction, supervision or control on probation or parole.

(2) The department may issue a special restricted license or may set forth such restrictions upon the usual license form, or the department may issue a restrictive license to operate a motor-driven cycle as defined; provided that:

(a) In no instance shall a restricted license be issued to a minor under 16 years of age, except on condition that such minor when operating a motor vehicle, other than a motorcycle, motor scooter, or motorbike, shall be accompanied at all times by a licensed operator or chauffeur who is not less than 18 years of age and who is actually occupying the front seat beside such minor;

(b) During the last 60 days before the licensee's 16th birthday, the restricted license holder may, subject to the above conditions, operate a motor vehicle after dark; and

(c) A restricted licensee under 16 years of age shall not be permitted to rent a motorcycle, motor scooter, motor bike, or other motor-driven vehicle the operation of which does not require that such minor be accompanied by a licensed operator or chauffeur under this section.

(3) The department may, upon receiving satisfactory evidence of any violation of the restriction of such license, suspend or revoke the same, but the licensee shall be entitled to a hearing as upon a suspension or revocation under this chapter.

(4) It is a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083, for any person to operate a motor vehicle in any manner in violation of the restrictions imposed in a restricted license issued to him.

### **322.17 Duplicate and replacement certificates.—**

(1) In the event that an instruction permit or operator's or chauffeur's license issued under the provisions of this chapter is lost or destroyed, the person to whom the same was issued may, upon payment of \$2.50, obtain a duplicate, or substitute thereof, upon furnishing proof satisfactory to the department that such permit or license has been lost or destroyed, and further furnishing the full name, date of birth, proof of birth as provided in s. 232.03, sex, and residence address to the department.

(2) Upon the surrender of the original license and the payment of a \$1 replacement fee, the depart-

ment shall issue a replacement license to make a change in name, address, or restrictions.

**History.**—s. 29, ch. 19551, 1939; CGL 1940 Supp. 4151(643); s. 29, ch. 20451, 1941; s. 1, ch. 71-73; s. 2, ch. 75-228; s. 1, ch. 77-174.

**322.18 Original applications, licenses and renewals; expiration of licenses; delinquent licenses.—**

(1) An original operator's, restricted operator's or chauffeur's license may be issued only after the applicant successfully passes the required driver's license examination and presents the application to the department.

(2) Each applicant who is entitled to the issuance of a driver's license, as provided in this section, shall be issued a driver's license, as follows:

(a) An applicant applying for an original or renewal issuance during the 30-day period ending at midnight of the applicant's birthday shall be issued a driver's license which expires at midnight on the licensee's birthday which next occurs on or after the fourth anniversary of the date of issue.

(b) Applicants applying for an original issuance on any date other than the period specified in paragraph (a) shall be issued a driver's license which expires at midnight of the first birthday of the licensee which occurs after the third anniversary of the date of issue.

(c) An applicant applying for a renewal issuance shall be issued a driver's license which expires at midnight on the licensee's birthday which next occurs 4 years after the month of expiration of the license being renewed.

(3) If a license expires on a Saturday, Sunday, or legal holiday, it shall be valid until midnight of the next regular working day and may be renewed on that day without payment of a delinquent fee.

(4) Except as otherwise provided in this chapter, all licenses shall be renewable every 4 years during the 30-day period ending at midnight of the expiration date and shall be issued upon application, payment of the required fees, and successful passage of any required examination, unless the department has reason to believe that the licensee is no longer qualified to receive a license.

(5) All renewal operators', restricted operators', or chauffeurs' licenses may be issued after the applicant licensee has been issued a certificate of eligibility by the department.

(6) If the licensee does not receive a certificate of eligibility, the licensee or applicant may apply to the department, under oath, at the nearest driver's license examining office. Such application shall be on a form prepared and furnished by the department. The department shall make such forms available to the various examining offices throughout the state. Upon receipt of such application, the department shall issue a license or temporary permit to the applicant or shall advise the applicant that no license or temporary permit will be issued and advise the applicant of the reason for his ineligibility.

(7) An expired Florida driver's license may be renewed any time within 12 months after the expiration date, with reexamination, if required, upon presenting to the department a valid certificate of eligibility and upon payment of the required delinquent fee or taking and passing the written examination.

If the final date upon which a license may be renewed under this section falls upon a Saturday, Sunday, or legal holiday, the renewal period shall be extended to midnight of the next regular working day. The department may refuse to issue any license if:

(a) The department has reason to believe the licensee is no longer qualified to receive a license.

(b) The licensee has failed to answer a traffic summons involving a moving violation.

(c) The department's records reflect that the applicant's driving privilege is under suspension or revocation.

(8) All drivers' licenses issued prior to January 1, 1976, expire as designated on the license.

**322.19 Notice of change of address or name.**

—Whenever any person, after applying for or receiving an operator's or chauffeur's license, shall move from the address named in such application, or in the license issued to him, or when the name of a licensee is changed by marriage or otherwise, such person shall within 10 days thereafter notify the department in writing of his old and new addresses, or of such former and new names, and of the number of his license.

**History.**—s. 31, ch. 19551, 1939; CGL 1940 Supp. 4151(645); s. 31, ch. 20451, 1941.

**322.20 Records of the department.—**

(1) The department shall file every application for license received by it. Possession of such an application form, whether filled out or in blank, or of a counterfeit thereof, not authorized by the department or its personnel shall constitute a misdemeanor or of the second degree, punishable as provided in s. 775.082 or s. 775.083. The applications filed with the department shall be suitably indexed by it in alphabetical order containing:

(a) All applications denied and on each thereof the reasons for such denial.

(b) All applications granted.

(c) The name of every addressee whose license has been suspended or revoked by the department, and after every such name note the reasons for such action.

(2) The department shall also file all accident reports and abstracts of court records of convictions received by it, and maintain convenient records or make suitable notations, in order that an individual record of each licensee showing the convictions of such licensee and the traffic accidents in which he has been involved shall be readily available for the consideration of the department upon any application for renewal of a license and at other suitable times.

(3) It is unlawful for any person to falsify, alter, erase, remove, destroy, or cause to be altered, erased, removed, or destroyed, any record maintained by the department unless the alteration, erasure, removal, or destruction has been duly authorized.

(4) On or before July 1, 1980, the department shall promulgate rules and procedures to ensure adequate safeguards and auditing capabilities to enable records of uniform traffic dispositions to be reported to the department in an automated fashion,

through cooperative arrangements which may be entered into between court clerks and the department, in order to enhance the effectiveness and efficiency of dispositions reported on the uniform traffic citation. Automated procedures must be subjected to tests to ensure that the integrity of the driver file is enhanced or maintained and that the intent of this chapter, as stated in s. 322.263, is given priority consideration with respect to either on-line data entry activities between the courts and the department or the forwarding of electronically recorded data. Departmental rules shall require that data verification be accompanied by comparison with data from uniform traffic disposition reports.

(5) The department shall tabulate and publish statistics of traffic citation dispositions and provide records to court clerks for the purpose of verifying that the data was properly received and recorded.

(6) The requirement for the department to keep records shall terminate upon the death of an individual licensed by the department upon notification by the Department of Health and Rehabilitative Services of such death. The department shall make such notification as is proper of the deletions from their records to the court clerks of the state.

**History.**—s. 32, ch. 19551, 1939; CGL 1940 Supp. 4151(646); s. 32, ch. 20451, 1941; s. 1, ch. 57-758; s. 210, ch. 71-136; s. 18, ch. 78-394; s. 3, ch. 79-99.

**322.201 Records as evidence.**—A copy or transcript of all accident reports and abstracts of court records of convictions received by the department and the complete driving record of any individual duly certified by the department, shall be received as evidence in all courts of this state without further authentication; provided, however, that the same is otherwise admissible in evidence.

**History.**—s. 2, ch. 63-371; s. 1, ch. 67-305; ss. 24, 35, ch. 69-106.

**322.21 Fees to be paid for licenses and machinery for handling and collecting the same.**—

(1) The fee for:

(a) An operator's or a restricted operator's license is \$4, in addition to the fees for driver education, as provided by s. 233.063, and a color photograph, as provided by s. 322.142.

(b) A chauffeur's license is \$8, in addition to the fees for driver education and a color photograph, provided by ss. 233.063 and 322.142.

(c) The renewal of a license is the same as for its original issue set forth in paragraphs (a) and (b), except that a delinquent fee of \$1 shall be added for a renewal made not more than 12 months after the license expiration date, unless the applicant elects to take and passes the written examination.

(2) It is hereby expressly made the duty of the Director of the Driver's License Division to set up a division in the department with the necessary personnel to perform the necessary clerical and routine work for the department in issuing and recording applications, licenses, and certificates of eligibility, including the receiving and accounting of all license funds and their payment into the State Treasury, and other incidental clerical work connected with the administration of this chapter. The department is authorized to use such electronic, mechanical, or other devices as necessary to accomplish the purposes of this chapter.

(3) The department shall prepare sufficient forms for certificates of eligibility, applications, notices, and license materials to supply all applicants for operators', restricted operators', and chauffeurs' licenses and all renewal licenses.

(4) If the department determines from its records or is otherwise satisfied that the holder of a license about to expire is entitled to have it renewed, the department shall mail a certificate of eligibility to him at his last known address, not less than 30 days prior to the licensee's birthday. The licensee shall be issued a renewal license, after reexamination, if required, during the 30 days immediately preceding his birthday upon presenting a certificate of eligibility, his current license, and the fee for renewal to the department at any driver's license examining office.

(5) The department shall collect and transmit all fees received by it under this section to the State Treasurer to be placed in the General Revenue Fund of the state, and sufficient funds for the necessary expenses of the department shall be included in the annual appropriations act. The fees shall be used for the maintenance and operation of the department.

(6) Any member of the Armed Forces or a member of his immediate family, defined as spouse, daughter, son, stepdaughter, or stepson, holding a Florida driver's license who presents an affidavit showing that he was out of the state due to service in the Armed Forces of the United States at the time of license expiration is exempt from the delinquent fee if renewal is applied for within 90 days of the date of discharge or transfer to a military or naval establishment in this state as shown in the affidavit.

(7) Any veteran honorably discharged from the Armed Forces who has been determined by the Veterans' Administration to have a 100 percent service-connected disability and who is qualified to obtain an operator's or chauffeur's license under this chapter is exempt from all fees required by this section.

**History.**—s. 33, ch. 19551, 1939; CGL 1940 Supp. 4151(647); s. 33, ch. 20451, 1941; s. 1, ch. 22838, s. 7, ch. 22858, 1945; ss. 2, 3, ch. 24346, 1947; s. 51, ch. 26869, 1951; s. 1, ch. 59-314; s. 2, ch. 61-13; s. 3, ch. 67-242; s. 1, ch. 67-306; ss. 24, 35, ch. 69-106; s. 2, ch. 72-211; s. 1, ch. 73-305; s. 4, ch. 75-228; s. 1, ch. 77-174.

**322.212 Unauthorized use or possession of drivers' licenses.**—

(1) It is unlawful for any person knowingly to have in his possession any blank, forged, stolen, fictitious, counterfeit, or unlawfully issued operator's or chauffeur's license unless possession by such person has been duly authorized by the department.

(2) It is unlawful for any person to barter, trade, sell, or give away any operator's or chauffeur's license or to perpetrate a conspiracy to barter, trade or sell, or give away any such license unless said person has been duly authorized to issue the license by the department as provided in this chapter, or the adopted rules and regulations of said department.

(3) It is unlawful for any employee of the department to allow or permit the issuance of an operator's or chauffeur's license when he knows that the applicant has not lawfully fulfilled the requirements of this chapter for the issuance of such license.

(4) It is unlawful for any person to agree to supply or to aid in supplying any person with an operator's or chauffeur's license by any means whatsoever not in accordance with the provisions of this chapter.

(5) Any person who violates any of the provisions

of this act is guilty of a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(6) The foregoing provisions of this section shall be in addition to and supplemental to all other provisions of this chapter and of the laws of Florida, relating to drivers' licenses.

**History.**—s. 1, ch. 65-167; ss. 24, 35, ch. 69-106; s. 212, ch. 71-136; s. 24, ch. 73-334; s. 19, ch. 78-394.

### **322.22 Authority of department to cancel license.—**

(1) The department is authorized to cancel any operator's or chauffeur's license, upon determining that the licensee was not entitled to the issuance thereof, or that the licensee failed to give the required or correct information in his application or committed any fraud in making such application, or that the licensee has two or more licenses on file with the department, each in a different name but bearing the photograph of the licensee, unless the licensee has complied with the requirements of this chapter in obtaining the licenses.

(2) Upon such cancellation, the licensee must surrender to the department the license so canceled.

**History.**—s. 34, ch. 19551, 1939; CGL 4151(648); s. 34, ch. 20451, 1941; s. 20, ch. 78-394.

### **322.221 Department may require reexamination.—**

(1) The department, having good cause to believe that a licensed operator or chauffeur is incompetent or otherwise not qualified to be licensed, may, at any time upon written notice of at least 5 days to the licensee, require him to submit to an examination or reexamination. Good cause as used herein shall be construed to mean that a licensee's driving record or other evidence is sufficient to indicate that his driving privilege is detrimental to public safety.

(2)(a) The department may require an examination or reexamination to determine the competence and driving ability of any driver causing or contributing to the cause of any accident resulting in death, personal injury, or property damage.

(b) The department may, in its discretion, require any licensed driver to submit to an examination or reexamination prior to his normal renewal date upon receipt of a recommendation from a court having jurisdiction of traffic offenses, a law enforcement agency, or a physician stating that the driver's ability to operate a motor vehicle safely is questionable. At the time of renewal of his license a driver may be required to submit to an examination or reexamination at the discretion of the examiner if the physical appearance or actions of the licensee give rise to serious doubt as to his ability to operate a vehicle safely.

(c) If the department has reason to believe that a licensee is physically or mentally unqualified to operate a motor vehicle, it may require the licensee to submit medical reports regarding his physical or mental condition to the department's medical advisory board for its review and recommendation. The submission of medical reports shall be made without expense to the state.

(3) Upon the conclusion of such examination or reexamination the department shall take action as

may be appropriate and may suspend or revoke the license of such person or permit him to retain such license, or may issue a license subject to restrictions as permitted under s. 322.16. Refusal or neglect of the licensee to submit to such examination or reexamination shall be ground for suspension or revocation of his license.

**History.**—ss. 1-3, ch. 28120, 1953; s. 1, ch. 59-443; ss. 24, 35, ch. 69-106; s. 1, ch. 70-366; s. 21, ch. 78-394.

### **322.23 Suspending privileges of nonresidents and reporting convictions.—**

(1) The privilege of driving a motor vehicle on the highways of this state, given to a nonresident, shall be subject to suspension or revocation by the department in the same manner and for the same cause as a license issued by the department may be suspended or revoked.

(2) The department is authorized, upon receiving a record of the conviction in this state of a nonresident driver, of any offense under the motor vehicle laws of this state, to forward a certified copy of such record to the motor vehicle administrator in the state wherein the person so convicted is a resident.

**History.**—s. 35, ch. 19551, 1939; CGL 1940 Supp. 4151(649); s. 35, ch. 20451, 1941.  
cf. ss. 320.37-320.39 Privileges of nonresidents.

**322.24 Suspending resident's license upon conviction in another state.—**The department is authorized to suspend or revoke the license of any resident of the state, upon receiving notice of the conviction of such person in another state of an offense therein which, if committed in this state, would be grounds for the suspension or revocation of his license.

**History.**—s. 36, ch. 19551, 1939; CGL 1940 Supp. 4151(650); s. 36, ch. 20451, 1941.

### **322.25 When court to forward license to department and report convictions; temporary reinstatement of driving privileges.—**

(1) Whenever any person is convicted of any offense for which this chapter makes mandatory the revocation of the operator's or chauffeur's license of such person by the department, the court in which such conviction is had shall require the surrender to it of all operator's and chauffeur's licenses then held by the person so convicted, and the court shall thereupon forward the same, together with a record of such conviction, to the department.

(2) Every court having jurisdiction over offenses committed under this chapter, or any other law of this state regulating the operation of motor vehicles on highways, shall forward to the department a record of the conviction of any person in said court for a violation of any said laws, and shall suspend or revoke in accordance with the provisions of this chapter, the operator's or chauffeur's license of the person so convicted.

(3) There shall be no notation made upon a license of either an arrest or warning until the holder of the license has been duly convicted or forfeited bond.

(4) For the purpose of this chapter, a forfeiture of bail or collateral deposited to secure a defendant's appearance in court, which forfeiture has not been vacated, shall be equivalent to a conviction.

(5) For the purpose of this chapter, the entrance of a plea of nolo contendere by the defendant, accepted by the court and under which plea the court has entered a fine or sentence, whether in this state or any other state or county, shall be equivalent to a conviction.

(6) The report of a judicial disposition of an offense committed under this chapter or of any traffic violation, including parking on a roadway outside the limits of a municipality, or of a violation of any law of this state regulating the operation of motor vehicles on highways shall be made by the court to the department on a standard form prescribed by the department. The form shall be a copy of the uniform traffic citation and complaint as prescribed by s. 316.650 and shall include a place for the court to indicate clearly whether it recommends suspension or revocation of the offender's driver's license. The report shall be signed by the judge or clerk or by the facsimile signature of the clerk. The clerks of the court may submit disposition data to the department in an automated fashion, in a form prescribed by the department.

(7) Any licensed driver convicted within the past 10-year period of only one violation of driving, or being in the actual physical control of, a vehicle within this state while under the influence of alcoholic beverages, model glue, or any substance controlled under chapter 893, when affected to the extent that his normal faculties are impaired, and whose license and driving privilege have been revoked as provided in subsection (1) may be issued a court order for reinstatement of a driving privilege on a temporary basis; provided that, as a part of the penalty, upon conviction, the defendant is required to enroll in and complete a driver improvement course for the rehabilitation of drinking drivers. The court order for reinstatement shall be on a form provided by the department and must be taken by the person convicted to a Florida driver's license examining office, where a temporary driving permit may be issued. The period of time for which a temporary permit issued in accordance with this subsection is valid shall be deemed to be part of the period of revocation imposed by the court.

**History.**—s. 37, ch. 19551, 1939; CGL 1940 Supp. 4151(651); s. 37, ch. 20451, 1941; s. 1, ch. 59-313; s. 3, ch. 61-457; s. 8, ch. 72-175; ss. 1, 3, ch. 74-248; s. 40, ch. 76-31; s. 1, ch. 77-119; s. 22, ch. 78-394; s. 2, ch. 79-99.

<sup>1</sup>**Note.**—The words "a violation of" were inserted by the editors.

### **322.2505 Court to forward license of person adjudicated incompetent to department.—**

Whenever a person is adjudicated to be mentally or physically incompetent pursuant to the provisions of s. 744.331, the court shall require such person to surrender to it all operator's and chauffeur's licenses held by such person, and the court shall forward the same, together with a record of the adjudication, to the department.

**History.**—s. 1, ch. 78-204.

### **322.251 Personal service or registered mail; surrender of license required.—**

(1) All orders of cancellation, suspension, or revocation issued under the provisions of this chapter shall be given either by personal delivery thereof to the licensee whose license is being canceled, suspended, or revoked, or by deposit in the United

States mail in an envelope marked certified mail, postage prepaid, addressed to the licensee at his last known address furnished the department. Such mailing by the department shall constitute notification; and any failure by the person to receive the mailed order shall not affect or stay the effective date or term of the cancellation, suspension, or revocation of the licensee's driving privilege.

(2) The giving of notice and order of cancellation, suspension, or revocation by mail is complete upon expiration of 20 days after deposit in the United States mail. Proof of the giving of notice and order of cancellation, suspension, or revocation in either such manner shall be made by affidavit of the employee of the department who causes the notice and order to be given. The affidavit shall be sworn to by the employee upon the issuance of such notice and order and shall name the person to whom such notice and order was given and specify the time, place, and manner of the giving thereof.

(3) Whenever the driving privilege is suspended or revoked under the provisions of this chapter, the period of such suspension or revocation shall be indicated on the order of suspension or revocation, and the department shall require the licensee whose driving privilege is suspended or revoked to surrender all licenses then held by him to the department. However, should the person fail to surrender said licenses, the suspension or revocation period shall not expire until a period identical to the period for which the driving privilege was suspended or revoked has expired after the date of surrender of the licenses, or the date an affidavit swearing such licenses are lost has been filed with the department. In any instance where the suspension or revocation order is mailed as provided herein, and the license is not surrendered to the department, and such license thereafter expires, the department shall not renew that license until a period of time identical to the period of such suspension or revocation imposed has expired.

(4) Whenever a cancellation, suspension, or revocation occurs, the department shall enter the cancellation, suspension, or revocation order on the licensee's driver file 20 days after the notice was actually placed in the mail. Any inquiry into the file after the 20-day period shall reveal that the license is canceled, suspended, or revoked and whether the license has been received by the department.

**History.**—s. 5, ch. 59-278; ss. 24, 35, ch. 69-106; s. 1, ch. 78-37.

### **322.26 Mandatory revocation of license by department.—**The department shall forthwith revoke the license or driving privilege of any operator or chauffeur upon receiving a record of such operator's or chauffeur's conviction of any of the following offenses:

(1) Manslaughter resulting from the operation of a motor vehicle.

(2) Driving a motor vehicle or being in actual physical control thereof, or entering a plea of nolo contendere, said plea being accepted by the court and said court entering a fine or sentence to a charge of driving, while under the influence of alcoholic beverages or a substance controlled under chapter 893, or being in actual physical control of a motor vehicle while under the influence of alcoholic beverage.

ages or a substance controlled under chapter 893.

(3) Any felony in the commission of which a motor vehicle is used.

(4) Failure to stop and render aid as required under the laws of this state in the event of a motor vehicle accident resulting in the death or personal injury of another.

(5) Perjury or the making of a false affidavit or statement under oath to the department under this law, or under any other law relating to the ownership or operation of motor vehicles.

(6) Conviction, or forfeiture of bail not vacated, upon three charges of reckless driving committed within a period of 12 months.

(7) Any violation of the law against lewdness, assignation and prostitution where such violation has been effected through the use of a motor vehicle.

(8) Conviction in any court having jurisdiction over offenses committed under this chapter or any other law of this state regulating the operation of a motor vehicle on the highways, upon direction of the court, when the court feels that the seriousness of the offense and the circumstances surrounding the conviction warrant the revocation of the licensee's driving privilege.

### **322.261 Suspension of license; chemical test for intoxication.—**

(1)(a) Any person who shall accept the privilege extended by the laws of this state of operating a motor vehicle within this state shall by so operating such vehicle be deemed to have given his consent to submit to an approved chemical test of his breath for the purpose of determining the alcoholic content of his blood if he is lawfully arrested for any offense allegedly committed while the person was driving a motor vehicle under the influence of alcoholic beverages. The test shall be incidental to a lawful arrest and administered at the request of a peace officer having reasonable cause to believe such person was driving a motor vehicle within this state while under the influence of alcoholic beverages. Such person shall be told that his failure to submit to such a chemical test will result in the suspension of his privilege to operate a motor vehicle for a period of 3 months.

(b)1. Notwithstanding the provisions of this section, a law enforcement officer who has reason to believe that a person's ability to operate a motor vehicle is impaired by alcohol and that the person has been operating a motor vehicle during the period of such impairment may, with the person's consent, give, or the person may demand, a pre-arrest breath test for the purpose of determining if said person is in violation of s. 316.193(1), but the taking of such pre-arrest breath test shall not be deemed a compliance with the provisions of paragraph (a). The results of any test administered under this section shall not be admissible into evidence in any civil or criminal proceeding. An analysis of a person's breath, in order to be considered valid under the provisions of this section, must have been performed according to methods approved by the Department of Health and Rehabilitative Services. For this pur-

pose, the department is authorized to approve satisfactory techniques or methods.

2. Prior to administering any pre-arrest breath test, a law enforcement officer shall advise the motor vehicle operator that he has the right to refuse to take such test, and, prior to administering such test, a law enforcement officer shall obtain the written consent of the motor vehicle operator.

(c) Any such person who is incapable of refusal by reason of unconsciousness or other mental or physical condition shall be deemed not to have withdrawn his consent to such test. Any such person whose consent is implied as hereinabove provided and who, during the period within which a test prescribed herein can be reasonably administered, or who, being admitted to a hospital as a result of his involvement as a driver in a motor vehicle accident, is so incapacitated as to render impractical or impossible the administration of the aforesaid test of his breath shall be deemed to have consented also to an approved blood test given as provided for herein and shall be deemed not to have withdrawn his consent therefor. Under the foregoing circumstances, a blood test may be administered whether or not such person is told that his failure to submit to such blood test will result in the suspension of his privilege to operate a motor vehicle upon the public highways of this state.

(d) If any such person refuses the officer's request to submit to a chemical test herein provided, the department, upon receipt of the officer's sworn statement that he had reasonable cause to believe such person had been driving a motor vehicle within this state while under the influence of alcoholic beverages and that the person had refused to submit to the test after being requested by the officer, shall suspend his privilege to operate a motor vehicle for a period of 3 months. No suspension shall become effective until 10 days after the giving of written notice thereof, as provided for in paragraph (e).

(e) The department shall immediately send notification to such person, in writing by certified mail to his last known address furnished to the department, of the action taken and of his right to petition for hearing as hereinafter provided and to be represented at the hearing by legal counsel. Such mailing by the department will constitute notification as required by this section, and any failure by the person to receive such notification will not affect or stay such suspension order. Upon his petition in writing, a copy of which he shall forward to the department, being filed within 10 days from the date of receipt of the notice, directed to the municipal, county, or state court having trial jurisdiction of the offense for which he shall stand charged such person shall be afforded an opportunity for a hearing at a time to be set by the court, which hearing date shall be within 20 days of the filing of the petition with the court. For the purposes of this section, the question of whether such person lawfully refused to take a chemical test as provided for by this law and the issues determinative shall be:

1. Whether the arresting peace officer had reasonable cause to believe the person had been driving a motor vehicle in this state while under the influence of alcoholic beverage;

2. Whether the person was placed under lawful arrest;

3. Whether the person refused to submit to the test after being requested by a peace officer; and

4. Whether, except for the person described in paragraph (c) above, he had been told that his privilege to operate a motor vehicle would be suspended for a period of 3 months if he refused to submit to the test.

(f) A petition for a hearing provided in paragraph (e), filed by the affected person within 10 days of receiving notice of the department's action, shall operate to stay the suspension of the department for the period provided for the said hearing. If the trial court fails to afford the hearing within the time herein prescribed, the suspension shall not take place until such time as the person has been granted such hearing. If within the prescribed hearing period the person affected requests a continuance of the hearing to a date beyond the expiration of the prescribed hearing period, the suspension shall become effective on the day immediately following the prescribed period or immediately upon receipt of the court's notice that the request for continuance has been granted, whichever is the later. In every event, the court shall forthwith rule on the question herein prescribed and forward a copy of its decision to the department.

(g) If the court determines upon the hearing that the suspension herein provided is according to law and should be sustained, the person's driving privileges shall forthwith be suspended by order of the court, and his license shall forthwith be delivered to the court and forwarded to the department.

(h) If the arresting officer does not request a chemical test of the person arrested for any offense allegedly committed while the person was driving a motor vehicle under the influence of alcoholic beverages, such person may request the arresting officer to have a chemical test made of the arrested person's breath for the purpose of determining the alcoholic content of the person's blood, and, if so requested, the arresting officer shall have the test performed.

(i) Warning of the consent provision of this section shall be printed above the signature line on each new or renewed driver's license issued after the effective date of this act.

(j) By applying for a driver's license and by accepting and using a driver's license, the person holding the driver's license shall be deemed to have expressed his consent to the provisions of this section.

(k) A nonresident or any other person driving in a status exempt from the requirements of the driver's license law shall by his act of driving in such exempt status be deemed to have expressed his consent to the provisions of this section.

(2)(a) The test determining the weight of alcohol in the defendant's blood shall be administered at the direction of the arresting officer in accordance with rules and regulations which shall have been adopted by the department. Such rules and regulations shall be adopted after public hearing, and shall specify precisely the test or tests which are approved by said department for reliability of result and facility of administration and shall provide an approved method of administration which shall be followed in all

tests given under this section.

(b) Only a physician, registered nurse, or duly licensed clinical laboratory technologist or clinical laboratory technician, acting at the request of a peace officer, may withdraw blood for the purpose of determining the alcoholic content therein. Such withdrawal of blood shall be performed only at a hospital, clinic, or other medical facility. This limitation shall not apply to the taking of a breath specimen.

(c) The person tested may, at his own expense, have a physician, registered nurse, duly licensed clinical laboratory technologist or clinical laboratory technician, or any other person of his own choosing administer a test in addition to a test administered at the direction of a peace officer for the purpose of determining the amount of alcohol in his blood at the time alleged as shown by chemical analysis of his blood or breath. The failure or inability to obtain an additional test by a person shall not preclude the admissibility in evidence of the test taken at the direction of a peace officer.

(d) Upon the request of the person tested, full information concerning the test taken at the direction of the peace officer shall be made available to him or his attorney.

(e) No hospital, clinical laboratory, medical clinic, or similar medical institution or physician, registered nurse, or duly licensed clinical laboratory technologist or clinical laboratory technician shall incur any civil or criminal liability as a result of the proper withdrawal or analysis of a blood or breath specimen when requested in writing by a peace officer.

### **322.262 Presumption of intoxication; testing methods.—**

(1) It is unlawful and punishable as provided in this chapter and in s. 316.193 for any person who is under the influence of alcoholic beverages, when affected to the extent that his normal faculties are impaired, to drive or be in actual physical control of any motor vehicle within this state.

(2) Upon the trial of any civil or criminal action or proceeding arising out of acts alleged to have been committed by any person while driving, or in actual physical control of, a vehicle while under the influence of alcoholic beverages, when affected to the extent that his normal faculties were impaired, the results of any test administered in accordance with s. 322.261 and this section shall be admissible into evidence when otherwise admissible, and the amount of alcohol in the person's blood at the time alleged as shown by chemical analysis of the person's blood or breath shall give rise to the following presumptions:

(a) If there was at that time 0.05 percent or less by weight of alcohol in the person's blood, it shall be presumed that the person was not under the influence of alcoholic beverages to the extent that his normal faculties were impaired.

(b) If there was at that time in excess of 0.05 percent but less than 0.10 percent by weight of alcohol in the person's blood, such fact shall not give rise to any presumption that the person was or was not under the influence of alcoholic beverages to the ex-

tent that his normal faculties were impaired, but such fact may be considered with other competent evidence in determining whether the person was under the influence of alcoholic beverages to the extent that his normal faculties were impaired.

(c) If there was at that time 0.10 percent or more by weight of alcohol in the person's blood, it shall be prima facie evidence that the person was under the influence of alcoholic beverages to the extent that his normal faculties were impaired. Moreover, such person who has a blood alcohol level of 0.10 percent or above shall be guilty of driving, or being in actual physical control of, a motor vehicle, with an unlawful blood alcohol level.

(d) Percent by weight of alcohol in the blood shall be based upon grams of alcohol per 100 milliliters of blood.

(e) The foregoing provisions of this subsection shall not be construed as limiting the introduction of any other competent evidence bearing upon the question whether the person was under the influence of alcoholic beverages to the extent that his normal faculties were impaired.

(3) Chemical analyses of the person's blood or breath, in order to be considered valid under the provisions of this section, must have been performed according to methods approved by the Department of Health and Rehabilitative Services and by an individual possessing a valid permit issued by the department for this purpose. The Department of Health and Rehabilitative Services is authorized to approve satisfactory techniques or methods, to ascertain the qualifications and competence of individuals to conduct such analyses, and to issue permits which shall be subject to termination or revocation at the discretion of the Department of Health and Rehabilitative Services.

(4) Any person charged with driving a motor vehicle while under the influence of intoxicating beverages to the extent that his normal faculties were impaired, whether in a municipality or not, shall be entitled to trial by jury according to the Florida Rules of Criminal Procedure.

**322.263 Legislative intent.**—It is declared to be the legislative intent to:

(1) Provide maximum safety for all persons who travel or otherwise use the public highways of the state.

(2) Deny the privilege of operating motor vehicles on public highways to persons who, by their conduct and record, have demonstrated their indifference for the safety and welfare of others and their disrespect for the laws of the state and the orders of the state courts and administrative agencies.

(3) Discourage repetition of criminal action by individuals against the peace and dignity of the state, its political subdivisions, and its municipalities and impose increased and added deprivation of the privilege of operating motor vehicles upon habitual offenders who have been convicted repeatedly of violations of traffic laws.

**History.**—s. 1, ch. 72-175.

### **322.264 "Habitual traffic offender" defined.**

—A "habitual traffic offender" is any person whose record, as maintained by the Department of Highway Safety and Motor Vehicles, shows that such person has accumulated the convictions for separate offenses described in subsections (1), (2) and (3), committed within a 5-year period:

(1) Three or more convictions, singly or in combination, of any of the following offenses arising out of separate acts:

(a) Voluntary or involuntary manslaughter resulting from the operation of a motor vehicle;

(b) Driving a motor vehicle or being in actual physical control while having an unlawful blood alcohol level or while under the influence of alcoholic beverages or any substance controlled under chapter 893;

(c) Any felony in the commission of which a motor vehicle is used;

(d) Driving a motor vehicle while operator's license is suspended or revoked;

(e) Failing to stop and render aid as required under the laws of this state in the event of a motor vehicle accident resulting in the death or personal injury of another.

(2) Fifteen convictions for moving traffic offenses for which points may be assessed as set forth in s. 322.27, including those offenses in subsection (1).

(3) The offenses included in subsections (1) and (2) shall be deemed to include also offenses under any federal law, any law of another state, or any valid ordinance of a municipality or county of another state substantially conforming to the aforesaid state statutory provisions.

In computing the number of convictions, all convictions during the 5 years previous to July 1, 1972 will be used, provided at least one conviction occurs after that date. The fact that previous convictions may have resulted in suspension or revocation under another section shall not exempt them from being used for suspension or revocation under this section as a habitual offender.

**History.**—s. 2, ch. 72-175; s. 21, ch. 73-331; s. 4, ch. 74-384. cf.—s. 316.193 Driving while under the influence of alcoholic beverages, model glue, or controlled substances.

### **322.27 Authority of department to suspend or revoke license.—**

(1) Notwithstanding any provisions to the contrary in chapter 120, the department is hereby authorized to suspend the license of an operator or chauffeur without preliminary hearing upon a showing of its records or other sufficient evidence that the licensee:

(a) Has committed an offense for which mandatory revocation of license is required upon conviction; or

(b) Has been convicted of a violation of any traffic law which resulted in an accident that caused the death or personal injury of another or property damage in excess of \$500; or

(c) Is incompetent to drive a motor vehicle; or

(d) Has permitted an unlawful or fraudulent use of such license or has knowingly been a party to the obtaining of a license by fraud or misrepresentation or to display, or represent as one's own, any opera-

tor's or chauffeur's license not issued him. Provided, however, no provision of this section shall be construed to include the provisions of s. 322.32(1); or

(e) Has committed an offense in another state which if committed in this state would be grounds for suspension or revocation.

(2) The department shall suspend the license of an operator or chauffeur without preliminary hearing upon a showing of its records that the licensee has been convicted in any court having jurisdiction over offenses committed under this chapter or any other law of this state regulating the operation of a motor vehicle on the highways, upon direction of the court, when the court feels that the seriousness of the offense and the circumstances surrounding the conviction warrant the suspension of the licensee's driving privilege.

(3) There is established a point system for evaluation of convictions of violations of motor vehicle laws or ordinances for the determination of the continuing qualification of any person to operate a motor vehicle. The department is authorized to suspend the license of any operator or chauffeur upon showing of its records or other good and sufficient evidence that the licensee has been convicted of violation of motor vehicle laws or ordinances amounting to 12 or more points as determined by the point system. The suspension shall be for a period of not more than 1 year.

(a) When a licensee accumulates 12 points within a 12-month period, the period of suspension shall be for not more than 30 days.

(b) When a licensee accumulates 18 points, including points upon which suspension action is taken under paragraph (a), within an 18-month period, the suspension shall be for a period of not more than 3 months.

(c) When a licensee accumulates 24 points, including points upon which suspension action is taken under paragraphs (a) and (b), within a 36-month period, the suspension shall be for a period of not more than 1 year.

(d) The point system shall have as its basic element a graduated scale of points assigning relative values to convictions of the following violations:

1. Reckless driving, willful and wanton—4 points.
2. Leaving the scene of an accident resulting in property damage of more than \$50—6 points.
3. Unlawful speed resulting in an accident—6 points.
4. Passing a stopped school bus—4 points.
5. Unlawful speed:
  - a. Not in excess of 15 miles per hour of lawful or posted speed—3 points.
  - b. In excess of 15 miles per hour of lawful or posted speed—4 points.
6. Improper equipment (brakes, lights, steering)—2 points.
7. All other moving violations (including parking on a highway outside the limits of a municipality)—3 points.
8. Any moving violation covered above resulting in an accident—4 points.

(e) A conviction in another state of a violation therein which, if committed in this state, would be a

violation of the traffic laws of this state; except a violation of s. 322.26, may be recorded against a driver on the basis of one-half the number of points received had the conviction been made in a court of this state.

(f) In computing the total number of points, when the licensee reaches the danger zone, the department is authorized to send the licensee a warning letter advising that any further convictions may result in suspension of his driving privilege.

(g) The department shall administer and enforce the provisions of this law and may make rules and regulations necessary for its administration.

(h) Three points shall be deducted from the driver history record of any person whose driving privilege has been suspended only once pursuant to this subsection and has been reinstated, if such person has complied with all other requirements of this chapter.

(4) The department in computing the points and period of time for suspensions under this section, shall use the offense date of all convictions.

(5) The department shall revoke the license of any person designated a habitual offender, as set forth in s. 322.264, and such person shall not be eligible to be relicensed for a minimum of 5 years from the date of revocation, except as provided for in s. 322.271. Any person whose license is revoked may, by petition to the department, show cause why his license should not be revoked.

(6) Review of an order of suspension or revocation shall be by writ of certiorari as provided in s. 322.31.

cf.—s. 322.331 Habitual traffic offender; restoration of license.

### **322.271 Authority to modify revocation or suspension.—**

(1)(a) Upon the suspension, cancellation, or revocation of the driver's license of any person as authorized or required in this chapter, except a person whose license is revoked as a habitual traffic offender under s. 322.27(5), the department shall immediately notify the licensee, and upon his request shall afford him an opportunity for a hearing pursuant to chapter 120, as early as practical within not to exceed 30 days after receipt of such request, in the county wherein the licensee resides, unless the department and the licensee agree that such hearing may be held in some other county. In making its determination, the department may require a reexamination of the licensee.

(b) A person whose driving privilege has been revoked under s. 322.27(5) may, upon expiration of 12 months from the date of such revocation, petition the department for restoration of his driving privilege. Upon such petition and after investigation of the person's qualification, fitness, and need to drive, the department shall hold a hearing pursuant to chapter 120 to determine whether the driving privilege shall be restored on a restricted basis solely for business or employment purposes.

(2) Upon such hearing the person whose license has been suspended, canceled or revoked, may show

that such cancellation, suspension or revocation of his license causes a serious hardship and precludes his carrying out his normal business occupation, trade, or employment, and that the use of his license in the normal course of his business is necessary to the proper support of himself or his family. The department shall require proof of a successful completion of an approved driver training or alcohol education course, and may require letters of recommendation from respected businessmen in the community, law enforcement officers or judicial officers in determining whether such person should be permitted to operate a motor vehicle on a restricted basis for business use only and in determining whether such person can be trusted to so operate a motor vehicle.

(3) Upon such hearing the department shall either suspend, affirm or modify its order and may restore to the licensee the privilege of driving on a limited or restricted basis, for business or employment use only.

**History.**—s. 6, ch. 59-278; s. 4, ch. 72-175; s. 6, ch. 74-384; s. 1, ch. 77-174; s. 20, ch. 78-95.

**322.272 Supersedeas.**—The filing of a petition for certiorari to the circuit court does not itself stay the enforcement of the suspension, revocation, or cancellation of license. The department may order a stay of enforcement upon appropriate terms and conditions.

**History.**—s. 7, ch. 59-278; s. 5, ch. 61-457; s. 2, ch. 76-153.

**322.273 Penalty.**—The penalty for violation of the terms or conditions of a license so restricted by the department shall be the same as the penalty for driving while such license is revoked, canceled or suspended.

**History.**—s. 8, ch. 59-278; ss. 24, 35, ch. 69-106.

**322.274 Automatic revocation of driver's license.**—

(1) The driver's license of any person convicted hereunder of theft of any motor vehicle or parts or components of a motor vehicle shall be revoked. If such revocation shall not be ordered by the court, the Department of Highway Safety and Motor Vehicles shall forthwith revoke the same. The department shall not consider the convicted person's application for reinstatement of such revoked license until the expiration of the full term of the sentence imposed, whether served during actual imprisonment, probation, parole, or suspension.

(2) It shall be grounds for the revocation of any person's parole or probation if he operates a motor vehicle while his license is revoked pursuant to this chapter. However, it shall be within the discretion of the trial judge who imposes sentence upon the person convicted hereunder to direct the reinstatement of the person's driver's license on a limited basis after a reasonable time.

**History.**—s. 1, ch. 70-19; s. 1, ch. 70-439; s. 4, ch. 71-342; s. 65, ch. 74-383.  
**Note.**—Former s. 814.05.

**322.28 Period of suspension or revocation.**—

(1) The department shall not suspend a license for a period of more than 1 year and, upon revoking a license, in all cases except in prosecutions for the offense of driving a motor vehicle while under the influence of intoxicating liquor, shall not in any

event grant a new license until the expiration of 1 year after such revocation, except as provided herein.

(2) In prosecutions for the offense of driving a motor vehicle with an unlawful blood alcohol level, as defined in s. 316.193(3), or while under the influence of alcoholic beverages to the extent that normal faculties are impaired, as defined in s. 316.193(1), the following provisions shall apply:

(a) Upon conviction of a driver, the court, along with imposing sentence, shall revoke the driver's license or driving privilege of the person so convicted and shall prescribe the period of such revocation in accordance with the following provisions:

1. Upon first conviction of the offense of driving with an unlawful blood alcohol level as described in s. 316.193(3), the driver's license or privilege shall be revoked for not less than 30 days or more than 90 days, and for the first conviction of the offense of driving while under the influence, as described in s. 316.193(1), the driver's license or privilege shall be revoked for not less than 90 days or more than 1 year. However, the court may, as part of the sentence, restrict the driver's license or privilege to such driving as is required to get to and from work and any necessary on-the-job driving required by the employer or occupation. If such restriction is a part of the sentence, the court shall require the defendant to enroll in, and successfully complete, a driver improvement course for the rehabilitation of drinking drivers, and any necessary driving for completion of such drinking driver rehabilitation course shall be allowed under the license restriction. No pleasure, recreational, or other driving shall be permitted by such restriction, and any conviction for violation of such restriction shall be punishable by mandatory imprisonment for a period of 10 days and revocation of the driver's license or privilege for the period imposed in the original sentence.

2. Upon a second conviction within a period of 5 years from the date of a prior conviction for a violation of the provisions of s. 316.193(1) or (3), or a combination of said subsections, the driver's license or privilege shall be revoked for not less than 6 months or more than 24 months.

3. Upon a third or subsequent conviction within a period of 5 years from the date of conviction of the first of three or more convictions for the violation of the provisions of s. 316.193(1) or (3), or a combination of said subsections, the driver's license or privilege shall be revoked for not less than 1 year or more than 5 years, as provided in s. 322.27(5).

(b) If the period of revocation shall not be specified by the court at the time of imposing sentence or within 30 days thereafter, the department shall forthwith revoke the driver's license or privilege for the maximum period applicable under subsection (2)(a). The driver may, within 30 days of such revocation by the department, petition the court for further hearing on the period of revocation, and the court shall be authorized in such case, at its discretion, to reopen the case and to determine the period of revocation within the limits specified in said subsection (2)(a).

(c) Any person having his license revoked or suspended by the department may, during the period of

said revocation or suspension, apply to the department for review of said revocation or suspension and restoration of his driving privileges. Upon receipt of said application the department shall provide for a hearing after notice to said applicant within 30 days and may, after said hearing and such investigation as may be made, restore the driving privileges subject to such conditions and restrictions as the department may deem proper which shall not extend beyond the original period of revocation or suspension.

(d) The forfeiture of bail bond, not vacated within 20 days, in any prosecution for the offense of driving while under the influence of intoxicating liquor to the extent of depriving the defendant of his or her normal faculties, shall be deemed equivalent to a conviction for the purposes of this paragraph, and the department shall forthwith revoke the defendant's driver's license or privilege for the maximum period applicable under subsection (2)(a); however, if the defendant shall subsequently be convicted of said charge, the period of revocation for such conviction shall not exceed the difference between the applicable maximum under subsection (2)(a) and the period imposed under this subsection that shall have actually expired. This paragraph shall not apply if an appropriate motion contesting the forfeiture is filed within the 20-day period.

(e) When any driver's license or privilege has been revoked pursuant to the provisions of this section, the department shall not grant a new license until the expiration of the period of revocation so prescribed. However, the department shall issue a temporary driver's permit to a licensee presenting a court order for reinstatement and a written request for a hearing established in s. 322.271, provided a record check by the department shows no other convictions for driving a motor vehicle while having an unlawful blood alcohol level or while under the influence of alcoholic beverages to the extent that normal faculties are impaired and that the person is otherwise entitled to the issuance of a driver's license. Such a temporary driver's permit shall be restricted to business or employment purposes and to any necessary driving for the completion of a drinking driver rehabilitation course only and shall not be used for pleasure, recreational, or nonessential driving. Should the department determine at a later date from its records that the applicant has previously been convicted for the offense of driving of a motor vehicle while having an unlawful blood alcohol level or while under the influence of alcoholic beverages to the extent that normal faculties are impaired, the permit issued under this section shall be canceled. Upon administrative hearing, if the department determines the applicant is not eligible for modification of revocation, the permit shall be canceled, and the original revocation imposed by the court shall be reimposed. A temporary permit issued under this section shall be valid for 45 days unless canceled as herein provided.

(f) The period of time for which a temporary permit issued in accordance with paragraph (e) is valid shall be deemed to be part of the period of revocation imposed by the court.

(3) Upon conviction of a person for a violation of s. 322.34, the license or driving privilege, if suspended,

ed, shall be suspended for 3 months in addition to the period of suspension previously imposed and, if revoked, the time after which a new license may be issued shall be delayed 3 months.

(4) If, in any case arising under this section, a licensee, after having been given notice of suspension or revocation of his license in the manner provided in s. 322.251, fails to surrender to the department a license theretofore suspended or revoked, as required by s. 322.29, or fails otherwise to account for the license to the satisfaction of the department, the period of suspension of the license, or the period required to elapse after revocation before a new license may be issued, shall be extended until, and shall not expire until, a period has elapsed after the date of surrender of the license, or after the date of expiration of the license, whichever occurs first, which is identical in length with the original period of suspension or revocation.

### 322.281 Mandatory adjudication.—

(1) Notwithstanding the provisions of s. 948.01, no court shall withhold adjudication of guilt or imposition of sentence for the offense of driving, or being in actual physical control of, a motor vehicle while having an unlawful blood alcohol level or while under the influence of alcoholic beverages, model glue, or any substance controlled by chapter 893.

(2) No trial judge shall accept a plea of guilty to a lesser offense from a person charged under the provisions of this act who has been given a breath or blood test to determine blood alcohol content, the results of which show a blood alcohol content by weight of 0.20 percent or more.

**History.**—s. 8, ch. 74-384; s. 1, ch. 77-174.  
cf.—s. 316.193 provides penalties "for any person with a blood alcohol level of 0.10 percent, or above, to drive or be in actual physical control of any vehicle within this state."

**322.282 Procedure when court revokes and reinstates license or driving privilege on a restricted basis.**—When a court revokes and reinstates a license or driving privilege as authorized under s. 322.28(2)(a)1., it shall:

(1) Pick up all revoked driver's licenses from the person convicted and immediately forward same to the department, together with a record of such conviction. The clerk of said court shall also maintain a list of all revocations by said court.

(2) Issue an order of reinstatement, on a form to be furnished by the department, which the person so convicted may personally take to any Florida driver's license examining office. Upon presentation of such court order and a written request for a hearing as established in s. 322.271, and upon verification from the driving record that the person so convicted has had no other convictions within the past 10 years for driving a motor vehicle while having an unlawful blood alcohol level or while under the influence of alcoholic beverages to the extent normal faculties are impaired, a temporary driving permit authorizing driving for business or employment purposes, as provided in s. 322.28(2)(e), shall thereupon be issued. However, should the department determine from its records that such conviction was not the person's

only such conviction within the past 10 years, the temporary permit shall be canceled, and a revocation order shall be issued for the maximum period applicable under s. 322.28(2)(a)2. or s. 322.28(2)(a)3.

**History.**—s. 9, ch. 74-384; s. 2, ch. 75-113; s. 1, ch. 77-174; s. 24, ch. 78-394.

**322.29 Surrender and return of license.**—The department, upon suspending or revoking a license, shall require that such license shall be surrendered to and be retained by the department, except that at the end of the period of suspension such license so surrendered shall be returned to the licensee after applicant has successfully passed the complete examination. The department is prohibited from requiring the surrender of a license except as authorized by this chapter.

**History.**—s. 41, ch. 19551, 1939; CGL 1940 Supp. 4151(655); s. 41, ch. 20451, 1941; s. 1, ch. 59-442; s. 9, ch. 72-175.

**322.291 Driver improvement schools; required in certain suspension and revocation cases.**—Any person:

(1) Whose driving privilege has been revoked:

(a) Upon conviction for:

1. Driving, or being in actual physical control of, any vehicle while under the influence of alcoholic beverages, model glue, or any substance controlled under chapter 893, in violation of s. 316.193 or s. 860.01; or

2. Driving with an unlawful blood alcohol level; or

(b) As a habitual offender; or

(2) Whose license was suspended under the point system

shall, before the driving privilege may be reinstated, in addition to passing the complete driver's license examination, present to the department proof of enrollment in a department-approved driver training or alcohol education course. If the person fails to complete such course within 90 days after reinstatement, the driver's license shall be canceled by the department until such course is successfully completed.

**History.**—s. 1, ch. 77-219.

**322.30 No operation under foreign license during suspension or revocation in this state.**—

Any resident or nonresident whose operator's or chauffeur's license or right or privilege to operate a motor vehicle in this state has been suspended or revoked as provided in this chapter, shall not operate a motor vehicle in this state under a license, permit, or registration certificate issued by any other jurisdiction or otherwise during such suspension or revocation until a new license is obtained.

**History.**—s. 42, ch. 19551, 1939; CGL 1940 Supp. 4151(656); s. 42, ch. 20451, 1941.

**322.31 Right of review.**—The final orders and rulings of the department wherein any person is denied a license, or where such license has been canceled, suspended, or revoked, shall be reviewable in the manner and within the time provided by the Florida Appellate Rules only by a writ of certiorari

issued by the circuit court in the county wherein such person shall reside, in the manner prescribed by the Florida Appellate Rules, any provision in chapter 120 to the contrary notwithstanding.

**History.**—s. 43, ch. 19551, 1939; CGL 1940 Supp. 4151(657); s. 43, ch. 20451, 1941; s. 1, ch. 59-95; s. 1, ch. 59-278; s. 5, ch. 61-457; s. 18, ch. 63-512; s. 20, ch. 78-95.

**322.32 Unlawful use of license.**—It is a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083, for any person:

(1) To display, or cause or permit to be displayed, or have in his possession, any canceled, revoked, suspended, fictitious, or fraudulently altered operator's or chauffeur's license.

(2) To lend his operator's or chauffeur's license to any other person or knowingly permit the use thereof by another.

(3) To display, or represent as one's own, any operator's or chauffeur's license not issued to him.

(4) To fail or refuse to surrender to the department upon its lawful demand, any operator's or chauffeur's license which has been suspended, revoked or canceled.

(5) To use a false or fictitious name in any application for an operator's or chauffeur's license, or to knowingly make a false statement, or to knowingly conceal a material fact, or otherwise commit a fraud in any such application.

(6) To permit any unlawful use of an operator's or chauffeur's license issued to him.

(7) To apply for, obtain, or cause to be issued to him two or more photographic driver's licenses which are in different names. The issuance of such licenses shall be prima facie evidence that the licensee has violated the provisions of this section unless the issuance was in compliance with the requirements of this chapter.

(8) To do any act forbidden, or fail to perform any act required by this chapter.

**History.**—s. 44, ch. 19551, 1939; CGL 1940 Supp. 8135(59); s. 44, ch. 20451, 1941; s. 213, ch. 71-136; s. 25, ch. 78-394.

cf.—s. 322.212 Unauthorized use or possession of drivers' licenses.

**322.33 Making false affidavit perjury.**—Any person who makes any false affidavit, or knowingly swears or affirms falsely to any matter or thing required by the terms of this chapter, shall be guilty of perjury and upon conviction shall be punished accordingly.

**History.**—s. 45, ch. 19551, 1939; CGL 1940 Supp. 7476(9); s. 45, ch. 20451, 1941.

cf.—s. 837.012 Perjury not in an official proceeding.

s. 837.02 Perjury in official proceedings.

**322.331 Habitual traffic offenders; restoration of license.**—At the expiration of 5 years from the date of license revocation, a person whose license has been revoked under s. 322.27(5) may petition the department for restoration of driving privileges. Upon such petition and after investigation of the person's qualification and fitness to drive, the department shall hold an administrative hearing to determine whether driving privileges shall be restored either on an unrestricted basis or on a restricted basis solely for business or employment purposes.

**History.**—s. 6, ch. 72-175.

**322.34 Driving while license suspended or revoked.—**

(1) Any person whose operator's or chauffeur's license or driving privilege has been canceled, suspended, or revoked as provided by law, except persons defined in s. 322.264, and who drives any motor vehicle upon the highways of this state while such license or privilege is canceled, suspended, or revoked, upon conviction of a first offense, shall be guilty of a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083, and any person convicted of a second or subsequent charge of driving while his license is canceled, suspended, or revoked shall be guilty of a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

(2) Any person whose operator's or chauffeur's license has been revoked pursuant to s. 322.264 (habitual offender) and who drives any motor vehicle upon the highways of this state while such license is revoked is guilty of a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

**History.**—s. 46, ch. 19551, 1939; CGL 1940 Supp. 8135(60); s. 46, ch. 20451, 1941; s. 7, ch. 22858, 1945; s. 1, ch. s. 59-3; s. 214, ch. 71-136; s. 7, ch. 72-175; s. 4, ch. 76-153.

**322.35 Permitting unauthorized minor to drive.**—No person shall cause or knowingly permit his child or ward under the age of 18 years to drive a motor vehicle upon any highway when such minor is not authorized by the provisions of this chapter.

**History.**—s. 47, ch. 19551, 1939; CGL 1940 Supp. 4151(658); s. 47, ch. 20451, 1941.

**322.36 Permitting unauthorized operator to drive.**—No person shall authorize or knowingly permit a motor vehicle owned by him or under his dominion or control to be operated upon any highway or public street except by persons duly authorized to operate motor vehicles under the provisions of this chapter. Any person violating this provision is guilty of a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083.

**History.**—s. 48, ch. 19551, 1939; CGL 1940 Supp. 4151(659); s. 48, ch. 20451, 1941; s. 1, ch. 65-497; s. 215, ch. 71-136.

**322.37 Employing unlicensed chauffeur.**—No person shall employ as a chauffeur of a motor vehicle any person not then licensed as provided in this chapter.

**History.**—s. 49, ch. 19551, 1939; CGL 1940 Supp. 4151(660); s. 49, ch. 20451, 1941.

**322.38 Renting motor vehicle to another.—**

(1) No person shall rent a motor vehicle to any other person unless the latter person is then duly licensed, or if a nonresident he shall be licensed under the laws of the state or country of his residence, except a nonresident whose home state or country does not require that an operator be licensed.

(2) No person shall rent a motor vehicle to another until he has inspected the operator's or chauffeur's license of the person to whom the vehicle is to be rented, and compared and verified the signature thereon with the signature of such person written in his presence.

(3) Every person renting a motor vehicle to another shall keep a record of the registration num-

ber of the motor vehicle so rented, the name and address of the person to whom the vehicle is rented, the number of the license of said latter person, and the date and place when and where the said license was issued. Such record shall be open to inspection by any police officer, or officer or employee of the department.

**History.**—s. 50, ch. 19551, 1939; CGL 1940 Supp. 4151(661); s. 50, ch. 20451, 1941.

**322.39 Penalties.—**

(1) It is a misdemeanor for any person to violate any of the provisions of this chapter, unless such violation is by this chapter or other law of this state declared to be a felony.

(2) Unless another penalty is in this chapter or by the laws of this state provided, every person convicted of a misdemeanor for the violation of any provision of this chapter shall be guilty of a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083.

**History.**—s. 51, ch. 19551, 1939; CGL 1940 Supp. 8135(56); s. 51, ch. 20451, 1941; s. 216, ch. 71-136.

**322.41 Local issuance of drivers' licenses prohibited.**—Any person licensed as an operator, chauffeur, or restricted operator may exercise the privilege thereby granted upon all streets and highways in this state and shall not be required by any county, municipality, or other local board or body having authority to adopt local police regulations to obtain any other license to exercise such privilege.

**History.**—s. 52, ch. 20451, 1941; s. 26, ch. 78-394.

**322.42 Construction of chapter.**—This chapter shall be liberally construed to the end that the greatest force and effect may be given to its provisions for the promotion of public safety.

**History.**—s. 53, ch. 19551, 1939; CGL 1940 Supp. 4151(662); s. 54, ch. 20451, 1941.

**322.43 Short title.**—Sections 322.43-322.48 shall be known as the "Florida Driver License Compact Act."

**History.**—s. 1, ch. 67-176.

**322.44 Driver License Compact.**—The Driver License Compact is hereby enacted into law and entered into with all other jurisdictions legally joining therein in the form substantially as follows:

**ARTICLE I****FINDINGS AND DECLARATION OF POLICY.—**

(1) The party states find that:

(a) The safety of their streets and highways is materially affected by the degree of compliance with state laws and local ordinances relating to the operation of motor vehicles;

(b) Violation of such a law or ordinance is evidence that the violator engages in conduct which is likely to endanger the safety of persons and property;

(c) The continuance in force of a license to drive is predicated upon compliance with laws and ordinances relating to the operation of motor vehicles, in whichever jurisdiction the vehicle is operated.

(2) It is the policy of each of the party states to:

(a) Promote compliance with the laws, ordi-

nances, and administrative rules and regulations relating to the operation of motor vehicles by their operators in each of the jurisdictions where such operators drive motor vehicles;

(b) Make the reciprocal recognition of licenses to drive and eligibility therefor more just and equitable by considering the overall compliance with motor vehicle laws, ordinances and administrative rules and regulations as a condition precedent to the continuance or issuance of any license by reason of which the licensee is authorized or permitted to operate a motor vehicle in any of the party states.

#### ARTICLE II

DEFINITIONS.—As used in this compact:

(1) "State" means a state, territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

(2) "Home state" means the state which has issued and has the power to suspend or revoke the use of the license or permit to operate a motor vehicle.

(3) "Conviction" means a conviction of any offense related to the use or operation of a motor vehicle which is prohibited by state law, municipal ordinance or administrative rule or regulation, or a forfeiture of bail, bond or other security deposited to secure appearance by a person charged with having committed any such offense, and which conviction or forfeiture is required to be reported to the licensing authority.

#### ARTICLE III

REPORTS OF CONVICTION.—The licensing authority of a party state shall report each conviction of a person from another party state occurring within its jurisdiction to the licensing authority of the home state of the licensee. Such report shall clearly identify the person convicted; describe the violation specifying the section of the statute, code or ordinance violated; identify the court in which action was taken; indicate whether a plea of guilty or not guilty was entered or the conviction was a result of the forfeiture of bail, bond or other security; and shall include any special findings made in connection therewith.

#### ARTICLE IV

EFFECT OF CONVICTION.—

(1) The licensing authority in the home state, for the purposes of suspension, revocation or limitation of the license to operate a motor vehicle, shall give the same effect to the conduct reported, pursuant to Article III, as it would if such conduct had occurred in the home state, in the case of convictions for:

(a) Manslaughter or negligent homicide resulting from the operation of a motor vehicle, as provided by ss. 860.01 and 322.26;

(b) Driving a motor vehicle while under the influence of alcoholic beverages or a narcotic drug, or under the influence of any other drug to a degree which renders the driver incapable of safely driving a motor vehicle, as provided by ss. 860.01 and 316.193;

(c) Any felony in the commission of which a motor vehicle is used, as provided by s. 322.26;

(d) Failure to stop and render aid in the event of

a motor vehicle accident resulting in the death or personal injury of another, as provided by s. 322.26.

(2) As to other convictions, reported pursuant to Article III, the licensing authority in the home state shall give such effect to the conduct as is provided by the laws of the home state.

#### ARTICLE V

APPLICATIONS FOR NEW LICENSES.—Upon application for a license to drive, the licensing authority in a party state shall ascertain whether the applicant has ever held, or is the holder of, a license to drive issued by any other party state. The licensing authority in the state where application is made shall not issue a license to drive to the applicant if:

(1) The applicant has held such a license, but the same has been suspended by reason, in whole or in part, of a violation and if such suspension period has not terminated.

(2) The applicant has held such a license, but the same has been revoked by reason, in whole or in part, of a violation and if such revocation has not terminated, except that after the expiration of one year from the date the license was revoked, such person may make application for a new license if permitted by law. The licensing authority may refuse to issue a license to any such applicant if, after investigation, the licensing authority determines that it will not be safe to grant to such person the privilege of driving a motor vehicle on the public highways.

(3) The applicant is the holder of a license to drive issued by another party state and currently in force unless the applicant surrenders such license.

#### ARTICLE VI

APPLICABILITY OF OTHER LAWS.—Except as expressly required by provisions of this compact, nothing contained herein shall be construed to affect the right of any party state to apply any of its other laws relating to licenses to drive to any person or circumstance, nor to invalidate or prevent any driver license agreement or other cooperative arrangement between a party state and a nonparty state.

#### ARTICLE VII

COMPACT ADMINISTRATOR AND INTERCHANGE OF INFORMATION.—

(1) The head of the licensing authority of each party state shall be the administrator of this compact for his state. The administrators, acting jointly, shall have the power to formulate all necessary and proper procedures for the exchange of information under this compact.

(2) The administrator of each party state shall furnish to the administrator of each other party state any information or documents reasonably necessary to facilitate the administration of this compact.

#### ARTICLE VIII

ENTRY INTO FORCE AND WITHDRAWAL.—

(1) This compact shall enter into force and become effective as to any state when it has enacted the same into law.

(2) Any party state may withdraw from this com-

compact by enacting a statute repealing the same, but no such withdrawal shall take effect until six months after the executive head of the withdrawing state has given notice of the withdrawal to the executive heads of all other party states. No withdrawal shall affect the validity or applicability by the licensing authorities of states remaining party to the compact of any report of conviction occurring prior to the withdrawal.

#### ARTICLE IX

**CONSTRUCTION AND SEVERABILITY.**—This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable, and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

**History.**—s. 2, ch. 67-176; s. 44, ch. 76-31.

**322.45 Department of Highway Safety and Motor Vehicles; duty.**—As used in ss. 322.44 and 322.50, the term "licensing authority," with reference to this state, means the Department of Highway Safety and Motor Vehicles. Said department shall furnish to the appropriate authorities of any other party state any information or documents reasonably necessary to facilitate the administration of Articles III, IV, and V of the compact contained in s. 322.44 and Articles III, IV, and VI of the compact contained in s. 322.50.

**History.**—s. 3, ch. 67-176; ss. 24, 35, ch. 69-106; s. 4, ch. 77-373.

**322.46 Compact administrator.**—The compact administrator provided for in Article VII of s. 322.44 and Article VI of s. 322.50 shall not be entitled to any additional compensation on account of his service as such administrator, but shall be entitled to expenses incurred in connection with his duties and responsibilities as such administrator, in the same manner as for expenses incurred in connection with any other duties or responsibilities of his office or employment.

**History.**—s. 4, ch. 67-176; s. 4, ch. 77-373.

**322.47 Executive head defined.**—As used in ss. 322.44 and 322.50, with reference to this state, the term "executive head" means the Governor.

**History.**—s. 5, ch. 67-176; s. 4, ch. 77-373.

**322.48 Review of employee's acts.**—Any act or omission of any official or employee of this state done or omitted pursuant to, or in enforcing, the provisions of s. 322.44 or s. 322.50 shall be subject to review in accordance with chapter 120 by the Department of Highway Safety and Motor Vehicles, but any review of the validity of any conviction or failure to answer summons reported pursuant to the

compact in s. 322.44 or s. 322.50 shall be limited to establishing the identity of the person so convicted or failing to answer summons.

**History.**—s. 6, ch. 67-176; ss. 24, 35, ch. 69-106; s. 1, ch. 77-117; s. 4, ch. 77-373.

**322.49 Short title.**—Sections 322.45-322.50 shall be known as the "Florida Nonresident Violator Compact Act."

**History.**—s. 2, ch. 77-373.

**322.50 Nonresident Violator Compact.**—The Nonresident Violator Compact is hereby enacted into law and entered into with all other jurisdictions legally joining therein in the form substantially as follows:

#### ARTICLE I

##### FINDINGS AND DECLARATION OF POLICY.—

(1) The party jurisdictions find that:

(a) Under present procedure, a nonresident motorist who is arrested in a jurisdiction other than his home jurisdiction must either post collateral or bond to secure appearance for trial at some later date, or, if he is unable to post such collateral or bond, he is taken into custody until such collateral or bond is posted or taken directly to court for trial to be held. The purpose of this requirement is to obviate the difficulty of ensuring compliance with the terms of a traffic citation by the nonresident who, if permitted to continue on his way after receiving such citation, could return to his home jurisdiction and disregard with impunity his duty under the terms of such citation.

(b) Motorists who are arrested in their home jurisdictions are permitted, with a few exceptions involving the most serious traffic violations, to accept a citation from the arresting officer at the scene of arrest with instructions to appear at a later date at a designated police station for the purpose of posting collateral or a bond or, in the alternative, to appear at an appropriate court for trial, and to continue on their way immediately after receiving such citation.

(c) In many of the arrests described in paragraph (a), great inconvenience and, at times, great hardship is imposed on the nonresident who is unable at the time of arrest to post collateral or to furnish a bond or to stand trial thus compelling the nonresident to remain in custody for a significant length of time.

(d) The arrest of a nonresident motorist for a motor vehicle violation is presently consuming an undue amount of unproductive law enforcement time.

(2) It is the policy of the party jurisdictions to:

(a) Promote compliance with the laws, ordinances, and administrative rules and regulations relating to the operation of motor vehicles by their operators in each of the jurisdictions where such operators drive motor vehicles.

(b) Make possible reciprocal recognition of the right of motorists of the party jurisdictions to accept a citation without delay in all traffic violation cases in which such procedure is permitted whether the motorist is a resident or a nonresident of the jurisdiction in which the arrest was made.

(c) Maximize effective utilization of law enforcement personnel.

(d) Consider an operator who ignores or refuses

a citation from a party jurisdiction to be an unfit or irresponsible person to hold the driving privilege.

## ARTICLE II

DEFINITIONS.—As used in this compact:

(1) "Jurisdiction" means a state, territory, or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

(2) "Citation" means any citation, summons, ticket, or other document issued by an arresting officer for violation of a traffic law, ordinance, rule, or regulation ordering the arrested motorist to appear.

(3) "Home jurisdiction" means the jurisdiction which has issued and has the power to suspend or revoke the use of the license to operate a motor vehicle.

(4) "License" means any operator's permit or any other license or permit to operate a motor vehicle issued under the laws of a party jurisdiction including:

(a) Any temporary or learner's permit;

(b) The privilege of any person to drive a motor vehicle whether or not such person holds a valid license; and

(c) Any nonresident's operating privilege conferred upon a nonresident of a party jurisdiction pertaining to the operation by such person of a motor vehicle in such party jurisdiction.

(5) "Collateral" or "bond" means any cash or other security deposited to secure an appearance for trial following a citation by an arresting officer for violation of a traffic law, ordinance, rule, or regulation.

(6) "Personal recognizance" means a signed agreement by an arrested motorist that he will comply with the terms of the citation served upon him at the time of arrest.

## ARTICLE III

PROCEDURE BY ARRESTING OFFICERS IN CERTAIN TRAFFIC VIOLATIONS.—

(1) An officer making an arrest for a traffic violation shall issue a citation as appropriate to all motorists who are residents of the party jurisdictions and shall not, subject to the exceptions noted in subsection (2) of this Article, require such motorist to post collateral or bond to secure appearance for trial, but may accept such motorist's personal recognizance that he will comply with the terms of such citation.

(2) No motorist shall be entitled to receive a citation under the terms of subsection (1) of this Article, nor shall any police officer issue such citation under the same terms, in the event the offense for which the citation be issued shall be one of the following:

(a) An offense for which the issuance of a citation in lieu of a hearing or the posting of collateral or bond is prohibited by law; or

(b) An offense, the conviction of or the forfeiture of collateral for which requires the revocation of the motorist's license.

(3) Upon the failure of any nonresident to comply with the terms of a traffic citation, the arresting officer or other appropriate official may obtain a warrant for arrest and shall report said failure to the licensing authority of the jurisdiction in which the arrest was made. Such report shall clearly identify

the person arrested; describe the violation, specifying the section of the traffic law, ordinance, rule, or regulation violated; indicate the location of the offense; and describe the vehicle involved and its registration number. Such report shall be signed by the arresting officer or other appropriate official.

## ARTICLE IV

PROCEDURE BY LICENSING AUTHORITIES.—

(1) Upon receipt of the report as described in Article III, the licensing authority of the jurisdiction in which the arrest was made shall transmit an official copy of the record of such report to the licensing authority of the home jurisdiction.

(2) Upon receipt of a certification of noncompliance from the licensing authority of the jurisdiction in which the arrest was made, the licensing authority of the home jurisdiction shall immediately initiate license suspension proceedings against such motorist. The order of suspension shall indicate the reason for the order and shall notify the motorist that his license shall remain suspended until satisfactory evidence has been furnished to the authority issuing such order of compliance with the terms of the citation.

(3) A copy of any suspension order issued hereunder shall be furnished to the licensing authority of the jurisdiction in which the arrest was made.

(4) If the laws of a party jurisdiction do not provide for offenses or violations denominated or described in precisely the words employed in the jurisdiction to which a certification is transmitted, the party jurisdiction shall construe the denomination and descriptions appearing in the laws of such jurisdiction as being applicable to and identifying those offenses or violations of a substantially similar nature.

## ARTICLE V

APPLICABILITY OF OTHER LAWS.—

(1) Except as expressly required by provisions of this compact, nothing contained herein shall be construed to affect the right of any party jurisdiction to apply any of its other laws relating to licenses to drive to any person or circumstance or to invalidate or prevent any driver license agreement or other cooperative arrangement between a party jurisdiction and a nonparty jurisdiction.

## ARTICLE VI

COMPACT ADMINISTRATOR AND INTERCHANGE OF INFORMATION.—

(1) The motor vehicle administrator of each party jurisdiction shall be the administrator of this compact for his jurisdiction. The administrators acting jointly shall have the power to formulate all necessary and proper procedures for the exchange of information under this compact.

(2) The administrator of each party jurisdiction shall furnish to the administrator of each other party jurisdiction any information or documents reasonably necessary to facilitate the administration of this compact.

## ARTICLE VII

## ENTRY INTO FORCE AND WITHDRAWAL.—

(1) This compact shall enter into force and become effective as to any state when it has enacted the same into law.

(2) Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until 6 months after the executive head of the withdrawing state has given notice of the withdrawal to the executive heads of all other party states. No withdrawal shall affect the validity or applicability by the licensing authorities of states remaining party to the compact of any report of conviction occurring prior to the withdrawal.

## ARTICLE VIII

EXCEPTIONS.—The provisions of this compact shall not apply to parking violations, highway weight limit violations, and violations of law governing the transportation of hazardous materials.

## ARTICLE IX

CONSTRUCTION AND SEVERABILITY.—This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any party jurisdiction or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any jurisdiction party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

## 323.36 Carriers; unlawful agreements.

**323.01 Definitions.**—In construing part I of this chapter, where the context permits, the word, phrase or term:

(1) "Commission" means the Florida Public Service Commission.

(2) "Corporation" includes any corporation, company, association, or joint stock association.

(3) "Certificate" means any certificate of public convenience and necessity issued under the provisions of this part.

(4) "Permit" means any permissive permit issued under the provisions of this part to those carriers operating over public highways in transporting persons or property for compensation other than those holding certificates of public convenience and necessity under the provisions of this part.

(5) "Public highway" means every public street, road or highway in this state, and in the case of common carriers holding certificates to transport general commodities over specified highways, the term "public highway" shall comprehend the area abutting the same for a distance of two airline miles on either side thereof.

(6) "Motor vehicle" includes all vehicles or machines propelled by power other than muscular, used upon the public highways (but not over fixed rails) for the transportation of persons or property for compensation.

(7) "Motor carrier" means all persons, their lessees, trustees or receivers, owning, controlling, operating, or managing any motor propelled vehicle not usually operated on or over fixed rails, used in the business of transporting persons or property for compensation over any public highway in this state and shall specifically include:

(a) Every such person owning, leasing, using or exercising dominion over motor vehicles operated in common carriage of either persons or property for compensation over public highways over regular routes or on fixed schedules or between fixed termini or in charter carriage as herein defined.

(b) Every such person owning, leasing, using or exercising dominion over motor vehicles operated in the transportation of persons or property over public highways under contract or private carriage for compensation.

(c) Every such person, owning, leasing, using or exercising dominion over motor vehicles operated in the transportation of persons or property over public highways for hire as defined and regulated by this part and as further defined and regulated by the commission under the authority conferred on it by this part.

(8) "Private contract carrier" means any motor

carrier engaged in the transportation of persons or property over the public highways of this state who is not a common carrier but transports such persons, or property, under contract for one or more persons for compensation over such highways, where such carriage consists of continuous or recurring carriage under the same contract.

(9) "Charter carriage" or "service" means the transportation of a group of persons who, pursuant to a common purpose and a single contract, have acquired the exclusive use of a motor bus of a greater capacity than nine, including the driver, in which to travel together as a group to a specified destination or for a particular itinerary agreed upon in advance or modified or rearranged after having left the point of origin. Charter carriage shall not be deemed to include sightseeing over public roads and highways for which individual tickets are sold.

(10) "For compensation" as used in these definitions and in this part means a return in money or in property or in anything of value for service in transporting persons or property by motor vehicles over public highways, whether paid, received or realized, directly or indirectly, and shall specifically be deemed to include any profit in money, goods or things realized on the delivered price of goods, merchandise, cargo or property, where title or ownership is temporarily vested during transit in the carrier as a subterfuge for the purpose of avoiding regulation under this part; provided that where said profit is equal to or less than the regularly established rate applicable to the transportation of said property by common carriers authorized by law to transport property for compensation, such scheme or device shall be presumed to be a subterfuge for the purpose of avoiding regulation under this part.

(11) "Suburban territory" means that zone outside of and contiguous to the corporate limits of a base municipality as follows:

(a) When the base municipality has a population less than 2,500, all unincorporated areas within 2 miles of its corporate limits and all of any other municipality any part of which is within 2 miles of the corporate limits of the base municipality;

(b) When the base municipality has a population of 2,500 but less than 25,000, all unincorporated areas within 3 miles of its corporate limits and all of any other municipality any part of which is within 3 miles of the corporate limits of the base municipality;

(c) When the base municipality has a population of 25,000 but less than 100,000, all unincorporated areas within 4 miles of its corporate limits and all of any other municipality any part of which is within 4 miles of the corporate limits of the base municipality;

(d) When the base municipality has a population of 100,000 or more, all unincorporated areas within 5 miles of its corporate limits and all of any other municipality any part of which is within 5 miles of the corporate limits of the base municipality.

The population of municipalities shall be according to the most recent federal census.

(12) "Truck" includes any self-propelled motor vehicle designed and used principally for carrying

things other than passengers.

(13) "Trailer" includes any vehicle without motive power and having one or more axles at each end, coupled to or drawn by a motor vehicle and designed to carry property solely on its own structure where no part of its own weight or that of its load, rests upon another vehicle.

(14) "Semitrailer" includes any vehicle without motive power with axle or axles at the rear end only, so designed and used in connection with a motor vehicle that some part of its own weight and that of its own load rests upon, or is carried by another vehicle.

(15) "Tractor" shall mean and include any self-propelled motor vehicle designed and used primarily for drawing other vehicles and not so constructed as to carry a load other than a part of the weight of the vehicle and load so drawn.

(16) "Transportation broker" means any person, firm, company or association not included in the term motor carrier and not a bona fide employee or agent of any such carrier, who or which, as principal or agent, sells or offers for sale any transportation of property subject to this part, or which would be subject to it except for the exemptions, provided by s. 323.29, or negotiates for, or holds himself or itself out by solicitation, advertisement, or otherwise as one who sells, provides, furnishes or contracts for such transportation; provided, however, the procuring of transportation of cut flowers and the transportation of flower bulbs are exempt from this part.

(17) "Certificate of registration" means a certificate issued as a matter of course upon proper application therefor to any motor carrier engaged in transporting persons or property for compensation in interstate commerce by virtue of a certificate of public convenience and necessity, permit, or exemption from the Interstate Commerce Commission authorizing operation over the public highways of this state.

(18) "Nonemergency service" means the transportation by motor vehicle of persons who do not need, or do not expect to need, medical assistance en route.

(19) "Common carrier" means any person engaged in motor carrier transportation of persons or property for compensation over the public highways of this state who holds his service out to the public and provides transportation over regular or irregular routes.

(20) "Money, securities and other valuables" includes, but is not limited to, currency, coin, bullion, precious metals, silverware, jewelry, precious stones, paintings, negotiable and nonnegotiable securities, and bank checks.

(21) "Road building and construction aggregates" includes, but is not limited to, sand, gravel, limerock, limestone, slag, pumice, granite, stone, crushed rock, shell, clay, and fill dirt.

(22) "Taxicab" means every motor vehicle of nine passenger capacity or less, including the driver, engaged in the general transportation of persons for compensation on occasional trips, not on a regular

schedule or between fixed termini or over regular routes.

s. 769.01 et seq. Liability of persons engaged in certain hazardous occupations.

### **323.011 Fees, fines, etc.; disposition thereof.**

—The commission shall collect the following fees, fines, etc., pursuant to this chapter:

(1) A fee of \$500 to accompany each application for a certificate of public convenience and necessity pursuant to s. 323.03.

(2) A fee of \$100 to accompany each application for temporary authority pursuant to s. 323.03.

(3)(a) A fee of \$250 to accompany each joint application for transfer pursuant to s. 323.041.

(b) A fee of \$250 to accompany each protest or objection to a joint application for transfer pursuant to s. 323.041.

(4) A fee of \$100 to accompany each application for a permit pursuant to s. 323.05.

(5) A tax of \$50 at the time application is made for a master taxi permit pursuant to s. 323.053, and by June 30 of each year thereafter, plus an annual tax of \$10 for each taxicab registered under the permit, said registration to expire annually on June 30.

(6) A fee of \$10 to accompany each tariff filing pursuant to s. 323.08, and the following fees to accompany each rate application for a general rate increase pursuant to s. 323.08:

(a) \$300 for any carrier with an annual intrastate operating revenue of not over \$250,000.

(b) \$500 for any carrier with an annual intrastate operating revenue of between \$250,000 and \$1,000,000.

(c) \$700 for any carrier with an annual intrastate operating revenue over \$1,000,000.

Tariff organizations shall pay the same fees as for individual carriers, with the total intrastate operating revenues of all member carriers being used to determine the proper classification.

(7) A penalty of not more than \$5,000 for each offense as provided by s. 323.09.

(8) A fee of \$100 to accompany each application for temporary suspension pursuant to s. 323.10.

(9) A fee of \$100 to accompany each petition for a hearing as provided by s. 323.10(5).

(10) A fee of \$25 to accompany each application for a certificate of registration and \$10 for each supplement registered thereafter pursuant to s. 323.28.

(11) A fee of \$8 to accompany each application for a cab card issued pursuant to s. 323.22.

(12) A fee of \$20 for all miscellaneous applications or petitions filed pursuant to this chapter for which no specific fee is provided and which requires formal commission action.

(13) A fee of \$500 to accompany all applications

to become a self-insurer pursuant to s. 323.06.

All moneys collected under this section shall be deposited in the Florida Public Service Regulatory Trust Fund.

**History.**—s. 2, ch. 77-434.

**1323.02 Certificate or permit required.**—No motor carrier shall operate any motor vehicle for the transportation of persons or property for compensation on any public highway in this state, including the transportation of persons in nonemergency service, without first having obtained from the Public Service Commission a certificate of public convenience and necessity, a permit as hereinafter provided, a certificate of registration of Interstate Commerce Commission authority, or an exemption as hereinafter provided.

**History.**—s. 2, ch. 14764, 1931; CGL 1936 Supp. 1335(2); s. 2, ch. 57-111; s. 1, ch. 63-496; s. 1, ch. 63-279; s. 1, ch. 65-52; s. 3, ch. 76-168; s. 2, ch. 76-171; s. 3, ch. 77-434; s. 1, ch. 77-457.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

**1323.03 Common and contract carriers; certificate of convenience required.**—No motor carrier shall operate any motor vehicle for the transportation of persons or property as a common or contract carrier for compensation on any public highway in this state without first having obtained from the commission a certificate that public convenience and necessity requires such operation.

(1) **APPLICATION, FEES, ETC.**—Application for such certificate of public convenience and necessity for common or contract carriage made by any motor carrier shall be in writing verified by the applicant and shall specify such information as may be required by the commission, which shall include at least the following matter:

(a) The name and address of applicant and the names and addresses of its officers, if any.

(b) The public highway or highways over which, and the fixed termini or the regular route, if any, between which or over which, or the territory within which, applicant desires to operate.

(c) The kind of transportation, and whether passenger or freight, or both, in which applicant intends to engage, together with the number of vehicles and a brief description of each vehicle which applicant desires to use, including the seating capacity thereof, if buses, or the tonnage thereof, if trucks, and including specifically the size and weight of each vehicle.

(d) The proposed time schedule of operations, if any.

(e) If the application is for contract carriage, a sworn copy of the executed contract or contracts under which applicant desires to operate.

(f) An agreement on the part of the applicant to conform with and abide by all the laws of Florida and by all rules as to freight or passenger carriage which may be lawfully prescribed by the commission from time to time.

(g) A proposed schedule of rates, fares, charges, and classifications, if any.

(h) Such other information that will aid the commission in making a decision pursuant to subsection (4) of this section.

Any such application shall be accompanied by a fee provided by s. 323.011.

(2) **HEARING AND NOTICES.**—Upon the filing of said application and payment of said fee, the commission shall give notice to all motor carriers serving any part of the route proposed to be served by the applicant, to the mayor or chief magistrate of each city and town in or through which the applicant desires to operate, to the chairman of the board of county commissioners of each county in which the proposed service would be operated, and to the Department of Transportation. Such notice shall contain a brief summary of the subject matter of the application, the type of service proposed, the geographical area by territory or route to be served, and such other pertinent facts as the commission shall designate. Any interested person who may be substantially affected by the proposed operation shall file with the commission and serve upon the applicant a formal protest within 30 days after service of said notice. If no written protest is filed and served as herein provided, the commission may dispose of the application without oral hearing under appropriate rules established by the commission. If one or more protests are filed as herein provided, or if the commission decides on its own motion that such hearing is needed, the commission shall fix a time for hearing of said application, which shall be not less than 20 days or more than 90 days subsequent to the service of notice of hearing, and such notice of hearing shall be served upon applicant and all persons who have filed a written protest.

(3) **DISPOSITION OF APPLICATION.**—At the time specified in the notice of hearing, or at such time thereafter as may be fixed by the commission, a public hearing upon said application shall be held by the commission, unless there be a lack of written protest as provided in subsection (2) and the commission has elected to dispose of the application without oral hearing. After consideration, the commission shall enter an order in accordance with the provisions of this part and may issue a certificate as sought, refuse to issue the same, or issue the same with modifications or upon such terms and conditions as in its judgment the public convenience and necessity may require.

(4) **ISSUANCE OF CERTIFICATE.**—A certificate shall be issued to any qualified applicant therefor, authorizing the whole or any part of the operations covered by the application, if it is found that the applicant is able properly to perform the service proposed and to conform to the provisions of this chapter and the requirements and rules thereunder of the commission, and that the proposed service, to the extent to be authorized by the certificate, is or will be required by the present or future public convenience and necessity. In determining whether such certificate shall be granted, the commission, among other things, must specifically consider, and in a contested proceeding make affirmative findings concerning, each of the following elements:

(a) Whether existing transportation service of all kinds is adequate to meet the reasonable public needs.

(b) The present necessity for the certificate in relation to the volume of existing or projected future

traffic over such route or in such territory.

(c) The financial ability of the applicant to furnish adequate, continuous, and uninterrupted service at the times required therefor, and to meet the financial obligations of the service which the carrier proposes to perform.

(d) The effect on existing transportation facilities and service of all kinds, and particularly whether the granting of such certificate will or may seriously impair essential public service as provided by existing motor carriers.

(e) The fitness of the applicant properly to perform the proposed service and to conform to provisions of this part and the rules of the commission.

(f) The feasibility of the transportation proposed.

(5) **TERRITORY ALREADY SERVED.**—When application is made by a motor carrier for a certificate to operate as a carrier in a territory or on a line already served by a certificate holder, the commission shall grant same only when the existing certificate holder or holders serving such territory fail to provide service and facilities which may reasonably be required by the commission.

(6) **APPLICATION DENIAL.**—When any application for a certificate has been processed by the commission and denied, the commission shall not entertain any further application by the same applicant covering the identical or similar routes, territory, schedules, or service until the expiration of 6 months from the date of such denial.

(7) **CONTENTS OF CERTIFICATE.**—Any certificate issued under the provisions of this section shall contain, among other things, the following:

(a) The name of the grantee.

(b) The public highway or highways over which, and the fixed termini, if any, between which, the grantee is permitted to operate or the territory in which the grantee is permitted to operate.

(c) The kind of transportation, and whether passenger or freight, or both, in which the grantee is permitted to engage, together with a statement of the specific freight commodities, other than general commodities or passenger service, to be transported by the grantee.

(d) Such additional terms, conditions, provisions, and limitations as the commission shall deem necessary or proper in the public interest. In general commodity freight and intercity bus passenger certificates, the authority and operations thereunder shall be limited to regular routes and schedules.

(8) **COMPLIANCE WITH RULES.**—No certificate shall issue hereunder unless the grantee has complied with all applicable laws and rules pertaining to the transportation authorized within 90 days from the date of the commission's final order disposing of said application; otherwise, the authority shall be null and void.

(9) **TEMPORARY AUTHORITY.**—In order to provide service for which there is an immediate and urgent need to a point or points or within a territory having no carrier service capable of meeting such need, the commission may, in its discretion:

(a) Grant to a certificated carrier emergency temporary authority for such service by the certificated carrier for such period of time as the commission shall specify, but not more than an aggregate of

60 days. Said emergency temporary authority may be granted without notice and hearing, and the procedure for notice of hearing set forth in s. 323.03 shall not apply to the grant of emergency temporary authority. The commission shall adopt reasonable rules governing procedure and proof on an application for emergency temporary authority.

(b) Grant temporary authority for such service in conjunction with an application for permanent authority. Such temporary authority, unless suspended or revoked for good cause, shall be valid for such time as the commission shall specify, but not more than an aggregate of 180 days and shall create no presumption that corresponding permanent authority will be granted thereafter. An application for temporary authority shall be accompanied by the payment of a fee as provided by s. 323.011 and shall contain the affidavit of the applicant or his attorney that notice in writing of such application has been served personally or by first class mail upon all motor carriers certified by the commission to the applicant as serving any part of the route or territory proposed to be served by the applicant and authorized to transport the persons, commodities, or articles for which transportation authority is sought and upon the Department of Transportation. If no written protest is received by the commission within 15 days after the filing of the application, the commission may dispose of the application without oral hearing. If written protest is received within the 15-day period from one or more certificated motor carriers possessing all or a portion of the authority sought in the temporary authority application, the commission shall fix a time for hearing of the application which shall be not less than 30 days nor more than 60 days subsequent to the filing of the application. The commission shall enter an order in accordance with the provisions of this part within 30 days after such hearing and may grant or deny temporary authority or grant same with modifications, or upon such terms and conditions as in its judgment the immediate and urgent need requires. In the event temporary authority is granted, the commission may, in its discretion, extend the 180-day period until disposition of an application pursuant to s. 323.03 seeking permanent authority, if the commission finds the immediate and urgent need will continue to exist, and provided that the application for permanent authority is filed within 120 days following the grant of temporary authority.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

### 323.032 Charter authority.—

(1) Authority to engage in charter carriage as defined in this part shall not be granted unless the applicant has proved in a certificate application proceeding that public convenience and necessity require such operation. In no event may the commission grant charter rights except in conjunction with the grant of regular route certificates to motor common carriers of passengers.

(2) Any carrier authorized to transport passengers in charter carriage may depart from its author-

ized routes of carriage to transport a party of passengers to any point or place in the state, provided the charter party originates at a point authorized to be served on the regular route of the carrier. The carrier may originate charter parties from points it is not authorized to serve on or off its regular routes if those points are not served by another regular route motor common carrier authorized to perform charter carriage.

(3) Charter rights are not severable by sale, transfer, assignment, or any other means whatsoever from the certificate of which the charter rights are a part. However, any charter rights granted after October 1, 1970, which duplicate the rights of any existing motor common carrier of passengers may be sold, transferred, or assigned only to an existing certificated motor common carrier of passengers whose rights are duplicated by the charter rights.

(4) Carriers either holding or granted charter rights pursuant to this section are entitled to the protection afforded by this chapter when an applicant seeks duplicating charter rights.

(5) In the event an authorized carrier or carriers cannot perform a charter trip, the commission shall have the authority, pursuant to its rules, to order any certificated motor common carrier of passengers to perform the charter trip.

(6) Nothing in this section shall be construed as affecting charter rights held by carriers prior to July 1, 1977, nor shall it be construed as granting authority to any carrier not having charter authority as of that date.

**History.**—s. 5, ch. 77-434.

### 323.041 Transfer of certificate; modification, etc.—

(1) No certificate of public convenience and necessity authorizing common carriage or contract carriage, may be sold, assigned, or transferred by the holder to another, until the same has been approved by the commission as herein provided. This section shall apply with like effect to the transfer of control of a corporate certificate holder through transfer of stock ownership or otherwise.

(2) When any such certificate is proposed to be sold, assigned, or transferred, or when stock of a corporate certificate holder is proposed to be assigned, sold, transferred, or purchased and such will effect a transfer of control of the corporation, all of the parties, nominal and actual, to such transaction shall jointly file an application with the commission, upon forms, and according to rules governing form and substance thereof adopted by such commission. Such application shall set forth the details of the transaction, specifying the consideration and method of payment, the date such assignment, sale, or transfer is desired to be consummated, the financial statement of the transferee, the certificate authority, if any, held by the transferee from any regulatory commission of this state, of the United States, or of any state or district of the United States, and any other pertinent facts. Such application shall be accompanied by payment of a filing fee as provided by s. 323.011. In such application, the proposed transferee shall agree to pay all taxes, assessments, and obligations which may be due or owing to this state by the transferor, to the date of the entry of the order

by the commission approving such transfer, as a condition precedent to such approval. Upon the filing of such petition, the commission shall issue and serve upon all railroads and all certificate holders operating under certificates of the commission authorizing transportation in the territory involved of any commodities included in the certificate sought to be assigned or transferred, a written notice, which notice shall contain the general pertinent facts of such application. Said notice shall require any objections or protests to such transfer to be filed in writing with the commission by a date to be fixed by the commission in such notice, and the same shall be accompanied by a filing fee as provided by s. 323.011. Any objection or protest filed shall state fully the basis therefor. In the event no written protest is filed with the commission by a railroad, certificate holder, or other person whose substantial interests are being determined, within the time fixed, then and in that event, the commission may consider said petition and act upon the same as an ex parte matter without the necessity of public hearing, and for the purpose of such consideration, the commission may require either or both of the parties to such proposed transfer to appear before it for the purpose of giving testimony, or to produce any such records or information as the commission may direct and find necessary to consider in passing upon said petition.

(3) In the event one or more written protests stating grounds therefor are filed with the commission as herein provided within the time fixed by the commission, then the commission shall cause a proceeding to be held in accordance with chapter 120 and shall issue and serve upon the applicants and all persons who have filed such protests a notice of such proceeding, containing the general pertinent facts of such application, the date of such proceeding to be not less than 15 days following the date of such notice. If the commission finds and determines that such sale, assignment, or transfer is not contrary to the public interest and that the certificate has not been dormant for more than 6 months, it shall enter an appropriate order in the premises. The commission shall have no power or authority, directly or indirectly, to grant or issue any temporary or interim approval of a sale, assignment, or transfer as aforesaid, but shall have power only to approve or disapprove same, finally, and after hearing if protests are filed as aforesaid and hearing is requested.

(4) A certificate may be divided as to route or territories, and part thereof transferred, sold, or assigned, provided the commission finds that such routes or territories are clearly severable and the division thereof does not permit the creation of duplicate operating rights. No division of certificate rights, by sale, transfer or assignment based upon the class or classes of property authorized to be transported shall be approved, unless it appears to the satisfaction of the commission that the part of the operating rights sought to be transferred, sold or assigned is, because of a difference in the nature or type of the service rendered, considering the type of vehicle and characteristics of the customers served, clearly distinguishable and severable from the remaining operating rights; provided, however, certificates which authorize transportation of general

freight or of a specified general class of freight which class would include other classes as an integral part thereof may not be severed as to any commodity or class falling within such overall general class specified in the certificate.

(5) When the transfer of any certificate, or the sale of capital stock of a corporate certificate holder, as herein provided, is approved by the commission, the commission is hereby empowered to reasonably alter, restrict or modify the terms and provisions of such certificate, or impose restrictions on such transfer where the public interest may be best served thereby, or the existing transportation facilities within the territory or on the route involved may be safeguarded or improved in the public interest.

(6) The order of the commission approving any sale, assignment, or transfer shall direct immediate cancellation of the certificate and reissuance thereof to the transferee unless alterations, restrictions, or modifications of the terms and provisions of such certificate canceling any duplicating authority involved in said reissuance are imposed upon the transferee in conjunction with such approval. In such latter event, the commission order of approval shall require the transferee to notify it in writing, within a period of time fixed by the commission, whether or not it will accept the certificate as so altered or restricted. If such notification is not given, or if given in the negative, the commission shall enter its order canceling and revoking its approval; otherwise the commission shall thereafter cancel the certificate and reissue it to the transferee.

(7) Notwithstanding any of the provisions hereof, any executor, administrator, receiver, trustee in bankruptcy or in reorganization, or other court officer, shall be entitled, as judicial assignee, to operate the business of the certificate holder, without the approval of the commission, upon filing with the commission a certified copy of this order of appointment, but any sale, transfer, or assignment by any such judicial officer shall be subject to the terms and conditions hereof.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

**§323.042 Multiple transportation authority prohibited.**—No motor carrier shall acquire or hold a common carrier certificate and a contract carrier certificate or a permit at the same time, or a contract carrier certificate and a permit at the same time, unless the commission shall first find that such dual authority or multiple authority is not contrary to the public interest; however, this prohibition shall not apply to motor carriers holding such dual or multiple authority on May 26, 1959.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

**§323.05 Permit to operate motor vehicles.**—

(1) The following types of transportation shall be exempt from the requirements of securing a certificate under this part, but must secure a permit from the commission and are subject to s. 323.15, pertain-

ing to the payment of road tax, s. 323.22, pertaining to cab cards, the provisions of this part, and the rules of the commission, except as exempted pursuant to s. 323.29:

(a) Motor carriers engaged exclusively in the transportation of passengers or property for or pursuant to a contract with the United States Government.

(b) Motor carriers engaged exclusively in carrying property consisting of ordinary livestock, seafood, or agricultural products (excluding those that are frozen or processed). The commission may by rule adopt, in whole or in part, the Agricultural Commodity Lists of the Bureau of Motor Carriers, Interstate Commerce Commission, or may by rule promulgate a list of other commodities subject to this section.

(c) Transportation purely incidental to a person's primary business of maintenance, repair, or installation, provided such transportation is in single, casual, and nonrecurring trips and requires the performance of substantial services in addition to transportation.

<sup>2</sup>(d) Transportation of houses and buildings formerly attached to realty; however, this shall not include mobile homes, as defined in chapter 320, or manufactured buildings, as defined in s. 553.36.

(2) A permit authorizing the above transportation may be issued as a matter of right and without a hearing, upon the payment of a fee provided by s. 323.011; however, the commission may hold a hearing for the purpose of determining whether the proposed transportation is in compliance with this section. The application for said permit shall be in writing, verified by the applicant, and shall specify, among other things, the following matters:

(a) The name and address of the applicant and the names and addresses of its officers, if any.

(b) A brief description of each vehicle which the applicant proposes to operate and the license tag therefor issued or to be issued as to such vehicles.

(c) An agreement on the part of the applicant to keep such records as may be prescribed by the commission and to abide by the terms of the permit issued and by the rules of the commission as to type and size of equipment, safety appliances and devices, and rules as to load which may be reasonably prescribed by the commission from time to time, within the limits prescribed by law as to such motor vehicles.

(3) Any person providing transportation for compensation under a for-hire permit issued by the commission pursuant to an application filed on or before July 1, 1977, may continue such transportation under the permit subject to reasonable rules of the commission; however, nothing herein shall be construed as extending or expanding such permit beyond its original terms and limitations.

(4) Such permit shall be subject to suspension or revocation at any time by the commission upon hearing when it shall appear that the holder thereof has failed to keep records as prescribed by the commission and to comply with the laws of the state touching motor vehicle operations or with the rules of the commission as to the operation of such vehicles over public highways.

(5) No permit issued or continued in effect by this section shall be assigned, sold, or transferred by the holder to another.

<sup>2</sup>**Note.**—Section 7, ch. 79-152, provides that, if chapter 323 is repealed in accordance with the intent expressed in the Regulatory Reform Act of 1976, as amended by ch. 77-457 or as subsequently amended, it is the intent of the Legislature that section 2 of that act shall also be repealed on the same date as is therein provided.

### **§323.052 Regulation of motor carriers by chartered counties.—**

(1) Notwithstanding any other provisions of this part to the contrary, any chartered county may regulate and license for-hire passenger motor vehicles in the unincorporated area of the county and in those municipalities that do not regulate such vehicles on July 1, 1974, or that do not adopt regulations at least as strict as those initially adopted by the county, by filing with the Public Service Commission a written resolution that the county will be assuming regulatory jurisdiction of for-hire passenger motor vehicles throughout said county. Said resolution shall not become effective sooner than 90 days from the date the resolution is received by the commission. When said date arrives, the county that has filed its intent to regulate and license shall have exclusive jurisdiction to regulate and license for-hire passenger motor vehicles in the unincorporated area of said county and those municipalities specified above, and no other body shall have jurisdiction to regulate and license such for-hire passenger motor vehicles in such areas. This subsection shall be authority for the chartered counties of the state, solely within the areas herein defined and upon the election set forth herein, to exercise all powers and functions of regulation, including, but not limited to, permits, areas of operation, rates and charges, inspection, and any other powers presently held by the Public Service Commission. Any chartered county making the election set forth herein shall adopt by ordinance, after holding public hearings, a complete set of rules and regulations which shall apply to all regulatory aspects within the areas herein defined.

(2) A chartered county electing to implement subsection (1) shall prescribe uniform rates and charges and set minimum standards, excluding the regulation and licensing by municipalities as provided in subsection (3), throughout said county, including the incorporated and unincorporated areas.

(3) Any municipality regulating and licensing for-hire passenger motor vehicles on July 1, 1974, shall retain all its existing powers under this chapter except as provided in subsection (2), unless such authority is transferred to the county by a majority vote of the governing body of the municipality.

(4) In no event shall a chartered county electing to implement subsection (1) grant permits to operate for-hire passenger motor vehicles within the areas herein defined in excess of one for every 1,000 residents of the county, as established by the latest United States census or succeeding annual up-date, as

certified by the appropriate agency of the state. However, this provision shall be repealed July 1, 1977, and upon such repeal, any chartered county that has enacted an ordinance pursuant to subsection (1) and is regulating and licensing within the areas herein defined shall incorporate within said ordinance a provision establishing a maximum number of for-hire passenger motor vehicles within such areas in relation to the population of the county, based upon a determination of public convenience and necessity which shall take into consideration such factors as growth and inadequacy of existing service.

(5) Permits obtained prior to the effective date of the election described in subsection (1) shall remain in effect, and all rights and privileges conferred by such permits shall remain in effect and be unimpaired by subsection (1), provided such permits are utilized for those for-hire passenger motor vehicles actually in operation with proper equipment and necessary insurance on the date of enactment of the county ordinance.

**History.**—s. 1, ch. 74-131; s. 3, ch. 76-168; s. 1, ch. 77-457.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

### **323.053 Master taxi permits.—**

(1) No person shall operate a taxicab as defined in s. 323.01 without having first received a master taxi permit, which may be issued as a matter of right and without hearing when the provisions of this part and the laws of this state touching such motor vehicle operation have been complied with by the applicant. An applicant may be required by the commission to substantiate the nature of the operation as set forth in his application. The commission may decline to issue a permit applied for when it appears that the operations proposed do not comply with this part and the rules of the commission.

(2) Application by a motor carrier for a master taxi permit to operate for hire over the public highways of this state shall be in writing verified by the applicant, shall be accompanied by payment of a fee prescribed by s. 323.011, and shall contain the following:

(a) The name and address of the applicant and the names and addresses of its officers, if any.

(b) A brief description of each vehicle which the applicant proposes to operate and the license tag issued or to be issued as to such vehicles.

(c) An agreement on the part of the applicant to keep such records as may be prescribed by the commission, and to abide by the terms of the permit issued and by the rules of the commission as to type and size of equipment, safety appliances and devices, and rules as to load which may be reasonably prescribed by the commission from time to time, within the limits prescribed by law as to such motor vehicles.

(d) A description of the proposed operation and such other information as the commission may reasonably require.

(3) The permit so issued shall subject the applicant to the rules of the commission respecting the operation of such motor vehicles over state highways for compensation. However, in lieu of the road tax, all motor carriers operating taxicabs under this part

shall procure a permit therefor from the commission and shall pay to the commission at the time application is made for the permit a tax as prescribed by s. 323.011. The permit shall entitle such motor carrier to register any number of taxicabs for operation under this part upon the payment of an annual tax, as prescribed by s. 323.011, to the commission for each taxicab so registered. Permits and registrations thereunder for the operation of taxicabs shall expire on June 30, annually, but may be renewed upon payment of the annual tax provided for herein.

(4) This section shall not apply to persons operating taxicabs wholly within a municipality and its suburban territory which regulates such operations or to those operating wholly within the boundaries of a chartered county which regulates such operations pursuant to s. 323.052, or any other county which regulates such operations by local act of the Legislature. However, all persons operating taxicabs so regulated shall be required to obtain a permit as required herein in order to provide occasional unsolicited trips beyond the boundaries of said municipality and its suburban territory or county.

**History.**—s. 9, ch. 77-434.

### **323.054 Applicability of municipal ordinances in suburban territory; exceptions.—**

Recognizing that motor carriers operating wholly within a municipality and its suburban territory are exempt from the requirements of this part, nothing herein shall be construed as limiting the power of any municipality to license, control, and regulate such motor carriers when they are operating wholly within the municipality and its suburban territory. The ordinances, rules, or regulations adopted by the legislative body of such municipality shall be applicable to such motor carriers within the municipality and its suburban territory immediately adjacent thereto, and such municipality shall have the power to enforce such ordinances, rules, or regulations in the suburban territory to the same extent as if the territory was within the corporate limits of the municipality. This section shall apply only to those motor carriers exempted from the provisions of chapter 323 and shall not be applied to those specifically required to comply with said chapter.

**History.**—s. 10, ch. 77-434.

### **323.06 Bond required; conditions; insurance policy may be substituted; self-insurance may be furnished when authorized.—**

(1) The commission shall, from time to time, fix and determine the amount of the bond to be given by the applicant for the protection, in the case of a passenger vehicle, of the passengers and baggage carried in said vehicle and of the public against injury caused by negligence of the person or corporation operating the said vehicle, and in the case of a vehicle transporting freight, for the protection of the said freight so carried, if in common carriage, and of the public against injuries received through negligence of the person or corporation operating said freight-carrying vehicle. The carrier shall procure and file with the commission the said bond for liability and property damage, including loss of baggage when same has been checked in accordance with the rules prescribed by the commission, giving the said bond

or bonds in a surety company authorized to do business in the state, or deposit, in lieu of said surety, bonds of the United States Government or of any city or county in the state approved by the said commission.

(2) The said bonds shall be conditioned to indemnify passengers and the public receiving personal injuries by any act of negligence, and for damages to property of any person other than the assured; and such bonds shall contain such conditions, provisions and limitations as the commission may prescribe, and said bonds shall be payable to the Governor of the state, or his successor in office, and shall be for the benefit of and subject to action thereon by any person or persons who shall have sustained an actionable injury protected thereby, notwithstanding any provisions in said bond to the contrary, and every bond or insurance policy given shall be conclusively presumed to have been given according to and to contain all of the provisions of this part.

(3) No certificate or permit shall be valid until such bond has been filed and approved, and no such bond so accepted shall be canceled by the company issuing the same except upon 30 days' notice to the commission, and upon such notice being given by the company issuing said bond or bonds, the certificate or permit of the person or the corporation giving bond shall be revoked, unless a new bond shall be filed and accepted before the date for the cancellation of the said bond. However, the applicant may, in the discretion of the commission, be allowed to file in lieu of bond an insurance policy, which shall be approved by the commission, with some casualty or insurance company authorized to do business in the state. The commission may grant a full or partial exemption to a motor carrier from the requirements of this section to file a bond or insurance policy, provided such company shall supply such financial data as the commission may require, and provided the commission determines that the financial data demonstrates that the company is sufficiently stable and solvent to be granted authority to fully or partially self-insure. The commission shall grant full or partial authority to self-insure, subject to reasonable requirements, such as provisions for the filing of periodic financial statements to the commission demonstrating no substantial deterioration of the company's stability, and a finding that the company is not violating any of the requirements set forth in the order granting authority to self-insure. Applications to become self-insurers shall be accompanied by a filing fee as provided by s. 323.011.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

**'323.07 Commission given authority to regulate motor carriers, and to adopt rules and regulations.**—The commission may supervise and regulate every motor carrier in the state operating under the authority of this part, fix or approve the rates, fares, charges, classifications, rules and regulations for such motor carriers, regulate the service and safety of operations of each such motor carrier, prescribe a uniform system and classification of ac-

counts to be used, which among other things, shall set up adequate depreciation charges; require the filing of annual and other reports and all other data by said motor carriers; and supervise and regulate motor carriers in all other matters affecting the relationship between such companies and the traveling and shipping public. The commission may by order adopt rules and regulations applicable to any and all such motor carriers, provide for the taking of testimony by depositions, prescribe rules of procedure and exercise all judicial powers, issue all writs and do all things necessary or convenient to the full and complete exercise of its jurisdiction or the enforcement of its orders and requirements. The commission may prescribe qualifications for the appointment of hearing examiners and the procedure before hearing examiners, provided, however, that the commission shall not be bound by the findings of fact or conclusions of law of such hearing examiners, and shall have authority to take additional testimony and evidence, and to grant and hear oral arguments and rehearings in all cases. Hearings may be held before the commission, a commissioner designated by the commission or a hearing examiner of the commission at its offices in Tallahassee or at any other point in the state. The commission, in the exercise of the jurisdiction conferred upon it by this part may make orders and prescribe rules and regulations affecting such motor carriers, notwithstanding the provisions of any ordinance or permit of any incorporated city or town, city and county, or county, or village, and in case of conflict between any such order, rule or regulation, and such ordinance or permit, the order, rule or regulation of the commission shall in each instance prevail. No municipality shall have the right to require any such motor carrier to furnish any bond or insurance policy, or pay any license, fee or tax except as herein provided.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

cf.—s. 350.01 et seq. Public Service Commission.

### **'323.08 Rates; procedure for fixing and changing.**—

(1) Every motor carrier holding a certificate of public convenience and necessity for common carriage shall maintain on file with the commission a schedule of the rates, fares, charges, and classifications, if any, and a time schedule, if any, of all motor vehicles operated under such certificate. The commission shall require each such motor carrier to keep open for public inspection at designated offices so much of said schedules, rates, fares, charges, and classifications, if any, as well as time schedules, as it deems necessary for the public information. All rate applications filed under this part shall be accompanied by a filing fee as provided by s. 323.011.

(2)(a) Whenever such rates or fares or time schedules are found to be unreasonable, the commission, upon its own motion or upon complaint, shall prescribe reasonable rates and time schedules to take the place of those found unreasonable, and such new rates shall be filed in place of the rates and schedules superseded. No rates or time schedules filed with the commission shall be changed by any

such motor carrier except as provided by rules and regulations adopted by the commission. The commission may adopt rules and regulations governing the filing of tariffs and rate schedules and the method whereby changes in such tariffs and rate schedules may be made effective. In the adoption of such rules and regulations, the commission is authorized to give consideration to the desirability of having tariff filing rules similar to those of the Interstate Commerce Commission. Such rules and regulations may provide for the investigation and suspension by the commission of any proposed tariff changes or that such proposed tariff changes may become effective if not suspended by the commission.

(b) In fixing just, reasonable, and compensatory rates and charges to be observed and charged for services within the state by any and all certificated motor carriers, the commission is authorized to give consideration, among other things, to the efficiency, sufficiency, and adequacy of the facilities and equipment provided and services rendered, and the value of such services to the public; however, no motor carrier shall be denied reasonable earnings on its Florida intrastate operations. In its deliberation, the commission shall consider, but not be limited to, such items as the Florida intrastate revenues, expenses, operating ratio, and cost of capital. No certificated motor carrier shall charge, demand, collect, or receive a greater or lesser or different compensation for the transportation of persons or property, or for any service in connection therewith, than the rates, fares, and charges applicable to such company as specified in its tariffs and classification filed with and approved by the commission and in effect at the time; nor shall any such company refund or remit in any manner or by any device any portion of the rates, fares, or charges so specified, or extend to any person, firm, copartnership, corporation, or other organization or association privileges or facilities in the transportation of persons or property except such as are regularly and uniformly extended to all; and no such company shall directly or indirectly issue, give, tender, or honor any free fares except to its bona fide officers, agents, employees, and members of their immediate families. However, motor carriers under this part may exchange free transportation within the limits of this section. Nothing in this act shall repeal or in any way amend, alter, or affect any of the provisions of s. 323.26.

(3) The provisions of subsections (1) and (2) shall not be applicable to the following:

(a) Common carrier armored car services now or hereafter holding certificates of public convenience and necessity authorizing the transportation of money, securities, and other valuables.

(b) Motor common carriers holding authority for the transportation of road building and construction aggregates.

(4)(a) Charter carriers of passengers may, under reasonable rules of the commission, arrange for and receive for charter services such compensation as may be agreed upon between the carrier and the party or parties to be served, and the compensation may include charges for services and expenses in addition to transportation charges.

(b) Common carriers holding certificates author-

izing the transportation of newspapers and newspaper supplements may transport the same at rates or charges determined or agreed upon by the carrier and the shipper or owner.

(5) Pending a final decision in any rate proceeding under this section, the commission may withhold consent to the operation of all or any portion of the new rate schedules, delivering to the motor carrier requesting such increase, within 30 days, a reason or written statement of good cause for withholding its consent. Such consent shall not be withheld for a period longer than 8 months from the date of filing the new schedules. The new rates or any portion not consented to shall go into effect under bond at the end of such period, but the commission shall by order require such motor carrier to keep accurate account in detail of all amounts received by reason of such increase, specifying by whom and in whose behalf such amounts were paid, and upon completion of hearing and final decision in such proceeding shall by further order require such motor carrier to refund with interest at a fair rate, to be determined by the commission in such manner as it may direct, such portion of the increased rate or charge as by its decision shall be found not justified. Any portion of such refund not thus refunded to patrons or customers of the motor carrier shall be refunded or disposed of by the motor carrier as the commission may direct; however, no such funds shall accrue to the benefit of the motor carrier.

(6) In reviewing or establishing rates or fares for motor carriers as provided in this section, the Public Service Commission shall not discriminate against the transport of solid waste, recovered resources, or recycled materials and shall, whenever practicable, provide an incentive for resource recovery and recycling.

### **§323.09 Carrier may be fined, permit or certificate revoked, etc.—**

(1) Whenever any motor carrier is found to be violating the provisions of this part or any of the rules or regulations prescribed by the commission, or any of the laws of the state touching motor vehicle operation over the public highways, the commission may, upon complaint or upon its own motion, issue its orders to the said motor carrier notifying it to appear before the commission at a fixed time and place, at which time and place the commission shall investigate such violations, and if it shall be satisfied after such hearing that said motor carrier has violated or refused to observe the laws of this state touching motor vehicle operations or any of the terms of the certificate or permit issued to such motor carrier, or any of the commission's orders, rules, or regulations, the commission may suspend, revoke, alter, or amend any certificate or permit issued to such motor carrier, or said commission may in its discretion impose a penalty for each such offense as provided by s. 323.011. Either one or more of such imposi-

tions may be imposed alternately or cumulatively, which penalty shall constitute a lien upon real and personal property of said motor carrier, prior to all other liens except those for taxes due the state, enforceable by the commission as statutory liens under chapter 85, the proceeds of which shall be deposited to the credit of the commission to be used in the administration of this part. The holder of said certificate or permit shall have the right of review by the Supreme Court upon filing therewith a petition for issuance of a writ of certiorari in the manner and within the time prescribed by the Florida Appellate Rules.

(2) If the commission shall determine that the holder of any such certificate or permit has failed to keep records, or to pay road taxes as hereinafter provided, the commission shall forthwith issue citation against such motor carrier requiring it to appear before the commission at a fixed time and place and show cause, if any, why it should not have a penalty imposed against it or its certificate or permit revoked or suspended for a fixed period, as hereinbefore provided, in the discretion of the commission.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

### **1323.10 Dormant certificates and rights; revocation of certificates.—**

(1) Whenever it shall appear that any motor carrier holding a certificate of public convenience and necessity for the transportation of persons or property on fixed schedules, or over regular routes, has failed to operate, without prior formal approval of suspension by order of the commission, over any route or schedule, or to any point or terminal for a period of 6 months, such certificate is hereby declared to be dormant and abandoned, and the commission, upon its own motion, or upon the petition of any existing certificate holder, shall, after giving reasonable notice by certified mail or actual service to the certificate holder at his last address shown by the commission files, enter an order confirming the cancellation and revocation of such certificate, or the part thereof covering the route, territory, or terminals involved. Applications for formal approval of suspension of operation to the commission shall be accompanied by a filing fee as provided by s. 323.011.

(2) Whenever it shall appear that any motor carrier holding a certificate of public convenience and necessity or permit issued under any provision of this part has failed to operate without prior formal approval of suspension by order of the commission, for a period of 6 months, such certificate or permit is hereby declared to be dormant and abandoned, and the commission, upon its own motion, or upon the petition of any existing certificate holder, shall, after giving reasonable notice by certified mail or actual service to the certificate holder at his last address shown by the commission files, enter an order confirming the cancellation and revocation of such certificate.

(3) The failure of the certificate holder to report and pay the road tax levied and prescribed for such operation for such period of 6 months shall be

deemed prima facie evidence of the failure of said certificate holder to operate over such route or schedule or to such terminals for such period; however, the payment of such road tax shall not create any presumption of actual operation, and the burden of proof shall always be upon the certificate holder, when challenged hereunder, to establish by records and testimony the continuity of bona fide and legal operations during the period in question.

(4) Upon the entry of such foregoing order served on the certificate holder at his last address shown by the commission files, said certificate holder may file a formal written petition with the commission requesting a hearing upon such order, but no such petition may be filed or request made after the expiration of 90 days immediately subsequent to the date of such order.

(5) Before the commission shall have jurisdiction to consider such petition, it shall require the petitioning certificate holder to pay to it a sum provided by s. 323.011 toward the costs of a public hearing. Written notice of such hearing shall be mailed to all holders of certificates of public convenience and necessity issued by the commission, at least 15 days prior to the date of such hearing, in addition to any notice requirements in chapter 120. Following such hearing, the commission may reinstate such certificate if good and sufficient cause be shown or shall affirm its order of revocation.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

### **1323.12 Speed laws to be observed.—**

No motor carrier, holding certificate or permit, shall operate any motor vehicle on public highways in this state in excess of the speed permitted by the laws of this state.

**History.**—s. 12, ch. 14764, 1931; CGL 1936 Supp. 1335(12); s. 1, ch. 63-496; s. 3, ch. 76-168; s. 1, ch. 77-457.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

### **1323.13 Equipment required on vehicles; powers of commission.—**

The commission may prescribe and require as standard on all vehicles operated by motor carriers under its permits or certificates all necessary safety devices and appliances under its seal designed to establish correct mileage of the vehicle, speed governor, approved rear, side, and front light, approved brakes, including airbrakes or vacuum booster-brakes on all trailers and semitrailers, and other safety and control devices, as well as to prescribe tire size and specifications in the interest of conservation of the public highways, such rules

and regulations to be reasonably prescribed for the protection of the public and the conservation of state highways. Such rules and regulations among other things which the commission may specify and require shall in all instances require the following:

(1) Modern driver control airbrakes or vacuum booster-brakes on all trailers of any kind authorized for operation by its certificates or its permits.

(2) Suitable side and rear lights on all trailers or semitrailers clearly marking the dimensions of such trailers.

(3) Suitable coupling devices on all trailers authorized for use under its certificates or permits assuring accurate following trackage on the part of such trailer and deviation of not more than 3 inches, as hereinbefore provided. Such coupling devices to be so designed with safety chains that the pendle bar, if detached while the vehicle is in motion, will remain suspended and the trailer remain coupled.

(4) Driver vision mirrors so adjusted as to afford the driver ready view of all traffic approaching from the rear without load interference.

(5) The name and city or town address of the certificate or permitholder, as well as the number of such certificate or permit in readily visible and readable form.

(6) Such additional equipment and safety devices and road conservation requirements as the commission may reasonably prescribe from time to time.

**History.**—s. 13, ch. 14764, 1931; CGL 1936 Supp. 1335(13); s. 1, ch. 63-496; s. 3, ch. 76-168; s. 1, ch. 77-457.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

**1323.14 Detour authority.**—Any motor common carrier holding a certificate may depart from the route described in the certificate if compelled to detour on account of the closing of roads or bridges, pursuant to rules and regulations adopted by the commission.

**History.**—s. 14, ch. 14764, 1931; CGL 1936 Supp. 1335(14); s. 3, ch. 25418, 1949; ss. 1, 2, ch. 61-519; s. 1, ch. 63-496; s. 1, ch. 70-158; s. 3, ch. 76-168; s. 21, ch. 77-434; s. 1, ch. 77-457.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

**1323.15 Road tax; advance deposits; lien for taxes; enforcement of lien; records; statements; etc.**—

(1) There shall be collected on or before January 31 of each year from every motor carrier for each motor vehicle controlled by such motor carrier which travels over the public highways of this state, a road tax as follows:

(a) One hundred dollars for each bus with a capacity of more than 21 passengers, for each truck with 4 or more axles, for each vehicle registered by or leased to a holder of a certificate authorizing the transportation of road aggregates, and for each tractor, except those trucks and tractors operated exclusively within 25 miles of their places of domicile and those controlled by carriers whose authority from the commission is limited to the transportation of household goods or mobile homes.

(b) Fifty dollars for each bus with a capacity of not more than 21 passengers, for each tractor controlled by holders of a permit issued pursuant to or

continued in effect by this part, and for each truck of 3 axles.

(c) Forty dollars for each truck or tractor operated and controlled by carriers whose authority from the commission is limited to the transportation of household goods or mobile homes.

(d) Twenty-five dollars for each bus with a capacity of 12 passengers or less.

(e) Fifteen dollars for each truck or tractor regardless of the number of axles which operates exclusively within 25 miles of its place of domicile, except aggregate carriers, and for each truck with 2 axles wherever it operates.

(f) Ten dollars for each truck or tractor controlled by a motor carrier holding a certificate of registration issued pursuant to s. 323.28, authorizing the operation in Florida of motor vehicles under exemptions provided by the interstate commerce act.

(2) Motor carriers shall receive as evidence of payment of the road tax an identifying device as prescribed by the commission, which shall be displayed upon the vehicle for which the tax was paid. The identifying device is nontransferable from one vehicle to another except pursuant to the rules and regulations of the commission.

(3) The road tax shall be applicable to all motor carriers required by this part to obtain a certificate or permit from the commission, whether or not said certificate or permit has been secured by said motor carrier.

(4) The road tax collected shall be only for the remaining portion of the year from when the motor vehicle is placed in service by the motor carrier as follows:

(a) If the annual tax is \$100 and the motor vehicle is placed in service between January 1 and July 1, then \$100 is to be paid; if between July 1 and December 31, \$50.

(b) If the annual tax is \$50 and the motor vehicle is placed in service between January 1 and July 1, then \$50 is to be paid; if between July 1 and December 31, \$25.

(5) Pursuant to the rules and regulations of the commission, a motor carrier may lease vehicles to another motor carrier without the payment of additional road tax, provided that when the tax that has been paid on the vehicle is less than that required when the vehicle is controlled by the lessee, then the lessor may surrender his road tax plate or other identifying device and upon payment of the additional amount receive the required plate.

(6) The road tax provided for in this section shall be in lieu of all other taxes and fees of every kind, character, and description, state, county, or municipal, including excise and license taxes levied or imposed against such motor carriers, or the operation of such business and facilities thereof, or their property, except ad valorem taxes levied upon the property other than motor vehicles of such motor carriers, the gasoline tax and motor vehicle fuel tax, the motor vehicle license tax now or hereafter provided for by law, the sales tax imposed by chapter 212, the income tax imposed by chapter 220, and other fees now or hereafter provided for by chapter 323.

(7) The books and records of all motor carriers shall be at all times open to inspection of the com-

mission or any agent by it appointed for such purpose. The commission shall keep a true and accurate list of all motor carriers to whom certificates shall be issued with the post-office address of each.

cf.—s. 323.05 Permit to operate motor vehicles for hire.

**323.16 Disposition of moneys collected.**—The commission shall keep a separate account of all moneys collected under s. 323.15, and said moneys shall be placed in the State Treasury to be credited as follows:

(1) Thirty-five percent of such funds shall be deposited in the Florida Public Service Regulatory Trust Fund, as created by s. 350.78, for use by the commission in the administration of this part.

(2) Two percent of such funds shall be credited to the Revenue Sharing Trust Fund for municipalities.

(3) The remainder of such fund shall be placed in the State Treasury to the credit of the Revenue Sharing Trust Fund for counties, subject to distribution as provided in this act.

**323.18 Drivers' working hours.**—In the interest of safety and for the protection of the public, the commission shall adopt appropriate rules and regulations governing the maximum periods of time during which the drivers or chauffeurs of motor carriers subject to the provisions of this part shall be allowed to remain on duty. In conformity with accepted standards of safety in relation to the effect of fatigue upon a driver's ability to operate his vehicle safely, the commission may, as deemed necessary or advisable, classify and adjust the maximum number of hours of duty of a driver or chauffeur with relation to the intervals and extent of periods of rest taken between or during duty periods, conditions under which rest is taken during duty periods, number of drivers used during a given period, actual driving time as distinguished from time spent performing other duties, condition, type, and equipment of vehicles driven, time of day in which driving is done,

conditions of highways, weather, traffic, and other matters or conditions of a similar nature.

**323.21 Clerks, investigators, etc.; employment and powers.**—The commission shall employ such necessary clerks, investigators, auditors, attorneys, hearing examiners, and other employees, on such terms and conditions as it shall deem advisable and necessary to carry out the provisions of this part. All investigators employed by the commission are vested with the powers of deputy sheriffs in all counties of the state and authorized to stop any motor vehicle on the highways and to check and inspect any such motor vehicle, including any trailer or semitrailer attached thereto and contents therein, and to inspect any documents on or pertaining to such motor vehicle, trailer, or semitrailer, or their use, and to inspect any bills of lading, manifests, or any other shipping documents relating to the contents of such motor vehicle, trailer, or semitrailer, for violation of this part or any motor vehicle operating under a certificate or permit issued by the commission, for violation of a rule of said commission or the laws touching motor vehicle operation, or use, and to make arrests for any such violation in the same manner as such arrest could be made by deputy sheriffs of the several counties of the state. Said investigators are also authorized to issue citation under rules and regulations of the commission to a motor carrier operating under the commission's jurisdiction or such company's agent, directing said company to appear before the commission at a time and place named in said citation in answer to a charge of violation of a statute of the state or a rule or order of the commission. Failure to appear at said time and place may be treated by the commission as an admission of said charge, and a penalty may be assessed as provided in s. 323.09.

**323.22 Vehicle registration and identification; fee.**—

(1) The commission shall prescribe reasonable rules and regulations governing the registration and identification of motor vehicles authorized for operation under this part. Under such rules and regulations, the commission may prescribe appropriate identifying devices (cab cards), for which the commission shall charge a fee as provided for in s. 323.011. Any such identifying device prescribed and furnished by the commission shall be conspicuously displayed at all times upon each motor vehicle authorized for operation under this part in such manner as may be prescribed from time to time by the commission. Transfers of such identifying devices from one vehicle to another shall be prohibited.

(2) Motor carriers operating pursuant to a certificate, permit, or registration issued by the commission may obtain emergency or trip-lease permit cards in lieu of cab cards to identify vehicles operat-

ed under a trip-lease or emergency for not more than 15 days. The fee for such card shall be the same as for cab cards and will be in lieu of the road tax. The provisions herein are for vehicles operated on an emergency or temporary basis only, and if the vehicle is in service for more than 15 days, the motor carrier shall be required to pay all applicable fees and taxes.

### **1323.24 Unlawful operation may be enjoined.**

—Any motor carrier which operates upon the highways of this state or any transportation broker who operates within this state, without first having obtained from the Public Service Commission a certificate, a permit, or a license as prescribed by this part, or who so operates after such certificate, permit, or license is canceled, or who violates any of the provisions of this part, or any order, decision, rule or regulation, direction, demand or requirement, of the commission in relation thereto or any part or provision thereof, may be enjoined by the courts of this state, from any such violation or such unlawful or unauthorized operation within this state, at the instance of the commission or any citizen or taxpayer of this state. Provided further, that in said injunction proceedings the court may order and require such motor carrier to render an account showing the amount of road taxes which it should have paid the state for the operations sought to be enjoined, and the court shall have power and jurisdiction to enter appropriate judgment to enforce or compel the payment of any road taxes found to be due, including the entry of a money judgment for the amount of such taxes.

### **1323.26 Railroad companies may operate motor vehicles under this part.**

(1) Railroad companies, their receivers or trustees, operating in this state may operate motor vehicles for hire upon the highways of this state, provided they obtain from the commission a certificate under this part; and provided further, that they shall be, as to said motor vehicles, motor carriers under this part and subject to all the provisions of this part; and railroad companies, their receivers or trustees operating in this state may also own the whole or any part of the capital stock of a corporation or corporations organized or operating as a motor carrier.

(2) Except as hereinafter provided, no railroad company, its receivers or trustees, nor any company whose stock is owned by a railroad company, its receivers or trustees, shall be granted a certificate of public convenience and necessity without proof such as would be required by an independent motor carrier; provided, however, that upon the making of proper application therefor, by any such railroad company, its receivers or trustees, or by any company other than a railroad company, the majority of whose stock is owned by any such railroad company, its receivers or trustees, the commission shall, as a matter of right and without a hearing, grant a certificate of public convenience and necessity to any such railroad company, or to the receivers or trustees of such company, or to any such company other than a railroad company, the majority of whose stock is owned by any such railroad company, its receivers or trustees, to operate for the transportation of freight, express or United States mail over the highways and public roads of this state, using only the most practicable route located nearest to its rail lines and which is generally used between the communities served by its rail lines, said route as herein defined to be determined by the commission, motor vehicles between and within communities which are connected by and served by the rail lines of any such railroad company, but not elsewhere. The rates and charges for transportation by motor vehicles, as in this section provided, shall be the same as those which any such railroad company, its receivers or trustees may be authorized to charge if such transportation had been solely by rail; and said railroad company, its receiver or trustees, and any company in which such railroad company, its receivers or trustees, may own a majority of the stock, engaged in such operation, shall, to the extent of such operation, be liable for the same fees and taxes as are prescribed for other certificated motor carriers.

(3) Any certificate granted by the commission as a matter of right under the foregoing proviso shall be granted subject to the following conditions, viz.: when any application under this proviso is filed with the commission the applicant shall attach thereto the schedules upon which it proposes to operate trucks, and such schedules once being filed shall not be changed or enlarged without the authority of the commission after first making application to it and having such hearing thereon as the said commission may require.

(4) No rate or classification applicable to the service applied for in force and effect as prescribed or

allowed by the commission when such application is made, shall be lowered below the rate or classification of any competing truck lines over the route sought to be served by the applicant without the public service commission first having heard an application so to do, upon due notice as is now or may hereafter be required of any other certificated truck line.

(5) When a certificate granted by the commission under the provisions of this section to a company in which a railroad company may own a majority of the stock has been canceled or revoked by the commission for violation of law or any lawful order, rule or regulation of the commission, no certificate shall be granted to any other company in which said railroad company may own a majority of the stock to operate over that portion of the route as to which the certificate may have been canceled.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

**§323.28 Law inapplicable to interstate commerce; certificate of registration.—**

(1) Neither this part nor any provisions hereof shall apply or be construed to apply to commerce with foreign nations or commerce among the several states of the union except insofar as the same may be permitted under the provisions of the Constitution of the United States and the Acts of Congress.

(2) It is unlawful for any motor carrier transporting for compensation in interstate commerce in Florida for which a certificate of public convenience and necessity or a permit is required from the Interstate Commerce Commission to operate over the public highways of this state without first having filed a certified copy of such Interstate Commerce Commission authority with the Florida Public Service Commission and having obtained from the Florida commission a certificate of registration. It is also unlawful for any such companies transporting for compensation under exemptions provided by the Interstate Commerce Act to operate in Florida without first having obtained such a certificate of registration. The certificate of registration shall be granted as a matter of right without public hearing. The filing of Interstate Commerce Commission authority shall be accompanied by the payment of a fee as provided by s. 323.011.

(3) Applications for certificates of registration when properly filed on forms provided by the commission will be granted as a matter of course, and continued supervision of interstate carriers will be limited to the control of routes traveled, type, weight, size and method of operation of motor vehicles, proper accounting and payment of the compensatory road tax required by law and the giving of a bond or insurance to provide for protection of third parties from injuries due to negligence of interstate operators in the use of the highways and other police regulations required by law and rules and regulations of the commission. No cargo insurance will be required. Proof that bond or insurance is filed with the Interstate Commerce Commission adequate to protect the operation on the highways of this state

together with a description of such bond or insurance will be accepted in lieu of said bond.

(4) No motor vehicle shall be used in such service unless said vehicle has first been registered with and its use has been authorized by the commission. Common carriers of passengers holding a certificate of public convenience and necessity or a permit issued by the Interstate Commerce Commission authorizing such service, will be authorized to make occasional charter trips in the state in interstate commerce upon compliance with the following requirements:

(a) Comply with the terms of subsection (3);

(b) Advise the commission in advance of the date of the proposed trip and the routes to be traveled;

(c) Make payment to the Department of Banking and Finance of compensatory road tax required by law;

(d) Agree not to pick up any passengers for intrastate transportation in Florida; and

(e) Furnish satisfactory evidence of payment to the Department of Highway Safety and Motor Vehicles of the required registration fees for each vehicle to be used in this state.

(5) The commission, in the exercise of the jurisdiction conferred upon it by this part, may make such orders and prescribe such rules and regulations affecting such interstate motor carriers as it deems necessary for the safety of the public highways.

(6) Each interstate motor carrier registered under the provisions of this part shall designate a resident agent.

(7) In the event Florida has entered into a reciprocal agreement with another state under the terms of s. 320.39, waiving certain of its laws pertaining to interstate transportation for compensation, such reciprocal agreement will be controlling as to such laws of Florida as are thereby waived.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

**§323.29 Exemptions from provisions of this part.—**The following transportation shall not be subject to the requirements of chapter 323:

(1) Persons operating motor vehicles wholly within the corporate limits of any municipality and the adjoining suburban territory, where such business of carriage is regulated by the legislative body of such municipality as provided in ss. 323.053 and 323.054.

(2) Motor vehicles used exclusively in transporting children to and from schools.

(3) Motor vehicles while engaged exclusively in transporting horticultural <sup>2</sup>[or] agricultural goods, wares, or merchandise; logs, lumber, or other forest products; seafoods; or dairy products:

(a) From the point of production to that point of primary manufacture;

(b) From the point of production to the point of assembling the same; or,

(c) From either such point of production, primary manufacture, or assembling to a shipping point of either a rail, water, or motor transportation company, usually and generally serving the territory

ry in which said production, manufacture, or assembling takes place.

(4) Motor vehicles used exclusively in transporting agricultural or horticultural products, supplies, <sup>2</sup>[or] materials, including fertilizers and sprays, when delivered direct to the growers or consumers or to an association of such growers or consumers.

(5) Private motor vehicles engaged in the transportation of goods, wares, or merchandise belonging to the owner or operator of such vehicles.

(6) Motor vehicles used exclusively in transporting ice for use in the packing of agricultural or horticultural commodities for further shipment.

(7) Hearses and ambulances when operated by licensed embalmers, morticians, or ambulance service companies or their agents or employees in this state.

(8) Wreckers used to transport motor vehicles to garages and repair shops.

(9) Motor vehicles operated by an authorized manufacturer's dealer to transport heavy equipment such as tractors, wheel or track loaders, draglines, and cranes, or their engines and component parts, to and from his own garages and repair shops for servicing and repairs at the request of the owner.

(10) Motor vehicular transportation of United States mail.

(11) Dump trucks:

(a) When leased by a building construction or road building contractor from another such contractor, with drivers for such vehicles furnished by the lessor contractor and used exclusively in transporting construction aggregates to a concrete or asphalt mixing plant or to a construction site.

(b) When used in transportation of mixed road building materials from a mixing plant to the construction site of a public highway.

(c) Of 10-ton capacity or less.

(12) Nothing in this part shall be construed or applied to exempt from commission jurisdiction and control, persons operating motor vehicles transporting racehorses and polo ponies for compensation, unless both the point of origin and point of destination are within the corporate limits of the same city or town.

(13) The exemptions provided in this section shall not extend to the transportation of household goods by motor carrier, and all such transportation between all points and places shall be subject to regulation under this part and subject to commission jurisdiction and control. This subsection shall not be construed to affect persons not regularly engaged in the transportation business who sporadically and on an irregular and nonrecurring basis transport household goods as above defined.

### **§323.31 Transportation brokers.—**

(1) **LICENSE REQUIRED.**—No person, firm, company or association shall for compensation sell or offer for sale transportation of property subject to

this part or which would be subject to this part except for the exemptions provided by s. 323.29 or shall make any contract, agreement, or arrangement to provide, procure, furnish, or arrange for such transportation or shall hold himself or itself out by advertisement, solicitation, or otherwise as one who sells, provides, procures, contracts, or arranges for such transportation, unless such person, firm, company or association holds a transportation broker's license in such transactions; provided, however, that no such person, firm, company or association shall engage in transportation subject to this part unless he holds a certificate or permit as provided in this chapter. And provided further, that the provisions of this section shall not apply to any motor carrier or to bona fide employee or agent of such motor carrier, so far as concerns transportation to be furnished wholly by such carrier or jointly with other motor carriers or with a common carrier by railroad, express, or water.

(2) **ISSUANCE OF LICENSE; HEARING; PROTEST.**—A transportation brokerage license shall be issued to any applicant therefor, who is found to be qualified, as hereinafter provided, to perform the transportation brokerage services proposed in his application and who is found to have complied with the provisions of this section and the requirements, rules and regulations of the commission thereunder; otherwise, such application shall be denied. Upon the filing of the application and the payment of the fees hereinafter provided, the commission shall set a time for a public hearing and shall at the same time give written notice thereof to each transportation broker holding a license to do business anywhere in the state. At such public hearing the applicant will be required to establish by substantial evidence the statements made in his application as well as the fact that the issuance of a license to him would be consistent with public convenience and necessity. In issuing any such license the commission shall consider the effect of the proposed service upon transportation brokerage as a whole within the service area sought by the applicant. The commission may deny any such application when the need for the proposed service is not affirmatively shown.

### **(3) APPLICATION, FEES.—**

(a) Application for such transportation brokerage license shall be in writing verified by the applicant and shall specify the name and address of applicant and the names and addresses of its officers or partners, if any, the locality or location within the state from which the applicant desires to operate and the kind of transportation which the applicant intends to sell, provide, procure, contract or arrange for. In addition, the application shall show that the applicant is qualified in the following particulars:

1. He has had a minimum of 1 year of experience in the office of a licensed transportation broker or 1 year of experience as a truck owner or driver in the field of motor transportation.

2. He has not been convicted of engaging in the business of transportation brokerage without a proper license in the past 12 months; and no legal proceedings are pending against him for violation of this section.

3. He has not been engaged as the owner, part-

ner, officer, or director of a predecessor company operating as a transportation broker within the past 12 months which has become insolvent, been adjudged as bankrupt, or has unsatisfied judgments against it.

4. He has attached to his application as a part thereof a current financial statement prepared and signed by a certified public accountant showing a minimum net worth of \$5,000 and adequate financial means to operate successfully as a transportation broker.

(b) Each application shall be accompanied by a fee of \$750 to be placed in the Florida Public Service Regulatory Trust Fund; provided, however, that \$400 shall be refunded if the license is not issued. All licenses issued hereunder, including those licenses now in effect, shall be renewed annually by the payment of an annual license renewal fee of \$350 per license which shall be due on December 31 of each year. If the fee is not paid in advance of such due date, it must be received by the commission on or before January 31 of the next year in order for the renewal of the license to be effective. All moneys received hereunder shall be deposited in the Florida Public Service Regulatory Trust Fund and disbursed pursuant to s. 350.78(2).

(c) Localities or locations from which the applicant desires to operate shall be stated as precisely as possible and if possible shall be stated by reference to a particular incorporated municipality. License shall be issued according to the localities or locations stated in the application therefor and shall authorize the applicant to do business only from the localities or locations stated. Nothing herein contained shall be interpreted as preventing any transportation broker from holding licenses to do business from more than one locality or location but a separate license shall be required for each locality or location from which business is done; provided, however, upon application to and approval by the commission, licensed transportation brokers engaged exclusively in procuring transportation for seasonal commodities, may, upon terminating seasonal operations in a given locality, move to another locality and continue such seasonal operations without procuring an additional license or licenses for such subsequent places of business.

(4) **SUSPENSION OF LICENSE AND REVOCATION.**—The Public Service Commission may suspend a transportation broker's license if it finds that the licensee has either:

(a) Suffered a money judgment to be entered against him upon which execution has been returned unsatisfied; or

(b) Made false charges for services rendered by himself or by any motor carrier which he represents; or

(c) Failed to account properly and promptly, or to make settlement with any motor carrier; or

(d) Made any false or misleading statement as to services rendered by himself or by any motor carrier which he represents; or

(e) Been guilty of a fraud in the attempt to procure or the procurement of a license; or

(f) Arranged for transportation of property subject to this part and not exempt under the provisions

of s. 323.29 with other than an authorized carrier; or

(g) Become not fit, willing and able properly to perform the service authorized by his license, for any other good and sufficient reason.

(5) **HEARING BEFORE PUBLIC SERVICE COMMISSION.**—Before the commission shall suspend or revoke a license, it shall conduct a proceeding according to chapter 120.

(6) **ASSIGNMENT OF LICENSE.**—No transportation brokerage license issued under the provisions of this section may be assigned or transferred without the consent of the commission authorizing such transfer. Applications shall be filed jointly by the assignor and the assignee and shall be subject to the same provisions as to hearing and notice as original applications for licenses. Such joint applications shall be accompanied by a filing fee of \$250 to be placed in the General Revenue Fund.

(7) **RULES AND REGULATIONS; BOND OR OTHER SECURITY REQUIRED.**—The commission shall prescribe reasonable rules and regulations for the protection of shippers by motor vehicle and motor carriers, to be observed by any person, firm, company or association holding a transportation brokerage license. No such license shall be issued or remain in force unless such person, firm, company or association shall have furnished a bond or other security approved by the commission, in such form and amount as will insure financial responsibility. Such bond shall be conditioned upon the payment of all obligations to motor carriers or shippers, and the supplying of authorized transportation in accordance with all contracts, agreements, or arrangements with both motor carriers and shippers. In no event shall the total of all recoveries exceed the amount of such bond or security.

(8) **INSPECTION OF ACCOUNTS AND RECORDS.**—The commission and its clerks and inspectors shall have the same authority as to accounts, reports, and records, including inspection and preservation thereof, of any person, firm, company or association holding a transportation brokerage license under the provisions of this section, that they have under this part with respect to the motor carriers subject thereto.

(9) **EMERGENCY PERMITS.**—On a satisfactory showing of an emergency requiring transportation brokerage services in the movement of perishable commodities, the commission may grant a temporary transportation brokerage license pending proceedings on an application for a permanent license, and said commission may also grant temporary authority to any licensed transportation broker in the state to furnish such brokerage services in the emergency area during the pendency of such emergency. Applications for such emergency permits shall be accompanied by payment of a \$100 permit fee to be placed in the General Revenue Fund.

**§323.35 Penalties.**—Every officer, agent or employee of any corporation, and every other person who violates or fails to comply with, or who procures,

aids or abets in the violation of any provisions of this part, or who fails to obey, observe or comply with any order, decision, rule or regulation, direction, demand or requirement, or any part or provision thereof, or who fails to observe any regulations as to maximum speed of operation or maximum weight of load, of the commission, or who procures, aides or abets any person in his failure to obey, observe or comply with any such order, maximum speed of operation, maximum weight of load, decision, rule, direction, demand, or regulation, or any part or provision thereof, is guilty of a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

**History.**—s. 15, ch. 14764, 1931; CGL 1936 Supp. 7794(2); s. 1, ch. 63-279; s. 217, ch. 71-136; s. 3, ch. 76-168; s. 1, ch. 77-457.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

**Note.**—Former s. 323.30.

### **123.36 Carriers; unlawful agreements.—**

(1) Any part of any agreement, arrangement or other device entered into shall be unlawful and void which as a condition to the transportation of property requires or permits a regulated for-hire carrier of property, freight-forwarder, private carrier or other carrier or shipper or association or group of shippers to pay a charge, allowance, assessment or compensation to any person or organization if such charge, allowance, assessment or compensation is dependent or contingent upon the use of another mode of transportation in addition to motor transportation for movement of such property.

(2) Should any person, firm, partnership, organization or association of persons violate any of the provisions of this section, they shall be guilty of a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083. Each day of the violation of any of the provisions of this section shall constitute a separate offense.

**123.51 Short title.**—Part II of this chapter shall be known and may be cited as the "Freight-Forwarding Act."

**History.**—ss. 1, 2, ch. 67-358; s. 3, ch. 76-168; s. 1, ch. 77-457.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

**123.52 Definitions.**—In addition to the definitions set forth in s. 323.01 in part I of this chapter the following words when used in this part II shall have the following meanings unless otherwise clearly apparent from the context:

(1) The words "freight forwarder" mean any person, firm, or corporation, which otherwise than as a motor common carrier holds itself out to the general public as a common carrier to transport or provide transportation of property, or any class or classes of property, for compensation, and which, in the ordinary and usual course of its undertaking, assembles and consolidates or provides for assembling and consolidating shipments of such property, and performs or provides for the performance of break-bulk and distributing operations with respect to such consolidated shipments; and assumes responsibility for the transportation of such property from point of receipt to point of destination; and utilizes, for the whole or any part of the transportation of such shipments, the services of a carrier or carriers subject to regulation by the Florida Public Service Commission.

(2) The term "service subject to this part" means any or all of the service in connection with the transportation which any person undertakes to perform or provide as a freight forwarder or which such person is authorized or required by or under the authority of this part to perform or provide.

(3) Wherever reference is made to "control" (in referring to a relationship between any person or persons and another person or persons), such reference shall be construed to include actual as well as legal control, whether maintained or exercised through or by reason of the method of or circumstances surrounding organization or operation, through or by common directors, officers, or stockholders, a voting trust or trusts, a holding or investment company or companies, or through or by any other direct or indirect means; and to include the power to exercise control.

**History.**—ss. 1, 2, ch. 67-358; s. 3, ch. 76-168; s. 1, ch. 77-457.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

**123.53 Declaration of public policy.**—Upon investigation, the Legislature of this state has determined that the rates, services and operations of intrastate freight-forwarding companies are affected with the public interest and it is hereby declared to be the policy of this state to provide fair regulation of freight-forwarding companies, in the interest of

the public; to promote adequate, economical and efficient freight-forwarding service to citizens and residents of this state; to provide just and reasonable rates and charges for freight-forwarding services without unjust discrimination, undue preferences or advantages or unfair or destructive competitive practices; to encourage and promote harmony between freight-forwarding companies and certificated motor and other common carriers, and shippers and receivers of this state; and, to these ends, to vest authority in the commission to regulate freight-forwarding companies generally and their rates, services and operations in the manner and in accordance with policies set forth in this part.

**History.**—ss. 1, 2, ch. 67-358; s. 3, ch. 76-168; s. 1, ch. 77-457.  
**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

**§323.54 Certificate of public convenience and necessity; proviso; application; issuance; annual renewal fee.—**

(1) No person or organization shall hereafter engage in freight-forwarding services without first obtaining from the commission a certificate that the present or future public convenience and necessity require or will require such operations.

(2) The application for such certificate of public convenience and necessity for freight-forwarding service made by any applicant shall be in writing verified by the applicant and shall specify the following matters:

(a) The name and address of applicant and the names and addresses of its officers, if any.

(b) The municipality or territory or municipalities or territories within which or between which the applicant desires to conduct such operations.

(c) The type of freight-forwarding service in which applicant intends to engage, together with a brief description of terminal facilities and each vehicle which applicant proposes to use including a description of any storage or warehouse facilities, if any, which applicant proposes to utilize in connection with such operations.

(d) The proposed schedules of operations between the municipalities or territories involved if such service is to be pursuant to schedules.

(e) An agreement on the part of the applicant to conform with and abide by all tariffs and classifications as to freight-forwarding services which may be prescribed by the commission from time to time.

(f) Any such application shall be accompanied by payment of a fee of five hundred dollars to be placed in the Florida Public Service Regulatory Trust Fund.

(3) Upon filing of said application and payment of said fee, the Florida Public Service Commission shall fix a time for hearing on said application which shall not be less than 20 days nor more than 60 days subsequent to the filing of said application, and no application shall be granted or certificate of public convenience and necessity issued without a hearing by the commission. Notice of such hearing shall be given to the applicant and to all certificated motor and rail common carriers serving any part of the route or territory proposed to be served by the applicant and to such other parties in interest as the commission may deem necessary. The commission shall also cause notice of the application to be pub-

lished at least 14 days prior to the hearing in some newspaper of general circulation in the affected territory or territories.

(4) The commission may issue to the applicant a certificate of public convenience and necessity in a form to be prescribed by it or may refuse to issue the same or may issue it for only partial exercise of the operation sought or may attach to the exercise of the right granted by the certificate such terms, limitations, and conditions which it deems the public interest may require. The certificate shall include a description of the territory in which the freight-forwarding operation is to be conducted, extended, operated or acquired.

(5) In determining whether a certificate shall be issued, the commission shall take into consideration, among other things, the public need for the proposed service, the suitability of the applicant to conduct the proposed operations, the financial responsibility of the applicant and the ability of the applicant to perform efficiently the operations for which authority is requested; provided, that the commission in granting any such certificate shall take into consideration the effect that the granting of such certificate may have on transportation facilities within the territory sought to be served by said applicant, and also that effect upon transportation as a whole within said territory including the effect, if any, upon certificated motor and rail common carriers.

(6) Any certificate of public convenience and necessity issued under the provisions of this section shall contain, among other things, the following:

(a) The name of the grantee.

(b) The municipality or territory in which or between which the grantee is permitted to operate.

(c) A statement of the exact terminals or territories to be served including the specific points at which the forwarding operation is to be originated and the precise points or terminals at which the distribution under such operations is to take place.

(d) Such additional terms, conditions, provisions or limitations as the commission shall deem necessary or proper in the public interest or in the interest of transportation facilities already existing in the territory sought to be served.

(7) No such certificate of public convenience and necessity may be transferred, assigned, or encumbered unless such transaction is first approved by the commission consistent with the provisions of s. 323.041.

(8) The commission may revoke, suspend, or alter any such certificate of public convenience and necessity for the violation of any provision of this part or the rules and regulations or orders of the commission made under the authority of this part or for other reasonable cause.

(9) All certificates issued hereunder, including those certificates now in effect, shall be renewed annually by the payment of an annual certificate renewal fee of \$500 per certificate, which shall be due on December 31 of each year. If the fee is not paid in advance of the due date, it must be received on or before January 31 of the next year in order for the

renewal of the certificate to be effective. All moneys received hereunder shall be deposited in the Florida Public Service Regulatory Trust Fund and disbursed pursuant to s. 350.78(2).

**History.**—ss. 1, 2, ch. 67-358; ss. 5, 6, ch. 70-427; s. 3, ch. 76-168; s. 98, ch. 77-104; s. 1, ch. 77-457; s. 53, ch. 78-95.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

### **1323.55 General jurisdiction of commission.—**

(1) The commission shall have the power and jurisdiction to supervise and regulate every freight-forwarding operation operating within this state and its property, property rights, equipment, facilities, contracts, certificates and franchises, so far as may be necessary to carry out the purposes of this part and to do all things, whether herein specifically designated or in addition thereto, which are necessary or convenient in the exercise of such power and jurisdiction. Without limiting the generality of the foregoing, the commission is authorized to adopt and enforce such reasonable rules and regulations and orders as it may deem necessary with respect to rates, charges and classifications, issuance of certificates, territory of operation, abandonment or suspension of service, adequacy of service, prevention or elimination or unjust discrimination between shippers and receivers, between freight forwarders and certificated motor and rail common carriers, financial responsibility, insurance covering personal injury and property damage, uniform system of accounts, records, reports, safety of operations and equipment, and to otherwise accomplish the purposes of this part and to implement its provisions.

(2) The commission shall, from time to time, inspect the places of business of freight forwarders and other premises and examine the records and facilities of all freight-forwarding companies to ascertain if all rules and regulations and orders of the commission have been complied with, and shall have the power to examine all officers, agents and employees of such freight-forwarding companies and all other persons, under oath and to compel the production of papers and the attendance of witnesses to obtain the information necessary for administering the provisions of this part.

(3) The commission or other aggrieved party shall have the right to institute or to intervene as a party in any action in any court of competent jurisdiction seeking mandamus, injunctive or other relief to compel compliance with any provisions of this part or of any rule, regulation or order adopted thereunder or to restrain or otherwise prevent or prohibit any illegal or unauthorized conduct in connection therewith.

**History.**—ss. 1, 2, ch. 67-358; s. 3, ch. 76-168; s. 1, ch. 77-457.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

**1323.56 Rates.**—The commission shall prescribe just and reasonable rates, charges and classifications for the services rendered by a freight-forwarding company and the tariffs therefor shall be in such form and shall be filed and published in such manner and on such notice as the commission may prescribe and shall be subject to change on such notice and in such manner as the commission may pre-

scribe. The commission, in the exercise of its power to prescribe such just and reasonable rates, charges and classifications, may use such standards, formulas, criteria or methods as the commission may determine in order to enable the freight-forwarding company, under honest economic and efficient management, to render the service deriving a reasonable profit therefrom and at the same time give consideration to the rates, charges and classifications in effect for the account of certificated motor or rail common carriers operating in or between the territories involved.

**History.**—ss. 1, 2, ch. 67-358; s. 3, ch. 76-168; s. 1, ch. 77-457.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

### **1323.57 Duties of freight-forwarding companies.—**

(1) Each freight-forwarding company shall provide safe and adequate service, equipment and facilities for the operation of its services.

(2) No freight-forwarding company shall demand or receive a greater or less or different compensation for providing freight-forwarding service than the rates and charges specified in the tariff in effect at the time which has been filed with and approved by the commission.

(3) All rates, charges, and classifications for the services rendered by a freight-forwarding company shall be just and reasonable, and any such rate, charge, or classification that is unjust or unreasonable is hereby declared to be unlawful. No freight-forwarding company shall make any unjust or unreasonable discrimination in rates, charges, classifications, practices, regulations, facilities, or services for or in connection with like service, directly or indirectly, by any means or device, or make or give any undue or unreasonable preference or advantage to any particular person, class of persons or locality, or subject any particular person, class of persons or locality to any undue or unreasonable prejudicial disadvantage.

(4) Every freight-forwarding company shall obey and comply with every rule and regulation and order adopted by the commission under the provisions of this part.

**History.**—ss. 1, 2, ch. 67-358; s. 3, ch. 76-168; s. 1, ch. 77-457.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

**1323.58 Approval of mergers.**—No freight-forwarding company shall combine, merge or consolidate with or acquire control of another forwarding company or motor common or rail carrier without first obtaining the approval of the commission, which shall be granted only after an investigation and finding that such proposed combination, merger, consolidation or acquisition is in the public interest.

**History.**—ss. 1, 2, ch. 67-358; s. 3, ch. 76-168; s. 1, ch. 77-457.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

### **1323.59 Agreements with other freight for-**

**warders.**—It shall be unlawful for any freight forwarder to enter into an agreement with another freight forwarder for the joint loading of traffic between points in transportation subject to this part.

**History.**—ss. 1, 2, ch. 67-358; s. 3, ch. 76-168; s. 1, ch. 77-457.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

**§323.60 Motor and rail carriers not prohibited from maintaining same rates as freight forwarders.**—Nothing in this part shall be construed to make it unlawful for motor or rail common carriers to establish and maintain assembling rates or charges and/or distribution rates or charges, and classifications, rules, and regulations with respect thereto, applicable to freight forwarders and others who employ or utilize the instrumentalities or services of such common carriers under like conditions, which differ from other rates or charges, classifications, rules, or regulations, which contemporaneously apply with respect to the employment or utilization of the same instrumentalities or services if such difference is justified by difference in the respective conditions under which such instrumentalities or services are employed or utilized. For the purposes of this section the term "assembling rates or charges" means rates or charges for the transportation of less-than-truckload or less-than-carload shipments into a point for further movement beyond as a part of a truckload or carload shipment, and the term "distribution rates or charges" means rates or charges for the transportation of less-than-truckload or less-than-carload shipments moving from a point into which such shipments have moved as a part of a truckload or carload shipment. The provisions of this section shall not be construed to authorize the establishment of assembling rates or charges or distribution rates or charges covering the line-haul transportation between the principal concentration point and the principal break-bulk point.

**History.**—ss. 1, 2, ch. 67-358; s. 3, ch. 76-168; s. 1, ch. 77-457.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

**§323.61 Freight forwarders; contracts with motor carriers.**—Nothing in this part shall be construed to prevent freight forwarders subject to this part from entering into contracts with motor common carriers governing the utilization by such freight forwarders of the services and instrumentalities of such motor common carriers and the compensation to be paid therefor; provided, that in the case of line-haul transportation between concentration points and break-bulk points in truckload lots where such line-haul transportation is for a total distance of 100 miles or more, such contracts shall not permit payment to motor common carriers of compensation which is lower than would be received under rates or charges established by such motor common carriers in tariffs filed with and approved by this commission.

**History.**—ss. 1, 2, ch. 67-358; s. 3, ch. 76-168; s. 1, ch. 77-457.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior

to that date.

**§323.62 Freight forwarders prohibited from engaging in transportation.**—Certificates issued under this part shall not authorize the holder thereof to conduct any direct railroad, water or motor common carrier operations except motor vehicle operations in transportation which, pursuant to the provisions of this part, are considered to be motor vehicle operations within the exempt municipal territory as defined by s. 323.29.

**History.**—ss. 1, 2, ch. 67-358; s. 3, ch. 76-168; s. 1, ch. 77-457.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

**§323.63 Freight forwarders prohibited from controlling motor carrier.**—It shall be unlawful for a freight forwarder or any person controlling, controlled by or under common control with a freight forwarder to acquire control of a motor common carrier subject to jurisdiction under this part.

**History.**—ss. 1, 2, ch. 67-358; s. 3, ch. 76-168; s. 1, ch. 77-457.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

**§323.64 Persons not eligible to be freight forwarders.**—It shall be unlawful for any person whose principal business is that of manufacturing and selling and/or buying and selling articles or commodities, and/or warehousing such articles or commodities, and whose business operations are of such a character that services of a freight forwarder or forwarders (or similar assembling, consolidating and shipping operations performed by such person for itself) are commonly used in connection with the transportation of such articles or commodities, or for any person controlling, controlled by, or under common control with such person, to engage in service subject to this part; provided, however, that any such person who was engaged in business as a freight forwarder at the time this part becomes effective shall have the same authority to continue to engage in service subject to this part.

**History.**—ss. 1, 2, ch. 67-358; s. 3, ch. 76-168; s. 1, ch. 77-457.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

**§323.65 Bills of lading.**—Notwithstanding any of the provisions of this part or of the rules and regulations of the commission pertaining to bills of lading, when the services of a motor common carrier are utilized by a freight forwarder for the receiving of property from a consignor in service subject to this part, such carrier may, with the consent of the freight forwarder, execute the bill of lading or shipping receipt for the freight forwarder. When the services of a motor common carrier are utilized by a freight forwarder for the delivery of property to the consignee named in the freight forwarder's bill of lading, shipping receipt, or freight bill, the property may, with the consent of the freight forwarder, be delivered on the freight bill, and receipted for on the delivery receipt of the freight forwarder.

**History.**—ss. 1, 2, ch. 67-358; s. 3, ch. 76-168; s. 1, ch. 77-457.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior

to that date.

**§323.66 Allowance to shippers for transportation service.**—If the owner of property transported in service subject to this part directly or indirectly renders any service connected therewith, or furnishes any instrumentality used therein, the charge and the amounts therefor, to such owner, shall be published in tariffs filed in the manner provided in this part and shall be no more than is just and reasonable, and the commission may, on a complaint or on its own initiative, determine what is a reasonable charge as the maximum to be paid by the freight forwarder or forwarders for the services so rendered, or for the use of the instrumentalities so furnished, and fix the same by appropriate order.

**History.**—ss. 1, 2, ch. 67-358; s. 3, ch. 76-168; s. 1, ch. 77-457; s. 53, ch. 78-95.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

**§323.67 Utilization of carrier services by freight forwarders.**—It shall be unlawful, except in the performance within terminal areas which are declared to be exempt under s. 323.29 of transfer, collection or delivery services, for freight forwarders to employ or utilize the instrumentalities or services of any carriers other than certificated common carriers by rail, motor vehicle or water that are subject to the jurisdiction of this commission.

**History.**—ss. 1, 2, ch. 67-358; s. 3, ch. 76-168; s. 1, ch. 77-457.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

**§323.68 Unlawful acts and penalties.**—

(1) Any person who knowingly and willfully violates any provision of this part or any rule, regula-

tion, requirement or order thereunder, or any term or condition of any certificate, for which no penalty is otherwise provided, shall be guilty of a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083.

(2) Any freight forwarder or any officer or agent, employee or representative thereof who by any device or means shall knowingly and willfully assist or shall willingly suffer or permit any person to obtain service subject to this part at less than the rates or charges lawfully in effect shall be guilty of a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083.

(3) Any person who shall by any device or means whether with or without the consent or connivance of any freight forwarder or its officer, agent, employee or representative, knowingly and willfully obtain service subject to this part at less than the rates or charges lawfully in effect or shall knowingly and willfully, directly or indirectly, by false claim, false billing, false representation or other device or means, obtain or attempt to obtain any allowance, refund or repayment in connection with or growing out of such service whether with or without the consent or connivance of such freight forwarder, or its officer, agent, employee or representative, whereby the compensation of such forwarder for such service either before or after payment shall be less than the rates or charges lawfully in effect, shall be guilty of a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083.

**History.**—ss. 1, 2, ch. 67-358; s. 219, ch. 71-136; s. 3, ch. 76-168; s. 1, ch. 77-457.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

**324.011 Purpose of chapter.**—It is the intent of this chapter to recognize the existing privilege to own or operate a motor vehicle on the public streets and highways of this state when such vehicles are used with due consideration for others and their property, and to promote safety and provide financial security requirements for such owners or operators whose responsibility it is to recompense others for injury to person or property caused by the operation of a motor vehicle. Therefore, it is required herein that the operator of a motor vehicle involved in an accident or convicted of certain traffic offenses meeting the operative provisions of s. 324.051(2) shall respond for such damages and show proof of financial ability to respond for damages in future accidents as a requisite to his future exercise of such privileges.

**History.**—s. 1, ch. 29963, 1955; s. 5, ch. 77-468; s. 134, ch. 79-400.  
**Note.**—Former s. 324.001.

**324.021 Definitions; minimum insurance required.**—The following words and phrases when used in this chapter shall, for the purpose of this chapter, have the meanings respectively ascribed to

them in this section, except in those instances where the context clearly indicates a different meaning:

(1) **MOTOR VEHICLE.**—Every self-propelled vehicle which is designed and required to be licensed for use upon a highway, including trailers and semi-trailers designed for use with such vehicles, except traction engines, road rollers, farm tractors, power shovels, and well drillers, and every vehicle which is propelled by electric power obtained from overhead wires but not operated upon rails, but not including any bicycle or "moped," as defined in s. 316.003(2). However, the term "motor vehicle" shall not include any motor vehicle as defined in s. 627.732(1), when the owner of such vehicle has complied with the requirements of ss. 627.730-627.741, inclusive, unless the provisions of s. 324.051 apply, and in such case, until January 1, 1978, such owner shall establish proof of compliance with such sections in the manner provided for evidence of insurance as set forth in s. 325.19(7) at the time of inspection of any such motor vehicle, and after such date the applicable proof of insurance provisions of s. 320.02 shall apply.

(2) **DEPARTMENT.**—The Department of Highway Safety and Motor Vehicles.

(3) **OPERATOR.**—Every person who is in actual physical control of a motor vehicle.

(4) **PERSON.**—Every natural person, firm, co-partnership, association or corporation.

(5) **NONRESIDENT.**—Every person who is not a resident of this state.

(6) **LICENSE.**—Any license, temporary instruction permit, or temporary license issued under the laws of this state pertaining to the licensing of persons to operate motor vehicles.

(7) **PROOF OF FINANCIAL RESPONSIBILITY.**—That proof of ability to respond in damages for liability on account of accidents arising out of the use of a motor vehicle:

(a) In the amount of \$10,000 because of bodily injury to, or death of, one person in any one accident;

(b) Subject to said limits for one person, in the amount of \$20,000 because of bodily injury to, or death of, two or more persons in any one accident; and

(c) In the amount of \$5,000 because of injury to, or destruction of, property of others in any one accident.

(8) **MOTOR VEHICLE LIABILITY POLICY.**—Any owner's or operator's policy of liability insurance furnished as proof of financial responsibility pursuant to s. 324.031, insuring said owner or operator against loss from liability for bodily injury, death and property damage arising out of the ownership, maintenance or use of a motor vehicle in not less than the limits described in subsection (7) and conforming to the requirements of s. 324.151, issued by any insurance company authorized to do business in this state.

(9) **OWNER.**—A person who holds the legal title of a motor vehicle, or in the event a motor vehicle is the subject of an agreement for the conditional sale or lease thereof with the right of purchase upon per-

formance of the conditions stated in the agreement and with an immediate right of possession vested in the conditional vendee or lessee, or in the event a mortgagor of a vehicle is entitled to possession, then such conditional vendee or lessee or mortgagor shall be deemed the owner for the purpose of this chapter.

(10) **JUDGMENT.**—Any judgment which shall have become final by expiration without appeal of the time within which an appeal might have been perfected, or by final affirmation on appeal, rendered by a court of competent jurisdiction of any state or of the United States, upon a cause of action arising out of the ownership, maintenance or use of any motor vehicle, for damages, including damages for care and loss of services, because of bodily injury to or death of any person, or for damages because of injury to or destruction of property, including the loss of use thereof, or upon a cause of action on an agreement of settlement for such damage.

(11) **REGISTRATION.**—Registration certificate or certificates and registration plates issued under the laws of this state pertaining to the registration of motor vehicles.

**History.**—s. 1, ch. 29963, 1955; ss. 13, 35, ch. 69-106; s. 1, ch. 71-59; s. 100, ch. 71-377; s. 1, ch. 72-297; ss. 1, 2, ch. 73-180; s. 1, ch. 76-266; s. 6, ch. 76-286; s. 1, ch. 77-118; s. 6, ch. 77-468; s. 135, ch. 79-400.

**324.031 Manner of proving financial responsibility.**—The operator or owner of a vehicle may prove his financial responsibility by:

(1) Furnishing satisfactory evidence of holding a motor vehicle liability policy as defined in s. 324.021(8) and s. 324.151, or

(2) Posting with the department a satisfactory bond of a surety company authorized to do business in this state, conditioned for payment of the amount specified in s. 324.021(7), or

(3) Furnishing a certificate of the department showing a deposit of cash or securities in accordance with s. 324.161, or

(4) Furnishing a certificate of self-insurance issued by the department in accordance with s. 324.171.

**History.**—s. 1, ch. 29963, 1955; ss. 13, 35, ch. 69-106.  
**Note.**—Former s. 324.02.

**324.042 Administration.**—The department shall administer and enforce the provisions of this chapter, and the department may make such rules and regulations as may be necessary for its administration.

**History.**—s. 1, ch. 29963, 1955; s. 1, ch. 57-147; ss. 13, 35, ch. 69-106; s. 20, ch. 78-95.  
**Note.**—Former s. 324.03.

**324.051 Reports of accidents; suspensions of licenses and registrations.**—

(1)(a) Every law enforcement officer who, in the regular course of duty either at the time of and at the scene of the accident or thereafter by interviewing participants or witnesses, investigates a motor vehicle accident in which property damage exceeds \$500 or in which bodily injury or death occurs shall forward a written report of the accident to the department within 24 hours of completing the investigation. However, when the investigation of an accident will take more than 7 days to complete, a preliminary copy of the accident report shall be forwarded

to the department within 24 hours of the occurrence of the accident, to be followed by a final report within 24 hours after completion of the investigation. The report shall be on a form and contain information consistent with the requirements of s. 316.068.

(b) The department is hereby further authorized to require reports of accidents from individual owners or operators whenever it deems it necessary for the proper administration of this chapter, and these reports shall be made without prejudice and shall be for the confidential use of the department. No such report shall be used as evidence in any trial arising out of an accident, but the fact of such report or the failure to report may be certified by the department.

(2)(a) Thirty days after receipt of notice of any accident described in paragraph (1)(a) involving a motor vehicle within this state, the department shall suspend, after due notice and opportunity to be heard, the license of each operator and all registrations of the owner of the vehicles operated by such operator whether or not involved in such accident and, in the case of a nonresident owner or operator, shall suspend such nonresident's operating privilege in this state, unless such operator or owner shall, prior to the expiration of such 30 days, be found by the department to be exempt from the operation of this chapter, based upon evidence satisfactory to the department that:

1. No injury was caused to the person or property of anyone other than such operator or owner.

2. The motor vehicle was legally parked at the time of such accident.

3. The motor vehicle was owned by the United States Government, this state, or any political subdivision of this state or any municipality therein.

4. Such operator or owner has been finally adjudicated not to be liable for damages by a civil court of competent jurisdiction.

5. Such operator or owner has secured a duly acknowledged written agreement providing for release from liability by all parties injured as the result of said accident and has complied with one of the provisions of s. 324.031.

6. Such operator or owner has deposited with the department security to conform with s. 324.061 when applicable and has complied with one of the provisions of s. 324.031.

7. One year has elapsed since such owner or operator was suspended pursuant to s. 324.051(4), the owner or operator has complied with one of the provisions of s. 324.031, and no bill of complaint of which the department has notice has been filed in a court of competent jurisdiction.

(b) This subsection shall not apply:

1. To such operator or owner if such operator or owner had in effect at the time of such accident or traffic conviction an automobile liability policy with respect to all of the registered motor vehicles owned by such operator or owner.

2. To such operator, if not the owner of such motor vehicle, if there was in effect at the time of such accident or traffic conviction an automobile liability policy or bond with respect to his operation of motor vehicles not owned by him.

3. To such operator or owner if the liability of such operator or owner for damages resulting from

such accident is, in the judgment of the department, covered by any other form of liability insurance or bond.

4. To any person who has obtained from the department a certificate of self-insurance, in accordance with s. 324.171, or to any person operating a motor vehicle for such self-insurer.

5. Such owner or operator was not charged with a moving traffic violation which caused or contributed to the cause of a motor vehicle accident, or such owner or operator was subsequently not found guilty of said moving traffic violation.

No such policy or bond shall be effective under this subsection unless it contains limits of not less than those specified in s. 324.021(7).

(3) Any operator's license or registration certificate or certificates and registration plates which shall be suspended as provided for in this section, shall remain suspended for a period of 3 years unless reinstated as otherwise provided in this chapter.

**History.**—s. 1, ch. 29963, 1955; s. 2, ch. 57-147; ss. 1, 2, ch. 65-122; s. 6, ch. 65-190; ss. 13, 24, 35, ch. 69-106; s. 2, ch. 71-59; s. 2, ch. 76-266; s. 2, ch. 77-118; s. 1, ch. 77-174; s. 7, ch. 77-468; s. 1, ch. 78-83; s. 20, ch. 78-95.

**Note.**—Former s. 324.04.

#### **324.061 Security deposited with Department of Highway Safety and Motor Vehicles; release.—**

(1) Security deposited pursuant to the provisions of s. 324.051(2)(a)6. with respect to claims for injuries to persons or properties resulting from an accident occurring prior to such deposit shall be in the form and amount determined by the department which, in its judgment, will be sufficient to compensate for all injuries arising out of such accident, but in no case shall the amount exceed the limits as specified in s. 324.021(7).

(2) Such security shall be deposited with the department and shall not be released except under one of the following conditions:

(a) A duly attested written statement of satisfaction by all parties shown to be injured in such accident has been received by the department, or

(b) In the event the depositor has been finally adjudicated by a court of competent jurisdiction not to be liable; or all judgments of liability against the depositor have been satisfied, or

(c) One year shall have elapsed after deposit and during such period the department has not been duly notified of any court action brought for damages.

(d) Upon receipt of an order from a court ordering that such deposit be paid to satisfy a recorded judgment, in whole or in part, resulting from an accident. If the department does not have sufficient funds on deposit to satisfy such judgment it shall forthwith call upon the judgment debtor for the balance, subject to the limits specified in s. 324.021(7). Upon failure of the judgment debtor to make the necessary deposit or to satisfy the judgment in full, the department shall revoke the driving privilege and all registrations of such judgment debtor within 10 days subsequent to notification to the judgment debtor by the department.

(e) In any case in which securities deposited under this section have remained unclaimed for 5 years or more such deposit shall be transferred by the de-

partment to the State School Fund, and all interest and income that may accrue from said deposits after the aforesaid period of time, shall belong to said fund.

(3) The department shall invest security deposits in its custody received under this section in excess of current needs in interest-bearing accounts. The interest earned from such investments shall be deposited in a department trust fund, and any security deposits remaining unclaimed after 5 years shall be transferred to the State School Fund as provided in paragraph (2)(e) above.

**Note.**—Former s. 324.041.

#### **324.071 Reinstatement; renewal of license; reinstatement fee.—**

Any operator or owner whose license or registration has been suspended pursuant to s. 324.051(2), s. 324.072, s. 324.081, or s. 324.121 may effect its reinstatement upon compliance with the provisions of s. 324.051(2)(a)4., 5., or 6., or s. 324.081(2) and (3), as the case may be, and with one of the provisions of s. 324.031 and upon payment to the department of a nonrefundable reinstatement fee of \$15. Only one such fee shall be paid by any one person irrespective of the number of licenses and registrations to be then reinstated or issued to such person. All such fees shall be deposited to a department trust fund. When the reinstatement of any license or registration is effected by compliance with s. 324.051(2)(a)5. or 6., the department shall not renew the license or registration within a period of 3 years from such reinstatement, nor shall any other license or registration be issued in the name of such person, unless the operator is continuing to comply with one of the provisions of s. 324.031.

**Note.**—Former s. 324.05.

#### **324.072 Proof required upon certain convictions.—**

(1) Upon the suspension or revocation of a license pursuant to the provisions of s. 322.26 or s. 322.27, the department shall suspend the registration for all motor vehicles registered in the name of such person, either individually or jointly with another, except that it shall not suspend such registration, unless otherwise required by law, if such person has previously given or shall immediately give, and thereafter maintain, proof of financial responsibility with respect to all motor vehicles registered by such person, in accordance with this chapter.

(2) Such license and registration shall remain suspended or revoked and shall not at any time thereafter be renewed, nor shall any license be thereafter issued to such person, nor shall any motor vehicle be thereafter registered in the name of such person, until permitted under the laws of this state, and not then unless and until he shall give and thereafter maintain proof of financial responsibility as required by s. 324.071.

**History.**—s. 5, ch. 57-147; ss. 13, 24, 35, ch. 69-106; s. 5, ch. 77-118; s. 10, ch. 77-468; s. 2, ch. 78-83; s. 1, ch. 79-207.

**324.081 Nonresident owner or operator.—**

(1) The department may establish reciprocal agreements with any other states for the purpose of fulfilling the provisions of this chapter and pursuant to such agreements may suspend the license and registration of a resident of this state involved in an accident in another state.

(2) When a nonresident's operating privilege is suspended pursuant to this chapter, the department shall transmit a certified copy of the record of such action to the appropriate official of the reciprocating state in which such nonresident resides, if the law of such other state provides for action in relation thereto similar to that provided for in subsection (3).

(3) Upon receipt of such certification that the operating privilege of a resident of this state has been suspended or revoked in any such other reciprocating state pursuant to a law providing for its suspension or revocation for failure to deposit security for the payment of judgments arising out of a motor vehicle accident, under circumstances which would require the department to suspend a nonresident's operating privilege had the accident occurred in this state, the department shall suspend the license of such resident if he was the operator, and all of his registrations if he was the owner of a motor vehicle involved in such accident. Such suspension shall continue until such resident furnishes evidence of his compliance with the law of such other state relating to the deposit of such security.

(4) In the event such nonresident shall at the time have in effect an insurance policy or surety bond issued by any insurance company or surety company not authorized to do business in this state, the department may reinstate such nonresident upon said company furnishing it with power of attorney to accept service of process.

*Note.*—Former s. 324.06.

**324.091 Notice to department; notice to insurer.—**

(1) Each owner and operator involved in an accident or conviction case within the purview of this chapter shall furnish evidence of automobile liability insurance, motor vehicle liability insurance, or surety bond within 30 days from the date of the mailing of notice of accident by the department in such form and manner as it may designate. Upon receipt of evidence that an automobile liability policy, motor vehicle liability policy, or surety bond was in effect at the time of the accident or conviction case, the department shall forward by United States mail, postage prepaid, to the insurer or surety insurer a copy of such information and shall assume that such policy or bond was in effect unless the insurer or surety insurer shall notify the department otherwise within 20 days from the mailing of the notice to the insurer or surety insurer; provided that if the department shall later ascertain that an automobile liability policy, motor vehicle liability policy, or surety bond was not in effect and did not provide coverage for both the owner and the operator, it shall at such time take such action as it is otherwise authorized to do under this chapter. Proof of mailing to the insurer or surety insurer may be made by the

department by naming the insurer or surety insurer to whom such mailing was made and specifying the time, place and manner of mailing.

(2) Each insurer doing business in this state shall immediately give notice to the department of each motor vehicle liability policy when issued to effect the return of a license which has been suspended under s. 324.051(2); and said notice shall be upon such form and in such manner as the department may designate.

*History.*—s. 1, ch. 29963, 1955; s. 3, ch. 65-122; ss. 13, 35, ch. 69-106.

*Note.*—Former s. 324.08.

**324.101 Compliance before license or registration allowed.**—In case the operator or owner of a motor vehicle involved in an accident within the state has no license or registration, he shall not be allowed a license or registration until he has complied with the requirements of this chapter to the same extent that would be necessary, if at the time of the accident he had held a license and registration.

*History.*—s. 1, ch. 29963, 1955.

*Note.*—Former s. 324.09.

**324.111 Failure to satisfy judgment; copy to department.**—Whenever any person fails within 30 days to satisfy any judgment, upon the written request of the judgment creditor or his attorney it shall be the duty of the clerk of the court, or of the judge of a court which has no clerk, in which any such judgment is rendered within this state, to forward to the department immediately after the expiration of said 30 days, a certified copy of such judgment.

*History.*—s. 1, ch. 29963, 1955; ss. 13, 35, ch. 69-106; s. 5, ch. 71-59.

**324.121 Suspension of license and registration.**—

(1) The department, upon the receipt of a certified copy of a judgment, as provided in s. 324.111, shall forthwith suspend the license and registration and any nonresident's operating privilege of any person against whom such judgment was rendered, except as hereinafter otherwise provided in this section, and in s. 324.141.

(2) If the judgment creditor consents in writing, in such form as the department may prescribe, that the judgment debtor be allowed license and registration or nonresident's operating privilege, the same may be allowed by the department, in its discretion, for 6 months from the date of such consent and thereafter until such consent is revoked in writing notwithstanding default in the payment of such judgment, or any installments thereof prescribed in s. 324.141, provided the judgment debtor furnished proof of financial responsibility as provided in s. 324.031, such proof to be maintained for 3 years.

*History.*—s. 1, ch. 29963, 1955; ss. 13, 35, ch. 69-106; s. 6, ch. 71-59.

**324.131 Period of suspension.**—Such license, registration and nonresident's operating privilege shall remain so suspended and shall not be renewed, nor shall any such license or registration be thereafter issued in the name of such person, including any such person not previously licensed, unless and until every such judgment is stayed, satisfied in full or to the extent of the limits stated in s. 324.021(7) and until the said person gives proof of financial respon-

sibility as provided in s. 324.031, such proof to be maintained for 3 years.

History.—s. 1, ch. 29963, 1955.

#### **324.141 Installment payments.—**

(1) A judgment debtor upon due notice to the judgment creditor may apply to the court in which such judgment was rendered for the privilege of paying such judgment in installments and the court, in its discretion and without prejudice to any other legal remedies which the judgment creditor may have, may so order and fix the amounts and times of payment of the installments.

(2) The department shall not suspend a license, registration or a nonresident's operating privilege, and shall restore any license, registration or nonresident's operating privilege suspended following nonpayment of a judgment, when the judgment debtor gives proof of financial responsibility and obtains such an order permitting the payment of such judgment in installments, and while the payment of any said installment is not in default.

(3) In the event the judgment debtor fails to pay any installment as specified by such order, then upon notice of such default, the department shall forthwith suspend the license, registration or nonresident's operating privilege of the judgment debtor until such judgment is satisfied, as provided in this chapter.

History.—s. 1, ch. 29963, 1955; ss. 13, 35, ch. 69-106.

#### **324.151 Motor vehicle liability policies; required provisions.—**

(1) A motor vehicle liability policy to be proof of financial responsibility under s. 324.031(1), shall be issued to owners or operators under the following provisions:

(a) An owner's liability insurance policy shall designate by explicit description or by appropriate reference all motor vehicles with respect to which coverage is thereby granted and shall insure the owner named therein and any other person as operator using such motor vehicle or motor vehicles with the express or implied permission of such owner, against loss from the liability imposed by law for damage arising out of the ownership, maintenance, or use of such motor vehicle or motor vehicles, within the United States or the Dominion of Canada, subject to limits, exclusive of interest and costs with respect to each such motor vehicle as is provided for under s. 324.021(7). Each policy shall contain an optional provision for a deductible relating to property damage coverage in an amount not to exceed \$500; provided, however, that such deductible provision in a policy shall not be required when the owner named in the policy specifically rejects the provision.

(b) An operator's motor vehicle liability policy of insurance shall insure the person named therein against loss from the liability imposed upon him by law for damages arising out of the use by him of any motor vehicle not owned by him, with the same territorial limits and subject to the same limits of liability as referred to above with respect to an owner's policy of liability insurance.

(c) All such motor vehicle liability policies shall state the name and address of the named insured, the coverage afforded by the policy, the premium

charged therefor, the policy period, the limits of liability, and shall contain an agreement or be endorsed that insurance is provided in accordance with the coverage defined in this chapter as respects bodily injury and death or property damage or both and is subject to all provisions of this chapter. Said policies shall also contain a provision that the satisfaction by an insured of a judgment for such injury or damage shall not be a condition precedent to the right or duty of the insurance carrier to make payment on account of such injury or damage, and shall also contain a provision that bankruptcy or insolvency of the insured or of the insured's estate shall not relieve the insurance carrier of any of its obligations under said policy.

(2) The provisions of this section shall not be applicable to any automobile liability policy unless and until it is furnished as proof of financial responsibility for the future pursuant to s. 324.031, and then only from and after the date said policy is so furnished.

History.—s. 1, ch. 29963, 1955; s. 24, ch. 57-1; s. 1, ch. 65-489; s. 1, ch. 71-325.  
Note.—Former s. 324.10.

**324.161 Proof of financial responsibility; surety bond or deposit.—**The certificate of the department of a deposit may be obtained by depositing with it \$25,000 cash or securities such as may be legally purchased by savings banks or for trust funds, of a market value of \$25,000 and which deposit shall be held by the department to satisfy, in accordance with the provisions of this chapter, any execution on a judgment issued against such person making the deposit, for damages because of bodily injury to or death of any person or for damages because of injury to or destruction of property resulting from the use or operation of any motor vehicle occurring after such deposit was made. Money or securities so deposited shall not be subject to attachment or execution unless such attachment or execution shall arise out of a suit for damages as aforesaid.

History.—s. 1, ch. 29963, 1955; ss. 13, 35, ch. 69-106.  
Note.—Former s. 324.11.

**324.171 Self-insurer.—**Any person may qualify as a self-insurer by obtaining a certificate of self-insurance from the department which may, in its discretion, upon application of such a person, issue said certificate of self-insurance, when it is satisfied that such person is possessed of a net unencumbered capital of at least \$40,000. The department may require annual reports from any self-insurer which reports must continue to show at least \$40,000 unencumbered net worth. Whenever the department finds that any self-insurer does not possess \$40,000 of unencumbered net worth it shall revoke the certificate of self-insurance.

History.—s. 1, ch. 29963, 1955; ss. 13, 35, ch. 69-106.  
Note.—Former s. 324.12.

#### **324.181 Cancellation of liability policies; plan for apportionment of certain applicants.—**

No motor vehicle liability policy which is obtained to effect the return of any operator's license or registration shall be canceled by an insurer issuing the same unless 10 days' notice of such cancellation shall be given to the department on a form prescribed by it and to the insured, except that when evidence has

been furnished of the holding of a motor vehicle liability policy, and subsequently evidence is furnished of the holding of such a policy subsequently procured, the later policy shall, on the date evidence is furnished, terminate the policy as to which evidence was previously furnished with respect to any vehicle designated in both policies.

**History.**—s. 1, ch. 29963, 1955; s. 1, ch. 61-69; ss. 13, 35, ch. 69-106; s. 12, ch. 77-468.

**Note.**—Former s. 324.13.

**324.191 Consent to cancellation; direction to return money or securities.**—The department shall consent to the cancellation of any bond or certificate of insurance furnished as proof of financial responsibility pursuant to s. 324.031, or the department shall return to the person entitled thereto cash or securities deposited as proof of financial responsibility pursuant to s. 324.031:

(1) Upon substitution and acceptance of other adequate proof of financial responsibility pursuant to this chapter, or

(2) In the event of the death of the person on whose behalf the proof was filed, or the permanent incapacity of such person to operate a motor vehicle, or

(3) In the event the person who has given proof of financial responsibility surrenders his license and all registrations to the department; providing, however, that no notice of court action has been filed with the department, a judgment in which would result in claim on such proof of financial responsibility.

This section shall not apply to security as specified in s. 324.061 deposited pursuant to s. 324.051(2)(a)6.

**History.**—s. 1, ch. 29963, 1955; ss. 13, 35, ch. 69-106; s. 7, ch. 77-118.

**Note.**—Former s. 324.14.

**324.201 Return of license or registration to department.**—Any person whose license or registration shall have been suspended as herein provided, or whose policy of insurance or bond, when required under this chapter, shall have been canceled or terminated, or who shall neglect to furnish other proof upon the request of the department shall immediately return his license and registrations to the department. It shall be unlawful for any person whose license has been suspended to operate any motor vehicle or for any person whose registrations have been suspended to obtain another motor vehicle for the purpose of circumventing this chapter. If any person shall fail to return to the department the license or registrations as provided herein, the department shall issue a complaint to a court of competent jurisdiction which shall issue a warrant charging such person with a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083. Such person shall surrender to the court his driver's license, registration and plates for delivery to the department. For the service and execution of such warrant the sheriff shall receive the arrest and other fees authorized by law.

**History.**—s. 1, ch. 29963, 1955; s. 7, ch. 57-147; ss. 13, 35, ch. 69-106; s. 220, ch. 71-136; s. 96, ch. 73-333.

**Note.**—Former s. 324.16.

cf.—s. 30.231 Sheriffs' fees.

**324.211 Sale by owner during suspension; rights of conditional vendors, mortgagees and lessors.**—

(1)(a) If an owner's registration has been suspended hereunder, it shall be unlawful for him to transfer such registration or to have registered in any other name the motor vehicle in respect of which such registration was issued until the department is satisfied that such transfer of registration is proposed in good faith and not for the purpose or with the effect of defeating the purpose of this chapter; provided, however, that any owner within the purview of this section may file an application for permission to transfer such registration, which application shall be accompanied by an affidavit of good faith showing that such transfer is not with the intent of defeating the purpose of this chapter. The department, within 10 days subsequent to suspension of the owner's registration, upon request shall furnish proper application and affidavit forms to each such owner along with the notice of suspension, and the owner shall have 15 days from receipt thereof to file such application, which application shall be either approved or rejected by the department within 30 days from the filing thereof.

(b) In addition to the penalties otherwise provided for violation of this section the department may suspend the registration of any vehicle transferred contrary to the provisions of this section.

(2) Nothing in this section or elsewhere in this chapter contained shall affect the rights of any conditional vendor, chattel mortgagee or lessor or any successor in interest of a motor vehicle registered in the name of another as owner who becomes subject to the provisions of this section; and in the event of the repossession or foreclosure of a motor vehicle by such conditional vendor, chattel mortgagee, or lessor, or any successor in interest, pursuant to the exercise of rights to such repossession under the terms of the lien instrument or contract involved, by operation of law or through legal proceedings, the lienholder or lessor repossession shall have the right to have delivered to it the registration plates which shall have been surrendered.

**History.**—s. 1, ch. 29963, 1955; s. 8, ch. 57-147; ss. 13, 35, ch. 69-106; s. 7, ch. 71-59.

**Note.**—Former s. 324.15.

**324.221 Penalties.**—

(1) Any person who shall make any misstatement in or commit any forgery upon notice required to be filed hereunder or who shall make any false affidavit in connection with the transfer or proposed transfer of the registration of a motor vehicle shall be guilty of a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083.

(2) Any person who shall violate s. 324.201 or any other provision of this chapter for which no penalty is otherwise provided, shall be guilty of a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083.

## CHAPTER 325

## VEHICLE SAFETY EQUIPMENT

## PART I VEHICLE EQUIPMENT SAFETY COMPACT (ss. 325.01-325.10)

## PART II SAFETY EQUIPMENT INSPECTION (ss. 325.11-325.33)

## PART I

## VEHICLE EQUIPMENT SAFETY COMPACT

- 325.01 Vehicle Equipment Safety Compact, execution authorized.
- 325.02 Statutory provisions relative to equipment requirements superseded by new rules and regulations.
- 325.03 Rules, approval by Department of Highway Safety and Motor Vehicles.
- 325.04 Commissioner on motor equipment safety; executive director of Department of Highway Safety and Motor Vehicles.
- 325.05 Employees covered by State and County Retirement System.
- 325.06 Cooperation with state agencies.
- 325.07 Filing of documents.
- 325.08 Budgets.
- 325.09 Audit.
- 325.10 Governor executive head.

**325.01 Vehicle Equipment Safety Compact, execution authorized.**—The Governor of this state is hereby authorized and directed to execute the following compact on behalf of this state with such other states as may enter into a compact, legally joining therein in the form substantially as follows:

## VEHICLE EQUIPMENT SAFETY COMPACT

## ARTICLE I

## FINDINGS AND PURPOSES.—

- (1) The party states find that:
  - (a) Accidents and deaths on their streets and highways present a very serious human and economic problem with a major deleterious effect on the public welfare.
  - (b) There is a vital need for the development of greater interjurisdictional cooperation to achieve the necessary uniformity in the laws, rules, regulations and codes relating to vehicle equipment, and to accomplish this by such means as will minimize the time between the development of demonstrably and scientifically sound safety features and their incorporation into vehicles.
- (2) The purposes of this compact are to:
  - (a) Promote uniformity in regulation of and standards for equipment.
  - (b) Secure uniformity of law and administrative practice in vehicular regulation and related safety standards to permit incorporation of desirable equipment changes in vehicles in the interest of greater traffic safety.
  - (c) To provide means for the encouragement and utilization of research which will facilitate the

achievement of the foregoing purposes, with due regard for the findings set forth in subsection (1) of this article.

(3) It is the intent of this compact to emphasize performance requirements and not to determine the specific detail of engineering in the manufacture of vehicles or equipment except to the extent necessary for the meeting of such performance requirements.

## ARTICLE II

## DEFINITIONS.—As used in this compact:

(1) Vehicle means every device in, upon or by which any person or property is or may be transported or drawn upon a highway, excepting devices moved by human power or used exclusively upon stationary rails or tracks.

(2) State means a state, territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

(3) Equipment means any part of a vehicle or any accessory for use thereon which affects the safety of operation of such vehicle or the safety of the occupants.

## ARTICLE III

## THE COMMISSION.—

(1) There is hereby created an agency of the party states to be known as the Vehicle Equipment Safety Commission hereinafter called the commission. The commission shall be composed of one commissioner from each party state who shall be appointed, serve and be subject to removal in accordance with the laws of the state which he represents. If authorized by the laws of his party state, a commissioner may provide for the discharge of his duties and the performance of his functions on the commission, either for the duration of his membership or for any lesser period of time, by an alternate. No such alternate shall be entitled to serve unless notification of his identity and appointment shall have been given to the commission in such form as the commission may require. Each commissioner, and each alternate, when serving in the place and stead of a commissioner, shall be entitled to be reimbursed by the commission for expenses actually incurred in attending commission meetings or while engaged in the business of the commission.

(2) The commissioners shall be entitled to one vote each on the commission. No action of the commission shall be binding unless taken at a meeting at which a majority of the total number of votes on the commission are cast in favor thereof. Action of the commission shall be only at a meeting at which a majority of the commissioners, or their alternates, are present.

(3) The commission shall have a seal.

(4) The commission shall elect annually, from among its members, a chairman, a vice chairman and a treasurer. The commission may appoint an executive director and fix his duties and compensation. Such executive director shall serve at the pleasure of the commission, and together with the treasurer shall be bonded in such amount as the commission shall determine. The executive director also shall serve as secretary. If there be no executive director, the commission shall elect a secretary in addition to the other officers provided by this article.

(5) Irrespective of the civil service, personnel or other merit system laws of any of the party states, the executive director with the approval of the commission, or the commission if there be no executive director, shall appoint, remove or discharge such personnel as may be necessary for the performance of the commission's functions, and shall fix the duties and compensation of such personnel.

(6) The commission may establish and maintain independently or in conjunction with any one or more of the party states, a suitable retirement system for its full-time employees. Employees of the commission shall be eligible for social security coverage in respect of old age and survivor's insurance provided that the commission takes such steps as may be necessary pursuant to the laws of the United States, to participate in such program of insurance as a governmental agency or unit. The commission may establish and maintain or participate in such additional programs of employee benefits as may be appropriate.

(7) The commission may borrow, accept or contract for the services of personnel from any party state, the United States, or any subdivision or agency of the aforementioned governments, or from any agency of two or more of the party states or their subdivisions.

(8) The commission may accept for any of its purposes and functions under this compact any and all donations, and grants of money, equipment, supplies, materials, and services, conditional or otherwise, from any state, the United States, or any other governmental agency and may receive, utilize and dispose of the same.

(9) The commission may establish and maintain such facilities as may be necessary for the transacting of its business. The commission may acquire, hold, and convey real and personal property and any interest therein.

(10) The commission shall adopt bylaws for the conduct of its business and shall have the power to amend and rescind these bylaws. The commission shall publish its bylaws in convenient form and shall file a copy thereof and a copy of any amendment thereto, with the appropriate agency or officer in each of the party states. The bylaws shall provide for appropriate notice to the commissioners of all commission meetings and hearings and the business to be transacted at such meetings or hearings. Such notice shall also be given to such agencies or officers of each party state as the laws of such party state may provide.

(11) The commission annually shall make to the governor and legislature of each party state a report covering the activities of the commission for the pre-

ceding year, and embodying such recommendations as may have been issued by the commission. The commission may make such additional reports as it may deem desirable.

#### ARTICLE IV

RESEARCH AND TESTING.—The commission shall have power to:

(1) Collect, correlate, analyze and evaluate information resulting or derivable from research and testing activities in equipment and related fields.

(2) Recommend and encourage the undertaking of research and testing in any aspect of equipment or related matters when, in its judgment, appropriate or sufficient research or testing has not been undertaken.

(3) Contract for such equipment research and testing as one or more governmental agencies may agree to have contracted for by the commission, provided that such governmental agency or agencies shall make available the funds necessary for such research and testing.

(4) Recommend to the party states changes in law or policy with emphasis on uniformity of laws and administrative rules, regulations or codes which would promote effective governmental action or coordination in the prevention of equipment-related highway accidents or the mitigation of equipment-related highway safety problems.

#### ARTICLE V

##### VEHICULAR EQUIPMENT.—

(1) In the interest of vehicular and public safety, the commission may study the need for or desirability of the establishment of or changes in performance requirements or restrictions for any item of equipment. As a result of such study, the commission may publish a report relating to any item or items of equipment, and the issuance of such a report shall be a condition precedent to any proceedings or other action provided or authorized by this article. No less than sixty days after the publication of a report containing the results of such study, the commission upon due notice shall hold a hearing or hearings at such place or places as it may determine.

(2) Following the hearing or hearings provided for in subsection (1) of this article, and with due regard for standards recommended by appropriate professional and technical associations and agencies, the commission may issue rules, regulations or codes embodying performance requirements or restrictions for any item or items of equipment covered in the report, which in the opinion of the commission will be fair and equitable and effectuate the purposes of this compact.

(3) Each party state obligates itself to give due consideration to any and all rules, regulations and codes issued by the commission and hereby declares its policy and intent to be the promotion of uniformity in the laws of the several party states relating to equipment.

(4) The commission shall send prompt notice of its action in issuing any rule, regulation or code pursuant to this article to the appropriate motor vehicle agency of each party state and such notice shall con-

tain the complete text of the rule, regulation or code.

(5) If the constitution of a party state requires, or if its statutes provide, the approval of the legislature by appropriate resolution or act may be made a condition precedent to the taking effect in such party state of any rule, regulation or code. In such event, the commissioner of such party state shall submit any commission rule, regulation or code to the legislature as promptly as may be in lieu of administrative acceptance or rejection thereof by the party state.

(6) Except as otherwise specifically provided in or pursuant to subsections (5) and (7) of this article, the appropriate motor vehicle agency of a party state shall in accordance with its constitution or procedural laws adopt the rule, regulation or code within six months of the sending of the notice, and, upon such adoption, the rule, regulation or code shall have the force and effect of law therein.

(7) The appropriate motor vehicle agency of a party state may decline to adopt a rule, regulation or code issued by the commission pursuant to this article if such agency specifically finds, after public hearing on due notice, that a variation from the commission's rule, regulation or code is necessary to the public safety, and incorporates in such finding the reasons upon which it is based. Any such finding shall be subject to review by such procedure for review of administrative determinations as may be applicable pursuant to the laws of the party state. Upon request, the commission shall be furnished with a copy of the transcript of any hearings held pursuant to this subsection.

#### ARTICLE VI

##### FINANCE.—

(1) The commission shall submit to the executive head or designated officer or officers of each party state a budget of its estimated expenditures for such period as may be required by the laws of that party state for presentation to the legislature thereof.

(2) Each of the commission's budgets of estimated expenditures shall contain specific recommendations of the amount or amounts to be appropriated by each of the party states. The total amount of appropriations under any such budget shall be apportioned among the party states as follows: One-third in equal shares; and the remainder in proportion to the number of motor vehicles registered in each party state. In determining the number of such registrations, the commission may employ such source or sources of information as, in its judgment present the most equitable and accurate comparisons among the party states. Each of the commission's budgets of estimated expenditures and requests for appropriations shall indicate the source or sources used in obtaining information concerning vehicular registrations.

(3) The commission shall not pledge the credit of any party state. The commission may meet any of its obligations in whole or in part with funds available to it under article III (8) of this compact, provided that the commission takes specific action setting aside such funds prior to incurring any obligation to be met in whole or in part in such manner. Except where the commission makes use of funds available

to it under article III (8), the commission shall not incur any obligation prior to the allotment of funds by the party states adequate to meet the same.

(4) The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its rules. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a qualified public accountant and the report of the audit shall be included in and become part of the annual reports of the commission.

(5) The accounts of the commission shall be open at any reasonable time for inspection by duly constituted officers of the party states and by any persons authorized by the commission.

(6) Nothing contained herein shall be construed to prevent commission compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the commission.

#### ARTICLE VII

##### CONFLICT OF INTEREST.—

(1) The commission shall adopt rules and regulations with respect to conflict of interest for the commissioners of the party states, and their alternates, if any, and for the staff of the commission and contractors with the commission to the end that no member or employee or contractor shall have a pecuniary or other incompatible interest in the manufacture, sale or distribution of motor vehicles or vehicular equipment or in any facility or enterprise employed by the commission or on its behalf for testing, conduct of investigation or research. In addition to any penalty for violation of such rules and regulations as may be applicable under the laws of the violator's jurisdiction of residence, employment or business, any violation of a commission rule or regulation adopted pursuant to this article shall require the immediate discharge of any violating employee and the immediate vacating of membership, or relinquishing of status as a member on the commission by any commissioner or alternate. In the case of a contractor, any violation of any such rule or regulation shall make any contract of the violator with the commission subject to cancellation by the commission.

(2) Nothing contained in this article shall be deemed to prevent a contractor for the commission from using any facilities subject to his control in the performance of the contract even though such facilities are not devoted solely to work of or done on behalf of the commission; nor to prevent such a contractor from receiving remuneration or profit from the use of such facilities.

#### ARTICLE VIII

##### ADVISORY AND TECHNICAL COMMITTEES.—

The commission may establish such advisory and technical committees as it may deem necessary, membership on which may include private citizens and public officials, and may cooperate with and use the services of any such committees and the organizations which the members represent in furthering

any of its activities.

#### ARTICLE IX

##### ENTRY INTO FORCE AND WITHDRAWAL.—

(1) This compact shall enter into force when enacted into law by any six or more states. Thereafter, this compact shall become effective as to any other state upon its enactment thereof.

(2) Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the executive head of the withdrawing state has given notice in writing of the withdrawal to the executive heads of all other party states. No withdrawal shall affect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal.

#### ARTICLE X

##### CONSTRUCTION AND SEVERABILITY.—

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state participating herein, the compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the state affected as to all severable matters.

History.—s. 1, ch. 63-518.

**325.02 Statutory provisions relative to equipment requirements superseded by new rules and regulations.**—The provisions of chapter 316, prescribing motor vehicle equipment requirements, shall continue to be of force and effect only until superseded by a rule, regulation or code adopted by the Department of Highway Safety and Motor Vehicles pursuant to the Vehicle Equipment Safety Compact. Any such rule, regulation or code shall specify the provision or provisions of existing statute being superseded in accordance with and as required by this chapter. Any such provision or provisions are hereby repealed, effective on the date when the rule, regulation or code superseding such provision or provisions becomes effective pursuant to the Vehicle Equipment Safety Compact and such other provisions of this act as may be applicable. Violation of any of the motor vehicle equipment requirements shall constitute a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083.

History.—s. 2, ch. 63-518; ss. 24, 35, ch. 69-106; s. 222, ch. 71-136.

**325.03 Rules, approval by Department of Highway Safety and Motor Vehicles.**—Pursuant to article V (5) of the Vehicle Equipment Safety Compact, it is the intention of this state and it is hereby provided that no rule, regulation or code issued by the Vehicle Equipment Safety Commission in accordance with article V of the compact shall take

effect until approved by the Department of Highway Safety and Motor Vehicles.

History.—s. 3, ch. 63-518; ss. 24, 35, ch. 69-106.

**325.04 Commissioner on motor equipment safety; executive director of Department of Highway Safety and Motor Vehicles.**—The commissioner of this state on the Vehicle Equipment Safety Commission shall be the executive director of the Department of Highway Safety and Motor Vehicles, who shall serve during his continuance as such executive director. The commissioner may designate a duly authorized representative from among the officers and employees of his agency to serve in his place and stead on the Vehicle Equipment Safety Commission. Subject to the provisions of the compact and bylaws of the Vehicle Equipment Safety Commission, the authority and responsibilities of such representative shall be as determined by the commissioner designating such representative.

History.—s. 4, ch. 63-518; ss. 24, 35, ch. 69-106.

**325.05 Employees covered by State and County Retirement System.**—The State and County Officers and Employees Retirement System may make an agreement with the Vehicle Equipment Safety Commission for the coverage of said commission's employees pursuant to article III (6) of the compact. Any such agreement, as nearly as may be shall provide for arrangements similar to those available to the employees of this state and shall be subject to amendment or termination in accordance with its terms.

History.—s. 5, ch. 63-518.

**325.06 Cooperation with state agencies.**—Within appropriations available therefor, the departments, agencies and officers of the government of this state may cooperate with and assist the Vehicle Equipment Safety Commission within the scope contemplated by article III (8) of the compact. The departments, agencies and officers of the government of this state are authorized generally to cooperate with said commission.

History.—s. 6, ch. 63-518.

**325.07 Filing of documents.**—Filing of documents as required by article III (10) of the compact shall be with the Department of State. Any and all notices required by commission bylaws to be given pursuant to article III (10) of the compact shall be given to the commissioner of this state, or his duly authorized representative, if any.

History.—s. 7, ch. 63-518; ss. 10, 35, ch. 69-106.

**325.08 Budgets.**—Pursuant to article VI (1) of the compact, the Vehicle Equipment Safety Commission shall submit its budgets to the Governor, as chief budget officer of the state.

History.—s. 8, ch. 63-518; ss. 2, 3, ch. 67-371; ss. 31, 35, ch. 69-106.

**325.09 Audit.**—Pursuant to article VI (5) of the compact, the Auditor General is hereby authorized and required to inspect the accounts of the Vehicle Equipment Safety Commission.

History.—s. 9, ch. 63-518; s. 8, ch. 69-82.

**325.10 Governor executive head.**—The term "executive head" as used in article IX (2) of the compact shall, with reference to this state, mean the Governor.

History.—s. 10, ch. 63-518.

**325.11 Definitions.**—The following words and phrases when used in this part shall, for the purpose of this part, have the meanings respectively ascribed to them except where the context otherwise requires:

(1) "Certificate."—An inspection certificate which when properly executed indicates that the vehicle to which it is attached has been lawfully inspected and found to meet the requirements of the safety inspection laws.

(2) "Department."—The Florida Department of Highway Safety and Motor Vehicles, with the governor and cabinet as head, and all duly authorized

officers and agents as may be designated or authorized by the department.

(3) "Safe operating condition of motor vehicle equipment."—As used in this part shall mean that the condition of such equipment meets the requirements of this part and those equipment standards established by the department.

(4) "Inspection."—The safety equipment inspection of motor vehicles as required under this part.

(5) "Inspection period."—The month(s) during which the motor vehicle would normally be required to be inspected as required under this part.

(6) "Official inspector."—A person who has been duly trained and qualified to inspect vehicles in compliance with regulations established by the department in accordance with this part.

(7) "License."—The license issued by the department to operate a safety equipment inspection station.

(8) "Station."—A facility duly licensed by the department to conduct safety equipment inspections of motor vehicles as required under this part.

(9) "Inspection laws."—All of the sections relating to inspection and the rules and regulations duly approved by the department.

(10) "Suspension."—The temporary withdrawal of a license issued by the department to a safety equipment inspection station for a definite period of time.

(11) "Revocation."—The termination of a license issued by the department to a safety equipment inspection station.

(12) "Self-inspector."—Any natural person, firm, copartnership, association, corporation, county, or other governmental entity owning or operating at least five vehicles, designated by the department for the purpose of inspecting vehicles. Self-inspectors so designated of firms, persons, copartnerships, associations, or corporations may inspect only such vehicles owned or operated by them.

(13) "Motor vehicle."—Any vehicle which is self-propelled, excluding vehicles operated upon rails. "Motor vehicle" includes, but is not limited to, automobiles, trucks, motorcycles, motor-driven cycles, and all motor vehicles that are registered, or that are required to be registered by the registration laws of this state. Trailers are excluded.

History.—s. 1, ch. 67-307; ss. 24, 35, ch. 69-106; s. 101, ch. 71-377; s. 1, ch. 76-164; s. 2, ch. 79-324.

**325.12 Safety equipment inspection required; exception.**—Every motor vehicle, except ancient motor vehicles licensed under s. 320.086, registered or required to be registered within the state when operated upon any street or highway within the state shall at all times display a current approved certificate which shall be placed on the vehicle as may be designated by the department, indicating that it has been inspected in accordance with the provisions of this part and has been found to comply with the standards and requirements of this part for safety equipment.

History.—s. 1, ch. 67-307; s. 1, ch. 69-16; ss. 24, 35, ch. 69-106; s. 1, ch. 78-363.

**325.13 Expiration of certificate; early inspection; reinspection schedule; failure to display certificate, penalty.—**

(1) Every inspection certificate issued shall be valid for not less than 1 year and shall expire at midnight on the day of the month designated on said inspection certificate. The day of expiration of said certificate shall be established by the reinspection schedule promulgated by the department. Such schedule shall provide for midmonth and end-of-month expiration dates.

(2) The owner of any motor vehicle bearing a current, valid inspection certificate may request that the automobile be inspected at any time, under the provisions of this chapter, before expiration of the certificate.

(3) Except as provided in this section and in s. 325.15, it shall be unlawful and punishable as provided in s. 316.655 to operate any motor vehicle on any street or highway until there is displayed thereon a valid current inspection certificate.

(4) If the designated day of the month falls on Saturday, Sunday, or a holiday and the inspection station is normally closed on those days, a vehicle may be presented for inspection on the first working day following the expiration date. The expired inspection certificate shall be considered valid and no delinquent fee or violation shall be charged.

(5) Any person who has been absent from the state and whose safety equipment inspection certificate for any vehicle owned by him and required to be inspected under the provisions of s. 325.12 shall have expired during such absence may operate such vehicle or allow it to be operated on the streets or highways of the state without reinspection for not more than 10 days from the date on which said person first returns to the state.

**History.**—s. 1, ch. 67-307; s. 2, ch. 69-16; s. 28, ch. 69-353; s. 1, ch. 72-141; s. 1, ch. 74-42; s. 45, ch. 76-31; s. 3, ch. 79-324.

**325.14 Inspection certificate required for sold vehicles; exemption.—**

(1) It is unlawful and a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083, for any person engaged in the business of buying or selling new or used motor vehicles to sell at retail any used motor vehicle which does not have affixed thereto a current approved inspection certificate as required under s. 325.12.

(2) Any motor vehicle, the sale of which constitutes an occasional or private sale, shall not be driven unless the vehicle has a current valid inspection certificate; however, in the case of a motor vehicle which has been stored or otherwise unused, during which time the inspection certificate has expired, the owner shall obtain authority from the nearest highway patrol station to drive the vehicle to the inspection station. In the case of a motor vehicle which has never been registered in this state and which has no automobile tag, the owner shall obtain authority from the nearest highway patrol station to drive the vehicle to the inspection station for the purpose of obtaining the appropriate motor vehicle inspection form necessary to register the vehicle in this state, as required by s. 320.02(3), and then to drive the vehicle to the nearest tag agency for the purpose of registering the vehicle.

(3) Nothing in this chapter shall be construed to require a valid current inspection certificate for any motor vehicle owned by a motor vehicle dealer licensed under s. 320.27 and displaying a dealer tag thereon as authorized by s. 320.13(1)(a) when such vehicle is being used for demonstration purposes or when such vehicle is being driven from its point of purchase to the business location of the dealer, or between the business location of the dealer and a repair facility, or between the business location of the dealer and an inspection station.

**325.15 Time limit for inspection of newly registered motor vehicles.—**The purchaser of any new motor vehicle or the owner of any motor vehicle brought into this state for the first time and which is required to be registered under the provisions of chapter 320, and required to be inspected under the provisions of s. 325.12 may operate any such vehicle or allow it to be operated on the streets or highways of the state, without inspection for not more than 10 days from the date of purchase or from the date on which it was first brought into this state.

**History.**—s. 1, ch. 67-307.

**325.16 Defective vehicles; repair procedures.—**When a motor vehicle required to be inspected under this part shall upon inspection fail to meet the safety requirements of this part, the safety equipment inspection station making such inspection shall issue an authorized receipt and statement for such vehicle indicating that it has been inspected and shall enumerate the defects found. The owner or operator shall have such defects corrected or repaired at any place he chooses. The authorized receipt and statement shall operate as a temporary valid inspection permit for 30 days after the defect is found, during which time the operator shall not be subject to the penalty provided in s. 316.610, for the purpose of allowing the owner or operator of such vehicle to repair the defect. In any case where a part must be ordered to correct a defect and the part cannot be received and installed within the 30-day period herein provided, the authorized receipt and statement, together with a dated copy of the order for the part, shall operate as a temporary valid inspection permit until the part is received, which time period shall not exceed 90 days. The vehicle may be reinspected one time for such defects within 30 days when the owner does not have to wait on a part to be received, or within 90 days when the owner has the authorized receipt and statement together with a dated copy of the order for the part, at the safety equipment inspection station first making the inspection, without additional charge; however, upon payment of the inspection fee, the vehicle may be reinspected at another safety equipment inspection station.

**History.**—s. 1, ch. 67-307; s. 3, ch. 69-16; s. 4, ch. 74-338; s. 1, ch. 78-111.

**325.17 Motor vehicles involved in accident and otherwise damaged.—**Any motor vehicle involved in an accident and otherwise damaged so that the equipment required to be inspected in s. 325.19 has been damaged shall not be operated, except to an

official inspection station or repair shop, upon the streets and highways of this state until it has been reinspected in accordance with the provisions of this part.

History.—s. 1, ch. 67-307.

**325.19 Requirements for approval before an inspection certificate may be issued for a motor vehicle.—**

(1) The following articles and equipment of each vehicle shall be inspected by an approved safety equipment inspection station, as required in this part, to determine that they are in safe operating condition:

- (a) Brakes;
  - (b) Lights;
  - (c) Horn;
  - (d) Steering mechanism;
  - (e) Windshield wipers;
  - (f) Directional signals;
  - (g) Tires; and
  - (h) Exhaust system.
- (2) A tire shall be considered unsafe if it has:
- (a) Any ply or cord exposed;
  - (b) Any bump, bulge, or knot affecting the tire structure;
  - (c) Any break repaired with a boot;
  - (d) A tread depth of less than  $\frac{1}{32}$  of an inch measured in any two tread grooves at three locations equally spaced around the circumference of the tire, or, for those tires with tread wear indicators, a tire shall be considered unsafe if it is worn to the point that the tread wear indicators contact the road in any two tread grooves at three locations equally spaced around the circumference of the tire;
  - (e) A marking "not for highway use," or "for racing purposes only"; or
  - (f) Such other conditions as may be reasonably demonstrated to render it unsafe.

(3) The inspection requirement herein provided for shall not exceed the standards provided for in this part or the standards set for steering mechanism by the department for such equipment.

(4) If a vehicle is rejected because its headlights are out of alignment, and if the headlights could be adjusted without the removal or replacement of parts, if requested by the owner, then all inspection stations shall make such adjustment at the time of the inspection and at no expense to the owner or operator of the vehicle. Such rejection shall be recorded on the form furnished by the department with a notation that such adjustment was made at the inspection station.

cf.—ss. 316.272 and 403.061 Regulation of exhaust system noise.

**325.195 Inspection of metal license plates.—** Every metal license plate shall be inspected for proper display, damage, legibility, and retroreflectivity; and every validation sticker shall be inspected for legibility. Failure of a license plate or sticker to meet any of these requirements shall not be cause for rejection; however, the inspector shall give written notice of the failure to the owner or operator, which notice shall require that the plate or sticker be replaced within 14 days. The owner shall present the

notice to the tax collector or tag agency and shall be issued a replacement plate at no charge as provided in s. 320.06(5)(b). The tax collector or tag agent shall certify on the notice that the replacement plate or sticker was issued, and the owner shall return the certified notice to the inspection station by mail or by person.

History.—s. 6, ch. 79-324.

**325.20 Privately operated safety equipment inspection stations; appointment by department.—**

(1) Each firm, person or agency with employees meeting the following qualifications shall, upon application, be issued a license designating the person, firm or agency as a safety equipment inspection station:

- (a) Good character and a good reputation for honesty;
- (b) Adequate knowledge of the equipment requirements for motor vehicles as required under the laws of Florida;
- (c) Ability to conduct satisfactorily the mechanical inspection required by this part;
- (d) Adequate facilities as to space and equipment in order to check each of the items of safety equipment listed herein; and
- (e) A general knowledge of motor vehicles, sufficient to recognize a mechanical condition which is not safe.

(2) Any person, firm, or agency meeting the above requirements and desiring to be licensed as a motor vehicle inspection station may apply to the department on forms provided by it. The department shall cause an investigation of the application to be made to determine that the requirements in subsection (1) are met and that adequate and proper facilities to accommodate the public will be provided. Upon satisfactory proof of same, the department shall issue a certificate of appointment to such person, firm, or agency as a safety equipment inspection station. Such appointment shall be issued without charge and for a period of not more than 7 years, and such appointment shall be effective for the period for which issued unless canceled by request of the inspection station or unless suspended or revoked for cause following a hearing by the department. The certificate of appointment shall not be transferable without the department's approval. If, as a result of the cancellation or revocation of a certificate of appointment, no authorized private safety equipment inspection stations are available in a county, the department may license the county to operate safety equipment inspection stations as authorized in s. 325.27.

History.—s. 1, ch. 67-307; ss. 24, 35, ch. 69-106; s. 7, ch. 79-324.

**325.21 Self-inspectors.—**The department may designate any governmental entity, person, firm or corporation as a self-inspector to carry out the provisions of s. 325.11(12) of this part.

History.—s. 1, ch. 67-307; ss. 24, 35, ch. 69-106.

**325.22 Supervision of safety equipment inspection stations.—**

(1) The supervision of safety equipment inspection stations as authorized in this section shall be by

the Division of Motor Vehicles. The uniformed members of the Florida Highway Patrol who are supervising the inspection program on July 1, 1979, shall assist the division in performing its duties until January 1, 1980, at which time the transition shall be complete. Those uniformed members shall be reassigned by the Florida Highway Patrol to other duties authorized in chapter 321. Sufficient replacement civilian personnel shall be employed by the department to allow regularly scheduled audits of each inspection station at approximately 30-day intervals.

(2) When a person, firm, agency, or county is designated as a safety equipment inspection station, the department shall record such appointment and shall cause periodic checks to be made to determine that inspections are being conducted in accordance with this part, and shall cause investigations to be made of bona fide complaints received regarding any such inspection stations.

(3) Beginning July 1, 1980, and at no longer than 3-year intervals thereafter, the department shall evaluate all privately operated and county-operated inspection facilities to determine whether such facilities are adequate to accommodate the public. The department shall evaluate such facilities based on standards which shall include quantitative criteria for the determination of the necessary number of inspection lanes, access lanes, and personnel. If the evaluation reveals that the facilities are inadequate, the operator shall have a maximum of 12 months in which to provide the necessary improvements or to submit evidence of a specific plan of action, subject to division approval, to correct the deficiency. Failure of a county to take the required corrective action within 12 months shall result in permanent revocation of the county's license and the appointment of qualified private inspection stations in that county. Such failure on the part of a privately operated station within 12 months shall result in the permanent revocation of the inspection license.

**History.**—s. 1, ch. 67-307; ss. 24, 35, ch. 69-106; s. 8, ch. 79-324.

**325.23 Department shall establish procedures.**—The department shall establish procedures for the control, distribution, sale, refund, and display of certificates and for the accounting for proceeds of their sale, consistent with this part. It shall be unlawful and a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083, to possess, affix, transfer, or remove an inspection certificate, except by direction of the department under the terms of this part. The department shall establish such rules and regulations necessary to train and qualify official inspectors under this part, and no person shall be qualified to inspect a motor vehicle under this part until approved by the department.

**History.**—s. 1, ch. 67-307; ss. 24, 35, ch. 69-106; s. 46, ch. 76-31; s. 3, ch. 76-164.

**325.24 Fees to be charged by safety equipment inspection station.**—

(1) All inspection stations, except self-inspectors as designated herein, shall charge a fee of \$3 (self-inspectors shall be prohibited from charging any fee) for inspecting a motor vehicle to determine compliance with this part and shall give the operator a

receipt indicating the articles and equipment approved or disapproved and fee paid. When said vehicle is approved, upon payment to the inspection station of the fee, the inspection station shall affix a valid inspection certificate to said motor vehicle, and said inspection station shall maintain a record of the motor vehicles inspected which shall be available for 12 months. Such records shall be maintained in a manner that permits rapid reference to the previous certificate number, the vehicle identification number, and the name of the owner. Orders for inspection certificates must be placed with the Department of Highway Safety and Motor Vehicles, Neil Kirkman Building, Tallahassee, and shall be accompanied by proper remittance in the amount of 40 cents for each certificate ordered. However, when any vehicle is inspected subsequent to the time required by this chapter, an additional delinquent fee of \$1 shall be paid. The delinquent fee shall be forwarded to the department and shall be credited against the 40-cent remittance required by this section. Said fee shall not be applicable to state agencies. Inspection certificates may be ordered only by licensed safety equipment inspection stations and self-inspectors as may be duly appointed from the department. Any order for inspection certificates placed in person at the department must be accompanied by written authorization upon forms furnished by the department from the station to which the certificates are to be issued. If order is placed by a person other than the person in whose name the station is licensed, or if authorization is not presented, the certificates will be delivered in a manner to be determined by the department. Orders received by mail will be filled and delivered to the requesting inspection station in a manner to be determined by the department. Licensed inspection stations and self-inspectors will, upon request, be furnished forms required to be used by this part. All licensed stations are required to keep an adequate supply of inspection certificates on hand at all times.

(2) All funds received by the department for inspection certificates shall be deposited in the General Revenue Fund of the state through the Treasurer.

**History.**—s. 1, ch. 67-307; s. 4, ch. 69-16; ss. 24, 35, ch. 69-106; s. 1, ch. 74-381; s. 4, ch. 78-183; s. 9, ch. 79-324.

**325.25 Budget; administration.**—The department shall submit a budget of the cost of administration of this part to the Governor as chief budget officer for approval by the Legislature; however, said budget shall not exceed the funds derived from the sale of inspection certificates. The Legislature shall advance such funds as may be necessary for the implementation of this part.

**History.**—s. 1, ch. 67-307; ss. 2, 3, ch. 67-371; ss. 24, 31, 35, ch. 69-106; s. 10, ch. 79-324.

**325.26 Department to issue rules.**—It is hereby declared to be the express intent of the Legislature that the provisions of this part shall be carried out by the department for the safety and convenience of the motoring public. The department shall have authority to promulgate rules which are rea-

sonably necessary for carrying out the provisions of this inspection program.

**History.**—s. 1, ch. 67-307; ss. 24, 35, ch. 69-106; s. 1, ch. 75-265; s. 11, ch. 79-324.

**325.27 Operation of inspection stations by counties.**—Whenever any county of this state shall make application through its duly elected county officials for a license to operate inspection stations as authorized in s. 325.20(2), the department shall cause an investigation of said application to determine that the requirements of s. 325.20(1) except paragraph (a) will be met and provided for by said county and that adequate and proper facilities to accommodate the public will be provided. Upon satisfactory proof of same, the department shall issue to said county a license to operate inspection stations within its boundaries until same shall be revoked for cause as provided for in this part; provided, however, that such jurisdiction within the confines of any county shall not apply to any approved self-inspector meeting the requirements of this part. Any county licensed to operate inspection stations on July 1, 1979, shall continue to have exclusive rights of operation within its boundaries unless such license is revoked for cause. Any county or municipality to which has been issued a license to operate inspection stations within its boundaries is hereby authorized to pledge its share of inspection fees for the purpose of issuing revenue certificates for the purchase and construction of adequate and proper facilities for the purpose of this part. The revenue certificates authorized herein may be issued under the provisions of chapter 159, or other appropriate special or general legislation.

**History.**—s. 1, ch. 67-307; s. 1, ch. 68-37; ss. 24, 35, ch. 69-106; s. 12, ch. 79-324.

**325.272 Inspection stations; days and hours of operation.**—Inspection stations shall be operated for the convenience of the motoring public. The schedule of operation of all inspection stations shall be subject to approval by the department and shall provide for evening and weekend hours of operation.

**History.**—s. 3, ch. 78-363; s. 13, ch. 79-324.

**325.28 Inspection stickers of other states and carriers certificated by the Interstate Commerce Commission or Florida Public Service Commission.**—Every law enforcement officer of this state shall recognize any current official inspection sticker affixed to any motor vehicle from another state, except that any motor vehicle registered in Florida, or required to be registered by the registration laws of Florida, shall display a valid, current, approved, Florida official inspection certificate. Vehicles operating under certificate of the Interstate Commerce Commission or Florida Public Service Commission subject to United States Department of Transportation Safety Regulations are exempt from displaying a Florida official inspection sticker if they have attached or display a valid certificate number

issued by the Interstate Commerce Commission or Florida Public Service Commission.

**History.**—s. 1, ch. 67-307; s. 6, ch. 69-16; s. 4, ch. 76-164.

**325.29 Inspection not to constitute a warranty of mechanical condition.**—The inspection of any motor vehicle and the issuance of an inspection certificate of such inspection under the provisions of this part shall not be construed in any court as a warranty of the mechanical condition of such motor vehicle. No inspector or inspection station inspecting a motor vehicle and issuing an inspection certificate of such inspection under the provisions of this part shall be liable in damages for any defect in or failure or improper functioning of any item of equipment on such motor vehicle occurring subsequent to such inspection.

**History.**—s. 1, ch. 67-307.

**325.30 Prohibited inspection certificates.**—It is unlawful and a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083, for any person, firm, or corporation to issue an inspection certificate for any vehicle which has not actually been inspected under the provisions of this part.

**History.**—s. 1, ch. 67-307; s. 5, ch. 76-164.

**325.31 Violations; penalty.**—Violation of any provision of this part shall, upon conviction, be punishable as provided in s. 316.655, except when a penalty for violation of such provision is specifically provided therefor.

**History.**—s. 1, ch. 67-307; s. 47, ch. 76-31; s. 6, ch. 76-164.

**325.33 Forged certificates, unauthorized sale and unauthorized supply; penalty.**—

(1) It is unlawful for any person to make, alter, forge, counterfeit, or reproduce a Florida inspection certificate unless authorized by the department.

(2) It is unlawful for any person knowingly to have in his possession any forged, counterfeit, or imitation Florida inspection certificate, or a reproduction of a certificate, unless possession by such person has been duly authorized by the department.

(3) It is unlawful for any person to barter, trade, sell, or give away any inspection certificate, or to conspire to barter, trade, sell, or give away any inspection certificate, unless said person has been duly authorized to issue the certificate by the department, as provided in this part, or the adopted rules and regulations of the department.

(4) It is unlawful for any person to agree to supply, or to aid in supplying, any person with an inspection certificate by any means whatsoever not in accordance with the provisions of this part.

(5) Any person who violates any of the provisions of this section is guilty of a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

**History.**—s. 7, ch. 76-164.

# TITLE XXIV

## AERONAUTICS

### CHAPTER 329

#### AIRCRAFT, GENERALLY

329.01 Recording instruments affecting civil aircraft.

**329.01 Recording instruments affecting civil aircraft.**—No instrument which affects the title to or interest in any civil aircraft of the United States, or any portion thereof, shall be valid in respect to such aircraft or portion thereof, against any person other than the person by whom the instrument is made or given, his heirs or devisee, and any person having actual notice thereof, until such instrument is recorded in the office of the Civil Aeronautics Ad-

ministrator of the United States, or such other office as is designated by the laws of the United States as the one in which such instruments should be filed. Every such instrument so recorded in such office shall be valid as to all persons without further recordation in any office of this state. Any instrument, recordation of which is required by the provisions of this section, shall take effect from the date of its recordation and not from the date of its execution.

**History.**—s. 1, ch. 22673, 1945.

- 330.51 Prohibited acts.
- 330.52 Revocation and suspension of certificate; fines; enforcement; procedures.
- 330.53 Approval of rate, fare, and schedule changes.

**330.01 Definitions.**—In this chapter "aircraft" means any contrivance now known or hereafter invented, used or designed for navigation of or flight in the air, except a parachute or other contrivance designed for such navigation but used primarily as safety equipment. "Operating aircraft" means performing the services of aircraft pilot.

**History.**—s. 1, ch. 14642, 1931; CGL 1936 Supp. 4109(1).

**330.04 Pilot required to have license in his possession.**—The pilot's license required shall be kept in the personal possession of the licensee when he is operating aircraft within this state, and must be presented for inspection upon the demand of any passenger, any peace officer of this state, or any official, manager or person in charge of any airport or landing field in this state upon which he shall land.

**History.**—s. 4, ch. 14642, 1931; CGL 1936 Supp. 4109(4).

**330.05 Penalties.**—A person who violates any provision of this chapter shall be guilty of a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083. However, acts or omissions made unlawful by this chapter shall not be deemed to include any act or omission which violates the laws or lawful regulations of the United States, but it shall not be necessary to allege or prove, as part of the case for the state, that the defendant is not amenable, on account of the alleged violation, to prosecution under laws of the United States. That he is amenable to such prosecution shall be a matter of defense, unless it affirmatively appears from the evidence adduced by the state.

**History.**—s. 5, ch. 14642, 1931; CGL 1936 Supp. 8135(3); s. 223, ch. 71-136.

**330.17 Municipalities may not impose registration fees on aircraft.**—It shall be unlawful for any municipality of this state to collect any license or registration fee or tax on any aircraft or glider in this state.

**History.**—s. 12, ch. 24045, 1947.

**330.261 Aviation; Division of Planning and Programming and Division of Public Transportation Operations of the Department of Transportation; powers and duties defined.**—

(1) **DIVISION OF PLANNING AND PROGRAMMING.**—It shall be the duty, function and responsibility of the Division of Planning and Programming to plan airport systems in this state. In carrying out this duty and responsibility, the division may assist and advise, cooperate, and coordinate with the federal, state, local or private organizations and individuals in planning such systems of airports.

(2) **DIVISION OF PUBLIC TRANSPORTATION OPERATIONS.**—It shall be the duty, function, and responsibility of the Division of Public Transportation Operations to promote the further development and improvement of air routes, airport facilities, and landing fields and protect their approaches and to stimulate the development of aviation commerce and air facilities. In carrying out this duty and responsibility, the division may advise and cooperate with municipalities, counties, regional authorities, state agencies, appropriate federal agencies, and interested private individuals and groups. However, it is not the intent of this section to transfer any of the planning duties relating to aviation away from the Division of Planning and Programming.

**History.**—s. 3, ch. 29788, 1955; s. 3, ch. 22821, 1945; s. 11, ch. 29788, 1955; s. 3, ch. 65-178; ss. 23, 35, ch. 69-106; s. 3, ch. 72-186; s. 1, ch. 77-273.

**Note.**—Subsection (1) former s. 288.03(16); (2) former ss. 288.15(8), 420.06.

**330.27 Definitions, when used in ss. 330.28-330.36, 330.38, 330.39.**—

(1) "Aeronautics" means the science and art of flight and including but not limited to transportation by aircraft; the operation, construction, repair, or maintenance of aircraft, aircraft powerplants and accessories, including the repair, packing, and maintenance of parachutes; the design, establishment,

construction, extension, operation, improvement, repair, or maintenance of airports or other air navigation facilities; and instruction in flying or ground subjects pertaining thereto.

(2) "Aircraft" means any motor vehicle or contrivance now known, or hereafter invented, used or designed for navigation of or flight in the air.

(3) "Airport" means any area of land or water which is used, or intended for use, for the landing and takeoff of aircraft, and any appurtenant areas which are used, or intended for use, for airport buildings or other airport facilities or rights-of-way, together with all airport buildings and facilities located thereon.

(4) "Division" means the Division of Public Transportation Operations of the Department of Transportation.

(5) "State" or "this state" means the State of Florida.

(6) "Air navigation facility" means any facility, other than one owned or operated by the United States, used in, available for use in, or designed for use in, aid of air navigation, including any structures, mechanisms, lights, beacons, markers, communicating systems or other instrumentalities or devices used or useful as an aid, or constituting an advantage or convenience, to the safe taking off, navigation, and landing of aircraft, or the safe and efficient operation or maintenance of an airport, and any combination of any or all of such facilities.

(7) "Operation of aircraft" or "operate aircraft" means the use, navigation or piloting of aircraft in the airspace over this state or upon any airport within this state.

(8) "Airman" means any individual who engages, as the person in command, or as pilot, mechanic, or member of the crew, in the navigation of aircraft while under way, and any individual who is directly in charge of the inspection, maintenance, overhauling, or repair of aircraft engines, propellers, or appliances, and any individual who serves the capacity of aircraft dispatcher, or air-traffic control tower operator; but does not include any individual employed outside the United States, or any individual employed by a manufacturer of aircraft, aircraft engines, propellers, or appliances to perform duties as inspector or mechanic in connection therewith, or any individual performing inspection or mechanical duties in connection with aircraft owned or operated by him.

(9) "Person" means an individual, firm, partnership, corporation, company, association, joint stock association, or body politic; and includes any trustee, receiver, assignee, or other similar representative thereof.

(10) "Municipality" means any county, city, town, village, borough, authority, district or other political subdivision or public corporation of this state. "Municipal" means pertaining to a municipality as herein defined.

(11) "Airport hazard" means any structure, object of natural growth, or use of land, which obstructs the airspace required for the flight of aircraft

in landing or taking off at an airport or is otherwise hazardous to such landing or taking off.

**History.**—s. 1, ch. 24046, 1947; s. 24, ch. 57-1; s. 2, ch. 65-178; ss. 23, 35, ch. 69-106; s. 103, ch. 71-377; s. 2, ch. 73-326; s. 1, ch. 75-16; s. 1, ch. 77-273.

**330.28 Declaration as to aeronautical progress.**—It is hereby declared that the purpose of ss. 330.28-330.36, 330.38, 330.39 is to further the public interest and aeronautical progress:

(1) By providing for the protection and promotion of safety in aeronautics;

(2) By cooperating in effecting uniformity of the laws and regulations relating to the establishment and development of airports in the several states consistent with Federal Aeronautics Laws and Regulations;

(3) By granting to a state agency such powers and imposing upon it such duties that the state may properly perform its functions relative to airports, assist in the development of a statewide system of airports, cooperate with and assist the municipalities of this state and others engaged in aeronautics, and encourage and develop aeronautics;

(4) By establishing only such regulations as are essential in order that persons engaged in aeronautics of every character may so engage with the least possible restriction, consistent with the safety and the rights of others; and

(5) By providing for cooperation with the federal authorities in the development of a national system of airports and for coordination of the aeronautical activities of those authorities and the authorities of this state.

**History.**—s. 2, ch. 24046, 1947.

### **330.29 Rules, regulations, standards.—**

(1) **POWER TO ISSUE.**—The division may perform such acts, issue and amend such orders, and make, promulgate, and amend such reasonable general or special rules, regulations and procedures, and establish such minimum standards, consistent with the provisions of ss. 330.27-330.36, 330.38 and 330.39 as it shall deem necessary to carry out the provisions of ss. 330.27-330.36, 330.38 and 330.39, and to perform its duties thereunder; all commensurate with and for the purpose of protecting and insuring the general public interest and safety, the safety of persons operating, using or traveling in aircraft or persons receiving instruction in flying, and the safety of persons and property on land or water, and developing and promoting aeronautics in this state. No rule or regulation of the division shall apply to airports or air navigation facilities owned or operated by the United States.

(2) **CONFORMITY TO FEDERAL LEGISLATION AND RULES.**—All rules and regulations prescribed by the division under the authority of ss. 330.27-330.36, 330.38 and 330.39 shall be kept in conformity, as nearly as may be, with the then current federal legislation governing airports and the rules, regulations and standards duly issued thereunder.

(3) **DISTRIBUTION.**—The division shall provide for the publication and general distribution of all its orders, rules, and regulations and procedures having general effect.

**History.**—s. 3, ch. 24046, 1947; s. 11, ch. 25035, 1949; s. 2, ch. 65-178; ss. 10, 23, 35, ch. 69-106; s. 56, ch. 78-95.

**330.30 Licensing of airports.—**

(1) **SITE APPROVALS; REGULATIONS, ISSUANCE OF CERTIFICATES, FEES, STANDARDS.**—Except as provided in subsection (4), the division is authorized to provide for the approval of airport sites and the issuance of certificates of such approvals. A charge not to exceed \$50 shall be made for any such approval, and certificates of such an approval may be issued to all persons requesting them. Upon the promulgation of a rule or regulation providing for such approvals, any municipality or person desiring or planning to construct or establish an airport shall, prior to the acquisition of the site or prior to the construction or establishment of the proposed airport, make application to the division for approval of the site. The division shall grant approval of a site if it is satisfied:

- (a) That the site is adequate for the proposed airport;
- (b) That such proposed airport, if constructed or established, will conform to minimum standards of safety; and
- (c) That safe air-traffic patterns could be worked out for such proposed airport and for all existing airports and approved airport sites in its vicinity.

(2) **SAME; EFFECTIVE PERIOD, REVOCATION, EXISTING AIRPORTS.**—An approval of a site may be granted subject to any reasonable conditions which the division may deem necessary to effectuate the purposes of this section and shall remain in effect, unless sooner revoked by the division, until a license for an airport located on the approved site has been issued pursuant to subsection (3). The division may revoke such approval when it shall reasonably determine:

- (a) That there has been an abandonment of the site as an airport site;
- (b) That there has been a failure within the time prescribed, or if no time was prescribed, within a reasonable time, to develop the site as an airport or to comply with the conditions of the approval, or
- (c) That because of change of physical or legal conditions or circumstances the site is no longer usable for the aeronautical purposes for which the approval was granted. No approval shall be required for the site of any existing airport.

(3) **LICENSES; REGULATIONS, ISSUANCE, RENEWALS, FEES, STANDARDS, REVOCATION, UNLAWFUL OPERATION.**—

(a) Except as provided in subsection (4), the division is authorized to provide for the licensing of airports and the annual renewal of such licenses. It may charge license fees not exceeding \$50 for each original license and not exceeding \$50 for each renewal thereof. Upon the promulgation of a rule or regulation providing for such licensing, the division shall with reasonable dispatch, upon receipt of an application for an original license and the payment of the duly required fee therefor, issue an appropriate license if it is satisfied that the airport conforms to minimum standards of safety and that safe air-traffic patterns can be worked out for such airport and for all existing airports and approved airport sites in its vicinity. All licenses shall be renewable annually upon payment of the fees prescribed. Licenses and renewals thereof may be issued subject to

any reasonable conditions that the division may deem necessary to effectuate the purposes of this section. The division may revoke any license or renewal thereof, or refuse to issue a renewal, when it shall reasonably determine:

- 1. That there has been an abandonment of the airport as such;
- 2. That there has been a failure to comply with the conditions of the license or renewal thereof; or
- 3. That because of change of physical or legal conditions or circumstances the airport has become either unsafe or unusable for the aeronautical purposes for which the license or renewal was issued.

(4) **EXEMPTIONS.**—The provisions of this section shall not apply to airports owned or operated by the United States. The division may, from time to time, to the extent necessary, exempt any other class of airports, pursuant to a reasonable classification or grouping, from any rule or regulation promulgated under this section or from any requirement of such a rule or regulation, if it finds that the application of such a rule, regulation, or requirement would be an undue burden on such class and is not required in the interest of public safety. The division shall make no charge to any municipality for a certificate of approval or for a license and the annual renewal of such license in connection with any municipally owned airport.

**History.**—s. 4, ch. 24046, 1947; s. 1, ch. 61-215; s. 2, ch. 65-178; ss. 23, 35, ch. 69-106; s. 3, ch. 76-168; s. 1, ch. 77-457; s. 56, ch. 78-95.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1982, except for the possible effect of laws affecting this section prior to that date.

**330.31 Federal-state joint hearings, reciprocal services.—**

(1) **JOINT HEARINGS.**—The division is authorized to confer with or to hold joint hearings with any agency of the United States in connection with any matter arising under ss. 330.27-330.36, 330.38 and 330.39 or relating to the safe development of airports.

(2) **RECIPROCAL SERVICES.**—The division is authorized to avail itself of the cooperation, services, records and facilities of the agencies of the United States as fully as may be practicable in the administration and enforcement of ss. 330.27-330.36, 330.38 and 330.39. The division shall furnish to the agencies of the United States its cooperation, services, records and facilities, insofar as may be practicable.

**History.**—s. 5, ch. 24046, 1947; s. 2, ch. 65-178; s. 23, 35, ch. 69-106.

**330.33 Penalties.**—Any person violating any of the provisions of ss. 330.28-330.36, 330.38, 330.39 or any of the rules, regulations or orders issued pursuant thereto, shall be guilty of a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083.

**History.**—s. 7, ch. 24046, 1947; s. 230, ch. 71-136.

**330.35 Airport zoning, approach zone protection.—**

(1) Nothing in ss. 330.28-330.36, 330.38, and 330.39 shall be construed to limit any right, power, or authority of the state or a municipality to regulate airport hazards by zoning.

(2) Airports licensed for general public use under the provisions of s. 330.30 are eligible for approach

zone protection, and the procedure shall be the same as is prescribed in chapter 333.

(3) The division is hereby granted all powers conferred upon political subdivisions of this state by chapter 333 to regulate airport hazards at state-owned airports. The procedure shall be to form a joint zoning board with the political subdivision of the state in which the state-owned airport is located as prescribed in chapter 333.

**History.**—s. 9, ch. 24046, 1947; s. 2, ch. 65-178; ss. 23, 35, ch. 69-106.

**330.36 Prohibition against municipal licensing of airports.**—No municipality of this state shall license airports or control their location except by municipal zoning requirements. All applicants for site approval and licensing under ss. 330.28-330.36, 330.38, and 330.39 must show evidence of compliance with municipal zoning requirements and evidence of notification to municipalities in the immediate territory of intent to file such application. The determination of suitable sites and standards of safety for airports shall be in accordance with the provisions of ss. 330.28-330.36, 330.38, and 330.39 without duplication of licensing and approval by municipalities. Nothing in ss. 330.28-330.36, 330.38, and 330.39 shall be interpreted as prohibiting a municipality from issuing occupational licenses to operators of airports.

**History.**—s. 10, ch. 24046, 1947.

**330.38 Construction of this law.**—Nothing in ss. 330.28-330.36, 330.38, and 330.39 shall apply to or confer division jurisdiction or control over any county aviation authority, county port authority or municipal authority or any airports under their control.

**History.**—s. 11a, ch. 24046, 1947; s. 2, ch. 65-178; ss. 23, 35, ch. 69-106.

**330.39 Short title.**—Sections 330.27-330.36, 330.38, and 330.39 may be cited as the "State Airport Licensing Law."

**History.**—s. 13, ch. 24046, 1947.

**330.45 Purpose.**—The purpose of ss. 330.45-330.53 is to provide regulation of air carriers within the state, in order that low cost, high volume air transportation may be established between the major areas of this state.

**History.**—s. 1, ch. 72-374; s. 3, ch. 76-168; s. 1, ch. 77-457.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

**330.46 Definitions.**—The following words, terms and phrases shall in ss. 330.45-330.53 have the meanings herein given, unless otherwise specifically defined, other intention clearly appears, or the context otherwise requires:

(1) The term "air carrier" means a person or corporation owning, controlling, operating, or managing aircraft as a scheduled common carrier in the transportation of persons or property for compensation or hire only between points within this state, which person or corporation is not engaged in air transportation within the meaning of s. 101 of the Federal Aviation Act of 1958, or any legislation successor thereto, under a certificate or certificates issued by the Civil Aeronautics Board pursuant to s.

401 of the Federal Aviation Act of 1958, or any legislation successor thereto.

(2) The term "aircraft" means any motor vehicle now known, or hereafter invented, used or designed for navigation of or flight in the air. For the purposes of ss. 330.45-330.53, aircraft shall be divided into four classes:

(a) **Class 1.**—Aircraft seating in excess of 99 passengers.

(b) **Class 2.**—Aircraft seating between 50 and 99 passengers.

(c) **Class 3.**—Aircraft seating not more than 49 passengers.

(d) **Class 4.**—Aircraft which do not carry passengers.

(3) The term "airport" means any area of land or water which is designed, or intended for use, for the landing and takeoff of aircraft.

(4) The term "airway" means a route in the navigable airspace above the lands and waters of this state designated by the federal government or the state as a route suitable for air navigation.

(5) The term "commission" means the Florida Public Service Commission.

(6) The term "certificate" means a certificate of public convenience and necessity issued by the commission.

(7) The term "operation of aircraft" or "operate aircraft" means the use, navigation or piloting of aircraft in the airspace over this state or upon any airport within this state.

(8) The term "passenger" or any abbreviation thereof means any person flying in an aircraft but shall not include the pilot, copilot, flight engineer, steward or stewardess, or other member of the crew necessary for the operation of the aircraft.

(9) The term "person" means an individual, firm, partnership, corporation, company, association, joint stock association, or body politic, and includes any trustee, receiver, assignee, or other similar representatives thereof.

(10) The term "state" or "this state" means the State of Florida.

**History.**—s. 2, ch. 72-374; ss. 1-3, ch. 75-290; s. 3, ch. 76-168; s. 1, ch. 77-457.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

**330.47 Regulation by the state.**—No air carrier shall operate aircraft except in accordance with the provisions of ss. 330.45-330.53 and without first obtaining a certificate that the present and future public convenience and necessity requires, or will require, such operations, as provided herein.

**History.**—s. 3, ch. 72-374; s. 3, ch. 76-168; s. 1, ch. 77-457.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

**330.48 Responsibility and authority of the commission.**—

(1) The commission shall supervise and regulate every air carrier in those matters affecting ticketing, flight reservations, passenger baggage, freight, advertising, and passenger convenience and comfort.

(2) The commission shall approve all rates and schedules for passengers and shippers, classifications, and the rules of each such air carrier, taking into consideration the public interest.

(3) The commission shall regulate the accounts of each such air carrier and require the filing of annual and other reports and of other data by such air carriers.

(4) The commission shall have the authority to promulgate any rules and regulations consistent with the authority provided by ss. 330.45-330.53 and its practices pursuant hereto that it deems necessary to implement the provisions hereof.

**History.**—s. 4, ch. 72-374; s. 4, ch. 75-290; s. 3, ch. 76-168; s. 1, ch. 77-457.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

### **§330.49 Certification, procedures and fees.—**

(1) The application for a certificate of public convenience and necessity, or an application for an extension of an existing certificate, made by any applicant shall be in writing, verified by the applicant, and shall specify the following matters:

(a) The name and address of applicant and the names and addresses of its officers, if any;

(b) The airports between which applicant intends to conduct such operations;

(c) The type of air carrier service in which the applicant intends to engage, together with a description of the class of aircraft which applicant proposes to utilize in connection with such operations;

(d) The proposed rates and schedules for operations between the airports involved; and

(e) An agreement on the part of the applicant to conform with and abide by all rules, tariffs, and classifications as to air carrier services which may be prescribed by the commission after proper hearing.

(2) Any such application shall be accompanied by a payment of a fee of \$1,000 to be placed in the Florida Public Service Regulatory Trust Fund, except that an application for extension of a certificate of public convenience and necessity issued pursuant to this chapter shall be accompanied by a payment of a fee of \$100 for each extension of authority permitting direct service from a currently authorized airport to each airport sought to be served, but in no event shall the fee for such extension exceed \$500.

(3) The commission may issue to the applicant a certificate of public convenience and necessity in a form to be prescribed by it or may issue it for only partial exercise of the operation sought, or may attach to the exercise of the right granted by the certificate such terms, limitations, and conditions as it deems the public interest to require.

(4) All certificates issued hereunder shall be renewed annually by application therefor and payment of an annual certificate renewal fee of \$500 per certificate, which shall be due on December 31 of each year. If the fee is not paid in advance of the due date, it must be received on or before January 31 of the next year in order for the renewal of the certificate to be effective. All moneys received pursuant to this section shall be deposited in the Florida Public Service Regulatory Trust Fund.

(5) Upon the filing of any application and payment of the required fee, the commission shall fix a time for hearing on said application, which shall be not less than 20 days nor more than 60 days subsequent to the filing of said application, and no application shall be granted or certificate of public convenience and necessity issued without a hearing. No-

tice of such hearing shall be served upon the applicant; all persons serving airports involved in said application who hold or have applied for a certificate under ss. 330.45-330.53; all persons engaged in air transportation between points in this state under a certificate or certificates issued by the Civil Aeronautics Board pursuant to s. 401 of the Federal Aviation Act of 1958 or any legislation successor thereto, serving airports involved in said application; the Florida Department of Transportation; and such other interested parties as the commission may require. The commission shall also cause notice of the filing of the application and the date of hearing to be published at least 14 days prior to the hearing in some newspaper of general circulation in the areas affected.

(6) In determining whether a certificate shall be issued, the commission shall take into consideration, among other things:

(a) The business experience of the applicant air carrier in the field of air operations;

(b) The financial stability of the air carrier;

(c) The insurance coverage of the air carrier;

(d) The type of aircraft which the air carrier would employ;

(e) Proposed routes and minimum schedules to be established;

(f) Whether the air carrier could economically give adequate service to the communities involved;

(g) The need for such service and its effect on any regional or statewide transportation plan;

(h) The experience of commission- and Civil Aeronautics Board-certificated air carriers operating over the same or parallel routes; and

(i) Any other factors which may affect the public convenience and necessity.

(7) At the time specified in said notice, or at such time as may be fixed by the commission, a public hearing upon said application shall be held by the commission. At or after such hearing the commission may:

(a) Issue a certificate of public convenience and necessity as prayed for.

(b) Refuse to issue the same.

(c) Issue the same with modifications or upon such terms and conditions as, in its judgment, the public convenience and necessity may require.

When any application for a certificate of public convenience and necessity has been heard by the commission and denied, the commission shall not entertain any further application covering the identical or similar routes, schedules, or service until after the expiration of 6 months from the date of such denial.

(8) Any certificate of public convenience and necessity issued under the provisions of ss. 330.45-330.53 shall contain, among other things, the following:

(a) The name of the grantee;

(b) The airports between which the grantee is permitted to operate and the class of aircraft to be employed; and

(c) Such additional terms, conditions, provisions, or limitations as the commission shall deem necessary or proper in the public interest or in the interest of the air carriers already operating between said

airports sought to be served.

(9) The commission may require all air carriers to procure and maintain a minimum amount of insurance in such amounts as the commission may determine, consistent with the requirements for air taxis and similar air carriers by the Civil Aeronautics Board.

**History.**—s. 5, ch. 72-374; ss. 5-12, ch. 75-290; s. 3, ch. 76-168; s. 1, ch. 77-457.  
**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

**1330.491 Filing of rates and charges; subsequent changes and variations thereof.—**

(1) Every air carrier holding a certificate of public convenience and necessity for common carriage shall maintain on file with the commission a schedule of the rates, fares, charges, and classifications, if any, and a time schedule of all routes under such certificate. The commission shall require each such air carrier to keep open for public inspection at designated offices so much of said schedules, rates, fares, charges, and classifications, if any, as well as time schedules, as it deems necessary for the public information. All rate applications filed under this part shall be accompanied by a filing fee of \$500, and all tariff filings required or permitted under this part shall be accompanied by a filing fee of \$10 to be placed in the Florida Public Service Regulatory Trust Fund.

(2) Whenever such rates or fares or time schedules are found to be unreasonable, the commission, on its own motion or upon complaint, shall, upon hearing, prescribe reasonable rates and time schedules to take the place of those found unreasonable, and such new rates shall be filed in place of the rates and schedules superseded. No rates or time schedules filed with the commission shall be changed by any such air carrier except as provided by rules and regulations adopted under this section by the commission. The commission may adopt rules and regulations governing the filing of tariffs, rates, and schedules and the method whereby changes in such tariffs, rates, and schedules may be made effective. The commission may grant, without a public hearing, any proposed tariff changes on an interim basis. No general rate increases may be made permanent, however, without a public hearing. It is unlawful for any air carrier to collect or receive, for any service rendered by it, a greater or lesser rate or charge than the charge shown in the schedules on file with the commission, and no new rates shall take effect until the date specified in the schedule as filed or as approved by the commission.

**History.**—s. 13, ch. 75-290; s. 3, ch. 76-168; s. 1, ch. 77-457.  
**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

**1330.492 Transfer of certificate; modification.—**

(1) No certificate of public convenience and necessity authorizing air common carriage may be sold, assigned, or transferred by the holder to another, until the same has been approved by the commission, as herein provided. This section shall apply with like effect to the transfer of control of a corporate certificate holder through transfer of stock ownership or otherwise.

(2) When any such certificate is proposed to be sold, assigned, or transferred, or when stock of a corporate certificate holder is proposed to be assigned, sold, transferred, or purchased and such will effect a transfer of control of the corporation, all of the parties, nominal and actual, to such transaction shall jointly file an application with the commission upon forms and according to rules governing form and substance thereof adopted by such commission. Such application shall set forth:

(a) The details of the transaction, specifying the consideration and method of payment.

(b) The date such assignment, sale, or transfer is desired to be consummated.

(c) The financial statement of the transferee.

(d) The certificate authority, if any, held by the transferee from any regulatory commission of this state, the United States, or any state or district of the United States.

(e) Any other pertinent facts.

Such application shall be accompanied by payment of a filing fee of \$500 to be placed in the Florida Public Service Regulatory Trust Fund. In such application the proposed transferee shall, as a condition precedent to such approval, agree to pay all taxes, assessments, and obligations which may be due or owing to this state by the transferor to the date of the entry of the order by the commission approving such transfer. Upon the filing of such petition, the commission shall issue and serve upon all air carriers certificated by the commission a written notice, which notice shall contain the general pertinent facts of such application. Said notice shall require any objections or protests to such transfer to be filed in writing with the commission by a date to be fixed in such notice, and the same shall be accompanied by a filing fee of \$300.

(3) Any objection or protest filed shall state fully the basis therefor. In the event no such written protest is filed with the commission within the time fixed in such notice, the commission may consider said petition and act upon the same as an ex-parte matter without the necessity of a public hearing, and, for the purpose of such consideration, the commission may require either or both of the parties to such proposed transfer to appear before it for the purpose of giving testimony or to produce any such records or information as the commission may direct and find it necessary to consider in passing upon said petition. If no protests or objections are filed within the time fixed in such notice, there shall be refunded to the applicants the sum of \$300. In the event protests or objections are filed and hearings held, as above provided, and such protests or objections are found by the commission to be valid and the application for transfer is denied, the \$300 filing fee shall be refunded to the protestant or protestants; however, should the commission, after hearing, find that such protests or objections are so lacking in merit as to render them invalid and the application is granted, the sum of \$300 shall be refunded to the applicants, and the filing fee of protestants or objectors shall be retained by the commission and placed in the Florida Public Service Regulatory Trust Fund.

(4) In the event one or more written protests stat-

ing grounds therefor are filed with the commission, as herein provided, within the time fixed by the commission, the commission shall cause a proceeding to be held in accordance with chapter 120 and shall issue and serve upon the applicants and all persons who have filed such protests a notice of such proceeding, containing the general pertinent facts of such application and the date of such proceeding, to be not less than 15 days following the date of such notice. If the commission finds and determines that such sale, assignment, or transfer is not contrary to the public interest and that the certificate has not been dormant for more than 6 months, it may enter an appropriate order in the premises. The commission shall have no power or authority, directly or indirectly, to grant or issue any temporary or interim approval of a sale, assignment, or transfer as aforesaid, but shall have power only to approve or disapprove same, finally, and after hearing if protests are filed as aforesaid and hearing is requested.

(5) A certificate may be divided as to routes and parts thereof transferred, sold, or assigned, provided the commission finds that such routes are clearly severable and the division thereof does not permit the creation of duplicate operating rights and is not contrary to the public interest.

(6) When the transfer of any certificate, or the sale of capital stock of a corporate certificate holder, as herein provided, is approved by the commission, the commission is hereby empowered to reasonably alter, restrict, or modify the terms and provisions of such certificate or impose restrictions on such transfer when the public interest may be best served thereby or the existing transportation facilities within the territory or on the route involved may be safeguarded or improved in the public interest.

(7) The order of the commission approving any sale, assignment, or transfer shall direct immediate cancellation of the certificate and reissuance thereof to the transferee unless alterations, restrictions, or modifications of the terms and provisions of such certificate are imposed in conjunction with such approval. In such latter event, the commission order of approval shall require the transferee to notify it in writing, within a period of time fixed by the commission, whether or not it will accept the certificate as so altered or restricted. If such notification is not given, or if given in the negative, the commission shall enter its order canceling and revoking its approval; otherwise, the commission shall thereafter cancel the certificate and reissue it to the transferee.

(8) Notwithstanding any of the provisions hereof, any executor, administrator, receiver, trustee in bankruptcy or in reorganization, or other court officer shall be entitled, as judicial assignee, to operate the business of the certificate holder without the approval of the commission, upon filing with the commission a certified copy of this order of appointment, but any sale, transfer, or assignment by any judicial officer shall be subject to the terms and conditions hereof.

**History.**—s. 14, ch. 75-290; s. 3, ch. 76-168; s. 1, ch. 77-457; s. 53, ch. 78-95.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior

to that date.

### **330.50 Exemptions.—**

(1) Notwithstanding any other provisions in ss. 330.45-330.53, upon receipt of an application and the required fee therefor, filed within 90 days after this act becomes effective, the commission shall issue a certificate to any air carrier operating between any areas in this state to which such air carrier was actually operating at least one scheduled flight per week as of October 1, 1972, and continuously thereafter, at the fares and rates then charged. Such certificate shall permit such air carrier, with the approval of the commission, to increase or decrease the number of flights, or change the schedules or rates and fares therefor, should such air carrier continue to operate at least one flight per week between the areas serviced under such certificate. Certificates issued under ss. 330.45-330.53 shall be limited to that class of aircraft being utilized by said air carrier as of October 1, 1972, and shall not be effective to grant any rights to such air carrier as to any other class of aircraft.

(2) Upon application by an air carrier or other interested party, the commission may, following a determination of necessity, exempt the air carrier from the certificate provisions of ss. 330.45-330.53. If the commission finds that such provisions impose an undue burden upon the air carrier or a community or area because of the immediate need for service, including, but not limited to, conditions of national emergency, natural disaster, or cessation of existing service by another carrier and that enforcement of such provisions would be contrary to the public interest, it may grant an exemption, except that the commission shall not exempt any person from the certificate provisions of ss. 330.45-330.53 on account of a cessation of any existing air carrier service rendered pursuant to a certificate or certificates issued by either the commission or the Civil Aeronautics Board when such cessation is caused by a labor dispute. Exemptions issued pursuant to this section may be issued for a maximum of 90 days and may be renewed for the same or a lesser period.

**History.**—s. 6, ch. 72-374; s. 3, ch. 76-168; s. 1, ch. 77-457.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

### **330.51 Prohibited acts.—**

(1) It is prohibited, unless such relationship existed on October 1, 1972, or unless otherwise authorized by the commission:

(a) For any interstate or intrastate air carrier to have or retain an officer or director who is an officer, director, or member of, or who as a stockholder holds a controlling interest in, any other air carrier.

(b) For any interstate or intrastate air carrier, knowingly and willingly, to have or retain an officer or director who has a representative or nominee who represents such officer or director or member as an officer, director, or member of, or as a stockholder holding a controlling interest in, any other air carrier.

(c) For any person who is an officer or director of an interstate or intrastate air carrier to hold the position of officer, director, or member, or to have a stockholder holding a controlling interest in, or to

have a representative or nominee who represents such person holding the position of an officer, director, or member of, or holding as a stockholder a controlling interest in, any air carrier.

(2) Without the express authorization of the commission, no certificate of public convenience and necessity issued to one air carrier under the provisions of ss. 330.45-330.53 shall be combined, united, or consolidated with another such certificate issued to or possessed by another such carrier, so as to permit through service between any point or points served by one carrier, on the one hand, and any point or points served by another such carrier, on the other hand.

**History.**—s. 7, ch. 72-374; s. 3, ch. 76-168; s. 1, ch. 77-457; s. 53, ch. 78-95.  
**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

### **§330.52 Revocation and suspension of certificate; fines; enforcement; procedures.—**

(1) Whenever any air carrier is found to be violating the provisions of this part or any of the rules or regulations prescribed by the commission or any of the laws of the state touching air carrier operation, the commission may, upon complaint or upon its own motion, issue its orders to the said air carrier notifying it to appear before the commission at a fixed time and place, at which time and place the commission shall conduct a proceeding according to chapter 120. If it shall be satisfied after such hearing that said air carrier has violated or refused to observe the laws of this state touching air carrier operations or any of the terms of the certificate issued to such air carrier or any of the commission's orders, rules, or regulations, the commission may suspend, revoke, alter, or amend any certificate issued to such air carrier, or said commission may, in its discretion, impose a penalty for each such offense of not more than \$5,000. One or more of such impositions may be imposed alternately or cumulatively, which penalty shall constitute a lien upon real and personal property of said air carrier, prior to all other liens except those for taxes due the state, enforceable by the commission as statutory liens under chapter 85, the proceeds of which shall be deposited to the credit of the commission to be used in the administration of this chapter; however, the holder of said certificate shall have the right to review by the Supreme Court upon filing therewith a petition for issuance of a writ of certiorari in the manner and within the time prescribed by the Florida Appellate Rules. Whenever it shall appear that any air carrier holding a certificate of public convenience and necessity under this chapter has failed to operate over any route or schedule or to any point or airport for a period of 6 months without prior formal approval of suspension by order of the commission, such certificate is hereby declared to be dormant and abandoned, and the commission, upon its own motion or upon the petition of any existing certificate holder, shall, after reasonable notice pursuant to chapter 120, enter an order confirming the cancellation and revocation of such certificate, or the part thereof covering the route, territory, or terminals involved.

(2) The commission shall have the power to suspend and enforce the suspension of certificates of public convenience and necessity upon a finding by

any agency of the federal government that an air carrier is operating in violation of any federal safety law or regulation.

(3) Upon application for suspension or deletion of any certificated route or airport thereon, the commission may authorize a special temporary suspension. Such suspension when authorized shall be effective 15 days after the filing of said application, but shall only remain effective pending decision on the application if an interested person or party so requests. The special temporary suspension may be ordered for a maximum 90-day period if such additional time is required to complete the proceedings before the commission, except that a stay of the commission's decision, on its own motion or by the Supreme Court, will serve to continue the special temporary suspension until 10 days after termination of a review proceeding. Application to the commission for formal approval of suspension of operation shall be accompanied by a filing fee of \$100 to be placed in the Florida Public Service Regulatory Trust Fund.

(4) When the commission, upon complaint or its own motion, has reason to believe that any aircraft is being operated without a certificate of public convenience and necessity, as required by ss. 330.45-330.53, that ss. 330.45-330.53 are being violated, or that an air carrier is engaging in any other illegal activity, the commission shall investigate such activity and may make its order requiring the owner or operator of the aircraft to cease and desist from any such unlawful activity. The commission shall enforce compliance with such order under the powers vested in it by law. The commission may adopt rules and regulations applicable to any and all such air carriers, exercise all judicial powers, issue all writs, and do all things necessary or convenient to the full and complete exercise of its jurisdiction. Any air carrier who operates within this state without first having obtained from the commission a certificate or who violates any of the provisions of this part or any order, decision, rule, regulation, direction, demand, or requirement of the commission in relation thereto, or any part or provision thereof, may be enjoined by the courts of this state from any such violation or such unlawful or unauthorized operation within this state, at the instance of the commission.

(5) The rules of evidence applicable to hearings shall be the general rules applied in the circuit courts of this state, except as otherwise provided by the commission's rules governing practice and procedure. Testimony taken at the hearings shall be reported and transcribed by a stenographer to be designated by the commission.

(6) Any person aggrieved by the action of the commission may, within 15 days after receiving notification of such action, request in writing a reconsideration. Any person who is aggrieved by the decision of the commission upon such reconsideration may apply to the Supreme Court of Florida for a review of the commission decision by filing a petition for a writ of certiorari within the time and in the manner prescribed by the Florida Appellate Rules and the

statutes of this state not superseded by or in conflict with said rules.

**History.**—s. 8, ch. 72-374; ss. 15-19, ch. 75-290; s. 3, ch. 76-168; s. 99, ch. 77-104; s. 1, ch. 77-174; s. 1, ch. 77-457; s. 53, ch. 78-95.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

**330.53 Approval of rate, fare, and schedule changes.**—The commission is empowered to disapprove any change in a rate, fare, or schedule between points in this state of a person engaged in air transportation pursuant to a certificate or certificates issued by the Civil Aeronautics Board pursuant to s. 401 of the Federal Aviation Act of 1958, or any legislation successor thereto, if such change would impose an undue economic burden on state-certificated air carriers operating between the same points. The commission shall adopt rules and regulations requiring such persons to file notice of such changes with the commission on the effective date thereof, and the commission shall cause notice thereof promptly to be delivered to every state-certificated air carrier. A notice of hearing shall be issued within 30 days after such effective date upon complaint of any state-certificated air carrier, and the hearing may be held 30 days after service of such notice of hearing upon the person making such change in a rate, fare, or sched-

ule. Notwithstanding any other provision of ss. 330.45-330.53, except as provided in this section, nothing herein shall be construed as giving the commission any jurisdiction over, or as authorizing the commission to supervise or regulate, any routes, rates, fares, ticketing, flight reservations, passenger baggage, advertising, passenger convenience and comfort, tariffs, schedules, services, practices, or operations or any other phase of the business of persons engaged in air transportation within the meaning of s. 101 of the Federal Aviation Act of 1958 or any legislation successor thereto under a certificate or certificates issued by the Civil Aeronautics Board pursuant to s. 401 of the Federal Aviation Act of 1958 or any successor legislation, irrespective of whether such transportation is between points in this state or constitutes interstate, overseas, or foreign air transportation; and no person engaged in such air transportation pursuant to such Civil Aeronautics Board certificate or certificates shall be required to apply for or secure or hold any certificate or other license from the commission.

## CHAPTER 331

## AIRPORTS AND AIR COMMERCE

331.10 Eminent domain granted those engaged in air commerce.

331.15 Auto transportation between county airports; exceptions.

**331.10 Eminent domain granted those engaged in air commerce.**—All persons engaged in air commerce in the transportation of mail, freight, express and passengers by aircraft between fixed termini and on fixed schedules are hereby delegated authority to exercise the right and power of eminent domain, that is, the right to appropriate property, except state or federal, for the purpose of securing land for airports, air terminals, seaplane bases and landing fields in the state; and the fee simple title to all property so taken and acquired shall vest in such person unless such person seeks to condemn a particular right or estate in such property. The procedure in acquiring said property shall be that prescribed and set forth in chapter 73.

**History.**—s. 1, ch. 15862, 1933; CGL 1936 Supp. 1977(100).  
cf.—s. 1.01 Definition of person.

**331.15 Auto transportation between county airports; exceptions.**—

(1) The term "motor carrier" as used in this section shall mean any person, firm, corporation or partnership, which is engaged in the business of transporting passengers for hire by motor propelled vehicles, including, but not limited to, buses and sedan automobiles.

(2) The board of county commissioners of every county owning and operating an airport shall have the right, power, and authority to enter into contracts with one or more motor carriers for the transportation of passengers for hire between such airport or airports and designated points within such county, and the Florida Public Service Commission shall thereupon, and as a matter of right and without a hearing, issue to every such motor carrier a certificate of public convenience and necessity as a contract carrier without charter rights, which shall be valid during the term of said contract or contracts authorizing such motor carrier to transport passengers for hire over the roads, streets and highways of such county between such airport and the point or points designated in such contract or contracts, provided however nothing herein shall release such motor carrier from otherwise complying with the provisions of chapter 323.

(3) Provided, however, this section shall not be applicable in any county owning or operating an airport which said airport is geographically located so as to be separated from the mainland of the state by any bay, ocean, sea, river, or other body of water, and further provided that the provisions of the section shall not apply to counties having a population between 150,000 and 200,000.

## AIRPORT LAW OF 1945

- 332.01 Airports and air navigation; definitions.
- 332.02 Acquisition of real property for airports.
- 332.03 Establishment of airports, etc., declared public power.
- 332.04 Acquisition of property for airports validated.
- 332.06 Preliminary costs and expenses.
- 332.07 Appropriations.
- 332.08 Additional powers.
- 332.09 Federal funds and aid.
- 332.10 Airports on water bottoms.
- 332.11 Cooperation of authorities.
- 332.12 Short title.

**332.01 Airports and air navigation; definitions.**—The following words, terms and phrases shall in this law have the meanings herein given, unless otherwise specifically defined, or unless another intention clearly appears, or the context otherwise requires:

(1) "Municipality" means any county, city, village, or town of this state.

(2) "Airport purposes" means and includes airport, restricted landing area and other air navigation facility purposes.

(3) "Airport" means any area, of land or water, except a restricted landing area, which is designed for the landing and takeoff of aircraft, whether or not facilities are provided for the shelter, servicing, or repair of aircraft, or for receiving and discharging passengers or cargo, and all appurtenant areas used or suitable for airport buildings or other airport facilities, and all appurtenant rights-of-way, whether heretofore or hereafter established.

(4) "Air navigation facility" means any facility used in, available for use in, or designed for use in, aid of air navigation, including airports, restricted landing areas, and any structures, mechanisms, lights, beacons, marks, communicating systems, or other instrumentalities or devices used or useful as an aid, or constituting an advantage or convenience, to the safe taking off, navigation, and landing of aircraft, or the safe and efficient operation or maintenance of an airport, or restricted landing area, and any combination of any or all of such facilities.

(5) "Air navigation" means the operation or navigation of aircraft in the airspace over this state, or upon any airport or restricted landing area within this state.

(6) "Person" means any individual, firm, partnership, corporation, company, association, joint-stock association, or body politic; and includes any trustee, receiver, assignee, or other similar representative thereof.

History.—s. 1, ch. 22846, 1945.

**332.02 Acquisition of real property for airports.**—

(1) Every municipality is hereby authorized through its governing body, to acquire property, real or personal, for the purpose of establishing, constructing, and enlarging airports and other air navigation facilities and to acquire, establish, construct,

enlarge, improve, maintain, equip, operate, and regulate such airports and other air navigation facilities and structures and other property incidental to their operation, either within or without the territorial limits of such municipality and within or without this state; to make, prior to any such acquisition, investigations, surveys, and plans; to construct, install, and maintain airport facilities for the servicing of aircraft and for the comfort and accommodation of air travelers; and to purchase and sell equipment and supplies as an incident to the operation of its airport properties. It may not, however, acquire or take over any airport or other air navigation facility owned or controlled by any other municipality of the state without the consent of such municipality. It may use for airport purposes any available property that is now or may at any time hereafter be owned or controlled by it. Such air navigation facilities as are established on airports shall be supplementary to and coordinated in design and operation with those established and operated by the federal and state governments.

(2) Property needed by a municipality for an airport or restricted landing area, or for the enlargement of either, or for other airport purposes, may be acquired by purchase, gift, devise, lease or other means if such municipality is able to agree with the owners of said property on the terms of such acquisition, and otherwise by condemnation in the manner provided by the law under which such municipality is authorized to acquire like property for public purposes, full power to exercise the right of eminent domain for such purposes being hereby granted every municipality both within and without its territorial limits, as specified in and including all the powers, rights, and privileges of chapters 73 and 74. If but one municipality is involved and the charter of such municipality prescribes a method of acquiring property by condemnation, proceedings shall be had pursuant to the provisions of such charter and may be followed as to property within or without its territorial limits. Any title to real property so acquired shall be in fee simple, absolute and unqualified in any way, or any lesser interest therein. For the purpose of making surveys and examinations relative to any condemnation proceedings, it shall be lawful to enter upon any land, doing no unnecessary damage. Notwithstanding the provisions of this or any other statute or the provisions of any charter, the municipality may take possession of any such property so to be acquired at any time after the filing of the petition describing the same in condemnation proceedings, as provided in chapter 74. It shall not be precluded from abandoning the condemnation of any such property in any case where possession thereof has not been taken.

(3) In the event any exercise of power under any section of this chapter by a municipality requires the removal, relocation or reconstruction of any structure located in, on, under or across any private property, public street or highway, or other public or private places, then such municipality shall reim-

burse the owner of such structure for the estimated or actual expense of said removal, relocation or reconstruction prior to the incurring of such expense by such owner.

History.—s. 2, ch. 22846, 1945.

**332.03 Establishment of airports, etc., declared public power.**—The acquisition of any lands for the purpose of establishing airports or other air navigation facilities; the acquisition of airport protection privileges; the acquisition, establishment, construction, enlargement, improvement, maintenance, equipment, and operation of airports and other air navigation facilities, and the exercise of any other powers herein granted to municipalities, are hereby declared to be public, governmental and municipal functions, exercised for a public purpose, and matters of public necessity, and such lands and other property, easements and privileges acquired and used by such municipalities in the manner and for the purposes enumerated in this chapter shall be and are hereby declared to be acquired and used for public, governmental and municipal purposes and as a matter of public necessity.

History.—s. 3, ch. 22846, 1945.

**332.04 Acquisition of property for airports validated.**—Any acquisition of property within or without the limits of any municipality for airports and other air navigation facilities, or of airport protection privileges, heretofore made by any such municipality in any manner, together with the conveyance and acceptance thereof, is hereby legalized and made valid and effective.

History.—s. 4, ch. 22846, 1945.

**332.06 Preliminary costs and expenses.**—

(1) The cost of investigation, surveying, planning, acquiring, establishing, constructing, enlarging, or improving or equipping airports and other air navigation facilities, and the sites therefor, including structures and other property incidental to their operation, in accordance with the provisions of this chapter, may be paid for by appropriation of moneys available therefor, or wholly or partly from the proceeds of bonds of the municipality, as the governing body of the municipality shall determine.

(2) The word "cost" includes awards in condemnation proceedings and rentals where an acquisition is by lease, and also includes amounts paid to utility companies for relocation of their wires, poles and other facilities.

(3) Any bonds to be issued by any municipality pursuant to the provisions of this chapter shall be authorized and issued in the manner and within the limitation, except as herein otherwise provided, prescribed by the laws of this state or the charter of the municipality for the issuance and authorization of bonds thereof for public purposes generally; provided, however, that any bonds issued by any municipality under authority of this chapter shall be self-liquidating bonds and shall not be a lien against the general taxing powers of the municipality.

History.—s. 6, ch. 22846, 1945.

**332.07 Appropriations.**—The governing bodies having power to appropriate moneys within the municipalities in this state acquiring, establishing, constructing, enlarging, improving, maintaining, equipping, or operating airports and other air navigation facilities under the provisions of this chapter, are hereby authorized to appropriate and cause to be raised by taxation or otherwise in such municipalities moneys sufficient to carry out therein the provisions of this chapter.

History.—s. 7, ch. 22846, 1945.

**332.08 Additional powers.**—In addition to the general powers in this chapter conferred and without limitation thereof, a municipality which has established or may hereafter establish airports, restricted landing areas or other air navigation facilities, or which has acquired or set apart or may hereafter acquire or set apart real property for such purposes, is hereby authorized:

(1) To vest authority for the construction, enlargement, improvement, maintenance, equipment, operation, and regulation thereof in an officer, a board or body of such municipality by ordinance or resolution which shall prescribe the powers and duties of such officer, board or body. The expense of such construction, enlargement, improvement, maintenance, equipment, operation, and regulation shall be a responsibility of the municipality.

(2)(a) To adopt and amend all needful rules, regulations and ordinances for the management, government, and use of any properties under its control, whether within or without the territorial limits of the municipality; to appoint airport guards or police, with full police powers; to fix by ordinance or resolution, as may be appropriate, penalties for the violation of said rules, regulations and ordinances, and enforce said penalties in the same manner in which penalties prescribed by other rules, regulations and ordinances of the municipality are enforced.

(b) Provided, where a county operates one or more airports, its regulations for the government thereof shall be by resolution of the board of county commissioners, shall be recorded in the minutes of the board and promulgated by posting a copy at the courthouse and at every such airport for 4 consecutive weeks or by publication once a week in a newspaper published in the county for the same period. Such regulations shall be enforced as are the criminal laws. Violation thereof shall be a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083.

(3) To lease for a term not exceeding 30 years such airports or other air navigation facilities, or real property acquired or set apart for airport purposes, to private parties, any municipal or state government or the national government, or any department of either thereof, for operation; to lease or assign for a term not exceeding 30 years to private parties, any municipal or state government or the national government, or any department of either thereof, for operation or use consistent with the purposes of this chapter, space, area, improvements, or equipment on such airports; to sell any part of such airports, other air navigation facilities or real property to any municipal or state government, or the United States or any department or instrumentality

thereof, for aeronautical purposes or purposes incidental thereto, and to confer the privileges of concessions of supplying upon its airports goods, commodities, things, services, and facilities; provided, that in each case in so doing the public is not deprived of its rightful equal and uniform use thereof.

(4) To sell or lease any property, real or personal, acquired for airport purposes and belonging to the municipality, which, in the judgment of its governing body, may not be required for aeronautic purposes, in accordance with the laws of this state, or the provisions of the charter of the municipality, governing the sale or leasing of similar municipally owned property.

(5) To exercise all powers necessarily incidental to the exercise of the general and special powers herein granted, and is specifically authorized to assess and shall assess against and collect from the owner or operator of each and every airplane using such airports a sufficient fee or service charge to cover the cost of the service furnished airplanes using such airports, including the liquidation of bonds or other indebtedness for construction and improvements.

*History.*—s. 8, ch. 22846, 1945; s. 1, ch. 28164, 1953; s. 231, ch. 71-136.

**332.09 Federal funds and aid.**—A municipality is authorized to accept, receive, and receipt for federal moneys, and other moneys, either public or private, for the acquisition, construction, enlargement, improvement, maintenance, equipment, or operation of airports and other air navigation facilities, and sites therefor, and to comply with the provisions of the laws of the United States and any rules and regulations made thereunder for the expenditure of federal moneys upon such airports and other air navigation facilities.

*History.*—s. 9, ch. 22846, 1945.

**332.10 Airports on water bottoms.**—The powers herein granted to a municipality to establish and maintain such airports shall include the power to establish and maintain such airports in, over and upon any public waters of this state within the limits or jurisdiction of or bordering on the municipality, any submerged land under such public waters, and any artificial or reclaimed land which, before the artificial making or reclamation thereof, constituted a portion of the submerged land under such public waters, and as well the power to construct and maintain terminal buildings, landing floats, causeways, roadways, and bridges for approaches to or connecting with the airport, and landing floats and breakwaters for the protection of any such airport; and all the other powers herein granted municipalities with reference to airports on land are granted to them with reference to such airports in, over and upon public waters, submerged land under public waters, and artificial or reclaimed land.

*History.*—s. 10, ch. 22846, 1945.

**332.11 Cooperation of authorities.**—It shall be lawful for and full power and authority is hereby conferred upon municipalities in any area of the state to cooperate in the exercise of the powers and authorities conferred upon municipalities under the provisions of this chapter, and such municipalities shall share in such exercise of power and authority equally or upon such other terms as may be mutually agreed upon between said municipalities.

*History.*—s. 11, ch. 22846, 1945.

**332.12 Short title.**—This chapter may be cited as the "Airport Law of 1945."

- 333.13 Enforcement and remedies.
- 333.14 Short title.

**333.01 Definitions.**—For the purpose of this chapter, the following words, terms, and phrases shall have the meanings herein given, unless otherwise specifically defined, or unless another intention clearly appears, or the context otherwise requires:

(1) "Aeronautics" means transportation by aircraft; the operation, construction, repair, or maintenance of aircraft, aircraft power plants and accessories, including the repair, packing, and maintenance of parachutes; the design, establishment, construction, extension, operation, improvement, repair, or maintenance of airports, restricted landing areas, or other air navigation facilities, and air instruction.

(2) "Airport" means any area of land or water designed and set aside for the landing and taking off of aircraft and utilized or to be utilized in the interest of the public for such purpose.

(3) "Airport hazard" means any structure or tree or use of land which would exceed the federal obstruction standards as contained in 14 CFR ss. 77.21, 77.23 and 77.25 (revised March 4, 1972) and which obstructs the airspace required for the flight of aircraft in landing or taking off at an airport or is otherwise hazardous to such landing or taking off of aircraft.

(4) "Airport hazard area" means any area of land or water upon which an airport hazard might be established if not prevented as provided in this chapter.

(5) "Person" means any individual, firm, copartnership, corporation, company, association, joint-stock association, or body politic, and includes any trustee, receiver, assignee or other similar representative thereof.

(6) "Political subdivision" means any county, city, town, village, or other subdivision or agency thereof, or any district, port commission, port authority, or other such agency authorized to establish or operate airports in the state.

(7) "Structure" means any object, constructed or

installed by man, including, but without limitation thereof, buildings, towers, smokestacks, utility poles, and overhead transmission lines.

(8) "Tree" includes any plant of the vegetable kingdom.

*History.*—s. 1, ch. 23079, 1945; s. 2, ch. 75-16.

### **333.02 Airport hazards contrary to public interest.**—

(1) It is hereby found that an airport hazard endangers the lives and property of users of the airport and of occupants of land in its vicinity and also, if of the obstruction type, in effect reduces the size of the area available for the landing, taking off and maneuvering of aircraft, thus tending to destroy or impair the utility of the airport and the public investment therein. Accordingly, it is hereby declared:

(a) That the creation or establishment of an airport hazard is a public nuisance and an injury to the community served by the airport in question;

(b) That it is therefore necessary in the interest of the public health, public safety, and general welfare that the creation or establishment of airport hazards be prevented; and

(c) That this should be accomplished, to the extent legally possible, by the exercise of the police power, without compensation.

(2) It is further declared that both the prevention of the creation or establishment of airport hazards and the elimination, removal, alteration, mitigation, or marking and lighting of existing airport hazards are public purposes for which political subdivisions may raise and expend public funds and acquire land or property interests therein, or air rights thereover.

*History.*—s. 2, ch. 23079, 1945.

### **333.025 Permit required for structures exceeding federal obstruction standards.**—

(1) In order to prevent the erection of structures dangerous to air navigation, subject to the provisions of subsections (2), (3), and (4), each person shall secure from the Department of Transportation a permit for the erection, alteration, or modification of any structure the result of which would exceed the federal obstruction standards as contained in 14 CFR s. 77, specifically 14 CFR ss. 77.21, 77.23 and 77.25 (revised March 4, 1972). However, permits from the Department of Transportation will be required only within an airport hazard area where federal standards are exceeded and if the proposed construction is within:

(a) A 10-nautical mile radius of the geographical center of a publicly owned or operated airport, a military airport, or an airport licensed by the state for public use which has a published instrument approach procedure;

(b) A 6-nautical mile radius of the geographical center of a publicly owned or operated airport, a military airport, or an airport licensed by the state for public use which has no published instrument approach procedure and has runways in excess of 3,200 feet in length; or

(c) A 2.5-nautical mile radius of the geographical

center of a publicly owned or operated airport, a military airport, or an airport licensed by the state for public use which has no published instrument approach and has runways 3,200 feet or less in length.

(2) Affected airports will be considered as having those facilities which are programmed in the Federal Aviation Administration's Southern Region Aviation System Plan—FAA—1975-1984, and will be so protected.

(3) Permit requirements of subsection (1) shall not apply to projects which received construction permits from the Federal Communications Commission for structures exceeding federal obstruction standards prior to May 20, 1975; nor shall it apply to previously approved structures now existing, or any necessary replacement or repairs to such existing structures, so long as the height and location is unchanged.

(4) When political subdivisions have adopted adequate airspace protection in compliance with s. 333.03, a permit for such structure shall not be required from the Department of Transportation.

(5) The Department of Transportation shall, within 30 days of the receipt of an application for a permit, issue or deny a permit for the erection, alteration, or modification of any structure the result of which would exceed federal obstruction standards as contained in 14 CFR s. 77, specifically 14 CFR ss. 77.21, 77.23 and 77.25 (revised March 4, 1972).

(6) In determining whether to issue or deny a permit, the department shall consider:

(a) The nature of the terrain and height of existing structures.

(b) Public and private interests and investments.

(c) The character of flying operations and planned developments of airports.

(d) Federal airways as designated by the Federal Aviation Administration that lie within the radii described in subsection (1)(a)-(c).

(e) Whether the construction of the proposed structure would cause an increase in the minimum descent altitude or the decision height at the affected airport.

(f) Technological advances.

(g) The safety of persons on the ground and in the air.

(h) Land use density.

History.—s. 3, ch. 75-16.

### 333.03 Power to adopt airport zoning regulations.—

(1) In order to prevent the creation or establishment of airport hazards, every political subdivision having an airport hazard area within its territorial limits shall, by October 1, 1977, adopt, administer, and enforce, under the police power and in the manner and upon the conditions hereinafter prescribed, airport zoning regulations for such airport hazard area.

(2) Where an airport is owned or controlled by a political subdivision and any airport hazard area appertaining to such airport is located wholly or partly outside the territorial limits of said political subdivision, the political subdivision owning or controlling the airport and the political subdivision within

which the airport hazard area is located, shall either:

(a) By interlocal agreement, in accordance with the provisions of chapter 163, adopt, administer, and enforce airport zoning regulations applicable to the airport hazard area in question; or

(b) By ordinance or resolution duly adopted, create a joint airport zoning board, which board shall have the same power to adopt, administer, and enforce airport zoning regulations applicable to the airport hazard area in question as that vested in subsection (1) in the political subdivision within which such area is located. Each such joint board shall have as members two representatives appointed by each political subdivision participating in its creation and in addition a chairman elected by a majority of the members so appointed. However, the airport manager or managers of the affected political subdivisions shall serve on the board in a nonvoting capacity.

(3) Airport zoning regulations adopted under subsections (1) and (2) shall, as a minimum, require a variance for the erection, alteration, or modification of any structure the result of which would exceed the federal obstruction standards as contained in 14 CFR s. 77, specifically 14 CFR ss. 77.21, 77.23 and 77.25 (revised March 4, 1972).

(4) The procedures outlined herein for the adoption of such regulations are supplemental to any existing procedures utilized by political subdivisions in the adoption of such regulations.

(5) The Department of Transportation shall provide technical assistance to any political subdivision requesting assistance in the preparation of an airport zoning code. A copy of all local airport zoning codes, rules, and regulations, and amendments and proposed and granted variances thereto, shall be filed with the department.

(6) The department shall issue copies of the federal obstruction standards as contained in 14 CFR s. 77, specifically 14 CFR ss. 77.21, 77.23 and 77.25 (revised March 4, 1972) to each political subdivision having airport hazard areas, and, in cooperation with political subdivisions, shall issue appropriate airport zoning maps depicting within each county the maximum allowable height of any structure or tree. Material distributed pursuant to this subsection shall be at no cost to authorized recipients.

History.—s. 3, ch. 23079, 1945; s. 4, ch. 75-16.

### 333.04 Comprehensive zoning regulations; most stringent to prevail where conflicts occur.—

(1) INCORPORATION.—In the event that a political subdivision has adopted, or hereafter adopts, a comprehensive zoning ordinance regulating, among other things, the height of buildings, structures, and natural objects, and uses of property, any airport zoning regulations applicable to the same area or portion thereof may be incorporated in and made a part of such comprehensive zoning regulations, and be administered and enforced in connection therewith.

(2) CONFLICT.—In the event of conflict between any airport zoning regulations adopted under this chapter and any other regulations applicable to the same area, whether the conflict be with respect to the height of structures or trees, the use of land, or

any other matter, and whether such regulations were adopted by the political subdivision which adopted the airport zoning regulations or by some other political subdivision, the more stringent limitation or requirement shall govern and prevail.

*History.*—s. 4, ch. 23079, 1945.

**333.05 Procedure for adoption of zoning regulations.—**

(1) **NOTICE AND HEARING.**—No airport zoning regulations shall be adopted, amended, or changed under this chapter except by action of the legislative body of the political subdivision in question, or the joint board provided in s. 333.03(2) by the bodies therein provided and set forth, after a public hearing in relation thereto, at which parties in interest and citizens shall have an opportunity to be heard. At least 15 days' notice of hearing shall be published in an official paper, or a paper of general circulation, in the political subdivision or subdivisions in which is located the airport hazard area to be zoned.

(2) **AIRPORT ZONING COMMISSION.**—Prior to the initial zoning of any airport hazard area under this chapter the political subdivision or joint airport zoning board which is to adopt the regulations shall appoint a commission, to be known as the airport zoning commission, to recommend the boundaries of the various zones to be established and the regulations to be adopted therefor. Such commission shall make a preliminary report and hold public hearings thereon before submitting its final report, and the legislative body of the political subdivision or the joint airport zoning board shall not hold its public hearings or take any action until it has received the final report of such commission, and at least fifteen days shall elapse between the receipt of the final report of the commission and the hearing to be held by the latter board. Where a city plan commission or comprehensive zoning commission already exists, it may be appointed as the airport zoning commission.

*History.*—s. 5, ch. 23079, 1945.

**333.06 Airport zoning requirements.—**

(1) **REASONABLENESS.**—All airport zoning regulations adopted under this chapter shall be reasonable and none shall impose any requirement or restriction which is not reasonably necessary to effectuate the purposes of this chapter. In determining what regulations it may adopt, each political subdivision and joint airport zoning board shall consider, among other things, the character of the flying operations expected to be conducted at the airport, the nature of the terrain within the airport hazard area, the character of the neighborhood, and the uses to which the property to be zoned is put and adaptable.

(2) **NONCONFORMING USES.**—No airport zoning regulations adopted under this chapter shall require the removal, lowering, or other change or alteration of any structure or tree not conforming to the regulations when adopted or amended, or otherwise interfere with the continuance of any nonconforming use, except as provided in s. 333.07(1) and (3).

*History.*—s. 6, ch. 23079, 1945.

**333.07 Permits and variances.—**

(1) **PERMITS.**—

(a) Any airport zoning regulations adopted under this chapter may require that a permit be obtained before any new structure or use may be constructed or established and before any existing use or structure may be substantially changed or substantially altered or repaired. In any event, however, all such regulations shall provide that before any nonconforming structure or tree may be replaced, substantially altered or repaired, rebuilt, allowed to grow higher, or replanted, a permit must be secured from the administrative agency authorized to administer and enforce the regulations, authorizing such replacement, change or repair. No permit shall be granted that would allow the establishment or creation of an airport hazard or permit a nonconforming structure or tree or nonconforming use to be made or become higher or become a greater hazard to air navigation than it was when the applicable regulation was adopted or than it is when the application for a permit is made.

(b) Whenever the administrative agency determines that a nonconforming use or nonconforming structure or tree has been abandoned or is more than 80 percent torn down, destroyed, deteriorated, or decayed, no permit shall be granted that would allow said structure or tree to exceed the applicable height limit or otherwise deviate from the zoning regulations; and, whether application is made for a permit under this subsection or not, the said agency may by appropriate action, compel the owner of the nonconforming structure or tree, at his own expense, to lower, remove, reconstruct, or equip such object as may be necessary to conform to the regulations. If the owner of the nonconforming structure or tree shall neglect or refuse to comply with such order for 10 days after notice thereof, the said agency may report the violation to the political subdivision involved therein, which subdivision, through its appropriate agency, may proceed to have the object so lowered, removed, reconstructed, or equipped, and assess the cost and expense thereof upon the object or the land whereon it is or was located, and, unless such an assessment is paid within 90 days from the service of notice thereof on the owner or his agent, of such object or land, the sum shall be a lien on said land, and shall bear interest thereafter at the rate of 6 percent per annum until paid, and shall be collected in the same manner as taxes on real property are collected by said political subdivision, or, at the option of said political subdivision, said lien may be enforced in the manner provided for enforcement of liens by chapter 85.

(c) Except as provided herein, applications for permits shall be granted, provided the matter applied for meets the provisions of this chapter and the regulations adopted and in force hereunder.

(2) **VARIANCES.**—Any persons desiring to erect any structures, or increase the height of any structure, or permit the growth of any tree, or otherwise use his property in violation of the airport zoning regulations adopted under this chapter, may apply to the board of adjustment for a variance from the zoning regulations in question. Such variances shall be allowed where a literal application or enforce-

ment of the regulations would result in practical difficulty or unnecessary hardship and the relief granted would not be contrary to the public interest but do substantial justice and be in accordance with the spirit of the regulations and this chapter. Provided, that any variance may be allowed subject to any reasonable conditions that the board of adjustment may deem necessary to effectuate the purposes of this chapter.

(3) **HAZARD MARKING AND LIGHTING.**—In granting any permit or variance under this section, the administrative agency or board of adjustment may, if it deems such action advisable, to effectuate the purposes of this chapter and reasonable in the circumstances, so condition such permit or variance as to require the owner of the structure or tree in question to permit the political subdivision, at its own expense, to install, operate and maintain thereon, such markers and lights as may be necessary to indicate to flyers the presence of an airport hazard.

*History.*—s. 7, ch. 23079, 1945.

### 333.08 Appeals.—

(1) Any person aggrieved, or taxpayer affected, by any decision of an administrative agency made in its administration of airport zoning regulations adopted under this chapter, or any governing body of a political subdivision, or any joint airport zoning board, which is of the opinion that a decision of such an administrative agency is an improper application of airport zoning regulations of concern to such governing body or board, may appeal to the board of adjustment authorized to hear and decide appeals from the decisions of such administrative agency.

(2) All appeals taken under this section must be taken within a reasonable time, as provided by the rules of the board, by filing with the agency from which appeal is taken and with the board, a notice of appeal specifying the grounds thereof. The agency from which the appeal is taken shall forthwith transmit to the board all the papers constituting the record upon which the action appealed from was taken, or properly certified copies thereof in lieu of originals, as the agency involved may elect.

(3) An appeal shall stay all proceedings in furtherance of the action appealed from, unless the agency from which the appeal is taken certifies to the board, after the notice of appeal has been filed with it, that by reason of the facts stated in the certificate a stay would, in its opinion, cause imminent peril to life or property. In such cases, proceedings shall not be stayed otherwise than by an order of the board on notice to the agency from which the appeal is taken and on due cause shown.

(4) The board shall fix a reasonable time for the hearing of appeals, give public notice and due notice to the parties in interest, and decide the same within a reasonable time. Upon the hearing, any party may appear in person or by agent or by attorney.

(5) The board may, in conformity with the provisions of this chapter, reverse or affirm wholly or partly, or modify, the order, requirement, decision, or determination appealed from and may make such order, requirement, decision, or determination as ought to be made, and to that end shall have all the

powers of the administrative agency from which the appeal is taken.

*History.*—s. 8, ch. 23079, 1945.

**333.09 Administration of airport zoning regulations.**—All airport zoning regulations adopted under this chapter shall provide for the administration and enforcement of such regulations by an administrative agency which may be an agency created by such regulations or any official, board, or other existing agency of the political subdivision adopting the regulations or of one of the political subdivisions which participated in the creation of the joint airport zoning board adopting the regulations, if satisfactory to that political subdivision, but in no case shall such administrative agency be or include any member of the board of adjustment. The duties of any administrative agency designated pursuant to this chapter shall include that of hearing and deciding all permits under s. 333.07(1), deciding all matters under s. 333.07(3), as they pertain to such agency, and all other matters under this chapter applying to said agency, but such agency shall not have or exercise any of the powers herein delegated to the board of adjustment.

*History.*—s. 9, ch. 23079, 1945.

### 333.10 Board of adjustment.—

(1) All airport zoning regulations adopted under this chapter shall provide for a board of adjustment to have and exercise the following powers:

(a) To hear and decide appeals from any order, requirement, decision, or determination made by the administrative agency in the enforcement of the airport zoning regulations, as provided in s. 333.08.

(b) To hear and decide any special exceptions to the terms of the airport zoning regulations upon which such board may be required to pass under such regulations.

(c) To hear and decide specific variances under s. 333.07(2).

(2) Where a zoning board of appeals or adjustment already exists, it may be appointed as the board of adjustment. Otherwise, the board of adjustment shall consist of five members, each to be appointed for a term of 3 years by the authority adopting the regulations and to be removable by the appointing authority for cause, upon written charges and due notice and after public hearing.

(3) The concurring vote of a majority of the members of the board of adjustment shall be sufficient to reverse any order, requirement, decision, or determination of the administrative agency, or to decide in favor of the applicant on any matter upon which it is required to pass under the airport zoning regulations, or to effect any variation in such regulations.

(4) The board shall adopt rules in accordance with the provisions of the ordinance or resolution by which it was created. Meetings of the board shall be held at the call of the chairman and at such other times as the board may determine. The chairman, or in his absence the acting chairman, may administer oaths and compel the attendance of witnesses. All hearings of the said board shall be public. The board shall keep minutes of its proceedings, showing the vote of each member upon each question, or, if absent or failing to vote, indicating such fact, and shall

keep records of its examinations and other official actions, all of which shall be immediately filed in the office of the board and shall be a public record.

*History.*—s. 10, ch. 23079, 1945.

### 333.11 Judicial review.—

(1) Any person aggrieved, or taxpayer affected, by any decision of a board of adjustment, or any governing body of a political subdivision or any joint airport zoning board, or of any administrative agency hereunder, which is of the opinion that a decision of a board of adjustment is illegal, may present to the circuit court, in the circuit in which the decision occurs, a verified petition for the issuance of a writ of certiorari setting forth that the decision is illegal, in whole or in part, and specifying the grounds of the illegality. Such petition shall be presented to the court in the manner and within the time provided by the Florida Appellate Rules.

(2) Upon presentation of such petition to the court, it may allow a writ of certiorari, directed to the board of adjustment, to review such decision of the board. The allowance of the writ shall not stay the proceedings upon the decision appealed from, but the court may, on application, on notice to the board, on due hearing and due cause shown, grant a restraining order.

(3) The board of adjustment shall not be required to return the original papers acted upon by it, but it shall be sufficient to return certified or sworn copies thereof or of such portions thereof as may be called for by the writ. The return shall concisely set forth such other facts as may be pertinent and material to show the grounds of the decision appealed from and shall be verified.

(4) The court shall have exclusive jurisdiction to affirm, modify, or set aside the decision brought up for review, in whole or in part, and if need be, to order further proceedings by the board of adjustment. The findings of fact by the board, if supported by substantial evidence, shall be accepted by the court as conclusive, and no objection to a decision of the board shall be considered by the court unless such objection shall have been urged before the board, or, if it was not so urged, unless there were reasonable grounds for failure to do so.

(5) In any case in which airport zoning regulations adopted under this chapter, although generally reasonable, are held by a court to interfere with the use and enjoyment of a particular structure or parcel of land to such an extent, or to be so onerous in their application to such a structure or parcel of land, as to constitute a taking or deprivation of that property in violation of the State Constitution or the Constitution of the United States, such holding shall not affect the application of such regulations to other structures and parcels of land, or such regulations as are not involved in the particular decision.

(6) No appeal shall be or is permitted under this section, to any courts, as herein provided, save and except an appeal from a decision of the board of adjustment, the appeal herein provided being from such final decision of such board only, the appellant being hereby required to exhaust his remedies here-

under of application for permits, exceptions and variances, and appeal to the board of adjustment, and gaining a determination by said board, before being permitted to appeal to the court hereunder.

**333.12 Acquisition of air rights.**—In any case which: it is desired to remove, lower or otherwise terminate a nonconforming structure or use; or the approach protection necessary cannot, because of constitutional limitations, be provided by airport regulations under this chapter; or it appears advisable that the necessary approach protection be provided by acquisition of property rights rather than by airport zoning regulations, the political subdivision within which the property or nonconforming use is located, or the political subdivision owning or operating the airport or being served by it, may acquire, by purchase, grant, or condemnation in the manner provided by chapter 73, such air right, navigation easement, or other estate, portion or interest in the property or nonconforming structure or use or such interest in the air above such property, tree, structure, or use, in question, as may be necessary to effectuate the purposes of this chapter, and in so doing, if by condemnation, to have the right to take immediate possession of the property, interest in property, air right, or other right sought to be condemned, at the time, and in the manner and form, and as authorized by chapter 74. In the case of the purchase of any property or any easement or estate or interest therein or the acquisition of the same by the power of eminent domain the political subdivision making such purchase or exercising such power shall in addition to the damages for the taking, injury or destruction of property also pay the cost of the removal and relocation of any structure or any public utility which is required to be moved to a new location.

*History.*—s. 12, ch. 23079, 1945.

### 333.13 Enforcement and remedies.—

(1) Each violation of this chapter or of any regulations, orders, or rulings promulgated or made pursuant to this chapter shall constitute a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083, and each day a violation continues to exist shall constitute a separate offense.

(2) In addition, the political subdivision or agency adopting the airport zoning regulations under this chapter may institute in any court of competent jurisdiction an action to prevent, restrain, correct, or abate any violation of this chapter or of airport zoning regulations adopted under this chapter or of any order or ruling made in connection with their administration or enforcement, and the court shall adjudge to the plaintiff such relief, by way of injunction (which may be mandatory) or otherwise, as may be proper under all the facts and circumstances of the case in order to fully effectuate the purposes of this chapter and of the regulations adopted and orders and rulings made pursuant thereto.

(3) The Department of Transportation may institute a civil action for injunctive relief in the appro-

private circuit court to prevent violation of any provision of this chapter.

**334.01 Short title.**—Chapters 334-339 and 341 may be cited as the "Florida Transportation Code".  
*History.*—s. 168, ch. 29965, 1955; s. 1, ch. 73-59; s. 72, ch. 79-164.

**334.02 Declaration of legislative intent.**—Recognizing that safe and efficient transportation is a matter of important interest to all the people of the state, the Legislature hereby determines and declares that:

(1) The development of a balanced and efficient transportation system adequate to meet the current and future transportation needs of the state is essential to the commercial life and general welfare of the people of the state and to the national defense;

(2) Present transportation facilities, transportation planning, and transportation development are

inadequate to meet the minimum current and future transportation needs of the people of the state;

(3) The preservation and enhancement of the environment, the conservation of natural resources, including scenic, historic, and recreation assets, and the strengthening of long-range land-use planning are vital to the health and welfare of the people of Florida, and the planning and development of transportation facilities should be consistent with these goals;

(4) Systematic and coordinated planning and development of balanced transportation facilities within and between all regions of Florida must be encouraged and should be vigorously pursued as provided in this chapter;

(5) To this end, it is the intent of the Legislature to make the Department of Transportation the custodian of the state highway and transportation systems and to provide sufficiently broad authority to enable the department to function adequately and efficiently in all areas of appropriate jurisdiction, subject to the limitations of the Constitution and the legislative mandate hereinafter imposed.

(6) The Legislature intends to declare, in general terms, the powers and duties of the Department of Transportation, leaving specific details to be determined by reasonable rules and regulations which the department may promulgate. The Legislature intends, by a general grant of authority to the Department of Transportation, to delegate sufficient power and authority to enable the department to carry out the broad objectives stated above.

(7) It is the further intent of the Legislature to bestow upon local officials adequate authority with respect to the transportation facilities under their jurisdiction. The efficient management, operation, and control of our county roads, city streets, other public thoroughfares and transportation facilities are likewise a matter of vital public interest.

(8) The problem of establishing and maintaining adequate roads and streets, eliminating congestion, reducing accident frequency, providing parking facilities and taking all necessary steps to ensure safe and convenient transportation on these public ways is no less urgent.

(9) The Legislature, recognizing the necessity of fixing responsibility for the construction, maintenance, and operation of the several systems of highways and other means of public transportation, intends that the state shall have an integrated bal-

anced system of roads connecting urban streets and other transportation facilities to provide safe and efficient transportation throughout the state. The authority hereinafter granted to the department and to counties and municipalities to assist and cooperate with each other and to coordinate their activities is therefore essential.

(10) The Legislature hereby finds, determines, and declares that this code is necessary for the preservation of the public safety, the promotion of the general welfare, the improvement and development of transportation facilities in the state, including the most effective utilization of parkways, scenic drives, residential streets and roads, elimination of hazards at grade intersections, and other related purposes, and as a contribution to the national defense.

**History.**—s. 1, ch. 29965, 1955; ss. 23, 35, ch. 69-106; ss. 5, 6, ch. 70-239.

### **334.021 Integrated balanced state highway system; definitions.—**

(1) Every state agency, county, city, public body, authority, special district, expressway authority presently existing under chapter 348 or chapter 349, and any other authority created by special or general law of local application which has authority to expend funds for public transportation or for the maintenance, construction, or development of public roads, streets, bridges, highways, and other ways open to travel by the public is authorized to expend the same for the general purpose of developing an integrated, efficient, and well-balanced transportation system in this state, restrictive provisions of any statutes or other governmental ordinances and regulations to the contrary notwithstanding.

(2) Nothing in the broad authorization set forth in subsection (1) shall be construed to permit the expenditure of public funds in such manner or for such projects as would violate the state constitution or the trust indenture of any bond issue or which would cause the state to lose any federal aid funds for highway or transportation purposes; and the provisions of this section shall be applied in a manner to avoid such result.

(3) Each expressway authority or transportation, mass transit, or other similar authority existing under law or hereafter created shall submit overall design and construction plans to the Department of Transportation prior to any construction for purposes of correlation with, or incorporation into, the existing state transportation system. The construction of any transportation facility shall be approved by the department prior to the commencement of construction if it:

(a) Requires maintenance through either the utilization of Department of Transportation personnel or the use of primary road funds, or

(b) Entails the substantial use of any gas tax funds other than primary.

However, if no determination is made by the department within 90 days after receiving the plans, they shall become effective.

(4) To assist and aid in the implementation of the Department of Transportation's development of an integrated and balanced transportation system, the following words and phrases shall, for the purposes of attaining this goal, have the meanings respective-

ly ascribed to them in this section, except where the context otherwise requires:

(a) "Mass transit facility" means all forms of transportation located on land, water, or air for the mass transportation of people.

(b) "Roads" include streets, sidewalks, alleys, highways, and other ways open to travel by the public, including the roadbed, right-of-way, and all culverts, drain sluices, ditches, water storage areas, waterways, embankments, slopes, retaining walls, bridges, tunnels, and viaducts necessary for the maintenance of travel, and all ferries used in connection therewith. For purposes of public expenditures the term "road" or "roads" also includes all means for the transportation of people and property from place to place constructed, operated, or maintained in whole or in part from public funds.

(c) "Transportation facility" or "transportation facilities" means the property or property rights, both real and personal, of a type used for the establishment of public transportation systems which have heretofore or may hereafter be established by public bodies for the transportation of people and property from place to place.

**History.**—ss. 1, 4, ch. 70-239; s. 1, ch. 72-38.

**Note.**—Former s. 334.022.

### **334.03 Definitions of words and phrases.—**

The following words and phrases when used in this code shall, unless the context clearly indicates otherwise, have the following meanings:

(1) "Commissioners."—Board of county commissioners.

(2) "Department."—The Department of Transportation.

(3) "Freeway."—An expressway with full control of access.

(4) "Limited access facility."—A street or highway especially designed for through traffic, and over, from or to which owners or occupants of abutting land or other persons have no right or easement or only a limited right or easement of access, light, air, or view by reason of the fact that their property abuts upon such limited access facility or for any other reason. Such highways or streets may be parkways, from which trucks, buses, and other commercial vehicles shall be excluded; or they may be freeways open to use by all customary forms of street and highway traffic.

(5) "Municipal connecting links."—City and town streets and roads, or portions thereof, including structures, that constitute routes between, or extensions of said roads in the state highway system and feeder roads from bypassed areas.

(6) "Person."—Any person, firm, partnership, association, corporation, cooperation, organization or business trust.

(7) "Road."—The term "road" shall be construed to include streets, sidewalks, alleys, highways, and other ways open to travel by the public, including the roadbed, right-of-way, and all culverts, drains, sluices, ditches, water storage areas, waterways, embankments, slopes, retaining walls, bridges, tunnels and viaducts necessary for the maintenance of travel and all ferries used in connection therewith.

(8) "Right of access."—The right of ingress to a

highway from abutting land and egress from a highway to abutting land.

(9) "Right-of-way."—Land in which the state, the department, a county or a municipality owns the fee or has an easement devoted to or required for the use as a public road.

(10) "State park road system."—Roads embraced in boundaries of state parks and state roads leading to state parks other than roads of the state highway system, county roads, or municipal roads.

(11) "State roads."—All streets, roads, highways and other public ways open to travel by the public generally and dedicated to the public use, according to law or by prescription and designated by the department as provided by law as parts of the state highway system, including the roadbed, right-of-way, embankments, slopes, retaining walls, sidewalks, bridges, tunnels and viaducts necessary for the maintenance of travel thereon and all ferries in connection therewith.

(12) "Structures."—Bridges, viaducts, tunnels, causeways, approaches, ferry slips, culverts, toll-houses and gates, and other similar facilities used in connection with roads.

(13) "Sufficiency rating."—The objective rating of a road or section of a road for the purpose of determining its capability to serve properly the actual or anticipated volume of traffic using the road.

(14) "Functional classification."—The assignment of roads into systems according to the character of service they provide in relation to the total road network. Basic functional categories include arterial, collector, and local roads which may be subdivided into principal, major, or minor levels. Those levels may be additionally divided into rural and urban categories.

(15) "Arterial road."—A route providing service which is relatively continuous and of relatively high traffic volume, long average trip length, high operating speed, and high mobility importance. In addition, all United States numbered highways shall be arterial roads.

(16) "Collector road."—A route providing service which is of relatively moderate average traffic volume, moderately average trip length, and moderately average operating speed. These routes also collect and distribute traffic between local roads or arterial roads and serve as a linkage between land access and mobility needs.

(17) "Local road."—A route providing service which is of relatively low average traffic volume, short average trip length or minimal through-traffic movements, and high land access for abutting property.

(18) "Urban area."—A geographical region comprising as a minimum the United States Census defined boundary of an urban place of 5,000 population, expanded to include adjacent areas as provided for by federal highway administration regulations.

(19) "Urbanized area."—An urban area having a central city or twin cities of more than 50,000 population.

(20) "Urban principal arterial roads."—Routes which generally serve the major centers of activity of an urban area, the highest traffic volume corridors, and the longest trip purpose and carry a high

proportion of the total urban area travel on a minimum of mileage. The routes are integrated, both internally and between major rural connections.

(21) "Urban minor arterial roads."—Routes which generally interconnect with, and augment, urban principal arterial routes and provide service to trips of shorter length and a lower level of travel mobility. Minor arterial routes include all arterials not classified as principal and contain facilities that place more emphasis on land access than the higher system.

(22) The state highway system shall consist of the following:

(a) The interstate system;

(b) All rural arterial routes and their extensions into and through urban areas;

(c) All urban principal arterial routes; and

(d) Those urban minor arterial routes on the existing primary road system as of July 1, 1977.

However, not less than 2 percent of the public road mileage of each urbanized area shall be included as minor arterials in the state highway system. Urbanized areas not meeting the above minimum requirement shall have transferred to the state highway system additional minor arterials of the highest significance, in which case the total minor arterials in the state highway system from any urbanized area shall not exceed 2.5 percent of said area's total public urban road mileage. Excluding the interstate system, the state highway system shall be limited to 11,300 miles.

(23) "County road system."—The county road system of each county shall consist of all collector roads in the unincorporated areas and all extensions of such collector roads into and through any incorporated areas, all local roads in the unincorporated areas, and all urban minor arterials not in the state highway system.

(24) "City street system."—The city street system of each municipality shall consist of all local roads within that municipality, and all collector roads inside that municipality, which are not in the county road system.

(25) "Routine maintenance."—Pavement patching, shoulder repair, cleaning and repair of drainage ditches and structures, mowing, bridge inspection and maintenance, pavement striping, litter cleanup, and such other similar activities of a minor scope as are necessary to maintain a safe and efficient transportation system.

(26) "Periodic maintenance."—Activities which are large in scope and require a major work effort to restore deteriorated components of the transportation system to a safe and serviceable condition, including, but not limited to, the repair of large bridge structures, major repairs to bridges and bridge systems, and the mineral sealing of lengthy sections of roadway. Within the meaning of s. 9, Art. XII of the State Constitution, major resurfacing, widening, and reconstruction of roads shall be considered construction.

cf.—s. 335.01 State roads defined.  
s. 338.01 Definition of limited access facilities.

**334.05 Headquarters of department; rental of office room, etc.**—The headquarters and general office of the department shall be located at the state capital. The department may purchase, build, rent or lease suitable buildings or rooms for its headquarters, general office, branch offices or division offices and for maintenance yards and rooms for equipment and supplies in other cities and towns of this state as the business of the department may necessitate or require, and payment for the purchase, construction, rental or lease of such offices shall be made from any funds provided for the maintenance of the department. The department may condemn property if necessary for the construction of its headquarters in Tallahassee.

History.—s. 4, ch. 29965, 1955; s. 1, ch. 63-330.

**334.063 Department of Transportation; statistical studies.**—The Department of Transportation shall include in the criteria for the planning, construction, and maintenance of state roads statistical studies of accidents and fatalities as well as traffic count.

History.—s. 1, ch. 69-66; ss. 23, 35, ch. 69-106.

**334.11 Coordination of highway program; duties of department.**—The Department of Transportation shall have the authority and responsibility for the coordination of the total highway and road program within the state, including the designation of systems and the development of construction standards as hereinafter provided for, and shall review the annual program for each of the major systems to insure coordination of planning and general conformity with the law. Local authorities are hereby authorized to cooperate with it.

History.—s. 10, ch. 29965, 1955; s. 4, ch. 67-461; ss. 23, 35, ch. 69-106.

**334.131 Department of Transportation; employees' benefit fund.**—The Department of Transportation is authorized to adopt regulations authorizing the creation and operation of an employees' benefit fund for employees of the department. The proceeds of the vending machines located in buildings owned by the department, or such portions thereof as the department by regulation may provide, shall be paid into such fund, to be used for such benefits and purposes as the department by regulation may provide.

History.—s. 1, ch. 69-387; ss. 23, 35, ch. 69-106.

**334.14 State highway engineer, deputy and assistants; compensation and duties.**—

(1) The department shall employ a state highway engineer who shall be a competent highway engineer, certified by a 'State Board of Professional Engineers and Land Surveyors, with at least 10 years' experience in highway engineering. He shall be required to give bond in the amount of \$100,000, payable to the governor and his successors in office, to be approved by the Department of Banking and Finance, conditioned upon the faithful performance of his duties, the premiums of said bond to be paid from the funds for the maintenance of the department. He shall devote all his time and service to the department

and shall exercise such powers and perform such duties as shall be required by law or prescribed by the department and be responsible for the efficient operation and administration of the engineering functions of the department.

(2) The department shall employ a deputy state highway engineer who shall be a competent highway engineer, certified by a 'State Board of Professional Engineers and Land Surveyors, with at least 10 years' experience in highway engineering. He shall be required to give bond in the amount of \$50,000, payable to the governor and his successors in office, to be approved by the Department of Banking and Finance, conditioned upon the faithful performance of his duties, the premiums of said bond to be paid from the funds for the maintenance of the department. He shall devote all his time and service to the department and shall exercise such powers and perform such duties as may be prescribed by law or by regulation of the department or the direction of the state highway engineer.

(3) The department shall employ an assistant state highway engineer of planning, an assistant state highway engineer of construction, an assistant state highway engineer of structures and an assistant state highway engineer of maintenance, whose duties shall be determined by the department and who shall be responsible for the efficient operation and administration of their respective divisions.

(4) The department shall employ one district engineer for each of the six respective transportation districts whose duties shall be fixed by the department and who shall be responsible for the efficient operation and administration of their respective districts.

History.—s. 13, ch. 29965, 1955; s. 5, ch. 57-318; s. 5, ch. 67-461; ss. 12, 23, 35, ch. 69-106; s. 2, ch. 72-29; ss. 2, 3, ch. 73-58; s. 2, ch. 78-90.

<sup>1</sup>Note.—See ch. 79-243, which repealed provisions relating to the Florida State Board of Professional Engineers and Land Surveyors and created separate boards, entitled the Board of Engineers and the Board of Land Surveyors. cf.—s. 113.07 Bonds of state officials.

**334.17 Engineering consulting services.**—The Department of Transportation is authorized to provide consulting engineering services, upon request, to any governmental unit on such terms as may be mutually agreed upon.

History.—s. 16, ch. 29965, 1955; ss. 23, 35, ch. 69-106.

**334.171 State to assist counties and municipalities; procedure.**—

(1) In all cases where the commissioners request the advice and assistance of the Division of Road Operations of the department in the construction or repair of roads, the division shall, when practicable, send the state highway engineer or any assistant engineer into such county and render all assistance practicable, without expense to the county, except that the actual and necessary expenses that such engineer or assistant may incur in complying with the request shall be paid to the department by the commissioners when properly certified to by the division.

(2) The department is authorized to enter into contracts and to make such regulations as may be necessary for such road construction and maintenance as may by law or by resolution of any board of county commissioners or board of bond trustees of

any county, or district or other subdivision of any county, be placed under its supervision and control, together with all powers for the exercise of the right of eminent domain.

(3) The Division of Road Operations may prepare plans and specifications for all such proposed work, other than maintenance work of a regular or routine nature, and advertise for bids on same at least once a week for not less than 2 consecutive weeks in some newspaper having a general circulation in the county where the proposed work is located; and the department may, at its discretion, award the proposed work to the lowest responsible bidder, or it may reject all bids and proceed to perform the work with convict labor or free labor, and may purchase such equipment and supplies as may be necessary for the efficient and economical prosecution of the work.

(4)(a) In all cases where counties or municipalities request legal assistance of the Division of Administration of the department in connection with matters relating to state roads, including acquisition of rights-of-way, agreements, proposed agreements, road bond issues, or proposed road bond issues, such legal assistance shall be furnished by the resident attorney of the department, who shall assign an assistant attorney to render such legal assistance as the county or municipality may require. Said legal assistance shall be without expense to the county or municipality except that the actual and necessary expenses incurred in complying with the request shall be paid to the department.

(b) Where disagreement arises as to the existence, interpretation, or operation of any agreement or alleged agreement between the county or municipality and the department, or as to any bond issue, or as to secondary road funds, or if in the opinion of the resident attorney there is a conflict between the interest of the department and said county or municipality, the Department of Legal Affairs, at the request of the county or municipality, is authorized to furnish the above described legal assistance; and shall be reimbursed only for actual and necessary expenses incurred in complying with the request of the county or municipality.

(c) In cases in which there appears to be a failure of the department, to abide by agreements with the county or municipality, the Department of Legal Affairs, upon request of the county or municipality, shall, at its discretion, take whatever action is necessary to determine the nature of the agreement and the terms thereof and to enforce compliance therewith.

(d) No agreement between a county or a municipality and the department shall be binding unless said agreement be reduced to writing. Suits at law or in equity for the enforcement of an agreement so recorded may be maintained in the manner provided in s. 337.19.

**History.**—s. 53, ch. 29965, 1955; s. 1, ch. 61-431; s. 5, ch. 67-461; ss. 11, 23, 35, ch. 69-106.

### 334.18 Department to employ legal counsel.

—The department may employ a resident attorney and as many assistant attorneys as it deems necessary to advise and represent the department in all highway matters. The resident attorney and all assistant attorneys shall be employed on a full-time

basis and shall be directly responsible to the department. The Department of Legal Affairs shall represent the department in all matters of litigation. The salaries of all such attorneys shall be fixed by the department. The department may utilize the services of the various county attorneys for acquisition of rights-of-way and pay therefor such sums as the department shall determine is reasonable.

**History.**—s. 17, ch. 29965, 1955; s. 8, ch. 57-318; s. 6, ch. 67-461; ss. 11, 23, 35, ch. 69-106.

### 334.19 Employment of comptroller and internal auditor; duties; financial records and accounts; and bond for comptroller.—

(1) The department shall employ a comptroller whose special duty it shall be to examine into and supervise the methods of bookkeeping and accounting of the department and all similar matters relating to its management. He shall be required to give bond in the amount of \$100,000, payable to the governor and his successors in office, to be approved by the Department of Banking and Finance, conditioned upon the faithful performance of his duties, the premiums of said bond to be paid from the funds for the maintenance of the department.

(2) The department shall by regulation provide for the maintenance of records and accounts of the department, by the comptroller, relating to financial transactions, as will afford a full and complete check against improper payment of bills, and provide a system for the prompt payment of the just obligations of the department, which records shall at all times disclose:

(a) The several appropriations available for the use of the department;

(b) The specific amounts of each such appropriation budgeted by the department for each improvement or purpose;

(c) The apportionment or division of all such appropriations among the several counties and districts, where such apportionment or division is made;

(d) The amount or portion of each such apportionment against general contractual and other liabilities then created;

(e) The amount expended and still to be expended in connection with each contractual and other obligation of the department;

(f) The expense and operating costs of the various activities of the department;

(g) The receipts accruing to the department, and the distribution thereof;

(h) The assets, investments and liabilities of the department.

(3) The comptroller shall act under the general supervision and control of the department and shall perform such other related duties as may be designated by the department.

(4) The comptroller shall maintain a separate account for each county for each of the gas tax proceeds referred to in s. 339.08(3) and (4). Upon request, the comptroller shall certify to any county the balance remaining in either or both of its accounts, after all expenditures duly authorized by its board of county commissioners to be made therefrom, have been met.

(5) The department shall employ an internal au-

ditor whose duties shall include, but not be restricted to, reviewing and appraising policies, plans, procedures, accounting, financial and other operations of the department, and recommending changes for the improvement thereof. He shall have access at all times to any records, data, or other information of the department necessary to carry out his duties.

(6) The internal auditor shall act under the general supervision and control of the department, and shall perform such other related duties as may be designated by the department.

**334.20 Expenditures.**—All expenditures by the department shall be made upon vouchers issued and certified by the department in such manner as the department may by regulation provide and paid by warrants issued by the State Comptroller upon the State Treasurer.

**History.**—s. 19, ch. 29965, 1955; ss. 23, 35, ch. 69-106.

**334.21 Budgets; preparation; adoption; execution; and amendment.**—

(1) **FISCAL YEAR.**—The fiscal year of the department shall begin July 1 of each year and end on June 30 of each succeeding year. Such fiscal year shall constitute a budget year of all operating funds of the department.

(2) **FILING OF BUDGETS.**—The department shall file all budgets in the manner required by chapter 216, except that the right-of-way, construction, and maintenance plan expenditures and all grants and aids of the department shall be set forth only in total in said budget, together with sufficient annotation indicating the project numbers and amounts to be spent for unfinished projects for which payments will be made during the fiscal year and indicating the total dollar amount for anticipated expenditures during the fiscal year of funds any portion of which is intended to be encumbered on projects currently to be commenced, with the details being set forth in the annual program budget of the department. Notwithstanding any other provisions of law, the information required under this subsection shall be transmitted to the Ways and Means Committee of the Senate and the Appropriations Committee of the House not less than 30 days prior to the start of each regular legislative session.

(3) **ANNUAL PROGRAM BUDGET.**—The department shall prepare an annual program budget pursuant to the budgets submitted and approved as provided by chapter 216. Notwithstanding any other provisions of law, the information required under this subsection shall be transmitted to the Ways and Means Committee of the Senate and the Appropriations Committee of the House not less than 30 days prior to the start of each regular legislative session.

(4) **NATURE AND SCOPE OF THE ANNUAL PROGRAM BUDGET.**—

(a) The annual program budget required by subsection (3) shall present a complete balanced financial plan for the state road fund and the restricted road funds.

(b) The receipt side of said budget shall set forth all anticipated fund balances to be brought forward at the beginning of the budget year. The fund bal-

ance shall be the difference between the current assets and current liabilities and reserves, as commonly defined in accounting terminology, of each fund enumerated herein. It shall set forth all estimated revenues and receipts by source anticipated to be available during the ensuing year for which the budget is prepared, except that no anticipated receipts estimated to be received from various federal aid Acts of Congress shall be budgeted in excess of the amount which may be earned by the amount of state receipts set aside to match such federal aid, and the state funds thus set aside to match federal aid funds shall be used only for said matching purposes. The department shall, prior to the preparation of the budget, ascertain the amount of apportionments of federal aid funds which shall be or which are estimated to be available to the department for expenditure in the fiscal year for which the budget is prepared, and shall budget sufficient funds for matching purposes.

(c) The expenditure side of the annual program budget shall set forth the proposed expenditures of the department as classified by major program categories to accomplish the department's objectives.

(d) The annual program budgets for the state road fund and restricted funds, unless otherwise provided by law, shall be so planned as to exhaust the estimated resources of each fund for the year, with the exception of an emergency reserve, in such amount as the department may deem necessary, for the purpose of doing emergency work which may be found to be necessary to be done during the year in order to prevent the stoppage of travel over any road over which the department has jurisdiction and control, and the reserve required in subsection (8)(b). At any time during the last 2 months of the fiscal year, the emergency work reserve or any portion of it may be appropriated for road purposes provided for herein.

(e) The budget must include sufficient data within it to identify the projects currently in progress and the estimated amounts to be spent in the current fiscal year for construction and maintenance work when funds have been encumbered in prior years as such is required to be set forth in total in subsection (2). The program budget must also include the amounts of those funds that will be encumbered and the amounts of such funds encumbered that will be actually spent in the current fiscal year.

(5) **FUNDING AND DEVELOPING A ROAD CONSTRUCTION PLAN.**—

(a)1. A road construction plan of work to be undertaken during the ensuing budget year shall be prepared for the state road fund and each restricted fund, unless otherwise provided by law or regulation, setting forth all construction projects, hereinafter referred to as projects, to be undertaken during said budget year. For the budget year beginning July 1, 1970, and each year thereafter, the road construction plan of said annual program budget shall be for the ensuing five years and referred to as the 5-year construction plan. The total amount of the 5-year construction plan in each fiscal year shall not exceed an amount that would prevent the department from meeting the expenditure requirements for the projects set forth therein.

2. Projects shall not be undertaken unless the same are listed in the annual construction plan. However, in case any road project listed in said plan cannot be undertaken during that year for any justifiable reason, then another project listed in order of priority in the 5-year construction plan may be undertaken. This provision shall not apply to unforeseen emergency projects as approved by the department or to projects estimated to cost less than \$20,000 approved by the department which must be undertaken to protect a highway investment or to prevent the closing of an important state road.

(b) In addition to the projects included in the 5-year construction plan of the department, beginning with the budget year which starts on or after July 1, 1970, and each year thereafter, each county, municipality, and other governmental unit responsible for the construction and maintenance of roads and streets shall submit to the appropriate district engineer, with a copy to the department, a plan of work for the construction and maintenance of roads and streets within its jurisdiction for the ensuing 5 years, listing the estimated amounts to be expended on each project during each budget year. The local plan of work for roads and streets as herein provided shall be prepared by the county or city engineer or superintendent of roads for the local authority and approved by the governing body of the political subdivision responsible for the construction and maintenance of said roads and streets.

(c) Prior to the annual adoption of the 5-year construction plan, the department shall hold public hearings in each of the transportation districts to give consideration to the necessity of making any changes to projects included or to be included in said 5-year construction plan and to hear requests for new projects to be added to, or existing projects to be deleted from, said 5-year construction plan.

**(6) PUBLICATION OF THE ANNUAL PROGRAM BUDGET.—**

(a) The department shall appoint a time and place for the public hearing on the proposed annual program budget and 5-year construction plan prepared for the state road fund and restricted funds as required herein, at which time it shall hear all questions, suggestions, or other comments offered by the public in regard to such budget.

(b) At least 5 days prior to the date set for said hearing there shall be published once in one of the newspapers of general circulation in the state in each of the transportation districts a notice of the time and place of the public meeting for considering such proposed annual program budget together with a notice that the said budget and the 5-year road construction plan of the department are available for inspection by the public at the office of the Clerk of the Circuit Court or chairman of the board of county commissioners.

(c) Five copies of the proposed annual program budget and 5-year construction plan shall be forwarded to the office of the chairman of each board of county commissioners and another copy shall be furnished to each Clerk of the Circuit Court, together with a notice of the public hearing referred to above. Said clerk shall post at the front door of the courthouse a copy of the public hearing notice at

least 5 days prior to the date of the hearing, along with a notice that the proposed annual program budget and 5-year road construction plan of the department are available for inspection of the public during his regular office hours.

**(7) ADOPTION OF THE ANNUAL PROGRAM BUDGET OF THE DEPARTMENT.—**Upon completion of such hearing provided for in subsection (6), the department shall, prior to the beginning of the fiscal year, decide upon and make up a final program budget for the ensuing year and 5-year construction plan in accordance with the foregoing requirements.

**(8) EXECUTION OF THE BUDGET.—**

(a) The department shall not, during any fiscal year, expend money, incur any liability, or enter into any contract which, by its terms, involves the expenditure of money in excess of the amounts budgeted as available for expenditure during such fiscal year. Any contract, verbal or written, made in violation of this subsection shall be null and void, and no money shall be paid thereon. The department shall require a statement from the comptroller of the department that funds are available prior to entering into any such contract or other binding commitment of funds. Nothing herein contained shall prevent the making of contracts for a period exceeding 1 year, but any contract so made shall be executory only for the value of the services to be rendered or agreed to be paid for in succeeding fiscal years, and this paragraph shall be incorporated verbatim in all contracts of the department in excess of \$25,000 and having a term for a period of more than 1 year.

(b) In the operation of its state road fund, the department shall have on hand at the close of business, which closing shall not be later than the tenth calendar day of the month following the end of each quarter of the fiscal year, an available cash balance, which shall include cash on deposit with the treasury, short term investments of the department, and reimbursements due from the federal government equivalent to not less than 5 percent of the unpaid balance of all primary fund obligations at the close of such quarter. In the event this cash position is not maintained, no further state road or restricted fund construction contracts or other fund commitments shall be approved, entered into, awarded, or executed until the cash balance, as defined above, has been regained.

**(9) AMENDMENT OF THE ANNUAL PROGRAM BUDGET.—**The department shall have the authority to amend its annual program budget and its 5-year construction plan at any time during the fiscal year as follows. It may:

(a) Transfer within the same fund any unencumbered budget item, or any portion thereof, from one activity to another;

(b) Transfer between the state road fund and the restricted funds or between restricted funds, within the provisions of the restrictions by law or by agreement as to the expenditure of said funds, any unencumbered funds;

(c) Budget in the proper fund and expend any receipts not anticipated in the adoption of the budget

or receipts in excess of the total anticipated receipts in the adopted budget, and;

(d) Substitute a project in any fund to the extent provided herein.

**334.2105 Working Capital Trust Fund created; expenditure of such funds, etc.**—There is hereby created a Working Capital Trust Fund, into which fund shall be deposited an amount deemed necessary by the Department of Transportation and approved by the Executive Office of the Governor for the efficient operation of the Department of Transportation. Such amount may be obtained from any trust fund or funds under the control and custody of the Department of Transportation. The Working Capital Trust Fund may be used to pay any and all bills of the department; provided, however, in the succeeding month, the appropriate trust fund shall reimburse the Working Capital Trust Fund for all expenditures properly attributable to such reimbursing trust fund; and provided the use of such unexpended trust funds shall not delay or impair a county project of any county contributing to the fund.

### **334.211 Transportation planning.**—

(1) **PURPOSES.**—For the purposes of this chapter, the following definitions shall be employed:

(a) *Local governmental body.*—The term "local governmental body" means the governing body of the city, town, municipality, county, or other local governing unit in the area in which the transportation facility will be located.

(b) *Major transportation facility.*—The term "major transportation facility" means:

1. Any facility primarily designed to rapidly and efficiently transport goods and passengers between distant points, including, but not limited to, air transport facilities, railroads, bus services, terminals, freeways, expressways, major arterial highways, belt highways, and port facilities; or

2. Any facility utilized in providing a mass transit system for a standard metropolitan statistical area.

(c) *Standard metropolitan statistical area.*—The term "standard metropolitan statistical area" means a county or group of contiguous counties which contain at least one central city of 50,000 inhabitants or more or "twin cities" with a combined population of at least 50,000 or such other population estimate as may be provided by law.

(d) *Urban area.*—The term "urban area" means an area including and adjacent to a municipality and other urban centers having a population of 5,000 or more as determined by the latest available federal census or such other population estimates as may be provided by law within boundaries to be fixed by the State Department of Transportation.

(e) *Transportation corridor.*—The term "transportation corridor" means a strip of land between two termini within which traffic, topography, environment and other characteristics are evaluated for transportation purposes.

(2) **DUTIES OF DEPARTMENT; COMPREHENSIVE PLANS REQUIRED.**—Comprehensive plans shall be developed by the department in conjunction with appropriate local governmental bodies and regional planning agencies, if any, for all standard metropolitan statistical areas and those areas which the department determines, based upon population projections, will become a standard metropolitan statistical area by 1980. Comprehensive plans for other urban areas shall be made when deemed necessary by the department. Priority for developing comprehensive plans shall be given to areas in which immediate construction of major transportation facilities is anticipated. In developing comprehensive plans, the department shall take into account:

(a) Future as well as present needs;

(b) All possible alternative modes of transportation;

(c) The joint use of transportation corridors and major transportation facilities for alternate transportation and community uses;

(d) The integration of any proposed system into all other types of transportation facilities in the community;

(e) The coordination with other development plans in the community so as to facilitate and synchronize growth; and

(f) The total environment of the community and region including land use, entrepreneurial decisions, population, travel patterns, traffic control features, ecology, pollution effects, aesthetics, safety, and social and community values.

### **(3) COORDINATION WITH OTHER GOVERNMENTAL BODIES.**—

(a) In order to insure an integrated transportation system, the location of transportation facilities in urban areas shall be coordinated with the planning agency of the affected local governmental bodies.

(b) In order to insure that the plan includes consideration of the convenience, safety, comfort, aesthetics, and ecology of the state and the community in which the facilities are to be located, the department shall cooperate and consult with the U. S. Department of Transportation and with appropriate departments of state government prior to determining the location of any major transportation facility.

### **(4) REGIONAL OR LOCAL TRANSPORTATION PLANS.**—

(a) The department may adopt local or regional transportation plans as part of, or in lieu of, the department's plans.

(b) Upon request by local governmental bodies, the department may in its discretion develop and design arterial and collector streets, vehicular parking areas, and other support facilities which are consistent with the department's plans for major transportation facilities. The department may render to local governmental bodies or their planning agencies such technical assistance and services as are necessary so that local plans and facilities are coordinated with the department's plans and facilities.

(5) **SYSTEMATIC TECHNIQUES FOR PLANNING.**—The department shall develop systematic techniques for considering those factors to be used in developing comprehensive plans pursuant to subsec-

tion (2) so that any major transportation facility is so planned that it will function as an integral part of the overall plan for community and state development as portrayed in the comprehensive plans.

**(6) PROCEDURES FOR PUBLIC PARTICIPATION IN TRANSPORTATION PLANNING.—**

(a) The department shall, pursuant to its rules and regulations, hold hearings for standard metropolitan statistical areas and areas projected by the department to become standard metropolitan statistical areas by 1980 as follows:

1. A planning hearing, at which time the factors included in subsection (2) shall be presented for discussion and comment. However, a hearing held on a metropolitan urban area transit study or on an equivalent comprehensive planning study shall satisfy the planning hearing requirement if it is so stated in the public notice of the study hearing.

2. A facility and site or corridor hearing, at a time prior to the selection of the type or types of major transportation facility or facilities to be constructed and prior to the selection of the site or corridor of the proposed facility;

3. A design hearing, at a time after the selection and prior to the department's commitment to a specific design proposal for the facility or facilities.

(b) These public hearings shall be so conducted as to provide an opportunity for effective participation by interested persons in the process of transportation planning and site and route selection and in the specific location and design of transportation facilities. The various factors involved in the decision or decisions and any alternative proposals shall be clearly presented so that the persons attending the hearing may present their views relating to the decision or decisions which will be made.

**(c) Opportunity for public hearings:**

1. The department, prior to holding a design or planning hearing, shall duly notice all affected property owners of record, as recorded in the property appraiser's office, by mail at least 20 days prior to the date set for said hearing. The affected property owners shall be:

a. Those whose property lies in whole or in part within 300 feet on either side of the center line of the proposed facility.

b. Those who the department determines will be substantially affected environmentally, economically, socially, or safetywise.

2. For all subsequent hearings, the department shall daily publish notices at least 14 days immediately prior to the hearing date in a newspaper of general circulation for the area affected.

3. A copy of the notice of opportunity for public hearing shall be furnished to the U. S. Department of Transportation and to the appropriate departments of the state government at the time of publication.

4. The opportunity for another public hearing shall be afforded in any case when proposed locations or designs are so changed from those presented in the notices specified above or at a public hearing as to have a substantially different social, economic, or environmental effect.

5. The opportunity for a public hearing shall be afforded in each case in which the department is in

doubt as to whether a public hearing is required.

**(7) RULES AND REGULATIONS.—**The Department of Transportation shall promulgate any rules and regulations consistent with its practices that it deems necessary in order to implement the provisions of this section.

**History.—**s. 3, ch. 70-996; s. 1, ch. 73-355; s. 1, ch. 77-102.  
cf.—s. 11.031 Official census.

**334.212 Coordination of Central Florida Corridor planning.—**All future studies and planning for the Central Florida Corridor shall be coordinated with the legislative transportation committees, local government, and technical advisory committees which shall be recognized as the official policy and technical committees for the Central Florida Corridor project.

**History.—**s. 4, ch. 75-30.

**334.215 Transportation planning organization.—**

(1) There shall be a metropolitan planning organization, hereinafter referred to as the "M.P.O.," established within each urbanized area where a planning organization is necessary to meet federal requirements for obtaining and expending federal transportation funds. The M.P.O., a composite local governmental entity, or any successor thereto, shall be so designated by the Governor in any area where an M.P.O. is required by federal law or regulation.

(2) The voting membership of the M.P.O. shall consist of not less than 5 nor more than 15 apportioned members, the exact number to be determined on an equitable geographic-population ratio basis by the Governor, except that in no case shall the county commission members be less than 33⅓ percent of the M.P.O. membership. All voting members shall be elected officials of general purpose government, except local governing bodies having two or more members on the M.P.O. may appoint, as one of their apportioned voting members, a member of a statutorily authorized planning board, transportation or expressway authority, aviation authority, or port authority. In urbanized areas where authorities or other agencies have been, or may be, created by law to perform transportation functions that are not under the jurisdiction of local elected officials, they may be considered by the Governor for one voting membership on the M.P.O. The M.P.O. shall be created under this section and operated under the provisions of s. 163.01, the Florida Interlocal Cooperation Act of 1969. The signatories to the interlocal agreement shall be the governmental entities designated by the Governor for membership in the M.P.O. and the Department of Transportation, hereinafter referred to as the department. In the event there is a conflict between the provisions of this section and s. 163.01, the provisions of this section shall prevail.

(3) The Governor shall apportion the membership among the various governmental entities within the area on the basis of equitable population ratio and geographic factors. The governing body of each governmental entity so designated shall appoint the appropriate number of members to the M.P.O. from eligible officials. Representatives of the department shall serve as nonvoting members of the M.P.O. Nonvoting advisors may be appointed by the M.P.O. as

deemed necessary. The Governor shall reapportion the M.P.O. membership at least every 5 years. Metropolitan planning organization members shall serve 4-year terms. Membership shall terminate upon the member leaving his elective or appointive office for any reason, or by a majority vote of the total membership of a county or city governing body represented by the member. Vacancies shall be filled by the original appointing body. Members may be reappointed for one or more additional 4-year terms.

(4) If any municipality or county fails to fill an assigned appointment to the M.P.O. within 60 days after notification by the Governor of its duty to appoint, that appointment shall be made by the Governor from the eligible representatives of said municipality or county.

(5) The authority and responsibility of the M.P.O. is for the management of a continuing, cooperative, and comprehensive transportation planning process that results in the development of plans and programs consistent with the comprehensively planned development of the urbanized area. The M.P.O. shall be the forum for cooperative decision-making by principal elected officials of general purpose local government.

(6) The M.P.O. shall be responsible for initiating federally aided transportation facilities and improvements within its urbanized area in accordance with existing and subsequent federal and state laws and rules and regulations related thereto.

(7) The department shall be responsible for initiating federally aided urban extension and interstate system projects. Subsequent to July 1, 1979, an urban extension or interstate system project, which is part of the approved long-range transportation plan for the urbanized area, shall be initiated by the department and included in the Transportation Improvement Program with the approval of the M.P.O. When such a project has advanced either to the point of acquisition of right-of-way or after completion of all design plans, it can be removed from the Transportation Improvement Program only by joint action of the M.P.O. and the department.

(8) Major federal aid projects in the Transportation Improvement Program, and included in the first 2 years of the department's 5-year construction work program, which must be rescheduled by the department, shall require notification to the M.P.O. at the time such changes are made.

(9) The M.P.O. shall be responsible for transportation-related air, noise, and water quality planning within the urbanized area as assigned to it by federal or state laws or rules or regulations.

(10) The powers, privileges, and authority of the M.P.O. are those specified in this section and incorporated in the interlocal agreement authorized under s. 163.01. The duties of the M.P.O. are described as those required by federal and state laws and rules and regulations, now and subsequently applicable, necessary to qualify the urbanized areas of the state to receive all federal aid transportation funds for which they are legally eligible as a consequence of the proper exercise of such duties. Such duties shall include, in cooperation with the department, the following functions, and as these functions may subsequently be amended or expanded by federal and

state laws and rules and regulations:

(a) Development of:

1. A multiyear planning program.
2. A transportation plan, consisting of a long-range element and a transportation systems management element.

3. An annual unified planning work program.

4. An annually updated Transportation Improvement Program, which shall consist of improvements recommended from the transportation systems management and long-range elements of the transportation plan, and shall:

- a. Identify transportation improvements recommended for advancement during the program period.

- b. Indicate the area's priorities.

- c. Group improvements of similar urgency and anticipated staging into appropriate staging periods.

- d. Include realistic estimates of total costs and revenues for the program period.

- e. Include a discussion of how improvements recommended from the long-range element and the transportation systems management element were merged into the program.

- (b) Recommendation to the department and local county and city governments regarding transportation plans, programs, and projects to better insure their compatibility with the long-range plans and programs of the M.P.O.

- (c) Representation of all the jurisdictional areas within the approved urbanized limits in the formulation of those transportation plans and programs defined herein, and otherwise authorized by state and federal laws and rules and regulations.

- (d) Performance of other duties delegated to it by federal and state laws or rules or regulations.

(11) The M.P.O. is to be responsible, in cooperation with the department, for transportation modes under the control of the Federal Highway Administration and the Federal Urban Mass Transportation Administration or any successor agency. Other modes such as, but not limited to, air, intercity rail, water, and pipelines can materially impact on the future land use and transportation accessibility of urbanized areas. It is the intent of this section that an M.P.O. should be involved in planning and programming for such facilities to the extent permitted by federal and state laws, rules, regulations, and available funds.

(12) There shall be a written agreement between the M.P.O. and the department clearly establishing a cooperative relationship essential to accomplish the transportation planning requirements of the applicable federal regulations, this section, and other controlling state statutes, including s. 334.02 and ss. 163.3161-163.3211, the Local Government Comprehensive Planning Act. This agreement shall clearly define the procedures for cooperatively carrying out the continuing, cooperative, and comprehensive transportation planning process for the urbanized area.

(13) The M.P.O. shall execute and maintain an agreement with the metropolitan and regional A-95 agencies serving the urbanized area. Said agreement shall describe the means by which activities will be coordinated and specify how transportation plan-

ning and programming will be part of the comprehensive planned development of the urbanized area.

(14) The M.P.O. shall execute and maintain an agreement with publicly owned operators of mass transportation services which specifies interaction essential to an effective consideration of mass transit usage within the urbanized area.

(15) Federal and state laws and rules and regulations presently existing or subsequently enacted requiring other agreements shall be initiated by the M.P.O. if required to enable it to properly accomplish its functions.

(16) The M.P.O. shall appoint a citizens' advisory committee whose members shall serve at its pleasure. The citizens' advisory committee shall be selected to provide a broad cross section of citizens with an interest in the development of an efficient, safe, and cost-effective transportation system. Minorities, the elderly, and the handicapped shall be adequately represented. However, the M.P.O. may, with department and federal concurrence, adopt an alternate program or mechanism which will insure adequate citizen involvement in the transportation planning process.

(17) The M.P.O., in cooperation with the department, shall appoint a technical advisory committee which shall include the professional and technical planners, engineers, and other appropriate disciplines employed by, or residing in, the signatory agencies of the interlocal agreement.

(18) Each M.P.O. shall receive its proportionate share of federal planning funds for the purpose of carrying out transportation planning and programming.

(19) Each M.P.O. may employ personnel or may enter into contracts with other local and state agencies, as well as private planning and engineering firms, to carry out the urban transportation planning process required by 23 U.S.C. s. 134 and by chapter 334.

(20) Any other provisions of this section to the contrary notwithstanding, any county chartered under s. 6(e), Art. VIII of the State Constitution may elect to have its duly elected officials serve as the M.P.O. if the area represented is wholly contained within such chartered county. Any chartered county electing to exercise the provisions of this section shall notify the Governor in writing. Upon receipt of such notification, the Governor shall forthwith designate the elected officials of such chartered county as the M.P.O. and shall appoint the nonvoting representatives of the department in accordance with existing agreements between the M.P.O. and the department or as deemed necessary in the absence of such an agreement. This subsection shall supersede the provisions of subsections (2) and (3) which, in whole or in part, are in conflict herewith.

(21) Each existing M.P.O. shall continue to function until an M.P.O. for that urbanized area can be established under this section, but in no case shall the existing entities continue to function after January 1, 1980.

(22) All agreements, contracts, and other commitments which are in force at the time that the existing M.P.O. is replaced by the M.P.O. established under this section shall remain in force. Provisions

for amending or canceling existing agreements, contracts, and other commitments, contained within each such document, may be exercised by the M.P.O. after it has been legally designated.

(23) Upon notification by an agency of the Federal Government that any provision herein conflicts with federal laws or regulations, the federal laws or regulations shall take precedence to the extent of the conflict and until it is resolved, and such actions as are necessary to be taken to comply with federal laws and regulations in order to receive federal funds shall be permitted.

(24) Metropolitan planning organizations required under this section shall be fully operative no later than January 1, 1980.

History.—s. 1, ch. 79-219.

### 334.22 Annual reports.—

(1) The department shall report to the Governor not later than 60 days before the meeting of each session of the Legislature such changes in the laws as the department may determine as being expedient to secure the best results in road construction and repair work.

(2) The department shall also file with the Governor not later than 60 days prior to such meeting of each session of the Legislature a report covering the operation of the department for the preceding fiscal year, which shall include a summary statement of the financial operations of the department and any other fiscal information that the Governor may request.

History.—s. 21, ch. 29965, 1955; ss. 23, 35, ch. 69-106; s. 1, ch. 73-311.

### 334.23 Annual audit by Auditor General.—

The Auditor General shall make an audit of the books and accounts of the department not less than once each year. The department is authorized to reimburse the Auditor General for the expense of the annual audit. A copy of the annual audit shall be filed with the Secretary of the Senate and the Clerk of the House of Representatives for the use and benefit of the members of the Legislature.

History.—s. 22, ch. 29965, 1955; s. 8, ch. 69-82; ss. 23, 35, ch. 69-106.

### 334.24 Road appraisal reports; research studies.—

(1) The Division of Road Operations of the Department of Transportation shall:

(a) Collect data and information as to all roads in the state, and where practicable have maps and plats thereof made;

(b) Investigate and collect data and information as to the best methods and materials for road building and repair;

(c) Investigate and gather information as to road building and repairing in the different localities in this state;

(d) Compile all such data and information, and furnish the same free, upon request, to the boards of county commissioners of the several counties;

(e) Keep on file at the division headquarters copies of same as a public record.

(2) The division is hereby authorized to enter into contracts from time to time with the universities of higher learning within the state for the training of engineers, making of engineering research

studies and the furnishing of data concerning same in the fields of soil stabilization, properties of concrete and concrete aggregate, bituminous wearing surfaces and pavements, and other highway research fields which are needful and beneficial in the planning, construction and improvement of public highways. The division is authorized to pay for such services out of the State Transportation Trust Fund.

**History.**—s. 23, ch. 29965, 1955; s. 1, ch. 63-174; ss. 23, 35, ch. 69-106; ss. 2,

3, ch. 73-57.

**334.25 Seal of department.**—The Department of Transportation shall adopt and use a common seal, and a certificate under seal and signed as provided by regulation of the department, shall constitute sufficient evidence of the action of the department.

- 335.18 Regulation of connections.

### 335.01 Designation and systemization of public roads.—

(1) All roads open to travel by the public generally and dedicated to the public use, according to law or by prescription, and roads which are constructed out of public funds and dedicated for general public usage, and all extensions thereof and connections thereto, are hereby designated and declared to be, and are established as, public roads.

(2) Public roads shall be divided into four systems:

- (a) The state highway system;
- (b) The state park road system;
- (c) The county road systems; and
- (d) The city street systems.

**History.**—s. 25, ch. 29965, 1955; s. 6, ch. 77-165.  
cf.—s. 334.03 State roads defined.

### 335.02 Authority to designate roads and delineate rights-of-way for proposed roads of the state highway system.—

(1) The Department of Transportation shall have authority to locate and designate certain roads as state roads in the state highway system and construct and maintain the same with funds which are now or which may hereafter become available from the state or from the state and federal government.

No such federal or state roads shall be redesignated or relocated until after a public hearing held thereon by the department in each county affected after reasonable notice published in a newspaper of such county, in addition to any other notice required by law, and for opportunity to any interested party to be heard either in person or by counsel and to introduce testimony in their behalf at a public hearing to be held for that purpose. Such roads when so located and designated shall become the property of the state and shall be under the jurisdiction and control of the department.

(2) The department may determine and fix the lines and locations of such roads between the cities and places thereon. The Division of Road Operations of the department may survey and locate the line or route of any road or section of any road designated as part of the state highway system. Whenever such survey and location shall be made and adopted by the department, a map or plat of such survey and location, certified by the department, shall be filed in the office of the clerk of the circuit court of each county through which such state road, or section thereof, so surveyed and located, shall run.

(3) The Department of Transportation shall purchase all rights-of-way and may prepare maps for any roads designated as state roads in the state highway system or the interstate system. Any such maps shall delineate the limits of proposed rights-of-way for the eventual widening of an existing road or shall delineate the limits of proposed rights-of-way for the initial construction of a road. Before approving or disapproving such map, the appropriate local government shall advertise and hold a public hearing and shall notify all affected property owners of record, as recorded in the property appraiser's office, by mail at least 20 days prior to the date set for the hearing. If the map is approved by the appropriate local government authority, the circuit court clerk of a county shall forthwith record the map in the public land records of the county. Upon recording, such map shall establish:

(a) A building setback line from the centerline of any road existing as of the date of such recording, and no permits shall be granted by the appropriate governmental authority for new construction of any type or for renovations of existing commercial structures that exceed 20 percent of the appraised value of the structure. No restriction shall be placed on renovation or improvement of existing residential structures, as long as they continue to be used as private residences.

(b) An area of proposed highway construction within which permits for new construction shall not issue for a period of 5 years from the date of recording such a map.

(4) Upon petition by an affected property owner alleging that such property regulation is unreasonable or arbitrary and its effect is to deny a substantial portion of the beneficial use of such property, the Department of Transportation shall hold an administrative hearing in accordance with the provisions

of chapter 120. When such a hearing results in an order finding in favor of the petitioning property owner, the department shall have 90 days from the date of such order to acquire such property or file appropriate proceedings. Appellate review by either party may be resorted to, but shall not affect the 90-day limitation when such appeal is taken by the department unless execution of such order is stayed by the appellate court having jurisdiction. Upon failure by the department to acquire such property or initiate acquisition proceedings, the appropriate local government authority may issue any permit in accordance with its established procedures.

cf.—s. 335.06 State park road system.

### **335.03 Interstate highways; designation.—**

(1) The Department of Transportation shall have the powers and authority to select, in cooperation with the state highway departments of adjoining states, routes of the national system of interstate highways.

(2) The department shall have the authority to make necessary special rules and regulations to enable and assure expeditious planning and construction of the federal interstate system of highways in Florida and to take full advantage of the Federal Highway Act of 1956, and amendments thereto. Such regulations, to apply only to the federal interstate system of highways, may provide for the budgeting and expenditure of any funds now or to be available for the purpose including all necessary state matching funds.

**History.**—s. 27, ch. 29965, 1955; s. 1, ch. 57-85; ss. 23, 35, ch. 69-106.

### **335.04 Functional classification plan for roads; responsibilities of department.—**

(1) No later than October 1, 1977, the department shall adopt, pursuant to chapter 120, a plan based upon functional classification of roads and shall begin to implement an orderly phase-in of such plan by no later than January 1, 1978. All transfers of responsibility between the state and local governments required by said plan shall be completed no later than July 1, 1982, on which date all transfers provided for in the classification plan which have not been effected shall automatically occur, except as herein provided. Any road for which responsibility is being transferred from the department to counties and municipalities shall be brought to a physical condition commensurate with contemporary roads of like age and existing functional classification within the county or city. However, if said road has not been resurfaced within 12 years prior to the date of the proposed transfer, or if the condition of said road, when analyzed in accordance with the standards of measurement of pavement conditions utilized by the department as of January 1, 1977, indicates the need for resurfacing, and if the county requests a resurfacing, the road shall be resurfaced prior to transfer. If the county and department are unable to agree on the need for resurfacing, the county shall have the right to administrative and judicial review as provided in chapter 120. Notwithstanding the time limitations otherwise provided in this chapter for the transfer of roads, no road which

has been finally determined to need resurfacing shall be transferred to the county until it has been resurfaced. In cases of transfers between the state and local governments, federal assistance shall be utilized, when feasible, for this purpose. This requirement relating to physical conditions of roads at the time of transfer may be waived upon mutual consent.

(2) The department is authorized to match all federal aid highway funds and shall have the administrative responsibility for planning, programming, and contracting for all such federal aid projects in cooperation with local officials in accordance with federal regulations and state law.

(3) The department shall have the responsibility for continuing data collection and functional evaluation of public roads as is deemed necessary for planning and reclassification purposes. Beginning July 1, 1982, the department shall conduct a program that will insure that the classification of every public road shall be considered and evaluated at least once every 5 years. Such evaluation shall utilize quantitative criteria which shall have been adopted pursuant to chapter 120. The department shall hold a full public hearing in the county affected as an integral part of its evaluation procedures in order to receive public input prior to making any determination of classification. When the department makes a determination that a public road has changed function, the department shall within 30 days notify in writing the governmental entities concerned. Each year the department shall publish a report summarizing all such classification changes in that year and shall deliver such report to the President of the Senate and Speaker of the House by February 1. Transfer of responsibility shall be accomplished on a schedule mutually agreed upon by said governmental entities; however, said transfer shall occur no later than 3 years after the date the governmental entities are notified. After July 1, 1982, the department, if requested by cities or counties, shall, within a reasonable period not to exceed 1 year, perform functional evaluations of specific roads utilizing the quantitative criteria referred to in this subsection, and the transfers resulting from such evaluations shall be accomplished as provided in this subsection. All obligations of the department, a county, or a city, under any maintenance, utility, or railroad crossing agreement or other such agreements, relating to any specific road to be transferred, shall be transferred at the same time and in the same manner as jurisdictional responsibility.

(4) The department and counties, cities, and other political subdivisions shall have the responsibility for the operation and maintenance of the roads under their respective jurisdiction, except as otherwise provided by law. Operation and maintenance responsibility of a county for any roads under its jurisdiction which extend into and through any incorporated area shall be limited to the roadbed, curbs, culverts, drains, and other drainage appurtenances and shall not include sidewalks and any other ways in existence at the time of transfer that are open to the public within the right-of-way of the road. The department and counties, cities, and other political subdivisions may enter into such agreements as are

deemed necessary and convenient for the proper exercise of their responsibilities provided herein; however, the department shall discontinue maintaining, through contractual agreements, those facilities off the state highway system by July 1, 1980.

(5) The counties and cities shall sign an agreement with the Department of Transportation which requires the counties and cities to maintain in accordance with federal standards any road or portion thereof under their jurisdiction which was constructed with federal assistance and is in a federal aid system.

(6) Any toll facility administered by the department shall remain under department administration pursuant to the terms of the trust indenture. Toll facilities administered by cities or counties shall be transferred to another jurisdiction only upon mutual agreement of the concerned parties.

cf.—s. 349.07 Jacksonville Expressway as part of state road system.

### **335.05 Certain streets designated as municipal connecting link roads.—**

(1) City and town streets, roads, and structures, or portions thereof, that constitute the route of connection between, or extension of, state roads in the state highway system, including feeder roads from bypassed areas and designated by the Department of Transportation as municipal connecting links or feeder roads shall be designated by the department as a part of the state highway system.

(2) The Division of Road Operations of the department shall keep a record of such municipal connecting links and feeder roads designated as part of the state highway system and shall furnish, as soon as practicable, to each affected community and county a list of such roads.

(3) The division is authorized and required to maintain under its control and supervision such designated municipal connecting links and feeder roads; and is authorized to enter into any and all contracts, inclusive of agreements with cities and towns, and with any federal agency of the United States, for such purposes; provided, nothing herein contained shall require the division to sweep, sprinkle or light said municipal connecting links or feeder roads.

(4) The division, whenever it constructs or reconstructs any state road in the state highway system which enters or passes through any city or town, shall construct or reconstruct the municipal connecting link of such road to conform to the standards of construction approved by the department. Provided, however, that whenever any such municipal connecting link is constructed or reconstructed, no obligation shall rest upon the division to remove or relay any public utility.

(5) The department is authorized to provide and maintain signs and markers for the regulation of traffic and shall prescribe regulations for traffic, including traffic signal lighting, minimum and maximum speeds, and parking upon such roads. Notice of such regulations shall be published in a newspaper published and having a general circulation in such city or town or posted at the city hall when there is

no such newspaper, in addition to any other notice required by law, and shall supersede any and all regulations relating to such traffic made by such city or town or any laws regulating traffic upon such roads. Such regulations shall have the force and effect of law, and violation of any of said regulations shall be a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083. Such regulations shall be enforced by all law enforcement officers.

(6) Before any person shall enter upon such roads, or the rights-of-way thereof, for the purpose of laying conduits, pipes, poles or wires, or making any obstruction, or any excavation, which necessitates any change in the condition or structure thereof, a permit for any such purpose must be secured from the department with the concurrence of the affected city or town where such city or town is not itself making the application for the permit; and the department is hereby authorized to prescribe rules and regulations under which such permits will be issued, and to require indemnity for any damage occasioned by the issuance of any such permit.

**History.**—s. 29, ch. 29965, 1955; s. 10, ch. 57-318; s. 1, ch. 59-141; ss. 23, 35, ch. 69-106; s. 233, ch. 71-136; s. 56, ch. 78-95.  
cf.—s. 334.03 Municipal connecting links defined.

### **335.06 State park road system.—**

(1) The department is authorized to expend state road funds to construct, reconstruct, and maintain roads within the boundaries of any lands embraced within the state park system.

(2) The department is authorized to provide suitable roads leading to any lands or other property embraced within the state park system.

(3) Such roads shall be located, relocated, constructed, reconstructed, and maintained, numbered, marked and regulated in such manner as shall be agreed upon between the department and the Division of Recreation and Parks of the Department of Natural Resources, and both departments are authorized to enter into such agreements.

(4) Such roads shall not be included in the state highway system unless so designated by the department.

**History.**—s. 30, ch. 29965, 1955; ss. 23, 25, 35, ch. 69-106.

### **335.065 Bicycle trails and footpaths along state roads.—**

(1)(a) Bicycle trails and footpaths shall be established in conjunction with the construction, reconstruction, or other change of any state road or any portion of the state highway system at such locations as shall be determined by the Department of Transportation in cooperation with the Division of Recreation and Parks of the Department of Natural Resources.

(b) Notwithstanding the provision of paragraph (a), bicycle trails and footpaths are not required to be established:

1. Where the establishment of such trails and paths would be contrary to public safety.
2. If the cost of establishing such trails and paths would be excessively disproportionate to the need or probable use.
3. Where other available ways or other factors

indicate an absence of any need for such trails and paths.

(2) The Department of Transportation shall establish construction standards for bicycle trails and footpaths, provide a uniform system of signing bicycle trails and footpaths pursuant to this act, and adopt reasonable rules and regulations necessary for the maintenance and use of such bicycle trails and footpaths. The Department of Transportation, in cooperation with the Division of Recreation and Parks of the Department of Natural Resources, shall establish a statewide integrated system of bicycle trails and footpaths in such a manner as to take full advantage of any bicycle trails or footpaths which are maintained by any municipality within the state. To this end, the Department of Transportation and the Division of Recreation and Parks shall cooperate with any such municipality in the development of a comprehensive statewide integrated bicycle trail and footpath system.

(3) It is the legislative intent of this act that bicycle trails and footpaths are and shall be public ways open to travel by the public generally and dedicated to the public use as defined in ss. 334.021 and 334.03(9) and (15).

**History.**—ss. 1, 2, 4, 5, ch. 73-339.

### **335.07 Sufficiency rating of roads.—**

(1) The department is authorized and required to adopt a system of sufficiency rating of roads in the state highway system.

(2) Such system shall include, but shall not be limited to, the consideration of the following factors:

- (a) Structural adequacy;
- (b) Safety; and
- (c) Service.

(3) The determination of rating accorded to such factors shall take into consideration the volume of traffic using the roads, and the minimum engineering standards required to safely accommodate such volume of traffic; age of roads; width of pavement and shoulders; number and degree of curves, both horizontal and vertical; ridability; and maintenance economy. In addition to the factors and considerations herein required, the department may prescribe by regulation other factors or considerations to be used in obtaining sufficiency rating.

**History.**—s. 31, ch. 29965, 1955; ss. 23, 35, ch. 69-106.

### **335.075 Uniform minimum standards for design, construction, etc.; advisory committees.—**

(1) The Department of Transportation shall develop and adopt uniform minimum standards and criteria for the design, construction, and maintenance of all public streets, roads, highways, bridges, sidewalks, curbs and curb ramps, crosswalks, where feasible, bicycle trails, underpasses, and overpasses used by the public for vehicular and pedestrian traffic. The minimum standards adopted shall include a requirement that permanent curb ramps be provided at crosswalks at all intersections where curbs and sidewalks are constructed in order to give handicapped persons and persons in wheelchairs safe access to crosswalks.

(2) An advisory committee of professional engineers employed by any city or any county in each transportation district to aid in the development of

such standards shall be appointed by the Secretary of Transportation. Such committee shall be composed of: One member representing an urban center within each district; one member representing a rural area within each district; and one member employed by the Department of Transportation for each district.

(3) Notwithstanding the provisions of any general or special law to the contrary, all plans and specifications for the construction of public streets and roads by any municipality or county shall provide for permanent curb ramps at crosswalks at all intersections where curbs and sidewalks are constructed in order to give handicapped persons and persons in wheelchairs safe access to crosswalks.

(4) Each county shall have a professional engineer who is registered in Florida certify that all design, construction, and maintenance for each project is in substantial conformance with the standards established pursuant to subsection (1) that are then in effect.

**History.**—s. 1, ch. 72-328; ss. 2, 3, ch. 73-58; ss. 1, 2, ch. 74-242; s. 8, ch. 77-165; s. 1, ch. 78-398.

### **335.08 Numbering roads of state highway system.—**

(1) The department is authorized to number and renumber the roads of the state highway system, and to reduce the total numbers of same as far as practicable.

(2) The department may establish a systematic numbering plan, giving even numbers to roads extending in the general direction of east and west, and odd numbers to roads extending in the general direction of north and south.

**History.**—s. 32, ch. 29965, 1955; s. 11, ch. 57-318; ss. 23, 35, ch. 69-106.

### **335.09 Uniform marking and erection of signs; historical points of interest.—**

(1) The Division of Road Operations of the department shall erect suitable road signs indicating the distance between cities and towns, and markers showing the numbers assigned to each road in the state highway system. Such system of marking shall correlate with, and, as far as possible, shall conform to the recommendations of the manual on traffic control devices as adopted by the American Association of State Highway Officials.

(2) The division may erect and maintain along the state highway system signs indicating the historical points of interest.

(3) On state-maintained roads outside municipalities where no sidewalks are provided, the division shall, where practicable, erect signs warning pedestrians to walk on the left side of the road facing traffic.

**History.**—s. 33, ch. 29965, 1955; s. 2, ch. 59-96; ss. 23, 35, ch. 69-106.

### **335.091 Blue Star Memorial Highway designation.—**

(1) The secretary of the department, in cooperation with the Florida Federation of Garden Clubs, Inc., is hereby authorized to designate certain roads and highways in Florida as "Blue Star Memorial Highway."

(2) It shall be the duty of the executive board of the Florida Federation of Garden Clubs, Inc., to sub-

mit to the secretary routes on certain roads and highways in the state to be designated Blue Star Memorial Highway. Upon such designation, member clubs of the Florida Federation of Garden Clubs, Inc., may, with the advice, cooperation and approval of the Division of Road Operations, erect suitable markers and beautify said memorial highway.

(3) The Division of Road Operations shall file with the Department of State a record of such roads and highways so designated as Blue Star Memorial Highway.

**History.**—ss. 1-3, ch. 59-77; s. 5, ch. 67-461; ss. 10, 23, 35, ch. 69-106.

### **335.092 Everglades Parkway scenic highway.—**

(1) The following terms, when used in this section, shall have the meanings ascribed herein:

(a) "Parkway" means the Everglades Parkway, which is a portion of State Road 84 commonly known as "Alligator Alley," in Collier and Broward Counties.

(b) "Owner" means a person or legal entity vested with title to an advertising structure or advertising sign.

(c) "Advertisement," "advertising structure," "advertising sign," "state," "highway," "person," "post," "real property," and "adjacent" mean the same as are defined or hereafter are defined by s. 479.01.

(2) The Everglades Parkway is hereby designated and declared to be an official scenic highway of the state. No advertising sign shall be erected or maintained within 500 feet of either side of the right-of-way of the parkway situate between the easternmost and westernmost tollgates, with the following exceptions:

(a) Official road signs erected by the Division of Road Operations of the Department of Transportation or erected by a political subdivision of the state;

(b) Signs advertising the sale or lease of the property upon which they are located, if they do not exceed 4 square feet in area;

(c) Signs advertising only the name or nature of the business being conducted on or the products, facilities, goods or services being sold, supplied, or distributed on or from the premises on which the signs are located, if such signs are within 500 feet of said business; and

(d) Signs erected and maintained by a public utility for the purpose of giving warning of the location of an underground cable or other installation.

(3)(a) Any advertising sign lawfully erected within 500 feet of either side of the right-of-way of the Everglades Parkway prior to July 3, 1969, shall be removed by the owner thereof prior to July 3, 1976, except that in the event said owner is the lessee of said sign, it shall be removed at the termination of the existing lease period, whichever event occurs first;

(b) Any advertisement which is constructed, erected, operated, used, maintained, posted, or displayed in violation of this section is hereby declared to be a public and private nuisance and shall be forthwith removed, obliterated, or abated by the secretary or his representatives, and for that purpose they may enter upon private property without incurring any liability therefor. However, if the owner

holds an unexpired license issued under s. 479.04, the provisions of s. 479.17, shall apply;

(c) Any person violating any provision of this section, whether as principal, agent, or employee, for which violation no other penalty is prescribed, shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than \$10 nor more than \$300. Such person shall be deemed guilty of a separate offense for each month during any portion of which any violation of this section is committed, continued, or permitted. The existence of any advertising copy or any outdoor advertising structure, outdoor advertising sign, or advertisement shall constitute prima facie evidence that the said outdoor advertising sign or advertisement was constructed, erected, operated, used, maintained, or displayed with the consent and approval and under the authority of the person whose goods or services are advertised thereon.

(4) Wherever the provisions of this section are inconsistent with the provisions of chapter 479, the provisions of this section shall prevail except where otherwise specifically provided in this section.

**History.**—ss. 1-4, ch. 69-371; ss. 23, 35, ch. 69-106.

### **335.10 Regulation of use of state roads; civil liability for injury thereto.—**

(1) The Division of Road Operations shall prevent use of, and traffic on, the state highway system and the state park road systems that might injure or destroy the same.

(2) Any person shall be civilly liable to the department for the actual damage to a road in such systems by reason of his wrongful act, which damage may be recovered by suit, and when collected shall be paid into the state treasury to the credit of the state transportation trust fund.

**History.**—s. 34, ch. 29965, 1955; s. 2, ch. 61-119; ss. 23, 35, ch. 69-106; ss. 2, 3, ch. 73-57.

**335.11 Determination of speed.**—The Department of Transportation with respect to the state highway and the state park road system shall conduct an investigation and determine safe speed limits as provided under chapter 316.

**History.**—s. 35, ch. 29965, 1955; s. 12, ch. 57-318; ss. 23, 35, ch. 69-106.

**335.12 Vehicle size and weight controlled.**—The Department of Transportation, with respect to the state highway and state park road systems may:

(1) Limit the use of highways and enforce limitations as to weight, load and size of vehicles as provided for under chapters 316, 320, 323, and 861.

(2) Issue special written permits authorizing the operation of oversized or overweight vehicles as provided for in s. 316.550.

(3) Prohibit the operation or impose restrictions on vehicular use of certain highways because of hazardous conditions existing thereon as provided for under s. 316.555.

**History.**—s. 36, ch. 29965, 1955; ss. 23, 35, ch. 69-106; s. 48, ch. 76-31.

### **335.13 Regulation of advertising signs.—**

(1) No person shall erect any billboard or advertisement adjacent to the right-of-way of the state highway system, outside the corporate limits of any

city or town, except as provided for in chapter 479.

(2) No person shall erect any billboard, advertisement, advertising sign, advertising structure or light within the right-of-way limits of any road in the state road system, the state park road system or the county road system or any municipal connecting link thereof, provided the Department of Transportation is authorized to adopt rules and regulations concerning the placement of signs, canopies and other overhanging encroachments along and over all state roads which are within corporate limits of municipalities, or which are of curb and gutter construction outside corporate limits, provided that no supports are located within the right-of-way. The department shall have the authority to direct immediate removal of any violations of the above section. However, in the event the value of the billboard, advertisement, advertising sign, advertising structure or light is greater than \$500 and bears thereon the name of the owner, no such billboard, advertisement, advertising sign, advertising structure or light shall be removed until the owner thereof, as shown thereon, shall have received a 30-day notice as provided by chapter 479. The Division of Road Operations of the department may not authorize the erection of signs prohibited by any municipality.

(3)(a) The provisions of subsections (1) and (2) shall not apply to benches or transit shelters, or advertising thereon, on the right-of-way of any municipal, county, or state road, except limited-access highways, erected for the safety, comfort, or convenience of schoolchildren and the general public or at designated stops on official bus routes, provided that written permission has been secured from the pertinent political subdivision and that such benches or transit shelters do not interfere with right-of-way preservation and maintenance.

(b) The department shall have the authority to direct immediate relocation or removal of any bench or transit shelter which would endanger life or property.

(c) It is the intent of the Legislature that no bench or transit shelter, or advertising thereon, shall be erected or so placed on the right-of-way of any road which would conflict with the requirements of federal law, regulations, or safety standards, thereby causing the state or any political subdivision loss of federal funds.

**History.**—s. 37, ch. 29965, 1955; s. 1, ch. 63-501; s. 5, ch. 67-461; ss. 23, 35, ch. 69-106; s. 1, ch. 71-38; s. 1, ch. 74-79; s. 9, ch. 78-412.

**335.14 Traffic devices on state highway system.**—The Department of Transportation shall designate and prescribe the location, form and character of informational, regulatory and warning sign, curb and pavement or other markings and traffic signals installed or placed by any public authority, or other agency, upon any road in the state highway or state park road systems. No such sign, marking or signal shall be located or placed without the approval of the department, and, if a federal aid road, the additional concurrence of the United States Commissioner of Public Roads. Any sign, marking or signal placed without the approval of the department with concurrence of the United States Commissioner of Public Roads where required may be removed, without payment to the erecting authority, if, upon

request of the department said erecting authority refuses to remove such sign, marking or signal.

**History.**—s. 38, ch. 29965, 1955; s. 13, ch. 57-318; ss. 23, 35, ch. 69-106.

**335.145 General motorist services signs, fee schedules.**—The department may, by rule pursuant to chapter 120, establish a fee schedule to be charged for the costs of placing general motorist services signs on the right-of-way of limited access highways outside urban or urbanized areas in accord with the Manual of Uniform Traffic Control Devices, 1971. Such costs shall be limited to sign materials and installation.

**History.**—s. 6, ch. 75-202.

### **335.15 Detour roads.**—

(1) Whenever any road or structure in the state highway system shall be repaired, reconstructed, relocated or in anywise altered, in such a manner as necessitates the closing of such road or structure to use by the public, the Division of Road Operations of the department shall provide a detour road to afford a safe means of travel around such road or structure so closed. The division may use as a part of such detour road any other existing road. The length of the detour route shall be as short as may be practicable.

(2) The provision of subsection (1) shall not be construed to prevent the department from adopting regulations for one-way travel for a distance not in excess of 1 mile.

(3) The provisions of this section shall be applicable in all cases, whether the work provided for in subsection (1) shall be done by the Division of Road Operations, or at its direction or under its supervision.

(4) The provisions of this section shall not apply where the same would be contrary to the regulations or requirements of any federal agency providing all or a part of the funds for any such work.

(5) This section shall not apply in cases of emergency highway work caused by act of God or other sudden, unexpected event.

**History.**—s. 39, ch. 29965, 1955; ss. 23, 35, ch. 69-106.

### **335.16 Wayside parks and access roads to public waters.**—

(1) The Department of Transportation is authorized to adopt regulations and to expend state road funds for the establishment, construction, reconstruction, and maintenance of wayside parks, boat ramps and other park facilities on and near the edge of public waters or along the state highway system.

(2) The department is authorized to adopt regulations and to expend state road funds for the establishment, construction, reconstruction and maintenance of those access roads which extend from a state road to a wayside park, boat ramp or other park facilities which are contiguous to said state road.

(3) The department is authorized to acquire such rights-of-way for the above purposes as the department may deem necessary by gift or purchase, but not by condemnation.

(4) Such access roads leading to public waters, as described in subsection (2), shall be included in the appropriate state road system as determined by the department.

*History.*—s. 40, ch. 29965, 1955; s. 1, ch. 59-227; ss. 23, 35, ch. 69-106.

**335.17 State highway construction; use of noise-control methods.—**

(1) The Department of Transportation, hereinafter referred to as "department," shall make use of noise-control methods in the construction of all new state highways, especially those highways located in or near urban-residential developments which abut new state highway rights-of-way.

(2) The department shall use natural or artificial means of abating highway-related noise, but shall make maximum feasible use of vegetative barriers for noise control along new highways abutting urban-residential development. Vegetative noise control shall include, but not be limited to, the following types of vegetation: Trees, shrubs, grasses, and other plants of any species. Consideration shall be given, not only to the physical reduction of noise experienced through vegetative barriers, but also to aesthetics, the psychological effects on roadside residents, and the cost savings realized from the reduction of roadside maintenance operations due to the planting of vegetation within highway rights-of-way.

(3) The department shall consult and cooperate with the Division of Forestry of the Department of Agriculture and Consumer Services and the Department of Environmental Regulation in its study and use of vegetative barriers for highway noise abatement and said Department of Agriculture and Consumer Services and the Department of Environmental Regulation shall likewise cooperate with and assist the Department of Transportation.

(4) The department shall, where feasible, expand the maximum amount of federal matching funds provided for new highway construction for the purpose of carrying out the provisions of this section.

*History.*—s. 1, ch. 74-371; s. 29, ch. 79-65.

**335.18 Regulation of connections.—**

(1) It is the intent of the Legislature that the Department of Transportation regulate connections to roads in the state highway system, as such connections are a significant contributor to vehicular accidents, congestion, and reduction in traffic-carrying capacity. If the traffic patterns, points of connection, roadway geometrics, or traffic-control devices are causing undue disruption of traffic or creating safety hazards at existing connections, or are expected to cause such disruption or hazards at proposed connections, the department shall have the authority to deny or require redesign of a proposed connection at a specific location or require redesign of an existing connection.

(2) As used in this section, "connections" means driveways, streets, turnouts, or other means of providing for movement of vehicles to or from roads in the state highway system.

(3) The department shall promulgate rules pursuant to chapter 120 for the regulation of connections which shall be based on immediate and anticipated traffic volumes and shall provide for location standards, safety factors, design and construction standards, traffic-control devices, and effective maintenance of the roads.

(4) A permit shall be required from the department prior to the construction or alteration of any connection. The department shall have the authority to deny access to a road in the state highway system at the location specified in the permit if the permittee fails to construct or alter the connection in accordance with the permit requirements.

(5) The cost of construction or alteration of a connection shall be borne by the permittee except for alterations made at the request of and for the convenience of the department. The permittee, however, shall bear the cost of alteration of a connection required by the department due to increased or altered traffic flows generated by changes made by the permittee in the facilities or nature of business conducted at the location specified in the permit.

*History.*—s. 1, ch. 75-157.

- 336.01 Designation of county road system.**—The county road system shall be as defined in s. 334.03(23).
- History.**—s. 41, ch. 29965, 1955; s. 10, ch. 77-165.
- 336.02 Responsibility for county road system.**—The county commissioners are invested with the general superintendence and control of the county roads and structures within their respective counties, and may establish new roads, change and discontinue old roads, and keep the same in good repair in the manner herein provided. They shall be responsible for establishing the width and grade of

such roads and structures in their respective counties.

**History.**—s. 42, ch. 29965, 1955; s. 1, ch. 57-776.  
cf.—s. 861.11 Width of county roads.

**336.021 County transportation system; levy of tax on motor fuels and special fuels.—**

(1) Any county in the state may, in the discretion of its governing body and subject to a referendum, impose, in addition to all other taxes required by law, a 1-cent tax upon every gallon of motor fuel and special fuel sold in such county and taxed under the provisions of chapter 206, for the purpose of paying the costs and expenses of establishing, operating, and maintaining a transportation system and related facilities and the cost of acquisition, construction, reconstruction, and maintenance of roads and streets. The governing body of the county may provide that the referendum be worded to limit the number of years such tax will remain in effect. Such tax shall be collected in the same manner as all other gas taxes pursuant to chapter 206 and be returned to the county where collected. The provisions of ss. 206.29, 206.50, 206.625, and 206.64 shall be applicable to the tax herein levied.

(2) The additional gas tax collected pursuant to subsection (1) shall be transferred to a "local transportation gas tax trust fund," which fund is created for distribution as provided for in subsection (1).

(3) It is expressly recognized and declared by the Legislature that the establishment, operation, and maintenance of a transportation system and related facilities and the acquisition, construction, reconstruction, and maintenance of roads and streets fulfills a county purpose and that payment of the costs and expenses therefor may be made from county general funds, special taxing district funds, or such other funds as may be authorized by special or general law. Counties are authorized to expend the funds received under this section in conjunction with the state or federal government in joint projects.

**History.**—ss. 1-3, ch. 72-384; s. 1, ch. 77-390.

**336.03 County engineer; duties and compensation.—**

(1) The commissioners may employ a county engineer whenever, in the judgment of the commissioners, the work and affairs of the county require the attention and services of such an engineer. The county engineer shall be a registered professional engineer or engineering firm qualified to do business in the state. A single individual or firm may be employed as county engineer of more than one county. The county engineer shall have general supervision and control of all road work of the county, subject only to the order of the board of county commissioners.

(2)(a) The compensation of the engineer shall be fixed by the county commissioners and shall be payable out of the county general fund or county transportation trust fund except as provided in paragraph (b).

(b) In those specific counties where full-time county engineers are employed and such engineers furnish professional engineering advice on road programs in the county, the department shall reimburse the county general fund or county transportation

trust fund on October 1 of each calendar year, out of the funds accruing to the county under s. 206.60 or any other available funds, the sum of \$20,000 or the salary of the engineer, whichever is the lesser. Counties that do not employ full-time engineers may employ part-time engineers, and the department may reimburse such counties up to \$10,000 or the salary of the engineer, whichever is the lesser. Boards of county commissioners shall include their intended allocation of funds for this purpose in their annual secondary road budget resolution.

(3) The provisions of subsection (1) requiring the county engineer to be a registered professional engineer or engineering firm qualified to do business in this state shall not apply to any county engineer who:

(a) Was employed on or before June 30, 1967;

(b) Was employed on less than a full-time basis; and

(c) Was not employed to furnish professional engineering advice on road programs in the county.

**History.**—s. 43, ch. 29965, 1955; s. 26, ch. 63-572; ss. 1, 2, ch. 67-267; s. 1, ch. 67-535; s. 1, ch. 70-253; s. 139, ch. 79-400.

**336.04 Superintendent of county roads; duties and compensation.—**

The commissioners may appoint an experienced and competent road builder, who shall be known as the superintendent of public roads. All work on the public roads of the county, outside of cities and towns, shall be under the supervision of such superintendent, who shall be responsible to and subject to the direction of the commissioners. The compensation of the superintendent shall be fixed by the commissioners.

**History.**—s. 44, ch. 29965, 1955.

**336.05 Naming of county roads; recording.—**

(1) The commissioners are authorized to name and rename streets and roads, except state roads designated by number by the department, lying outside the boundaries of any incorporated municipality.

(2) The commissioners are authorized to refuse to approve for recording any map or plat of a subdivision when recording of such plat would result in duplication of names of streets or roads or when said plat, in the opinion of said commissioners, will not provide adequate and safe access or drainage.

**History.**—s. 45, ch. 29965, 1955; s. 2, ch. 57-776.

**336.06 Signboards to be placed at public road crossings.—**

(1) The commissioners may cause mileposts, traffic control and directional signal signs to be erected on all public roads under their jurisdiction, and may place at all crossings and intersections a signboard with proper indicating marks pointing in each direction to the city, town, village or community which such roads enter; giving the number of miles in each direction; with lettering in black color on a white background, the letters and figures to be not less than 3 inches high.

(2) On county-maintained roads outside municipalities where no sidewalks are provided, the respective boards of county commissioners shall, where

practicable, erect signs warning pedestrians to walk on the left side of the road facing traffic.

History.—s. 46, ch. 29965, 1955; s. 3, ch. 57-776; s. 3, ch. 59-96.

**336.08 Relocation or change of roads.**—The board of county commissioners may establish, locate, change or discontinue public county roads, by resolution.

History.—s. 48, ch. 29965, 1955; s. 5, ch. 57-776.

**336.09 Closing and abandonment of roads; authority.**—

(1) The commissioners, with respect to property under their control may in their own discretion, and of their own motion, or upon the request of any agency of the state, or of the federal government, or upon petition of any person or persons, are hereby authorized and empowered to:

(a) Vacate, abandon, discontinue and close any existing public or private street, alleyway, road, highway, or other place used for travel, or any portion thereof, other than a state or federal highway, and to renounce and disclaim any right of the county and the public in and to any land in connection therewith;

(b) Renounce and disclaim any right of the county and the public in and to any land, or interest therein, acquired by purchase, gift, devise, dedication or prescription for street, alleyway, road or highway purposes, other than lands acquired for state and federal highway; and

(c) Renounce and disclaim any right of the county and the public in and to land, other than land constituting, or acquired for, a state or federal highway, delineated on any recorded map or plat as a street, alleyway, road or highway.

(2) The commissioners, upon such motion, request, or petition, may adopt a resolution declaring that at a definite time and place a public hearing will be held to consider the advisability of exercising the authority granted in this section.

History.—s. 49, ch. 29965, 1955.

**336.10 Closing and abandonment of roads; publication of notice.**—Before any such road shall be closed and vacated, or before any right or interest of the county or public in any land delineated on any recorded map or plat as a road shall be renounced and disclaimed, the commissioners shall hold a public hearing, and shall publish notice thereof, one time, in a newspaper of general circulation in such county at least 2 weeks prior to the date stated therein for such hearing. After such public hearing, any action of the commissioners, as herein authorized, shall be evidenced by a resolution duly adopted and entered upon the minutes of the commissioners. The request of any agency of the state, or of the United States, or of any person, to the commissioners to take such action shall be in writing and shall be spread upon the minutes of the commissioners; provided, however, that the commissioners of their own motion and discretion, may take action for the purposes hereof. Notice of the adoption of such a resolution by the commissioners shall be published one time, within 30 days following its adoption, in one issue of a newspaper of general circulation published in the county. The proof of publication of notice of public

hearing, the resolution as adopted, and the proof of publication of the notice of the adoption of such resolution shall be recorded in the deed records of the county.

History.—s. 50, ch. 29965, 1955.

**336.11 Closing and abandonment of roads; ratification of prior actions.**—The actions by the commissioners, heretofore taken, closing, vacating, or abandoning any road as herein described, and appearing in the minutes of such commissioners, are hereby ratified, approved and confirmed in all respects, and such roads are declared closed, vacated and abandoned, consistent with the provisions of the resolution or other action of such commissioners, as shown by their minutes.

History.—s. 51, ch. 29965, 1955.

**336.12 Closing and abandonment of roads; termination of easement; conveyance of fee.**—

The act of any commissioners in closing or abandoning any such road, or in renouncing or disclaiming any rights in any land delineated on any recorded map as a road, shall abrogate the easement theretofore owned, held, claimed or used by or on behalf of the public and the title of fee owners shall be freed and released therefrom; and if the fee of road space has been vested in the county, same will be thereby surrendered and will vest in the abutting fee owners to the extent and in the same manner as in case of termination of an easement for road purposes.

History.—s. 52, ch. 29965, 1955.

**336.14 County road districts.**—Each county commissioner's district is declared a county road district, and the roads of the county road system in such districts shall be under the supervision of the commissioners in each county.

History.—s. 54, ch. 29965, 1955.

**336.15 Special tax road districts; establishment; election.**—

(1) All county road districts levying a road district tax shall be designated special tax road districts.

(2) The commissioners shall order an election to be held in any county road district to determine whether such district shall become a special tax road district for the purpose of levying and collecting a district road tax for the exclusive use of the public roads within the district, and to elect trustees, whenever one-fourth of the electors, qualified as herein prescribed, shall petition for such election.

(3) The election shall be ordered and held on a day not earlier than 30 days, nor later than 60 days, from the day of presentation of the petition to the commissioners in regular session, and the election shall be held at the regular polling places within the district.

(4) The three persons receiving the highest number of votes at such election shall be declared road trustees of the district, and shall serve for the next ensuing 2 years. A majority of the ballots cast shall determine:

(a) Whether the road district shall become a special tax road district;

(b) The number of mills of district tax not to ex-

ceed 5 mills, to be levied and collected annually for the 2 succeeding years.

History.—s. 55, ch. 29965, 1955.

### 336.16 Notice of election to be published.—

The commissioners shall cause a notice of such election to be published once a week for 4 consecutive weeks, prior thereto, in a newspaper of general circulation published in the county; and if no newspaper be published in such county, then they shall cause written or printed notices of the election to be posted in five public places within the district. The commissioners shall appoint inspectors and clerks for the election, whose duties shall be the same as similar officers in general elections, except as herein stated.

History.—s. 56, ch. 29965, 1955.

### 336.17 Ballot.—

(1) The ballot used at any election under this law shall be written or printed in black ink on plain white paper, and shall be substantially of the following form:

For (or against) Special Tax Road District .....

Road trustees (stating their names) .....

Maximum tax levy ..... Mills .....

(2) In counties where the use of voting machines is authorized by law, the requirements of this section shall be adapted to the use of such voting machines.

History.—s. 57, ch. 29965, 1955.

### 336.18 Commissioners to canvass returns.—

The commissioners shall canvass the returns of election at their next regular meeting or at a special meeting called for that purpose, and declare the results of election at that meeting.

History.—s. 58, ch. 29965, 1955.

**336.19 Qualification of electors.**—All qualified electors residing within the road district sought to be made a special tax road district who pay a tax on real or personal property, shall be entitled to vote in such election. The cost of the publication of the notice of such election, and of the election itself shall be paid by the commissioners out of the first money collected from the special tax district.

History.—s. 59, ch. 29965, 1955.

**336.20 Elections held biennially.**—Elections shall be held biennially in each special tax road district, as near as practicable upon the anniversary of the original election, under the direction of the commissioners, to determine who shall be trustees for the succeeding 2 years, and the number of mills of district road tax to be levied and collected for each of such years. The election shall be held under the same rules and regulations, and qualifications of electors shall be the same as prescribed for those voting in the original election creating a special tax road district.

History.—s. 60, ch. 29965, 1955.

### 336.21 Districts to continue until abolished.

—Special tax road districts created shall continue until abolished or changed by like proceedings as those by which they were created.

History.—s. 61, ch. 29965, 1955.

### 336.22 Election governed by general election laws.—

All special tax road district elections shall be held and conducted in the manner prescribed by law for holding general elections, except as otherwise provided herein, and the supervisor of elections of any county shall, upon payment for said service, furnish to the commissioners on demand, a certified list of the qualified electors for the year next preceding any such special tax election.

History.—s. 62, ch. 29965, 1955; s. 2, ch. 65-60.  
cf.—Ch. 100 General, special, bond, and referendum elections.

### 336.23 Control of roads in special tax road districts.—

All county roads within a special tax road district shall be under the direction and control of the commissioners as in other districts, and subject to the same laws, rules and regulations prescribed for the construction, maintenance and repair of other public roads.

History.—s. 63, ch. 29965, 1955.  
cf.—ss. 336.02, 336.14 Control of roads.

### 336.24 Trustees to have supervision of all district roads.—

(1) Whenever a special tax road district is created and trustees are elected, they shall have the supervision of all the county roads within such district. The powers of trustees shall not be those of control, but of supervision only, and shall extend to all the county roads within the special tax road district.

(2) Any trustee failing to discharge the duties of the position shall be removed, after due notice to said trustee, by the commissioners, and all vacancies occurring in the board of trustees, from any cause, shall be filled, for the unexpired term, by the commissioners by appointment of a trustee or trustees from among the qualified electors of such special tax road district.

History.—s. 64, ch. 29965, 1955.

### 336.25 Duty of trustees.—

(1) The trustees, on or before June 1 in each year, shall prepare an itemized estimate, showing the amount of money necessary and likely to be raised for the next ensuing fiscal year, and certify therein the rate of millage voted to be assessed and collected upon the taxable property within the special tax road district for that year. It shall also state the number of miles of railroad track and telegraph lines within the territorial limits of the special tax road district.

(2) This itemized estimate shall be made in duplicate, one copy to be filed with the clerk of the commissioners and one copy with the Department of Revenue.

(3) The commissioners shall order the property appraiser to assess, and the collector to collect, the amount legally assessed upon the property of the special tax road district, at the rate of millage designated by the board of trustees, and pay the same to the county depository.

(4) The Department of Revenue shall assess all of

the railroads and railroad property, together with the telegraph lines and telegraph property situated within such special tax road district, and collect the taxes thereon and remit the same to the depositories of the county.

(5) All special funds collected within a special tax road district shall be disbursed upon the recommendation of the board of trustees, solely for road purposes within the district in which collected, and as near as practicable, in the year in which the tax is collected.

(6) The trustees shall make no contract with any one of their members embracing any monetary consideration.

**History.**—s. 65, ch. 29965, 1955; ss. 21, 35, ch. 69-106; s. 1, ch. 77-102.

**336.26 Trustees a corporation.**—The trustees of any special tax road district shall be a corporation, and may hold property, sue and be sued, and perform other corporate functions; provided, that no debt shall be created without the approval of the commissioners.

**History.**—s. 66, ch. 29965, 1955.

**336.27 Bridge approaches; special powers of bond trustees in small counties.**—

(1) All county boards of bond trustees, having administrative duties, in all counties with a population of 20,000 or less, according to the immediately preceding federal census, are hereby authorized and empowered to expend any or all funds now or hereafter available from any source, including sinking funds, for bridge approaches or expendable for bridge approaches, for or upon the improvement of any rights-of-way, roads or streets, including the acquisition of rights-of-way, now existing, or hereafter existing, or now or hereafter proposed, as state or federal highways, and however designated, and within or without the corporate limits of any municipality, provided any such right-of-way, road or street is within a radius of 1 mile of the terminus of any bridge mentioned herein.

(2) All rights-of-way, roads and streets now or hereafter existing or now or hereafter proposed, and which are now, or which may hereafter be, designated as state roads, by statute, or by the Department of Transportation or otherwise, and which are within a radius of 1 mile from the terminus of any bridge mentioned above are severally declared to be approaches to any bridge mentioned above and any moneys now or hereafter provided by law to be expendable for bridge approaches of any such bridge, shall be, and the same are hereby made available for the improvement of such roads and streets including the acquisition of rights-of-way.

**History.**—s. 67, ch. 29965, 1955; ss. 23, 35, ch. 69-106.

**336.28 County special road and bridge districts; establishing procedure.**—Whenever residents of any territory embraced wholly, or in part, in one or more road districts, or embraced wholly, or in part, in one or more special road and bridge districts, in any county, desire to have such territory constituted into a special road and bridge district, and to have permanent roads and bridges constructed or reconstructed therein, they shall present to the commissioners of that county a petition signed by not

less than 25 percent of the duly registered electors, who are freeholders residing within the territory which it is proposed to create into a special road and bridge district, which petition shall include:

(1) A description of the territory by metes and bounds or other accurate description;

(2) A description and the proposed location of the roads and bridges to be constructed or reconstructed;

(3) The amount estimated as being necessary to pay for such construction; and

(4) A statement as to whether the cost of such construction is to be paid for by the issuance and sale of bonds, or by the levy and collection of a special road and bridge tax upon the taxable property within the district, as hereinafter provided.

**History.**—s. 68, ch. 29965, 1955.

**336.29 Commissioners to order election; qualification of electors.**—

(1) At their first meeting after the receipt of the petition, the commissioners shall investigate the facts, and find and determine whether such petition has been duly signed by the requisite number of registered electors who are freeholders residing within such territory.

(2) If the petition is determined sufficient, such determination shall be regarded for all purposes as conclusive, and the commissioners shall order an election to determine whether or not such territory shall be constituted into a special road and bridge district, and the proposed roads and bridges constructed or reconstructed, and paid for, as specified in the petition.

(3) Only duly qualified electors who are freeholders residing in the territory to be included in such district shall be entitled to vote at such election.

**History.**—s. 69, ch. 29965, 1955.

**336.30 Notice of election; laws applicable; appointment of inspectors; certification conclusive.**—

(1) The commissioners shall have a notice of the election published for not less than 30 days next preceding the date of the election, which notice shall set out:

(a) The territory proposed to be included in the special road and bridge district;

(b) A general description of the roads and bridges proposed to be constructed or reconstructed;

(c) The estimated cost of such construction; and

(d) The manner in which payment for the construction is to be made.

(2) The election shall be held in substantial conformity to the laws applicable to general elections.

(3) The inspectors for such election shall be appointed by, and the ballots to be voted shall be prepared and furnished by the commissioners.

(4) The inspectors shall make returns to the commissioners immediately after the election, and the commissioners shall hold a special meeting as soon thereafter as practicable, for the purpose of canvassing the election returns and certifying to the result thereof. After 20 days have elapsed following such

certification, the determination shall be regarded for all purposes as conclusive.

**History.**—s. 70, ch. 29965, 1955.  
cf.—Ch. 100 General, special, primary, and referendum elections.

**336.31 Election limitation; order creating district; use of special taxes; bond election required.—**

(1) If the commissioners shall find and determine that the result of the election is adverse to the proposition of constituting the special road and bridge district, no other election for the same purpose shall be held within 1 year thereafter.

(2) If a majority of the votes cast at such special election shall be in favor of the proposition to create a special road and bridge district, the commissioners shall enter an order constituting such territory into a special road and bridge district and designate the district by name or number, and declare and publish the boundaries thereof.

(3) Special taxes assessed and collected upon the taxable property within such district, because of such election, shall be applied solely to:

(a) The construction, reconstruction, repair and maintenance of the roads and bridges specified and approved by the election; or

(b) The payment of the interest and sinking fund of bonds that have been issued for the construction of such roads and bridges.

(4) No bonds shall be issued under the provisions of this law until approved at an election in compliance with the provisions of s. 12, Art. VII of the State Constitution.

**History.**—s. 71, ch. 29965, 1955; s. 15, ch. 69-216.

**336.32 Prospective and retroactive validation of districts.**—All special road and bridge districts created and constituted of territory lying wholly, or in part, in one or more special road and bridge districts, are hereby validated, confirmed and declared to be legally constituted in all respects and shall not be adjudged or decreed by any court of law or of equity to be illegally constituted and created because of any reconstruction or rebuilding either in whole, or in part, of the roads and bridges therein, or because of being in or consisting of part or parts of one or more special road and bridge districts. The provisions of this section shall have not only a prospective force and effect, but a retroactive force and effect, and are applicable alike to special road and bridge districts theretofore created, now being created or hereafter created under the authority of this law.

**History.**—s. 72, ch. 29965, 1955.

**336.33 Advertising for bids; awarding contracts; provisos.—**

(1) As soon as practicable after constituting a special road and bridge district, the commissioners shall have proper plans and specifications prepared for the authorized construction or reconstruction of roads and bridges.

(2) If the contract price for such work does not exceed the estimated amount voted for at the special election, the commissioners shall award the contract for such construction or reconstruction to the lowest responsible bidder, after advertising for bids in the

manner prescribed by law.

(3) The commissioners may, within their discretion, reject any and all bids received and readvertise the contract until a satisfactory bid is received and accepted.

(4) When it shall become apparent to the commissioners that the estimates for the improvements in the district are too low, then the commissioners shall have a new estimate made for the additional amount necessary to complete the program as laid out in the original petition. They shall call an election in the district in the same manner as in the original election, based on the original petition, which, if carried, shall authorize them to issue additional bonds of the same denomination and running for the same number of years and bearing the same interest as the original bonds voted for the carrying out of the original program in the said special road and bridge district.

**History.**—s. 73, ch. 29965, 1955.

**336.34 Supervision of construction under commissioners; condemning land and material for work; roads in municipalities.—**

(1) The construction, repair and maintenance of the roads and bridges in special road and bridge districts shall at all times be subject to the supervision and control of the commissioners.

(2) The commissioners may exercise the right of eminent domain for the purpose of obtaining land and materials to be used in the construction, repair or maintenance of the roads and bridges provided for in this law.

(3) Whenever any of the roads or bridges proposed to be constructed, are located within the territorial boundaries of any incorporated city or town, the commissioners shall have the right of eminent domain and control over such streets or territory within such municipality as may be necessary for such construction.

**History.**—s. 74, ch. 29965, 1955.

**336.35 Construction of additional roads and bridges.**—After the construction of the improvements provided by the special election, creating any special road and bridge district, the residents of such special district may at any future time provide for the construction of additional roads and bridges by presenting to the commissioners a petition calling for a special election to provide for such improvements; and the same procedure shall be had, as is provided for creating special road and bridge districts and for the construction of roads and bridges therein, provided, however, that such roads and bridges and connecting or service roads may be reconstructed, repaired or replaced as maintenance costs of such roads.

**History.**—s. 75, ch. 29965, 1955; s. 6, ch. 57-776.

**336.36 Abolition of districts; restriction.—**

(1) Any special road and bridge district may be abolished by a majority vote at an election called by the commissioners of the county for such purpose, after publication of such notice as is required to create such special road and bridge district, at which election the qualification of electors shall be the same as those prescribed in s. 336.62(2).

(2) No special road and bridge district shall be abolished while it has outstanding indebtedness, without first making provision for the liquidation of such outstanding indebtedness.

History.—s. 76, ch. 29965, 1955; s. 1, ch. 72-385.

**336.37 Special road, bridge and ferry districts; petition; law applicable.—**

(1) Whenever residents of any territory embraced wholly, or in part, in one or more road district, or embraced wholly, or in part, in one or more special road and bridge district, in any county of this state, desire to have such territory constituted into a special road, bridge and ferry district, and to have permanent roads and bridges constructed and free public ferries constructed and maintained and operated therein, they shall present to the commissioners of that county a petition signed by not less than 25 percent of the duly registered electors, who are freeholders, residing within the territory which it is proposed to create into a special road, bridge and ferry district. The petition shall describe:

(a) The said territory, by metes and bounds, or other proper and accurate description;

(b) The proposed location of the roads, bridges and ferries to be constructed, maintained and operated;

(c) The amount estimated as being necessary to pay for the construction, maintenance and operation of same; and

(d) Whether the cost of such construction, maintenance and operation is to be paid for by the issuance and sale of bonds, or by a levy and collection of a special road and bridge tax upon the taxable property within said special road, bridge and ferry district.

(2) The provisions applicable to special road and bridge districts shall apply to special road, bridge and ferry districts created herein.

History.—s. 77, ch. 29965, 1955.

**336.38 Election to be called.—**After the petition has been determined sufficient, the commissioners shall call an election to determine whether the territory shall be constituted into a special road, bridge and ferry district and the proposed roads, bridges and ferries constructed, maintained and operated and paid for as specified in the petition, in like manner as is now provided for the establishment of special road and bridge districts.

History.—s. 78, ch. 29965, 1955.

**336.39 Contracts for ferries; bids; bonding.—**Upon the creation of a special road, bridge and ferry district, the commissioners shall award contracts for the construction of suitable ferry boats to be operated on all ferries in the district, and award contracts for the operation of such ferries for a period of 4 years. Such contracts shall be awarded upon bids. Any persons to whom any contract is awarded shall be required to furnish bond for the faithful performance of such contract in such sums as the commissioners shall require.

History.—s. 79, ch. 29965, 1955.

**336.40 County commissioners may acquire necessary materials; procedure.—**

(1) The commissioners in the construction of roads and highways may appropriate and use any material which may be necessary to the proper construction, maintenance and repairing of the roads and highways in their several counties. Before using such material, they shall endeavor to purchase or obtain the same from the respective owners thereof. Should the commissioners and owners of the materials or land be unable to agree on the price to be paid, then the commissioners may proceed to condemn the land upon which such material is located, and have damages awarded to the owner thereof, in the same manner as is now provided for the condemnation of lands for roads and highways.

(2) The commissioners may agree with the owner of any tract of land for the purchase of any road materials on his land, on such terms as are satisfactory to such commissioners and the owner. If such owner and the commissioners fail to agree upon terms, the chairman of the commissioners shall issue his writ ad quod damnum, directed to the sheriff, ordering him to summon a jury of 12 men, registered electors, freeholders, in the vicinity of such road. The jury, upon actual view of the land in question, shall certify to the commissioners what damage will accrue to the owner of such land by reason of the contemplated action. The sheriff or other officer shall return the certification, signed by all the jury, to the next meeting of the commissioners. The commissioners shall order the damages so assessed to be paid out of the county treasury from the road fund.

History.—s. 85, ch. 29965, 1955.

**336.41 Counties; employing labor and providing road equipment; definitions.—**

(1) The commissioners may employ labor and provide equipment as may be necessary, except as provided in subsection (3), for constructing and opening of new roads or bridges and repair and maintenance of any existing roads and bridges.

(2) It shall be the duty of all persons to whom the commissioners deliver equipment and supplies for road and bridge purposes to make a strict accounting of the same to the commissioners.

(3) All construction and reconstruction of roads and bridges, including resurfacing, full scale mineral seal coating, and major bridge and bridge system repairs, to be performed utilizing the proceeds of the 80 percent portion of the surplus of the second gas tax shall be let to contract to the lowest responsible bidder by competitive bid, except for:

(a) Construction and maintenance in emergency situations; and

(b) In addition to emergency work, construction and reconstruction, including resurfacing, mineral seal coating, and bridge repairs, having a total cumulative annual value not to exceed 5 percent of its 80 percent portion of the second gas tax or \$50,000, whichever is greater,

for which the county may utilize its own forces. However, if, after proper advertising, no bids are received by a county for a specific project, the county may use its own forces to construct the project, notwithstanding the limitation of this subsection. Nothing

in this section shall prevent the county from performing routine maintenance as authorized by law.

**History.**—s. 86, ch. 29965, 1955; s. 1, ch. 57-783; ss. 23, 35, ch. 69-106; s. 11, ch. 77-165.

### **336.42 County convicts may be put to labor.**

—The commissioners may employ all persons in the jail of their respective counties under sentence upon conviction for crime, to labor upon the roads, bridges, or other public works of the county where they are so imprisoned.

**History.**—s. 87, ch. 29965, 1955.

**Note.**—Former s. 337.08.

**336.43 Counties; guards for convicts.**—The commissioners shall appoint such guards as may be needed to take charge of the convict road force. The compensation for such guards shall be paid by the commissioners out of the county road fund.

**History.**—s. 88, ch. 29965, 1955.

### **336.44 Counties; contracts for construction of roads; procedure; contractor's bond.**

(1) The commissioners shall let the work on roads out on contract, in accordance with s. 336.41(3).

(2) Such contracts shall be let to the lowest competent bidder, after publication of notice for bids containing specifications furnished by the commissioners in a newspaper published in the county where such contract is made, for a period of 2 weeks prior to the making of such contract.

(3) Upon accepting a satisfactory bid, the commissioners shall enter into a contract with the party whose bid has been accepted. Such contract shall contain the specifications of the work to be done or material furnished, the time limit in which the construction is to be completed or material delivered, the time and amounts in which payments are to be made upon the contract, and a penalty to be paid by the contractor for the failure to comply with the terms of such contract.

(4) The successful bidder shall enter into a good and sufficient bond with the commissioners for the faithful execution of the contract; the amount of the bond to be fixed by the commissioners, and the sufficiency of said bond to be likewise approved by the commissioners.

(5) The commissioners may reject any or all bids and require new bids to be made.

**History.**—s. 102, ch. 29965, 1955; s. 12, ch. 77-165.

**336.45 Counties; joint construction of bridges with railroads.**—The commissioners may make contracts with railway companies for the joint construction and maintenance of bridges on the county road system in their respective counties, and for the construction and maintenance of railway tracks over such bridges.

**History.**—s. 103, ch. 29965, 1955.

### **336.46 County commissioners, power of eminent domain; purchase agreements; payment.**

(1) The commissioners are given the power of eminent domain to acquire land for rights-of-way for county roads within their respective counties, and to condemn lands for borrow pits, drainage ditches, and

other materials and property necessary for building such roads.

(2) The commissioners are authorized to enter into agreements with landowners for the purchase of land and materials for road purposes. If the commissioners and the landowner cannot agree upon the price for such land or materials, then the commissioners shall exercise the power of eminent domain or other authority vested in the commissioners for such purposes. Title to any land so acquired shall be taken in the name of the county.

(3) Payment for any land acquired under this section shall be made from funds set aside for county road purposes.

**History.**—s. 109, ch. 29965, 1955.

### **336.47 County bridges, authority to construct, acquire; joint bridges; double-decking bridges.**

(1) The commissioners may construct, control and operate bridges on county roads over and across water in and bounding their respective counties.

(2) The commissioners may acquire any bridge, crossway, passageway, wharf, dock, viaduct, or structure in, upon, along, over, across or approaching any water in, or bounding, their respective counties and adjacent land for approaches thereto, by condemnation or otherwise, and pay therefor as herein provided.

(3) The commissioners may make contracts with electric and other passenger railway companies for the joint construction and maintenance of bridges along the county roads in their respective counties, and for the construction and maintenance of railway tracks over such bridges.

(4) The commissioners are authorized to double-deck or parallel a bridge, on the county road systems and shall have the right to use the whole or any part of any such bridge, and approaches thereto, in double-decking or paralleling the same.

(5) The provisions of this section shall not be construed to authorize the construction of any bridge across any navigable stream in this state, without first obtaining the approval of the Federal Government as to its location and construction.

**History.**—s. 120, ch. 29965, 1955.

**336.48 County bridges built under special law.**—Nothing in this law shall apply or be construed to affect the construction or building of bridges constructed or built under the provisions of any special law, where bonds are issued for such building and construction by virtue of an election held for such purpose.

**History.**—s. 121, ch. 29965, 1955.

### **336.49 Counties; special road and bridge district bonds.**

(1) After a special road and bridge district has been constituted pursuant to the provisions of this law, and before awarding the contract or contracts for the construction of the roads and bridges provided for by the special election, if by such election it was provided that the construction of the improvements was to be paid for by the issue and sale of bonds, the commissioners shall, as soon as practicable, issue and sell special road and bridge bonds for

the amount provided for by such special election.

(2) After any special road and bridge district shall have been organized as authorized by this law, a petition signed by not less than 25 percent of the duly registered electors, who are freeholders residing within the territorial limits of the district, may be presented to the commissioners for the purpose of authorizing additional construction, and the issuance of additional bonds.

(a) Such petition shall briefly describe the proposed road or bridge construction, and the amount of money necessary for such construction, and that it is desired that bonds of the district be issued in the amount so named to pay for such work of construction, in addition to warrants or bonds of the district that may then have been already issued, and praying that a special election within such district be called to determine whether such bonds should be issued for such purpose.

(b) The commissioners, after being satisfied that the petition in all respects complies with the requirements of law, shall order a special election to be held in the district to determine whether or not such bonds should be issued as specified in the petition.

(c) The other requirements of this law relating to: The calling and holding of an election; giving of notice, making, canvassing and certifying the returns of such election; issuing of bonds; and levying taxes to pay the principal and interest of the bonds, shall be followed and apply to the issuance of such bonds referred to in the petition, as nearly as the same can be conveniently made adaptable and applicable thereto. The commissioners may prescribe and determine all other necessary details as to the procedure connected with or leading up to the issuance of such bonds.

(d) All of the provisions of this law shall have not only a prospective force and effect, but also a retrospective force and effect, so that bonds of any special road and bridge district proposed to be issued before this law shall have gone into effect, shall be regarded as valid and effective if in fact before the adoption of this law there had been a substantial compliance with the requirements herein.

(3) In issuing and selling such bonds and in disbursing the proceeds thereof, the commissioners shall act in substantial conformity with the provisions of these statutes applicable to the issue and sale of bonds for the purpose of constructing hard-surfaced roads and public buildings.

(a) The tax for the payment of interest to provide a sinking fund for the payment of the bonds shall be assessed and collected only upon the taxable property within the boundaries of the special road and bridge district.

(b) The bond trustees shall be selected by the commissioners and shall be resident freeholders of the special road and bridge district.

History.—s. 144, ch. 29965, 1955.

**336.50 Assessment of tax for sinking fund and interest.**—Whenever any special road and bridge district has been constituted and special road and bridge bonds issued by the commissioners, as provided in this law, the commissioners shall assess annually, a tax upon all real and personal property, railroads, telegraph and telephone lines, owned or

situated within the special road and bridge district, to realize a sum sufficient to pay the interest upon such bonds as it may become due, and to create a sinking fund for the payment of the principal of such bonds at the maturity of same, which sinking fund shall be provided by resolution of the commissioners before issuing such bonds.

History.—s. 145, ch. 29965, 1955.

**336.51 Use of surplus of proceeds of bonds.**—Should there remain any of the proceeds of the sale of such special road and bridge bonds after paying for the construction of the improvement for which the bonds were issued, such surplus shall be held by the bond trustees and paid out by them, upon order of the commissioners, for the repair and maintenance of the roads and bridges within the special district.

History.—s. 146, ch. 29965, 1955.

**336.52 Time warrants.**—

(1) If the approved bond issue of a special road and bridge district proves insufficient to complete the authorized construction, necessitating further funds for the completion of such construction, the commissioners shall be authorized to issue time warrants of such district.

(2) The amount of such time warrants shall not exceed 10 percent of the amount of bonds originally voted for such construction. The time warrants shall bear interest at the rate of 8 percent per annum from their issuance and shall mature in not more than 10 years from their issuance.

(3) Such time warrants may be either sold and the proceeds thereof used to pay for the completion of the roads and bridges, or such warrants may be delivered in payment of such work.

(4) No such warrants may be issued more than 3 years from the date of the original bonds. Where such time warrants shall come within the purview of s. 12, Art. VII, of the Constitution, the same shall be issued only after they have been approved in an election called and held in the said district in the manner hereinabove provided for the original election.

(5) The commissioners shall levy an annual tax on all taxable property, real and personal, in any such district sufficient to pay the interest on such warrants, and to provide a sinking fund for the payment thereof at maturity.

History.—s. 147, ch. 29965, 1955.

**336.53 Payments for construction by special road and bridge tax; issuing warrants; amounts of warrants.**—

(1) If, in the election providing for the special road and bridge district and the construction of the roads and bridges therein, it was provided that the cost of such improvements was to be paid for by a special road and bridge tax, instead of special road and bridge bonds; then, after letting the contract or contracts for the construction of the roads and bridges provided for by such special election, the commissioners shall pay for the construction of such improvements by issuing warrants on the county depository for such sum or sums, as may be due from time to time upon such contract or contracts.

(2) Such warrants shall be paid only from the

funds collected from the special road and bridge tax as hereinafter provided for, and when such warrants are paid, they shall be charged against the special road and bridge fund for that special district. In no instance shall the total amount of warrants issued against the special road and bridge fund of any special district exceed the total amount authorized at the election held to authorize the construction of such roads and bridges.

History.—s. 148, ch. 29965, 1955.

**336.54 Annual assessment and collection of taxes.—**

(1) After letting of the contract for the improvements voted for at the special election, and until the same have been fully paid for, there shall be annually assessed and collected upon all real and personal property, railroad, telegraph and telephone lines owned or situated within the special road and bridge district, a special road and bridge tax, not exceeding 20 mills on the dollar in any one year. Such special tax shall be in addition to the county road tax and other taxes levied and assessed for state and county purposes.

(2) Upon collection, such tax shall be kept in a separate fund to be known as the special road and bridge fund of the special district in which such improvements were made. Disbursements from such fund shall be made by the commissioners only in liquidation of warrants issued in payment for the construction of roads and bridges as provided for by the special election held in the special road and bridge district.

History.—s. 149, ch. 29965, 1955.

**336.55 Method of assessment, equalization and collection of taxes.—**

(1) All special road and bridge district taxes shall be assessed, equalized and collected upon the taxable property within the special road and bridge district, by the same officers and in the same manner as is provided by law for the assessment, equalization and collection of other county taxes.

(2) The commissioners shall assess and have collected from all taxable property within the special road and bridge district the special road and bridge district tax, as herein provided, until all warrants issued in payment for the roads and bridges authorized by the special election, have been paid and canceled. The Department of Revenue shall assess all railroads and railroad property, together with telegraph lines and telegraph property situated in such special road and bridge district and shall collect the taxes thereon in the same manner as required by law to assess and collect taxes for state and county purposes, and shall remit the same to depositories of the counties to the credit of each special road and bridge district fund and to be paid out as provided by law.

History.—s. 150, ch. 29965, 1955; ss. 21, 35, ch. 69-106.

**336.56 Special maintenance tax.—**After the construction of the roads and bridges authorized by the special election, the commissioners shall estimate from year to year, the amount necessary to keep in repair and maintain the roads and bridges within such district; and shall assess annually all taxable property within the district, a tax not ex-

ceeding 10 mills on the dollar, which tax shall be collected and paid into the special road and bridge fund of that special district, and used solely by the commissioners for the repair and maintenance of the roads and bridges within the district.

History.—s. 151, ch. 29965, 1955.

**336.57 Proportion of general tax to special district.—**Any special road and bridge district created under authority of this law shall be entitled to receive for the repair and maintenance of the roads and bridges in such district, its due proportion of the county tax levied and collected upon the taxable property of the county for general road purposes. The special tax provided for herein shall be levied and collected on the taxable property in the special district, only for such repair and maintenance of the roads and bridges in the special district that cannot be paid for from its proportion of the general county road tax.

History.—s. 152, ch. 29965, 1955.

**336.58 Validation of bonds.—**

(1) Whenever the commissioners, in behalf of any special road and bridge district organized under the provisions of this law shall have authorized the issuance of bonds pursuant to any of the provisions of this law, such commissioners may, if they shall so elect, cause such bonds to be validated in accordance, as nearly as it is practicable to apply the same, with the provisions of law relating to the validating of bonds issued by counties and municipalities.

(2) In the event of the exercise of such election by the commissioners, all the provisions of law relating to the validating of bonds issued by counties and municipalities shall be held also to include and apply to bonds issued by special road and bridge districts.

(3) The decree of validation that shall be entered by the court shall have the same conclusive force and effect as the law now relates to bonds issued by counties and municipalities.

(4) This provision as to validation proceedings shall not be construed as being compulsory upon, but only optional, with the commissioners.

History.—s. 153, ch. 29965, 1955.

**336.59 Levy of tax for road and bridge purposes; proportion to municipalities.—**

(1) The commissioners shall levy a tax not to exceed 10 mills on a dollar on all property in their county each year for road and bridge purposes. Such tax, when collected, shall be paid over to the county depository and kept in a separate fund, which fund shall not be expended for any other purpose than for work on the public roads and bridges in the county, and for the payment of the salaries of employees engaged in road and bridge work, and in providing the necessary tools, materials, implements and equipment and for the necessary work on such roads and bridges.

(2) One-half the amount realized from such special tax on the property in incorporated cities and towns shall be turned over to such cities, urban service districts, and towns, in accordance with the

schedule required in s. 197.016, to be used in constructing, repairing, and maintaining the roads, streets, and bridges thereof, as may be provided by the ordinances of such cities and towns.

**History.**—s. 154, ch. 29965, 1955; s. 1, ch. 76-145; s. 1, ch. 77-451; s. 73, ch. 79-164.

### **336.60 Gates across county roads; permit.—**

(1) The commissioners may permit the construction of gates across the county roads of their respective counties whenever, in their opinion, the same will not unnecessarily interfere with the public travel, and shall prescribe the place where such gate shall be placed and the manner of the construction and maintenance thereof.

(2) The commissioners may rescind any such permit whenever they shall deem it necessary for the public good. At least 30 days previous notice shall be given the party to whom such permit shall have been granted before the same shall be rescinded.

**History.**—s. 157, ch. 29965, 1955.

### **336.61 Definitions.—**

(1) Whenever the term "person," "voter," or "elector" is referred to in ss. 336.62-336.67 it shall be deemed to mean any entity owning legal title to real property within the district, whether residing within the district or not, and any person residing within the district who is eligible to vote in any general or special election.

(2) Whenever the term "lot" is referred to in said sections it shall be deemed to mean 1 acre or fraction thereof. However if the proposed district is divided into lots, parcels, or units of similar size, the term lot shall mean that division of land.

**History.**—s. 1, ch. 72-385.

### **336.62 Alternative method of establishing special road and bridge districts.—**

(1)(a) As an alternative method of establishing a road and bridge district, a petition signed by persons having not less than 25 percent of the votes as defined herein within the boundaries of the proposed district may be filed with the board of county commissioners of the county in which said district is to be located.

(b) Said petition shall describe the territory to be included in said proposed district, the name of the district if there is one, and the general purpose for which the district is being established.

(c) Said petition shall request the board of county commissioners to call and provide for a referendum election to determine whether such district shall be created and also to call for an election of the first board of commissioners for said district.

(d) Within 30 days after the petition is received by the commission, the commission shall determine from information provided by the property appraiser and the supervisor of elections whether such petition has been duly signed by persons having the requisite number of eligible votes within the boundaries of the proposed district. If there is a sufficient number of valid signatures representing 25 percent of the votes in the proposed district, the board of county commissioners shall hold an election within 60 days to determine whether the district shall be created. The board of county commissioners shall have notice

of such election published once a week for 4 successive weeks in a newspaper of general circulation within the area of the proposed district. Said notice shall describe the purpose for which the district is to be established and the territory proposed to be included in the district. If there is no such newspaper, then notice may be posted on the courthouse door and in five conspicuous places within the proposed district.

(2)(a) At the same time the board of county commissioners fixes the date for an election to determine whether a district shall be established, it shall also call an election for five persons to serve as commissioners of the proposed district. The county commissioners shall also advertise in the same manner that an election is to be held for five commissioners of the proposed district and shall set out in the notice the qualifications of candidates to qualify by petition for election to said office as provided in paragraph (g). The board of county commissioners shall cause to be printed on the ballot for the district referendum the names of any persons qualified as candidates for the office of member of the board of commissioners of the district who have filed with the board of county commissioners a petition signed by persons having not less than 25 percent of the votes within the district. The candidate's petition shall be filed with the board of county commissioners not less than 14 days prior to said election with a qualifying fee in the amount of \$250, payable to the board of county commissioners. Said fee shall be used to defray the expense of the election. Should the qualifying fees exceed the cost of the election, the surplus shall be returned to the candidates in equal shares. Any deficit in defraying the cost of the election shall be advanced by the petitioners and reimbursed by the district if it is created.

(b) The supervisor of elections and the property appraiser shall assist the board of county commissioners in preparing a list of eligible electors and the number of votes for each within the proposed district, and the supervisor shall further assist the board of county commissioners with such other administrative matters pertaining to the conduct of the election as the county commission deems appropriate.

(c) The ballot to be used at said election shall be in substantially the following form:

#### **OFFICIAL BALLOT**

..... ROAD AND BRIDGE DISTRICT

..... COUNTY, FLORIDA

#### **SPECIAL ELECTION** .....(insert date).....

1. Shall ..... Road and Bridge District ..... County, Florida, be created?

..... Yes

2. Make a cross mark (X) before the names of the candidates of your choice.

Blank lines shall be placed on the ballot so that the name of any person who did not file a petition and who is otherwise qualified may be written in, in the form of an irregular or write-in vote. The inspectors and clerks for said election shall be appointed by the board of county commissioners. The ballots shall be furnished by the board of county commissioners. The board of county commissioners shall designate an appropriate polling place or polling places where said election shall be held. The inspectors and clerks shall make returns to the board of county commissioners and said board of county commissioners shall canvass said election returns and declare the results thereof at the next ensuing regular or special meeting of the board of county commissioners.

(d) Said district shall be established upon a favorable vote in person or by proxy of persons having 75 percent of the votes within the district, and the five persons receiving the highest number of votes cast for candidates shall be elected commissioners of the district until their successors are elected. Upon expiration of 20 days after the declaration of the result of said election by the board of county commissioners, such declaration of the results shall be regarded for all purposes as conclusive. Each elector within the district at the time the election for creation of district is called shall be given written notice by the petitioners of the proposed election; any such elector shall have the right to be excluded from the district upon written notice to the commissioners of the district, provided such notice is furnished in writing within 1 year after the date of the creation of the district.

(e) At all elections held pursuant to this section, qualified electors shall be persons who reside within the district that are qualified to vote in any general or special election or who are owners of land within the district, whether said owners reside within the district or not. Owners of land shall be entitled to cast one vote for each lot or fractional part thereof belonging to such owner, except that only one vote may be cast for each such lot or fractional part thereof regardless of whether the legal title thereto is held in single or multiple ownership. Any person who is a resident of the district and qualified to vote in any general or special election and who is also a lot owner shall be entitled to only one vote; however, this does not preclude a resident lot owner from casting more than one vote if he owns additional lots on which he does not reside. In defining these voter qualifications it is intended that all persons either directly or indirectly affected by any tax and improvements derived therefrom be granted a voice. Such vote shall be in person or by proxy. No proxy shall be effective unless acknowledged by a notary public. If the board of county commissioners shall

find and determine that the result of said election is adverse to the proposition of creating a district, no other election for the same purpose shall be held within 1 year thereafter.

(f) If a requisite number of votes at such special election shall favor the creation of such a district, then said board of county commissioners shall enter an order constituting the territory in which said special election was held as a district, and the commissioners of said district shall have, as to the district roads and bridges, all the powers granted to county commissioners relative to special road and bridge district by this chapter, and no other powers.

(g) Commissioners of the road and bridge district shall be registered electors in some county of the State of Florida, at least two of whom shall be registered electors of the county in which the district is located or in an adjacent county.

(3) Beginning with the next general election following the creation of the district, and in the general election each 4 years thereafter, the said district commissioners shall qualify by petition and be elected in the same manner as provided for the initial election. The five persons receiving the highest number of votes cast in the general election shall serve 4 years and shall take office at the same time as do other county officers, on the first Tuesday after the first Monday in January next after their election, and serve on the same cycle as do other constitutional county officers. Any commissioner whose qualifications for election as contained in this act terminate shall thereafter be disqualified as a commissioner, and the vacancy shall be filled as provided below.

(4) In the event of a vacancy due to any cause in any board of district commissioners, the same shall be filled by appointment by a majority of the remaining members of the board of district commissioners, until such vacancy is filled by the Governor, whose appointee shall hold office until the next general election or special election. Such election shall be for the remainder of the unfilled term.

(5)(a) As soon as practicable after such district commissioners have been elected and have qualified, they shall meet and organize by election from among their number a chairman, a secretary, and a treasurer. The secretary need not be a commissioner. Three members of the board shall constitute a quorum. The vote of three members shall be necessary to transact business.

(b) Each commissioner, before he assumes office, shall be required to give the Governor a good and sufficient surety bond in the sum of \$10,000, the cost thereof being borne by the district, conditioned on the faithful performance of the duties of his office, said bond to be approved and filed in the same manner as is that of the board of county commissioners. The failure of any person to make and file this bond within ten days after his election shall create a vacancy on said board.

(6) The powers and duties of the district commissioners as to district roads and bridges shall be the same as those of county commissioners supervising districts created pursuant to s. 336.28.

(7) Members of the board of commissioners shall serve without compensation. Said members shall be

reimbursed for traveling expenses incurred in the performance of their duties as provided in s. 112.061. All boards of commissioners shall hold regular quarterly meetings, and special meetings as needed, in the courthouse or in an appropriate place within the district.

(8) Persons having not less than 50 percent of the votes within any proposed or established road and bridge district may petition for a referendum calling for two or more districts which are contiguous to be combined and be supervised by a single board elected as hereinabove described. However, if the board of county commissioners shall deem such a combination to be reasonably necessary for the purpose of providing the improvements authorized by this chapter, it may approve the combination, subject to referendum requirements, notwithstanding that the territories to be combined and included in the new district are not contiguous. Said referendum shall be conducted separately in substantially the same manner as a referendum to create a single district. Districts shall be combined only by a majority favorable vote in each district.

**History.**—s. 1, ch. 72-385; s. 97, ch. 73-333; s. 3, ch. 76-148; s. 1, ch. 77-102; s. 1, ch. 77-174.

**336.63 District board; powers.**—The district board for and on behalf of any district created hereunder in addition to and supplementing other powers granted in this law is authorized and empowered:

(1) To make rules and regulations for its own government and proceedings and to adopt an official seal for the district.

(2) To employ engineers, attorneys, accountants, financial or other experts, and such other agents and employees as said district board may require or deem necessary to effectuate the purposes of this law or to contract for any such services.

(3)(a) To construct, install, erect, acquire, operate, maintain, improve, extend or enlarge, or reconstruct a road and bridge system within said district and to have the exclusive control and jurisdiction thereof; to issue its general obligation bonds, revenue bonds, or assessment bonds, or any combination of the foregoing; and to pay all or part of the cost of such construction, reconstruction, erection, maintenance, acquisition, or installation of such system. The procedure for issuing such revenue or assessment bonds or the levying of special assessments shall be in the manner provided in chapters 159 and 170, respectively, except that:

1. Any such special assessments may bear interest at the rate allowed by law for special assessment bonds of the district; and

2. Such special assessments and assessment bonds may be made payable over a period equal to the life of the systems or the period for which general obligation bonds are permitted by law to be issued, whichever is less.

(b) Notwithstanding the provisions of this chapter or any other statutory limitations, the district board of any district which initially financed and completed the improvements authorized by the issuance of general obligation bonds pursuant to this section may, at any time, provide an additional method of payment of such general obligation bonds through the levy and collection of special assess-

ments on the abutting, adjoining, contiguous, or other specifically benefited property within the district, such method to be in lieu of, or in combination with, the levying of ad valorem taxes, as provided in this chapter. In the levying of such special assessments, the district shall follow the procedure provided in chapter 170 to the extent that such procedures are not inconsistent with the provisions or intent of this section. Such assessments may, notwithstanding any other statute to the contrary, be made payable in equal annual installments over a period not to exceed the remainder of the period over which such general obligation bonds are payable.

(4) To levy and assess ad valorem taxes within such limitations of amount or rate as may be otherwise authorized or imposed by law, for the purpose of paying the principal of and interest on any general obligation bonds which may be issued for the purposes of this law.

(5) To acquire in the name of the district, by purchase or gift, such lands and rights and interest therein, including lands under water and riparian rights; to acquire such personal property as it may deem necessary in connection with the construction, reconstruction, improvement, extension, installation, erection, or operation and maintenance of any road and bridge system; and to hold and dispose of all real and personal property under its control. However, nothing contained herein shall authorize the power of eminent domain.

(6) To exercise exclusive jurisdiction, control, and supervision over any road and bridge system or any part thereof owned, operated, and maintained by the district and to make and enforce such rules and regulations for the maintenance and operation of any road and bridge system as may be, in the judgment of the district board, necessary or desirable for the efficient operation of any such systems or improvements in accomplishing the purposes of this law.

(7) To restrain, enjoin or otherwise prevent the violation of this law or of any resolution, rule, or regulation adopted pursuant to the powers granted by this law.

(8) To join with any other district or districts, cities, towns, counties, or other political subdivisions, public agencies, or authorities in the exercise of common powers.

(9) To accomplish construction by holding hearings, advertising for construction bids, and letting contracts for all or any part or parts of the construction of any road and bridge system to the lowest responsible bidder or bidders or rejecting any and all bids at its discretion. The district may purchase supplies, material, and equipment as well as expend for construction work in an amount not to exceed \$1,000 total cost of each transaction without advertising or receiving bids.

(10) Subject to such provisions and restrictions as may be set forth in the resolution authorizing or securing any bonds or other obligations issued under the provisions of this law, to enter into contracts with the government of the United States or any agency or instrumentality thereof, or with any county, municipality, district, authority or political subdivision, private corporation, partnership, associa-

tion, or individual, providing for or relating to the matters relevant hereto or otherwise necessary to effect the purposes of this law; to receive and accept from any federal agency, grants or loans for, or in aid of, the planning, construction, reconstruction, or financing of any road and bridge system; and to receive and accept aid or contributions or loans from any other source of either money, property, labor, or other things of value, to be held, used, and applied only for the purpose for which such grants, contributions or loans may be made.

**History.**—s. 1, ch. 72-385; s. 2, ch. 77-327; s. 140, ch. 79-400.

#### **336.64 Special road tax.—**

(1) After letting of the contract for the improvements voted for at the special election, and until the same have been fully paid for, there shall be annually assessed and collected upon all real and personal property, railroad, telegraph and telephone lines owned or situated within the special road and bridge district, a special road tax. Such special tax shall be in addition to the county road tax and other taxes levied and assessed for state and county purposes and shall be approved by a favorable vote, in person or by proxy, of the electors within the district.

(2) Upon collection, such tax shall be kept in a separate fund to be known as the special road and bridge fund of the special district in which such improvements were made. Disbursements from such fund shall be made by the commissioners only in liquidation of warrants issued in payment for the construction of roads and bridges as provided for by the special election held in the special road and bridge district.

**History.**—s. 1, ch. 72-385.

**336.65 Repair and maintenance of roads and bridges; special assessment.**—After the construction of the roads and bridges authorized by the special election, the commissioners shall estimate from year to year the amount necessary to keep in repair and maintain the roads and bridges within such district, and shall assess annually all taxable property within the district. The tax shall be collected and paid into the special road and bridge fund of that special district and used solely by the commissioners for the repair and maintenance of the roads and bridges within the district.

**History.**—s. 1, ch. 72-385.

**336.66 Method of abolition of district.**—At any time subsequent to the expiration of 8 years from the creation of a road and bridge district, or after completion of all improvements for which said district was originally created, whichever shall occur first, the board of county commissioners may abolish such district upon a majority vote. However, by such action, the board of county commissioners shall assume all liabilities, obligations, and responsibilities of such road and bridge district.

**History.**—s. 1, ch. 72-385; s. 1, ch. 77-327.

**336.67 Provisions of sections applicable.**—All provisions of ss. 336.36, 336.45, 336.48, 336.49, 336.50, 336.51, 336.52, 336.53, 336.55 and 336.58, shall be applicable to the road and bridge districts created under ss. 336.61-336.67.

**History.**—s. 1, ch. 72-385.

**337.01 Authority of department to acquire equipment.**—The Department of Transportation shall have the authority to purchase, lease or acquire, as it deems necessary, all road material, road machinery, tools, equipment and supplies necessary for the execution of its duties and responsibilities, under its maintenance budget.

**History.**—s. 80, ch. 29965, 1955; ss. 23, 35, ch. 69-106.

**337.02 Purchases subject to competitive bids; advertisement; emergency purchases.**—

(1) No purchase of road material, machinery, tools, equipment or supplies in excess of \$3,000 shall be made by the Department of Transportation unless made upon competitive bids received, after advertising therefor in a newspaper of general circulation, at least once a week for not less than 2 consecutive weeks, prior to the date on which bids are to be received. The department may at its discretion, award a contract to the lowest responsible bidder or it may reject all bids and proceed to readvertise.

(2) If the secretary shall determine that a real emergency exists in regard to the purchase of road material, machinery, tools, equipment, or supplies, so that the delay incident to giving opportunity for competitive bidding would be detrimental to the interests of the state, the provisions for competitive bidding shall not apply and the secretary may authorize or make purchases of such road material, machinery, tools, equipment, or supplies, without giving opportunity for competitive bidding thereon. The secretary shall, within 10 days after such determination and purchase, file with the head of the Department of General Services a written statement of the road material, machinery, tools, equipment, or supplies purchased and a certificate as to the conditions and circumstances constituting such emergency.

**History.**—s. 81, ch. 29965, 1955; s. 5, ch. 67-461; ss. 23, 35, ch. 69-106; s. 112, ch. 71-377.

**337.03 Department authorized to purchase surplus properties.**—

(1) The Department of Transportation is authorized to purchase from the federal government any supplies, material, equipment, appliances or other property at such price and upon such terms as may in the judgment of the department be proper, without first advertising for bids, regardless of the value of, or the price paid for such property; provided, however, that the price paid for such supplies, materials, equipment, appliances or other property shall not exceed the price for which such property may be purchased upon the open market.

(2) Payment of the cost of all supplies, material, equipment, appliances or other property purchased pursuant to the authority given in subsection (1) shall be made upon vouchers issued and certified to by the secretary and paid by warrant issued by the state comptroller upon the state treasurer out of any funds that may be apportioned and set aside for the maintenance of the department.

**History.**—s. 82, ch. 29965, 1955; s. 5, ch. 67-461; ss. 23, 35, ch. 69-106; s. 113, ch. 71-377; s. 100, ch. 77-104.

**337.04 Unlawful for certain persons to be financially interested in purchase; penalty.**—It is unlawful for any employee of the Department of Transportation, or any company, corporation or firm in which any employee of the department is in any way financially interested, to bid on or enter into or be in any way personally interested in the purchase

or the furnishing of any materials or supplies to be used in the work of the state or any county of the state. Any person upon the conviction thereof shall be guilty of a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083, and shall be removed from office by the governor.

*History.*—s. 83, ch. 29965, 1955; ss. 23, 35, ch. 69-106; s. 234, ch. 71-136.

### **337.045 Conflict of interest; solicitation prohibited.—**

(1) No state officer or employee with the Department of Transportation shall directly or indirectly solicit or accept funds from any person who has, maintains, or seeks business relations with the Department of Transportation.

(2) The provisions of this section shall not be construed to include within its terms the solicitation of funds for charitable purposes, including, but not limited to, such organizations as the United Fund, Heart Fund or American Red Cross.

(3) Violation of the terms of this section shall be a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083, and shall subject the officer or employee violating its provisions to removal from his office or employment.

*History.*—s. 1, ch. 70-123; s. 235, ch. 71-136.

### **337.05 Sale of obsolescent highway equipment.—**

(1) The Department of Transportation shall be authorized to sell, exchange or otherwise dispose of all obsolescent road machinery, equipment, and material no longer needed for highway purposes.

(2) Whenever the value of any such property, as appraised by the department, exceeds \$500, the department shall advertise for bids in a newspaper of general circulation, at least once a week for not less than 2 consecutive weeks in the county where the property is located. The department may at its discretion sell such property to the highest bidder or it may reject all bids and proceed to readvertise.

(3) The department is authorized to sell any such property to a municipality or county of the state without advertising for bids, provided such county or municipality agrees not to resell such property except to the department. In emergencies the department may sell other materials and supplies to such counties or municipalities.

(4) Any funds or money derived from the sale of such property shall be credited to the funds from which such purchase was made originally.

*History.*—s. 84, ch. 29965, 1955; s. 1, ch. 61-149; ss. 23, 35, ch. 69-106.

**337.106 Professional liability insurance required.**—Any person or firm rendering technical, legal, architectural, engineering, or other professional services to the Department of Transportation shall have and maintain during the period the services are rendered a professional liability insurance policy or policies with a company or companies authorized to do business in the state, affording professional liability coverage for the professional services rendered, in an amount deemed sufficient by the

department, if such insurance coverage is available in the area.

*History.*—s. 3, ch. 70-168.

### **337.11 Authority of department to contract; advertise; acquire rights-of-way; option; preservation of records.—**

(1) The Department of Transportation shall have authority to:

(a) Enter into contracts for the construction and maintenance of all roads designated as part of the State Highway System or State Park Road System. However, no such contract shall create any third party beneficiary rights in any person not a party to the contract; and

(b) Enter into contracts for such road construction and maintenance as may be placed under its supervision by law, or by resolution of the commissioners, board of bond trustees, district, or other subdivision of any county.

(2) The divisions of the department shall advertise for bids on all work at least once a week for not less than 2 consecutive weeks in some newspaper having a general circulation in the county where the proposed work is located. The first publication shall be not less than 14 days prior to the date on which bids are to be received and the second publication shall be not less than 7 days prior to the date on which bids are to be received. No advertisement for bids shall be published until title to all necessary rights-of-way for the construction of the project covered by such advertisement shall have been vested in the state for the use and benefit of the Division of Road Operations, and all railroad crossing and utility agreements have been executed. Provided that title to all necessary rights-of-way shall be deemed to have been vested in the State of Florida where such title has been dedicated to the public or acquired by prescription.

(3) The department may, at its discretion, award the proposed work to the lowest responsible bidder, or it may reject all bids and proceed to readvertise or perform the work with convict labor or free labor.

(4)(a) The department shall make rules and regulations to permit the use of written supplemental agreements and written change orders to any contract entered into by the department. Any supplemental agreement shall be reduced to written contract form, approved by the contractor's surety, and executed by the contractor and the department. Any supplemental agreement modifying any item in the original contract must be approved by the secretary of the department and executed by the appropriate person designated by the secretary.

(b) Supplemental agreements shall be used to clarify the plans and specifications of a contract; to provide for unforeseen work, grade changes, or alterations in plans which could not reasonably have been contemplated or foreseen in the original plans and specifications; to change the limits of construction to meet field conditions; to provide a safe and functional connection to an existing pavement; and to make the project functionally operational in accordance with the intent of the original contract. Supplemental agreements may exceed the physical limits of an original contract or project in excess of \$100,000 by a maximum of 10 percent of the original

contract price for such purposes.

(c) Written change orders may be issued by the department and accepted by the contractor covering minor changes in the plans, specifications, or quantities of work, within the scope of a contract, when prices for the items of work affected are previously established in the contract, but in no event shall such change orders extend the physical limits of the work. In addition, no combination of change orders shall increase a contract by more than \$25,000 or 1 percent of the original contract price, whichever is greater.

(d) For the purpose of this section, physical limits shall mean the length or width of any project and shall specifically include drainage facilities not running parallel to the project. The length and width of temporary connections affected by such supplemental agreements shall be established in accordance with current engineering practice. Any supplemental agreement in violation of this section shall be null and void, and no money shall be paid thereon.

(e) Upon completion of the improvement by the contractor in accordance with the plans, specifications, special provisions, proposals, and contract, the department, upon final inspection of the work, may accept said improvement if it is in substantial compliance with the plans, specifications, special provisions, proposals and contract and if a proper adjustment in the contract price is made.

(5) The Division of Road Operations shall preserve all records which reflect the quantities of materials used in the construction of any road project supervised by the division for a period of 3 years. This requirement shall be equally binding where materials are purchased by prime or subcontractors.

(6) Every contract let by the department for the performance of work shall contain a provision requiring the prime contractor, prior to receipt of any periodic payment under the provisions of said contract, to certify that all subcontractors having an interest in the contract have received their pro rata share of the payment, out of previous periodic payments to the prime contractor, for all work completed and materials furnished in the previous period as approved by the department for payment. The department shall not make any such periodic payment prior to receipt of said certification.

### **337.12 Unlawful for certain persons to be financially interested in contracts; penalty.—**

(1) It is unlawful for any employee of the department, or any company, corporation or firm in which any employee of the department is in any way financially interested, to bid on, or enter into or be in any way interested in a contract for the working or building of any state road or for the performance of any other work in which the department may be concerned.

(2) Any person upon conviction thereof shall be guilty of a misdemeanor of the first degree, punishable

as provided in s. 775.082 or s. 775.083, and shall be removed from office by the Governor.

### **337.14 Application for qualification; certificate of qualification; restriction.—**

(1) Any person desiring to bid for the performance of any contract in excess of \$100,000 which the Department of Transportation proposes to let must first be certified by the department as qualified pursuant to law and regulations of the department. The department shall adopt regulations for the qualification of persons to bid on contracts in excess of \$100,000, which regulations shall include requirements with respect to the equipment, past record, experience, and organizational personnel of the applicant. Each applicant seeking qualification to bid on contracts in excess of \$100,000 shall furnish the department a statement under oath, on such forms as the department may prescribe, setting forth detailed information with respect to his financial resources, equipment, past record, experience, and organizational personnel, together with such other information as the department may deem necessary. Each application for certification shall be accompanied by a financial statement of the applicant, which financial statement shall reflect the financial condition of the applicant as of a date not more than 120 days prior to the date of filing the application. No applicant may be certified as qualified to bid on such contracts unless his financial statement is accompanied by an opinion of a certified public accountant or public accountant approved by the department. The information required by this subsection shall be confidential and exempt from the provisions of s. 119.07(1). The department shall act upon the application for qualification within 30 days after the same is presented.

(2) No certification shall be necessary to bid on contracts of \$100,000 or less or for the construction of buildings. However, the successful bidder on any such contract shall furnish a contract bond prior to the award of the contract.

(3) Upon the receipt of an application for certification, the department shall cause the same to be examined, and the statements therein to be verified as deemed necessary, and shall determine whether the applicant is competent, responsible, and possesses the necessary financial resources.

(4) If the applicant is found to possess the prescribed qualifications, the department shall issue to him a certificate of qualification which, unless thereafter revoked by the department for cause, shall be valid for a period of 15 months from the date of the applicant's financial statement or such shorter period as the department may prescribe.

(5) The certificate of qualification shall contain a statement fixing the actual amount of work, in terms of estimated cost, which the applicant will be permitted to have on contract with the department and not completed at any one time, and may contain a statement by the department limiting such bidder to the submission of bids upon a certain class of work.

(6) Subject to such restrictions, the certificate of qualification shall authorize the holder to bid on all work on which bids are taken by the department during the period of time therein specified.

**History.**—s. 93, ch. 29965, 1955; s. 14, ch. 57-318; s. 1, ch. 61-501; s. 1, ch. 69-314; ss. 23, 35, ch. 69-106; s. 1, ch. 76-85; s. 1, ch. 78-316.

### 337.141 Payment of contracts.—

(1) As used in this section, the terms "dispute" or "pending claim" refer to a dispute or pending claim between the prime contractor and the department.

(2) Each contract for construction or maintenance entered into pursuant to this chapter shall provide for final payment within 90 days of receipt by the final estimate engineer in Tallahassee of all documents which are required by the contract from the contractor, with the exception of the acceptance letter and a consent by the contractor's surety for release of payment of the retained percentage and final estimate to the contractor. Should the contractor, due to his own actions, fail to return the acceptance letter and the surety's consent to the final estimate engineer in Tallahassee within 60 days of the above-established date, then payment shall be made within 30 days of receipt by the final estimate engineer of said documents. Final payment shall not be so made as to any amount which is in dispute or the subject of a pending claim, but shall be so made as to that portion of a contract or those amounts which are not in dispute or the subject of a pending claim. However, such partial payment shall not constitute any bar, admission, or estoppel or have any other effect as to those payments that are in dispute or the subject of a pending claim.

(3) For each day after 90 days, or 30 days after settlement of a claim, the department shall pay to the contractor interest at the rate of 6 percent per annum on the unpaid balance, not to exceed \$300 per day.

**History.**—ss. 1, 2, ch. 70-168; s. 1, ch. 77-79.

### 337.143 Adjustment of contract price for bituminous material; providing legislative intent.—

(1) Recognizing that the unprecedented increase in the cost of petroleum products seriously affects a vital segment of the construction industry, legislative intent was, and is, to protect, by this act, said industry from irreparable economic harm and injury. It was not, and is not, legislative intent that any single contractor or group of contractors should receive excess or windfall profits to the detriment of the taxpayers, and the department shall take immediate steps to recoup any excess payments made since July 1, 1974.

(2) The Department of Transportation shall adjust the contract unit price for bituminous material included in any contract for roadway construction for which bids were received by the department prior to April 1, 1974, in accordance with the following:

(3)(a) The adjustment shall be calculated separately for each month during which bituminous material is incorporated into a project, using the following formula:  $Pa = Id$  plus 5 cents, where:

1.  $Pa$  = The adjusted unit price for bituminous material; and

2.  $Id$  = The department's Asphalt Price Index in

effect during the month in which the material is incorporated into the project.

(b) The department shall determine the Asphalt Price Index by averaging quotations in effect on the first day of each month at terminals which could reasonably be expected to furnish bituminous materials to road construction projects in the state. However, the department shall require documentation of actual costs paid prior to making any adjustments.

(4) The department shall not make any adjustment under subsection (3)(a) when " $Pa$ " exceeds:

(a) The actual unit price paid by the contractor plus 5 cents; or

(b) The bid price plus the difference in the Asphalt Price Index on December 1, 1973, and the Asphalt Price Index at the time of application.

The department shall use the lesser of subsection (4)(a) or (b) as the basis for adjustment if the provision of subsection (3)(a) does not apply.

(5) No adjustment shall be made for bituminous material used prior to December 1, 1973.

(6) No price adjustment reflecting any further increases in the cost of bituminous material shall be made for any month after expiration of the allowable contract time, including any extensions that may be granted.

(7) The department shall adopt rules to implement payment of this adjustment.

(8) No adjustment shall be made to the contract unit price for bituminous material on any applicable contract unless a contractor agrees to the application of this adjustment for all applicable contracts he holds with the department. The department shall notify each contractor in writing by registered mail of his right to have this section apply to his contracts with the department. If a contractor fails to respond within 15 calendar days of such notice, no adjustment provided for in this section shall be made to any applicable contract.

(9) Any contractor receiving additional compensation under this section shall, if applicable, pay the entire amount of such additional compensation to the subcontractor who performed the asphalt work on the project.

**History.**—ss. 1, 2, ch. 74-262; s. 1, ch. 76-174.

**337.15 Rehearing.**—Any applicant for a certificate of qualification aggrieved by the action of the State Highway Engineer may, within 10 days after receiving notification of such action, request in writing a reconsideration by the department of his application, and may submit additional evidence bearing on his qualifications. The department shall thereupon reconsider the application, and may adhere to, modify, or reverse the action of the State Highway Engineer. The department shall act upon any request for reconsideration within 30 days after the filing thereof and shall immediately notify the applicant of the action taken.

**History.**—s. 94, ch. 29965, 1955; s. 15, ch. 57-318; s. 15, ch. 63-512; ss. 23, 35, ch. 69-106; s. 56, ch. 78-95.

### 337.16 Delinquent bidding, suspension and revocation of certificate; hearing.—

(1) No contractor shall be qualified to bid when an investigation by the highway engineer discloses

that such contractor is delinquent on a previously awarded contract, and in such case his certificate of qualification shall be suspended or revoked.

(2) The department may suspend, for a specified period of time, or revoke for good cause any certificate of qualification.

**History.**—s. 95, ch. 29965, 1955; ss. 23, 35, ch. 69-106; s. 56, ch. 78-95.

**337.17 Bid guaranty.**—The department shall require guaranty with each bid in an amount to be specified by the department which shall not exceed 10 percent of the preliminary estimate of the cost of the work. The guaranty may, in the discretion of the bidder, be in the form of a cashier's check, bank money order, bank draft of any national or state bank, certified check, or surety bond, payable to the Governor and his successors in office. The surety on any bid bond shall be a company recognized to execute bid bonds for contracts of the federal government.

**History.**—s. 96, ch. 29965, 1955; s. 16, ch. 57-318; ss. 23, 35, ch. 69-106; s. 1, ch. 77-174.

**337.18 Surety bonds required; defaults; damage assessments.**—

(1) A bond shall be required in every instance, of the successful bidder in an amount equal to the contract price, the contract price being understood to mean the estimated cost of the particular contract let. The surety on such bond shall be a surety company authorized to do business in the state. All bonds shall be payable to the Governor and his successors in office and conditioned for the prompt, faithful, and efficient performance of the contract according to plans and specifications and within the time period specified, and for the prompt payment of all persons furnishing labor, material, equipment, and supplies therefor; however, wherever an improvement, demolition, or removal contract price is \$25,000 or less, the security may, in the discretion of the bidder, be in the form of a cashier's check, bank money order, of any state or national bank, certified check or postal money order.

(2) The department shall adopt regulations for the determination of default on the part of any contractor for cause attributable to such contractor. Every contract let by the department for the performance of work shall contain a provision for payment to the department by the contractor of liquidated damages for any such default. Such liquidated damages shall be one-quarter of 1 percent of the total amount of the contract for each day of such default, but shall not exceed \$300 per day for each day such contractor is in default. Any such liquidated damages paid to the department shall be deposited to the credit of the fund from which payment for the work contracted was authorized.

(3) Such bonds shall be subject to the additional obligation that the principal and surety executing the same shall be liable to the state in a civil action instituted by the department or any officer of the state authorized in such cases, for double any amount in money or property the state may lose or be overcharged or otherwise defrauded of, by reason

of any wrongful or criminal act, if any, of the contractor, his agent, or employees.

**History.**—s. 97, ch. 29965, 1955; s. 1, ch. 65-40; ss. 23, 35, ch. 69-106; s. 1, ch. 71-40; s. 2, ch. 78-316.  
cf.—s. 255.05 Bond of contractor constructing public buildings; suit by materialmen, etc.

**337.19 Suits by and against department; limitation of actions; forum.**—

(1) Suits at law and in equity may be brought and maintained by and against the department on any claim under contract for work done; provided, that no suit sounding in tort shall be maintained against the department.

(2) Suits against the department under this section can only be commenced within 2 years from and after the time of the completion of the work done.

(3) All actions and suits brought against the department after July 9, 1969, shall be brought in the county or counties where the cause of action accrued or in Leon County.

**History.**—s. 98, ch. 29965, 1955; ss. 1, 2, ch. 69-391.

**337.20 Service of process upon department.**—Service of process in suits against the department shall be made upon the secretary of the department.

**History.**—s. 99, ch. 29965, 1955; s. 5, ch. 67-461; ss. 23, 35, ch. 69-106.

**337.21 Agency of the state.**—The department shall be an agency of the state for the purpose of carrying out its duties and responsibilities under the law, and as such may sue and be sued in the manner provided by law.

**History.**—s. 100, ch. 29965, 1955.

**337.22 Bid specifications on supplies.**—When the department advertises for bids on a contract for supplies, materials, equipment or other items needed by the department, specifications shall be drafted in such manner as shall afford adequate protection to the state as to quality and performance, but no specifications shall be drafted in any manner which shall preclude competition in bidding.

**History.**—s. 101, ch. 29965, 1955.

**337.25 Acquisition, lease and disposal of real and personal property.**—

(1) The Department of Transportation may purchase, lease, or otherwise acquire any land or buildings or other improvements, including personal property within such buildings or on such lands, necessary to carry out its duties and functions in acquiring rights-of-way or easements for the construction and maintenance of all roads under the department's jurisdiction, and such property shall be held in the name of the state. A complete inventory shall be made of all real or personal property immediately upon possession or acquisition, and such inventory shall include an itemized listing of all appliances, fixtures, and other severable items; a statement of the location or site of each piece of realty, structure, or severable item; and the serial number assigned to each. Copies of each inventory shall be filed both in the state office and in the district office in which the property is located. Such inventory shall be carried forward to show the final disposition of each item of property, both real and personal.

(2) The department may sell, lease, or convey, in

the name of the state, any land, buildings, or other property, real or personal, which shall have been acquired under the provisions of subsection (1) and which shall not be necessary for the construction of the contemplated road. In disposing of properties as authorized under this section, the department may authorize the proper administrative official to negotiate for the sale of such properties, real or personal, when the value of such properties is less than \$100. Properties acquired under subsection (1) which shall not be necessary for construction of the contemplated road, and the value of which shall exceed \$100, shall be sold by receipt of sealed competitive bids, after due advertisement, or by public auction held at the site of the improvement which is being sold. However, properties acquired under subsection (1) which shall not be necessary for construction of the contemplated road may be sold by negotiation to the owner holding title to all privately owned abutting properties, or to the owner of the only abutting land between which and the road the property being sold lies, at not less than the appraised value of the properties being sold, where in the discretion of the department public sale would be inequitable. Sales of houses and other structures as provided hereby shall first be made in single units; thereafter, sales in bulk may be made as herein provided. Removal of houses and other structures, when sales are made under bulk sale provisions as herein provided, shall not be permitted until all houses and structures sold in single units have been removed from the site. "Due advertisement" under this section shall be advertisement in a newspaper of general circulation in the area of the improvements of not less than 14 calendar days prior to the date of the receipt of bids or the date on which public auction is to be held.

(3) The department shall supply consecutively numbered receipts for each item sold. Such receipts shall contain the purchase price and the inventory serial number assigned to the item sold. A copy of such receipt shall be attached to the appropriate inventory and filed in the state office.

(4) Whenever any property has been donated to the state for road purposes and the road for which the property was donated has not been constructed for a period of at least 2 years and no plans have been prepared for the construction of said road, the department may authorize reconveyance of the donated property for no consideration to the original donor, his heirs, successors, assigns, or representatives.

(5) In addition to the options otherwise available to the department, property held by the department which is no longer used or needed may be conveyed without consideration to a county, municipality, or other unit of local government to be used for a public purpose. In the case of property acquired for use as a borrow pit but which is no longer needed, the department may sell such property to the owner of the parcel of abutting land from which the borrow pit was originally acquired, provided the sale shall be at a negotiated price not less than fair market value as determined by an independent appraisal, the cost of which is paid by the owner of such abutting land.

(6) In the case of property originally acquired specifically to provide replacement housing for persons displaced by federally assisted transportation

projects, the department may negotiate for the sale of such property as replacement housing. As compensation, the state shall receive no less than its investment in such properties or fair market value, whichever is lower. It is expressly intended that this benefit be extended only to those persons actually displaced by such project. Disposition to any other persons must be for fair market value.

### **337.26 Execution and effect of instruments; no warranties.—**

(1) An instrument of sale, lease or conveyance executed in the name of the department, and signed by the proper administrative official with the corporate seal of the department affixed thereto, certified to by the secretary, shall be effective to pass the title or interest of the state in the property conveyed.

(2) No instrument of conveyance by the department shall warrant the title to any property sold, leased or conveyed.

**History.**—s. 105, ch. 29965, 1955; s. 17, ch. 57-318; ss. 23, 35, ch. 69-106.

### **337.27 Rights-of-way acquired by Division of Administration; eminent domain; procedure; title; cost.—**

(1) The power of eminent domain is vested in the Division of Administration of the Department of Transportation to condemn all necessary lands and property for the purpose of securing rights-of-way, borrow pits and drainage ditches for existing, proposed or anticipated roads in the State Highway System or State Park Road System. The division shall also have the power to condemn any material and property necessary for such purposes.

(2) Such condemnation proceedings shall be maintained in the name of the division, and the same rights and powers shall accrue to the division as accrue to the counties under the procedure defined and set forth in chapters 73 and 74 and ss. 127.01 and 127.02.

(3) Title to any land acquired in the name of the division shall vest in the state.

(4) The Division of Administration is authorized to pay the judgment or compensation, including deposits required, awarded in any such proceedings out of any funds coming into the hands of the department for the maintenance or construction of any road on the State Highway or State Park Road System.

**History.**—s. 106, ch. 29965, 1955; s. 18, ch. 57-318; ss. 23, 35, ch. 69-106. cf.—Chs. 73, 74, 127 Eminent domain.

### **337.28 Rights-of-way furnished by counties; eminent domain; contracts with department; bond.—**

(1) The several counties shall be authorized to acquire rights-of-way and other necessary land incident thereto for the roads of the state secondary system within their respective counties.

(2) The several counties may furnish, at their own expense, rights-of-way for any road in the State Primary System or State Park Road System provided the same shall be first surveyed and located in the county by the Division of Road Operations.

(3) Condemnation proceedings for the acquisi-

tion of rights-of-way, and other necessary land, as herein provided, shall be brought by the commissioners and prosecuted as prescribed in chapters 73 and 74; and title to such land shall vest in the state.

(4) The various counties may enter into contracts with the Division of Administration to furnish rights-of-way, borrow pits, drainage ditches and material and property necessary and useful for road building purposes.

(5) Upon request of the Division of Administration the county shall furnish a bond, with sufficient sureties, conditioned to indemnify the department against expenses and liabilities incurred by reason of any breach of such contract by the county.

(6) The counties may use any road funds coming into their hands for the purpose of acquiring by purchase or condemnation any such lands required for rights-of-way for roads of the State Highway or State Park Road System.

*History.*—s. 107, ch. 29965, 1955; ss. 23, 35, ch. 69-106.

**337.29 Title to roads in State Highway, County Road, City Street, and State Park Road Systems; recording deeds and maps.—**

(1) Title to all roads designated in the state highway system or State Park Road System shall be in the state, unless otherwise provided herein.

(2) Upon the vesting of title to any lands for highway purposes in the state, the commissioners or public municipal authorities, as the case may be, shall forthwith issue a deed or right-of-way map to the state covering said lands, which shall be duly recorded. Recordation of deeds or right-of-way maps shall also be effected upon acquisition of any lands by the Division of Administration.

(3) Title to all roads transferred in accordance with the provisions of s. 335.04 shall be in the governmental entity to which said roads have been transferred, upon the recording of a right-of-way map by the appropriate governmental entity in the public land records of the county or counties in which such rights-of-way are located. Liability for torts shall be in the governmental entity having operation and maintenance responsibility as provided in s. 335.04(4). Except as otherwise provided by law, a municipality shall have the same governmental, corporate, and proprietary powers with relation to any public road or right-of-way within the municipality which has been transferred to another governmental entity pursuant to s. 335.04 that the municipality has with relation to other public roads and rights-of-way within the municipality.

*History.*—s. 108, ch. 29965, 1955; ss. 23, 35, ch. 69-106; s. 16, ch. 77-165; s. 5, ch. 77-416; s. 2, ch. 78-285.

**337.32 State Road Arbitration Board.—**

(1) It is hereby declared to be the public policy of the State of Florida that it is necessary and essential in the public interest to facilitate the prompt, peaceful, and just settlement of conflicts and disputes arising out of contracts between the Road Operations Division of the department and the various contractors with whom it transacts business, and to that end the Legislature does hereby establish the State Road Arbitration Board, hereinafter referred to in this section as the board.

(2) The State Road Board of Arbitration shall be

composed of three members, one to be appointed by the Secretary of the Department of Transportation, and one to be elected by those construction companies who, as of July 5, 1969, are under contract with the department. As to each subsequent election only those companies under contract at the time of the election shall be eligible to cast their vote. The third member shall be chosen by agreement of the other two. Each shall serve for a 2-year term at which time the secretary of the department or the construction companies may either retain their representative or choose to appoint or elect another member.

(3) The arbitration board shall elect a chairman. It may be called into session by the secretary of the department or by a contractor who has a dispute with the division which, under the rules of the board, may be the subject of arbitration. The party requesting the board's consideration shall give notice of the same to each member. The board shall have jurisdiction to hear matters concerning \$25,000 or less.

(4) A quorum of two members shall be necessary to conduct a meeting. Upon being called into session, the board shall promptly proceed to a determination of the issue or issues in dispute.

(5) When a valid contract is in effect defining the rights, duties, and liabilities of the parties with respect to any matter in dispute, the board shall have power only to determine the proper interpretation and application of the contract provisions which are involved. Any investigation made by less than the whole membership of the board shall be by authority of a written directive by the chairman and such investigation shall be summarized in writing and considered by the board as part of the record of its proceedings.

(6) The board of arbitration shall hand down its order within 60 days after it is called into session. However, the Governor may for good cause extend said period for not to exceed an additional 30 days. If all three members of the board do not agree, the order of the majority shall constitute the order of the board.

(7) The members of the board shall receive no compensation for the performance of their duties hereunder, but they shall be reimbursed for expenses as provided in s. 112.061, when they attend a meeting or perform a service in conformity with the requirements of this section.

*History.*—s. 1, ch. 69-351; ss. 23, 35, ch. 69-106; s. 1, ch. 70-186; s. 56, ch. 78-95.

**337.33 Qualifications of professional consultants; finding by the department.—**Prior to the employment by the Department of Transportation of any professional consultant, the department shall make a finding, evidenced by an entry in its minutes, that the person or firm to be employed is fully qualified to render the desired service. Among the factors to be considered in making this finding are the professional status and the past record and experience of the candidate and the adequacy of the personnel making up his organization.

*History.*—s. 1, ch. 70-64.

**337.34 Completion of interstate highway system.—**

(1) The Department of Transportation is expedi-

tiously to complete the construction of the Interstate Highway System.

(2) The department is authorized and directed to make repayment of any funds which may be appropriated to the department from the General Revenue Fund for interstate highway purposes upon application for and receipt of funds acquired under s. 115 of Title 23 of the U.S. Code as amended. No General Revenue funds appropriated for interstate

highway purposes may be expended until an agreement has been signed with the federal government, providing for repayment of such funds on a 90-10 matching basis. Full reimbursement of the federal share of the loan shall be made by the federal government upon completion of the interstate highway system in Florida.

- 338.20 Removal or relocation of utility facilities; notice and order; court review.
- 338.21 Elimination of railway-highway crossing hazards.

**338.01 Authority to establish limited access facilities.—**

(1) The highway authorities of the state, counties, cities, towns, and villages, acting alone or in cooperation with each other or with any federal, state, or local agency of any other state having authority to participate in the construction and maintenance of highways, are hereby authorized to plan, designate, establish, regulate, vacate, alter, improve, maintain, and provide limited access facilities for public use wherever such authority or authorities are of the opinion that traffic conditions, present or future, will justify such special facilities; provided, that within incorporated cities and towns such authority shall be subject to municipal consent; provided further, such consent shall not be necessary when such limited access facility shall be or become a part or link of a municipal connecting-link road as defined in this code.

(2) If the jurisdiction or control of either the department or the commissioners over any public highway or highways is jointly involved or would be affected by the exercise of such authority, their joint action or agreement shall be necessary to make such exercise of authority hereunder effective.

(3) Such action shall be taken by appropriate resolution or ordinance of the highway authority or

authorities, and notice of such action shall be given by publication in a newspaper of general circulation in the locality affected at least 15 days before such authority shall become effective, and appropriate traffic signs and markers shall be erected along the facility affected to give due notice to public travel of the action taken hereunder.

(4) The highway authorities of the state, counties, cities, villages, and towns, in addition to the specific powers granted in this law shall also have and may exercise, relative to limited access facilities, any and all additional authority now or hereafter vested in them relative to highways or streets within their respective jurisdictions. Such units may regulate, restrict, or prohibit the use of such limited access facilities by the various classes of vehicles or traffic in a manner consistent with the definition of a limited access facility as contained in this law.

(5) Except to the extent authorized by law for turnpike projects, no automotive service station or other commercial establishment for serving motor vehicle users, except public utility facilities, shall be constructed or located within the right-of-way of, or on publicly owned or publicly leased land acquired or used for, or in connection with, a controlled access facility; provided that nothing in this section shall apply to any right-of-way extending to any mean high waterline of any body of water.

*History.*—s. 111, ch. 29965, 1955; s. 1, ch. 61-435; ss. 23, 35, ch. 69-106.  
cf.—s. 334.03 Definition of limited access facilities.

**338.02 Designation; new and existing facilities; grade crossing eliminations.—**

(1) The highway authority of the state, county, city, town, or village may designate and establish limited access highways as new and additional facilities or may designate and establish an existing street or highway as included within a limited access facility.

(2) The state or any of its subdivisions shall have authority to provide for the elimination of intersections at grade of limited access facilities with existing state and county roads, and city and town or village streets, by grade separation or service road, or by closing of such roads and streets at the right-of-way boundary line of such limited access facility; and after the establishment of any limited access facility no highway or street which is not part of said facility shall intersect the same at grade. No city, town, or village street, county or state highway or other public way shall be opened into or connected with any such limited access facility without the consent and previous approval of the highway authority in the state, county, city, town or village having jurisdiction over such limited access facility. Such consent and approval shall be given only if the public interest shall be served thereby.

*History.*—s. 112, ch. 29965, 1955.

**338.03 Design of limited access facility.—**

(1) The highway authorities of the state, county, city, town and village are authorized to so design any limited access facility and to so regulate, restrict, or

prohibit access as to best serve the traffic for which such facility is intended; and its determination of such design shall be final. In this connection such highway authorities are authorized to divide and separate any limited access facility into separate roadways by the construction of raised curbs, central dividing section, or other physical separations, or by designating such separate roadways by signs, markers, stripes, and the proper lane for such traffic by appropriate signs, markers, stripes, and other devices.

(2) No person shall have any right of ingress or egress to, from or across limited access facilities to or from abutting lands, except at such designated points at which access may be permitted, upon such terms and conditions as may be specified from time to time.

*History.*—s. 113, ch. 29965, 1955.

#### **338.04 Acquisition of property and property rights for limited access facility.—**

(1) For the purposes of this law, the highway authorities of the state, county, city, town, or village may acquire private or public property and property rights for limited access facilities and service roads, including rights of access, air, view, and light, by gift, devise, purchase, or condemnation in the same manner as such units are authorized by law to acquire property or property rights in connection with highways and streets within their respective jurisdictions.

(2) All property rights acquired under the provisions of this law shall be in fee simple.

(3) In connection with the acquisition of property or property rights for any limited access facility or portion thereof, or service road in connection therewith, the state, county, city, town, or village highway authority may, in its discretion acquire an entire lot, block, or tract of land, if by so doing, the interests of the public will be best served, even though said entire lot, block or tract is not immediately needed for the right-of-way proper.

*History.*—s. 114, ch. 29965, 1955.

#### **338.05 Authority of local units to consent.—**

The highway authorities of the state, city, county, town, and village are authorized to enter into agreements with each other, or with the federal government, respecting the financing, planning, establishment, improvement, maintenance, use, regulation, or vacation of limited access facilities or other public ways in their respective jurisdictions, to facilitate the purposes of this law.

*History.*—s. 115, ch. 29965, 1955.

**338.06 Local service roads.**—In connection with the development of any limited access facility the state, county, city, town, or village highway authorities are authorized to plan, designate, establish, use, regulate, alter, improve, maintain, and vacate local service roads and streets or to designate as local service roads and streets any existing road or street, and to exercise jurisdiction over service roads in the same manner as is authorized over limited access facilities under the terms of this law, if in their opinion, such local service roads and streets are necessary or desirable. Such local service roads or streets

shall be of appropriate design, and shall be separated from the limited access facility proper by means of all devices designated as necessary or desirable by the proper authority.

*History.*—s. 116, ch. 29965, 1955.

#### **338.07 State bridges, authority to erect; procedure.—**

(1) The Division of Road Operations is authorized to enter into contracts for, and to make regulations for the construction and maintenance of bridges on roads designated as part of the state highway system or state park road system, and other bridges as may be placed under its supervision and control by law, or by resolution of the commissioners or board of bond trustees of any county, or district, or other subdivision of any county.

(2) The Division of Road Operations shall prepare plans and specifications for all such proposed work, other than maintenance work of a regular or routine nature, and advertise for bids on same at least once a week for not less than 2 consecutive weeks in some newspaper having a general circulation in the county where the proposed work is located.

(3) The department may, at its discretion, award the proposed work to the lowest responsible bidder, or it may reject all bids and proceed to readvertise or perform the work with convict labor or free labor.

*History.*—s. 117, ch. 29965, 1955; ss. 23, 35, ch. 69-106.

#### **338.071 Safety inspection of bridges.—**

(1) For the purposes of this section, the word "bridge" means a publicly owned structure, including supports, erected over a depression or an obstruction such as water or a highway or railway, having a track or passageway for carrying traffic or other moving loads and having an opening measured along the center of the roadway of more than 20 feet between undercopings of abutments or spring lines of arches or extreme ends of openings for multiple boxes; it may include multiple pipes where the clear distance between openings is less than half of the smaller contiguous opening.

(2) Prior to October 1, 1977, and at regular intervals thereafter not to exceed 2 years, each bridge on a public highway, road, or street shall be inspected as to the structural soundness and safety thereof for the passage of traffic thereon. The thoroughness with which bridges are to be inspected shall depend on such factors as age, traffic characteristics, state of maintenance, and known deficiencies. The jurisdictional authority or owner shall be responsible for having inspections performed and reports prepared in accordance with the provisions contained herein.

(3)(a) Each structure defined as a bridge under subsection (1) and being used by the public is required to be inspected by a qualified bridge inspector as defined herein as to its safe load-carrying capacity and traffic safety.

(b) All inspections are to be reported on a format designated by the Department of Transportation and forwarded to the department at intervals pursuant to subsection (2). Data on newly completed structures, or any modification of existing structures, which would alter previously recorded data on the inspection reports shall be submitted to the department.

ment within 90 days by the jurisdictional authority or owner.

(c) The Department of Transportation shall maintain inspection reports and an inventory of bridges reported pursuant to this section.

(4)(a) Individuals inspecting bridges and completing reports required by this section shall possess the following minimum qualifications:

1. Be a registered professional engineer; or
2. Have a minimum of 5 years' experience in bridge inspection assignments in a responsible capacity and have completed a comprehensive training course approved by the department.

(b) Individuals executing reports required by this section shall be registered professional engineers.

(5) Within 6 months following the respective dates specified in subsection (2), the department shall prepare a report of its findings with respect to each such bridge or other structure whereon significant structural deficiencies were discovered and file such report with the Governor and the presiding officer of each house of the Legislature. A copy of the report shall be furnished by the department to each member of the Legislature requesting it.

**History.**—ss. 1-3, ch. 69-271; ss. 23, 35, ch. 69-106; s. 1, ch. 75-137; s. 1, ch. 77-174.

### **338.08 Cooperation with adjoining states as to connecting bridges.—**

(1) The Division of Road Operations may, whenever it deems it practicable and to the best interests of the state, cooperate with any highway department of an adjoining state, or any political subdivision or other duly authorized agency therein, in the construction, building, or by participation in the cost of purchase, of any bridge, which extends from each adjoining state so that such bridge or one of its approaches physically connects, or when constructed will physically connect, any designated and established road of the state highway system of Florida, to the extent of 50 percent of the construction cost or purchase price of any such bridge.

(2) The expense of constructing or acquiring any such bridge shall be paid from funds provided for use of the department for state road purposes.

(3) Nothing in this section is intended to contravene the paramount power of the Congress to regulate and control interstate bridges, or bridges over navigable waters, and the authority hereby granted the department shall be exercised in conformity with permissive acts of the Congress.

**History.**—s. 118, ch. 29965, 1955; ss. 23, 35, ch. 69-106.

### **338.12 Toll facilities; contracts for construction; franchises; construction supervised by Division of Road Operations.—**

(1) The Division of Road Operations may contract for the construction, ownership, maintenance and operation of toll bridges, tunnels, viaducts, fills, roads, or trestle structures, and approaches thereto, used in connection with the roads and bridges of the state highway or state park road system.

(2) For this purpose the division may grant an exclusive franchise to run for a period of 30 years or until such structures shall be acquired by the state. Any person granted a franchise under the authority herein shall comply with the terms and conditions

hereinafter set forth. No franchise shall be granted until the same has been approved by the commissioners of each county affected.

(3) The provisions of s. 337.29 shall not apply to such toll facilities, and title shall not vest in the state until any bonded indebtedness is retired.

(4) The division shall approve the fairness and equity of the tolls, or the schedule of tolls, submitted by the person contracting for any such toll facility; and no tolls or schedules of tolls shall be put in force and operation until so approved. The division may from time to time change and revise such tolls and schedules.

(5) So long as any such toll facility and approaches thereto shall remain the property of the contractor, or his assigns, neither the state, nor the division nor any subdivision of the state, shall permit the construction or operation of any other bridge, viaduct, road, fill or trestle structure which shall conflict in any way with the terms of the contract entered into for the construction of such toll facility and approaches thereto between the contracting person and the division, nor shall the state or any subdivision thereof interfere in any manner with the contracting person, or his assigns, in the maintenance or operation of any such toll facility and approaches thereto, except as may be necessary for the public safety or for the compelling compliance with the contract between the division and such contracting person.

(6) Every such toll facility and approaches thereto to be constructed and erected by any contracting person shall be constructed under the supervision of the Division of Road Operations, and according to plans and specifications made or approved by the division, and the cost thereof to be approved by the division.

**History.**—s. 122, ch. 29965, 1955; ss. 23, 35, ch. 69-106.

### **338.13 Toll facilities; purchase, lease, rent, or termination of.—**

(1) The Division of Road Operations is authorized to purchase, lease or rent annually any ferry and any toll bridge or road, for use in connection with the roads of the state highway system or state park road system.

(2) The division shall have the exclusive right and privilege at any time after 30 years from the completion of any such toll facility and approaches thereto, to purchase and acquire the same from the owner, which option shall be retained by the terms and conditions of the contract between the contracting person and the division when the original contract is made.

(3) The division shall have the right at any time after the completion of any such toll facility and approaches thereto, to lease or rent annually the same from the owner, subject to the terms and conditions provided for in the contract between the contracting person and the division. Upon so entering into any lease or rental of any such toll facility and approaches thereto, the division may provide for a necessary sinking fund to retire the principal value and cost of construction of such facility and approaches thereto. The division shall also have the right to lease and rent annually any toll bridges and roads heretofore constructed on, or connecting any

road of the state highway or state park road system subject to the provisions of this section with respect to the amount of annual rental which may be paid. Any moneys used for any of the purposes provided by this section shall come from funds allocated in the annual budget of the division for such purposes.

(4) The division may, at any time after the completion of any such toll facility, purchase and acquire the same from the owner subject to terms and conditions provided in the contract between the contracting person and the division, and may also purchase and acquire any toll road or bridge constructed under the laws of Florida. In no case shall the division be permitted to take over by purchase any such facility subject to bonded or mortgaged indebtedness, unless such bonded or mortgaged indebtedness shall have been created in favor of an agency of the Federal Government, in which event said purchase is expressly authorized, and providing further, however, that any moneys used for the purposes herein provided shall come from funds allocated in the annual budget of the division.

(5) When, through the construction of roads or bridges, a reasonable alternative route is provided for users of a ferry operated by the State of Florida, and when all legal requirements or bond covenants relating to the operation of such ferry are satisfied, the operation of the ferry shall be terminated by the state.

*History.*—s. 123, ch. 29965, 1955; ss. 23, 35, ch. 69-106; s. 2, ch. 78-378.

#### **338.14 Division of Road Operations may contract with public project owners.—**

(1) The Division of Road Operations is authorized to enter into agreements with any municipal corporation, county, district authority, or any political subdivision, or any agency or commission of the state, each of which is hereafter referred to as the public project owner which has heretofore acquired or constructed any toll revenue-producing bridge, causeway, tunnel, ferry, toll road or any combination thereof hereafter referred to as the project or which has adopted, or may hereafter adopt proceedings pursuant to which such public project owner is to acquire or construct any toll revenue-producing bridge, causeway, tunnel, ferry, road, toll road or any combination thereof hereinafter referred to as the project, for the purpose of doing or agreeing to do any one or more of the following:

(a) Leasing from any public project owner any project or part thereof for such period of years and under such terms and provisions, including provisions for the operation and maintenance thereof either by the public project owner or by the division, as may be considered desirable and be specified in the lease or leases.

(b) Purchasing from any public project owner any project or part thereof under such terms and provisions, including provisions for the operation and maintenance thereof either by the public project owner or by the division, as may be specified in the purchase contract or contracts.

(c) Paying the cost or any part of the cost of the operation and maintenance of any project for such period as may be fixed in such agreement. The payment of such cost may be made a charge upon the general revenues of the division or may be made a

charge solely on certain specified revenues, including revenues derived from the state gasoline tax, or may be made a charge partly upon such general gasoline tax revenues, and a charge partly upon such certain specified revenues.

(d) Entering into such agreements with the federal government and any of its branches or agencies and doing such things as may be necessary to secure federal aid money, and assistance in the acquisition, construction, improvement, repair, maintenance and operation of any project or part thereof.

(e) Constructing, improving, repairing, maintaining or operating any project or part of project.

(f) Making to the public project owner any grant of funds, materials, property, easements, or rights-of-way for use in the acquisition, construction, improvement, repair, maintenance or operation of any project or part thereof.

(g) Operating or maintaining any project or part thereof as a road of the state highway or state park road system or part thereof, and this in spite of the fact that title to such project or part thereof remains in the public project owner. The provisions of any existing law requiring title to the state roads to be vested in the state shall not be operative as to projects or parts of projects made roads of the state highway or state park road system or maintained and operated as such roads under the provisions of this section.

(h) Making available to any public project owner, for paying the cost or part of the cost of constructing, repairing, improving, maintaining or operating any project, any federal aid funds or any other funds under the control of the division which may properly be used for such purposes.

(2) Any such public project owner is hereby authorized to enter into an agreement or agreements with the department for the purpose of accomplishing any one or more of the purposes set out in subsection (1) and any such public project owner may use any funds available to it by authority of law for use on any such project to accomplish any such purposes covered by any such agreement or agreements, and the division is hereby authorized to use federal aid or any state funds appropriated or allocated to it for state road purposes to carry out said agreements with public project owners. Any public project owner which is a county may use any county road and bridge funds from whatever source derived for accomplishing any of said purposes for any such project which is a county purpose.

(3) The division may make any project, or part thereof, a part of the state highway or state park road system, and may make any road of which any project comprises a part, a road of the state highway or state park road system, and may do so either without the vesting of title to such project in the state or under such provision for the later vesting of title in the state as may be considered advisable by the division.

(4) When any agreement shall have been entered into or made under the provisions of this law, any public project owner which is a party thereto or the division shall be entitled and are hereby empowered to enforce the provisions of such agreement through

appropriate action in any court of competent jurisdiction.

(5) Whenever any agreement is made for operation of any project or part thereof by the division under the provisions of this law, the division may either operate such project or part thereof free from tolls or may fix and collect such tolls for the use thereof as it may from time to time see fit as may be provided in such agreement, and if tolls are so charged and collected the division may dispose of such tolls for any purpose and in any manner which it may deem fit and which may be provided in such agreement.

**History.**—s. 124, ch. 29965, 1955; ss. 23, 35, ch. 69-106.  
cf.—s. 337.29 Title to roads in state highway and state park systems.

### **338.15 Division of Road Operations may lease or rent toll bridges of counties and municipalities; exception.—**

(1) When any toll bridge on the state highway or state park road system has been or may be constructed by or for any county or municipality, which county or municipality has issued its bonds or other obligations to pay all or a part of the costs of construction of such bridge, and which bridge is authorized by law to be operated by said county as a toll bridge only for the purpose of paying off the obligations of such county or municipality for the cost of construction of such bridge, upon which event the said bridge will by provision of law become the property of the state, the Division of Road Operations shall have the right and privilege to rent or lease from such county or municipality and to take over, maintain and operate free of tolls such bridge upon paying to said county annually as rental therefor such sum as may be agreed upon between the division and the commissioners of such county or the governing body of such municipality, not to exceed the sum which shall be necessary to pay the interest and meet the requirements of the sinking fund created to retire the obligations of the county incurred in the construction of such bridge, and which rentals shall be applied to that purpose and no other; and which rentals the division may contract for and pay. Any moneys used by the division for the purposes of this section shall be paid out of funds allocated in the annual budget of the division to the district in which the bridge so rented or leased is located.

(2) The provisions of this section shall not apply to any toll bridge constructed by or for any county where the freeholders or qualified electors of such county or municipality shall have voted within 2 years prior to June 5, 1933, at any referendum election, however called or held, to retain tolls for any general or special county purpose; nor to toll bridges located wholly within the corporate limits of any city or town situated in any county having a population of more than 100,000 according to the last federal census.

**History.**—s. 125, ch. 29965, 1955; ss. 23, 35, ch. 69-106.

### **338.16 Certain toll bridges and toll roads prohibited.—**

(1) No person shall establish, build or complete any toll bridge over any stream or body of water on that state road extending from the Georgia state line, at a point on the St. Mary's River known as

Wild's Landing, to Orlando, via Yulee, Jacksonville, Orange Park, Green Cove Springs, Palatka, East Palatka, Crescent City, DeLand, and Sanford heretofore declared, designated and established as a road of the state highway system by the department; nor shall any person establish, build or complete as a toll road any part of the aforesaid state road.

(2) No person shall charge toll for passage over any such toll bridge or toll road on such state road.

(3) In any case where a toll bridge may be established, built or completed by any person at a point not directly on such state road but near thereto, and such bridge shall not be on any public road leading to any community not reached by such state road, but is on a road or way which is in fact only a detour from the state road to furnish passage for travel using such state road, it is unlawful to connect such toll bridge by any road or way leading from such bridge to such state road, and the Division of Road Operations shall prevent such connection from being made, by placing and maintaining a fence or barrier on the right-of-way of such state road across such connecting way or road, and the division may resort to a court of equity to enjoin anyone violating or attempting to violate the provisions of this section.

(4) Nothing contained in this section shall be construed to apply to toll roads or toll bridges heretofore or hereafter established or built on any road or roads which connect with such state road and lead to or serve any community, city or town in the state; and the provisions of this section shall not be construed to repeal or limit in any way any special act of the Legislature providing for or governing the construction and operation of any toll road or bridge.

(5) The terms of this section shall apply in any case where the stream or body of water spanned by the bridge lies partly within the boundary of this state and partly within the boundary of an adjoining state, as well as in case the stream or body of water lies wholly within this state.

(6) Anyone who violates any of the terms of this section shall be guilty of a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083.

**History.**—s. 126, ch. 29965, 1955; ss. 23, 35, ch. 69-106; s. 237, ch. 71-136.

### **338.17 Use of right-of-way for utilities subject to regulation; permit.—**

(1) The Division of Road Operations, commissioners, and authorities of municipalities or special districts hereinafter referred to as the authority having jurisdiction and control of public roads are authorized to prescribe and enforce reasonable regulations with reference to the placing and maintaining along, across, or on any road under their respective jurisdictions any electric transmission, telephone or telegraph lines, pole lines, poles, railways, ditches, sewers, water, heat, or gas mains, pipelines, fences, gasoline tanks and pumps, or other structures hereinafter referred to as the utility.

(2) The authority may grant to any person, who is a resident of this state, or to any corporation organized under the laws of this state, or licensed to do business within this state, the use of a right-of-way for the utility in accordance with such regulations as the authority may adopt. No utility shall be in-

stalled, located, or relocated unless authorized by a written permit issued by the authority. Such permit shall be required when inspection or repair of the utility interferes with the normal flow of traffic.

(3) Nothing herein shall restrict the action of public authorities in extraordinary emergencies. And nothing in this law shall be construed as modifying or abridging the powers conferred upon the Florida Public Service Commission in Title XXVI, the intent of this section being that the power hereby granted to the authorities shall be exercised only in such manner as not to conflict with the valid exercise of powers granted to such commission.

**History.**—s. 127, ch. 29965, 1955; s. 1, ch. 63-279; s. 1, ch. 65-52; ss. 23, 35, ch. 69-106.  
cf.—Ch. 362 Utilities along roads.

### **338.18 Damage to road caused by utility.—**

When any public road is damaged or impaired in any way because of the installation, inspection or repair of any utility located thereon, the owner of the utility shall, at his own expense, restore the road to its original condition before such damage. If the owner fails to make such restoration, the authority is authorized to do so and charge the cost thereof against the owner under the provisions of s. 338.20.

**History.**—s. 128, ch. 29965, 1955.  
cf.—Ch. 362 Utilities along roads.

### **338.19 Relocation of utility; expenses.—**

(1) Any utility heretofore or hereafter placed upon, under, over or along any public road that is found by the state or other authority to be unreasonably interfering in any way with the convenient, safe, or continuous use or maintenance, improvement, extension or expansion of such public road shall, upon 30 days' written notice to the utility or its agent, by the state or other authority be removed or relocated by such utility at its own expense; provided, however, that if the relocation of utility facilities, as referred to in s. 111 of the Federal Aid Highway Act of 1956, Public Law 627 of the Eighty-Fourth Congress, is necessitated by the construction of a project on the Federal Aid Interstate System, including extensions thereof within urban areas, and the cost of such project is eligible and approved for reimbursement by the Federal Government to the extent of 90 percent or more under the Federal Aid Highway Act, or any amendment thereof, then in that event the utility owning or operating such facilities shall relocate same upon order of the Division of Road Operations, and the state shall pay the entire expense properly attributable to such relocation after deducting therefrom any increase in the value of the new facility and any salvage value derived from the old facility.

(2) If such removal or relocation is incidental to work to be done on such road, the notice shall be given at the same time the contract for the work is advertised for bids, or 30 days prior to the commencement of such work by the authority.

(3) Whenever an order of the authority requires such removal or change in the location of any utility from the right-of-way of a public road, and the owner thereof fails to remove or change the same at his own expense to conform to the order within the time stated in the notice, the authority shall proceed to cause the utility to be removed. The expense thereby in-

curred shall be paid out of any money available therefor, and shall, except in those cases where the state is required by subsection (1) to pay the expense, be charged against the owner and levied and collected and paid into the fund from which the expense of such relocation was paid.

**History.**—s. 129, ch. 29965, 1955; s. 1, ch. 57-135; s. 1, ch. 57-1978; ss. 23, 35, ch. 69-106.  
cf.—Ch. 362 Utilities along roads.

### **338.20 Removal or relocation of utility facilities; notice and order; court review.—**

(1) Whenever it shall become necessary for the authority to remove or relocate any utility as provided in the preceding section, the owner of the utility, or his chief agent, shall be given notice of such removal or relocation and an order requiring the payment of the cost thereof, and shall be given reasonable time, which shall not be less than 20 nor more than 30 days, in which to appear before the authority to contest the reasonableness of the order. Should the owner or his representative not appear, the determination of the cost to the owner shall be final. Authorities considered agencies for the purposes of chapter 120 shall adjudicate removal or relocation of utilities pursuant to chapter 120.

(2) A final order of the authority shall constitute a lien on any property of the owner and may be enforced by filing an authenticated copy of the order in the office of the clerk of the circuit court of the county wherein the owner's property is located.

(3) The owner may obtain judicial review of the final order of the authority within the time and in the manner provided by the Florida Appellate Rules by filing in the circuit court of the county in which the utility was relocated a petition for a writ of certiorari in the manner prescribed by said rules or in the manner provided by chapter 120 when the respondent is an agency for purposes of chapter 120.

### **338.21 Elimination of railway-highway crossing hazards.—**

(1) The Department of Transportation, in cooperation with the several railroad companies operating in the state, shall determine and adopt a program for the expenditure of moneys now available, and of the moneys to become available, for the construction cost of projects for the elimination of hazards of railway-highway crossings.

(2) Every railroad company maintaining a railway-highway crossing shall, upon reasonable demand and notice from the department, install, maintain, and operate at such crossing an automatic flashing light signal and ringing bell, the design of which shall be approved by the department, so that it will give to the users of such road reasonable warning of the approach of trains or cars on the tracks of said railroad company, the cost of such signals and the expense of installation to be paid from the moneys described in subsection (1).

(3) The department shall have regulatory authority over all public railroad crossings in the state, including the authority to issue a permit for the opening and closing of such crossings.

(4) The department is authorized to regulate the speed limits of railroad traffic on a municipal, coun-

ty, regional, or statewide basis.

(5) Jurisdiction to enforce rules and regulations so adopted shall be as provided in s. '316.640, and any penalty for violation of a rule and regulation so adopted shall be imposed upon the railroad company. Nothing herein shall prevent a city, county, or

other public authority from passing an ordinance relating to the blocking of a crossing as provided in chapter 351.

**339.04 Disposition of proceeds of sale or lease of realty by Division of Administration.**—Any money derived from the sale, lease or conveyance of any property by the Division of Administration shall be deposited in the state treasury and placed in the state transportation trust fund.

**History.**—s. 135, ch. 29965, 1955; s. 2, ch. 61-119; ss. 23, 35, ch. 69-106; s. 1, ch. 71-39; ss. 2, 3, ch. 73-57.

**339.05 Assent to federal aid given.**—The state hereby assents to the provisions of the Act of Congress approved July 11, 1916, known as the Federal Aid Law, which Act of Congress is entitled, "An act to provide that the United States shall aid the states

in the construction of rural post roads and for other purposes," and assents to all subsequent amendments to such Act of Congress and any other act heretofore passed or that may be hereafter passed providing for federal aid to the states for the construction of highways and other related projects. The Division of Road Operations is authorized to make application for the advancement of federal funds and to make all contracts and do all things necessary to cooperate with the United States Government in the construction of roads under the provisions of said Acts of Congress and all amendments thereto.

**History.**—s. 136, ch. 29965, 1955; ss. 23, 35, ch. 69-106.

**339.06 Division of Road Operations may amortize advancements from United States.**—The Division of Road Operations may set aside, from any revenues allocated to it by law, such sums as are necessary and sufficient to properly amortize any amount advanced under Act of Congress, and to make suitable provision from year to year in its annual budget for such amortization.

**History.**—s. 137, ch. 29965, 1955; ss. 23, 35, ch. 69-106.

**339.07 National aid expended under supervision of Division of Road Operations.**—All funds and all road building equipment, supplies and materials that have heretofore or may hereafter be apportioned to this state by Congress to aid and assist in road building shall be expended and used under the control and supervision of the Division of Road Operations, and any and all expenses necessary to secure such equipment, supplies and materials for the use of the state to be used on the roads under the supervision of the division, are authorized to be paid out of the state transportation trust fund.

**History.**—s. 138, ch. 29965, 1955; s. 24, ch. 57-1; s. 2, ch. 61-119; ss. 23, 35, ch. 69-106; ss. 2, 3, ch. 73-57.

**339.08 Use of gas tax revenue by department.**—

(1) The department shall by regulation provide for the expenditure of the proceeds of the first gas tax accruing to the Division of Road Operations, in accordance with its annual budget.

(2) Such regulations shall provide that the use of the first gas tax be restricted to the following purposes:

(a) To pay administrative expenses of the department, including administrative expenses incurred by the several state road districts.

(b) To pay the cost of construction of the state highway system and state park road system, including amounts necessary to match federal aid funds for such purposes. The department shall also match federal aid highway funds allocated to the county road and city street systems.

(c) To pay the cost of maintaining the state highway system and state park road system.

(d) To make such other lawful expenditures of the department for the payment of which no other funds may be specified, including the payment of

compensation to employees of the Division of Road Operations except those employees whose jobs are designated as "J" in the official Florida merit system pay plan for overtime work in excess of 40 hours per week or other accepted standard work week, in cash or by way of compensatory time as may be prescribed by regulation of the department. Any other laws in conflict herewith are hereby repealed.

(e) To pay the cost of maintaining state roads which were classified or maintained as primary roads on January 1, 1956, and not included by the road board in the state primary highway system when said system was reclassified by the road board in June, 1956, pursuant to the provisions of this code.

(3)(a) The department may use available funds for the preparation of preliminary engineering plans with valid cost estimates, which plans and estimates shall be completed prior to the issuance of any bonds on all revenue-producing transportation projects. However, the department shall be reimbursed for the costs incurred for such preparation from the proceeds of the bond issue.

(b) The department shall not use or pledge the proceeds of the first gas tax on any revenue-producing transportation project without legislative approval. This limitation on pledging the proceeds of the first gas tax shall in no way impair the ability of the department or the counties to enter into covenants to complete transportation projects from all other legally available funds.

(c) No state bonds shall be sold for any revenue-producing transportation project if the proceedings authorizing such bonds include a covenant to complete by the department from the proceeds of the first gas tax until the department shall have made cost estimates based on the most current information available after approval of the final environmental impact statement for such project and shall have determined based on such estimates that the projected available funds for any such project, excluding the use of any proceeds from the first gas tax pursuant to a covenant to complete, are sufficient to pay for such project. No additions shall be made to any revenue-producing project for which a covenant to complete from the first gas tax has been made which would expand the scope of such project unless such additions are specifically approved by the Legislature. For the purposes of this subsection, "project scope" shall mean the terminal points, the number of interchanges, and grade separations as approved by the Legislature. No contingency funds in the construction trust fund for any revenue-producing project for which a covenant to complete from the first gas tax has been made shall be expended for any purpose other than such project until the completion of such project; however, such funds may be expended for other purposes if permitted by the proceedings authorizing such bonds and if the department certifies to the Executive Office of the Governor that such contingency funds are not required for the completion of the project and are available and sufficient for such other purposes and the Executive Office of the Governor approves such certification in writing to the department.

(d) In any lease-purchase agreement, which includes a covenant to complete by the department

from the proceeds of the first gas tax, the department shall provide for the expeditious repayment of any and all costs incurred by the department as a result of the covenant to complete the transportation project. Such agreement shall provide for such repayment from excess tolls or second gas tax proceeds not required for payment of principal, interest, reserves, and other required deposits for the bonds and for the annual reimbursement from tolls or other local moneys or both, to the extent legally available, of all operating and maintenance costs of the facilities, as provided by the applicable provisions of the State Constitution and the bond proceedings.

(e) The provisions of subsections (c) and (d) shall not apply to any revenue-producing project approved by the Legislature prior to July 1, 1978.

(4)(a) Beginning July 1, 1977, the department shall develop and implement a phased transfer of the administrative responsibility for construction programs financed by the 80 percent portion of the second gas tax to the respective counties. In counties of over 100,000 population, this transfer of responsibility shall be made at the rate of not less than 20 percent per year and shall be completed by July 1, 1980. In counties having less than 100,000 population, there shall be an orderly transfer of responsibility, but in no case shall the transfer extend beyond July 1, 1980.

(b) All projects let to construction contract on or before June 30, 1977, shall be completed by the department. If requested by a county, the department may undertake or complete all stages of a project if it can be completed through the construction stage by July 1, 1980. Adequate arrangements shall be agreed to between the counties and the department to ensure that the department has sufficient funds to complete its projects as previously indicated.

(c) The Department of Transportation shall, until July 1, 1980, lend its assistance, advice, and counsel to the counties, when requested, in order to assist in the development of a program for the management of the county road program. This assistance may include such areas as consultant procurement, right-of-way acquisition, specifications, and construction inspection.

(5) The department is required to maintain on deposit with the State Board of Administration all proceeds of the 80 percent surplus of the second gas tax. The department shall by regulation provide for the transfer of the proceeds of the 80 percent surplus of the second gas tax in each county's account necessary to meet the current expenditures of the several counties. No county shall submit a voucher for transfer of funds unless such funds are to reimburse a prior expenditure or to maintain sufficient funds to meet anticipated expenditures for the next 60 days. Such transfers shall be processed by the department within 3 working days of receipt of the county's voucher. Such regulations shall not provide for department approval or control over county expenditures, but are to provide for routine processing of transfer vouchers from the State Board of Administration to the counties and for the investment of said second gas tax funds so as to maximize investment earnings to the counties. The department shall not charge any fees or allocate department overhead to

the counties for these services.

(6) The department is authorized to advance second gas tax trust funds to the Working Capital Trust Fund in an amount not to exceed \$22,500,000. However, nothing herein contained shall in any way impair the present county road and bridge district bonds, revenue certificates, or other valid obligations of the respective counties. The department shall replace the second gas tax funds in the Working Capital Trust Fund by July 1, 1983.

**History.**—s. 139, ch. 29965, 1955; s. 1, ch. 31416, 1956; s. 19, ch. 57-318; s. 1, ch. 63-219; ss. 23, 35, ch. 69-106; s. 13, ch. 77-165; s. 4, ch. 77-416; s. 1, ch. 78-286; s. 118, ch. 79-190.

### **339.081 State Transportation Trust Fund; accounts.—**

(1) The State Comptroller shall maintain within the State Transportation Trust Fund the following accounts:

(a) The restricted state roads moneys account to which shall be credited the proceeds of the gas taxes referred to in s. 339.08 (3) and (4). No moneys shall be paid out or transferred from this account except pursuant to a duly adopted resolution of the appropriate board of county commissioners which resolution shall be filed with the Comptroller; provided, however, nothing herein shall prohibit transfers made pursuant to s. 215.18.

(b) The unrestricted state roads moneys account to which shall be credited all other funds accruing to the Division of Road Operations which are not otherwise required to be maintained in separate accounts.

(c) Such other accounts as may be authorized by bond resolutions or agreements with any other public bodies or agencies.

(2) The unrestricted state road moneys may be used on the secondary roads of any county only on such terms and conditions as shall be prescribed by the Division of Road Operations and entered in its records.

(3) No engineering shall be furnished or charged to the Secondary Road Trust Fund except upon request by resolution of the board of county commissioners.

**History.**—s. 1, ch. 61-492; ss. 23, 35, ch. 69-106; ss. 2, 3, ch. 73-57.

### **339.083 County transportation trust fund; controls and administrative remedies.—**

(1) Each county shall establish and maintain a transportation trust fund for all transportation-related revenues and expenditures. All funds received by a county for transportation shall be deposited into this fund. No expenditures other than transportation expenditures authorized by law shall be made from said fund. Each county shall use a uniform accounts classification system approved by the State Comptroller.

(2) The Auditor General shall conduct an audit of each such special trust fund at such intervals of time as practicable and in accordance with s. 11.45, to assure that the surplus of the second gas tax distributed to each county is being expended in accordance with law. If, as a result of an audit, the Auditor General determines that a county has violated the constitutional or statutory requirements for expenditure of transportation funds, he shall immediately notify the county. The county shall have an oppor-

tunity to respond to the auditor's report within 30 days after the date of written notification to the county. If the Auditor General refuses to modify or repeal his findings, the county may have such findings reviewed pursuant to the provisions of the Administrative Procedure Act, chapter 120. If the findings of the Auditor General are upheld after exhaustion of all administrative and legal remedies of the county, no further surplus second gas tax funds in excess of funds for committed projects shall be distributed to the violating county until the county corrects the matters cited by the Auditor General and such corrections have been certified by the Auditor General as having been completed.

**History.**—s. 14, ch. 77-165.

### **339.089 Use by counties of the surplus from the second gas tax.—**

(1) Any county which has agreed prior to July 1, 1977, by resolution, to use the surplus of the second gas tax to provide a connecting road to a planned interchange on the interstate system shall provide such connecting road.

(2) Any surplus which is not otherwise used to provide connecting roads pursuant to subsection (1) shall be used on the county road system, as defined in s. 334.03(23).

**History.**—s. 9, ch. 77-165; s. 2, ch. 79-357.

### **339.09 Use of gasoline tax revenues restricted.—**

(1) Funds available to the Division of Road Operations of the Department of Transportation or to any county from any gasoline tax revenues shall not be used for any nontransportation purposes. However, the division shall construct and maintain roads, parking areas, and other transportation facilities adjacent to and within the grounds of state institutions, public community colleges, farmers' markets, and wayside parks or state park roads upon request of the proper authorities.

(2) When funds are needed for welcome stations, the cost of such improvements shall be budgeted by the Division of Economic Development of the Department of Commerce and be subject to legislative approval and appropriation from the proper fund.

(3) Such improvements as provided in (2) shall be made by the Division of Road Operations, or pursuant to contract under its supervision, at the expense of the Division of Economic Development of the Department of Commerce on the basis of the cost of such improvements.

(4) The Division of Road Operations may, in cooperation with the Federal Government, expend gasoline tax revenue pursuant to regulations adopted by the department, for undesirable rodent control, relocation assistance, and moving costs to persons displaced by highway construction to the extent, but only to the extent, required by Federal Law to be undertaken by the state to continue to be eligible for federal highway funds.

(5) The Department of Transportation may expend gasoline tax revenues or any other available funds, pursuant to regulations adopted by the department, on nonfederal aid projects which shall include relocation assistance and moving costs to persons displaced by transportation facilities or other

related projects. Such regulations shall, in no case, exceed the provisions of the Federal Uniform Relocation Assistance and Real Property Acquisition Act of 1970. The department shall have the authority to carry out its responsibilities under this act; however, such authority shall not extend to the power of eminent domain. Whenever possible such costs shall be financed out of funds used for the principal project.

**History.**—s. 140, ch. 29965, 1955; s. 1, ch. 63-385; s. 1, ch. 69-233; ss. 17, 23, 35, ch. 69-106; s. 7, ch. 70-239; s. 1, ch. 72-208; s. 70, ch. 72-221; s. 1, ch. 73-283; s. 1, ch. 77-174.

**339.091 Declaration of legislative intent.**—It is the intent of the Legislature to recognize that safe and efficient transportation is a matter of important interest to all the people of the state, and it determines and declares that:

(1) It is in the interest of the state to have a continuing program within the designated boundaries of urban areas designed to reduce traffic congestion and to facilitate the flow of traffic, and that it is necessary to provide funds for such purposes.

(2) Programs such as "Urban Traffic Operation Program for Increasing Capacity and Safety," referred to herein as TOPICS, are cooperative programs to be financed by the federal, state, and local governments.

**History.**—s. 1, ch. 71-216.

**339.092 Use of gas revenues; state roads money.**—

(1) It shall be permissible for the Department of Transportation to expend both restricted and unrestricted state roads moneys and gas tax revenues to match federal funds for planning, design, construction of streets, highway signalization, and lighting, which are not on the state highway system. However, the local government shall agree in writing to provide its pro rata share of matching funds, if such is required, and to maintain the project or projects after same have been completed.

(2) Nothing in s. 339.08, s. 339.081, or s. 339.09 shall be construed to prevent the carrying out of the provisions of subsection (1).

(3) Nothing in the authorization set forth in this section or s. 339.091 shall be construed to permit the expenditure of public funds in such manner or for such projects as would violate the State Constitution, or the trust indenture of any bond issue or which would cause the state to lose any federal aid funds for highway or transportation purposes. The provisions of this section and s. 339.091 shall be applied in a manner to avoid such result.

**History.**—s. 2, ch. 71-216.

**339.10 Confirming advances of first gas tax funds to counties; authorizing advances in the future.**—

(1) The action of the department in making advances of first gas tax funds to certain of the counties which were financially unable to supply the necessary funds for the acquisition of state road rights-of-way and for the construction of sections of state roads in the county to be repaid from future gasoline tax surpluses accruing to such counties, be and the same is hereby confirmed and approved.

(2) The department, whenever it deems it advisa-

ble and in the best interest of the state because of the financial inability of a county to provide the necessary funds or in order to anticipate future surplus gasoline tax funds accruing to the county, may make advances of first gas tax funds to a county for the acquisition of rights-of-way for roads of the state primary highway system therein or for the construction of road projects of the state primary highway system therein to be repaid out of any future accruals to the county of gasoline tax funds to be expended therein by the county or by the department.

(3) Any such advance shall be made the subject of a written agreement between the Division of Road Operations and the commissioners, and a copy thereof shall be furnished the State Comptroller and the State Board of Administration. The agreement shall provide that all right-of-way acquisitions by the county shall be under the supervision of the Division of Administration of the Department of Transportation and the advanced funds shall be paid directly for right-of-way parcels purchased or condemned upon requisitions of said division, which are audited and approved by the State Comptroller and for which state warrants are drawn by the State Comptroller, countersigned by the Governor. All construction fund advances shall be expended under construction contracts let and supervised by the Division of Road Operations. Such agreement shall provide for the repayment of such advance out of any gasoline taxes accruing to the county or to the Division of Road Operations for expenditure therein.

(4) The department shall adopt and promulgate appropriate rules and regulations to effectuate the provisions of this section.

(5) This section shall be cumulative and is not intended to repeal any existing authority conferred upon the department and the several counties with reference to the subjects dealt with herein.

**History.**—s. 141, ch. 29965, 1955; s. 2, ch. 61-119; ss. 23, 35, ch. 69-106. cf.—s. 339.08 Use of gas tax revenues by department.

**339.12 Contributions by state and county units; bond transfers; federal aid.**—

(1) Any department of this state, and any county, or any special road and bridge district in this state, may aid in the construction or maintenance of any state road, by contributions to the Division of Road Operations of cash, bonds, time warrants, or other things of value in the construction or maintenance of roads.

(2) The division may accept and receive such aid and any such contributions and dispose and use the same in the construction or maintenance of such road.

(3) In case any such aid or contribution is given or made by any county or special road and bridge district, such aid or contribution shall be used by the Division of Road Operations only in the construction or maintenance of such state roads in the county or special road and bridge district as shall be designated and agreed upon by the division and the officials of such county or special road and bridge district.

(4) Upon accepting the contribution of road bonds, the division shall enter into agreements with the commissioners of the county in which such road bonds have been voted by the people, for the construction of the roads and bridges in accordance with

specifications agreed upon between the division and the commissioners of such county. The division shall receive from such county in consideration thereof, the net proceeds of the sale of the bonds so voted, after deducting expenses and commission on the sale and administration of such bonds. The division in no instance is to receive from such county an amount in excess of the actual cost of the construction of such roads.

(5) In case any county or special road and bridge district shall transfer and deliver to the division, any county or special road and bridge district road bonds or time warrants under the terms herein provided, such transfer and delivery shall be taken and construed as a sale and delivery of such bonds or time warrants at par or face value thereof.

(a) The division shall agree in writing to expend as much or more than the par or face value of such bonds or time warrants in the construction or maintenance of state roads in the county or special road and bridge district as shall be designated and agreed upon by the division and the officials of the county or special road and bridge district.

(b) The terms herein provided shall apply in any case where such bonds or time warrants have been voted or authorized to be issued.

(6) Trustees, who shall be qualified to act in behalf of any county or special road and bridge district, when such bond issue is transferred to the division, under the provisions of this law, shall be entitled to receive the same compensation, payable in the same manner, as if the bond issue had been sold for cash and the proceeds thereof disbursed by such trustees.

(7) The provisions of this law shall not be construed to require either the commissioners of any county, or the officials of any special road and bridge district, or the Division of Road Operations to enter into an agreement for the transfer of such bonds or time warrants as are mentioned herein, but such transfer and assignment shall at all times be within the discretion of the division and such county and district officials.

(8) The division may propose and obtain the designation of any of the said roads and bridges so to be constructed, as federal aid projects, and obtain from the United States payment on account of such construction in accordance with existing regulations.

(9) The federal aid money obtained under subsection (8) of this section shall first be applied to the completion of the roads for which said bonds have been voted, if the money from the bonds is not sufficient therefor, and any residue shall be expended in the construction of any state road that the division and the commissioners of the county may agree upon.

**History.**—s. 143, ch. 29965, 1955; ss. 23, 35, ch. 69-106; s. 1, ch. 75-146; s. 2, ch. 78-286.

**339.24 Beautification of roads by department, counties, and cities; wayside parks; rules and regulations; enforcement; penalty.—**

(1) The department, the commissioners of the several counties, and all municipal corporations may include as a part of their programs of road and street construction and maintenance, the conservation of the natural roadside growths and scenery, and the beautification of roads or streets by the res-

toration, planting, replanting, seeding and reseed-ing, of grasses, plants, shrubs, rootstocks or trees, and the maintenance of same along the roadside of all roads or streets.

(2) Expenditures for such purposes shall be considered proper expenditures for highway construction or maintenance.

(3) The department is authorized to expend first gas tax funds to acquire, by donation or purchase, and to lay out, develop, improve, operate, and maintain, appropriate roadside or wayside parks, rest areas, boat ramps, and similar facilities under its jurisdiction at sites selected by the department.

(4) The department is authorized to adopt rules regulating the use of wayside parks, rest areas, boat ramps, and similar facilities under its jurisdiction.

(5) Any person who violates any provision of this section or any rule or regulation adopted pursuant thereto after having been duly warned by department personnel, law enforcement officers, or properly erected posted signs shall be deemed guilty of trespass and shall be punished as provided in s. 810.08, s. 810.09, or s. 810.10.

**History.**—s. 155, ch. 29965, 1955; s. 2, ch. 61-119; ss. 23, 35, ch. 69-106; s. 1, ch. 73-189; s. 101, ch. 77-104; s. 56, ch. 78-95.  
cf.—s. 335.16 Wayside parks and access roads to public waters.

**339.241 Florida Junkyard Control Law.—**

(1) **SHORT TITLE.**—This section shall be known as the "Florida Junkyard Control Law."

(2) **DEFINITIONS.**—Wherever used or referred to in this section, unless a different meaning clearly appears from the context:

(a) "Automobile graveyard" means any establishment or place of business which is maintained, used, or operated for storing, keeping, buying, or selling wrecked, scrapped, ruined, or dismantled motor vehicles or motor vehicle parts.

(b) "Junk," "junkyard," and "scrap metal processing facility" means the same as described in paragraphs 205.371(1)(a), (b), and (e).

(c) "Areas zoned for industrial use" means all areas zoned for industrial use by municipal or county governmental units within the state or an unzoned industrial area as defined by the department and approved by the secretary of transportation. Such areas must be based upon the existence of at least one industrial activity other than the junkyard or scrap metal processing plant.

(d) "Distance from edge of right-of-way" means the distance presently defined in subsection (g), section 136, title 23, United States Code.

(e) "Fence" means an enclosure so constructed or planted and maintained as to obscure the junkyard from ordinary view to those persons passing upon the highways in this state.

(f) "Interstate highway" means the system presently defined in subsection (e), section 103, title 23, United States Code.

(g) "Federal aid primary highway" means any highway within that portion of the state highway system as included and maintained under chapter 335, including extensions of such system within municipalities, which has been approved by the Secretary of Transportation pursuant to subsection (b), section 103, title 23, United States Code.

(h) "Person" means any individual, firm, agency,

company, association, partnership, business trust, joint stock company, or corporation.

(i) "Department" means the Department of Transportation of the state.

(3) **RESTRICTIONS AS TO LOCATION.**—No junk, junkyard, automobile graveyard, or scrap metal processing facility shall be operated or maintained within 1,000 feet of the nearest edge of the right-of-way of any interstate or primary highway, except the following:

(a) Junkyards which are screened by natural objects, plantings, fences or other appropriate means so as not to be visible from the main traveled way of the highway or otherwise removed from sight.

(b) Junkyards or scrap metal processing facilities which are located in areas which are zoned for industrial use.

(c) Junkyards or scrap metal processing facilities which are not visible from the main traveled way of any interstate or primary highway.

Any junkyard in existence on December 8, 1971 which the secretary determines cannot be screened because of topography and elevation shall not be required under this section to be removed, relocated, or disposed of until federal funds are available.

(4) **REQUIREMENTS AS TO FENCES; RULES AND REGULATIONS; EXPENDITURE OF FUNDS.**—

(a) A fence constructed under the provisions of this section shall be kept in good order and repair, and any advertisement thereon shall be regulated by applicable state law.

(b) The department shall have the power to promulgate rules and regulations governing the location, construction, plantings, and materials of said fence, living or otherwise.

(c) The department is authorized to spend such funds as are necessary to obtain federal-aid funds for the purposes described in this subsection.

(5) **EMINENT DOMAIN.**—The power of eminent domain is vested in the department to condemn such interests in land as the department shall determine are required for the purposes of screening, relocation, removal, or disposal of junkyards and scrap metal processing facilities. Such condemnation proceedings shall be maintained in the name of the department under the procedure defined and set forth in chapters 73 and 74. Such relocation, removal, or disposal, for which compensation shall be paid, shall be restricted to those projects wherein federal participation is available.

(6) **ENFORCEMENT.**—It is the function and duty of the department to administer and enforce the provisions of this section. In addition to the power of eminent domain, negotiation, and compensation, the department or any public official may apply to the circuit court or other court of competent jurisdiction of the county in which said junkyard or scrap metal processing facility may be located for an injunction to abate such nuisance.

(7) **PENALTY.**—Any person violating any provision of this section shall be subject to fine of not less than \$50 or more than \$200. Each day during any

portion of which such violation occurs constitutes a continuing separate offense.

*History.*—ss. 1-6, ch. 71-338; ss. 1-7, ch. 71-972.

**339.25 Trees and shrubbery; removal or damage; penalty.**—

(1) The removal or cutting or marring or defacing or destruction of any trees or shrubbery which are either planted or natural growths within the rights-of-way of roads of the state highway or state park road system, and which are maintained by the Division of Road Operations as a part of its highway beautification program is prohibited.

(2) It is unlawful for any person to remove, cut, mar, deface or destroy any of said trees or shrubbery without first securing the written permission of the division.

(3) Any person violating the provisions of this section shall be guilty of a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083.

*History.*—s. 156, ch. 29965, 1955; ss. 23, 35, ch. 69-106; s. 238, ch. 71-136. cf.—s. 861.11 Penalty for cutting or destroying shade trees along public roads.

**339.27 Fishing from state road bridges; walkways authorized.**—

(1) The department is authorized to investigate and determine whether it is detrimental to traffic safety and dangerous to human life for any person to fish from any state road bridge. When the department, after due investigation, so determines that it is dangerous for persons to fish from any such bridge, the Division of Road Operations shall thereupon post appropriate signs on such bridge stating that fishing therefrom is prohibited.

(2) It shall be a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083, for any person to fish from any bridge which the department has determined is dangerous to fish therefrom and has posted signs as provided in subsection (1).

(3) All enforcement officers, including Florida Highway Patrol officers, shall enforce the provisions of this section.

(4) This section shall be cumulative and is not intended to repeal special laws making it unlawful to fish from any bridge.

(5) Any state, county or municipal agency or authority charged with the maintenance and construction of public roads and bridges is authorized to construct and maintain pedestrian walkways, fishing walks or fishing bays on public bridges under its jurisdiction whenever it is deemed necessary to do so in the interest of safety.

*History.*—s. 158, ch. 29965, 1955; ss. 23, 35, ch. 69-106; s. 239, ch. 71-136.

**339.28 Injuring boundary marks, guideposts, etc.**—Whoever willfully and maliciously damages, removes or destroys any milestone, mileboard or guideboard erected upon a highway or other public way, or willfully and maliciously defaces or alters the inscription on any such marker, or extinguishes any lamp, or breaks or removes any lamp or lamp-post or railing or post erected on any bridge, sidewalk, street, or highway, shall be guilty of a misde-

meanor of the second degree, punishable as provided in s. 775.082 or s. 775.083.

**History.**—s. 159, ch. 29965, 1955; s. 240, ch. 71-136.

**339.281 Marine accident report required for damage to bridge or highway facility; investigative authorities; adoption of rules; penalties.—**

(1) Whenever any vessel has caused damage to any bridge or highway facility, the managing owner, agent, or master of such vessel shall immediately, or as soon thereafter as possible, report the same to the nearest Florida Marine Patrol, the sheriff of the county wherein such accident occurred, the Game and Fresh Water Fish Commission, or the Florida Highway Patrol, who shall immediately go to the scene of the accident and, if necessary, board the vessel subsequent to the accident in pursuance of its investigation.

(2) The department shall make, adopt, promulgate, amend, or repeal rules and regulations necessary for carrying out the functions, duties, and responsibilities imposed by this section.

(3) Any person violating any of the provisions of this section or rules and regulations adopted pursuant thereto shall be deemed guilty of a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

**History.**—s. 1, ch. 73-187.

**339.30 Unlawful use of limited access facilities; penalties.—**

(1) On limited access facilities it shall be unlawful for any person:

(a) To drive a vehicle over, upon, or across any curb, central dividing section or other separation or dividing line.

(b) To make a left turn, a semicircular or U-turn except through an opening provided for that purpose in the dividing curb section, separation, or line.

(c) To drive any vehicle except in the proper lane provided for that purpose and in the proper direction and to the right of the central dividing curb, separation section, or line.

(d) To drive any vehicle into the limited access facility from a local service road except through an opening provided for that purpose in the dividing curb or dividing section or dividing line which separates such service road from the limited access facility proper.

(e) To go on foot upon the expressway or ramps connecting an expressway to any other street or highway; provided that this paragraph shall not apply to maintenance personnel of the department or any governmental subdivision.

(f) To operate upon an expressway any vehicle which by its design or condition is incompatible with the safe and expedient movement of traffic, including but not limited to bicycles, motor-driven cycles, or animal-drawn vehicles. It is unlawful for any person to ride any horse, mule, or other animal upon the expressway or its shoulders.

(g) To park, stand, or stop a vehicle on the paved roadway of the expressway or on the paved portion of any ramp connecting such expressway to any other street or highway, or upon the shoulder of any expressway; provided that disabled vehicles, and vehicles in improper condition to be driven due to me-

chanical failure or accident may be parked on such shoulders for a period not to exceed 6 hours. This section shall not be applicable to vehicles stopping to render aid to injured persons, assistance to disabled vehicles in obedience to the directions of law officers, or in compliance with applicable traffic laws.

(h) To stop or decrease the speed of a vehicle for the purpose of receiving or depositing passengers on the paved roadway of the expressway, on the paved portion of any ramp connecting such expressway to any other street or highway, or upon the shoulder of any expressway. This paragraph shall not be applicable to vehicles stopped to render aid to injured persons or assistance to disabled vehicles or in obedience to directions of law officers.

(2) For purposes of this section, motor-driven cycles includes every motorcycle, motor scooter or motor bicycle capable of producing not more than 5-brake horsepower.

(3) Any person who violates any of the provisions of this section shall be punished in accordance with s. 316.655.

**History.**—s. 161, ch. 29965, 1955; s. 1, ch. 63-90; s. 1, ch. 67-37; s. 1, ch. 67-79; ss. 23, 35, ch. 69-106; s. 241, ch. 71-136; s. 7, ch. 74-377; s. 50, ch. 76-31.

**339.301 Unlawful commercial use of state-maintained road right-of-way; penalties.—**

(1) Except when otherwise authorized by law or by the rules and regulations of the department, it is unlawful to make any commercial use of the right-of-way of any state-maintained road, including appendages thereto, and also including, but not limited to, rest areas, wayside parks, boat-launching ramps, weigh stations, and scenic easements. Such prohibited uses include, but are not limited to, the sale, or the display for sale, of any merchandise, the servicing or repairing of any vehicle except the rendering of emergency service, the storage of vehicles being serviced or repaired on abutting property or elsewhere, the solicitation for the sale of goods, property, or services or for charitable purposes, and the display of advertising of any sort, except that any portion of a state-maintained road may be used for an art festival, parade, fair, or other special event if controlled or permitted by the appropriate governing body or authority. No activity or event authorized by this subsection shall take place unless written approval has been obtained from the Department of Transportation. Nothing in this subsection shall be construed to authorize such activities on the interstate highway system.

(2) Persons holding valid peddlers' licenses issued by appropriate governmental agencies may make sales from vehicles standing on the right-of-way to occupants of abutting property only.

(3) The Department of Highway Safety and Motor Vehicles and police officers in general are authorized and directed to enforce this statute.

(4) Violation of any provision of this section or any rule and regulation promulgated by the department pursuant to this section shall constitute a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083, and each day a

violation continues to exist shall constitute a separate offense.

**History.**—s. 1, ch. 73-188; s. 1, ch. 79-30.

**Note.**—The word "or" was substituted for "and" by the editors.

**339.305 Payment of toll on toll facilities required; exemptions.**—No persons except employees of the agency operating the toll project when using the toll facility on official state business, state military personnel as defined in s. 347.19 and persons exempt from toll payment by the authorizing resolution for bonds issued to finance the facility, shall be permitted to use any toll facility operated by the department without payment of tolls; and failure to pay the prescribed toll shall constitute a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083.

**History.**—s. 1, ch. 59-70; ss. 23, 35, ch. 69-106; s. 243, ch. 71-136; s. 102, ch. 77-104.

**Note.**—Former s. 340.121.

**339.31 Obstructing highway.**—Whoever obstructs any public road or established highway by fencing across or into the same, or by willfully causing any other obstruction in or to such road or highway, or any part thereof, shall be guilty of a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083, and the judgment of the court shall also be that the obstruction be removed.

**History.**—s. 162, ch. 29965, 1955; s. 242, ch. 71-136.  
cf.—s. 861.01 Obstructing highways.

**339.32 Microfilming of records by department.**—The department is authorized to photograph, microphotograph or reproduce on film, whereby each page will be exposed in exact conformity with the original, all its documents, records, maps, data and information of a permanent character, including its personnel records, payrolls, maps, designs and drawings, periodic reports, data of cost and type histories of roads, its data of studies and research, its historical road data, right-of-way deeds, easements and releases, agreements covering roads and bridges, condemnation judgments, all contracts and agreements extending over a period of years, permits issued utilities and others, agreements with U. S. Bureau of Public Roads, Public Roads Administration, counties, cities and other governmental sub-

divisions and agencies, road board minute records, fiscal data of a permanent character that should be preserved as records and such other documents, data and records as it may in its discretion select. The department is authorized to destroy any documents after they have been photographed and filed except the original minutes of the meetings of the board and such title deeds, easements, leases and releases relating to the right-of-way of state roads and other property owned or leased by the department, which it deems should be preserved in original form. Photographs or microphotographs in the form of film or print of any records made in compliance with the provisions of this section shall have the same force and effect as the originals for the purpose of their admissibility in evidence. Duly certified or authenticated reproductions of such photographs or microphotographs shall be admitted in evidence equally with original photographs or microphotographs.

**History.**—s. 163, ch. 29965, 1955; ss. 23, 35, ch. 69-106; s. 1, ch. 73-305.

**339.33 Road signs may be manufactured at state prison.**—All signs used by the Division of Road Operations to designate and mark highways and all signs used as warning and traffic signs may be manufactured by the state convicts at the state prison, provided that the cost of manufacturing these signs does not exceed the cost of an outside manufacturer. The division will use these signs upon their being proved to be equal in quality to signs manufactured by outside concerns.

**History.**—s. 164, ch. 29965, 1955; ss. 23, 35, ch. 69-106.

**339.34 Copy of laws to be furnished to department.**—The Department of State shall furnish to the Department of Transportation, without charge, a copy of the laws of the state in like manner as said laws are furnished to other state officials.

**History.**—s. 165, ch. 29965, 1955; ss. 10, 23, 35, ch. 69-106.

**339.35 Prior contracts validated.**—Nothing contained in this law shall affect any contract or instrument validly executed prior to the effective date of this law.

**340.01 Short title.**—This chapter shall be known and may be cited as "Florida Turnpike Law."

**History.**—s. 1, ch. 28128, 1953.

**340.011 Definitions.**—As used in this chapter, the following words and terms shall have the following meanings, unless the context shall indicate another or different meaning or intent:

(1) "Department" means the Department of Transportation.

(2) "Project" or "turnpike project" shall mean any limited access express highway acquired or constructed or to be acquired or constructed under the provisions of this chapter, at the locations herein established or established by the department pursuant to the provisions of this chapter, or at such other locations as may be hereafter established by law,

having center divisions, ample shoulder widths, long-sight distances, lanes in each direction and grade separations at intersections with public roads and at intersections with all railroads, and shall include, but not be limited to, all bridges, causeways, tunnels, overpasses, underpasses, traffic circles, interchanges, feeder roads, landscaping, entrance plazas, approaches, tollhouses, service areas, communication facilities, such facilities for motor fuel and food as the department may deem necessary or desirable, and administration, storage and other buildings which the department may deem necessary for the operation of such project, together with all land, rights-of-way, property, rights, easements and interests which may be acquired by the department in or for the acquisition, construction or the operation of such project.

(3) "Cost" as applied to a turnpike project shall embrace the cost of acquisition, the cost of construction, the cost of acquisition of all land, rights-of-way, property, rights, easements and interests acquired by the department for such construction, the cost of all machinery and equipment, financing charges, interest prior to and during construction, and, for such period after completion of construction as shall be determined by the department, cost of traffic estimates and of engineering and legal expenses, plans, specifications, surveys, estimates of cost and revenues, other expenses necessary or incident to determining the feasibility or practicability of acquiring or constructing any such project, administrative expenses, and such other expenses as may be necessary or incident to the acquisition or construction of a project, the financing of such acquisition or construction and the placing of the project in operation.

(4) "Owner" shall include all individuals, copartnerships, associations or corporations and all counties, political subdivisions, municipalities and all public agencies and officers of the state having any title or interest in any property, rights, easements and interests authorized to be acquired by this chapter.

(5) "Bonds" or "revenue bonds" shall mean bonds of the department authorized under the provisions of this chapter.

(6) "Feeder road" shall mean any road which in the opinion of the department is necessary to create or facilitate access to a project.

(7) "Public roads" shall include all public highways, roads and streets in the state, whether maintained by the state, county, other political subdivision, city, or town.

(8) "Revenues" shall mean all tolls, charges, rentals, gifts, grants, moneys, and all other funds coming into the possession or under the control of the department by virtue of the provisions hereof, except the proceeds from the sale of bonds issued under this chapter.

**History.**—s. 4, ch. 28128, 1953; s. 1, ch. 59-69; s. 1, ch. 65-469; ss. 5, 9, ch. 67-359; ss. 23, 35, ch. 69-106; s. 99, ch. 71-355; s. 116, ch. 71-377; s. 99, ch. 73-333.

**Note.**—Former s. 340.04.

**340.02 Purpose.**—The purpose of this chapter is to facilitate vehicular traffic, diminish the present handicaps and hazards and promote safety on the congested highways in Florida, make possible the acquisition and construction of modern express highways, and to carry out said purpose the Department of Transportation is hereby authorized and empowered to acquire, construct, maintain, repair and operate turnpike projects (as hereinafter defined) at the location herein established, and at such other locations as may be hereafter established by law, and to issue turnpike revenue bonds of said department, payable solely from revenues, to pay the cost of such projects. It is the further purpose of this chapter to prohibit the acquisition, construction, maintenance, repair or operation of any toll turnpike project by any subdivision of the government of the state subsequent to the enactment of this law, except upon specific authorization of the Legislature.

**History.**—s. 2, ch. 28128, 1953; s. 1, ch. 67-359; ss. 23, 35, ch. 69-106.

**340.03 Turnpike routes; study of proposed projects.**—

(1) The Legislature hereby approves as the general route for a turnpike project, a route extending from a point in Dade County or Broward County in a general northerly direction to a point in Duval County, and any turnpike project or part or parts thereof constructed in accordance with said route shall be known as the Sunshine State Parkway; provided, however, that unless and until the Legislature shall determine otherwise, any other provision of this section to the contrary notwithstanding, the department is authorized hereby to construct, maintain, repair and operate a turnpike project, and such project is hereby established only at the following location or such part or parts thereof as the department may determine to be suitable for a project as contemplated by this section: Beginning at a point in Dade County or Broward County, and adhering to the aforesaid route, thence in a general northerly direction for a distance not exceeding 110 miles from the point of beginning; provided further, however, that the exact route and termini shall be determined as provided by s. 340.06(6). The general northerly direction in this section referred to shall mean either an east coast or central Florida route, and thorough study shall be made of both routes.

(2) The department is hereby authorized and empowered to construct, maintain, repair and operate an additional turnpike project and such project is hereby established at the following location or such part or parts thereof as the department may determine to be suitable for a project as contemplated by this section: Beginning at a point in St. Lucie County, thence in a generally northwesterly direction to a point in Lake County, thence in a generally northerly direction through Marion County, to a point in Duval County in the vicinity of the metropolitan area of the City of Jacksonville; provided however, that the exact route and termini shall be as provided in s. 340.06(6).

(3) The department is hereby directed to immediately obtain engineering and traffic and other expert studies of the costs, feasibility and practicability of a turnpike project from a point in Hillsborough or

Pinellas County, extending in a general northeasterly direction connecting with the additional turnpike project authorized by subsection (2). If found economically feasible the department shall construct, maintain, repair and operate such turnpike project at the location herein established; provided, however, that the exact route and termini shall be determined as provided by s. 340.06(6).

(4) The department is authorized hereby to obtain engineering, traffic and other expert studies for the location, costs, feasibility and practicability of a turnpike project from a point on the additional turnpike project authorized by subsection (2) northwesterly or westerly to a point in Escambia County or to a point of juncture at the boundary between the States of Alabama and Florida with any turnpike projected, authorized, or constructed in the State of Alabama, or any part thereof; provided, however, that no project may be acquired or constructed from the present terminus near Wildwood which will cross, intersect or join U.S. 19 (SR55) without specific legislative approval; such studies to be financed under the provisions of s. 340.27, but only out of funds reimbursed to the Department of Transportation by funds generated by turnpike projects. If found economically feasible the department shall construct, maintain, repair and operate such turnpike project at the location herein established; provided, however, that the exact route and termini shall be determined as provided by s. 340.06(6).

**History.**—s. 3, ch. 28128, 1953; s. 1, ch. 29634, 1955; s. 2, ch. 67-359; ss. 23, 35, ch. 69-106; s. 117, ch. 71-377.

**340.031 Proposed new turnpike project.**—

The department is hereby authorized and empowered to obtain engineering and traffic and other expert studies for the location and costs, feasibility and practicability of a turnpike project at the following location or such part or parts thereof as the department may determine to be suitable for a project as contemplated by this section: Beginning at a point in Hillsborough County, thence in a generally southerly direction to a point in Manatee County, thence in a generally southerly direction to a point in Sarasota County, thence in a generally southerly direction to a point in Charlotte County, thence generally in a southeasterly direction to a point in Lee County, thence in a southeasterly direction to a point in Collier County, thence in a southeasterly direction to a point in Dade County; and if found economically feasible shall construct, maintain, repair and operate such turnpike project or part or parts thereof as the department may determine to be feasible and suitable at the location herein established, provided, however, the exact route and termini shall be as provided in s. 340.06(6).

**History.**—s. 1, ch. 61-220; ss. 23, 35, ch. 69-106.

**340.032 Proposed new turnpike projects in Brevard, Indian River, Lake, Orange, Osceola, and Seminole Counties.**—

(1) The department is hereby authorized and empowered to obtain engineering, traffic and other expert studies for the location, cost, feasibility and practicability of one or more turnpike projects or any part or parts thereof, at such location or locations in Brevard County, Indian River County, Lake

County, Orange County, Osceola County, and Seminole County as the department may determine to be suitable for a project or projects as contemplated by this section; such studies to be financed under the provisions of s. 340.27, but only out of funds reimbursed to the Department of Transportation by funds generated by turnpike projects or out of any funds of the department available for such a purpose, as the department may determine. If any such turnpike project or projects or any part or parts thereof be found economically feasible, the department shall acquire, construct, maintain, repair and operate such turnpike project or projects or any part or parts thereof as the department may determine to be feasible and suitable at the location or locations herein established by the department within the aforesaid counties; provided, however, the exact route or routes and termini shall be as provided by s. 340.06(6).

(2) Any turnpike project established pursuant to subsection (1) may include as part of the route thereof all or any part of the Orlando-Orange County Expressway System of the Orlando-Orange County Expressway Authority, and the department is hereby authorized and empowered to acquire in its name all or any part or parts of the Orlando-Orange County Expressway System upon such terms and conditions as the department and the Orlando-Orange County Expressway Authority may agree upon. The Orlando-Orange County Expressway Authority is hereby authorized and empowered to sell, grant and convey to the department all of its right, title and interest in and to the Orlando-Orange County Expressway System or any part or parts thereof upon receipt by it of funds sufficient in amount, together with any other funds available for such purpose, to provide for the payment and retirement of the bonds in accordance with the provisions of the trust indenture under which the bonds of the Orlando-Orange County Expressway Authority were issued for the purpose of financing the Orlando-Orange County Expressway System. The department is hereby authorized and empowered to join with the Orlando-Orange County Expressway Authority in the execution and delivery of such deeds, documents and conveyances as shall be necessary to vest title in the department. All moneys paid by the department to the Orlando-Orange County Expressway System or any part or parts thereof shall be deemed a part of the cost of the turnpike project containing such Orlando-Orange County Expressway System or any part or parts thereof in its route.

(3) Any turnpike project established pursuant to subsection (1) herein may include as part of the route thereof the Canaveral Causeway of the Division of Bond Finance of the Department of General Services and the department is hereby authorized and empowered to acquire in its name the Canaveral Causeway upon such terms and conditions as the department and the Division of Bond Finance with the approval of the State Board of Administration may agree upon. The division is hereby authorized and empowered to sell, grant and convey to the department all of its right, title and interest in and to the Canaveral Causeway upon receipt by the State Board of Administration on its behalf of funds suffi-

cient in amount, together with any other funds available for such purpose, to provide for the payment and retirement of the bonds in accordance with the provisions of the resolution under which the bonds of the division were issued on behalf of the Canaveral Causeway Special Road and Bridge District for the purpose of financing the Canaveral Causeway. The Department of Transportation and the State Board of Administration are hereby authorized and empowered to join with the division in the execution and delivery of such deeds, documents and conveyances as shall be necessary to vest title in the department. All moneys paid by the department to the division as consideration for the sale, grant and conveyance to it of the Canaveral Causeway shall be deemed a part of the cost of the turnpike project containing the Canaveral Causeway in its route.

(4) Any county, political subdivision, city, town, village, road and bridge district or other public agency having any right, title or interest in and to any expressway system, causeway, turnpike project or other facility authorized to be acquired by the department pursuant to this section, notwithstanding any contrary provision of law, is hereby authorized and empowered to sell, grant and convey to the department all of its right, title and interest in and to any such expressway system, causeway, turnpike project or other facility, or any part or parts thereof, upon such terms and conditions as the department and the county, political subdivision, city, town, village, road and bridge district or other public agency may agree upon, and without the necessity for any advertisement, order of court or other action or formality other than the regular and formal action of the officials concerned and the execution and delivery of such deeds, conveyances and documents as shall be necessary to vest title in the department.

*History.*—s. 3, ch. 67-359; ss. 22, 23, 35, ch. 69-106; s. 118, ch. 71-377.

#### **340.033 Proposed new turnpike projects in Broward, Collier, Dade, and Monroe Counties.—**

The department is hereby authorized and empowered to obtain engineering, traffic, and other expert studies for the location, cost, feasibility and practicability of a turnpike project or projects or any part or parts thereof, at such location or locations in Broward County, Collier County, Dade County and Monroe County as the authority may determine to be suitable for a project or projects as contemplated by this section; such studies to be financed under the provisions of s. 340.27, but only out of funds reimbursed to the Department of Transportation from funds generated by turnpike projects or out of any funds of the department available for such a purpose, as the department may determine; and, if any such turnpike project or projects or any part or parts thereof be found economically feasible, the department shall construct, maintain, repair and operate such turnpike project or projects or any part or parts thereof as the department may determine to be feasible and suitable at the location or locations herein established by the department within the aforesaid counties; provided, however, the exact route or routes and termini shall be as provided by s. 340.06(6); and provided, further, that, with regard to any turnpike project or projects authorized by this

section located wholly within one county, the exact route or routes and termini shall be subject to the approval of the county commissioners of such county.

*History.*—s. 4, ch. 67-359; ss. 23, 35, ch. 69-106; s. 119, ch. 71-377.

**340.06 General powers.**—The department shall have the following powers:

(1) To adopt bylaws for the regulation of its affairs and the conduct of its business;

(2) To adopt an official seal;

(3) To maintain an office at such place or places within the state as it may designate;

(4) To sue and be sued in its own name;

(5) To acquire, construct, maintain, repair and operate turnpike projects;

(6) To determine the exact route and exact termini of turnpike projects;

(7) To issue turnpike revenue bonds of the department, payable solely from revenues, and to refund its bonds, as provided in this chapter;

(8) To fix and revise from time to time and charge and collect tolls or other charges for transit over or use of any project;

(9) To establish rules and regulations for the use of any project;

(10) To acquire, hold and dispose of real and personal property in the exercise of its powers and the performance of its duties under this chapter;

(11) To acquire in the name of the department by purchase or otherwise, on such terms and conditions and in such manner as it may deem proper, or by the exercise of the power of eminent domain, any land and other property which it may determine is reasonably necessary for any project or for the relocation or reconstruction of any public road by the department under the provisions of this chapter or for the construction of any feeder road as defined herein, and any and all rights, title and interest in such land and other property, including public lands, parks, playgrounds, reservations, roads or parkways, owned by or in which any county, political subdivision, city, town, village, public agency or officer of the state has any right, title or interest, or parts thereof or rights therein and any fee simple absolute or lesser interest in private property, and any fee simple absolute in, easements upon, or the benefit of restrictions upon, abutting property to preserve and protect turnpike projects;

(12) To sell, exchange, or otherwise dispose of any real property not necessary for its corporate purpose or whenever the department shall determine that it is in the best interest of the authority;

(13) To make and enter into all contracts and agreements necessary or incidental to the performance of its duties and the execution of its powers under this chapter. When the cost under such contract or agreement, other than compensation for personal services, involves an expenditure of more than \$2,000 the department shall make a written contract with the lowest and best bidder after advertisement for not less than 2 consecutive weeks in a newspaper of general circulation and in such other publications as the department may determine. Such notice shall state the general character of the work and the general character of the materials to be furnished, the place where plans and specifica-

tions therefor may be examined, and the time and place of receiving bids. Each bid shall contain the full name of every person or company interested in it and shall be accompanied by a sufficient bond or certified check on a solvent bank that if the bid is accepted a contract will be entered into and the performance of its proposal secured. The department may reject any and all bids. A bond with good and sufficient surety as shall be approved by the department shall be required of all contractors in an amount equal to 100 percent of the contract price, conditioned upon the faithful performance of the contract;

(14) To locate and designate, and to establish, limit and control such points of ingress to and egress from each project as may be necessary or desirable in the judgment of the department to insure the proper operation and maintenance of such project, and to prohibit entrance to such project from any point or points not so designated;

(15) To construct, maintain, repair and operate any feeder road which in the opinion of the department will increase the use of a project or projects, to take over for maintenance, repair and operation any existing public road as a feeder road, and to realign any such existing public road and build additional sections or road over new realignment in connection with such existing public road;

(16) To receive and accept from any federal agency, subject to the approval of the Governor, grants for or in aid of the construction of any project, and to receive and accept aid or contributions from any source, of either money, property or other things of value to be held, used and applied only for the purposes for which such grants and contributions may be made; providing, however, that no federal funds now received by the state may be diverted to or received or accepted by the department;

(17) To employ a general counsel, such engineers, full-time salaried attorneys, nationally recognized bond counsel, accountants, construction and financial experts, superintendents, managers and other employees and agents as the department deems advisable and as may be necessary in its judgment and to fix their compensation; and

(18) To do all acts and things necessary or convenient to carry out the powers and duties expressly granted in this chapter.

#### **340.07 Incidental powers.**—

(1) The department shall have the power to construct and reconstruct traffic circles, interchanges and grade separations at intersections of any project with public roads, grade separations at intersections with railroads, and to change and adjust the lines and grades of such public roads so as to accommodate the same to the design of such grade separation. The cost of such construction and any damage incurred in changing and adjusting the lines and grades of such roads shall be ascertained and paid by the department as a part of the cost of such project. The department shall not interrupt the flow of traffic on any established state highway; and any approaches, underpasses or overpasses necessary to avoid the interruption of the flow of such traffic shall be con-

structed at the expense of the department.

(2) If the department shall find it necessary in connection with any project to change the location of any portion of any public road, it shall cause the same to be reconstructed at such location as the department shall deem most favorable and of substantially the same type and in as good condition as the original road. The cost of such reconstruction and any damage incurred in changing the location of any such road shall be ascertained and paid by the department as a part of the cost of such project.

(3) If the discontinuance or vacation of any public road is required by the construction of any project, such discontinuance or vacation may be effected on application of the department in the manner now provided by the applicable statutes of the state and where such statutes provide for damage, any damages awarded on account thereof shall be paid by the department as a part of the cost of such project; provided, that where vacation only is desired of any place used for travel, or portion thereof, as provided by s. 177.101, the board of county commissioners, upon request of the department, shall have the same power thereunder as if such request had been made by the United States Government.

(4) The department and its authorized agents and employees shall also have the power to enter upon any lands, waters and premises in the state for the purpose of making surveys, soundings, drillings and examinations as it may deem necessary or convenient for the purpose of this chapter, and such entry shall not be deemed a trespass, nor shall such entry for such purpose be deemed an entry under any eminent domain proceedings which may be then pending. The department shall make reimbursement for any actual damages resulting to such lands, waters and premises as result of such activities.

(5) The department shall also have power to make reasonable regulations for the installation, construction, maintenance, repair, renewal, relocation and removal of tracks, pipes, mains, conduits, cables, wires, towers, poles and other equipment and appliances, herein called public utility facilities, of any public utility in, on, along, over or under any project. Whenever the department shall determine that it is necessary that any such public utility facilities which now are, or hereafter may be, located in, on, along, over or under any project should be relocated in such project, or should be removed from such project, the public utility owning or operating such facility shall relocate or remove the same in accordance with the order of the department provided, that the cost and expense of such relocation or removal, including the cost of installing such facilities in a new location, or new locations, and the cost of any lands, or any rights or interest in lands, or any other rights acquired to accomplish such relocation or removal, shall be ascertained and paid by the department as a part of the cost of such project, excepting, however, cases in which such public utility facilities are located within the right-of-way of existing public roads being constructed, reconstructed, improved or which will become a part of any project under the provisions of this act, provided, however, that the above exception shall not apply to public utility facilities owned by a city, county or

subdivision thereof. Providing that no rural electric cooperative or any communications company or any private or public utility shall be required to pay any of the costs and expenses of removing or relocating any facilities or installations belonging to any rural electric cooperative or communications company or private or public utility from or on any rights-of-way provided for in this chapter, and the department created by this law shall relocate or remove same and shall pay the costs and expenses of relocating or removing same. In case of any such relocation or removal of facilities, as aforesaid, the public utility owning or operating the same, its successors or assigns, may maintain and operate such facilities, with the necessary appurtenances, in the new location or new locations, for as long a period, and upon the terms and conditions, as it had the right to maintain and operate such facilities in their former location or locations.

(6) The department shall construct or provide underpasses or overpasses for the passage of livestock and vehicles under said turnpike at such intervals as it may deem necessary.

*History.*—s. 7, ch. 28128, 1953; ss. 23, 35, ch. 69-106.

**340.08 Cooperation of counties, etc., with department.**—All counties, political subdivisions, cities, towns, villages, and all public agencies and officers of the state, notwithstanding any contrary provision of law, are hereby authorized and empowered to lease, lend, grant or convey to the department, upon its request and upon such terms and conditions as the department and the proper officials of such counties, political subdivisions, cities, towns, villages, and public agencies or officers may agree upon as reasonable and fair, and without the necessity for any advertisement, order of court or other action or formality other than the regular and formal action of the officials concerned and the execution of the proper instrument, any real property which may be necessary or convenient to the effectuation of the purpose of this chapter, including real property already devoted to public use.

*History.*—s. 8, ch. 28128, 1953; ss. 23, 35, ch. 69-106.

**340.09 Consent of state to use of its land.**—The state hereby consents to the use of all lands owned by it, including lands lying under water, which are deemed by the department to be necessary or proper for the construction or operation of any turnpike project.

*History.*—s. 9, ch. 28128, 1953; ss. 23, 35, ch. 69-106.

**340.091 Certain sales prohibited.**—

(1) The Department of Transportation is specifically prohibited from granting concessions or selling any services or products along the project covered by this act or subsequent projects except the sale of motor fuel with attendant towing and maintenance facilities, the sale of food with attendant nonalcoholic beverages, and the sale of Florida citrus or goods promoting the state including information centers on the plazas but not including other advertising media. However, no exceptions as specified hereinbefore with regard to the sale of products shall be construed to permit the making of reservations for

any Florida public lodging establishment as defined in chapter 509.

(2) The Florida Department of Citrus shall act as an advisory body to the Department of Transportation in the implementation of subsection (1) with regard to the sale of citrus products. The purpose of said advisory body is to prevent a monopoly operation of the sale of citrus products on the turnpike system and in general to further bolster the public image of Florida citrus fruits and products through the sale of superior citrus goods.

(3) The department shall not permit any person, firm, or corporation the right to sell Florida citrus fruits at more than one plaza.

**History.**—s. 4, ch. 28128, 1953; s. 1, ch. 59-69; s. 1, ch. 65-469; s. 8, ch. 67-359; ss. 23, 29, 35, ch. 69-106; s. 99, ch. 73-333.

**Note.**—Former ss. 340.04 and 340.011(2)(b)-(d).

#### **340.10 Eminent domain proceedings.—**

(1) Upon the exercise of the power of eminent domain by the department, which power is hereby granted the department, eminent domain proceedings may be instituted and conducted in the name of the department and the procedure shall be the same as is prescribed by chapter 73.

(2) In any such proceeding instituted by the department, the department may file in the cause with its petition, or at any time before judgment, a declaration of taking, signed by its duly authorized agent or attorney, declaring that said lands are thereby taken for the use of the department, and thereafter the provision of ss. 74.011-74.121 shall be applicable to said cause; provided that in any proceeding authorized by this chapter, at the time of entry of the order fixing the amount of the deposit to be made and fixing the time within which, and the terms upon which, the parties in possession shall be required to surrender possession to the petitioner, the court shall by order set said cause for trial and try said cause not later than 90 days after the return date provided in chapter 73.

(3) Nothing contained in this law shall be construed to authorize the department to acquire state-owned property by the exercise of the power of eminent domain.

**History.**—s. 10, ch. 28128, 1953; ss. 23, 35, ch. 69-106.

#### **340.11 Taking of public road for feeder road.**

—Before taking over any existing public road for maintenance, repair and operation as a feeder road, the department shall obtain the consent of any officials then exercising jurisdiction over said road, which are hereby authorized to give such consent by resolution. Each feeder road or portion thereof acquired, constructed, or taken over under this section for maintenance, repair and operation, in connection with a project by the department shall for all purposes of this act be deemed to constitute a part of the project, except that no toll shall be charged for transit between points on such feeder road.

**History.**—s. 11, ch. 28128, 1953; ss. 23, 35, ch. 69-106.

#### **340.12 Revenues.—**

(1) The department is hereby empowered to fix, revise, charge and collect tolls and charges for the use of each project and the different parts or sections thereof, to contract with any person, partnership,

association or corporation desiring the use of any part thereof for the purpose of providing any of the facilities comprehended in the term "turnpike project" as defined herein, when, in the opinion of the department, such facilities are necessary or desirable, and to fix the terms, conditions, rates and charges for use; provided, that facilities for motor fuel and food shall be publicly offered for the operation thereof under rules and regulations to be established by the department. Such tolls shall not be subject to supervision or regulation by any other commission, board or agency of the state.

(2) To afford users of any turnpike project a reasonable choice of motor fuels of different brands, each gasoline service station or site therefor shall be separately offered for lease upon sealed bids for private operation and, after at least 4 weeks' notice of the offer has been published in a newspaper having general circulation in the state, each such lease shall be awarded to the highest responsible bidder therefor, who may provide for the operation of the service station by a third person; but no person shall be awarded or have the use of, nor shall motor fuel identified by the trademarks, trade names, or brands of any one supplier, distributor, or retailer of such fuel be sold at, more than one service station if the proposed lessee has control of, or if the brand of motor fuel proposed is sold at, more than 50 percent of the service stations on the turnpike project.

(3) Such tolls shall be so fixed and adjusted in respect of the aggregate of tolls on each turnpike project in connection with which the bonds of any issue shall have been issued as to provide a fund sufficient with other revenue from such turnpike project to pay the cost of maintaining, repairing and operating such turnpike project and the principal of and the interest on such bonds as the same shall become due and payable, and to create reserve for such purposes. The tolls and all other revenues derived from each turnpike project or sections thereof in connection with which the bonds of any issue shall have been issued, except such part thereof as may be necessary to pay such cost of maintenance, repair and operation and to provide such reserves therefor as may be provided for in the resolution authorizing the issuance of such bonds or in the trust agreement securing the same, shall be set aside at such regular intervals as may be provided in such resolution or such trust agreement in a sinking fund which is hereby pledged to, and charged with, the payment of the principal of and the interest on such bonds as the same shall become due, and the redemption price or the purchase price of bonds retired by call or purchase as therein provided. Such pledge shall be valid and binding from the time when the pledge is made; the tolls or other revenues or other moneys so pledged and thereafter received by the department shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the department irrespective of whether such parties have notice thereof. Neither the resolution nor any trust agreement by which a pledge is created need be filed or recorded except in the records of the

department. The use and disposition of moneys to the credit of such sinking fund shall be subject to the provisions of this act and such regulations as the resolution authorizing the issuance of such bonds or such trust agreement may provide. Except as may otherwise be provided in such resolution or such trust agreement, such sinking fund shall be a fund for all such bonds without distinction or priority of one over another.

**History.**—s. 12, ch. 28128, 1953; ss. 23, 35, ch. 69-106; s. 1, ch. 74-73; s. 1, ch. 77-174.

**340.13 Bonds not debt or pledge of credit of state.**—Turnpike revenue bonds issued under the provisions of this chapter shall not be deemed to be a debt of the state or a pledge of the faith and credit of the state, but such bonds shall be payable exclusively from the fund pledged for their payment or authorized herein. All such bonds shall contain a statement on their face that the state is not obligated to pay the same or the interest thereon and that the faith and credit of the state is not pledged to the payment of the principal or interest of such bonds. The issuance of turnpike revenue bonds under the provisions of this chapter shall not, directly or indirectly or contingently, obligate the state to levy or to pledge any form of taxation whatever therefor, or to make any appropriation for their payment. State funds shall not be used, appropriated or expended to construct, reconstruct, maintain, service, repair, purchase or lease any toll road authorized hereunder or to pay the principal or interest of any revenue certificates or other evidences of indebtedness issued for any such purpose, and the Legislature does herewith determine that any such use of state funds would violate the constitution of the state and all such bonds shall contain a statement on their face to this effect.

**History.**—s. 13, ch. 28128, 1953.

**340.14 Pledge not to restrict certain rights of department.**—The state does pledge to and agree with the holders of the bonds issued pursuant to this chapter, that the state will not limit or restrict the rights hereby vested in the department to construct, reconstruct, maintain and operate any project as defined in this law or to establish and collect such tolls or other charges as may be convenient or necessary to produce sufficient revenues to meet the expenses of maintenance and operation thereof and to fulfill the terms of any agreements made with the holders of bonds authorized by this act or in any way impair the rights or remedies of the holders of such bonds until the bonds, together with interest thereon, are fully paid and discharged.

**History.**—s. 14, ch. 28128, 1953; ss. 23, 35, ch. 69-106.

**340.15 Turnpike revenue bonds.**—

(1)(a) The department is hereby authorized to provide for the issuance at one time or from time to time, of turnpike revenue bonds of the department for the purpose of paying all or any part of the cost of any one or more turnpike projects. The principal of and the interest on such bonds shall be payable solely from the funds herein provided for such payment. The bonds of each issue shall be dated, shall bear interest at such rate or rates not exceeding 7½

percent per annum, shall mature at such time or times not exceeding 40 years from their date or dates, as may be determined by the department, and may be made redeemable before maturity, at the option of the department, at such price or prices and under such terms and conditions as may be fixed by the department prior to the issuance of the bonds. The department shall determine the form of the bonds, including any interest coupons to be attached thereto, and shall fix the denomination or denominations of the bonds and place or places of payment of principal and interest, which may be at any bank or trust company within or without the state. The bonds shall be signed by the secretary of the department or shall bear his facsimile signature, and the official seal of the department or a facsimile thereof shall be impressed or imprinted thereon, and any coupons attached thereto shall bear the facsimile signature of the secretary of the department. In case any secretary whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be secretary before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. All bonds issued under the provisions of this chapter shall have and are hereby declared to have all of the qualities and incidents of negotiable instruments under the negotiable instruments law of the state. The bonds may be issued in coupon or in registered form, or both, as the department may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, for the reconversion into coupon bonds of any bonds registered as to both principal and interest, and for the interchange of registered and coupon bonds.

(b) The bonds of each issue shall be sold at public sale. However, if all bids received at the public sale are rejected as unacceptable, the department may then negotiate for the sale of the bonds at an interest rate which shall not exceed the lowest interest rate stated in the bids rejected at public sale. In no event shall the interest rate exceed 7½ percent and maximum commissions, fees, and expenses, including but not limited to legal, consultant, and management fees and printing cost, shall be made public in the offering prospectus prior to such sale.

(c) In the event said bonds are sold for less than par, the total amount of the discount shall be added to the total amount of interest to be paid over the life of the certificates at the rate of interest at which said certificates are to be sold, and the total thereof shall be considered as interest, and the interest actually to be paid by virtue of any discount shall then be computed as the average net interest cost rate under this section.

(2) The proceeds of the bonds of each issue shall be used solely for the payment of the cost of the turnpike project or projects for which such bonds shall have been issued (subject to the power to invest and reinvest trust funds as provided by s. 340.18), and shall be disbursed and used as provided by this act and in such manner and under such restrictions, if any, as the department may provide in the resolution authorizing the issuance of such bonds or in the

trust agreement hereinafter mentioned securing the same.

(3) Prior to the preparation of definitive bonds, the department may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The department may also provide for the replacement of any bonds which shall become mutilated or shall be destroyed or lost.

(4) Bonds issued under the provisions of this chapter shall not be subject to the consent or approval of any other state board, commission or agency, but such bonds shall be validated in accordance with the provisions of chapter 75.

**History.**—s. 15, ch. 28128, 1953; s. 1, ch. 68-114; ss. 23, 35, ch. 69-106; s. 121, ch. 71-377; s. 26, ch. 73-302.

**340.16 Trust agreement.**—In the discretion of the department any bonds issued under the provisions of this chapter may be secured by a trust agreement by and between the department and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the state. Such trust agreement or the resolution providing for the issuance of such bonds may pledge or assign the revenues to be received, but shall not convey or mortgage a turnpike project or any part thereof. Such trust agreement or resolution providing for the issuance of such bonds may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the department in relation to the acquisition of property and the construction, improvement, maintenance, repair, operation and insurance of a turnpike project or projects in connection with which such bonds shall have been authorized, the rates of toll to be charged, the custody, safeguarding and application of all moneys, and conditions or limitations with respect to the issuance of additional bonds. It shall be lawful for any bank or trust company incorporated under the laws of the state which may act as depository of the proceeds of bonds or of revenues to furnish such indemnifying bonds or to pledge such securities as may be required by the department. Any such trust agreement may set forth the rights and remedies of the bondholders and of the trustee, and may restrict the individual right of action by bondholders. In addition to the foregoing, any such trust agreement or resolution may contain such other provisions as the department may deem reasonable and proper for the security of the bondholders. All expenses incurred in carrying out the provisions of such trust agreement may be treated as a part of the cost of the operation of the turnpike project or projects.

**History.**—s. 16, ch. 28128, 1953; ss. 23, 35, ch. 69-106.

**340.17 Refunding bonds.**—The department is hereby authorized to provide for the issuance of turnpike revenue refunding bonds of the department for the purpose of refunding any bonds then outstanding which shall have been issued under the provisions of this chapter, including the payment of any redemption premium thereon and any interest

accrued or to accrue to the date of redemption of such bonds, and, if deemed advisable by the department, for the additional purpose of constructing improvements of a turnpike project in connection with which the bonds to be refunded shall have been issued. The department is further authorized to provide by resolution for the issuance of its turnpike revenue bonds for the combined purpose of refunding any bonds then outstanding which shall have been issued under the provisions of this act, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds, and paying all or any part of the cost of any additional project or projects. The issuance of such bonds, the maturities and other details thereof, the rights of the holders thereof, and the rights, duties and obligations of the department in respect of the same, shall be governed by the provisions of this chapter insofar as the same may be applicable.

**History.**—s. 17, ch. 28128, 1953; ss. 23, 35, ch. 69-106.

#### **340.18 Trust funds.**—

(1) All moneys received by the department pursuant to this chapter, whether as proceeds from the sale of bonds or as revenues, shall be deemed trust funds to be held and applied solely as provided in this law. The resolution authorizing the bonds of any issue or the trust agreement securing such bonds shall provide that any officer with whom, or any bank or trust company with which, such moneys shall be deposited shall act as trustee of such moneys and shall hold and apply the same for the purpose hereof, subject to the provisions of this chapter and such regulations as such resolution or trust agreement may provide.

(2) When, in the opinion of the department, all moneys in such trust funds are not immediately needed for the purpose for which such funds are provided, the trustee of such funds, upon resolution of the department specifically adopted for such purpose, is hereby authorized and empowered to temporarily invest and reinvest the amount of such funds authorized in such resolution in United States Government securities, which said securities shall be direct obligations of the United States Government; provided, that any such investment or reinvestment shall be subject to any pertinent provisions of the bond resolution or trust agreement. It is the intent of the Legislature that trust funds not be permitted to remain idle in the hands of the trustee when such funds can be put to use as aforesaid.

**History.**—s. 18, ch. 28128, 1953; ss. 23, 35, ch. 69-106.

**340.19 Remedies.**—Any holder of bonds issued under the provisions of this chapter or any of the coupons appertaining thereto, and the trustee under any trust agreement, except to the extent the rights herein given may be restricted by such trust agreement, may, either at law or in equity, by suit, action, mandamus or other proceedings, protect and enforce any and all rights under the laws of Florida or granted hereunder or under such trust agreement or the resolution authorizing the issuance of such bonds, and may enforce and compel the performance of all duties required by this act or by such trust agreement or resolution to be performed by the depart-

ment or by any officer thereof, including the fixing, charging and collection of tolls.

*History.*—s. 19, ch. 28128, 1953; ss. 23, 35, ch. 69-106.

**340.20 Project, property, income and bonds free from taxation.**—The exercise of the powers granted by this chapter will be in all respects for the benefit of the people of the state, for the increase of their commerce and prosperity, and for the improvement of their health and living conditions, and as the operation and maintenance of projects by the department will constitute the performance of essential government functions, the department shall not be required to pay any taxes or assessments upon any project or any property acquired or used by the department under the provisions of this chapter or upon the income therefrom, and every project and any property acquired or used by the department under the provisions of this chapter and the income therefrom, and the bonds issued under the provisions of this chapter, their transfer and the income therefrom (including any profit made on the sale thereof) shall be exempt from taxation within the state. The exemption granted by this section shall not be applicable to any tax imposed by chapter 220 on interest, income, or profits on debt obligations owned by corporations.

*History.*—s. 20, ch. 28128, 1953; ss. 23, 35, ch. 69-106; s. 9, ch. 73-327.

**340.21 Bonds eligible for investment.**—Bonds issued by the department under the provisions of this chapter are hereby made securities in which all public officers and public bodies of the state, counties, other political subdivisions, cities or towns, all banks, bankers, savings banks, trust companies, savings and loan associations, investment companies and other persons carrying on a banking business, all insurance companies, insurance associations, and other persons carrying on an insurance business, and all administrators, executors, guardians, trustees and other fiduciaries, and all other persons whatsoever who now are or may hereafter be authorized to invest in bonds or other obligations of the state, may properly and legally invest any funds, including capital belonging to them or within their control.

*History.*—s. 21, ch. 28128, 1953; ss. 23, 35, ch. 69-106.

**340.22 Maintenance and repair of turnpike project; etc.**—

(1) Each turnpike project when constructed and opened to traffic shall be maintained and kept in good condition and repair by the department. Each such project shall have such force of toll-takers and other operating employees as the department may in its discretion employ.

(2) All public or private property damaged or destroyed in carrying out the powers granted by this chapter shall be restored or repaired and placed in its original condition as nearly as practicable or adequate compensation made therefor out of funds provided under this chapter.

*History.*—s. 22, ch. 28128, 1953; ss. 23, 35, ch. 69-106.

**340.23 Traffic control.**—

(1) The department is hereby authorized to adopt and promulgate rules and regulations with respect to the use of a project, which rules and regulations shall relate to vehicular speeds, loads and sizes, safety devices, rules of the road and such other matters, including but not limited to the failure or refusal to pay the toll provided for the use of a project, as may be necessary and proper to regulate traffic in the interest of safety, the maximum convenience of the persons using the project, preservation of a project from unwarranted damage and to carry out the purpose of this chapter. Such rules and regulations shall apply according to their terms to all sections of a project under the jurisdiction of the department, their feeder roads and structures and other appurtenances. Insofar as such rules and regulations may be inconsistent with the provisions of the vehicle and traffic laws of this state, such rules and regulations shall be controlling. Violation of such rules and regulations shall be punished in accordance with s. 316.655. Notice of such rules shall be published in a newspaper of general circulation published in Dade County, and such other publications as the department may determine, in addition to the notice required pursuant to chapter 120.

(2) Members of the Florida Highway Patrol are hereby vested with the power and charged with the duty to enforce the rules and regulations of the department. The power and duty so vested and charged shall be performed and exercised as said officers perform and exercise their present duties, functions and powers. Expenses incurred by said patrol in carrying out its powers and duties under this chapter may be treated as a part of the cost of the operation of a project or projects and the Department of Highway Safety and Motor Vehicles shall be reimbursed by the department for such expenses.

*History.*—s. 23, ch. 28128, 1953; ss. 10, 23, 24, 35, ch. 69-106; s. 244, ch. 71-136; s. 8, ch. 74-377; s. 51, ch. 76-31; s. 56, ch. 78-95.

**340.24 Cessation of tolls.**—

(1) When all revenue bonds issued under the provisions of this chapter in connection with any turnpike project or projects and the interest thereon shall have been paid or a sufficient amount for the payment of all such bonds and the interest thereon to the maturity thereof shall have been set aside in trust for the benefit of the bondholders, the Department of Transportation in its discretion may assume the maintenance of such project or projects as part of the State Road System; provided, that in any event any such project or projects shall remain subject to sufficient tolls to pay the cost of the maintenance, repair and operation thereof.

(2) The department may, after said bonds shall have been paid or a sufficient amount for payment set aside as aforesaid, charge tolls for the use of any such project and pledge such tolls to the payment of bonds issued under the provisions of this chapter in connection with another turnpike project or projects which may be hereafter established by law, but any such pledge of tolls of a turnpike project to the payment of bonds issued in connection with another project or projects shall not be effectual until the principal and interest on the bonds issued in connection with the first-mentioned project shall have been

paid or provision shall have been made for their payment.

(3) In the event another turnpike project or projects shall be hereafter established by law, the department may, by resolution, combine two or more projects described in such resolution, including the project specifically authorized by s. 340.03, and the projects so described shall thereafter constitute and be deemed to be one project within the meaning and for all purposes of this chapter.

**History.**—s. 24, ch. 28128, 1953; ss. 23, 35, ch. 69-106; s. 122, ch. 71-377.

**340.25 Certificated motor carriers.**—All motor common carriers and contract carriers that hold certificates of public convenience and necessity authorizing them to operate over the public roads of this state that will parallel a turnpike project or a section thereof on the date that such project is opened to the public for use, are hereby granted the right to operate their vehicles upon and over said turnpike project or such section thereof which parallels such public roads under such certificates upon compliance with the payment of the required tolls; provided, that such carriers shall comply with the provisions of this chapter and any rule and regulation of the department as to the use of such project, anything in said certificates to the contrary notwithstanding.

**History.**—s. 25, ch. 28128, 1953; s. 24, ch. 57-1; ss. 23, 35, ch. 69-106.

**340.26 Unlawful for agents and employees to be interested in contract, etc.**—Any agent or employee of the department who is interested, either directly or indirectly, in any contract of another with the department, or in the sale of any property, either real or personal, to the department, shall be punished by a fine not exceeding \$500 or by imprisonment not exceeding 1 year.

**History.**—s. 26, ch. 28128, 1953; ss. 23, 35, ch. 69-106.

**340.27 Preliminary and other expenses.**—

(1) The Division of Planning and Programming of the Department of Transportation is hereby authorized to expend out of any funds available for the purpose such moneys as may be necessary for the study of any turnpike project or projects and to use its engineering and other forces, including other consulting engineers and other traffic engineers, for the purpose of effecting such study and to pay for such additional engineering and traffic and other expert studies as it may deem expedient.

(2) All obligations and expenses incurred by the division under this section shall be paid by said division and charged to the appropriate turnpike project or projects, and the division shall keep proper records and accounts showing each amount so charged. All obligations and expenses so incurred shall be treated as part of the cost of such project or projects and shall be reimbursed to the division out of the proceeds of the bonds herein authorized.

**History.**—s. 27, ch. 28128, 1953; s. 123, ch. 71-377; ss. 1, 4, ch. 72-186.

**340.28 State officers and employees retirement.**—All employees of the department who are

paid compensation for their services to the department, excepting persons employed to render special services in consultative capacities on a contract basis, shall be subject and entitled to the provisions of the State Officers and Employees Retirement Law.

**History.**—s. 28, ch. 28128, 1953; ss. 23, 35, ch. 69-106. cf.—Ch. 122 State Officers and Employees Retirement System.

**340.32 Additional method.**—The foregoing sections of this chapter shall be deemed to provide an additional and alternative method for the doing of the things authorized hereby, and shall be regarded as supplemental and additional to powers conferred by other laws, and shall not be regarded as in derogation of any powers now existing; provided, however, that the issuance of turnpike revenue bonds or turnpike revenue refunding bonds under the provisions of this act need not comply with the requirements of any other law applicable to the issuance of bonds, except as provided in this chapter.

**History.**—s. 32, ch. 28128, 1953.

**340.33 Chapter liberally construed.**—This chapter shall be liberally construed to effect the purposes thereof.

**History.**—s. 33, ch. 28128, 1953.

**340.34 Advertising.**—No fund heretofore or hereafter appropriated to the Division of Economic Development of the Department of Commerce or any successor thereto shall be expended for publicizing or advertising any toll turnpike constructed under the provisions of this chapter, as amended. Any incorporated city or town of Florida may maintain signboards along and upon the right-of-way of any turnpike project constructed hereunder, provided that such signs shall meet specifications as to location, frequency, construction and design as are prescribed by the department. Such signboards shall not advertise any private industry, business, or attraction, but shall advertise only the community or area placing such board upon the turnpike.

**History.**—s. 25, ch. 28128, 1953; s. 24, ch. 57-1; ss. 17, 23, 35, ch. 69-106; s. 1, ch. 73-283; s. 1, ch. 77-174.

**340.35 Budget to be furnished Executive Office of the Governor.**—

(1) The department shall submit its budget to the Governor in the manner provided for other state agencies by chapter 216; however, the department may submit its budget on a bond fiscal year rather than on the state's fiscal year. Nothing herein shall authorize or permit the Executive Office of the Governor to take any action in relation to the budgets of the department contrary to the terms and provisions of any trust heretofore entered into by the department.

(2) Conditioned on approval by the Executive Office of the Governor, the department may submit its budget on an accrual basis rather than on a cash basis.

## CHAPTER 341

## PUBLIC TRANSIT

- 341.011 Short title.
- 341.021 Legislative intent.
- 341.031 Definitions.
- 341.041 Duties and responsibilities of the department.
- 341.051 Administration and financing of public transit programs and projects.
- 341.101 Purchase of mass transit facilities.

**341.011 Short title.**—Sections 341.011-341.051 shall be known and may be cited as the "Florida Public Transit Act."

**History.**—s. 1, ch. 78-283.  
cf.—s. 334.01 Florida Transportation Code.

**341.021 Legislative intent.**—It is the legislative intent of ss. 341.011-341.051 to define the role of the Department of Transportation in developing the transit element of an effective multimodal transportation system for this state. This role shall be viewed as dynamic and capable of recognizing changing developments in technology and local, state, and federal laws and policies that affect the state's total multimodal transportation system. It is further recognized by the Legislature that adequate and efficient public surface transit services are essential to the economic growth of the urban and rural communities of the state and the well-being of its people. It is in the best interests of the state to encourage and promote the development of public transit systems, embracing various modes of transport in a manner that will serve the state, including local and regional areas, in a safe, efficient, and effective manner.

**History.**—s. 1, ch. 78-283.

**341.031 Definitions.**—As used in ss. 341.011-341.051:

(1) "Public transit" means the transporting of people by conveyances, or systems of conveyances, traveling on land or water, local or regional in nature, and available for use by the public. Public transit systems may be either governmentally owned or privately owned. Public transit specifically includes those forms of transportation commonly known as "paratransit."

(2) "Public transit capital project" means a project undertaken by a public agency to provide public transit to its constituency, and is limited to acquisition, design, construction, reconstruction, or improvement of a governmentally owned or operated transit system.

(3) "Public transit service development project" means a project undertaken by a public agency to determine whether a new or innovative technique or techniques or measures can improve or expand public transit services to its constituency. The scope of such projects shall include all items associated with the development, and the project duration shall not exceed 24 months. Public transit service development projects specifically include projects involving the utilization of new services, routes, vehicle frequencies, purchase of special transportation services, and other such techniques for increasing ser-

vice to the riding public as they apply to specific localities and transit user groups.

(4) "Paratransit" means those elements of public transit which provide service between specific origins and destinations selected by the individual user with such service being provided at a time that is agreed upon by the user and the provider of the service. Paratransit service is provided by taxis, limousines, "dial-a-ride" buses, and other demand-responsive operations that are characterized by their nonscheduled, nonfixed route nature.

(5) "Ridesharing" means an arrangement between persons with a common destination, or destinations, within the same proximity, to share the use of a motor vehicle for transportation to such destination, or destinations. Transportation under such arrangement shall be limited to a single round trip daily, in a motor vehicle manufactured for the transportation of 15 or fewer persons. Ridesharing, as herein defined, is specifically intended to distinguish this activity from public transit services such as shared-ride programs which are provided for hire by governmentally owned or privately owned providers of such services.

**History.**—s. 1, ch. 78-283.

**341.041 Duties and responsibilities of the department.**—The department shall:

(1) Provide overall leadership and direction for public transit programs in this state.

(2) Develop a statewide plan which provides for public transit needs at least 5 years in advance and for a reasonable projection of such needs 20 years in advance. The plan shall be developed in a manner that will assure maximum use of existing facilities, and optimum integration and coordination of the various modes of transportation, both governmentally owned and privately owned resources, in the most cost-effective manner possible. The statewide plan shall incorporate plans adopted by local and regional planning agencies and shall, insofar as practical, conform to federal planning requirements.

(3) Develop, publish, and administer state standards concerning system management, performance, and safety of governmentally owned public transit systems. Such standards shall be developed jointly with representatives of affected transit systems, with full consideration given to nationwide industry norms, and shall define the minimums acceptable to this state, as well as long-range goals.

(4) Study public transit problems and provide technical and financial assistance to units of local government for resolution thereof. The department may assist public agencies who provide public transit by making department-owned transit vehicles and appurtenances available for lease to such agencies for special needs of limited duration.

(5) Receive and administer federal grants or apportionments for public transit projects in this state when necessary to further the overall statewide program.

(6) Coordinate all activities between the public

and private agencies on matters relating to public transit.

(7) Assist in the development and implementation of marketing programs for public transit services and information systems directed toward assistance of the user of public transit systems.

(8) Participate in federal research and demonstration programs relating to public transit and conduct research and demonstration projects directed to the needs of this state, including its counties and municipalities.

(9) Provide new transit services and equipment where a public need has been determined to exist pursuant to the transportation planning process and where the following conditions occur:

(a) No other governmental unit of appropriate jurisdiction exists.

(b) Service cannot be reasonably provided by a governmentally owned or privately owned public transit provider.

(c) Cost of providing service does not exceed the sum of revenues from fares charged to user, services purchased by other public agencies, local fund participation, and specific legislative appropriation for this purpose.

The department may buy, sell, own, lease, and otherwise encumber facilities, transit vehicles, and appurtenances thereto, as necessary to provide such services or provide service by contract with governmentally owned or privately owned service providers.

(10) Provide public transportation service where emergency service is required, provided that no other private or public transportation operation is available to provide needed service and that such service is clearly in the best interests of the people or communities being served. Such service shall be provided by contractual services or actual operation of state-owned transit equipment and facilities, or any other means deemed appropriate by the Secretary of Transportation, and shall be limited to a period not to exceed 2 years.

(11) Administer federal and state ridesharing programs and federal aid funds apportioned to the department for the purpose of developing studies, marketing, and implementing ridesharing programs. Vehicles used in such programs shall not be subject to regulation under chapter 323 or chapter 350, provided the department establishes requirements for adequate insurance based on the passenger capacity of each vehicle.

(12) Exercise such other functions, powers, and duties in connection with transit problems as may be necessary to develop an effective balanced transportation system in the state.

History.—s. 1, ch. 78-283.

### **341.051 Administration and financing of public transit programs and projects.—**

#### **(1) FEDERAL AID.—**

(a) The department is authorized to receive federal grants or apportionments for public transit projects in this state.

(b) Local governments are authorized to receive federal grants or apportionments for public transit projects. In addition, the provisions of s. 338.19 notwithstanding, if the relocation of utility facilities is

necessitated by the construction of a fixed guideway public transit project and the utilities relocation is approved as a part of the project by a participating federal agency, if eligible for federal matching reimbursement, then any county chartered under s. 6(e), Art. VIII, of the State Constitution shall pay at least 50 percent of the nonfederal share of the cost attributable to such relocation after deducting therefrom any increase in the value of the new facility and any salvage value derived from the old facility. The balance of the nonfederal share shall be paid by the utility.

#### **(2) PUBLIC TRANSIT CONSTRUCTION AND IMPLEMENTATION PLAN.—**

(a) The department shall prepare a 5-year public transit construction and implementation plan which shall be included in the department's 5-year construction plan prepared pursuant to s. 334.21(5). Provisions of s. 334.21 shall apply to public transit construction and implementation projects in the same manner that they apply to road construction projects, except that s. 334.21(5)(b) shall not apply to public transit projects.

(b) The public transit construction and implementation plan shall be consistent with the statewide public transit plan and local plans developed in accordance with the comprehensive transportation planning process. Projects involving funds administered by the department, and which will be undertaken and implemented by another public agency, shall be included in the public transit 5-year construction and implementation plan upon the request of that public agency, providing such project is eligible under the requirements established herein and subject to estimated availability of funds. Projects so included in the 5-year plan shall not be altered or removed from priority status without notice to the public agency or local government involved.

#### **(3) APPROPRIATION REQUESTS.—**

(a) Public transit funds shall be requested on the basis of the funding required for the public transit construction and implementation plan.

(b) Unless otherwise authorized by the Legislature, the department is prohibited from entering into any agreement or contract for any public transit project which would result in the ultimate expenditure or commitment of state funds in excess of \$5 million. Any funds in excess of \$5 million shall be appropriated from a revenue source other than the State Transportation Trust Fund, unless otherwise authorized by the Legislature.

(c) Appropriation requests shall identify each public transit project calling for state expenditure of \$500,000 or more.

(d) No state funds shall be allocated or expended for operation deficits of public transit projects, except as specifically allowed for approved service development projects.

(e) Public transit service development projects shall be individually identified in the department's appropriation request. Such request shall show a breakdown in funds showing capital and operating expense.

(4) **PROJECT ELIGIBILITY.**—Any project necessary to carry out those duties and responsibilities enumerated in s. 341.041 is eligible for expenditure

of state funds in accordance with fund participation rates established herein, subject to the following conditions:

(a) Unless otherwise authorized by the Legislature, the department is prohibited from entering into any agreement or contract for any public transit project which would result in the ultimate expenditure or commitment of state funds in excess of \$5 million. Any funds in excess of \$5 million shall be appropriated from a revenue source other than the State Transportation Trust Fund, unless otherwise authorized by the Legislature.

(b) The project shall be for service or transportation facilities provided by the department under the provisions of this act, a public transit capital project, or a public transit service development project.

(c) The project has been approved by the department as being consistent with standards established pursuant to provisions of this act.

(5) FUND PARTICIPATION.—

(a) The department may fund up to 50 percent of the nonfederal share of the costs of any eligible public transit capital project. Department participation shall not exceed 12.5 percent of the federal participation in federally assisted projects.

(b) The department is authorized to fund up to 100 percent of the cost of any eligible project that is

statewide in scope or involves more than one county where no other governmental unit or appropriate jurisdiction exists.

(c) The department is authorized to fund up to 50 percent of the net costs of public transit service development projects that are local in scope and up to 100 percent of the net costs of public transit service development projects that are statewide in scope. "Net costs" are all costs of the project less any federal funds, fares, or other sources of income to the project.

History.—s. 1, ch. 78-283.

**341.101 Purchase of mass transit facilities.—**

(1) The Division of Bond Finance of the Department of General Services is authorized to acquire, finance, lease, or sell, and the Department of Transportation is authorized to lease or purchase, mass transit facilities pursuant to ss. 288.23-288.30 and ss. 215.57-215.83.

(2) As used in s. 169.02, any municipal purpose shall also include any and all means for the transportation of people and property from place to place, constructed, operated, or maintained in whole or in part from public funds.

History.—ss. 2, 3, ch. 70-239.

Note.—Former s. 334.023.

## CHAPTER 342

## WATERWAY BEAUTIFICATION AND IMPROVEMENT

- 342.03 Beautification and improvement of waterways by counties and municipalities; tax.  
 342.04 Time warrants.  
 342.05 Precautions as to use of poisons.  
 342.06 Contracts and bond of contractor.

**342.03 Beautification and improvement of waterways by counties and municipalities; tax.**

—It is declared to be a legitimate county or municipal purpose for any county or incorporated city or town in the state to improve and beautify waterways, including lakes, rivers, streams, ditches and canals, within such county or municipality, by opening such waterways and by clearing them of logs and other obstructions, including water hyacinths and other disagreeable and obnoxious vegetation, and, for all or any part of such purpose, any county or incorporated city or town in the state may levy a tax not to exceed 1 mill on the dollar of the assessed valuation of all property assessed for taxes in such county or incorporated city or town.

**History.**—s. 1, ch. 14651, 1931; CGL 1936 Supp. 2011(4).  
 cf.—s. 347.01 et seq. Ferries, toll bridges, dams, etc.

**342.04 Time warrants.**—Any county or incorporated city or town in the state desiring to carry on all or any part of the work mentioned in s. 342.03 may issue and sell time warrants not to exceed in amount the sum of \$15,000 for any county or the sum of \$5,000 for any incorporated city or town, except that time warrants shall not exceed 50 percent of the estimated revenue to be derived from the tax to be levied by virtue of s. 342.03. Such time warrants shall not be sold for less than their par value and shall not draw a rate of interest in excess of 6 percent per year. When such time warrants shall come within the purview of s. 12, Art. VII of the State Constitution, the said time warrants shall be issued only after the same shall have been approved by the majority of the votes cast in an election in which a majority

of the owners of freeholds not wholly exempt from taxation who are qualified electors residing in such county or city or town shall participate, which said election shall be called and held, and the result thereof declared and recorded, in the manner prescribed by ss. 100.201-100.221, 100.241, 100.261-100.341, 100.351, and said election shall be subject to all the provisions of said chapter.

**History.**—s. 2, ch. 14651, 1931; CGL 1936 Supp. 2011(5); s. 24, ch. 57-1; s. 15, ch. 69-216; s. 64, ch. 77-175.

**342.05 Precautions as to use of poisons.**—Any county or incorporated city or town in the state, its agents, servants, employees, and contractors, may use any poisonous substance, chemical, or spray in killing water hyacinths and other disagreeable or obnoxious vegetation in the waterways mentioned in s. 342.03, provided no such poisonous substance, chemical, or spray shall be used which might injure or destroy fish life or human or other animal life without first taking sufficient precaution to prevent the same.

**History.**—s. 3, ch. 14651, 1931; CGL 1936 Supp. 2011(6).

**342.06 Contracts and bond of contractor.**—Any county or incorporated city or town in the state may contract to have carried on all or any part of the work mentioned in s. 342.03, provided such contract shall be let in the manner prescribed by law for other work of a public nature. No such contractor shall use any poisonous substance, chemical or spray in any of the waterways mentioned in s. 342.03 without first entering into a good and sufficient bond to be fixed and approved by the county or municipal authorities conditioned to indemnify any and all persons against any loss or damage for injury to livestock resulting from the use of such poisonous substance, chemical or spray.

**History.**—s. 4, ch. 14651, 1931; CGL 1936 Supp. 2011(7); s. 23, ch. 29615, 1955.

## CHAPTER 344

COUNTY ROAD AND BRIDGE INDEBTEDNESS;  
BOARD OF ADMINISTRATION, ETC.

- 344.01 Roads, highways and bridges declared beneficial to state.
- 344.08 Bonds to remain obligations of issuing unit.
- 344.11 Records of indebtedness.
- 344.13 Apportionment of indebtedness.
- 344.17 Depositories and investments.
- 344.20 State of Florida not obligated.
- 344.21 Certain bond trustees to continue other functions.
- 344.24 Disposition of excess funds in county accounts.
- 344.25 Additional powers of State Board of Administration; judgments.
- 344.26 State Board of Administration; duties concerning debt service.
- 344.261 State Board of Administration; debt service; approval of bonds, etc., and plan for their retirement.
- 344.29 Anticipated surplus gasoline tax; issuance of certificates of indebtedness authorized.

**344.01 Roads, highways and bridges declared beneficial to state.**—It is declared by the legislature that all roads, highways and bridges which have been constructed or built prior to June 21, 1929, in whole or in part, from the proceeds of bonds issued by the counties of the state, or from the proceeds of bonds issued by special road and bridge districts under the laws authorizing same, have been and are, and will continue to be beneficial to the state at large, and have contributed substantially to the general welfare, settlement and development of the entire state.

**History.**—s. 1, ch. 14486, 1929; CGL 1936 Supp. 2470(1).

**344.08 Bonds to remain obligations of issuing unit.**—All bonds issued by any county or special road and bridge district, and outstanding on June 21, 1929, and issued for the purpose of obtaining funds to pay for the construction of roads, or roads and bridges, and all refunding bonds which had then been issued by any county or special road and bridge district for the purpose of retiring bonds originally issued for the purpose of constructing roads, or roads and bridges, shall remain obligations of said counties or special road and bridge districts, respectively, and each of said counties or districts shall be legally liable for the full amount of its bonds, so issued by it, outstanding, together with interest thereon until paid.

**History.**—s. 8, ch. 14486, 1929; CGL 1936 Supp. 2470(8).

**344.11 Records of indebtedness.**—The clerk of the circuit court of each county shall be the official custodian of all records pertaining to outstanding indebtedness of the county, and also of all bonded indebtedness of special road and bridge districts, and shall make a complete record of each issue of such bonds outstanding on June 21, 1929, including all county bonds and special road and bridge district

bonds. This record shall contain the information with relation to each issue in a well-bound book, which shall be a public record in the office of the clerk of the circuit court.

**History.**—s. 11, ch. 14486, 1929; CGL 1936 Supp. 2470(11); s. 27, ch. 63-572.

**344.13 Apportionment of indebtedness.**—If any special road and bridge district shall contain lands in more than one county, the amount of the bonded indebtedness of such special road and bridge district shall be, for the purposes of this chapter, apportioned between or among such counties in the proportion that the assessed valuation of the area of each county included within such special road and bridge district shall bear to the total assessed valuation of such special road and bridge district.

**History.**—s. 13, ch. 14486, 1929; CGL 1936 Supp. 2470(13); s. 1, ch. 67-749.

**344.17 Depositories and investments.**—All moneys received by the treasurer of the State Board of Administration, a body corporate under s. 9, Art. XII of the State Constitution, shall be deposited by him in a solvent bank or banks, to be approved and accepted for such purposes by the said board. In making such deposits he shall follow the method for the deposit of state funds. Each bank receiving any portion of the said funds shall be required to deposit with the treasurer of said board satisfactory bonds or treasury certificates of the United States, bonds of the several states, special tax school district bonds, bonds of any municipality eligible to secure state deposits as provided by law, bonds of any county or special road and bridge district of this state entitled to participate under the provisions of s. 16, Art. IX of the Constitution of 1885, as adopted by the 1968 Revised Constitution, and of s. 9, Art. XII of said revision, bonds issued under the provisions of s. 18, Art. XII, of the Constitution of 1885 as adopted by s. 9, Art. XII of the 1968 Revised Constitution, or bonds, notes or certificates issued by the Florida State Improvement Commission or its successors, the Florida Development Commission and the Division of Bond Finance of the Department of General Services, which contain a pledge of the 80 percent surplus 2 cents second gasoline tax accruing under s. 16, Art. IX of the Constitution of 1885, as adopted by the 1968 Revised Constitution, and under s. 9, Art. XII of said revision, which shall be equal to the amount deposited with said bank. Such security shall be in the possession of the treasurer of said board or the treasurer of said board is hereby authorized to accept in lieu of the actual depositing with him of such security, trust or safekeeping receipts issued by any Federal Reserve Bank, or member bank thereof, or by any bank incorporated under the laws of the United States; provided, however, that the member bank or bank incorporated under the laws of the United States shall have been previously approved and accepted for such purposes by the State Board of Administration, and provided, further, that said trust or safekeeping receipt shall be in substantially the same form as that which the

state treasurer is authorized to accept in lieu of securities given to cover deposits of state funds.

**History.**—s. 17, ch. 14486, 1929; CGL 1936 Supp. 2470(17); s. 1, ch. 17889, 1937; s. 2, ch. 20302, 1941; s. 1, ch. 20946, 1941; s. 7, ch. 22858, 1945; s. 2, ch. 57-749; ss. 22, 35, ch. 69-106; s. 18, ch. 69-216.  
cf.—s. 18.10 Deposit of money in banks of state.  
s. 518.09 Housing bonds legal investments and security.

**344.20 State of Florida not obligated.**—It is not the purpose or intention of this chapter or any part hereof to obligate the state, directly or indirectly or contingently, for the payment of the obligations of any counties or the obligations of any special road and bridge district, or that the state should assume the payment thereof; and this chapter is not to be construed as obligating the state to the holders of said bonds to make any payment of the same, nor shall such holders have any rights to enforce the appropriation of the moneys hereinabove provided for. Appropriations are made specifically for the benefit of the taxpayers and property owners of the state and for the purpose of rendering assistance to the various state agencies which have already performed part of the functions resting upon the state, and this chapter shall be subject to amendment, alteration or repeal at any time.

**History.**—s. 20, ch. 14486, 1929; CGL 1936 Supp. 2470(20).

**344.21 Certain bond trustees to continue other functions.**—In the case of bond trustees, who not only handle the money and funds of such county or district, but who also govern and administer the affairs of their respective county or district, including the issuance and sale of bonds and the building and construction and maintenance of the roads and bridges thereof, then the provisions of this chapter shall apply only to the interest and sinking funds thereof, and such bond trustees shall continue in office and in the performance of their duties in the administration of the affairs and business of such district as may be authorized by law.

**History.**—s. 21, ch. 14486, 1929; CGL 1936 Supp. 2470(21).

**344.24 Disposition of excess funds in county accounts.**—

(1) If in any case in which a levy of ad valorem taxes has been or may hereafter be laid and collected by or for any county or special road and bridge district, or other taxing district in this state, for the servicing of road and bridge bonded indebtedness being administered by the State Board of Administration, and the proceeds of which have been remitted to the State Board of Administration, or if on account of profits realized from investments by the State Board of Administration or its predecessor, the statutory Board of Administration, or if on account of tax redemption funds collected and remitted to the State Board of Administration or its predecessor, the statutory Board of Administration, there has been or shall hereafter be created an amount of funds in excess of the requirements for which such tax levies were or may be laid and upon which such tax redemptions may be based, or of the account for which such profits upon investments have been or may be realized, all such excess funds shall be transferred and applied as follows:

(a) If created for countywide bonds or obligations, to the credit of the county, and applied by the

State Board of Administration as gasoline and other fuel tax funds are applied, as required by s. 9, Art. XII of the State Constitution.

(b) If created for special road and bridge district or other special taxing district bonds or obligations, to the credit of the interest and sinking funds of the respective districts, and applied to other district bonds or obligations being administered by the State Board of Administration; provided, that if there are no such other bonds or obligations of districts, then and in that event, such excess funds shall be transferred to the credit of the county in which such district is located, and applied as provided in paragraph (a) of this subsection.

(2) All funds transferred under the provisions of this section shall be under the control and supervision of the State Board of Administration, as are all other funds made available to and administered by it under s. 9, Art. XII of the State Constitution.

**History.**—ss. 1, 2, ch. 21640, 1943; s. 18, ch. 69-216.

**344.25 Additional powers of State Board of Administration; judgments.**—In addition to the powers conferred upon the State Board of Administration by s. 9, Art. XII of the State Constitution, said board is hereby granted the power and authority to set up and recognize as a part of the bonded indebtedness of any taxing unit entitled to participate in the funds made available to said board by said s. 16,

Art. IX of the Constitution of 1885, as adopted by the 1968 Revised Constitution, and by s. 9, Art. XII of said Revision, the unpaid balance of any valid judgment rendered against such unit prior to January 1, 1943, and to refund or pay the same as in the manner provided for the payment of the obligations described in said s. 16, Art. IX of the Constitution of 1885, as adopted by the 1968 Revised Constitution, and in s. 9, Art. XII of said revision, said balance to bear interest from the date of such judgments until paid, at the rate of 5 percent per annum; provided, however, that the proceeds of ad valorem tax levies, including tax redemption funds, heretofore or hereafter laid for the purpose of paying the principal and/or interest on bonds upon which such judgments were based shall, promptly upon collection, be remitted to the State Board of Administration, to be applied to the purposes for which the same were levied; and provided, further, that nothing in this section is intended to authorize the recognition of any of such judgments as presently payable obligations entitled to participate out of gasoline or other fuel tax funds being and to be administered by the State Board of Administration, but only as entitled to participate in the distribution of such funds and to be refunded, refinanced or paid at such time or times and in such manner as said State Board of Administration may determine in the exercise of its powers under s. 9, Art. XII of the State Constitution; the purpose of this section being to relieve, so far as this legislature may, the taxing units affected of the burdens imposed by said judgments and of the corresponding duty on the part of such units to levy ad valorem taxes to pay the same, all within the spirit

and intent of said s. 9, Art. XII of the State Constitution.

*History.*—s. 1, ch. 21641, 1943; s. 18, ch. 69-216.

**344.26 State Board of Administration; duties concerning debt service.—**

(1)(a) The constitutional State Board of Administration shall take over the management, control, bond trusteeship, administration, custody, and payment of all debt service or other funds or assets now or hereafter available for all bonds or debentures issued to finance the construction or purchase of bridges, highways, or other transportation facilities which are now or hereafter leased for a term of more than one year or purchased under installment purchase agreements by the State Road Department or Department of Transportation from any public body, county, district, municipality, or other public bridge authority.

(b) Said State Board of Administration shall succeed to all the statutory powers of the respective officials of such public bodies, counties, districts, municipalities or other public authorities with regard to said bonds and debentures, including the power to issue refunding bonds for any of such bonds or debentures or interest coupons thereon, except that in case any ad valorem levies are necessary to service any of said bonds containing ad valorem tax pledges, such tax levies shall be made and collected by the taxing officials now authorized by law to levy and collect the same, who shall promptly remit such collections to the State Board of Administration.

(c) Said levies shall be made upon and by direction of appropriate and seasonable resolutions adopted by the State Board of Administration, setting forth the amounts to be levied and collected and the necessity for same.

(d) It shall be the duty of all officials of any such public body, county, district, municipality or other public authority to turn over to said State Board of Administration within 30 days after May 27, 1943, or within 30 days after the execution hereafter of any such lease or purchase agreement by Department of Transportation all moneys or other assets applicable to, or available for, the payment of said bonds or debentures, together with all records, books, documents or other papers pertaining to said bonds or debentures.

(e) Any funds or other assets which hereafter become applicable to the payment of such bonds or debentures and come into the hands of any such officials shall be immediately remitted to said State Board of Administration.

(2) The Department of Transportation shall pay all rentals or purchase installments for bridges or highways direct to the State Board of Administration for application by said board as provided under the terms of said leases or purchase agreements.

*History.*—ss. 1, 2, ch. 21853, 1943; ss. 23, 35, ch. 69-106; s. 8, ch. 70-239. cf.—s. 349.16 Transfer of refunding powers to authority.

**344.261 State Board of Administration; debt service; approval of bonds, etc., and plan for their retirement.—**

(1) Before entering into a lease-purchase agreement with any county, road and bridge district, or any other agency covering any road, bridge, ferry, or

other transportation facility or facilities, which agreement pledges rental and purchase payments by the Department of Transportation to apply on retirement of the debt incurred or to be incurred for the construction or supplying of such transportation facility, and which debt will, in consequence of s. 344.26, be administered by the State Board of Administration, the department shall first secure from the State Board of Administration a statement approving the legal and fiscal sufficiency of such bonds or debentures and the plan for their retirement.

(2) This section shall be considered as supplementing and cumulative to existing laws and shall be effective as to any agreements entered into after June 9, 1951.

*History.*—ss. 1, 2, ch. 26954, 1951; ss. 23, 35, ch. 69-106; s. 9, ch. 70-239.

**344.29 Anticipated surplus gasoline tax; issuance of certificates of indebtedness authorized.—**

(1) BY COUNTY.—

(a) Any county, by resolution of its board of county commissioners, and upon certification by the State Board of Administration of adequate anticipated revenue from 20 percent surplus gasoline tax to accrue to such county under the provisions of s. 9, Art. XII of the State Constitution, may issue and sell interest-bearing certificates of indebtedness to be paid from said 20 percent surplus gasoline tax for the sole purpose of acquiring right-of-way or constructing state or county roads within such county, or for refunding any such certificates theretofore issued. Such certificates shall mature within 30 years from date of issue but not later than the year 1992, shall bear interest at not more than 7½ percent, and shall be construed not as a general county obligation but merely as an obligation of the board of county commissioners in its representative capacity and secured only by the specified 20 percent surplus gasoline tax revenue. When approved as to fiscal sufficiency by the State Board of Administration and as to legal adequacy by the Department of Legal Affairs, such certificates shall have all the qualities of negotiable instruments under the statutes of this state and the law merchant, shall be acceptable as collateral to secure state or county fund deposits, and be eligible as investments for such funds, sinking funds and public trust funds.

(b) The proceeds of such certificates shall constitute a trust fund to be used solely for the purpose or purposes described therein but may, at the discretion of the board of county commissioners of such county, be transferred to and used by the Department of Transportation in carrying out such purpose or purposes. Any balance of such proceeds remaining after fulfillment of the purpose for which the certificates were issued shall be deposited in the sinking fund established for their payment.

(2) BY DEPARTMENT OF TRANSPORTATION.—

(a) The Department of Transportation upon certification by the State Board of Administration of adequate anticipated 80 percent surplus gasoline tax revenue to accrue to the department for use in any county in the state under provisions of s. 9, Art. XII of the State Constitution, may issue and sell interest-bearing certificates of indebtedness payable from

said 80 percent surplus gasoline tax, for the purpose of financing the acquisition of right-of-way or for the construction or reconstruction of roads and bridges on the state road system in the county where such 80 percent surplus gasoline tax accrues, or for the purpose of refunding certificates theretofore issued, but only upon resolution of the board of county commissioners of said county. Such certificates shall mature within 30 years from the date of issue, but not later than the year 1992, shall bear interest at not more than 7½ percent, and shall not be construed as an obligation of the state or of any political subdivision thereof, but merely as an obligation of the department in its representative capacity, and payable solely from the specified 80 percent surplus gasoline tax. When approved as to fiscal sufficiency by the State Board of Administration and as to legal adequacy by the Department of Legal Affairs, the certificates shall have all the qualities of negotiable instruments under the laws of the state or of the law merchant, shall be acceptable as collateral to secure deposits of state and county funds, and shall be eligible as investments for any state, county, municipal or other public trust funds.

(b) The department shall adopt policies and procedures and enter into such covenants with the certificate holders regarding the terms and conditions of such certificates covering the issuance, sale, exchange, refunding, redemption features, execution and so forth, as are in accord with sound fiscal princi-

ples and as are not inconsistent with the provisions of this section; provided, however, that the sale thereof to the general public shall be made only on the basis of duly advertised public competitive bidding, but that such certificates may be sold by negotiation to any federal, state or county agency having public funds at its disposal for investment. Said certificates shall constitute an irrevocable agreement between the department and the holders of such certificates.

(c) The State Board of Administration is hereby authorized, upon request by resolution of the Department of Transportation, to act as its agent in the issuance, sale, management, payment and refunding of such certificates of indebtedness.

(d) The proceeds of such certificates of indebtedness shall constitute a trust fund to be kept separate from other funds of the department and shall be used only for the purpose or purposes described in the face of such certificate. Any balance of such trust fund remaining after the purposes described in the certificate have been carried out shall be deposited in the sinking fund set up to retire such certificates.

(3) This section shall be considered as alternate and cumulative to any other law regarding the use of surplus gasoline tax funds accruing under the provisions of s. 9, Art. XII of the State Constitution.

## FERRIES, TOLL BRIDGES, DAMS, AND LOG DITCHES

- 347.01 County commissioners may grant license.
- 347.02 Notice of application.
- 347.03 Owner of land to have preference for ferry or toll bridge.
- 347.04 Commissioners may regulate.
- 347.05 Bond.
- 347.06 Certificate of license.
- 347.07 License on waters between counties.
- 347.19 Militia and clergymen exempt from paying tolls.
- 347.20 Vested rights not impaired.
- 347.21 County commissioners to grant franchise.
- 347.22 Condition under which franchise granted.
- 347.23 No person to maintain ferry unless authorized.
- 347.24 Transporting persons for hire within 1 mile of ferry; penalty.
- 347.25 Maintaining illegal ferries; penalty.

**347.01 County commissioners may grant license.**—The county commissioners of the several counties may grant leave to applicants, upon the conditions provided in this chapter, to establish ferries, toll bridges, mills and dams, and log ditches, upon and across the rivers and streams of their respective counties, which license shall continue in force for a time to be specified therein by said board not exceeding ten years.

*History.*—s. 1, ch. 3300, 1881; RS 637; GS 910; RGS 1692; CGL 2740.

**347.02 Notice of application.**—Any person desiring the benefits of s. 347.01 shall advertise in a newspaper published in the county wherein the privilege is to be granted, or if there be no newspaper published in said county, in a newspaper published in the adjoining or nearest county thereto; and shall also post in three conspicuous places in said county notice of his intention to apply to the county commissioners for leave, specifying the object of his application to the commissioners aforesaid, which application shall be in writing, particularly describing the river or stream, and locality thereupon, with the width thereof, and the depth of water where he shall desire to erect or establish a mill, dam, bridge, ferry or log ditch as aforesaid.

*History.*—s. 2, ch. 3300, 1881; RS 638; GS 911; RGS 1693; CGL 2741.

**347.03 Owner of land to have preference for ferry or toll bridge.**—No such license to establish a ferry or toll bridge shall be granted to any person other than the owner of the land through which the highway adjoining the ferry or toll bridge shall run, unless such owner shall consent thereto or shall neglect to apply for such license, after notice as aforesaid.

*History.*—s. 3, ch. 3039, 1877; RS 639; GS 912; RGS 1694; CGL 2742.

**347.04 Commissioners may regulate.**—The board of county commissioners, when they shall grant any license to keep a ferry or toll bridge, shall order and direct the rates of ferriage or toll which the person licensed may charge, and may, from time to time thereafter during the continuance of such

license, alter such rates, and they may also direct what and how many hours each day such person shall attend his ferry or bridge, which hours shall be at least from daylight till dark, and may direct how long persons desiring to be crossed may be detained.

*History.*—s. 2, ch. 3039, 1877; RS 640; GS 913; RGS 1695; CGL 2743.

**347.05 Bond.**—Every person applying for such license for a ferry or toll bridge, shall, before the same shall be granted, give bond in a sum to be fixed by the county commissioners, not less than \$200, with such sufficient sureties as the board shall approve, conditioned to faithfully keep such bridge in good repair, or attend such ferry with such and so many safe and convenient boats, and so many men to work the same, together with such sufficient implements therefor, and to perform the duties of such ferry or toll bridge, during the several hours in each day and at such several rates as the said board shall from time to time order and direct, which bond shall be filed with the clerk of said board.

*History.*—s. 5, ch. 3039, 1877; RS 641; s. 5, ch. 5423, 1905; GS 914; RGS 1698; CGL 2749.

**347.06 Certificate of license.**—Whenever an application is granted under s. 347.01, the clerk of the board of county commissioners shall issue his certificate under seal, specifying the privileges therein granted, for which he shall receive the fees prescribed by law for like services.

*History.*—s. 1, ch. 3300, 1881; RS 642; GS 915; RGS 1699; CGL 2750.

**347.07 License on waters between counties.**—Whenever the waters over which any toll bridge or ferry may be used shall divide two counties, a license obtained in either of the counties shall be sufficient to authorize the person obtaining the same to transport and pass persons, goods, wares, and merchandise and effects to and from either side of said waters; provided, that the rate of toll be fixed by the county commissioners of each county.

*History.*—s. 7, ch. 3039, 1877; RS 643; GS 916; RGS 1700; CGL 2751.

**347.19 Militia and clergymen exempt from paying tolls.**—

(1) Any person belonging to the military forces of the state going to or returning from any parade, encampment, drill, muster, or other military service or meeting which he may be required to attend, if he is in uniform, presents an order for duty, or such other proper identification to be prescribed by the adjutant general, and all persons driving automobiles or other vehicles belonging to the military department of the state used for transporting military personnel, stores and property, when properly identified shall, together with any such conveyance and military personnel and property of the state in his charge, be allowed to pass free through all tollgates and over all toll bridges and ferries in this state.

(2) Clergymen and preachers of the gospel shall

be allowed to pass free over all toll bridges and ferries in this state.

(3) A copy of this section shall be posted at each toll bridge and on each ferry.

**History.**—ss. 27, 28, Acts of March 5, 1842; RS 644; GS 917; RGS 1701; CGL 2752; s. 5, ch. 14761, 1931; CGL 1936 Supp. 2752(1).

**347.20 Vested rights not impaired.**—Nothing in this chapter shall affect or impair any right or privilege belonging to any individual or corporation by virtue of any law of this state.

**History.**—s. 10, ch. 3039, 1877; RS 645; GS 918; RGS 1702; CGL 2753.

**347.21 County commissioners to grant franchise.**—The county commissioners of any county in this state, whenever it shall have been made to appear to them that the convenience of the public requires the maintenance of a ferry for teams and passengers operated on regular schedules at frequent intervals across any river between any two points on opposite sides of the river in the same county, shall by resolution, grant a leave, license and franchise for the establishment, maintenance and operation of such ferry by a grantee or grantees named in the resolution, from a street or a public road on one side of the river to a street or a public road on the other side of the river; which leave, license and franchise shall vest in and be enjoyed by the grantee or grantees and the heirs, successors, and assigns thereof for the terms and on the conditions as in ss. 347.22-347.25 provided. The word grantee, as used in said sections, shall include the heirs, successors and assigns of the grantee, and the word franchise shall include leave, license, and all rights and privileges pertaining to ferries.

**History.**—s. 1, ch. 5185, 1903; GS 919; RGS 1703; CGL 2754.

**347.22 Condition under which franchise granted.**—Such leave, license and franchise, for the maintenance and operation of such ferry as provided in s. 347.21, shall be given and granted by resolution upon the following terms and conditions:

(1) The grantee of such leave, license and franchise, shall before the taking effect of such leave, license and franchise, give to the county a good and sufficient bond in the sum of \$5,000, to be approved by the county commissioners, conditioned for the establishment, maintenance and operation of a ferry of character to meet the reasonable necessities of the public on regular schedule at such frequent intervals from each side of the river with a ferry boat suitable and safe for the transportation of passengers, vehicles and teams during the hours and on the schedules as fixed by the provisions of the resolution of the board of county commissioners granting the franchise. The county commissioners shall in and by the resolution giving and granting such franchise fix the schedule to be observed and the rate to be charged for ferriage, and the character and capacity of boats, and make such other regulations as may to them appear to be reasonable, to be in force and effect until changed as hereinafter provided.

(2) Such franchise, unless adjudged by the courts forfeited for failure to comply with the terms and conditions thereof, shall run and continue for the full term of and period of 15 years, and thereafter until the county commissioners shall have terminat-

ed the said franchise in the manner herein provided. No leave, license or franchise shall be granted to any person for the operation of any ferry across such river from or to any point within 1 mile of either terminus of such ferry as fixed by the resolution granting the franchise, and no other ferry shall be established or maintained within 1 mile thereof; and no such leave, license or franchise shall be so given or granted as to impair or depreciate the value of any vested right or privilege of any person or corporation operating at the time of the passage of this chapter, a ferry for the transportation of passengers and teams at frequent and regular intervals across a river under the provisions of any resolutions of a board of county commissioners, granted under the provisions of existing laws.

(3) At the end of the third year after granting such leave, license or franchise, and at the end of each period of 3 years thereafter, the county commissioners and the grantee shall each have the right, by having given notice of the intention so to do 30 days prior to any such recurring period of 3 years, to have arbitrated with the other party any question or questions as to the reasonableness of any rate or rates allowed or charged, or as to the character and reasonableness or frequency of the service required or given, or as to any other matter or thing pertaining to the maintenance or operation of such ferry. For the arbitration of any such question or questions, the county commissioners shall name one arbitrator, and the grantee of the franchise shall name the other, and the two arbitrators shall, if possible, after investigation, decide the question or questions submitted to them, and render to the county commissioners and to the grantee a written decision signed by them. If the two arbitrators so named shall be unable to agree as to a proper decision on any question or questions, they shall mutually agree upon a third disinterested party, who shall investigate the contested question or questions, and the finding of two of the arbitrators shall then be a decision of the arbitrators. All parties shall be bound, and shall abide by and carry out for the ensuing 3 years the decision of the arbitrators. The county commissioners and the grantee of such franchise shall have the right at any time, without arbitration, to make by resolution of the county commissioners, approved by the grantee, any arrangement that they may deem mutually advantageous to all concerned affecting such ferry service, subject, however, to subsequent change by arbitration at the times and as herein provided.

(4)(a) The county commissioners of any county, wherein such ferry shall have been operated as herein provided, shall have the right to have submitted to the voters of the county, at the general election next preceding the expiration of the said term of 15 years, the question as to whether or not the county commissioners shall purchase the property used and operate the ferry, and if the majority of the voters voting on the subject shall have voted for the purchase and operation of the ferry by the county, then the county commissioners and the grantee of the franchise shall each name an arbitrator, and the two arbitrators so named shall name a third, a disinterested person of high standing and integrity, and the

three arbitrators, or two of them, if the three cannot agree, shall, after a thorough investigation, fix the amount to be paid by the county to the grantee; and the county commissioners shall thereupon pay to the grantee the amount fixed by the arbitrators, or a majority of them, and shall receive from the grantee a conveyance of all its property used for ferry purposes; and the county commissioners shall operate such ferry so long as its operation by them shall appear practicable, and the grantee of the franchise shall not thereafter, so long as the said ferry shall be operated by the county, operate any such ferry, and all rights of the grantee to operate such ferry shall, during the time of the operation thereof by the county, be withdrawn.

(b) Should the electors of the county at such election fail to approve the purchase and operation of such ferry, or should the county commissioners for any reason fail to make such purchase, the grantee shall have the right to continue the operation of such ferry with all the rights hereby granted and subject to all of the provisions of this chapter as to arbitration of questions of service, charges, etc., for an additional term of 10 years, and until the county shall, by vote of its electors, have determined to purchase and operate such ferry, and shall have paid to the grantee the amount fixed by arbitration in the manner above provided.

**History.**—s. 2, ch. 5185, 1903; GS 920; RGS 1704; CGL 2755.

**347.23 No person to maintain ferry unless authorized.**—No person not authorized under the pro-

visions of this chapter shall maintain any ferry for transporting persons or property for profit across any river from any point within 1 mile of a terminus of any ferry maintained under the provisions of this chapter to any point within 1 mile of such terminus.

**History.**—s. 4, ch. 5185, 1903; GS 921; RGS 1705; CGL 2756.

**347.24 Transporting persons for hire within 1 mile of ferry; penalty.**—Any person who shall for profit or hire transport across any river from any point within 1 mile of any terminus of any ferry maintained under the provisions of law to any point within 1 mile of a terminus of any such ferry, unless duly authorized by law so to do, shall be guilty of a misdemeanor of the second degree, punishable as provided in s. 775.083, for the first offense and for each subsequent offense shall be guilty of a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083.

**History.**—s. 5, ch. 5185, 1903; GS 3734; RGS 5759; CGL 7989; s. 245, ch. 71-136.

**347.25 Maintaining illegal ferries; penalty.**—Whoever maintains any ferry for transporting across any river, stream or lake, persons, goods, chattels or effects for profit or hire, unless duly authorized according to law, shall be punished by fine not exceeding \$20. When any offense mentioned in this section is committed on streams dividing counties the offender may be prosecuted in either county.

**348.216 Short title.**—Part I of chapter 348 shall be known and may be cited as the "Brevard County Expressway Authority Law."

**History.**—s. 1, ch. 72-408.

**348.217 Definitions.**—As used in part I of this chapter unless the context clearly indicates otherwise:

- (1) "Authority" means the body politic and corporate, an agency of the state, created by this part.
- (2) "Members" means the governing body of the authority and "member" means one of the individuals constituting such governing body.
- (3) "Bonds" means and includes the notes, bonds, refunding bonds, or other evidences of indebtedness or obligations in either temporary or definitive form which the authority is authorized to issue pursuant to this part.
- (4) "Lease-purchase agreement" means the lease-purchase agreements which the authority is authorized pursuant to this part to enter into with the Department of Transportation.
- (5) "Department of Transportation" or "department" means the Department of Transportation of the state, organized and existing under and by virtue

of the provisions of chapters 334-339.

(6) "County" means the County of Brevard.

(7) "State Board of Administration" means the body corporate created, organized, and existing under and by virtue of the provisions of s. 9(c)(2), Art. XII of the State Constitution.

(8) "Agency of the state" means and includes the state and any department of, or corporation, agency, or instrumentality heretofore or hereafter created, designated or established by, the state.

(9) "Federal agency" means and includes the United States, the President of the United States, and any department of, or corporation, agency, or instrumentality heretofore or hereafter created, designated or established by, the United States.

(10) "Second gas tax" means and includes the 20 percent and 80 percent surplus gasoline tax funds accruing in each year to the Department of Transportation for use in Brevard County under the provisions of s. 9(c)(2), Art. XII of the State Constitution, after deduction only of any amounts of said gasoline tax funds heretofore pledged by the Department of Transportation or the county for outstanding obligations, or all other such funds as may otherwise be provided by the constitution for use in Brevard County.

(11) "Seventh cent gas tax" means all the gasoline tax funds accruing in each year for use in Brevard County under the provisions of s. 206.60.

(12) "Limited access expressway" means a street or highway especially designed for through traffic and over, from, or to which no person shall have the right of easement, use, or access except in accordance with the rules and regulations promulgated and established by the authority for the use of such facility. Such highways or streets may be parkways from which trucks, buses, and other commercial vehicles shall be excluded, or they may be freeways open to use by all customary forms of street and highway traffic.

(13) "Expressway" means the same as limited access expressway.

(14) "Brevard County Expressway System" and "system" mean generally a modern highway system of roads, bridges, and causeways within Brevard County or a major road, bridge, or causeway, with access limited or unlimited as the authority may determine, and such structures, appurtenances, and

facilities related thereto, including all approaches, streets, roads, bridges, and avenues of access for such system.

(15) Words importing singular number shall include the plural number in each case and vice versa, and the words importing persons shall include firms and corporations.

History.—s. 2, ch. 72-408.

#### **348.218 Brevard County Expressway Authority.—**

(1) There is hereby created and established a body politic and corporate, an agency of the state, to be known as the Brevard County Expressway Authority, hereinafter referred to as "authority."

(2) The governing body of the authority shall consist of five members, one member appointed by the Board of County Commissioners of Brevard County from each of the county commission districts of Brevard County. In the alternative, the board of county commissioners, in its sole discretion, may elect to serve individually as the governing body of the authority and in the event of such election, such individual county commissioners shall possess full and complete power and authority as the governing body of said authority as specified under this part. In the event said board of county commissioners does not elect to serve individually as the governing body of the authority, two of the members who are first appointed shall serve a term of 2 years beginning on January 1 of the year of their appointment, and three of the members who are first appointed shall serve a term of 4 years beginning on January 1 of the year of their appointment. Thereafter, the term of such appointed members shall be for 4 years. Each member so appointed shall serve at the pleasure of the Board of County Commissioners of Brevard County and shall hold office until his successor has been appointed and qualified. A vacancy occurring during a term shall be filled only for the balance of the unexpired term.

(3) The authority shall elect one of its members as chairman of the authority. The authority shall also elect a secretary and a treasurer, who may or may not be members of the authority. The secretary and treasurer shall hold such offices at the will of the authority. Three members of the authority shall constitute a quorum of the authority to exercise all of the rights and perform all of the duties of the authority.

(4) The authority may employ an executive secretary, an executive director, its own counsel and legal staff, technical experts, and such engineers and employees, permanent or temporary, as it may require, and may determine the qualifications and fix the compensation of such persons, firms, or corporations, and may employ a fiscal agent or agents.

(5) The authority may avail itself of the facilities and employees of Brevard County for the purpose of carrying out any rights or duties granted or imposed on said authority by this part or any other provisions of law. Brevard County is hereby authorized to enter into agreements with the authority in order to make available its facilities and employees. Reimbursement shall be made by the authority to Brevard County should the authority, in its discretion, utilize said facilities or employees, but said reimbursement

shall not exceed the actual costs to Brevard County.

(6) Members of the authority shall be entitled to receive from the authority their traveling and other necessary expenses incurred in connection with the business of the authority, as provided in s. 112.061, but they shall draw no salaries or other compensation.

History.—s. 3, ch. 72-408.

#### **348.219 Purposes and powers.—**

(1) The authority created and established by this part shall have the right to acquire, hold, construct, improve, maintain, operate, own, and lease in the capacity of lessor the Brevard County Expressway System, hereinafter referred to as "system."

(2) It is the express intention of this part that the authority, in the construction of the Brevard County Expressway System, shall be authorized to construct any extensions, additions, or improvements to said system or appurtenant facilities, including all necessary approaches, roads, bridges, and avenues of access, with such changes, modifications, or revisions of said project as shall be deemed desirable and proper.

(3) The authority is hereby granted, and shall have and may exercise all powers necessary, appurtenant, convenient, or incidental to the carrying out of the aforesaid purposes, including, but without being limited to, the following rights and powers:

(a) To sue and be sued, implead and be impleaded and complain and defend in all courts.

(b) To adopt, use, and alter at will a corporate seal.

(c) To acquire, purchase, hold, lease as lessee and use any franchise, property, real, personal or mixed, tangible or intangible, or any interest therein, necessary or desirable for carrying out the purposes of the authority, and to sell, lease as lessor, transfer, and dispose of any property or interest therein at any time acquired by it.

(d) To enter into and make leases for terms not exceeding 40 years, as either lessee or lessor, in order to carry out the right to lease as set forth in this part.

(e) To enter into and make lease-purchase agreements with the Department of Transportation for terms not exceeding 40 years, or until any bonds secured by a pledge of rentals thereunder, and any refundings thereof, are fully paid as to both principal and interest, whichever is longer.

(f) To fix, alter, charge, establish, and collect rates, fees, rentals, and other charges for the services and facilities of the Brevard County Expressway System, which rates, fees, rentals, and other charges shall always be sufficient to comply with any covenants made with the holders of any bonds issued pursuant to this part. Such right and power may be assigned or delegated by the authority to the Department of Transportation.

(g) To borrow money and make and issue negotiable notes, bonds, refunding bonds, and other evidences of indebtedness or obligations, either in temporary or definitive form, hereinafter in this part sometimes called "bonds," of the authority for the purpose of financing all or part of the improvement, extension, or construction of the Brevard County Expressway System and appurtenant facilities, including all approaches, streets, roads, bridges, and ave-

nues of access for said Brevard County Expressway System and for any other purpose authorized by this part, said bonds to mature in not exceeding 40 years from the date of issuance thereof, and to secure the payment of such bonds or any part thereof by a pledge of any or all of its revenues, rates, fees, rentals, or other charges, including all or any portion of the second gas tax or the seventh cent gas tax, or both, and in general to provide for the security of said bonds and the rights and remedies of the holders thereof. The pledge of said second gas tax or said seventh cent gas tax, or both, and the amount and conditions of such pledge shall be first approved by the Board of County Commissioners of Brevard County. However, no portion of said second gas tax or said seventh cent gas tax, or both, shall be pledged for the construction of any project for which a toll is to be charged unless the anticipated tolls are reasonably estimated by the board of county commissioners, at the date of its resolution pledging said funds, to be sufficient to cover the principal and interest of such obligations during the period when said pledge of funds shall be in effect.

1. The authority shall reimburse Brevard County for any sums expended from said gasoline tax funds used for the payment of such obligations. Any gasoline tax funds so disbursed shall be repaid when the authority deems it practicable, together with interest at the highest rate applicable to any obligations of the authority.

2. In the event the authority determines to fund or refund any bonds theretofore issued by said authority or by said commission as aforesaid prior to the maturity thereof, the proceeds of such funding or refunding bonds shall, pending the prior redemption of the bonds to be funded or refunded, be invested in direct obligations of the United States, and it is the express intention of this part that such outstanding bonds may be funded or refunded by the issuance of bonds pursuant to this part, notwithstanding that part of such outstanding bonds will not mature or become redeemable until 10 years after the date of issuance of bonds pursuant to this part to fund or refund such outstanding bonds.

(h) To make contracts of every name and nature and to execute all instruments necessary or convenient for the carrying on of its business.

(i) Without limitation of the foregoing, to borrow money and accept grants from, and to enter into contracts, leases or other transactions with, any federal agency, the state, any agency of the state, the County of Brevard, or any other public body of the state.

(j) To have the power of eminent domain, including the procedural powers granted under both chapters 73 and 74.

(k) To pledge, hypothecate, or otherwise encumber all or any part of the revenues, rates, fees, rentals, or other charges or receipts of the authority, including all or any portion of the second gas tax or the seventh cent gas tax, or both, subject to the prior approval of the Board of County Commissioners of Brevard County as provided herein, as security for all or any of the obligations of the authority.

(l) To do all acts and things necessary or convenient for the conduct of its business and the general

welfare of the authority in order to carry out the powers granted to it by this part or any other law.

(m) The authority is specifically authorized to construct a toll facility in Brevard County establishing a two-lane or four-lane bridge located in the southern area of Brevard County, south of the municipality of Melbourne, connecting existing U. S. Highway No. 1 with State Road A1A across the Indian River at such exact location as is determined by the authority to be economically feasible.

(4) The authority shall have no power at any time or in any manner to pledge the credit or taxing power of the state or any political subdivision or agency thereof, including the County of Brevard, nor shall any of the authority's obligations be deemed to be obligations of the state or of any political subdivision or agency thereof; nor shall the state or any political subdivision or agency thereof, except the authority, be liable for the payment of the principal of or interest on such obligations.

(5) Anything in this part or any other provisions of the law to the contrary notwithstanding, the consent of any municipality shall not be necessary for any project of the authority, whether or not said project lies within the boundaries of any municipality, either in whole or in part.

History.—s. 4, ch. 72-408.

#### 348.22 Bonds of the authority.—

(1) The bonds of the authority issued pursuant to the provisions of this part, whether on original issuance or on refunding, shall be authorized by resolution of the members thereof, may be either term or serial bonds, and shall bear such date or dates, mature at such time or times, not exceeding 40 years from their respective dates, bear interest at such rate or rates, not exceeding 8 percent per annum, payable semiannually, be in such denominations, be in such form, either coupon or fully registered, carry such registration or exchangeability privileges, be payable in such medium of payment and at such place or places, be subject to such terms of redemption and be entitled to such priorities on the revenues, rates, fees, rentals or other charges or receipts of the authority, including the second gas tax or the seventh cent gas tax, or both, subject to the prior approval of the Board of County Commissioners of Brevard County, as provided herein. The bonds shall be executed either by manual or facsimile signature by such officers as the authority shall determine, provided such bonds bear at least one signature which is manually executed thereon, and the coupons attached to such bonds shall bear the facsimile signature or signatures of such officer or officers as shall be designated by the authority and shall have the seal of the authority affixed, imprinted, reproduced or lithographed thereon, all as may be prescribed in such resolution or resolutions.

(2) Said bonds shall be sold at public or private sale at such price or prices as the authority shall determine to be in its best interest, except that the interest cost to the authority on such bonds shall not exceed 8 percent per annum. Pending the preparation of definitive bonds, interim certificates may be issued to the purchaser or purchasers of such bonds and may contain such terms and conditions as the authority may determine.

(3) Any such resolution or resolutions authorizing any bonds hereunder may contain provisions which shall be part of the contract with the holders of such bonds, as to:

(a) The pledging of all or any part of the revenues, rates, fees, rentals, including all or any portion of the second gas tax or the seventh cent gas tax, or both, subject to the prior approval of the Board of County Commissioners of Brevard County, as provided herein, or other charges or receipts of the authority derived from the system.

(b) The completion, improvement, operation, extension, maintenance, repair, lease, or lease-purchase agreement of said system and the duties of the authority and others, including the Department of Transportation, with reference thereto.

(c) Limitations on the purposes to which the proceeds of the bonds, then or thereafter to be issued, or of any loan or grant by the United States or the state may be applied.

(d) The fixing, charging, establishing, and collecting of rates, fees, rentals, or other charges for use of the services and facilities of the Brevard County Expressway System or any part thereof.

(e) The setting aside of reserves or sinking funds or repair and replacement funds and the regulation and disposition thereof.

(f) Limitations on the issuance of additional bonds.

(g) The terms and provisions of any lease-purchase agreement, deed of trust, or indenture securing the bonds, or under which the same may be issued.

(h) Any other or additional agreements with the holders of the bonds which the authority may deem desirable and proper.

(4) The authority may employ fiscal agents as provided by this part or the State Board of Administration may, upon request of the authority, act as fiscal agent for the authority in the issuance of any bonds which may be issued pursuant to this part, and the State Board of Administration may, upon request of the authority, take over the management, control, administration, custody, and payment of any or all debt services of funds or assets now or hereafter available for any bonds issued pursuant to this part. The authority may enter into any deeds of trust, indentures, or other agreements within or without the state, as security for such bonds, and may, under such agreements, sign and pledge all or any of the revenues, rates, fees, rentals or other charges, or receipts of the authority, including the second gas tax or the seventh cent gas tax, or both, subject to the prior approval of the Board of County Commissioners of Brevard County, as provided herein. Such deed of trust, indenture, or other agreement may contain such provisions as are customary in such instruments or as the authority may authorize, including, but without limitation, provisions as to:

(a) The completion, improvement, operation, extension, maintenance, repair, and lease of, or lease-purchase agreement relating to, the Brevard County Expressway System and the duties of the authority and others, including the Department of Transportation, with reference thereto.

(b) The application of funds and the safeguarding

of funds on hand or on deposit.

(c) The rights and remedies of the trustee and the holders of the bonds.

(d) The terms and provisions of the bonds or the resolutions authorizing the issuance of same.

(5) Any of the bonds issued pursuant to this part are, and are hereby declared to be, negotiable instruments, and shall have all the qualities and incidents of negotiable instruments under the Law Merchant and the Uniform Commercial Code of the state.

History.—s. 5, ch. 72-408.

#### 348.221 Remedies of the bondholders.—

(1) The rights and remedies herein conferred upon or granted to the bondholders shall be in addition to, and not in limitation of, any rights and remedies lawfully granted to such bondholders by the resolution or resolutions providing for the issuance of bonds or by a lease-purchase agreement, deed of trust, indenture, or other agreement under which the bonds may be issued or secured. In the event that the authority shall default in payment of the principal of or interest on any of the bonds issued pursuant to the provisions of this part after such principal of or interest on said bonds shall have become due, whether at maturity or upon call for redemption, or the Department of Transportation shall default in any payments under, or covenants made in, any lease-purchase agreement between the authority and the Department of Transportation, and such default shall continue for a period of 30 days, or in the event that the authority or the Department of Transportation shall fail or refuse to comply with the provisions of this part or any agreement made with, or for the benefit of, the holders of the bonds, the holders of 25 percent, in aggregate principal amount, of the bonds then outstanding shall be entitled as of right to the appointment of a trustee to represent such bondholders for the purposes hereof; however, such holders of 25 percent in aggregate principal amount of the bonds then outstanding must first give notice of their intention to appoint a trustee to the authority and to the Department of Transportation. Such notice shall be deemed to have been given if given in writing and deposited in a securely sealed postpaid wrapper, mailed at a regularly maintained United States post-office box or station, and addressed, respectively, to the chairman of the authority at the office of the authority and to the secretary of the Department of Transportation at the principal office of the Department of Transportation.

(2) Such trustee, and any trustee under any deed of trust, indenture, or other agreement, may, and upon written request of the holders of 25 percent, or such other percentage as may be specified in any deed of trust, indenture, or other agreement aforesaid, in principal amount of the bonds then outstanding, shall, in any court of competent jurisdiction, in his or its own name:

(a) By mandamus or other suit, action, or proceeding at law or in equity enforce all rights of the bondholders, including the right to require the authority to fix, establish, maintain, collect, and charge rates, fees, rentals, and other charges adequate to carry out any agreement as to, or pledge of, the revenues or receipts of the authority, to carry out

any other covenants and agreements with or for the benefit of the bondholders, and to perform its and their duties under this part.

(b) By mandamus or other suit, action, or proceeding at law or in equity, enforce all rights of the bondholders under or pursuant to any lease-purchase agreement between the authority and the Department of Transportation, including the right to require the Department of Transportation to make all rental payments required to be made by it under the provisions of any such lease-purchase agreement, whether from the Brevard County second gas tax or seventh cent gas tax, or both, or other funds of the department so agreed to be paid and to require the Department of Transportation to carry out any other covenants and agreements with, or for the benefit of, the bondholders and to perform its and their duties under this part.

(c) Bring suit upon the bonds.

(d) By action or suit in equity require the authority or the Department of Transportation to account as if it were the trustee of an express trust for the bondholders.

(e) By action or suit in equity enjoin any acts or things which may be unlawful or in violation of the rights of the bondholders.

(3) Any trustee, when appointed as aforesaid or acting under a deed of trust, indenture, or other agreement, and whether or not all bonds have been declared due and payable, shall be entitled as of right to the appointment of a receiver, who may enter upon and take possession of the Brevard County Expressway System or the facilities or any part or parts thereof, the rates, fees, rentals, or other revenues, charges, or receipts from which are, or may be, applicable to the payment of the bonds so in default, and, subject to and in compliance with the provisions of any lease-purchase agreement between the authority and the Department of Transportation, operate and maintain the same for, on behalf of, and in the name of, the authority, the Department of Transportation, and the bondholders; collect and receive all rates, fees, rentals, and other charges or receipts or revenues arising therefrom in the same manner as the authority or the Department of Transportation might do, and who shall deposit all such moneys in a separate account and apply the same in such manner as the court shall direct. In any suit, action or proceeding by the trustees, the fees, counsel fees, and expenses of the trustee, and said receiver, if any, and all costs and disbursements allowed by the court shall be a first charge on any rates, fees, rentals, or other charges, revenues or receipts, derived from the Brevard County Expressway System, or the facilities or services or any part or parts thereof, including payments under any such lease-purchase agreement as aforesaid, which said rates, fees, rentals, or other charges, revenues or receipts shall or may be applicable to the payment of the bonds so in default. Such trustee shall, in addition to the foregoing, have and possess all of the powers necessary or appropriate for the exercise of any functions specifically set forth herein or incidental to the representation of the

bondholders in the enforcement and protection of their rights.

History.—s. 6, ch. 72-408.

#### **348.222 Lease-purchase agreement.—**

(1) In order to effectuate the purposes of this part, and as authorized by this part, the authority may enter into a lease-purchase agreement with the Department of Transportation relating to and covering the Brevard County Expressway System.

(2) Such lease-purchase agreement shall provide for the leasing of the Brevard County Expressway System by the authority, as lessor, to the Department of Transportation, as lessee; shall prescribe the term of such lease and the rentals to be paid thereunder; and may provide that upon the completion of the faithful performance thereunder and the termination of such lease-purchase agreement, title in fee simple absolute to the Brevard County Expressway System, as then constituted, may be transferred in accordance with law by the authority to the state, and, in such an event, the authority shall deliver to the Department of Transportation such deeds and conveyances as shall be necessary or convenient to vest title in fee simple absolute in the state.

(3) Such lease-purchase agreement may include such other provisions, agreements, and covenants as the authority and the Department of Transportation deem advisable or required, including, but not limited to, provisions as to the bonds to be issued under and for the purposes of this part; the completion, extension, improvement, operation, and maintenance of the Brevard County Expressway System and the expenses and cost of operation of said authority; the charging and collection of tolls, rates, fees, and other charges for the use of the services and facilities thereof; the application of federal or state grants or aid which may be made or given to assist the authority in the completion, extension, improvement, operation, and maintenance of the Brevard County Expressway System, which the authority is hereby authorized to accept and apply to such purposes; the enforcement of payment and collection of rentals; and any other terms, provisions, or covenants necessary, incidental, or appurtenant to the making of and full performance under such lease-purchase agreement.

(4) The Department of Transportation, as lessee under such lease-purchase agreement, is hereby authorized to pay, as rentals thereunder, any rates, fees, charges, funds, moneys, receipts, or income accruing to the Department of Transportation from the operation of the Brevard County Expressway System and the second gas tax or the seventh cent gas tax, or both, and may also pay, as rentals, any appropriations received by the Department of Transportation pursuant to any act of the legislature heretofore or hereafter enacted. However, nothing herein or in such lease-purchase agreement is intended to, nor shall this part or such lease-purchase agreement, require the making or continuance of such appropriations, nor shall any holder of bonds issued pursuant to this part ever have any right to compel the making or continuance of such appropriations.

(5) No pledge of said second gas tax or said seventh cent gas tax, or both, as rentals under such lease-purchase agreement shall be made without the

consent of Brevard County, evidenced by a resolution duly adopted by the board of county commissioners of said county at a public hearing held pursuant to due notice thereof published at least once a week for 3 consecutive weeks before the hearing in a newspaper of general circulation in the county. Said resolution, among other things, shall provide that any excess of said pledged second gas tax or seventh cent gas tax, or both, which are not required for debt service or reserves for such debt service for any bonds issued by said authority shall be distributed annually to Brevard County as provided by law. The Department of Transportation shall have power to covenant in any lease-purchase agreement that it will pay all or any part of the cost of the operation, maintenance, repair, renewal, and replacement of said system, and any part of the cost of completing said system, to the extent that the proceeds of bonds issued therefor are insufficient, from sources other than the revenues derived from the operation of said system and said second gas tax or said seventh cent gas tax, or both. The Department of Transportation may also agree to make such other payments from any moneys available to Brevard County, in connection with the construction or completion of said system, as shall be deemed by the Department of Transportation to be fair and proper under any such covenants heretofore or hereafter entered into.

(6) Said system shall be a part of the state road system, and the Department of Transportation is hereby authorized, upon the request of the authority, to expend out of any funds available for the purpose such moneys and to use such of its engineering and other forces as may be necessary and desirable, in the judgment of the Department of Transportation, for the operation of said authority and for traffic surveys, borings, surveys, preparation of plans and specifications, estimates of cost, and other preliminary engineering and other studies.

*History.*—s. 7, ch. 72-408.

**348.223 Department of Transportation may be appointed agent of authority for construction.**—The Department of Transportation may be appointed by said authority as its agent for the purpose of constructing improvements and extensions to the Brevard County Expressway System and for the completion thereof. In such event, the authority shall provide the Department of Transportation with complete copies of all documents, agreements, resolutions, and contracts, and instruments relating thereto, and shall request the Department of Transportation to do such construction work, including the planning, surveying, and actual construction of the completion, extensions, and improvements to the Brevard County Expressway System, and shall transfer to the credit of an account of the Department of Transportation in the Treasury of the state the necessary funds therefor, and the Department of Transportation shall thereupon be authorized, empowered, and directed to proceed with such construction and to use the said funds for such purpose in the same manner that it is now authorized to use the

funds otherwise provided by law for its use in construction of roads and bridges.

*History.*—s. 8, ch. 72-408.

**348.224 Acquisition of lands and property.**—

(1) For the purposes of this part, the Brevard County Expressway Authority may acquire private or public property and property rights, including rights of access, air, view, and light, by gift, devise, purchase, or condemnation by eminent domain proceedings, as the authority may deem necessary for any of the purposes of this part. The right of eminent domain herein conferred shall be exercised by the authority in the manner provided by law.

(2) In connection with the acquisition of property or property rights, as herein provided, the authority may, in its discretion, acquire an entire lot, block, or tract of land if, by so doing, the interests of the public will be best served, even though said entire lot, block, or tract is not immediately needed for the right-of-way proper.

(3) The authority may acquire such rights, title, interest, or easements in such lands and property as it may deem necessary.

*History.*—s. 9, ch. 72-408.

**348.225 Cooperation with other units, boards, agencies and individuals.**—Express authority and power is hereby given and granted any county, municipality, drainage district, road and bridge district, school district, or any other political subdivision, board, commission, or individual, of the state to make and enter into, with the authority, contracts, leases, conveyances, or other agreements within the provisions and purposes of this part. The authority is hereby expressly authorized to make and enter into contracts, leases, conveyances, and other agreements with any political subdivision, agency, or instrumentality of the state, any federal agency, or any corporation or individual for the purpose of carrying out the provisions of this part.

*History.*—s. 10, ch. 72-408.

**348.226 Covenant of the state.**—The state does hereby pledge to, and agrees with, any person, firm, or corporation or any federal or state agency subscribing to, or acquiring, the bonds to be issued by the authority for the purposes of this part that the state will not limit or alter the rights hereby vested in the authority and the Department of Transportation until all bonds at any time issued, together with the interest thereon, are fully paid and discharged, insofar as the same affect the rights of the holders of bonds issued hereunder. The state does further pledge to, and agree with, the United States that, in the event any federal agency shall construct, or contribute any funds for, the completion, extension, or improvement of the Brevard County Expressway System, or any part or portion thereof, the state will not alter or limit the rights and powers of the authority and the Department of Transportation in any manner which would be inconsistent with the continued maintenance and operation of the Brevard County Expressway System or the completion, extension, or improvement thereof, or which would be inconsistent with the due performance of any agreements between the authority and any federal

agency, and the authority and the Department of Transportation shall continue to have and may exercise all powers herein granted so long as the same shall be necessary or desirable for the carrying out of the purposes of this part and the purposes of the United States in the completion, extension, or improvement of the Brevard County Expressway System or any part or portion thereof.

History.—s. 11, ch. 72-408.

**348.227 Exemption from taxation.**—The effectuation of the authorized purposes of the authority created under this part is in all respects for the benefit of the people of the state, for the increase of their commerce and prosperity, and for the improvement of their health and living conditions, and since such authority will be performing essential governmental functions in effectuating such purposes, such authority shall not be required to pay any taxes or assessments of any kind or nature whatsoever upon any property acquired or used by it for such purposes, or upon any rates, fees, rentals, receipts, income, or charges at any time received by it.

History.—s. 12, ch. 72-408.

**348.228 Eligibility for investments and security.**—Any bonds or other obligations issued pursuant to this part shall be and constitute legal investments for banks, savings banks, trustees, executors, administrators, and all other fiduciaries, and for all state, municipal, and other public funds, and shall also be and constitute securities eligible for deposit and security for all state, municipal, or other public funds, notwithstanding the provisions of any other law or laws to the contrary.

History.—s. 13, ch. 72-408.

**348.229 Pledges enforceable by bondholders.**—It is the express intention of this part that any pledge by the Department of Transportation of rates, fees, revenues, Brevard County gasoline tax funds, or other funds, as rentals, to the authority, or any covenants or agreements relative thereto, may be enforceable in any court of competent jurisdiction against the authority or directly against the Department of Transportation by any holder of bonds issued by the authority.

History.—s. 14, ch. 72-408.

**348.23 Part I complete and additional authority.**—

(1) The powers conferred by this part shall be in addition and supplemental to the existing powers of said board and the Department of Transportation, and this part shall not be construed as repealing any of the provisions of any other law, general, special, or local, but to supersede such other laws in the exercise of the powers provided in this part and to provide a complete method for the exercise of the powers granted in this part. The extension and improvement of the Brevard County Expressway System, and the issuance of bonds hereunder to finance all or part of the cost thereof, may be accomplished upon compliance with the provisions of this part without regard to, or necessity for compliance with, the provisions, limitations, or restrictions contained in any other general, special, or local law, and no

approval of any bonds issued under this part by the qualified electors in the state, in the County of Brevard, or in any other political subdivision of the state shall be required for the issuance of such bonds pursuant to this part.

(2) This part shall not be deemed to repeal, rescind, or modify any other law or laws relating to the State Board of Administration or the Department of Transportation, but shall be deemed to, and shall, supersede such other law or laws as are inconsistent with the provisions of this part.

**348.50 Title of law.**—Part II of chapter 348 shall be known and may be cited as the "Tampa-Hillsborough County Expressway Authority Law."

History.—s. 1, ch. 63-447.

**348.51 Definitions.**—The following terms whenever used or referred to in part II of this chapter shall have the following meanings, except in those instances where the context clearly indicates otherwise:

(1) "Agency of the state" shall mean and include the state and any department of, or corporation, agency or instrumentality heretofore or hereafter created, designated, or established by, the state.

(2) "Authority" shall mean the body politic, corporate, and agency of the state created by this part.

(3) "Bonds" shall mean and include the notes, bonds, refunding bonds or other evidences of indebtedness or obligations in either temporary or definitive form, of the authority issued pursuant to this part.

(4) "City" shall mean the City of Tampa.

(5) "County" shall mean the County of Hillsborough.

(6) "Expressway system" or "system" shall mean, generally, a modern highway system of roads, bridges, causeways, and tunnels in the metropolitan area of the city, or within any area of the county, with access limited or unlimited as the authority may determine, and such buildings and structures and appurtenances and facilities related thereto, including all approaches, streets, roads, bridges, and avenues of access for such system.

(7) "Federal agency" shall mean and include the United States, the President of the United States, and any department of, or bureau, corporation, agency or instrumentality heretofore or hereafter created, designated, or established by, the United States.

(8) "Hillsborough County gasoline tax funds" shall mean all the 80 percent surplus gasoline tax funds or 20 percent surplus gasoline tax funds accruing in each year to the Department of Transportation or the county, as the case may be, for use in Hillsborough County under the provisions of s. 9, Art. XII of the State Constitution, after deduction, if and only to the extent necessary, of any amounts of said gasoline tax funds heretofore pledged by the Department of Transportation or the county for outstanding obligations.

(9) "Lease-purchase agreement" or "lease-purchase agreements" shall mean the lease-purchase agreement or agreements which the authority is authorized pursuant to this part to execute.

(10) "Members" shall mean the governing body of the authority and the term "member" shall mean one of the individuals constituting such governing body.

(11) "Revenues" shall mean all tolls, revenues, rates, fees, charges, receipts, rentals, contributions and other income derived from or in connection with the operation or ownership of the expressway system, including the proceeds of any use and occupancy insurance on any portion of the system but excluding any Hillsborough County gasoline tax funds.

(12) "Department" shall mean the Department of Transportation of Florida and any successor thereto.

(13) Words importing singular number shall include the plural number in each case, and vice versa, and words importing persons shall include firms and corporations.

**History.**—s. 2, ch. 63-447; s. 18, ch. 69-216; s. 1, ch. 69-361; ss. 23, 35, ch. 69-106; s. 1, ch. 76-256.

### **348.52 Tampa-Hillsborough County Expressway Authority.—**

(1) There is hereby created and established a body politic, corporate and an agency of the state, to be known as the "Tampa-Hillsborough County Expressway Authority."

(2) The governing body of the authority shall consist of a board of seven members.

(a) Four of the members shall be appointed by the governor, subject to confirmation by the senate at the next regular session of the legislature. Refusal or failure of the senate to confirm an appointment shall create a vacancy.

1. Each such member's term of office shall be for

4 years or until his successor shall have been appointed and qualified; however, for the initial membership of the newly reconstituted governing body, one such member shall be appointed for a term of 1 year beginning July 1, 1974; one member shall be appointed for a term of 2 years beginning July 1, 1974; one member shall be appointed for a term of 3 years beginning July 1, 1974; and one member shall be appointed for a term of 4 years beginning July 1, 1974.

2. Vacancies occurring in the governing body for any such members prior to the expiration of the affected term shall be filled for the unexpired term.

3. The governor shall have the authority to remove from office any such member of the governing body in the manner and for cause defined by the laws of this state.

4. Each such member, before entering upon his official duties, shall take and subscribe to an oath before some official authorized by law to administer oaths that he will honestly, faithfully, and impartially perform the duties devolving upon him in office as a member of the governing body of the authority and that he will not neglect any duties imposed upon him by this part.

(b) One member shall be the mayor, or his designate, who shall be the chairman of the city council, of the city in Hillsborough County having the largest population, according to the latest decennial census, who shall serve as a member ex officio.

(c) One member shall be a member of the Board of County Commissioners of Hillsborough County, selected by such board, who shall serve as a member ex officio.

(d) One member shall be the district I engineer of the Department of Transportation, who shall serve ex officio.

(3) The authority shall designate one of its members as chairman. The members of the authority shall not be entitled to compensation, but shall be entitled to receive their traveling and other necessary expenses as provided in s. 112.061. A majority of the members of the authority shall constitute a quorum and resolutions enacted or adopted by a vote of a majority of the members present and voting at any meeting shall become effective without publication or posting or any further action of the authority.

(4) The authority may employ a secretary and executive director, its own counsel and legal staff, and such legal, financial and other professional consultants, technical experts, engineers and employees, permanent or temporary, as it may require, and may determine the qualifications and fix the compensation of such persons, firms or corporations. The authority may contract with the Division of Bond Finance of the Department of General Services for any financial services authorized herein.

(5) The authority may delegate to one or more of its officers or employees such of its powers as it shall deem necessary to carry out the purposes of this part, subject always to the supervision and control of the authority. Members of the authority may be removed from their office by the governor for miscon-

duct, malfeasance, misfeasance and nonfeasance in office.

**348.53 Purposes of the authority.**—The authority is created for the purposes and shall have power to construct, reconstruct, improve, extend, repair, maintain and operate the expressway system. It is hereby found and declared that such purposes are in all respects for the benefit of the people of the State of Florida, City of Tampa and the County of Hillsborough, for the increase of their pleasure, convenience and welfare, for the improvement of their health, to facilitate transportation for their recreation and commerce and for the common defense. The authority shall be performing a public purpose and a governmental function in carrying out its corporate purpose and in exercising the powers granted herein.

History.—s. 4, ch. 63-447.

**348.54 Powers of the authority.**—Except as otherwise limited herein, the authority shall have the power:

(1) To sue and be sued, implead and be impleaded, complain and defend in all courts.

(2) To adopt, use and alter at will, a seal.

(3) To acquire, purchase, hold, lease as lessee and use any franchise, property, real, personal or mixed, tangible or intangible, or any interest therein, necessary or desirable for carrying out the purposes of the authority, and to sell, lease as lessor, transfer and dispose of any property or interest therein at any time acquired by it.

(4) To construct, reconstruct or improve on or along the system suitable facilities for gas stations, restaurants and other facilities for the public; such facilities may be publicly offered for leasing for operation under rules and regulations to be established by the authority.

(5) To enter into and make lease-purchase agreements as provided in s. 348.60 for terms not exceeding 40 years, or until all bonds secured by a pledge thereunder, and all refundings thereof, are fully paid as to both principal and interest, whichever is longer.

(6) To fix, alter, charge, establish and collect tolls, rates, fees, rentals and other charges for the services and facilities of the expressway system, which tolls, rates, fees, rentals and other charges shall always be sufficient to comply with any covenants made with the holders of any bonds; provided, however, that such right and power, or any part thereof may be assigned or delegated, by the authority, to the lessee under a lease-purchase agreement.

(7) To borrow money and issue negotiable bonds, and to provide for the rights of the holders thereof.

(8) To secure the payment of bonds by a pledge of all or any portion of the revenues or such other moneys legally available therefor and of all or any portion of the Hillsborough County gasoline tax funds in the manner provided by this part; and in general to provide for the security of the bonds and the rights and remedies of the holders thereof. Interest upon the amount of gasoline tax funds to be repaid to the county pursuant to s. 348.60 shall be payable, at the highest rate applicable to any outstanding bonds of

the authority, out of revenues and other available moneys not required to meet the authority's obligations to its bondholders.

(9) To make contracts of every name and nature and to execute all instruments necessary or convenient for the carrying on of its business.

(10) Without limitation of the foregoing, to borrow money and accept gifts or grants from, and to enter into contracts, leases or other transactions with any federal agency, the state, any agency of the state, the county, the city or with any other public body of the state or any other person and to comply with the terms and conditions thereof.

(11) To have the power of eminent domain.

(12) To construct and maintain over, under, along, or across the system, telephone, telegraph, television, electric power and other wires or cables, pipelines, water mains and other conduits and mechanical equipment, not inconsistent with the appropriate use of the system, or to contract for such construction; and upon such terms and conditions as the authority shall determine, to lease all or any part of such property and facilities or the right to use the same whether such facilities are constructed by the authority or under a contract for such construction, for a period of not more than 20 years from the date when such lease is made.

(13) To do all acts and things necessary or convenient for the conduct of its business and the general welfare of the authority, in order to carry out the powers granted to it by this part or any other law.

(14) Prior to entering into any sale, lease, transfer or disposition of its real properties pursuant to subsection (3), leasing any of its facilities pursuant to subsection (4), or taking final action under subsection (7), the authority shall give notice thereof by publication on at least five separate days, in a newspaper of general circulation in the county. Such notice shall state the place and time, not less than 14 days following the first such publication, when objections may be filed with and heard by the authority.

History.—s. 5, ch. 63-447.

#### **348.56 Bonds of the authority.**—

(1) The authority shall have the power and is hereby authorized from time to time to issue bonds in such principal amount as, in the opinion of the authority, shall be necessary to provide sufficient moneys for achieving its corporate purposes, including construction, reconstruction, improvement, extension, repair, maintenance and operation of the expressway system, the cost of acquisition of all real property, interest on bonds during construction and for a reasonable period thereafter, establishment of reserves to secure bonds, and all other expenditures of the authority incident to and necessary or convenient to carry out its corporate purposes and powers.

(2)(a) Bonds shall be authorized by resolution of the members of the authority and shall bear such date or dates, mature at such time or times, not exceeding 40 years from their respective dates, bear interest at such rate or rates, not exceeding the maximum rate fixed by general law for authorities, be in such denominations, be in such form, either coupon or fully registered, carry such registration, exchangeability and interchangeability privileges, be payable in such medium of payment and at such

place or places, be subject to such terms of redemption and be entitled to such priorities of lien on the revenues, other available moneys, and the Hillsborough County gasoline tax funds as such resolution or any resolution subsequent thereto may provide. The bonds shall be executed either by manual or facsimile signature by such officers as the authority shall determine, provided that such bonds shall bear at least one signature which is manually executed thereon. The coupons attached to such bonds shall bear the facsimile signature or signatures of such officer or officers as shall be designated by the authority. Such bonds shall have the seal of the authority affixed, imprinted, reproduced, or lithographed thereon.

(b) The bonds shall be sold at public sale, and the net interest cost to the authority on such bonds shall not exceed the maximum rate fixed by general law for authorities. If all bids received on the public sale are rejected, the authority may then proceed to negotiate for the sale of the bonds at a net interest cost which shall be less than the lowest net interest cost stated in the bids rejected at the public sale. Pending the preparation of definitive bonds, temporary bonds or interim certificates may be issued to the purchaser or purchasers of such bonds and may contain such terms and conditions as the authority may determine.

(3) Any such resolution or resolutions authorizing any bonds may contain provisions which shall be part of the contract with the holders of such bonds, as to:

(a) The pledging of all or any part of the revenues, the Hillsborough County gasoline tax funds, or other moneys lawfully available therefor.

(b) The construction, reconstruction, improvement, extension, repair, maintenance, operation, lease or lease-purchase of the expressway system, or any part or parts thereof, and the duties and obligations of the authority and others, including the department, with reference thereto.

(c) Limitations on the purposes to which the proceeds of the bonds, then or thereafter to be issued, or of any loan or grant by any federal agency or the state or any political subdivision thereof may be applied.

(d) The fixing, charging, establishing, revising, increasing, reducing and collecting of tolls, rates, fees, rentals, or other charges for use of the services and facilities of the expressway system or any part thereof.

(e) The setting aside of reserves or of sinking funds and the regulation and disposition thereof.

(f) Limitations on the issuance of additional bonds.

(g) The terms and provisions of any lease-purchase agreement, deed of trust or indenture securing the bonds, or under which same may be issued.

(h) Any other or additional matters, of like or different character, which in any way affect the security or protection of the bonds.

(4) The authority may enter into any deeds of trust, indentures or other agreements with any bank or trust company within or without the state, as security for such bonds, and may, under such agreements, assign and pledge all or any of the revenues

and other available moneys, including all or any portion of the Hillsborough County gasoline tax funds, pursuant to the terms of this part. Such deed of trust, indenture or other agreement, may contain such provisions as are customary in such instruments or as the authority may authorize, including, but without limitation, provisions as to:

(a) The pledging of all or any part of the revenues, the Hillsborough County gasoline tax funds, or other moneys lawfully available therefor.

(b) The application of funds and the safeguarding of funds on hand or on deposit.

(c) The rights and remedies of the trustee and the holders of the bonds.

(d) The terms and provisions of the bonds or the resolutions authorizing the issuance of the same.

(e) Any other or additional matters, of like or different character, which in any way affect the security or protection of the bonds.

(5) Any of the bonds issued pursuant to this part are, and are hereby declared to be, negotiable instruments, and shall have all the qualities and incidents of negotiable instruments under the Law Merchant and the Negotiable Instruments Law of the state.

(6) It is the intention hereof that any pledge made by the authority shall be valid and binding from the time when the pledge is made; that the moneys so pledged and thereafter received by the authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and that the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the authority irrespective of whether such parties have notice thereof. Neither the resolution nor any other instrument by which a pledge is created need be recorded.

(7) Neither the members nor any person executing the bonds shall be liable personally on the bonds or be subject to any personal liability or accountability by reason of the issuance thereof.

(8) The authority shall have power out of any funds available therefor to purchase bonds, which shall thereupon be canceled, at a price not exceeding, if the bonds are then redeemable, the redemption price then applicable plus accrued interest to the next date of redemption thereof, or if the bonds are not then redeemable, the redemption price applicable on the first date after such purchase upon which the bonds become subject to redemption plus accrued interest to said date.

**History.**—s. 7, ch. 63-447; s. 1, ch. 68-120; ss. 23, 35, ch. 69-106; s. 1, ch. 70-260. cf.—s. 215.685 State, county, municipal, etc., bonds; maximum rate of interest.

#### **348.57 Refunding bonds.—**

(1) Subject to public notice as provided in s. 348.54, the authority is authorized to provide by resolution for the issuance from time to time of bonds for the purpose of refunding any bonds then outstanding. The authority is further authorized to provide by resolution for the issuance of bonds for the combined purpose of:

(a) Paying the cost of constructing, reconstructing, improving, extending, repairing, maintaining and operating the expressway system.

(b) Refunding bonds then outstanding. The authorization, sale and issuance of such obligations,

the maturities and other details thereof, the rights and remedies of the holders thereof, and the rights, powers, privileges, duties and obligations of the authority with respect to the same shall be governed by the foregoing provisions of this part insofar as the same may be applicable.

(2) In the event that the authority shall determine to issue bonds for the purpose of refunding any outstanding bonds prior to the maturity thereof, the proceeds of such refunding bonds may, pending the redemption of the bonds to be refunded, be invested in direct obligations of the United States. It is the express intention of this part that outstanding bonds may be refunded and retired by and upon the issuance of bonds notwithstanding that all or a portion of such outstanding bonds will not mature or become redeemable until after the date of issuance of such refunding bonds.

History.—s. 8, ch. 63-447.

#### 348.58 Remedies.—

(1) The rights and the remedies herein conferred upon or granted to the bondholders shall be in addition to and not in limitation of any rights and remedies lawfully granted to such bondholders by the resolution or resolutions or indenture providing for the issuance of bonds, or by any lease-purchase agreement, deed of trust, indenture or other agreement under which the bonds may be issued or secured. In the event that the authority shall default in the payment of the principal of or interest on any of the bonds issued pursuant to the provisions of this part after such principal of or interest on the bonds shall have become due, whether at maturity or upon call for redemption, as provided in said resolution or indenture, or the lessee shall default in any payments under, or covenants made in, any lease-purchase agreement and such default shall continue for a period of 30 days, or in the event that the authority or the lessee shall fail or refuse to comply with the provisions of this part or any agreement made with, or for the benefit of, the holders of the bonds, the holders of 25 percent in aggregate principal amount of the bonds then outstanding shall be entitled as of right to the appointment of a trustee to represent such bondholders for the purposes hereof; provided, however, that such holders of 25 percent in aggregate principal amount of the bonds then outstanding shall have first given written notice of their intention to appoint a trustee, to the authority and to such lessee.

(2) Such trustee, and any trustee under any deed of trust, indenture or other agreement, may, and upon written request of the holders of 25 percent, or such other percentages as may be specified in any deed of trust, indenture or other agreement aforesaid, in principal amount of the bonds then outstanding, shall, in any court of competent jurisdiction, in his or its own name:

(a) By mandamus or other suit, action or proceeding at law, or in equity, enforce all rights of the bondholders, including the right to require the authority to fix, establish, maintain, collect and charge rates, fees, rentals, and other charges, adequate to carry out any agreement as to, or pledge of, the revenues, and to require the authority to carry out any other covenants and agreements with or for the ben-

efit of the bondholders, and to perform its and their duties under this part.

(b) By mandamus or other suit, action or proceeding at law, or in equity, enforce all rights of the bondholders under or pursuant to any lease-purchase agreement, including the right to require the lessee to make all rental payments required to be made by it under the provisions of any such lease-purchase agreement, whether from the Hillsborough County gasoline tax funds or other funds so agreed to be paid and to require the lessee to carry out any other covenants and agreements with or for the benefit of the bondholders and to perform its and their duties under this part.

(c) Bring suit upon the bonds.

(d) By action or suit in equity require the authority or any lessee under any lease-purchase agreement to account as if it were the trustee of an express trust for the bondholders.

(e) By action or suit in equity enjoin any acts or things which may be unlawful or in violation of the rights of the bondholders.

(3) Any trustee when appointed as aforesaid, or acting under a deed of trust, indenture or other agreement, and whether or not all bonds have been declared due and payable, shall be entitled as of right to the appointment of a receiver, who may enter upon and take possession of the system or the facilities or any part or parts thereof, the revenues and other pledged moneys and, subject to and in compliance with the provisions of any lease-purchase agreement, operate and maintain the same, for and on behalf of and in the name of, the authority, the lessee and the bondholders, and collect and receive all revenues and other pledged moneys in the same manner as the authority or the lessee might do, and shall deposit all such revenues and moneys in a separate account and apply the same in such manner as the court shall direct. In any suit, action or proceeding by the trustee, the fees, counsel fees, and expenses of the trustee, and said receiver, if any, and all costs and disbursements allowed by the court shall be a first charge on any revenues. Such trustee shall, in addition to the foregoing, have and possess all of the powers necessary or appropriate for the exercise of any functions specifically set forth herein or incident to the representation of the bondholders in the enforcement and protection of their rights.

(4) Nothing in this section or any other section of this part shall authorize any receiver appointed pursuant hereto for the purpose, subject to and in compliance with the provisions of any lease-purchase agreement, of operating and maintaining the system or any facilities or part or parts thereof, to sell, assign, mortgage or otherwise dispose of any of the assets of whatever kind and character belonging to the authority. It is the intention of this part to limit the powers of such receiver, subject to and in compliance with the provisions of any lease-purchase agreement, to the operation and maintenance of the system, or any facility or part or parts thereof, as the court may direct, in the name and for and on behalf of the authority, the lessee and the bondholders, and no holder of bonds nor any trustee, shall ever have the right in any suit, action or proceeding at law, or in equity, to compel a receiver, nor shall any receiver

be authorized or any court be empowered to direct the receiver, to sell, assign, mortgage or otherwise dispose of any assets of whatever kind or character belonging to the authority.

History.—s. 9, ch. 63-447.

#### 348.59 Traffic control.—

(1) In addition to the powers conferred by the statutes of the state and the ordinances of the city, the authority is hereby authorized to promulgate such rules and regulations for the use and occupancy of the expressway system as may be necessary and proper for the public safety and convenience, for the preservation of its property and for the collection of tolls.

(2) The enforcement of the rules and regulations of the authority and of those provisions of the statutes and ordinances applicable to the expressway system may be by the city police department and sheriff of Hillsborough County; provided, however, that at the request of the authority, such enforcement shall also be the duty of the Florida Highway Patrol. Violators shall be apprehended and prosecuted in the same manner as provided for the apprehension and prosecution of violators of such statutes and ordinances who commit violations thereof upon streets, roads and thoroughfares in the state.

History.—s. 10, ch. 63-447.

#### 348.60 Lease-purchase agreements.—

(1) In order to effectuate the purposes of this part, the authority may enter into lease-purchase agreements with the city, the county, the state or any agency thereof, including the department, and any federal agency relating to and covering the expressway system or any portion thereof.

(2) Such lease-purchase agreements may provide for the leasing of the expressway system or any portion thereof by the authority as lessor to any one or more of the aforementioned governmental entities or agencies as lessee, shall prescribe the term of such lease and the rentals to be paid thereunder, and may provide that upon the completion of the faithful performance thereunder and the termination of such lease-purchase agreements, title in fee simple absolute to the expressway system, as then constituted, shall be transferred in accordance with law by the authority to such lessee or otherwise as provided in such agreements. In the event of such transfer to the lessee, the authority shall deliver to such lessee such deeds and conveyances as shall be necessary or convenient to vest title in fee simple absolute in such lessee.

(3) The lease-purchase agreements may include such other provisions, agreements and covenants as the authority and the lessee deem advisable or necessary, including but not limited to provisions with respect to bonds, the construction, reconstruction, extension, improvements, operation, repair, and maintenance of the expressway system, the expenses and costs of operation of the system and of the authority, the charging and collecting of tolls, rates, fees and other charges for the use of the services and facilities thereof, the application of federal, state or other grants or aid which may be made or given to assist the authority, the enforcement of payment and collection of rentals and any other terms, provi-

sions or covenants necessary, incidental or convenient to the making of and full performance under such lease-purchase agreements.

(a) In the event the department is a lessee under any such lease-purchase agreement, it is authorized to pay as rentals thereunder in addition to the revenues accruing thereto from the operation of the expressway system, all or any portion of the Hillsborough County gasoline tax funds and may also pay as rentals any appropriations received by the department pursuant to any act of the legislature heretofore or hereafter enacted; provided, however, that nothing herein nor in such lease-purchase agreement shall be construed to require the legislature to make or continue such appropriations nor shall any holder of bonds ever have any right to require the legislature to make or continue such appropriations.

(b) In the event the county is a lessee under any such lease-purchase agreement, it shall be authorized to pay as rentals thereunder in addition to the revenues accruing to the county from the operation of the expressway system all or any part of the 20 percent surplus gasoline tax funds accruing to Hillsborough County.

(4) No pledge of either the 80 percent surplus gasoline tax funds or the 20 percent surplus gasoline tax funds under any such lease-purchase agreement shall be made without the consent of the county evidenced by a resolution duly adopted by its board of county commissioners, nor unless the revenues pledged under any such lease-purchase agreements are estimated by the authority to aggregate during the term of such lease-purchase agreements not less than the principal amount of the bonds secured thereunder plus interest thereon. Such resolution, among other things shall provide that any excess of such pledge of the Hillsborough County gasoline tax funds which is not required for debt service or reserves for such debt service for any bonds shall be returned annually to the appropriate board or agency for distribution to the county as provided by law; and shall provide, further, that any Hillsborough County gasoline tax funds actually expended for such debt service, shall be repaid with interest out of revenues and other available moneys not required to meet the authority's obligations to its bondholders, as determined by the authority.

(5) Any lessee under such lease-purchase agreements shall have power to covenant therein that it will pay all or any part of the cost of the operation, maintenance, repair, renewal and replacement of the expressway system, and any part of the cost of completing such system, to the extent that the proceeds of bonds issued therefor are insufficient, from sources other than revenues and Hillsborough County gasoline tax funds. Any such lessee may also agree to make such other payments from moneys available to the county, the city, the authority or the department in connection with the construction or completion of such system as shall be deemed by such lessee to be fair and proper under any such covenants heretofore or hereafter entered into.

(6) Any lease-purchase agreement may provide that the system shall be a part of the state road system. The department is hereby authorized, upon request of the authority, to expend out of any funds

available for the purpose, such moneys, and to use such of its engineering or other forces, as may be necessary and desirable in the judgment of the department, for the operation of the authority and for traffic surveys, borings, surveys, preparation of plans and specifications, estimates of costs, preliminary engineering and other studies.

**History.**—s. 11, ch. 63-447; ss. 23, 35, ch. 69-106.

**348.61 Department may be appointed agent of authority for construction.**—The department may be appointed by the authority as its agent for the purpose of constructing, reconstructing, improving, extending or repairing the expressway system. In such event, the authority shall provide the department with complete copies of all documents, agreements, resolutions, contracts and instruments relating thereto and shall request the department to do such construction work including the planning, surveying and actual construction involved and shall transfer to the credit of an account of the department in the Treasury of the state the necessary funds therefor. The department shall thereupon be authorized, empowered and directed to proceed with such construction work and to use the said funds for such purpose and in the same manner that it is now authorized to use the funds otherwise authorized by law for its use in construction of roads and bridges.

**History.**—s. 12, ch. 63-447; ss. 23, 35, ch. 69-106.

**348.62 Acquisition of lands and property.**—

(1) For the purpose of this part, the authority may acquire private or public property and property rights including rights of access, air, view and light by gift, devise, purchase or condemnation by eminent domain proceedings, as the authority may deem necessary for any of the purposes of this part. The right of eminent domain herein conferred shall be exercised by the authority in the manner provided by law, in particular chapter 74.

(2) The authority may acquire such rights, title, interest or easements in such lands and property as it may deem necessary for any of the purposes of this part.

(3) In connection with the acquisition of property or property rights as herein provided, the authority may in its discretion, acquire an entire lot, block, parcel or tract of land, if by so doing the interest of the public will be best served, even though such entire lot, block, parcel or tract is not immediately needed for the right-of-way proper.

**History.**—s. 13, ch. 63-447.

**348.63 Cooperation with other units, boards, agencies and individuals.**—Express authority and power is hereby given and granted any county, municipality, drainage district, road and bridge district, school district or any other political subdivision, board, authority, corporation or individual in or of the state to make and enter into with the authority, contracts, leases, conveyances or other agreements within the provisions and purposes of this part. The authority is hereby expressly authorized to make and enter into contracts, leases, conveyances and other agreements with any political subdivision, agency or instrumentality of the state and any and all federal agencies, corporations and individuals for

the purpose of carrying out the provisions of this part.

**History.**—s. 14, ch. 63-447.

**348.64 Covenant of the state.**—The state does hereby pledge to and agree with the holders from time to time of the bonds that the state will not limit or alter the rights hereby vested in the authority, the department, the county and the city to collect revenues and Hillsborough County gasoline tax funds and to fulfill the terms of any agreements made with the holders of bonds or to in any way impair the rights and remedies of such holders until such bonds and the interest due thereon have been paid. The state does further pledge to and agree with the United States and any federal agency that in the event any federal agency shall construct or contribute funds for the construction, reconstruction, extension or improvement of the system or any part thereof the state will not alter or limit the rights of the authority, the department, the county or the city in any manner which would be inconsistent with the continued maintenance or operation of the system or the construction, reconstruction, extension or improvement thereof and which would be inconsistent with the due performance of any agreements between the authority and any such federal agency. The authority, the department, the county and the city shall continue to have and may exercise all powers herein granted so long as the same shall be necessary or desirable for the carrying out of the purposes of this part.

**History.**—s. 15, ch. 63-447; ss. 23, 35, ch. 69-106.

**348.65 Exemption from taxation.**—The effectuation of the authorized purposes of the authority created under this part is, shall and will be in all respects for the benefit of the people of the state for the increase of their commerce, prosperity and for the improvement of their health and living conditions. Since the authority will perform essential governmental functions in effectuating such purpose, the authority shall not be required to pay any taxes or assessments of any kind or nature whatsoever upon any property acquired or used by it for such purposes or upon any revenues at any time received by it. The bonds, their transfer and the income therefrom, including any profits made on the sale thereof, shall at all times be free from taxation of any kind by the state or by any political subdivision or other taxing agency or instrumentality thereof. The exemption granted by this section shall not be applicable to any tax imposed by chapter 220 on interest, income, or profits on debt obligations owned by corporations.

**History.**—s. 16, ch. 63-447; s. 11, ch. 73-327.

cf.—s. 212.08 Sales, rental, storage, use tax; specified exemptions.

**348.66 Eligibility for investments and security.**—The bonds shall be and constitute legal investments for banks, savings banks, trustees, executors, administrators and all other fiduciaries and for all state, municipal and other public funds and shall also be and constitute securities eligible for deposit as security for all state, municipal or other public

funds notwithstanding the provisions of any other law or laws to the contrary.

History.—s. 17, ch. 63-447.

**348.67 Pledges enforceable for bondholders.**—It is the express intention of this part that any pledge of revenues, Hillsborough County gasoline tax funds or other funds either as rentals to the authority or for the payment of the principal of and interest on bonds, or any covenant or agreement relative thereto may be enforceable in any court of competent jurisdiction against the authority or directly against the department, the county or the city, as may be appropriate.

History.—s. 18, ch. 63-447; ss. 23, 35, ch. 69-106.

**348.68 Consultation with Hillsborough County Planning and Zoning Commission.**—In determining the route or routes, and the design and type of construction in connection with constructing the expressway system or any extension thereof, consideration shall be given by the authority to the long-range overall land use plans, and the economic needs of the city and county and the usage for which the properties abutting thereon is best suited. In the furtherance of this purpose, the authority shall consult with the Hillsborough County Planning and Zoning Commission, hereinafter referred to as commission. The authority may, with the advice and consent of such commission, employ a firm of nationally recognized traffic engineers and shall also cause its traffic engineers, in conducting their studies and in preparing surveys and estimates in connection with the location of the route or routes and with such construction, to consult with such commission for the purpose of considering any traffic studies and other pertinent information which the commission may have available. After preliminary studies and recommendations of the authority's traffic engineers, consulting engineers and other advisors have been made, the commission shall submit to the authority its written recommendations as to the best route or routes for the expressway system or any extensions thereof. The authority and the commission shall thereafter hold a joint public hearing on at least 10 days' notice which shall be published in a newspaper designated by the authority and of general circulation in Hillsborough County at which all interested persons may be heard with respect to the recommended route or routes or alternate routes of the expressway system. After such public hearing the authority shall by resolution determine the route or routes of the expressway system or any extension thereof; provided, however, that an affirmative vote of not less than five members of its governing body shall be required to change or alter the route or routes recommended by the commission.

History.—s. 19, ch. 63-447.

**348.681 Design standards.**—The geometric design standards used in connection with constructing the expressway system or any extension thereof shall as nearly as is practicable follow or be superior

to design standards adopted for the National System of Interstate and Defense Highways.

History.—ss. 1, chs. 65-555, 65-556.

**348.69 Audit required.**—The authority shall have its books, records, and accounts audited annually by the Auditor General, and shall maintain a copy thereof in its office, available for public inspection.

History.—s. 20, ch. 63-447; s. 8, ch. 69-82.

**348.70 Part II complete and additional authority.**—The powers conferred by this part shall be in addition and supplemental to the existing respective powers of the authority, the department, the county and the city, if any, and this part shall not be construed as repealing any of the provisions of any other law, general, special or local, but shall be deemed to supersede such other law or laws in the exercise of the powers provided in this part insofar as such other law or laws are inconsistent with the provisions of this part and to provide a complete method for the exercise of the powers granted herein. The construction, reconstruction, improvement, extension, repair, maintenance and operation of the expressway system, and the issuance of bonds hereunder to finance all or part of the cost thereof, may be accomplished upon compliance with the provisions of this part without regard to or necessity for compliance with the provisions, limitations, or restrictions contained in any other general, special or local law, and no approval of any bonds issued under this part by the qualified electors or qualified electors who are freeholders in the state or in the county or in the city or in any other political subdivision of the state shall be required for the issuance of such bonds.

**348.751 Short title.**—Part III of chapter 348 shall be known and may be cited as the "Orlando-Orange County Expressway Authority Law."

**History.**—s. 1, ch. 63-573.  
**Note.**—Former s. 348.0100.

**348.752 Definitions.**—The following terms, whenever used or referred to in this law, shall have the following meanings, except in those instances where the context clearly indicates otherwise:

(1) The term "authority" shall mean the body politic and corporate, and agency of the state created by part III, of chapter 348.

(2) The term "members" shall mean the governing body of the authority and the term "member" shall mean one of the individuals constituting such governing body.

(3) The term "bonds" shall mean and include the notes, bonds, refunding bonds or other evidences of indebtedness or obligations in either temporary or definitive form which the authority is authorized to issue pursuant to this part.

(4) The term "lease-purchase agreement" shall mean the lease-purchase agreements which the authority is authorized pursuant to this part to enter into with the Department of Transportation.

(5) The term "department" shall mean the Department of Transportation existing under chapters 334-339.

(6) The term "county" shall mean the County of Orange.

(7) The term "city" shall mean the City of Orlando.

(8) The term "State Board of Administration" shall mean the body corporate existing under the provisions of s. 9, Art. XII of the State Constitution, or any successor thereto.

(9) The term "agency of the state" shall mean and include the state and any department of, or corporation, agency or instrumentality heretofore or hereafter created, designated or established by, the state.

(10) The term "Federal Agency" shall mean and include the United States, the President of the United States, and any department of, or corporation, agency or instrumentality heretofore or hereafter created, designated, or established by, the United States.

(11) The term "Orange County gasoline tax funds" shall mean all the 80 percent surplus gasoline tax funds accruing in each year to the Department of Transportation for use in Orange County under the provisions of s. 9, Art. XII of the State Constitution, after deduction only of any amounts of said gasoline tax funds heretofore pledged by the department or the county for outstanding obligations.

(12) The term "limited access expressway" shall mean a street or highway especially designed for through traffic, and over, from or to which, no person shall have the right of easement, use or access except in accordance with the rules and regulations promulgated and established by the authority for the use of such facility. Such highways or streets may be parkways, from which trucks, buses, and

other commercial vehicles shall be excluded, or they may be freeways open to use by all customary forms of street and highway traffic.

(13) The term "expressway" shall be the same as limited access expressway.

(14) "Orlando-Orange County Expressway System" shall mean any and all expressways and appurtenant facilities thereto, including, but not limited to, all approaches, roads, bridges and avenues of access for said expressway or expressways.

(15) Words importing singular number shall include the plural number in each case and vice versa, and the words importing persons shall include firms and corporations.

**History.**—s. 2, ch. 63-573; s. 18, ch. 69-216; ss. 23, 35, ch. 69-106; s. 126, ch. 71-377.

**Note.**—Former s. 348.0101.

### **348.753 Orlando-Orange County Expressway Authority.**—

(1) There is hereby created and established a body politic and corporate and agency of the state, to be known as the Orlando-Orange County Expressway Authority, hereinafter referred to as "authority."

(2) The governing body of the authority shall consist of five members. Three members shall be citizens of Orange County, who shall be appointed by the Governor; the fourth member shall be, ex officio, the chairman of the County Commissioners of Orange County, and the fifth member shall be, ex officio, the member of the State Road Board from the district of which Orange County shall from time to time be a part. Two of the members of the authority who are first appointed shall be designated by the Governor to serve for terms expiring January 3, 1965, and the other member of the authority who is first appointed shall be designated by the Governor to serve for a term expiring January 3, 1967. Thereafter, the term of each appointed member shall be for 4 years. Each appointed member shall hold office until his successor has been appointed and he has qualified. A vacancy occurring during a term shall be filled only for the balance of the unexpired term. Each appointed member of the authority shall be a person of outstanding reputation for integrity, responsibility and business ability but no person who is an officer or employee of any city or of Orange County in any other capacity shall be an appointed member of the authority. Each such original appointment shall be made within 30 days of the effective date of this part. Any member of the authority shall be eligible for reappointment.

(3)(a) The authority shall elect one of its members as chairman of the authority. The authority shall also elect a secretary and a treasurer, who may or may not be members of the authority. The chairman, secretary and treasurer shall hold such offices at the will of the authority. Three members of the authority shall constitute a quorum and the vote of three members shall be necessary for any action taken by the authority. No vacancy in the authority shall impair the right of a quorum of the authority to exercise all of the rights and perform all of the duties of the authority.

(b) Upon the effective date of his appointment, or as soon thereafter as practicable, each appointed

member of the authority shall enter upon his duties.

(4)(a) The authority may employ an executive secretary, an executive director, its own counsel and legal staff, technical experts, such engineers and such employees, permanent or temporary, as it may require and may determine the qualifications and fix the compensation of such persons, firms or corporations; and may employ a fiscal agent or agents, provided, however, that the authority shall solicit sealed proposals from at least three persons, firms or corporations for the performance of any services as fiscal agents. The authority may delegate to one or more of its agents or employees such of its power as it shall deem necessary to carry out the purposes of this part, subject always to the supervision and control of the authority. Members of the authority may be removed from their office by the governor for misconduct, malfeasance, misfeasance, or nonfeasance in office.

(b) Members of the authority shall be entitled to receive from the authority their traveling and other necessary expenses incurred in connection with the business of the authority as provided in s. 112.061, but they shall draw no salaries or other compensation.

**History.**—s. 3, ch. 63-573.

**1Note.**—See s. 23, ch. 69-106, which abolished the road board and transferred its functions to the department of transportation.

**Note.**—Former s. 348.0102.

### 348.754 Purposes and powers.—

(1)(a) The authority created and established by the provisions of this part is hereby granted and shall have the right to acquire, hold, construct, improve, maintain, operate, own and lease in the capacity of lessor, the Orlando-Orange County Expressway System hereinafter referred to as "system."

(b) It is the express intention of this part that said authority, in the construction of said Orlando-Orange County Expressway System, shall be authorized to construct any extensions, additions or improvements to said system or appurtenant facilities, including all necessary approaches, roads, bridges and avenues of access, with such changes, modifications or revisions of said project as shall be deemed desirable and proper.

(2) The authority is hereby granted, and shall have and may exercise all powers necessary, appurtenant, convenient or incidental to the carrying out of the aforesaid purposes, including, but without being limited to, the following rights and powers:

(a) To sue and be sued, implead and be impleaded, complain and defend in all courts.

(b) To adopt, use and alter at will a corporate seal.

(c) To acquire, purchase, hold, lease as lessee and use any franchise, property, real, personal or mixed, tangible or intangible, or any interest therein, necessary or desirable for carrying out the purposes of the authority, and to sell, lease as lessor, transfer and dispose of any property or interest therein at any time acquired by it.

(d) To enter into and make leases for terms not exceeding 40 years, as either lessee or lessor, in order to carry out the right to lease as set forth in this part.

(e) To enter into and make lease-purchase agreements with the department for terms not exceeding 40 years, or until any bonds secured by a pledge of

rentals thereunder, and any refundings thereof, are fully paid as to both principal and interest, whichever is longer.

(f) To fix, alter, charge, establish and collect rates, fees, rentals, and other charges for the services and facilities of the Orlando-Orange County Expressway System, which rates, fees, rentals and other charges shall always be sufficient to comply with any covenants made with the holders of any bonds issued pursuant to this part; provided, however, that such right and power may be assigned or delegated, by the authority, to the department.

(g) To borrow money, make and issue negotiable notes, bonds, refunding bonds, and other evidences of indebtedness or obligations, either in temporary or definitive form, hereinafter in this chapter sometimes called "bonds" of the authority, for the purpose of financing all or part of the improvement or extension of the Orlando-Orange County Expressway System, and appurtenant facilities, including all approaches, streets, roads, bridges and avenues of access for said Orlando-Orange County Expressway System and for any other purpose authorized by this part, said bonds to mature in not exceeding 40 years from the date of the issuance thereof, and to secure the payment of such bonds or any part thereof by a pledge of any or all of its revenues, rates, fees, rentals or other charges, including all or any portion of the Orange County gasoline tax funds received by the authority pursuant to the terms of any lease-purchase agreement between the authority and the department; and in general to provide for the security of said bonds and the rights and remedies of the holders thereof. Provided, however, that no portion of the Orange County gasoline tax funds shall be pledged for the construction of any project for which a toll is to be charged unless the anticipated tolls are reasonably estimated by the board of county commissioners, at the date of its resolution pledging said funds, to be sufficient to cover the principal and interest of such obligations during the period when said pledge of funds shall be in effect.

1. The authority shall reimburse Orange County for any sums expended from said gasoline tax funds used for the payment of such obligations. Any gasoline tax funds so disbursed shall be repaid when the authority deems it practicable, together with interest at the highest rate applicable to any obligations of the authority.

2. In the event the authority shall determine to fund or refund any bonds theretofore issued by said authority, or by said commission as aforesaid prior to the maturity thereof, the proceeds of such funding or refunding bonds shall, pending the prior redemption of the bonds to be funded or refunded, be invested in direct obligations of the United States, and it is the express intention of this part that such outstanding bonds may be funded or refunded by the issuance of bonds pursuant to this part.

(h) To make contracts of every name and nature and to execute all instruments necessary or convenient for the carrying on of its business.

(i) Without limitation of the foregoing, to borrow money and accept grants from, and to enter into contracts, leases or other transactions with any federal agency, the state, any agency of the state, the

County of Orange, the City of Orlando or with any other public body of the state.

(j) To have the power of eminent domain, including the procedural powers granted under both chapters 73 and 74.

(k) To pledge, hypothecate or otherwise encumber all or any part of the revenues, rates, fees, rentals or other charges or receipts of the authority, including all or any portion of the Orange County gasoline tax funds received by the authority pursuant to the terms of any lease-purchase agreement between the authority and the department, as security for all or any of the obligations of the authority.

(l) To do all acts and things necessary or convenient for the conduct of its business and the general welfare of the authority, in order to carry out the powers granted to it by this part or any other law.

(3) The authority shall have no power at any time or in any manner to pledge the credit or taxing power of the state or any political subdivision or agency thereof, including the City of Orlando and the County of Orange, nor shall any of the authority's obligations be deemed to be obligations of the state or of any political subdivision or agency thereof, nor shall the state or any political subdivision or agency thereof, except the authority, be liable for the payment of the principal of or interest on such obligations.

(4) Anything in this part to the contrary notwithstanding, acquisition of right-of-way for a project of the authority which is within the boundaries of any municipality in Orange County shall not be begun unless and until the route of said project within said municipality has been given prior approval by the governing body of said municipality.

(5) The authority shall have no power other than by consent of Orange County or any affected city, to enter into any agreement which would legally prohibit the construction of any road by Orange County or by any city within Orange County.

Note.—Former s. 348.0103.

### 348.755 Bonds of the authority.—

(1)(a) The bonds of the authority issued pursuant to the provisions of this part, whether on original issuance or on refunding, shall be authorized by resolution of the members thereof and may be either term or serial bonds, shall bear such date or dates, mature at such time or times, not exceeding 40 years from their respective dates, bear interest at such rate or rates, not exceeding 7½ percent per annum, payable semiannually, be in such denominations, be in such form, either coupon or fully registered, shall carry such registration, exchangeability and interchangeability privileges, be payable in such medium of payment and at such place or places, be subject to such terms of redemption and be entitled to such priorities on the revenues, rates, fees, rentals or other charges or receipts of the authority including the Orange County gasoline tax funds received by the authority pursuant to the terms of any lease-purchase agreement between the authority and the department, as such resolution or any resolution subsequent thereto may provide. The bonds shall be executed either by manual or facsimile signature by such officers as the authority shall determine, pro-

vided that such bonds shall bear at least one signature which is manually executed thereon, and the coupons attached to such bonds shall bear the facsimile signature or signatures of such officer or officers as shall be designated by the authority and shall have the seal of the authority affixed, imprinted, reproduced or lithographed thereon, all as may be prescribed in such resolution or resolutions.

(b) Said bonds shall be sold at such price or prices as the authority shall determine to be in its best interest; provided that all such sales shall be made upon the receipt of competitive bids from at least two qualified bidders and provided further that the interest cost to the authority on such bonds shall not exceed 7½ percent per annum. Pending the preparation of definitive bonds, interim certificates may be issued to the purchaser or purchasers of such bonds and may contain such terms and conditions as the authority may determine.

(2) Any such resolution or resolutions authorizing any bonds hereunder may contain provisions which shall be part of the contract with the holders of such bonds, as to:

(a) The pledging of all or any part of the revenues, rates, fees, rentals (including all or any portion of the Orange County gasoline tax funds received by the authority pursuant to the terms of any lease-purchase agreement between the authority and the department, or any part thereof), or other charges or receipts of the authority, derived by the authority, from the Orlando-Orange County Expressway System.

(b) The completion, improvement, operation, extension, maintenance, repair, lease or lease-purchase agreement of said system, and the duties of the authority and others, including the department, with reference thereto.

(c) Limitations on the purposes to which the proceeds of the bonds, then or thereafter to be issued, or of any loan or grant by the United States or the state may be applied.

(d) The fixing, charging, establishing and collecting of rates, fees, rentals or other charges for use of the services and facilities of the Orlando-Orange County Expressway System or any part thereof.

(e) The setting aside of reserves or sinking funds or repair and replacement funds and the regulation and disposition thereof.

(f) Limitations on the issuance of additional bonds.

(g) The terms and provisions of any lease-purchase agreement, deed of trust or indenture securing the bonds, or under which the same may be issued.

(h) Any other or additional agreements with the holders of the bonds which the authority may deem desirable and proper.

(3) The authority may employ fiscal agents as provided by this part or the State Board of Administration of Florida may upon request of the authority act as fiscal agent for the authority in the issuance of any bonds which may be issued pursuant to this part, and the State Board of Administration may upon request of the authority take over the management, control, administration, custody and payment of any or all debt services or funds or assets now or hereafter available for any bonds issued pursuant to

this part. The authority may enter into any deeds of trust, indentures or other agreements with its fiscal agent, or with any bank or trust company within or without the state, as security for such bonds, and may, under such agreements, sign and pledge all or any of the revenues, rates, fees, rentals or other charges or receipts of the authority, including all or any portion of the Orange County gasoline tax funds received by the authority pursuant to the terms of any lease-purchase agreement between the authority and the department, thereunder. Such deed of trust, indenture or other agreement may contain such provisions as are customary in such instruments, or, as the authority may authorize, including but without limitation, provisions as to:

(a) The completion, improvement, operation, extension, maintenance, repair and lease of, or lease-purchase agreement relating to the Orlando-Orange County Expressway System, and the duties of the authority and others including the department, with reference thereto.

(b) The application of funds and the safeguarding of funds on hand or on deposit.

(c) The rights and remedies of the trustee and the holders of the bonds.

(d) The terms and provisions of the bonds or the resolutions authorizing the issuance of same.

(4) Any of the bonds issued pursuant to this part are, and are hereby declared to be, negotiable instruments, and shall have all the qualities and incidents of negotiable instruments under the Law Merchant and the Negotiable Instruments Law of the state.

**History.**—s. 5, ch. 63-573; s. 1, ch. 65-481; s. 2, ch. 68-8; ss. 23, 35, ch. 69-106; s. 28, ch. 73-302.

**Note.**—Former s. 348.0104.

#### **348.756 Remedies of the bondholders.—**

(1) The rights and the remedies herein conferred upon or granted to the bondholders shall be in addition to and not in limitation of any rights and remedies lawfully granted to such bondholders by the resolution or resolutions providing for the issuance of bonds, or by a lease-purchase agreement, deed of trust, indenture or other agreement under which the bonds may be issued or secured. In the event that the authority shall default in the payment of the principal of or interest on any of the bonds issued pursuant to the provisions of this part after such principal of or interest on said bonds shall have become due, whether at maturity or upon call for redemption, or the department shall default in any payments under, or covenants made in, any lease-purchase agreement between the authority and the department, and such default shall continue for a period of 30 days, or in the event that the authority or the department shall fail or refuse to comply with the provisions of this part or any agreement made with, or for the benefit of, the holders of the bonds, the holders of 25 percent in aggregate principal amount of the bonds then outstanding shall be entitled as of right to the appointment of a trustee to represent such bondholders for the purposes hereof; provided, however, that such holders of 25 percent in aggregate principal amount of the bonds then outstanding shall have first given notice of their intention to appoint a trustee, to the authority and to the department. Such notice shall be deemed to have been given

if given in writing, and deposited in a securely sealed postpaid wrapper, mailed at a regularly maintained United States post-office box or station and addressed, respectively, to the chairman of the authority and to the secretary of the Department of Transportation at the principal office of the department.

(2) Such trustee, and any trustee under any deed of trust, indenture or other agreement, may, and upon written request of the holders of 25 percent, or such other percentages as may be specified in any deed of trust, indenture or other agreement aforesaid, in principal amount of the bonds then outstanding, shall, in any court of competent jurisdiction, in his or its own name:

(a) By mandamus or other suit, action or proceeding at law, or in equity, enforce all rights of the bondholders, including the right to require the authority to fix, establish, maintain, collect and charge rates, fees, rentals, and other charges, adequate to carry out any agreement as to, or pledge of, the revenues or receipts of the authority to carry out any other covenants and agreements with or for the benefit of the bondholders, and to perform its and their duties under this part.

(b) By mandamus or other suit, action or proceeding at law, or in equity, enforce all rights of the bondholders under or pursuant to any lease-purchase agreement between the authority and the department, including the right to require the department to make all rental payments required to be made by it under the provisions of any such lease-purchase agreement, whether from the Orange County gasoline tax funds or other funds of the department so agreed to be paid and to require the department to carry out any other covenants and agreements with or for the benefit of the bondholders, and to perform its and their duties under this part.

(c) Bring suit upon the bonds.

(d) By action or suit in equity require the authority or the department to account as if it were the trustee of an express trust for the bondholders.

(e) By action or suit in equity enjoin any acts or things which may be unlawful or in violation of the rights of the bondholders.

(3) Any trustee when appointed as aforesaid, or acting under a deed of trust, indenture or other agreement, and whether or not all bonds have been declared due and payable, shall be entitled as of right to the appointment of a receiver, who may enter upon and take possession of the Orlando-Orange County Expressway System or the facilities or any part or parts thereof, the rates, fees, rentals, or other revenues, charges or receipts from which are, or may be, applicable to the payment of the bonds so in default, and subject to and in compliance with the provisions of any lease-purchase agreement between the authority and the department operate and maintain the same, for and on behalf of and in the name of, the authority, the department and the bondholders, and collect and receive all rates, fees, rentals, and other charges or receipts or revenues arising therefrom in the same manner as the authority or the department might do, and shall deposit all such moneys in a separate account and apply the same in

such manner as the court shall direct. In any suit, action or proceeding by the trustee, the fees, counsel fees, and expenses of the trustee, and said receiver, if any, and all costs and disbursements allowed by the court shall be a first charge on any rates, fees, rentals, or other charges, revenues or receipts, derived from the Orlando-Orange County Expressway System, or the facilities or services or any part or parts thereof, including payments under any such lease-purchase agreement as aforesaid which said rates, fees, rentals, or other charges, revenues or receipts shall or may be applicable to the payment of the bonds so in default. Such trustee shall, in addition to the foregoing, have and possess all of the powers necessary or appropriate for the exercise of any functions specifically set forth herein or incident to the representation of the bondholders in the enforcement and protection of their rights.

(4) Nothing in this section or any other section of this part shall authorize any receiver appointed pursuant hereto for the purpose, subject to and in compliance with the provisions of any lease-purchase agreement between the authority and the department, of operating and maintaining the Orlando-Orange County Expressway System or any facilities or part or parts thereof, to sell, assign, mortgage or otherwise dispose of any of the assets of whatever kind and character belonging to the authority. It is the intention of this part to limit the powers of such receiver, subject to and in compliance with the provisions of any lease-purchase agreement between the authority and the department, to the operation and maintenance of the Orlando-Orange County Expressway System, or any facility, or part or parts thereof, as the court may direct, in the name and for and on behalf of the authority, the department and the bondholders, and no holder of bonds on the authority nor any trustee, shall ever have the right in any suit, action or proceeding at law or in equity, to compel a receiver, nor shall any receiver be authorized or any court be empowered to direct the receiver to sell, assign, mortgage or otherwise dispose of any assets of whatever kind or character belonging to the authority.

**History.**—s. 6, ch. 63-573; s. 5, ch. 67-461; ss. 23, 35, ch. 69-106.  
**Note.**—Former s. 348.0105.

#### **348.757 Lease-purchase agreement.—**

(1) In order to effectuate the purposes of this part and as authorized by this part, the authority may enter into a lease-purchase agreement with the department relating to and covering the Orlando-Orange County Expressway System.

(2) Such lease-purchase agreement shall provide for the leasing of the Orlando-Orange County Expressway System, by the authority, as lessor, to the department, as lessee, shall prescribe the term of such lease and the rentals to be paid thereunder and shall provide that upon the completion of the faithful performance thereunder and the termination of such lease-purchase agreement, title in fee simple absolute to the Orlando-Orange County Expressway System as then constituted shall be transferred in accordance with law by the authority, to the state and the authority shall deliver to the department such deeds and conveyances as shall be necessary or

convenient to vest title in fee simple absolute in the state.

(3) Such lease-purchase agreement may include such other provisions, agreements and covenants as the authority and the department deem advisable or required, including, but not limited to, provisions as to the bonds to be issued under, and for the purposes of, this part, the completion, extension, improvement, operation and maintenance of the Orlando-Orange County Expressway System and the expenses and the cost of operation of said authority, the charging and collection of tolls, rates, fees, and other charges for the use of the services and facilities thereof, the application of federal or state grants or aid which may be made or given to assist the authority in the completion, extension, improvement, operation and maintenance of the Orlando Expressway System, which the authority is hereby authorized to accept and apply to such purposes, the enforcement of payment and collection of rentals and any other terms, provisions or covenants necessary, incidental or appurtenant to the making of and full performance under such lease-purchase agreement.

(4) The department as lessee under such lease-purchase agreement, is hereby authorized to pay as rentals thereunder any rates, fees, charges, funds, moneys, receipts or income accruing to the department from the operation of the Orlando-Orange County Expressway System and the Orange County gasoline tax funds and may also pay as rentals any appropriations received by the department pursuant to any act of the legislature of the state heretofore or hereafter enacted; provided, however, that nothing herein nor in such lease-purchase agreement is intended to nor shall this part or such lease-purchase agreement require the making or continuance of such appropriations, nor shall any holder of bonds issued pursuant to this part ever have any right to compel the making or continuance of such appropriations.

(5) No pledge of said Orange County gasoline tax funds as rentals under such lease-purchase agreement shall be made without the consent of the County of Orange evidenced by a resolution duly adopted by the board of county commissioners of said county at a public hearing held pursuant to due notice thereof published at least once a week for 3 consecutive weeks before the hearing in a newspaper of general circulation in Orange County. Said resolution, among other things, shall provide that any excess of said pledged gasoline tax funds which is not required for debt service or reserves for such debt service for any bonds issued by said authority shall be returned annually to the department for distribution to Orange County as provided by law. Before making any application for such pledge of gasoline tax funds, the authority shall present the plan of its proposed project to the Orange County planning and zoning commission for its comments and recommendations.

(6) Said department shall have power to covenant in any lease-purchase agreement that it will pay all or any part of the cost of the operation, maintenance, repair, renewal and replacement of said system, and any part of the cost of completing said system to the extent that the proceeds of bonds issued therefor are insufficient, from sources other

than the revenues derived from the operation of said system and said Orange County gasoline tax funds. Said department may also agree to make such other payments from any moneys available to said commission, said county or said city in connection with the construction or completion of said system as shall be deemed by said department to be fair and proper under any such covenants heretofore or hereafter entered into.

(7) Said system shall be a part of the state road system and said department is hereby authorized, upon the request of the authority, to expend out of any funds available for the purpose such moneys, and to use such of its engineering and other forces, as may be necessary and desirable in the judgment of said department, for the operation of said authority and for traffic surveys, borings, surveys, preparation of plans and specifications, estimates of cost and other preliminary engineering and other studies; provided, however, that the aggregate amount of moneys expended for said purposes by said department shall not exceed the sum of \$375,000.

**Note.**—Former s. 348.0106.

**348.758 Department may be appointed agent of authority for construction.**—The department may be appointed by said authority as its agent for the purpose of constructing improvements and extensions to the Orlando-Orange County Expressway System and for the completion thereof. In such event, the authority shall provide the department with complete copies of all documents, agreements, resolutions, contracts and instruments relating thereto and shall request the department to do such construction work including the planning, surveying and actual construction of the completion, extensions, and improvements to the Orlando-Orange County Expressway System and shall transfer to the credit of an account of the department in the treasury of the state the necessary funds therefor and the department shall thereupon be authorized, empowered and directed to proceed with such construction and to use the said funds for such purpose in the same manner that it is now authorized to use the funds otherwise provided by law for its use in construction of roads and bridges.

**History.**—s. 8, ch. 63-573; ss. 23, 35, ch. 69-106.  
**Note.**—Former s. 348.0107.

**348.759 Acquisition of lands and property.**—

(1) For the purposes of this part the Orlando-Orange County Expressway Authority may acquire private or public property and property rights, including rights of access, air, view, and light by gift, devise, purchase, or condemnation by eminent domain proceedings, as the authority may deem necessary for any of the purposes of this part. The right of eminent domain herein conferred shall be exercised by the authority in the manner provided by law.

(2) All property rights acquired under the provisions of this part shall be in fee simple.

(3) In connection with the acquisition of property or property rights as herein provided, the authority may in its discretion acquire an entire lot, block, or tract of land, if by so doing the interests of the public

will be best served, even though said entire lot, block or tract is not immediately needed for the right-of-way proper.

**Note.**—Former s. 348.0108.

**348.760 Cooperation with other units, boards, agencies and individuals.**—Express authority and power is hereby given and granted any county, municipality, drainage district, road and bridge district, school district or any other political subdivision, board, commission or individual in, or of, the state to make and enter into with the authority, contracts, leases, conveyances, or other agreements within the provisions and purposes of this part. The authority is hereby expressly authorized to make and enter into contracts, leases, conveyances and other agreements with any political subdivision, agency or instrumentality of the state and any and all federal agencies, corporations and individuals, for the purpose of carrying out the provisions of this part.

**History.**—s. 10, ch. 63-573.  
**Note.**—Former s. 348.0109.

**348.761 Covenant of the state.**—The state does hereby pledge to, and agrees, with any person, firm or corporation, or federal or state agency subscribing to, or acquiring the bonds to be issued by the authority for the purposes of this part that the state will not limit or alter the rights hereby vested in the authority and the department until all bonds at any time issued, together with the interest thereon, are fully paid and discharged insofar as the same affects the rights of the holders of bonds issued hereunder. The state does further pledge to, and agree, with the United States that in the event any federal agency shall construct or contribute any funds for the completion, extension or improvement of the Orlando-Orange County Expressway System, or any part or portion thereof, the state will not alter or limit the rights and powers of the authority and the department in any manner which would be inconsistent with the continued maintenance and operation of the Orlando-Orange County Expressway System or the completion, extension or improvement thereof, or which would be inconsistent with the due performance of any agreements between the authority and any such federal agency, and the authority and the department shall continue to have and may exercise all powers herein granted, so long as the same shall be necessary or desirable for the carrying out of the purposes of this part and the purposes of the United States in the completion, extension or improvement of the Orlando-Orange County Expressway System, or any part or portion thereof.

**History.**—s. 11, ch. 63-573; ss. 23, 35, ch. 69-106.  
**Note.**—Former s. 348.0110.

**348.762 Exemption from taxation.**—The effectuation of the authorized purposes of the authority created under this part is, shall and will be, in all respects for the benefit of the people of the state, for the increase of their commerce and prosperity, and for the improvement of their health and living conditions, and since such authority will be performing essential governmental functions in effectuating such purposes, such authority shall not be required

to pay any taxes or assessments of any kind or nature whatsoever upon any property acquired or used by it for such purposes, or upon any rates, fees, rentals, receipts, income or charges at any time received by it, and the bonds issued by the authority, their transfer and the income therefrom, including any profits made on the sale thereof shall at all times be free from taxation of any kind by the state, or by any political subdivision, or taxing agency or instrumentality thereof. The exemption granted by this section shall not be applicable to any tax imposed by chapter 220 on interest, income, or profits on debt obligations owned by corporations.

**History.**—s. 12, ch. 63-573; s. 12, ch. 73-327.

**Note.**—Former s. 348.0111.

cf.—s. 212.08 Sales, rental, storage, use tax; specified exemptions.

**348.763 Eligibility for investments and security.**—Any bonds or other obligations issued pursuant to this part shall be and constitute legal investments for banks, savings banks, trustees, executors, administrators, and all other fiduciaries, and for all state, municipal and other public funds and shall also be and constitute securities eligible for deposit as security for all state, municipal or other public funds, notwithstanding the provisions of any other law or laws to the contrary.

**History.**—s. 13, ch. 63-573.

**Note.**—Former s. 348.0112.

**348.764 Pledges enforceable by bondholders.**—It is the express intention of this part that any pledge by the department of rates, fees, revenues, Orange County gasoline tax funds or other funds, as rentals, to the authority, or any covenants or agreements relative thereto may be enforceable in any court of competent jurisdiction against the authority or directly against the department by any holder of bonds issued by the authority.

**History.**—s. 14, ch. 63-573; ss. 23, 35, ch. 69-106.

**Note.**—Former s. 348.0113.

**348.765 Part III complete and additional authority.**—

(1) The powers conferred by this part shall be in addition and supplemental to the existing powers of said board and the department, and this part shall not be construed as repealing any of the provisions, of any other law, general, special or local, but to supersede such other laws in the exercise of the powers provided in this part, and to provide a complete method for the exercise of the powers granted in this part. The extension and improvement of said Orlando-Orange County Expressway System, and the issuance of bonds hereunder to finance all or part of the cost thereof, may be accomplished upon compliance with the provisions of this part without regard to or necessity for compliance with the provisions, limitations, or restrictions contained in any other general, special or local law, and no approval of any bonds issued under this part by the qualified electors or qualified electors who are freeholders in the state or in said County of Orange, or in said City of Orlando, or in any other political subdivision of the state, shall be required for the issuance of such bonds pursuant to this part.

(2) This part shall not be deemed to repeal, rescind or modify any other law or laws relating to said

State Board of Administration, said Department of Transportation, or the Division of Bond Finance of the Department of General Services, but shall be deemed to and shall supersede such other law or laws as are inconsistent with the provisions of this part.

**348.80 Short title.**—Part IV of chapter 348 shall be known and may be cited as the "Pasco County Expressway Authority Law."

**History.**—s. 1, ch. 73-226.

**348.81 Definitions.**—As used in part IV of this chapter, unless the context clearly indicates otherwise:

- (1) "Authority" means the Board of County Commissioners of Pasco County.
- (2) "Members" means the governing body of the authority and "member" means one of the individuals constituting such governing body.
- (3) "Bonds" means and includes the notes, bonds, refunding bonds, or other evidences of indebtedness or obligations in either temporary or definitive form which the authority is authorized to issue pursuant to this part.
- (4) "Lease-purchase agreement" means lease-purchase agreements which the authority is authorized, pursuant to this part, to enter into with the Department of Transportation.
- (5) "Department" means the Department of Transportation existing under chapters 334-339.
- (6) "County" means the County of Pasco.
- (7) "State Board of Administration" means the body corporate existing under the provisions of s. 9, Art. XII of the State Constitution or any successor thereto.
- (8) "Agency of the state" means and includes the state and any department of, or corporation, agency, or instrumentality heretofore or hereafter created, designated, or established by, the state.
- (9) "Federal agency" means and includes the United States, the President of the United States, and any department of, or corporation, agency, or

instrumentality heretofore or hereafter created, designated, or established by, the United States.

(10) "Pasco County gasoline tax funds" means all the 80 percent surplus gasoline tax funds accruing in each year to the Department of Transportation for use in Pasco County under the provisions of s. 9, Art. XII of the State Constitution or all such secondary gas funds as may otherwise be provided now or hereafter by the Constitution or by statute for use in Pasco County, after deduction only of any amounts of said gasoline tax funds heretofore pledged by the Department of Transportation or the county for outstanding obligations.

(11) "Limited access expressway" means a street or highway especially designed for through traffic and over, from, or to which no person shall have the right of easement, use, or access except in accordance with the rules and regulations promulgated and established by the authority for the use of such facility. Such highway or streets may be parkways from which trucks, buses, and other commercial vehicles shall be excluded, or they may be freeways open to use by all customary forms of street and highway traffic.

(12) "Expressway" means the same as limited access expressway.

(13) "Pasco County Expressway System" means any and all expressways and appurtenant facilities thereto, including, but not limited to, all approaches, road, bridges, and avenues or access for said expressway or expressways.

(14) Words importing singular number shall include the plural number in each case and vice versa, and the words importing persons shall include firms and corporations.

History.—s. 1, ch. 73-226.

### 348.82 Pasco County Expressway Authority.

—There is created and established a body politic and corporate, an agency of the state, to be known as the Pasco County Expressway Authority, hereinafter referred to as "authority." All the authority, powers, duties, responsibilities, personnel, properties, and appropriations or other funds of the Pasco County Expressway System are hereby transferred to, and vested in, the Board of County Commissioners of Pasco County as the authority.

History.—s. 1, ch. 73-226.

### 348.83 Purposes and powers.—

(1)(a) The authority created and established by the provisions of this part is hereby granted and shall have the right to acquire, hold, construct, improve, maintain, operate, own, and lease, in the capacity of lessor, the Pasco County Expressway System, hereinafter referred to as "system."

(b) It is the express intention of this part that said authority, in the construction of the Pasco County Expressway System, shall be authorized to construct any extensions, additions, or improvements to the system or appurtenant facilities, including all necessary approaches, roads, bridges, and avenues of access, with such changes, modifications, or revisions of the project as shall be deemed desirable and proper.

(2) The authority is hereby granted, and shall have and may exercise, all powers necessary, appur-

tenant, convenient, or incidental to the carrying out of the aforesaid purposes, including, but without being limited to, the following rights and powers:

(a) To sue and be sued, implead and be impleaded, and complain and defend in all courts.

(b) To adopt, use, and alter at will a corporate seal.

(c) To acquire, purchase, hold, lease as lessee, and use any franchise or property, real, personal, or mixed, tangible or intangible, or any interest therein, necessary or desirable for carrying out the purposes of the authority, and to sell, lease as lessor, transfer, and dispose of any property or interest therein at any time acquired by it.

(d) To enter into and make leases for terms not exceeding 40 years, as either lessee or lessor, in order to carry out the right to lease as set forth in this part.

(e) To enter into and make lease-purchase agreements with the department for terms not exceeding 40 years or until any bonds secured by a pledge of rentals thereunder and any refundings thereof are fully paid as to both principal and interest, whichever is longer.

(f) To fix, alter, charge, establish, and collect rates, fees, rentals, and other charges for the services and facilities of the Pasco County Expressway System, which rates, fees, rentals, and other charges shall always be sufficient to comply with any covenants made with the holders of any bonds issued pursuant to this part. However, such right and power may be assigned or delegated by the authority to the department.

(g)1. To borrow money as provided by the State Bond Act.

2. The authority shall reimburse Pasco County for any sums expended from the gasoline tax funds used for the payment of such obligations. Any gasoline tax funds so disbursed shall be repaid when the authority deems it practicable, together with interest at the highest rate applicable to any obligations of the authority.

(h) To make contracts of every name and nature and to execute all instruments necessary or convenient for the carrying on of its business.

(i) Without limitation of the foregoing, to borrow money and accept grants from, and to enter into contracts, leases, or other transactions with, any federal agency, the state, any agency of the state, the County of Pasco, or any other public body of the state.

(j) To have the power of eminent domain, including the procedural powers granted under both chapters 73 and 74.

(k) To pledge, hypothecate, or otherwise encumber all or any part of the revenues, rates, fees, rentals, or other charges or receipts of the authority, including all or any portion of the Pasco County gasoline tax funds received by the authority pursuant to the terms of any lease-purchase agreement between the authority and the department as security for all or any of the obligations of the authority.

(l) To do all acts and things necessary or convenient for the conduct of its business and the general welfare of the authority in order to carry out the powers granted to it by this part or any other law.

(3) The authority shall have no power at any

time or in any manner to pledge the credit or taxing power of the state or any political subdivision or agency thereof, including the County of Pasco; nor shall any of the authority's obligations be deemed to be obligations of the state or of any political subdivision or agency thereof; nor shall the state or any political subdivision or agency thereof except the authority be liable for the payment of the principal of or interest on such obligations.

(4) Anything in this part or any other provision of the law to the contrary notwithstanding, the consent of any municipality shall not be necessary for any project of the authority, whether or not the project lies within the boundaries of any municipality either in whole or in part. However, the officials and residents of any municipality in which any project of the authority is to be located in whole or in part shall be given ample opportunity to discuss the project and advise the authority as to their position thereon at a duly advertised public hearing. Advertisement of said public hearing shall be by way of a newspaper published in Pasco County and circulated in the affected municipalities. Said legal advertisement shall be published once at least 2 weeks prior to the public hearing and shall contain the time and place of the public hearing and a short description of the subject to be discussed. The public hearing may be adjourned from time to time and set for a time and place certain without necessity of further advertisement.

(5)(a) The authority is directed to reevaluate all projects planned as of July 1, 1969. As to such projects, the authority shall hold at least one duly advertised public hearing in each of the cities of Dade City and New Port Richey prior to final approval of any such project. Subsequent to the hearings, the authority may amend or modify the project and adjust its proposed route so as to best serve the needs of the county and to protect the rights of persons affected by the project.

(b) Projects subject to the provisions of this subsection shall not be finally approved except by a three-fifths vote of the authority. After the authority approves same, the Pasco County Commission shall order a referendum election on such project by the freeholders of the county. Approval of a majority of those voting in such election shall constitute approval of such project.

History.—s. 1, ch. 73-226.  
cf.—ss. 215.57-215.83 State Bond Act.

**348.84 Bonds.**—Bonds may be issued on behalf of the authority as provided by the State Bond Act.

History.—s. 1, ch. 73-226.  
cf.—ss. 215.57-215.83 State Bond Act.

**348.86 Lease-purchase agreement.**—

(1) In order to effectuate the purposes of this part and as authorized herein, the authority may enter into a lease-purchase agreement with the department relating to and covering the Pasco County Expressway System.

(2) Such lease-purchase agreement shall provide for the leasing of the Pasco County Expressway System by the authority, as lessor, to the department, as lessee; prescribe the term of such lease and the rentals to be paid thereunder; and provide that upon the

completion of the faithful performance thereunder and the termination of such lease-purchase agreement, title in fee simple absolute to the Pasco County Expressway System, as then constituted, shall be transferred in accordance with law by the authority to the state, and the authority shall deliver to the department such deeds and conveyances as shall be necessary or convenient to vest title in fee simple absolute in the state.

(3) Such lease-purchase agreement may include such other provisions, agreements, and covenants as the authority and the department deem advisable or required, including, but not limited to, provisions as to the bonds to be issued under and for the purposes of this part; the completion, extension, improvement, operation, and maintenance of the Pasco County Expressway System; the expenses and cost of operation of said authority; the charging and collection of tolls, rates, fees, and other charges for the use of the services and facilities thereof; the application of federal or state grants or aid which may be made or given to assist the authority in the completion, extension, improvement, operation, and maintenance of the Pasco County Expressway System, which the authority is hereby authorized to accept and apply to such purposes; the enforcement of payment and collection of rentals; and any other terms, provisions, or covenants necessary, incidental, or appurtenant to the making of, and full performance under, such lease-purchase agreement.

(4) The department, as lessee under such lease-purchase agreement, is hereby authorized to pay, as rentals thereunder, any rates, fees, charges, funds, moneys, receipts, or income accruing to the department from the operation of the Pasco County Expressway System and the Pasco County gasoline tax funds and may also pay, as rentals, any appropriations received by the department pursuant to any act of the Legislature heretofore or hereafter enacted. However, nothing herein or in such lease-purchase agreement is intended to require, nor shall this part or such lease-purchase agreement require, the making or continuance of such appropriations, nor shall any holder of bonds issued pursuant to this part ever have any right to compel the making or continuance of such appropriations.

(5) No pledge of Pasco County gasoline tax funds as rentals under such lease-purchase agreement shall be made without the consent of Pasco County, evidenced by a resolution duly adopted by the board of county commissioners of said county at a public hearing held pursuant to due notice thereof published at least once a week for 3 consecutive weeks before the hearing in a newspaper of general circulation in the county. The resolution, among other things, shall provide that any excess of the pledged gasoline tax funds which is not required for debt service or reserves for such debt service for any bonds issued by the authority shall be returned annually to the department for distribution to Pasco County as provided by law. Before making any application for such pledge of gasoline tax funds, the authority shall present the plan of its proposed project to the Pasco County planning council for its comments and recommendations. The department shall have power to covenant in any lease-purchase agree-

ment that it will pay all or any part of the cost of the operation, maintenance, repair, renewal, and replacement of the system, and any part of the cost of completing the system to the extent that the proceeds of bonds issued therefor are insufficient, from sources other than the revenues derived from the operation of the system and the Pasco County gasoline tax funds. The department may also agree to make such other payments from any moneys available to Pasco County, in connection with the construction or completion of the system, as shall be deemed by the department to be fair and proper under any such covenants heretofore or hereafter entered into.

(6) The system shall be a part of the state road system, and the department is hereby authorized, upon the request of the authority, to expend out of any funds available for the purpose such moneys and to use such of its engineering and other forces as may be necessary and desirable in the judgment of the department for the operation of the authority and for traffic surveys, borings, surveys, preparation of plans and specifications, estimates of cost, and other preliminary engineering and other studies. However, the aggregate amount of moneys expended for said purpose by the department shall not exceed the sum of \$500,000.

History.—s. 1, ch. 73-226.

**348.87 Department may be appointed agent of authority for construction.**—The department may be appointed by the authority as its agent for the purpose of constructing improvements and extensions to the Pasco County Expressway System and for the completion thereof. In such event, the authority shall provide the department with complete copies of all documents, agreements, resolutions, contracts, and instruments relating thereto, request the department to do such construction work, including the planning, surveying, and actual construction of the completion, extensions, and improvements to the Pasco County Expressway System, and transfer to the credit of an account of the department, in the treasury of the state, the necessary funds therefor, and the department shall thereupon be authorized, empowered, and directed to proceed with such construction and to use the funds for such purpose in the same manner that it is now authorized to use the funds otherwise provided by law for its use in construction of roads and bridges.

History.—s. 1, ch. 73-226.

**348.88 Acquisition of lands and property.**—

(1) For the purposes of this part, the Pasco County Expressway Authority may acquire private or public property and property rights, including rights of access, air, view, and light, by gift, devise, purchase, or condemnation by eminent domain proceedings, as the authority may deem necessary. The right of eminent domain herein conferred shall be exercised by the authority in the manner provided by law.

(2) In connection with the acquisition of property or property rights as herein provided, the authority may, in its discretion, acquire an entire lot, block, or

tract of land if by so doing the interests of the public will be best served, even though said entire lot, block, or tract is not immediately needed for the right-of-way proper.

History.—s. 1, ch. 73-226.

**348.89 Cooperation with other units, boards, agencies, and individuals.**—Express authority and power is hereby given and granted any county, municipality, drainage district, road and bridge district, school district, or other political subdivision, board, commission, or individual in or of the state to make and enter into contracts, leases, conveyances, or other agreements with the authority within the provisions and purposes of this part. The authority is hereby expressly authorized to make and enter into contracts, leases, conveyances, and other agreements with any political subdivision, agency, or instrumentality of the state and any and all federal agencies, corporations, and individuals for the purpose of carrying out the provisions of this part.

History.—s. 1, ch. 73-226.

**348.90 Covenant of the state.**—The state does hereby pledge to, and agrees, with any person, firm, or corporation, or federal or state agency subscribing to or acquiring the bonds to be issued by the authority for the purposes of this part that the state will not limit or alter the rights hereby vested in the authority and the department until all bonds at any time issued, together with the interest thereon, are fully paid and discharged insofar as the same affects the rights of the holders of bonds issued hereunder. The state does further pledge to, and agree with, the United States that, in the event any federal agency shall construct, or contribute any funds for the completion, extension, or improvement of, the Pasco County Expressway System or any part or portion thereof, the state will not alter or limit the rights and powers of the authority and the department in any manner which would be inconsistent with the continued maintenance and operation of the Pasco County Expressway System or the completion, extension, or improvement thereof, or which would be inconsistent with the due performance of any agreements between the authority and any such federal agency, and the authority and the department shall continue to have and may exercise all powers herein granted, so long as the same shall be necessary or desirable for the carrying out of the purposes of this part and the purposes of the United States in the completion, extension, or improvement of the Pasco County Expressway System or any part or portion thereof.

History.—s. 1, ch. 73-226.

**348.91 Exemption from taxation.**—The effectuation of the authorized purposes of the authority created under this part is, shall, and will be in all respects for the benefit of the people of the state, for the increase of their commerce and prosperity, and for the improvement of their health and living conditions, and since such authority will be performing essential governmental functions in effectuating such purposes, such authority shall not be required to pay any taxes or assessments of any kind or nature whatsoever upon any property acquired or used

by it for such purposes, or upon any rates, fees, rentals, receipts, income, or charges at any time received by it, and the bonds issued by the authority, their transfer, and the income therefrom, including any profits made on the sale thereof, shall at all times be free from taxation of any kind by the state, or by any political subdivision, or taxing agency or instrumentality thereof.

**History.**—s. 1, ch. 73-226.  
cf.—s. 212.08 Sales, rental, storage, use tax; specified exemptions.

**348.92 Eligibility for investments and security.**—Any bonds or other obligations issued pursuant to this part shall be and constitute legal investments for banks, savings banks, trustees, executors, administrators, and all other fiduciaries, and for all state, municipal, and other public funds and shall also be and constitute securities eligible for deposit as security for all state, municipal, or other public funds, notwithstanding the provisions of any other law or laws to the contrary.

**History.**—s. 1, ch. 73-226.

**348.93 Pledges enforceable by bondholders.**—It is the express intention of this part that any pledge by the department of rates, fees, revenues, Pasco County gasoline tax funds, or other funds, as rentals, to the authority, or any covenants or agreements relative thereto may be enforceable in any court of competent jurisdiction against the authority or directly against the department by any holder of bonds issued by the authority.

**History.**—s. 1, ch. 73-226.

**348.94 Part IV complete and additional authority.**—

(1) The powers conferred by this part shall be in addition and supplemental to the existing powers of the board and the department, and this part shall not be construed as repealing any of the provisions of any other law, general, special, or local, but to supersede such other laws in the exercise of the powers provided in this part, and to provide a complete method for the exercise of the powers granted herein. The extension and improvement of the Pasco County Expressway System, and the issuance of bonds hereunder to finance all or part of the cost thereof, may be accomplished upon compliance with the provisions of this part without regard to or necessity for compliance with the provisions, limitations, or restrictions contained in any other general, special, or local law, and no approval of any bonds issued under this part by the qualified electors or qualified electors who are freeholders in the state, the County of Pasco, or any other political subdivision of the state shall be required for the issuance of such bonds pursuant to this part.

(2) This part shall not be deemed to repeal, rescind, or modify any other law or laws relating to the State Board of Administration, the Department of Transportation, or the Division of Bond Finance of the Department of General Services, but shall be deemed to, and shall, supersede such other law or laws as are inconsistent with the provisions of this part.

**348.95 Short title.**—Part V of chapter 348 shall be known and may be cited as the "Seminole County Expressway Authority Law."

**History.**—s. 1, ch. 74-375.

**348.951 Definitions.**—As used in this part, unless the context clearly indicates otherwise:

(1) "Authority" means the Seminole County Expressway Authority.

(2) "Members" means the governing body of the authority, and "member" means one of the individuals constituting such governing body.

(3) "Bonds" means and includes the notes, bonds, refunding bonds, or other evidences of indebtedness or obligations, in either temporary or definitive form, which the authority is authorized to issue pursuant to this part.

(4) "Lease-purchase agreement" means lease-purchase agreements which the authority is authorized pursuant to this part to enter into with the Department of Transportation.

(5) "Department" means the Department of Transportation existing under chapters 334-339.

(6) "County" means the County of Seminole.

(7) "State Board of Administration" means the body corporate existing under the provisions of s. 9, Art. XII of the State Constitution or any successor thereto.

(8) "Agency of the state" means and includes the state and any department of, or corporation, agency, or instrumentality heretofore or hereafter created, designated, or established by, the state.

(9) "Federal agency" means and includes the United States, the President of the United States, and any department of, or corporation, agency, or instrumentality heretofore or hereafter created, designated, or established by, the United States.

(10) "Seminole County gasoline tax funds" means all the 80 percent surplus gasoline tax funds accruing in each year to the Department of Transportation for use in Seminole County under the provisions of s. 9, Art. XII of the State Constitution, or all such secondary gas funds as may otherwise be provided now or hereafter by the constitution or by statute for use in Seminole County, after deduction

only of any amounts of said gasoline tax funds heretofore pledged by the Department of Transportation or the county for outstanding obligations.

(11) "Limited access expressway" means a street or highway especially designed for through traffic and over, from, or to which no person shall have the right of easement, use, or access except in accordance with the rules and regulations promulgated and established by the authority for the use of such facility. Such highways or streets may be parkways from which trucks, buses, and other commercial vehicles shall be excluded, or they may be freeways open to use by all customary forms of street and highway traffic.

(12) "Expressway" means the same as limited access expressway.

(13) "Seminole County Expressway System" means any and all expressways and appurtenant facilities thereto, including, but not limited to, all approaches, roads, bridges, and avenues of access for said expressway or expressways.

(14) Words importing singular number shall include the plural number in each case and vice versa, and the words importing persons shall include firms and corporations.

History.—s. 1, ch. 74-375; s. 104, ch. 77-104.

#### **348.952 Seminole County Expressway Authority.—**

(1) There is hereby created and established a body politic and corporate, an agency of the state, to be known as the Seminole County Expressway Authority, hereinafter referred to as "authority."

(2) Said authority shall have exclusive right to exercise all those powers herein set forth, and no other entity, body, or authority, whether within or without Seminole County, shall either directly or indirectly exercise any jurisdiction, control, authority, or power in any manner relating to any expressway system within Seminole County without either the express consent of the authority or as otherwise provided herein.

(3) The governing body of the authority shall consist of seven members. Five members shall be the members of the Board of County Commissioners of Seminole County, and the term of each such member shall be concomitant with his term as a county commissioner. Two members shall be appointed by the board of county commissioners from among the duly elected municipal officers within the county, and said municipal members shall, unless reappointed, serve 2-year terms. Said 2-year terms shall run from the date of appointment and shall automatically terminate should any such member cease to be a duly elected municipal officer. The two initial municipal members shall be appointed by the board of county commissioners no sooner than 60 or more than 90 days from the effective date of this act, and, in the event that two-thirds of the municipalities within the county shall within 60 days of the effective date of this act jointly recommend in writing to said board any individual or individuals to fill said membership or memberships, said board must appoint the individual or individuals so recommended. Thereafter, municipal membership vacancies shall be filled within 45 days of the occurrence of such vacancy by the board of county commissioners, and in the event

that two-thirds of the municipalities shall within 30 days of any such vacancy jointly recommend to the board of county commissioners any individual to fill such vacancy, said board must appoint the individual so recommended.

(4) The authority shall elect one of its members as chairman of the authority. The authority shall also elect a secretary and a treasurer, who may or may not be members of the authority. The chairman, secretary, and treasurer shall hold such offices at the will of the authority. Four members of the authority shall constitute a quorum, and the vote of three members shall be necessary for any action taken by the authority. No vacancy in the authority shall impair the right of a quorum of the authority to exercise all of the rights and perform all of the duties of the authority.

(5) Upon the effective date of his appointment, or as soon thereafter as practicable, each appointed member of the authority shall enter upon his duties.

(6) The authority may employ an executive secretary, an executive director, its own counsel and legal staff, technical experts, and such engineers and such employees, permanent or temporary, as it may require; determine the qualifications and fix the compensation of such persons, firms, or corporations; and employ a fiscal agent or agents. However, the authority shall solicit sealed proposals from at least three persons, firms, or corporations for the performance of any services as fiscal agents. The authority may delegate to one or more of its agents or employees such of its powers as it shall deem necessary to carry out the purposes of this part, subject always to the supervision and control of the authority.

(7) Members of the authority shall be entitled to receive from the authority their traveling and other necessary expenses incurred in connection with the business of the authority as provided in s. 112.061, but they shall draw no salaries or other compensation.

History.—s. 1, ch. 74-375.

#### **348.953 Purposes and powers.—**

(1)(a) The authority created and established by the provisions of this part is hereby granted and shall have the right to acquire, hold, construct, improve, maintain, operate, own, and lease in the capacity of lessor the Seminole County Expressway System, hereinafter referred to as "system."

(b) It is the express intention of this part that said authority, in the construction of the Seminole County Expressway System, shall be authorized to construct any extensions, additions, or improvements to the system or appurtenant facilities, including all necessary approaches, roads, bridges, and avenues of access, with such changes, modifications, or revisions of the project as shall be deemed desirable and proper.

(2) The authority is hereby granted, and shall have and may exercise, all powers necessary, appurtenant, convenient, or incidental to the carrying out of the aforesaid purposes, including, but without being limited to, the following rights and powers:

(a) To sue and be sued, implead and be impleaded, and complain and defend in all courts;

(b) To adopt, use, and alter at will a corporate seal;

(c) To acquire, purchase, hold, lease as lessee, and use any franchise or property, real, personal, or mixed, tangible or intangible, or any interest therein necessary or desirable for carrying out the purposes of the authority and to sell, lease as lessor, transfer, and dispose of any property or interest therein at any time acquired by it;

(d) To enter into and make leases for terms not exceeding 40 years, as either lessee or lessor, in order to carry out the right to lease as set forth in this part;

(e) To enter into and make lease-purchase agreements with the department for terms not exceeding 40 years or until any bonds secured by a pledge of rentals thereunder, and any refundings thereof, are fully paid as to both principal and interest, whichever is longer;

(f) To fix, alter, charge, establish, and collect rates, fees, rentals, and other charges for the services and facilities of the Seminole County Expressway System, which rates, fees, rentals, and other charges shall always be sufficient to comply with any covenants made with the holders of any bonds issued pursuant to this part; however, such right and power may be assigned or delegated by the authority to the department;

(g) 1. To borrow money as provided by the State Bond Act.

2. The authority shall reimburse Seminole County for any sums expended from the gasoline tax funds used for the payment of such obligations. Any gasoline tax funds so disbursed shall be repaid when the authority deems it practicable, together with interest at the highest rate applicable to any obligations of the authority;

(h) To make contracts of every name and nature and to execute all instruments necessary or convenient for the carrying on of its business;

(i) Without limitation of the foregoing, to borrow money and accept grants from, and to enter into contracts, leases, or other transactions with, any federal agency, the state, any agency of the state, the County of Seminole, or any other public body of the state;

(j) To have the power of eminent domain, including the procedural powers granted under chapters 73 and 74;

(k) To pledge, hypothecate, or otherwise encumber all or any part of the revenues, rates, fees, rentals, or other charges or receipts of the authority, including all or any portion of the Seminole County gasoline tax funds received by the authority pursuant to the terms of any lease-purchase agreement between the authority and the department, as security for all or any of the obligations of the authority; and

(l) To do all acts and things necessary or convenient for the conduct of its business and the general welfare of the authority in order to carry out the powers granted to it by this part or any other law.

(3) The authority shall have no power at any time or in any manner to pledge the credit or taxing power of the state or any political subdivision or agency thereof, including the County of Seminole; nor shall any of the authority's obligations be

deemed to be obligations of the state or of any political subdivision or agency thereof; nor shall the state or any political subdivision or agency thereof, except the authority, be liable for the payment of the principal of or interest on such obligations.

(4) Anything in this part or any other provision of the law to the contrary notwithstanding, the consent of any municipality shall not be necessary for any project of the authority, whether or not the project lies within the boundaries of any municipality, either in whole or in part. However, the officials and residents of any municipality in which any project of the authority is to be located, in whole or in part, shall be given ample opportunity to discuss the project and advise the authority as to their position thereon at a duly advertised public hearing. Advertisement of the public hearing shall be by way of a newspaper published in Seminole County and circulated in the affected municipalities. The legal advertisement shall be published once at least 2 weeks prior to the public hearing and shall contain the time and place of the public hearing and a short description of the subject to be discussed. The public hearing may be adjourned from time to time and set for a time and place certain without necessity of further advertisement. In routing and locating any expressway or its interchanges in or through a municipality, the authority shall give due regard to the effect of such location on the municipality as a whole and shall not unreasonably split, divide, or otherwise separate areas of the municipality one from the other.

cf.—ss. 215.57-215.83 State Bond Act.

**348.954 Bonds.**—Bonds may be issued on behalf of the authority as provided by the State Bond Act.

History.—s. 1, ch. 74-375.  
cf.—ss. 215.57-215.83 State Bond Act.

**348.955 Lease-purchase agreement.**—

(1) In order to effectuate the purposes of this part and as authorized herein, the authority may enter into a lease-purchase agreement with the department relating to and covering the Seminole County Expressway System.

(2) The lease-purchase agreement shall provide for the leasing of the Seminole County Expressway System by the authority, as lessor, to the department, as lessee; shall prescribe the term of such lease and the rentals to be paid thereunder; and shall provide that upon the completion of the faithful performance thereunder and the termination of such lease-purchase agreement, title in fee simple absolute to the Seminole County Expressway System, as then constituted, shall be transferred in accordance with law by the authority to the state, and the authority shall deliver to the department such deeds and conveyances as shall be necessary or convenient to vest title in fee simple absolute in the state.

(3) The lease-purchase agreement may include such other provisions, agreements, and covenants as the authority and the department deem advisable or required, including, but not limited to, provisions as to the bonds to be issued under and for the purposes of this part; the completion, extension, improvement, operation, and maintenance of the Seminole

County Expressway System and the expenses and the cost of operation of said authority; the charging and collection of tolls, rates, fees, and other charges for the use of the services and facilities thereof; the application of federal or state grants or aid which may be made or given to assist the authority in the completion, extension, improvement, operation, and maintenance of the Seminole County Expressway System, which the authority is hereby authorized to accept and apply to such purposes; the enforcement of payment and collection of rentals; and any other terms, provisions, or covenants necessary, incidental, or appurtenant to the making of, and full performance under, such lease-purchase agreement.

(4) The department, as lessee under such lease-purchase agreement, is hereby authorized to pay, as rentals thereunder, any rates, fees, charges, funds, moneys, receipts, or income accruing to the department from the operation of the Seminole County Expressway System and the Seminole County gasoline tax funds and may also pay, as rentals, any appropriations received by the department pursuant to any act of the legislature of the state heretofore or hereafter enacted. Nothing herein or in such lease-purchase agreement is intended to require, nor shall this part or such lease-purchase agreement require, the making or continuance of such appropriations, nor shall any holder of bonds issued pursuant to this part ever have any right to compel the making or continuance of such appropriations.

(5) No pledge of Seminole County gasoline tax funds as rentals under such lease-purchase agreement shall be made without the consent of Seminole County, evidenced by a resolution duly adopted by the board of county commissioners of the county at a public hearing held pursuant to due notice thereof published at least once a week for 3 consecutive weeks before the hearing in a newspaper of general circulation in the county. The resolution, among other things, shall provide that any excess of the pledged gasoline tax funds which is not required for debt service, or reserves for such debt service, for any bonds issued by the authority shall be returned annually to the department for distribution to Seminole County as provided by law. Before making any application for such pledge of gasoline tax funds, the authority shall present the plan of its proposed project to the Seminole County Planning Council for its comments and recommendations. The department shall have power to covenant in any lease-purchase agreement that it will pay all or any part of the cost of the system, and any part of the cost of completing the system to the extent that the proceeds of bonds issued therefor are insufficient, from sources other than the revenues derived from the operation of the system and the Seminole County gasoline tax funds. The department may also agree to make such other payments from any moneys available to Seminole County, in connection with the construction or completion of the system, as shall be deemed by the department to be fair and proper under any such covenants heretofore or hereafter entered into.

(6) The system shall be a part of the State Road System, and the department is hereby authorized, upon the request of the authority, to expend, out of

any funds available for the purpose, such moneys, and to use such of its engineering and other forces as may be necessary and desirable in the judgment of the department for the operation of the authority and for traffic surveys, borings, surveys, preparation of plans and specifications, estimates of cost, and other preliminary engineering and other studies. However, the aggregate amount of moneys expended for said purpose by the department shall not exceed the sum of \$500,000.

History.—s. 1, ch. 74-375.

**348.956 Department may be appointed agent of authority for construction.**—The department may be appointed by the authority as its agent for the purpose of constructing improvements and extensions to the Seminole County Expressway System and for the completion thereof. In such event, the authority shall provide the department with complete copies of all documents, agreements, resolutions, contracts, and instruments relating thereto, shall request the department to do such construction work, including the planning, surveying, and actual construction of the completion, extensions, and improvements to the Seminole County Expressway System, and shall transfer to the credit of an account of the department in the treasury of the state the necessary funds therefor; and the department shall thereupon be authorized, empowered, and directed to proceed with such construction and to use the funds for such purpose in the same manner that it is now authorized to use the funds otherwise provided by law for its use in construction of roads and bridges.

History.—s. 1, ch. 74-375.

**348.957 Acquisition of lands and property.**—

(1) For the purposes of this part, the Seminole County Expressway Authority may acquire private or public property and property rights, including rights of access, air, view, and light, by gift, devise, purchase, or condemnation by eminent domain proceedings, as the authority may deem necessary. The right of eminent domain herein conferred shall be exercised by the authority in the manner provided by law.

(2) In connection with the acquisition of property or property rights, as herein provided, the authority may, in its discretion, acquire an entire lot, block, or tract of land if, by so doing, the interests of the public will be best served, even though said entire lot, block, or tract is not immediately needed for the right-of-way proper.

History.—s. 1, ch. 74-375.

**348.958 Cooperation with other units, boards, agencies, and individuals.**—

Express authority and power is hereby given and granted any county, municipality, drainage district, road and bridge district, school district, or any other political subdivision, board, commission, or individual in or of the state to make and enter into contracts, leases, conveyances, or other agreements within the provisions and purposes of this part with the authority. The authority is hereby expressly authorized to make and enter into contracts, leases, conveyances, and other agreements with any political subdivision,

agency, or instrumentality of the state and any and all federal agencies, corporations, and individuals for the purpose of carrying out the provisions of this part.

**History.**—s. 1, ch. 74-375.

**348.959 Covenant of the state.**—The state does hereby pledge to, and agrees with, any person, firm, corporation, or federal or state agency subscribing to or acquiring the bonds to be issued by the authority for the purpose of this part that the state will not limit or alter the rights hereby vested in the authority and the department until all bonds at any time issued, together with the interest thereon, are fully paid and discharged, insofar as the same affects the rights of the holders of bonds issued hereunder. The state does further pledge to, and agrees with, the United States that, in the event any federal agency shall construct, or contribute any funds for the completion, extension, or improvement of, the Seminole County Expressway System or any part or portion thereof, the state will not alter or limit the rights and powers of the authority and the department in any manner which would be inconsistent with the continued maintenance and operation of the Seminole County Expressway System or the completion, extension, or improvement thereof, or which would be inconsistent with the due performance of any agreements between the authority and any such federal agency, and the authority and the department shall continue to have and may exercise all powers herein granted so long as the same shall be necessary or desirable for carrying out the purposes of this part and the purposes of the United States in the completion, extension, or improvements of the Seminole County Expressway System or any part or portion thereof.

**History.**—s. 1, ch. 74-375.

**348.96 Exemption from taxation.**—The effectuation of the authorized purposes of the authority created under this part is, shall, and will be, in all respects, for the benefit of the people of the state, for the increase of their commerce and prosperity, and for the improvement of their health and living conditions, and since such authority will be performing essential governmental functions in effectuating such purposes, the authority shall not be required to pay any taxes or assessments of any kind or nature whatsoever upon any property acquired or used by it for such purposes, or upon any rates, fees, rentals, receipts, income, or charges at any time received by it, and the bonds issued by the authority, and their transfer, and the income therefrom, including any profits made on the sale thereof, shall at all times be free from taxation of any kind by the state or any political subdivision, taxing agency, or instrumentality thereof. However, the exemption granted by this section shall not be applicable to any tax imposed by chapter 220, on interest, income, or profits on debt obligations owned by corporations. When

property of the authority is leased it shall be exempt from ad valorem taxes only if the use by the lessee qualifies the property for exemption under s. 196.199.

**History.**—s. 1, ch. 74-375.

cf.—s. 212.08 Sales, rental, storage, use tax; specified exemptions.

**348.961 Eligibility for investments and security.**—Any bonds or other obligations issued pursuant to this part shall be and constitute legal investments for banks, savings banks, trustees, executors, administrators, and all other fiduciaries, and for all state, municipal, and other public funds, and shall also be and constitute securities eligible for deposit as security for all state, municipal, or other public funds, notwithstanding the provisions of any other law or laws to the contrary.

**History.**—s. 1, ch. 74-375.

**348.962 Pledges enforceable by bondholders.**—It is the express intention of this part that any pledge by the department of rates, fees, revenues, Seminole County gasoline tax funds, or other funds, as rentals, to the authority, or any covenants or agreements relative thereto, may be enforceable in any court of competent jurisdiction against the authority or directly against the department by any holder of bonds issued by the authority.

**History.**—s. 1, ch. 74-375.

**348.963 Part V complete and additional authority.**—

(1) The powers conferred by this part shall be in addition and supplemental to the existing powers of the board and the department, and this part shall not be construed as repealing any of the provisions of any other law, general, special, or local, but as superseding such other laws in the exercise of the powers provided in this part and as providing a complete method for the exercise of the powers granted herein. The extension and improvement of the Seminole County Expressway System, and the issuance of bonds hereunder to finance all or part of the cost thereof, may be accomplished upon compliance with the provisions of this part without regard to or necessity for compliance with the provisions, limitations, or restrictions contained in any other general, special, or local law, and no approval of any bonds issued under this part by the qualified electors or qualified electors who are freeholders in the state, in the County of Seminole, or in any other political subdivision of the state shall be required for the issuance of such bonds pursuant to this part.

(2) This part shall not be deemed to repeal, rescind, or modify any other law or laws relating to the State Board of Administration, the Department of Transportation, or the Division of Bond Finance of the Department of General Services, but shall be deemed to supersede such other law or laws as are inconsistent with the provisions of this part.

### **349.03 Jacksonville Transportation Authority.**

(1) There is hereby created and established a body politic and corporate and an agency of the state to be known as the Jacksonville Expressway Authority, redesignated as the Jacksonville Transportation Authority, and hereinafter referred to as the authority.

(2) The governing body of the authority shall consist of seven members. Three members shall be appointed by the Governor and confirmed by the Senate. Three members shall be appointed by the mayor of the City of Jacksonville subject to confirmation by the council of the City of Jacksonville. The seventh member shall be the district engineer of the Department of Transportation serving the Second Congressional District. Except for the seventh member, members shall be residents and qualified electors of the City of Jacksonville. The members of the authority holding office on July 1, 1979, shall continue in office until the expiration of their terms as if this section were not in effect, to insure staggered terms, and their successors shall thereafter be appointed by either the mayor or the Governor, whoever appointed the retiring member.

(3) The terms of appointed members shall be for 4 years deemed to have commenced on June 1 of the year in which they are appointed. No appointed member shall serve more than two terms, except that any appointed member holding office on July 1, 1979, shall be exempt from such two-term limitation. Each member shall hold office until his successor has been appointed and has qualified. A vacancy during a term shall be filled by the respective appointing authority only for the balance of the unex-
